

Cruel Heart Lover Novel

Chapter 526

"Why do you look like your body has been hollowed out? There are too many hot girls on the island?" When Selena said this, she covered Rick's ears so as not to spoil Rick's ears.

Seeing Selena coming, Saul jumped up, stared at Rick, and complained angrily, "You still have the nerve to ask me, you go and ask your brat, how he tortured me just now of?"

A certain bun blinked his big innocent eyes with an innocent face.

Selena looked at Saul, then at Rick, and naturally believed in Rick, "Stop talking nonsense! What's the matter with my baby?"

Saul looked at a certain little devil with an innocent face like a little angel, and was so angry, "Hey, brat, you pretend! You still pretend! See how I expose your true colors!"

After Saul finished speaking, he took out the writing board that Rick had just thrown on the ground with a sinister smile, and stuffed it into Selena's hands, "Look for yourself! Look for yourself! If you still don't believe me after reading it, just go Just ask my brother, this afternoon, my brother and I were almost driven crazy by him!"

Selena glanced at Daniel who seemed to be looking quite tired at the desk, then suspiciously picked up the writing board that Saul gave her and looked at it...

When Rick saw Selena holding his clipboard, he was so anxious that he was about to cry, but it was too late to stop him. Selena flipped through it and saw what was written on the clipboard...

oo
ooooooooow...how is my bunny so cute! Auntie Xiaoxi loves you so much!
Auntie Xiaoxi won't suddenly dislike you, It is absolutely impossible for Auntie
Xiaoxi to like other children, Auntie Xiaoxi will always like you, you are Auntie
Xiaoxi's favorite baby! Auntie Xiaoxi will definitely not want you!"

Little Treasure, who was still sad and desperate, seemed to be waving the
drooping little wings on his back: "...!!!"

Daniel, who was abused by his son again: My son heard the sweet words he
wanted again, and it was so much at once!

Saul, who stole the chicken without losing the rice, burst into tears, and even
the coquettish grass skirt on his waist withered and lost its vitality: "This
ruthless world! Do you still have any humanity!!!"

It's fine for the big ones to abuse him, but now even the young ones come to
abuse him together!

The only consolation is... well, this time the big one was also abused...

Chapter 527

"By the way, Second Young Master, why did you come back so early? I
thought you were really planning to spend three months!" Selena raised her
eyebrows and asked.

Saul rested his chin and shook his legs, and let out a "hum", "I didn't trust you,
so I came all the way back here, but you, as soon as you came back, took turns
to abuse me without conscience!"

Selena put on a smirk: "Hehe." It's a ghost to believe him.

Seeing that she didn't believe her, Saul couldn't hold back his expression
anymore, and the stupid hair on the top of his head fluttered weakly in the

wind, "Well, the small island is too boring, I just enjoy it for a few days, and it's crazy if I stay for a long time. The unruly soul still belongs to our bustling modern metropolis and the hot girls of our motherland..."

Selena was speechless, she knew it was like this...

Saul soon became excited again, his eyes sparkled and he said, "That's right, my friends are going to clean me up tonight, do you want to come and play with my brother?"

Selena hugged the little bun and refused without hesitation, "No, I still have to take care of the baby!"

Saul immediately said, "Bring the children together..."

Selena glared at him, and finally couldn't bear it anymore, "Saul, you're trying to kill yourself again, aren't you?"

I don't know who took Rick to the bar last time and lost it!

Saul shrank his neck from being yelled at, and said weakly, "Selena, your tone, your tone of yelling at me...you are more and more like my sister-in-law!"

"You..." Isn't she mad at him!

Seeing that Selena was really angry, Saul hurriedly explained, "This time I'm not in the bar, but in my own villa! And they are all very familiar friends, so they won't go too far!"

Selena's expression softened a little, but she didn't let go, "Don't ask me, ask your brother, I'll listen to him."

Saul was upset when he heard it, "Why! Why do you listen to him and not me?"

Selena: "Nonsense, he is my boss!"

Saul: "Then I'm still your boss!"

Selena: "Then he's still your boss!"

Saul: You abused me and abused me and abused me again!

In the end, Saul angrily turned to Daniel who had been silent all this time:
"Brother, tell me!"

Daniel raised his head and glanced at Selena, "I have no objection, you decide." This obviously meant that I listen to my wife!

Saul had no choice but to look at Selena again.

Selena scratched her head when she heard the words, "Well, let me ask Rick!
Rick, do you want to play?" Selena said that she would listen to Rick!

This food chain... is so clear...

Of course Rick didn't want to go, he wanted to be with Aunt Selena!

But... looking at Papa's eyes, thinking about the future plan, for the long-term future...

Rick nodded with difficulty, expressing that he wanted to play.

Continue to hold back tears and create opportunities for Papa and Aunt Selena to get along with each other...

Seeing that Little bun wanted to go, Selena immediately said, "Okay then, we'll go too."

"Yes." Daniel nodded, and naturally he would go too.

The single dog Saul stood up feebly, "Find someone who I love the most, who I want to love, to bid farewell to being single, a passionate, infatuated, heartless, ruthless person, to scar me..."

While singing, he left this place that made him sad! ...

Before leaving, he did not forget to give her and Rick a big coconut, which is said to be a souvenir...

Selena held a coconut in her arms, and the corners of her mouth twitched, "Master Boss, let me take Rick back to the apartment first, I want to change my clothes, and meet you at Er Shao's later?"

Daniel nodded, "Okay, let's go."

If Daniel knew what she changed when she went back... I guess he would definitely not continue to obey his wife's advice at this moment...

Chapter 528

Pearl River Royal View.

After returning to the apartment, Selena was a little worried.

Saul's party was attended by acquaintances in their circle, most likely also Daniel's acquaintances. As the owner of Shengshi Entertainment, there will definitely be many people in the entertainment circle...

If she was alone, the past would have passed. From the outside world, she was Saul's direct descendant. It was normal to cheer her up in the past, but now she is still bringing Rick with her, and Daniel will also be there when the time comes. Sometimes the three of them are in the same frame, isn't that inappropriate?

Why do you feel like you were tricked by Saul?

What the hell, it seems that I was really cheated...

Depend on! With Saul's IQ, she was tricked by him...

Of course it is impossible!

A gleam flashed in Selena's eyes, and she suddenly had an idea, "Rick, Auntie needs to put on some makeup and change clothes, it may take a while, just wait for me a while!"

Rick nodded without complaining, and obediently went outside to wait.

After a while, Selena pushed open the bedroom door.

At this moment, Selena was wearing a black biker jacket, washed ripped jeans, black Martin boots studded with rivets, slightly disheveled short hair, and a smirk at the corner of her mouth. handsome guy.

Rick, who was sitting quietly on the sofa waiting for someone, heard the sound of the door opening, immediately turned his head away, then... blinked his eyes, and blinked again.

Although Aunt Selena was dressed so that she couldn't see her face at all, Rick recognized her at a glance, and with a look of novelty, he walked over to Selena and walked around Selena several times excitedly, finally picked up the writing board, hesitantly wrote a few words...

Selena... Uncle?

Seeing the writing on Rick's writing board, Selena's face turned dark, "No, it's Brother Selena!"

In fact, she has been wanting to vomit for a long time. She didn't know who taught Rick to call her "Auntie" at the beginning, and they all called her old. She is clearly an older sister, okay?

Well, if you call her sister, something seems wrong... Is she not in the same generation as Daniel?

It seems that there is no need to ask, who told Rick to call her aunt...

However, now that she has changed her clothes, let her have a fun time pretending to be tender...

"Baby, is this handsome brother?" Selena brushed her hair and put on a chic pose.

Rick nodded resolutely, and wrote the word "handsome" in capital letters on the clipboard very flatteringly.

As night falls, Platinum Imperial Palace No. 7.

Saul's villa is right next door to his brother's. Right now, there is a whole row of luxury cars parked at the entrance of the villa. It could almost hold a luxury car show. Young and beautiful men and women get out of the cars one after another, talking and laughing as they walk in. The music in the villa was full of music and the lights were brightly lit, making it lively.

Saul didn't lie before, this time the people who came here were all acquaintances, there were also many couples and young couples, and even a few with their babies. They said it was a party, that is, a gathering of friends, so naturally they wouldn't have a good time too exaggerated.

Of course, with such a good opportunity, there are naturally many people who have other thoughts!

Soon, a few beauties landed on Saul and began to inquire about the news, "Second Young Master, didn't you say that your brother is coming tonight? Why didn't you see anyone?"

"Really? Really? Will Boss Lu really come? But, I heard that Boss Lu is very busy recently!"

Chapter 529

"Yes, Mr. Lu lives next door. He just came to stay for a while, and it won't take long. Even for the sake of Er Shao, he will definitely come! Er Shao?"

"Second Young Master, whether Karenao will come or not, you should tell us!"

...

Saul, who was surrounded by stars, let out an unhappy "hum", "Are you here to see me, or my brother?"

"Uh, we...of course we are here to see you! It's been a long time since we saw you, everyone misses you so much!"

Saul put on that dazzlingly handsome face, "Hypocrisy!"

In order not to be compared with his brother's red color, Saul wore a particularly fresh pink suit tonight. He looked like an extremely delicious strawberry candy. Complaining to them angrily, all the beauties were suddenly moved. They temporarily put Daniel at the back of their minds and began to circle around him...

"Really, Second Young Master, everyone is bored to death these days when you're not here, and they all look forward to your return!"

"Second young master, your clothes are so beautiful! It suits you so well! You are so handsome!"

"I haven't seen you for a few days, how handsome!"

...

Hearing the compliments in his ears, Saul was finally groomed. However, just as Jun was about to show a somewhat smug smile, suddenly, from the door, bursts of screams spread one after another.

"Ahhh! It's Mr. Lu!!"

"Karenao! Karenao is really here!!!"

"Oh my God! Master Xiao is actually dressed in red today! Someone help me, I'm going to faint!"

...

Saul, who was instantly left out in the cold: "..."

Oh, this ruthless world! Both Shengyu and He Shengliang! Is it because he is always so handsome that everyone is fatigued? It seems that the routine will be changed in the future? First be cold for ten days and a half months, and then be coquettish, the effect will definitely be shocking!

Just as he was thinking this way, he glanced at his brother who was walking towards him with a cold face as if every step was raw ice, Saul suddenly froze. Forget it, he should continue to be coquettish, don't challenge him like this It's a difficult thing.

Ignoring the fiery gazes around him, Daniel walked straight up to Saul and sat down on the high stool beside him, "Where's Selena?"

Saul was speechless, knowing to ask your wife right away.

"Not yet!" Saul replied.

Because the person who came was Daniel who could only watch from a distance and not play with him, no matter how excited the beauties next to

him were, they didn't dare to greet him rashly, they only dared to watch from a distance and whisper. of.

In the crowd, a girl in a maroon dress greeted her generously, "Mr. Lu, long time no see!"

Daniel looked at the girl standing in front of him with a wine glass, his brows slightly frowned, a trace of coldness flashed in his deep eyes, his cold eyes suddenly fell on his own brother.

Because of his brother's sudden stabbing, Saul, who was inexplicably lying on the gun, almost choked on the wine. When he took a closer look, he was also dumbfounded.

fcuk! Dreadful! Why is this woman here!

This, this... isn't this Travis? One of his parents' most satisfied candidates for a daughter-in-law, known as the number one lady in the capital, is also widely rumored to be the most likely woman to become Daniel's wife...

Chapter 530

Saul didn't expect that Travis would come tonight at all, and he immediately had an expression of imminent disaster. It's none of my business, I didn't invite him!

However, just thinking about it, Saul glanced at the crowd unintentionally, and became even more confused...

I was in a hurry, what's the situation? This is, he suddenly discovered that more than half of the beauties who came tonight were coveting his brother openly and secretly, and there were quite a few in the blind date list that his parents tossed about.

Although he didn't invite these people, but he can't control others bringing girlfriends and friends. They are so familiar. If they bring a friend to play, he can't refuse, right?

So, I really can't blame him for this matter, if I want to blame, I can only blame his brother... It's too tempting...

Daniel and Saul's eye contact was only fleeting. From outsiders' point of view, Daniel's expression did not change at all. After glancing at the girl in front of him, he said, "Miss Zhuang."

Then there was nothing else to say.

However, not being directly ignored was enough to make everyone jealous. Travis Zhuang was already satisfied. She let go of her tense fingers, smiled, took advantage of the opportunity and sat down on the seat next to her, and started chatting with Daniel, "I'm really sorry about what happened last time, my parents said they just took me to meet some familiar uncles and aunts, but I didn't expect...Mr. Lu, you don't mind, do you?"

Daniel once went to inspect a newly opened resort under his banner. At that time, Lu Chongshan and Yan Ruyi went to the resort in the name of going on vacation with friends, and when they were driving him to inspect, they were accompanied by the second elder of the dealer and Travis.

As the host and junior, Daniel naturally wanted to entertain him. That's when he met Travis.

Obviously, Lu Chongshan and Yan Ruyi's vacation was fake, and the blind date was real. They even planned it well. They wanted the two children to hang out at the resort and cultivate their relationship after meeting each other.

Who knew, that day Daniel just accompanied them to eat for less than half an hour, and left because the company was in a hurry...

Daniel said casually, "No problem." If he hadn't met again today, he would have already forgotten about it, so naturally he wouldn't mind it.

Travis smiled with a relieved expression, "That's good. At that time, I was always worried that you would be embarrassed. After all, this kind of thing is really embarrassing. I didn't know it at the time, so I understand your mood... "

Travis did not mention the blind date at all, did not lead the topic in an ambiguous direction, and did not show that she had the slightest interest in Daniel. Gentlemanly, it is impossible to embarrass her too much, and it is easy to gain favorability...

Seeing that Travis and Daniel had a happy conversation, the other women at the party who came towards Daniel were inevitably a little bit aggrieved.

"Is there any mistake? Karenao finally took part in this kind of party, and she completely occupied him by herself!"

"Hey, that's the good thing about a good family background. Because you have confidence, you don't have to be stage fright at all when you start a conversation. Every move is generous and elegant. You are worthy of being the number one lady in the capital!"

"What is the number one lady in the capital, in front of so many people, she just went up and hooked up with a man! Isn't it just having a meal with someone, it's as if the Lu family has recognized her!"

...
