

# Cruel Heart Lover

## Novel

### Chapter 711

Xiongzi's father was taken aback for a moment, then laughed loudly, "What are you talking about? Fighting? You have to think clearly, your husband's small body is probably not enough for my fist!"

Selena's complexion was slightly dark, Daniel was a typical figure who looked thin in clothes and took off his clothes, okay? How could his overly swollen muscles look like he was taking hormones all over his body, so disgusting!

Xiong Zi's mother also had a gloating face, "Your husband is also unlucky enough, marrying such a brainless prodigal girl like you, I think it's better to leave early!"

Selena looked at the time, her face impatient: "Stop talking nonsense, if you want to type a word!" Daniel will be back soon if he doesn't type anymore!

The bear's father immediately said: "Fight! Of course! But, can you make the decision for your man? What if he dare not fight with me?"

Selena raised her eyebrows, "Did I tell you that my man wants to fight you?"

"Didn't you say you were going to fight! Dmn! You're playing me!" Xiongzi's father was furious.

Selena leaned the big bear to one side, then led Rick to sit down on a chair in the corner, "Baby, close your eyes and count to a hundred before opening them."

Although Rick was very worried about his mother, he believed in her even more, so he obediently closed his eyes.

Selena kissed Rick on the cheek, then turned around, looked at the father of the bear, and said word by word, "I mean... I'll fight you."

"You...? Hahahahaha..." The bear's father seemed to have heard some big joke.

The surrounding parents and teachers are also confused...

"Is... is this madam crazy?"

"Who knows! What does she want?"

"Where's the security guard? Why didn't the security guard come! If this goes on like this, people will die!"

...

Selena had no time to delay, and deliberately mocked, "I'm not afraid to tell you, I am very good at kung fu, I have practiced it since I was a child! Mr. Sun, you are not afraid of me, don't you? I apologize to my son, and then get out of here quickly, don't waste time with me!"

"fcuk!!! I'm afraid of you? Okay, everyone has seen it, it's not that I want to bully a woman, it's this woman who provokes me to seek death!" The man's anger was completely ignited.

The onlookers looked at Selena with almost the same expression as a fool. They were sympathetic to her and worried about her, but they were out of their minds...

What have you practiced since childhood? With her delicate appearance, isn't she practicing female self-defense?

The man took off his jacket, leaving only a black vest, showing his terrifying muscles, and said viciously, "All the idlers stand back, I am not responsible for accidentally injuring you!"

Immediately, everyone subconsciously retreated from the tricolor.

Then, the man posed in a posture of sinking his dantian, and then swayed from side to side while constantly changing his posture, he looked like a practitioner.

"Mrs. Lu, calm down! No! No! Come back quickly! What if you get hurt? How can I explain to your husband! Mr. Sun, don't worry about it, okay? We'll give you another one Bear!"

The teacher tried to persuade him for a long time, but when he couldn't persuade him, he was already urging the security guards, and at the same time hurriedly called Daniel.

"Father, come on! Kill her, kill her!" The bear boy shouted loudly from the side.

"Haha..." the man roared, ready to make a move.

Everyone's hearts are in their throats...

Selena didn't even move, the moment the man made a move, using the toe of the injured foot as a fulcrum, the other foot kicked out like an arrow full of bowstrings...

In the next second, there was a loud "bang", and everyone didn't realize what happened. The man's strong body fell heavily to the ground, and then spit out a tooth mixed with blood...

One trick ko.

The expressions of everyone at the scene: "..."

The moment Selena kicked the bear father away with a roundabout kick, Daniel received a call from his teacher and hurried back halfway through the car.

Then, I saw my wife who just promised to wait for her obediently, kicked a big man away in the next second...

## Chapter 712

Selena withdrew her feet, then turned around and returned to Rick's side, telling Rick that she could open her eyes.

Her skills are indeed quite poor, even degraded to the point where she can't even deal with the five moves of the third senior sister, but it is still easy to deal with this kind of ostentation.

She had already noticed that the man's footsteps were sloppy, and his muscles had been stimulated in a short period of time. He just looked scary.

It's just that the teachers and parents don't know, everyone is full of confusion at the moment.

"Ahhh...Little Red Riding Hood is amazing!"

"Little Red Riding Hood defeated Bald Qiang!"

...

It wasn't until the children at the side suddenly cheered that everyone finally recovered from the shock.

"I... oh my god! This lady is amazing! She actually kicked a big man away with one kick!"

"Didn't you hear people say that they have practiced since childhood? Of course it's amazing!"

"I thought it was just for fun! How could I know such an exaggeration!"

"Pfft, I thought this guy surnamed Sun was so awesome! He turned out to be a showman, but he was kicked down by a woman!"

"Hahahaha... yes! It's so satisfying! Let me see how he has the face to come to school in the future!"

...

"Husband! Husband, are you okay! You woman, you beat my husband like this!" Xiongzi's mother yelled.

"Oh, I'm just a weak woman, how much strength can I have! It's just a joke, why make such a fuss?" Selena had an innocent face, deliberately imitating her previous tone.

"You...you don't run! You go to the police station with me! I want to sue you! I want to sue you for intentionally hurting others!"

"Oh, then how are you going to tell the police uncle? Did you say that I was a girl who kicked your muscular husband until his teeth fell out? Do you think the police believe you or me?"

"you you you..."

Seeing the aggrieved look of the family, the teachers didn't dare to be too happy, but the parents became unscrupulous. Many people gathered around Selena to ask questions.

"Mrs. Lu, you are really amazing. How did you practice? Did you study in Shaolin Temple?"

"Mrs. Lu played well! It was so enjoyable to watch just now! This kind of person should deal with him like this!"

"That's right! But we were all shocked just now, and we sweated for you!"

"Oh, Mrs. Lu, you are so powerful, does your husband listen to you at home?"

...

Hearing the compliments in her ears, Selena was very proud, and she had a sense of sight that she was a heroine who was doing harm to the people.

She had already said it, one foot still beat the ba5tard to the point where his teeth were all over the place!

I was proud of myself, but in the next second, I suddenly realized that something was wrong, how cold my back was...

Sure enough, as soon as he looked up, he saw through the crowd that at the entrance of the event hall, Daniel was standing there with a face as dark as the bottom of a pot.

Ruined!

Look at this expression!

Definitely saw it!

In the blink of an eye, Selena held up the hem of her skirt without hesitation, and Lihua threw herself into Daniel's arms, "Honey, you're finally here, I'm so scared...there are bad people bullying me... ..."

The expressions of everyone on the scene: Where's the promised heroine?

Looking at the pitiful girl rubbing against his arms, Daniel really didn't know what to say, "You..."

"I was wrong, I was wrong! But I was really obedient and waited for you obediently. I have tried my best to endure it. They insisted on making trouble for me. If you don't believe me, ask Rick..."

Everyone: The promised husband is very obedient...why is it the other way around...

Rick immediately nodded and testified for her mother.

Daniel glanced at Little Treasure, who had clearly promised to keep an eye on Selena, but now he was completely on Selena's side, and finally saw another fact clearly, that his son was also unreliable...

## Chapter 713

When she was about to go back, Selena was stunned when she saw the huge little bear.

"Uh... When the school teacher used this bear as a prize, didn't he think about how we would take it back?"

Judging by its size, it definitely won't fit in the car seat, and it won't even fit in the trunk...

In the end, Daniel thought of a way, "Tie the roof of the car."

So, the family of three drove a car, with a bear lying on the roof, and set off in such a cool way...

in the car.

"Don't be impulsive in the future, this kind of thing should be handled by men, you know?" Daniel earnestly educated.

If I said it lightly, I was afraid that her left ear would go in and out of the right ear.

"I know you must have a solution, but after thinking about it, I'm still too worried about our Rick being bullied at school. You stopped it once, and it's impossible to stop it every time, so this time my kick It can be regarded as killing chickens to make an example of monkeys! And it also eliminates one harm for everyone! How wonderful!" The more Selena said, the more she felt that she was right.

Daniel was driving the car and glanced at her in the rearview mirror, "Didn't you want to fight?"

"How is that possible!" Selena shook her head violently, but she obviously felt guilty...

These days, because of her leg injury, she is indeed a little panicked. How can she hold back such a good chance to fight!

Seeing Little Treasure looking outside anxiously, Selena comforted her with a smile, "Don't worry, it's tied very tightly, it won't fall!"

Because Little Treasure couldn't bear to take off his clothes, Selena and Daniel didn't change their clothes either, pampering the little guy to have fun for a while.

So, Selena couldn't help laughing several times when she looked at the big bad wolf version of Daniel who was driving seriously in front of her.

"By the way, Daniel, should we teach Rick some boxing skills? No matter how well we protect him, we won't be able to be by his side all the time!" Selena

thought about it, and proposed that she had been Thoughts under consideration.

Daniel had thought about this a long time ago, but at that time he thought about it a lot, but nothing came true. If Rick didn't cooperate, everything would be useless.

Daniel: "You teach?"

Selena immediately shook her head: "What can I do! At most, I can teach Rick some things like Wuqinxi and aerobics for strengthening his body, but I'm just a half-baked kid. If Rick wants to learn, he should study hard. Don't let me teach you badly, so, you must find a good master! It's just... I can't think of a suitable candidate for a while!"

Daniel thought for a while, and then said a name: "Karl."

Hearing this name suddenly, Selena almost choked on her own saliva, "Tang...Karl?"

So many things happened during this period, she almost forgot to ask a very important question, how did the second senior brother get to Daniel's side...

Now that Karl is already one of his people, does Daniel...already know something about her?

"En." Daniel nodded.

"Is he still working by your side now? Actually, I've been wanting to ask...how on earth did you dig him in...it's amazing..."

Thinking about it until now, she is still a little shocked, she never thought that she and the second senior brother would meet under such circumstances.

"You can ask him about these things when the time comes. He is currently working in the Lu Corporation." Daniel said.

Selena was shocked immediately: "What? He joined the Lu Corporation??? Then he... what position is he?"

"Cheng Feng arranged for him to keep everything."

"It's really unimaginable..." Loitering like the second senior brother working as a small security guard and going to work from 9 to 5...

## Chapter 714

However, it is not a trivial matter to hire a master for Rick, so let's think carefully before making a decision.

Since the second senior brother is now in the imperial capital, it is so convenient, it is better to invite him out for a chat then.

Besides Rick's matter, she still has too many things to ask...

Downstairs to the apartment.

The three of them got out of the car, and Selena suddenly saw a familiar figure walking towards the apartment out of the corner of her eye, so she hurriedly shouted at that person, "Hello! Saul!"

In front of him, Saul was tossing the car keys up and down while humming and preparing to enter the door, when he heard someone calling him, he subconsciously stopped and turned around...

The next second, the car key in his hand fell to the ground with a "squeak", and then he covered his eyes, "What the hell did I see!!! Blind my dog's eyes!!!!!! !!!!!!!!!!"

I saw an extremely cute and loli Little Red Riding Hood waving at him, beside Little Red Riding Hood was a little gray wolf, and, a big bad wolf...

Little Red Riding Hood is Selena, Little Bad Wolf is Little Treasure, and Big Bad Wolf is... actually his own brother!

And on the roof of the car behind the three of them, there is a huge little bear tied up...

What a miraculous picture this is, it cannot be described in words!

"Are you guys crazy?" Saul still couldn't believe his eyes, especially when he saw his brother who was furry, with ears on top of his head, and a tail behind his ass.

Selena took off the Little Red Riding Hood on her head, and gave him a blank look, "It's a big fuss, Rick's school is just holding a masquerade party, okay?"

"Huh...? Hua... Masquerade... This is what my brother said about parent-child activities? Even if it's a masquerade, why are you making it too exaggerated? Just paste some paper and draw a beard?"

Selena looked contemptuous: "You know what a fart! How can the baby's first parent-child activity be casual?"

The corner of Saul's mouth twitched and he glanced at his brother, "I'm so convinced, you wear this too? What if she goes crazy and asks you to wear women's clothing?"

Selena's eyes lit up immediately, huh! The female costume of the Great Demon King? Really looking forward to it!

"Then what the hell is this bear?"

Selena patted Xiong's head proudly, "We won the most popular award, this is the prize! Handsome or not?"

Saul burst into tears, "The way you show your love... is really getting more and more inhumane! Can you please let me go?"

"Who showed it off! You clearly delivered it yourself, okay? What are you doing here? Looking for me?" Selena asked.

Saul handed the document in his hand to Daniel, and said, "I'm looking for my brother, there is a document that he needs to sign immediately, so I know he must be with you. Just now his phone was busy and he couldn't get through, so I came here directly."

Can't get through when the phone is busy?

There's no need to ask...it must be because the teacher has been calling Daniel frantically before asking him to come and rescue him...

Daniel stretched out his paw, motioning for Saul to give him a pen.

Saul looked at the furry paw, then at the wolf ears on top of his brother's head and the wolf tail behind him, and then suddenly howled and rushed over to hug Daniel, "Oh! Brother, you are so cute! Dmn you! How could my brother be so cute! It's unscientific!"

Daniel's face was dark: "..."

He planned to change clothes as soon as he came back, but who knew he would be bumped into by Saul...

## Chapter 715

After going upstairs, Daniel and Rick went to change clothes. Selena couldn't wait to turn on the computer first to see the subsequent development of Hu Hongda's incident.

I saw that Hu Hongda's latest Weibo post was three hours ago, not long after she and Daniel left the restaurant.

The content is to inform reporters to hold a press conference in a certain hotel.

The efficiency is high enough! I guess this time I was frightened by the Great Demon King...

At present, there is already a live video of the press conference on the Internet, and it has been popular.

Selena hastily clicked on it.

Reporter: "Mr. Hu, is what you said in that Weibo post true?"

Hu Hongda: "It's true."

Reporter: "Then why did you post on Weibo to clarify the truth?"

Hu Hongda: "Because I suddenly don't want to cheat my wife anymore, and I don't want to hurt innocent people anymore! This time, I sincerely repent to my wife and apologize to everyone!"

Naturally, Hu Hongda didn't have the guts to say that Daniel threatened him, so he pretended to find a high-sounding reason for himself...

It's a pity that the public didn't forgive him so easily this time.

The number of retweets of this Weibo quickly exceeded 10,000 and continued to rise, and the comment area also completely exploded.

I go! What's the situation? Isn't Xiaosan Selena? How did you become Fang Ya? Hu Hongda deliberately slandered Selena in order to cover up Fang Ya? You city people really know how to play!

Looked dumbfounded! The plot reversal is too fast to keep up with the rhythm!

It's such a hot dog! Selena is too miserable! Isn't this shot while lying down? I have been scolded for so long in vain! An apology is all it takes? Did you make a mistake!

Why do you suddenly not want to cheat on your wife anymore, don't want to hurt innocent people, I think he was discovered by others, and he came out to clarify and act out as a last resort!

This man is really cheap! Goddess Fangfang must not be soft-hearted and forgive him this time! In fact, I shouldn't have forgiven you last time!

I think the most abominable one is that Fang Ya, she must have come up with this wicked idea! I heard that she didn't get along with Selena when she was on the set and kept targeting her! This is too vicious!

Suddenly realized that Selena is miserable, isn't it because she is more beautiful? He is always labeled as a vixen!

...

Selena smiled wryly as she watched, is this a blessing in disguise?

If anyone wants to pour such dirty water on her in the future, it will not be so easy for the fans to believe it, right?

at the same time.

It's just downstairs from Selena, in Susie's apartment.

"Susie...help me...please help me..." Fang Yahe only had this sentence left.

Susie's computer was playing the video of Hu Hongda's press conference, her face was twitching, and she almost couldn't hold back her attack on the spot!

how is this possible! how is this possible!

Seeing that Selena was absolutely doomed this time! Why did things develop like this?

"Xiaoya, what did you do? Why would Hu Hongda do such a thing? It doesn't make sense at all!" Susie said excitedly.

"I don't know! I really don't know! I followed the method you taught me from the beginning to the end. I sent a text message to Ming Fangfang before, and then I waited for the news at home! I thought they were going to make trouble this time I had to get divorced, but who knew he saw that Weibo post, and directly exposed me! Later, Ling Zhizhi directly broke the news about me and him on the Internet! I called him, but until now Can't get through!"

## Chapter 716

Susie's face was extremely gloomy, and she mused, "It must be something that happened when Selena asked him to meet!"

"Could it be that Selena seduced him and made him do this..."

Susie said impatiently, "Do you know how much impact this incident has had? Moreover, Hu Hongda's face was completely humiliated by holding a public press conference! Even if Selena has great abilities, it's impossible for Hu Hongda to be so embarrassing! Do!"

"Then why?" Fang Ya asked in confusion.

"Could it be that Ming Fangfang found out the truth and became angry and forced him to do this?" Susie pondered. Although this reason was far-fetched, she really couldn't think of any other reason.

"Then...then what should I do now? Susie, you can't leave me alone! I'm completely finished now!"

A trace of disgust flashed in Susie's eyes. At this moment, she only wanted to send her away, and she was afraid that she would bite people and herself in a hurry, so she said directly, "Anyway, you have already been forced to At this point, since you can't contact him, you can go directly to his house and make a fuss, if he doesn't care about you, how can his parents care about you?"

"That's right! Why didn't I think of it! Even if I have nothing, I still have a baby in my belly! My mother wants to hold a grandson and wants to go crazy!" Fang Ya's eyes suddenly burst into hope.

...

In the evening, at the Hu residence, at the gate.

"Young Mistress, Young Mistress, you can't go!"

"Fangfang, what are you doing? If you have something to say, just say it! What does it look like?"

"Honey, don't go, please! Just forgive me this time, you can ask me to do anything!"

...

Ming Fangfang looked dismally at her husband whom she once loved deeply and her mother-in-law who was always as filial as her own mother, "Mom, I'm

not making trouble, I'm really tired, I'm sorry, I've already decided on the divorce!"

"Fangfang, do you want me to kneel with you before you change your mind?" Mrs. Hu actually wanted to kneel down for her when she said that.

Ming Fangfang was so frightened that she hurried to help her up, "Mom, don't do this! I can't bear it!"

Mrs. Hu slapped Hu Hongda across the face, "bastard, hurry up and kneel down for Fangfang!"

Without further ado, Hu Hongda knelt down on the ground with a common sound, "Wife, if you don't forgive me, I won't get up on my knees for the rest of my life! Wife, I really know I was wrong, I can't live without you!"

"Fangfang! Just give Hongda a chance! If he dares to commit another crime in the future, Mom will be the first to let him go!"

Although he knew in his heart that they kept him because the company was in critical condition and urgently needed the Ming family's help, after all, the couple had been together for so many years, and they were still reluctant...

At this moment, a trace of struggle flashed in Ming Fangfang's eyes, "Mom, I..."

Perhaps, after this catastrophe, he will really change his mind? After all, it is the man I have loved for so many years...

At this time, a woman's voice suddenly came from behind – "Hongda!"

Ming Fangfang turned around and looked, her face turned pale immediately, Fang Ya...

Seeing that Ming Fangfang was about to change his mind, but Fang Ya suddenly ran over at this time, Hu Hongda wanted to strangle her to death, ran over angrily, and raised his hands, "Who gave you permission to come here!"

Fang Ya was not afraid at all, but leaned forward, "Hit! You hit! You can kill the child in my stomach! Anyway, I was cornered by you, and I don't want to live anymore! Just pity me His child was abandoned before he was born! Abandoned by his own father!"

## Chapter 717

Hu Hongda glanced at Fang Ya's slightly protruding belly, his face was shaken for a moment.

At this time, Mrs. Hu, who was behind her, rushed forward and protected Fang Ya, and said very nervously, "No way! This...is this the woman outside you?"

Hu Hongda's face was ashen, and he nodded with a muffled grunt.

Mrs. Hu stared at Fang Ya's belly, stretched out her hand to touch it, "Oh, the belly is pointed, it must be a boy!"

Fang Ya looked smug, "Auntie, you have really good eyesight. I have already checked in a private hospital, and the doctor said it is a boy! Look at the checklist in this hospital!"

"Hello boy! Hello boy!" Mrs. Hu took the list and read it again and again, her face flushed, "How many months?"

"It seems like more than four months?" Hu Hongda said.

"What does it seem like, that's it! Don't you know what you do yourself?" Fang Ya said angrily.

...

On the side, Ming Fangfang, who was completely ignored, looked at the three people in front quietly, without any expression on his face at the moment.

Mrs. Hu finally remembered that Ming Fangfang was still there, so she hurried up to meet her and said, "Fangfang, don't worry, you are mother's only daughter-in-law, I will never let her in!"

As soon as Fang Ya heard this, she wanted to make a fuss, but she suppressed it. The attitude of the old lady just now was obvious, and she didn't believe that she was willing to give up this child.

Sure enough, then, Mrs. Hu's voice changed, "However, the child in her stomach is Hongda's flesh and blood after all. There are three unfilial acts, and it is the biggest thing to have no offspring. You have not given birth to a child for Hongda for so many years. , Mom really has no choice, how can I explain to my father and ancestors under Hongda Jiuquan after my mother dies?

So, do you think this is good? This child must be born! After it is born, it will be held in front of you to raise it! As for this woman, we will just give her a sum of money at that time, and she will be credited for giving birth to our Hu family's son..."

Ming Fangfang's knuckles turning white while holding the suitcase...

Heh, give her the child of the third child?

Did this mistress give birth to a son for the Hu family?

Fang Ya rolled her eyes, give her money? It is naturally best to be able to enter the door, but in this situation, the Hu family has to rely on the Ming family, and divorce is basically impossible. If you can get a lot of money, that's okay!

However, it is said that the Hu family is going bankrupt now, can they get any money?

It's okay... anyway, Ming Fangfang is rich! She gave birth to her a son for nothing! Moreover, Ming Fangfang can't give birth to any children, so all the property of the Hu family will belong to her son in the future!

Ming Fangfang calmly raised her head and looked at Hu Hongda: "Hongda, what's your opinion?"

Seeing Ming Fangfang's calm face, Hu Hongda felt that she might have accepted it, and said hesitantly, "I... I agree with my mother... Didn't you mention that you want to find someone to be a surrogate before? It's good now, so you don't have to worry about it." Yes! I can't bear to let you have a hard time giving birth, wife!"

Fang Ya took the opportunity to say with an aggrieved face, "Although I am also very reluctant to bear the child and Hongda, I don't want to embarrass Hongda. I will leave after giving birth."

Ming Fangfang nodded upon hearing this, "Very good."

Hu Hongda, Mrs. Hu and Fang Ya all looked happy when they heard this, "Fang Fang, you agree?"

The next second, a white car drove up to the gate of Hu's house. A man who looked like a driver opened the door and hurried down, took the luggage from Ming Fangfang's hand, "Miss!"

Ming Fangfang handed over the luggage to him, then opened the car door, and got into the car without looking back.

Hu Hongda was dumbfounded when he saw it, "Wife... what are you doing?"

Ming Fangfang's eyes swept over him and Fang Ya quietly: "Don't be so wronged to accommodate me, I will fulfill you. Old Zhang, drive."

"Yes, miss!"

## Chapter 718

While watching the trend of public opinion on the Internet, Selena called Ling Zhizhi.

Because she had to rush to school, she just sent Ling Zhizhi a text message in a hurry to tell her that the matter was settled and the things she found were ready to be sent.

"Hey, Miss Zhizhi..."

"Selena, are you done? Did you see the video of the press conference?"

"I've seen it all! This matter should be completely resolved now, right? Are there any other problems?"

"Yes, don't worry." Ling Zhizhi said, her tone was hesitant, she hesitated, "Selena...you..."

She obviously wanted to ask Selena how she managed to get Hu Hongda to clarify in person.

"Sister Zhizhi, don't worry, I didn't use any illegal means, and I didn't do anything against my principles. In fact, it was Saul who came forward to get it done. As for how he talked to the other party, I don't know much about it. " Selena decisively pulled Saul out to push the blame.

At this time, this guy is still very useful...

Lin Zhizhi listened to Selena's answer, although she expected that she might have found Saul, but she still had some doubts.

After all, such a big scandal would have too much impact on Hu Hongda. Even if Saul stepped forward, it would be impossible for him to reach this level.

This time, Hu Hongda lost all face. Not only that, the company's stock also plummeted all the way.

Moreover, during the press conference, Hu Hongda's attitude was a bit strange, he tried his best to clarify that he had nothing to do with Selena, and kept apologizing to Selena desperately in front of the camera.

I don't know how Saul did it...

Thinking of this, Ling Zhizhi's previously hidden worries resurfaced again...

Even if Selena and Saul had a good relationship in private, could they still get too close? Saul had personally poached many people before, but he had never seen anyone so cared about...

In case the two develop into that kind of relationship...

"Ah!" Selena was talking to Ling Zhizhi, when suddenly her whole body was suspended in the air, which startled her.

"Selena, what's the matter?" Lin Zhizhi hurriedly asked on the other end of the phone.

Selena glared at Daniel who was suddenly picking her up in a good manner, and hurriedly replied to Ling Zhizhi, "It's okay, I almost dropped the cup just now!"

"It's good that it's okay, then I'll be busy first, and we'll talk about other things in detail when you come to the company another day."

"Mmm, good bye, Miss Zhizhi!"

Selena hung up the phone hastily, "Daniel, what are you doing?"

Daniel didn't say anything, hugged her and walked straight towards the bed.

Selena looked up at Daniel and blinked quickly, "Big Bad Wolf, are you going to eat Little Red Riding Hood?"

Daniel glanced at her, put her on the mattress, and then lifted her skirt.

Selena's heart skipped a beat, and she shrank back subconsciously, "I'll go! Daniel, are you serious? Cough, this isn't very good, is it? Little Treasure is still here!"

Daniel looked at the girl in front of him who was wearing a tutu skirt and a bright red cloak, who looked so cute and cute, and his gaze deepened: "It's okay if Rick isn't here?"

Selena: "Uh..." I fell into my own pit.

Daniel continued to push up the skirt, Selena panicked.

Before she could stop her, Daniel had already lifted off the hem of the big skirt, and then saw that the wound on Selena's thigh, a bright red blood oozing from the gauze...

Selena immediately covered her face and howled...

Dmn it!

## Chapter 719

Dmn it! How did this guy find out?

When she kicked people before, she obviously kicked with one foot, okay?

Could it be possible to have clairvoyant eyes?

Mistake Mistake!

I knew that I should have treated the wound as soon as I came back just now, but in the end, such obvious evidence of crime was left behind...

"That... this... ah! Why is the wound bleeding! I didn't even notice it! I was so careful today that I didn't move around! I only used one foot to beat someone... Could it be because I was in the snow before?" "Accidentally slipped?" Selena decided to play dumb to the end.

However, just looking at Daniel's expression, it was obvious that he definitely already knew...

So, decisively gave up the unnecessary struggle: "I was wrong."

Daniel looked at the bright red on the gauze, and frowned so much that he could kill a fly, "Where's the medicine kit?"

Selena didn't dare to make a sound, so she murmured, "In the closet."

Daniel got up and took the medicine box from the cabinet.

Carefully tore off the gauze, and sure enough, the wound burst open.

Although she kicks people with one foot, it does not mean that the other foot does not need to bear force. On the contrary, the stronger the force of that foot, the other foot will stabilize the lower body. , the muscles must be tense, and the force required will be greater. In this case, the wound is likely to be pulled.

Before Daniel saw that she was still alive and kicking after kicking someone, Daniel thought she was fine, and under the circumstances at that time, she couldn't lift her skirt to check, so he had to wait until he got home.

In the end, this surprise inspection... As expected, the wound still opened!

At this moment, Selena was pressing down on the hem of her skirt so as not to lose her nakedness. Her lower body was wearing half-length white socks that were above her knees, with beautiful lace. Against the background of snow-white skin and bright red blood, this scene had an indescribable temptation...

"Hiss..." The moment the potion touched the wound, Selena was terrified of pain, but she held back and didn't dare to make a sound, how dare she make a sound!

Although Daniel didn't speak, his movements were obviously lighter. Occasionally, his fingers touched her skin unintentionally, and his back seemed a little stiff.

After finally reapplying the medicine, Daniel heaved a sigh of relief, and prepared to wrap up the gauze, "Lift your legs a bit."

"Oh." Selena obediently bent her knees and raised her thighs.

Daniel wrapped the gauze meticulously round and round, his face was as frosty from beginning to end.

Selena panicked and pointed her finger weakly, "Master Boss, what are you thinking? Don't keep talking..."

While packing up the medicine box, Daniel glanced at her, and said expressionlessly, "I want to break your other leg as well, maybe it will heal the injury faster."

She can't run away at all, she should calm down, right? Save a leg and jump around!

Selena was immediately dumbfounded, and said with a mournful face, "I don't think your idea is very good...it's too cruel..."

As expected of the idea of the Great Demon King...

At this time, Rick, who had treated the wound and changed his clothes, ran over. Selena immediately complained, "Bao Bao! I was scolded by your papa!"

Upon hearing this, Little Treasure immediately turned to Daniel with a serious face.

Daniel: "She was injured during the fight today."

Rick immediately turned back to Selena with a serious face.

Selena froze, "Okay...my fault..."

Rick drooped his head, feeling that he was also at fault.

This is the first time the little guy knows... It turns out that sometimes you can't listen to your mother...

Looking at his son's expression, Daniel knew that he was finally reflecting.

not easy.

## Chapter 720

It's snowing today, so it's perfect to eat hot pot.

It's a pity that she was injured and couldn't eat spicy food, so she had to make a pot of clear soup, and Daniel was busy from washing the vegetables to

making the bottom of the pot. Selena sat there obediently, not daring to move a step.

Daniel looked at the girl's well-behaved sitting posture like a primary school student, and the sincere expression of "I will never do it again next time" on his face, obviously he was no longer so easy to fool.

Every time this girl admits her mistakes, she is very clean and neat, and her attitude is very correct, but... next time... what should be done is still done, without ambiguity!

"By the way, Rick, mom will find you a master to teach you how to fight... Ah bah, how about teaching you kung fu?" Selena asked Rick for advice while eating.

Rick tilted his head to ask, kung fu?

"Yes, yes! This way, if someone bullies you in the future, you can protect yourself! You can also protect your mother!" Selena explained.

Hearing the last sentence, Rick nodded decisively.

"So good!" Selena happily patted Rick's head, "However, it may be very hard and tiring, and you can't give up halfway!"

Rick nodded seriously. He is not afraid of hardship!

After getting Rick's consent, Selena looked at Daniel, "Then when I'm free, I'll talk to Karl?"

"it is good."

So, this matter is settled.

Fortunately, Rick's body has been taken care of by her during this period of time, otherwise she would really be reluctant to let him suffer this crime.

However, for Rick's future, she still has to be ruthless.

...

After dinner, Selena asked Daniel to take Rick home even though she was very reluctant.

Because she has been getting more and more busy recently, and she has to go to the company early tomorrow morning, it must be inconvenient for Rick to continue living with her, but fortunately, it is still very easy to see Rick now.

Seeing one big and one small getting into the car, Selena finally breathed a sigh of relief, and finally sent the big bad wolf away and escaped the catastrophe.

Fortunately, the door on the driver's side opened again for some reason.

Daniel got out of the car and walked towards her.

"Uh, Master Boss, what's wrong? Did you forget something?"

"En." Daniel nodded, then unexpectedly stretched out his arms to wrap around her waist, leaned over and kissed her lips.

"Ugh... it hurts..." Immediately afterwards, there was a stabbing pain on her lips, and Selena covered her mouth with a face of accusation, "Why did you bite me?"

Daniel tapped her lower lip with his fingertips, and looked at her darkly, "This is punishment."

Selena: "..."

Depend on...

I knew it would not be so easy to escape this disaster...

Selena narrowed her eyes, suddenly pulled down Daniel's neck, and kissed him, then, she pressed against his thin and cool lips, and said softly under the slightly surprised eyes of the man, "If this is punishment... , doesn't that force me to make mistakes?"

As soon as he finished speaking, Daniel felt a cluster of flames starting from his lower abdomen and burning all over his body. Suddenly, his palms tightened and he tightened his grip on the girl's waist. He wanted to rub her into his flesh and blood. He said in an extremely dangerous tone, "Don't make me angry."

Selena felt very obedient, and immediately took a few steps back with a whoosh, waving her little hands with an innocent expression like I didn't do anything just now, "Hey, I'm just kidding! I really don't dare, you go quickly ! Don't keep Rick waiting!"

"Selena, get well soon." Daniel looked at her steadfastly, leaving this sentence before finally leaving.

Selena looked at the black car leaving, savoring the last words of the Great Demon King, and always felt...um...what's wrong?

There is an inexplicable feeling that I will be eaten when I get better...
