

Cruel Heart Lover

Novel

Chapter 721

Star Entertainment, Janice's office.

Susie threw the newspaper in Janice's face, "Trash!!!"

The headlines on the front page of the newspaper read impressively: In-depth reveal: Hu Hongda's oolong derailment, the biggest winner is actually Susie!

Hu Hongda's derailment incident that started the night before is still fermenting, but public opinion has turned in another direction unconsciously.

In addition to keyboard warriors and brain fans on the Internet, there are still a large number of rational fans and smart people behind the scenes.

After the incident became a little dull, the emperor of analysis began to come out to sort out the context of the whole matter.

I don't know if I don't care about it, but I found out... things don't seem to be simple?

On the surface, it seems that Fang Ya and Selena chose Selena to frame her because of conflicts in the crew. However, once Selena's reputation is ruined, there is still one person who will be the biggest and most direct beneficiary of this matter. That was Susie.

Especially since Selena was very popular at that time, even Susie, the heroine, was overwhelmed. Susie's fans went to make a fuss, but they didn't win over Louis's fans.

Immediately afterwards, rumors began to spread on the Internet, saying that Selena was taken care of by Hu Hongda, and finally Hu Hongda personally posted on Weibo...

Is this series of events really just a coincidence, is Selena herself too unlucky?

Could there be a possibility that Fang Ya was instigated by Susie? It is said that the relationship between the two is said to be quite good!

The most common thing on the Internet is conspiracy theory, and naturally many people have thought of this.

Not only that, even Susie kept a low profile for so long before, and painstakingly suppressed the stain of her wronging Selena. She also brought up the taint of wronging Selena and said it again, suspecting that her assistant was actually ordered by her...

"What on earth are you doing for food? You actually let this kind of thing spread, it was even published in newspapers!" Susie was furious.

"This...you can't blame me! You said it so confidently before, that there would be no problem, so I didn't pay much attention afterwards. Who knew that things would turn out like this overnight!"

"Of course I'm sure I won't be caught! If they have evidence, do you think I can still stand here and scold you right now? The point is, this kind of statement doesn't need evidence at all!"

"Why don't I sue those newspapers for defamation? No way...the writing in the newspapers is too strict, and the whole text uses ambiguous words. As for the online ones, there is no way to sue them..."

"Try to delete the relevant posts on the Internet. If the newspaper can't withdraw it, forget it. You should hurry up and manage other newspapers!"

...

At the same time, Selena came to the company with a large bunch of beautiful bellflowers.

Lin Zhizhi was immersed in her work, when she heard the knock on the door, she said without raising her head, "Come in."

There was a sound of footsteps, and immediately, a large bunch of bright green bellflowers accompanied by a burst of fresh fragrance came into view, Ling Zhizhi was a little astonished, "This..."

Selena looked at her with a smile like a flower, "Sister Zhizhi, see you off..."

Ling Zhizhi accepted it with a smile, "Thank you."

She couldn't remember how long it had been since she received the flowers. Looking at the fresh bouquet and the girl's smiling face, even the fatigue of a sleepless day and night was swept away.

"By the way, Sister Zhizhi, when I was on Weibo this morning, I saw that many people suspected that Hu Hongda's incident was related to Susie, and several mainstream media also published it... You should be involved in this Credit? Actually, I thought about it at the time, but there was no proof!"

Chapter 722

Ling Zhizhi pondered, "Sometimes, no evidence is needed, and netizens are not fools, and they will know after a little guidance. This kind of thing is a coincidence once, and accident twice, but the third time, what do you think the netizens will do?" think?

At that time, no matter how clean she is, she won't be able to get rid of the relationship. As long as we subtly destroy Susie's kind and weak image in the eyes of the public step by step, so that if such things happen again in the future, we will no longer have to be in a passive position. "

Selena narrowed her eyes slightly: "The embankment of a thousand miles was destroyed by an ant nest!"

Ling Zhizhi said, suddenly opened the drawer and said, "By the way, I have something for you."

"What?" Selena took it over, looked closely, and asked in surprise, "Car keys?"

"Well, the company matched it for you. The movie will be released soon, and you will definitely need a car a lot during this time."

"Dmn it! The company matched me with a BMW?"

And the configuration is not low, at least millions.

"These are the face of an artist, so naturally it can't be too bad, not to mention that you performed well, not only with "The World", but also received two endorsements."

"Thank you Sister Zhizhi, thank you to the company, I will definitely do a good job!" Selena happily looked at the car keys, "Sister Zhizhi, the film promotion has come to an end for the time being, do you have any work to do recently?"

"I'm just about to tell you that the Noble perfume launch event will be held at the Dijue Hotel at eight o'clock tomorrow night, remember to attend on time!"

"OK!"

"Also, there is one more thing..."

"what?"

"I'm thinking about whether to let Xiaotao live with you so that I can take care of you conveniently." Ling Zhizhi said.

When Selena heard this, her heart skipped a beat. It would be a disaster if Daniel was bumped into him sometime.

"Uh, this...forget it! I'll take care of myself! Actually, I'm used to living alone. If there is one more person, I might feel uncomfortable..."

"Alright then." Ling Zhizhi didn't force it.

Selena breathed a sigh of relief.

The two were talking when there was a rapid knock on the door.

Immediately, Lei Ming hurried in, "Zhizhi... Selena is also here! Just right! Did you two see Louis?"

Selena shook her head, "No! What's wrong?"

Ling Zhizhi also opened her mouth and said, "I didn't see it."

Lei Ming looked like he was about to die, "Louis has been missing for a day and a night! No one can be contacted!"

"Have you been hiding somewhere to play games again?" Selena said.

Lei Ming looked at the time on his watch and said anxiously, "I thought so at first, but this morning he had a signing ceremony for his endorsement, a 10 million endorsement, and it took me three months to negotiate. But I still can't contact others! Isn't this killing me?"

The corner of Selena's mouth twitched, "Ten million endorsements... this prodigal son..."

"How long is the signing ceremony?" Ling Zhizhi asked.

"There are only two hours left! Please help me think about it! Where might he go? I have searched all the places he usually goes! There is no one there!"

Selena said helplessly, "Brother Ming, I really can't help you with this. You must know everything I know!"

After all, she and Louis met abroad, so she didn't know where he might go in China.

"Zhizhi... I know you're busy... Please... help me... If this endorsement fails, then I can just find a tree and hang myself!" Lei Ming, who was almost 1.9 meters tall, had a pitiful expression on his face. .

Chapter 723

Selena couldn't bear to see it, "Otherwise, sister Zhizhi, why don't you help him?"

Ling Zhizhi was silent for a while, not knowing what she was thinking, and finally said: "I'm sorry Brother Ming, the problem is, I really don't know where to find him."

As soon as the words fell, there was a "plop", and Lei Ming passed out directly...

Selena and Ling Zhizhi were both taken aback, and it took a lot of effort for the two of them to finally help him onto the sofa.

"What should I do, sister Zhizhi?" Selena asked anxiously.

Ling Zhizhi's eyes flashed with struggle, and finally he said, "Take care of Brother Ming, call an ambulance quickly, I'll go find Louis."

"Okay, okay!" Selena responded repeatedly.

After Ling Zhizhi left, Selena was about to call 120, when Lei Ming suddenly sat up on the sofa.

Selena was so shocked that she almost lost her soul, "Dmn it! What's going on? Ming... Brother Ming, are you not dizzy?"

Lei Ming glanced in the direction of the door, making sure that Ling Zhizhi had already left, and then nodded, "Well, I pretended, otherwise how would Zhizhi help me!"

Selena was speechless, "You're working too hard!"

Lei Ming had an unlovable expression on his face, "Do you think I want to? It's not all because of that kid! He has been stimulated by something recently, and he is in a particularly bad mood, doing all kinds of tricks Cooperate with me and leave three assistants in a row in one day, I'm going to be driven crazy by him!"

As Lei Ming said, he looked at Selena thoughtfully. In fact, he suspected that it had something to do with Selena, but Louis didn't say anything, and he wasn't sure if it was...

Selena didn't notice Lei Ming's gaze, and said speechlessly, "Do evil! I suddenly realized that compared to Louis, I'm simply too obedient!"

Half an hour later, a certain ruin on the outskirts of the city.

Ling Zhizhi stepped on her high heels and crossed the rubbish pile like a hill. One of her heels was broken. The ankle that was pushed by the security guard

of Hu Hongda's company yesterday became more swollen. Finally, she finally walked to the parking lot behind. In front of an abandoned bus...

Without time to delay, she knocked on the car door tentatively out of breath, but it was quiet inside without any response.

So, she stretched out her hand and pushed gently, and the door opened.

The seats in the car were hollowed out and transformed into a house, covered with pure white cashmere blankets.

Ling Zhizhi took off her shoes, stepped on the soft blanket with her bare feet, and after walking a few steps, pushed open the door of the cubicle...

Sure enough, Louis was lying on the bed in a mess, sleeping soundly with a big white pillow in his arms, and a beer bottle rolled down beside him.

The roof above the bed was hollowed out and replaced with glass. At this moment, the morning light was pouring down from there. The man's golden hair seemed to be shining, just like his whole body, no matter where he was, it was dazzling.

She remembered that Louis said when he hollowed out the roof of the car, so that when he lay in bed at night, he could directly see the stars above his head.

At that time, Louis was out of the sky, he couldn't live at home, he had to come to this ghost place to transform an abandoned bus into a home, and come here to think about life when he had nothing to do...

"Louis...Louis..." Ling Zhizhi called Louis several times, but the other party was in a deep sleep and didn't respond at all.

So, it was Ling Zhizhi who bent down and leaned closer to Louis's ear, and whispered something.

In the next second, Louis stood up like a convulsion, "fcuk! Who said that Shen Xiaobai is more handsome than me! Are you blind?"

Chapter 724

In the next second, Louis, who finally woke up, looked at Lin Zhizhi standing beside the bed with a dull expression, "Dmn...why is it you...I'm just saying who is so wicked...you actually used this method to wake me up... "

Louis was handsome all over the entertainment industry back then, his biggest rival was Shen Xiaobai, and he was often compared with this guy by fans, so the last thing he could not hear was that Shen Xiaobai was more handsome than him, even in his dreams he could jump up, even if Shen Xiaobai Now that he has retired, this obsession is still deep in his mind.

"Brother Ming has been looking for you for a day and a night, and the signing ceremony is still an hour and a half away. This place is too far away from the hotel. Excluding the time spent on the road, you only have less than half an hour left, as long as there is no traffic jam." Lin Zhi Zhi spoke quickly.

"Oh, so what?" Louis lay back down again, without any intention of getting up.

"Brother Ming, the endorser, talked with you for three months, and even fainted in the company just now."

"and then?"

Seeing Louis's attitude of beating up, Ling Zhizhi's expression didn't change at all. If it was before, she would have scolded him, and even cried because of his attitude.

At this moment, the phone rang, it was Louis's call.

"Hey...Brother Makino...Why did you run away in the middle of playing last night...We are going to go to the sea today to play, are you coming?" The voice of a delicate woman is obviously on the other end of the phone.

Louis lazily replied, "Got it, I'll be there in an hour!"

After speaking, he stood up unhurriedly and prepared to leave.

Lin Zhizhi looked at Louis like that, feeling as if she was going back in time...

He was like this back then, willful, selfish and reckless, the whole world was self-centered, and he never considered anyone.

What the hell... made him look like that again?

Louis was about to go out, but he froze for a second.

Lin Zhizhi took out her mobile phone and called Selena, "Hello, Selena..."

Hearing Selena's name, Louis's expression changed immediately, he snatched Ling Zhizhi's phone, pressed the hang up button, and said sullenly, "Ling Zhizhi, what are you doing?"

Ling Zhizhi looked at him, "Ask her if Brother Ming is awake."

"what?"

"What do you think I want to do?"

With a dark face, Louis threw the phone back to her, "I thought you were going to tell her to beat me up! What else could I think?"

Ling Zhizhi didn't speak, but looked at him fixedly.

"What are you looking at?" Louis was a little apprehensive.

Ling Zhizhi: "Louis, go to the signing ceremony immediately."

Louis sneered, and looked her up and down, "Have you lost your nerve? How dare you order me?"

Ling Zhizhi: "Otherwise I'll tell Selena that you like her."

"F*ck!!!!!!!!!!!!!!" Louis's eyes widened in disbelief, "Ling Zhizhi, how dare you!"

Ling Zhizhi looked at him expressionlessly.

Louis suddenly found himself in a trap, and hastily denied, "Are you having a brain twitch? Who said I like her?"

Ling Zhizhi: "You said it in a dream just now."

Louis's expression turned ugly, "You...you lied to me?"

Ling Zhizhi: "I recorded it."

"Dmn! Lin Zhizhi, you are too despicable!" Louis said, his eyes lit up, and he suddenly grabbed her phone, ready to destroy her body.

At this time, Ling Zhizhi pressed the send button with her finger, and then said unhurriedly: "Actually, you didn't talk in your sleep, but I have already recorded our conversation just now and sent it to my mailbox. You deleted it from my phone." It's no use."

Although Louis didn't say anything in the conversation just now, in fact, that attitude was tantamount to an admission.

Chapter 725

Although Louis didn't say anything in the conversation just now, in fact, that attitude was tantamount to an admission.

Sure enough, she guessed right.

Only a woman can change a man.

Louis's changes after returning to China are too great...

There is nothing but this possibility.

"Ling Zhizhi...what the hell, you're ruthless!!!!" Louis gritted his teeth.

These conversations can be regarded as ironclad evidence, even more powerful than sleepwalking...

Ling Zhizhi quickly matched a suit of clothes from Louis's closet and threw them to him to signal him to put them on, and then called Selena, planning to ask her to tell Lei Ming that the matter was settled when Lei Ming woke up, don't worry .

In the end, Louis thought she was going to tell Selena, so he stripped naked in almost a second, "I'm just going to change it! You're inspiring!"

Ling Zhizhi: "..."

Louis looked smug, "How is it? Is your figure better than before? Tsk tsk tsk, who told you to resign, do you regret it now? Such a chance to get in touch with my master, but thousands of girls... .."

Ling Zhizhi: "If you keep talking nonsense, I'm going to make a call."

Louis: "Say!!!"

...

Shengshi Entertainment.

After Selena answered Lin Zhizhi's call, she immediately jumped up to Lei Ming who was full of lovelessness, "Brother Ming, don't lie dead! Get up quickly! Sister Zhizhi just called to say that it's done! She has found Louis and persuaded him to sign the contract!"

"Really? You didn't lie to me?" Lei Ming immediately bounced up like a flashback.

"Why am I lying to you! Sister Zhizhi said they are already on their way to the hotel!"

"Great... great! I want to set up an altar for Zhizhi at home!"

The corner of Selena's mouth twitched, "Since I'm fine, I'll go home first!"

"Okay, okay..."

The matter with Louis was finally resolved, Selena couldn't wait to go to the garage to see her little BMW!

Yo, it's still a little dark horse...

Selena looked at the black car, probably because it was her first job, and she really liked it more and more.

Oops, I really want to open it, what should I do!

Her leg was injured on the thigh, and it was on the upper side. That part is actually fine for driving, right?

The more Selena looked at it, the more itchy she became, she decisively pressed the key to get out of the car, and got in.

As soon as Selena drove away, Liang Biqin and several female artists walked over behind her.

"Isn't that Selena? Is that BMW her car?" One of them looked at the direction Selena was leaving and asked.

"It seems to be, according to my agent, the company matched her!" Another female artist replied, envy and jealousy were evident in her eyes.

"Dmn it! A young newcomer, give her a BMW? Why? So far, a work has not been released yet, and she has received a small game endorsement. How can she get such good treatment?"

"Maybe it's because it's been popular lately? I thought Selena was going to die for the Hu Hongda incident, but who knew that she turned around in an instant and became famous for free, and got so much sympathy! Besides, "The World" is about to be released soon. Is it? Maybe you will be able to stand up soon!"

Hearing this, Liang Biqin on the side snorted, "What do you know? She is the lowest female artist in the industry who can only rely on gossip and beauty, second only to those who rely on showing their fs to sell their meat! Even if it becomes popular, it is doomed to never take the high-end route!"

"That's true!" The others echoed.

"Ah, yes, yes, I heard that Noble will hold a new product launch event and fashion dinner at Dijue tomorrow night! Has any of you received an invitation?"

Chapter 726

"Just kidding, how could us little characters receive invitations to that kind of high-end dinner party!"

"I heard that noble is exclusively for royal dignitaries. Although it is not so popular, it is definitely more stylish than Chanel, Tiffany, and Arani!"

Listening to the discussions of the people around her, Liang Biqin took out an exquisite invitation card from her bag with a casual expression, "Is that what you mean?"

"Ah! That's it, that's it! Biqin, you are so amazing! You were invited!" One of the female artists was full of admiration, staring at the invitation, her eyes almost glowing, "Ah! This invitation smells so good! It's worthy of making perfume! Even the invitations are so creative!"

"Of course, I heard that this time the other party invited all big names in the entertainment and fashion circles. Biqin's movies are becoming more and more popular, and this year's TV series has a very high ratings, breaking 2! The invitation is also expected!"

"I'm so envious! I really want to see and see!"

"I think so, too!"

Liang Biqin carefully took the invitation back, then took a look at a few people, and said unhurriedly, "I can't help you with this, but I can help you with my cousin, my cousin and Noble's art director Cook is very familiar, and this time he is a special guest!"

"Really! That's great!"

"Thank you so much Biqin!"

With everyone's compliments and thanks, Liang Biqin, whose vanity was completely satisfied, was full of complacency, "You're welcome, it's just a small matter!"

...

on the way home.

Selena thought about it, seeing that there was nothing else to do in the rest of the day, so she planned to take advantage of this time to meet the second senior brother.

However, she suddenly remembered that Karl's original number could no longer be reached, so she put on the bluetooth headset and called Daniel.

"Hello." A man's steady voice came from the other end of the phone.

Selena: "Master Boss, what is Karl's mobile phone number? You can send it to me! It happens to be fine at noon, and I plan to ask him out for a meeting."

Daniel: "Okay."

"That's right, the company gave me a car... It's a little dark horse... It's so handsome..." Selena excitedly shared her good mood with Daniel.

"Are you driving?" Daniel asked.

"yes!"

"Concentrate on driving and watch out for your leg injury. I'm hanging up." Daniel said as he was about to hang up the phone.

On the other side of the phone, Selena's tone suddenly felt a little lost, she curled her lips and said, "Master Boss, you are so indifferent to him! Don't you give me a treat?"

"Don't make trouble."

"Oh, bye..." Selena hung up the phone.

A few seconds later, there was a ding dong, and the phone rang.

It should be Daniel who sent her the phone number.

Selena glanced at it out of the corner of her eye, and saw that the message contained a string of mobile phone numbers, dare not, and there were three words behind it... ummm.

"Pfft..." Selena couldn't help laughing, "The Great Demon King is so cute!"

After returning home, Selena immediately called the second senior brother.

"Hello, second senior brother?"

"Little Junior Sister... You finally remembered to call Second Senior Brother me....." The voice on the other end of the phone sounded lonely and sad.

"I didn't know you were in the imperial capital! You...well, are you at work? When are you free? Let's meet?" Selena asked.

"Don't worry, I'll be free soon, your man has already given me a vacation, saying you want to see me!"

Hey, even being a small security guard can't avoid being stuffed with dog food!

Selena: "Uh... ok..."

Chapter 727

a restaurant.

"Ouch, lady boss..." Not far away, a man was waving to her.

The man had short, unruly brown curly hair as usual, with one hand in his pocket, and he was actually wearing a... security uniform...

"Pfft..." Seeing Karl's appearance, Selena spat out decisively.

"Tsk, seeing Second Senior Brother so excited?" The man sat down opposite her and raised his eyebrows.

"Cough cough cough...Second senior brother, are you really working as a security guard in Daniel's company now?" Although he knew it in advance, it was still not as exciting as seeing it with his own eyes.

"That's right! What's the matter? Didn't I tell you on the phone? Because you want to see me, the boss personally ordered me to take half a day off!" Karl said while touching his waist habitually. There, Not a gun, of course, but a... small electric baton.

"Uh...Second Senior Brother, what exactly stimulated you? You must have been beaten out of your mind when you fought with Senior Senior Brother last time, right?"

Karl squinted at her with an expression of Dugu begging for defeat and not eating fireworks in the world, "This feeling of suddenly wanting to be a mortal will not be understood by mortals!"

Selena: "..."

"By the way, little junior sister, I've wanted to ask you for a long time. What's your relationship with Daniel? One-night stand? Multi-night stand? Or did he take care of you?" Karl lay on the table and asked with great interest.

One night stand, more night stands? Why didn't he just talk about dating!

Selena's head was full of black lines: "Fart, we are an aboveboard boyfriend and girlfriend relationship!"

"I'll go! Are you serious?" Karl was surprised when he heard this, "No wonder someone is so crazy recently..."

"Someone? Who are you talking about?" Selena looked wary.

"No one." Karl changed the subject, "How long have you two been dating?"

Selena counted, "Hmm... plus today's words, three days."

"Cough cough cough... Isn't that when you were in Dibu that you confirmed your relationship?" Karl asked in surprise.

Selena rolled his eyes at him, "Yes, haven't you heard of a friend in need?"

Karl: It feels like if someone knows the truth, and knows that he has been a god assist, he will be pissed off...

Selena tapped the table with her fingers, "Now it's my turn to ask you!"

"What do you want to ask?" Karl raised his eyebrows.

"How did you come to Daniel's side to do things so well?"

"Everyone takes what they need."

Selena showed a thoughtful expression when she heard the words. It seemed that the second senior brother had something to ask Daniel for help, and the two had reached an agreement or something.

As for the specific situation, Selena was not prepared to ask more.

Some things are better known less.

So, Selena went straight to the point and said, "I'm looking for you this time because I actually have a business to do. Second senior brother, are you interested in having a part-time job?"

Karl's eyes lit up, "Oh, a part-time job? I'm really interested! I'm short of money! All my previous accounts were blocked by that mad guy Kevin! It's so ruthless and shameless!"

The corners of Selena's mouth twitched, "Hehehe...Eldest brother didn't kill you, it's because he has deep affection for you!"

"Come on, what part-time job? No matter what part-time job, as long as I have money, I will do it!" Karl said bluntly.

"Don't agree so quickly. What I'm talking about is a part-time job. I'm working as a teacher for a five-year-old boy. Seriously, work very hard, and give him everything you know."

Karl flicked his bangs, "A five-year-old child? This is a bit difficult! Whose child is it? You can actually ask my junior sister to come to me in person!"

Selena took a sip of tea, "My son."

"puff--"

Chapter 728

"When did you have a son? And it's five years old! The most unscientific thing! You actually have the function of having a baby?" Karl kept looking at Selena with a hellish expression.

Selena didn't want Karl to make a fuss when she saw her wearing women's clothes, so she went home and changed into men's clothes before coming out to meet him.

However, even if she wears men's clothing, she is still a woman...

"My old lady is a woman, okay? Why doesn't she have this function?!" Selena was speechless.

"Really...really your son?"

Selena rolled his eyes at him, "Daniel's son, isn't he my son?"

The corners of Karl's mouth twitched slightly, "You really don't see the outside world! I thought it was really your son... By the way, you are too kind to Daniel's son, right? Are you so caring?"

"You care about me, are you going to do it or not?"

"Do, do, do, as long as you have money, you can do anything!"

"Then it's settled. The time is every Saturday and Sunday, because he usually has to go to kindergarten. In addition, the first three months are the probationary period. If you don't teach well, I still have to replace him." Selena He said with a serious face.

"Tsk tsk tsk tsk..." Karl looked at her and smacked his tongue.

"What are you talking about?"

"Became someone else's woman, her elbows are turned out! That little junior sister who followed my butt every day will never come back!"

"Hehehe, you can be a security guard now, what else in this world is impossible?"

After chatting with Karl for a long time, Selena suddenly remembered that there was another very important question.

"By the way, Second Senior Brother, that...does Daniel know about my affairs? He also knows about my relationship with you?"

Karl took a sip of tea, "I should know it!"

Hearing this answer, Selena heaved a sigh of relief. In fact, Daniel had already seen it with his own eyes when he was in that abandoned arsenal in Philadelphia, so why did he care if he knew?

Selena was thinking about it, when Karl suddenly said, "Hey hey...it's fine with someone, I never thought that Daniel's taste would be so strong..."

Selena's face turned dark immediately, "Dmn! What do you mean! Why do you like me so you have a strong taste!"

"It's not strong enough to like your taste?"

"..."Ok! It actually looks a bit heavy..."

Pearl River Royal View.

When she got home, as soon as she reached the door, Selena saw a man with a hat, mask, and sunglasses squatting there.

"Golden Retriever? Why are you here?"

"Why did you go? You're freezing to death, open the door!" Louis urged.

It really is this guy...

Selena took out the key to open the door, then poured him a cup of hot water, "Have you finished signing the contract?"

"Hmm." Louis snorted.

"Why did you come here all of a sudden? I thought you were really going to break up with me!" Selena raised her eyebrows.

Louis got angry when he heard it, "How dare you say that, I don't know who reassured me at the beginning, saying that your journey is a sea of stars, and you will never stop for any flowers and plants!"

"Hey, love comes too fast like a tornado..."

Louis resisted the urge to fight with her, took a deep breath and said, "I just came to tell you... During this time... If Ling Zhizhi told you anything about me...you must Don't believe it!"

"What are you talking about?"

"You don't care what she says, just don't believe it anyway!" Louis said impatiently, and put on the mask after speaking, "I'm leaving!"

"Uh..." Selena was speechless, she came here specially to say something inexplicable, snake spirit...

Chapter 729

the second night.

Royal Grand Hotel.

The world's top hall-level luxury brand noble's new product launch conference is about to begin, and it will be announced that it will be officially launched in the Huaguo region next month.

The mysterious heroine of the brand-new commercial film, currently the most expensive premium perfumer Green Krista, the director of the films "Red and Black" and "Wind", Cook Bryan, the art director of Noble, a domestic high-end perfumer Shi Bai Qiangwei, superstars in the entertainment industry Su Yimo, Song Lin... and many other big names in the fashion industry all appeared in attendance.

Today, Su Yimo wore a long dress inlaid with exotic flowers like the Garden of Eden to match the theme of the perfume, looking very mysterious and elegant.

"Sister Yimo, you are too beautiful today!"

"Nonsense, Yimo won't be beautiful someday!"

"Thanks to Sister Yimo today, otherwise we wouldn't be able to come!"

Those young entertainers who came in through Su Yimo's back door all politely complimented her.

"You're welcome, we are all colleagues." Su Yimo said lightly.

While we were chatting, someone suddenly thought of it and asked, "By the way, do you know who the spokesperson of noble's new product is this time? Noble has been keeping it a secret, and the circle has never been exposed. It's so mysterious!"

"There's something mysterious about it, isn't it Li Leling!" Liang Biqin looked like she already knew the inside story.

Hearing this, some people regretted, "Li Leling? How could he be from Empire? Didn't anyone in our prosperous age audition? Sister Yimo is because she has other contracts, why don't you try it, Biqin?"

When Liang Biqin heard this, her expression turned a little uneasy. She naturally tried it, but she was rejected in the first round.

Seeing that Liang Biqin's expression was not good, the person who spoke realized that he had said something wrong, and hurriedly smoothed things over, "Look at my memory, you were busy filming at the time, you must have no time! What a pity!"

Liang Biqin's expression eased, and she said, "Well, I was too busy at the time, so I didn't sign up."

After finishing speaking, I was secretly glad that the selection process of the noble spokesperson was kept confidential throughout the whole process, and they didn't know if she applied or not...

Several people were talking when they suddenly saw two people walking in the door.

"Isn't that Selena and Ling Zhizhi? Why did these two come here?"

"Isn't this obvious? Ling Zhizhi also can't bear to see that Selena's class is too low, and wants her to spend more time in such occasions, so that she can wash away the rusticity on her body!"

"Ah! Director Cook! Director Cook has come out!" Soon several people were attracted by the sudden appearance of Noble Art Director Cook.

"He seems to be looking at us! Ah, he is coming!"

Although Liang Biqin was also very excited, she still pretended to be calm and lowered her voice, "What's all the fuss about, I've already said that my cousin has a very good relationship with Director Cook!"

Su Yimo stood up calmly, "Mr. Cook, long time no see."

Cook shook hands with her politely, "Miss Su, we meet again! Thank you and your friends for your support!"

"Where, you are too polite!"

Seeing Su Yimo and Cook's familiarity, the surrounding female artists were all full of admiration, while Liang Biqin looked proud.

"I'm too busy today, so I won't accompany you first."

While talking, Cook looked not far away, with an anxious expression on his face, as if he was indeed in a hurry. After exchanging a few casual greetings, he immediately walked towards the direction behind Su Yimo and the others...

"Hey! Dear Xi! We finally meet again!"

Chapter 730

When Cook talked to Su Yimo, he was polite and distant, but when he saw Selena, his whole face lit up, his tone was filled with enthusiasm, and he gave Selena a big hug on the spot.

Selena had been in China for four years, and she was used to their warm greetings, so she generously returned a hug, "Long time no see!"

"Oh, honey, why..." Cook suddenly looked her up and down in surprise.

Selena blinked, "What's wrong with me?"

"Honey, why are you more beautiful than before!" Cook said excitedly.

Selena didn't know whether to laugh or cry, "My lord director, are you too good at coaxing girls?"

Cook immediately expressed sincerity, "Oh no, no, my dear, you are really more beautiful, no, strictly speaking, you are moving, my dear, are you in love?"

Selena was stupefied immediately, "Dmn it, does this guy have sharp eyes?"

"Ahem, Director Cook, you're really good at joking!" Selena cast a suspicious glance at Ling Zhizhi beside her, and hurriedly prevaricated.

Fortunately, Cook didn't delve into this issue, and Ling Zhizhi didn't pay attention either.

"Then I'll see my dear later, I already have a hunch that everyone will be amazed by you!"

"See you later, thank you for your compliment..."

...

Although Su Yimo, Liang Biqin and the others couldn't hear the conversation over there, the familiarity, kindness and even enthusiasm between Cook and Selena were obvious.

Su Yimo's complexion suddenly darkened a little.

Liang Biqin's expression was even more ugly, "How could that woman have such a good relationship with Director Cook?"

"I think it's too good!" A female artist beside her said strangely.

Liang Biqin snorted, "I said how did she get the invitation, Lin Zhizhi is so down and out now, how can I get an invitation letter for her... This b!tch, the bed is really getting higher and higher!"

On the side, Su Yimo glanced at her and said with displeasure, "Don't talk nonsense, forget what I told you."

Her cousin is just too impetuous and impatient. You must know that everyone in the circle knows that she is his cousin. It doesn't matter if you talk nonsense, it doesn't matter if you are unlucky, she will also be implicated by then.

"I'm sorry, cousin, I just can't get enough of her sao look!" Liang Biqin mumbled and restrained herself.

"Sister Yimo, you have such a good temper. If I were you, I would not be able to stand being tied up and hyped up by this kind of person..."

"That's it!"

...

After a while, the new product launch conference was finally officially held.

Firstly, the founder of Noble explained the product concept and the plan to expand the Huaguo market in the future, and then a group of big names in the fashion circle headed by Su Yimo spoke one after another.

Su Yimo has a goddess demeanor. In an interview, she said, "I have always liked noble products and appreciated noble's creative inspiration. I am honored to be present at the release of the new perfume..."

"Yimo, I heard that Director Cook originally wanted you to be the spokesperson, but because you are also Chanel's spokesperson, it's a pity that we couldn't cooperate, is that true?" a reporter asked.

Su Yimo smiled, "It's indeed a pity."

This is the default statement of the reporter.

So, the reporter turned the microphone to Director Cook, and asked casually, "I think Director Cook must be very sorry too!"

Cook said without hesitation, "nonono, this is my luck! There is a saying in Huaguo that you can lose your horse without knowing it is a blessing, and I think that is how I feel! I am very satisfied with this spokesperson, she is great!"
