Novel

Chapter 831

in the office.

Teacher Wang poured a cup of tea for Selena, and then said politely, "Mrs. Lu, it's like this. There have been a few quizzes in school. I wonder if you have seen Rickey's results?"

"Yes." Selena nodded.

Seeing that Selena's reaction was so flat, Teacher Wang didn't know how to answer the question for a while, coughed lightly, and could only say directly: "Rickey's grades in the three subjects of Chinese and Mathematics are all zero..."

"Yes, I know that."

"And the point is, it's not that he did something wrong, but that he didn't do any of the questions at all, and all of them were handed in blank papers. Even if he doesn't understand, he can't know all the questions!" Teacher Wang sighed, "I just I want to know what this child is thinking? You also know your child's situation, and as teachers, we can't communicate with him."

Selena was relieved to hear that, as long as Rick wasn't bullied at school.

Selena thought about her words, and then said, "Mr. Wang, thank you very much for your concern for our children. You also know about my son's situation. The reason we sent him to school is to let him talk to him more. I hope he will be happy when he is in contact with a child of the same age, other than that, it doesn't matter, we don't ask for grades, and you don't have to be pressured, teacher."

After listening to Mr. Wang, he didn't know how to reply for a while.

This is the first time she has met parents who don't care about grades.

Now the parents of their children are not all focused on their children's grades. Even if they are only a few years old, they start various training classes and cram schools, for fear of falling behind others...

But since Selena, a parent, said that her grades don't matter and she doesn't blame the teacher if it's not good, what else could she say?

In addition, Rick's situation is really special, so she couldn't continue to say anything, so she coughed lightly and said, "Okay then... I got it!"

"Thank you very much, teacher, for your concern for Rickey! Thank you! If it weren't for you, Rick wouldn't have adapted so quickly in school!" Selena thanked him very politely.

If she didn't know Rick well, she might have the same worries as the teacher.

However, she and Rick have been together for such a long time anyway, and she is most aware that Rick's heaven-defying genes have shocked her many times. This little guy's IQ is simply off the charts. All super talented.

The only question is whether he is willing to do it or not.

If Rick was really asked to do the kindergarten test papers and questions, Selena would feel that he was insulting his IQ.

Every child is special and should be treated in a special way, so why force him to do those questions for the vanity of an adult and score a hundred points in the test?

"Mrs. Lu, you are too polite. This is what I should do! Although Rickey is a bit introverted, he is a very lovely child. I hope he will be well!" Selena's polite and respectful attitude made Teacher Wang It was very useful, and he hurriedly smiled and said.

A few days later, in the evening.

Today is the old man's 60th birthday, the dinner party is about to start, and the old mansion is very busy.

Yan Ruyi was wearing a noble and gorgeous crimson cheongsam today, and while directing the servants to do things, she looked out the door nervously. Similarly, Lu Chongshan walked back and forth, with a nervous and expectant expression...

Chapter 832

Finally, a black Maybach parked at the gate, and then the door opened, and two people, one big and one small, got out of the car.

The father and son were wearing the same custom-made suits of the same style and color. In order to match today's occasion, Daniel's tie and Rick's tie were all bright red, looking very happy.

As soon as one big and one small appeared, they immediately attracted everyone's attention.

The servants greeted each other with smiles on their faces...

"Hi, young master!"

"Hi, young master!"

...

When Yan Ruyi saw her son, especially her precious grandson, coming, she immediately breathed a sigh of relief, and greeted her with a smile on her face, "Oh, my baby is here!"

Seeing Rick coming, Lu Chongshan's serious expression suddenly softened, "Rick is here!"

This year is different from the past. After all, this year is his entire birthday. Whether it is from the overall situation or personally, he very much hopes that his only precious grandson can come here.

After all, Rick is his only grandson.

Of the two sons of the family, none of them is worry-free, one is an unmarried, and the other is simply not interested in men and women. Seeing that the Lu family is about to end, Rick appeared, like a ray of light in the darkness.

What's more, the little guy grew up and became more and more lovable. He was better than other kids of the same age in every aspect, even stronger than Daniel back then...

Since having Rick, the Lu family has a successor, and Lu Chongshan's heart has suddenly settled down. After several years of comfortable life, he doesn't even bother to take care of his two sons.

Who knew that, due to unpredictable circumstances, his one mistake would cause such a thing to happen later, which made him blame himself for two full years.

In the past two years, Rick's situation has been ups and downs. He watched a child who was so clever and quick-witted turn into a puppet without a soul. Clouds began to hang over the Lu family, and a huge stone suppressed him. heart.

But now... finally saw the hope that Rick will get better a little bit, but this hope is based on a bigger worry.

He was trembling every day, never daring to relax, he was joyful, and more worried, worried that the same mistakes would happen again, worried that this would be another bigger disaster...

Lu Chongshan recalled the scene of Rick sitting on his lap when he was very young, giggling with a smile on his face, and calling him grandpa in a milky voice in his arms, his eyes suddenly turned red, and he said without turning his face, " Daniel, why don't you take Rick to the house to play for a while, there are so many people today, don't scare him, wait until the guests are almost here, take him to meet someone and say hello to everyone. "

"Okay." Daniel nodded, as if sensing his father's emotions, he said, "Rick has prepared a birthday present for you."

Rick blinked, and nodded in agreement with Papa.

Hearing this, Lu Chongshan's solemn mood dissipated a bit, and he said with a smile, "Oh, really? Little Treasure is so filial, Grandpa is looking forward to it!"

Watching one big and one small enter the room, Yan Ruyi sighed behind her, "When Rick fully recovers and Daniel marries Ziyao again, I can completely let go of my heart!"

Lu Chongshan shook his head, "It's not that easy."

Right now, one big and one small have been beaten to death by that woman...

Chapter 833

As dusk fell, the carved gate of the vast garden that had been closed for many years in the old house slowly opened, and distinguished guests from the imperial capital and afar traveled slowly into the majestic main house.

All guests have to go through metal detection before entering the door. Except for the gold and silver jewelry worn by the ladies, any dangerous products are not allowed to enter.

The manor gradually became lively, and the luxury cars at the gate followed one after another, each more luxurious than the last.

As one of the biggest events in the imperial capital's top celebrity circle, reporters have long been eyeing this event, but the Lu family's style has always been low-key, and this banquet is not open to the public, so naturally no one dares to touch this eyebrow.

"Brother Lu, happy birthday!" Guan Rui congratulated with a smile all over his face, besides Guan Ziyao, there was a young boy beside him.

"You're welcome, please come in! Is this...?" Lu Chongshan and Yan Ruyi looked suspiciously at the thirteen or fourteen-year-old boy next to Guan Rui, with a well-proportioned appearance and a slightly arrogant expression.

"This is my grandson, Guan Zhichen!" Guan Rui introduced.

Yan Ruyi immediately had an expression of enlightenment, "Oh, it turned out to be Zhichen! When I saw him back then, he was still a little kid, but in a blink of an eye he has grown so big! I didn't recognize him at all! He should be in junior high school now. ?"

"Aunt Lu, he is in his third year of high school, and he skipped a few grades." Guan Ziyao replied.

"Yo, that's great, Xiao Chen is really a good-looking talent, and he will definitely be better than his father in the future!"

Guan Rui looked at his grandson with a proud face, but he still said modestly, "He is still far away!"

...

After entering the hall, Guan Ziyao looked around, and then asked casually, "Aunt Lu, why haven't you seen Rick?"

"Oh, Rick, Rick is still in the room, I'm afraid he won't be used to the crowd, so I'll bring him out later." Speaking of her grandson, Yan Ruyi's tone was very kind.

Hearing this, Guan Ziyao took Yan Ruyi's arm, and said in a concerned tone, "Auntie, Rick's situation... I also know a little bit. When I was abroad, I minored in psychology, and I also came into contact with many such comparisons. Special children, maybe, I can help take a look?"

"This..." Yan Ruyi hesitated.

"Otherwise, it's not an option to go on like this for a long time! When Zhichen was five years old, we were able to hold meetings with my brother in the company, and we didn't have stage fright at all..." Guan Ziyao continued.

She knew that the most important thing in the Lu family was not Yan Ruyi, or even Lu Chongshan, but Daniel's son of unknown origin, Rick...

The only son of Daniel, the only grandson of Lu Chongshan and Yan Ruyi.

Because Lu Chongshan's family of grandchildren currently only has this one and only male grandson, they value this child far more than anyone else thinks.

For this reason, when she was abroad, she even studied psychology for a period of time, focusing on autism.

Hearing this, Yan Ruyi felt a little uncomfortable for some reason.

The real autism is completely isolated from the outside world. Their little treasure is just more introverted than ordinary children after being stimulated. How can it be autism? Even Qin Mufeng said that Rick does not belong to the category of autism, at most it can only be regarded as post-traumatic stress disorder.

What's more, since that girl Selena appeared, Little Treasure's condition has improved a lot. He can laugh, make trouble, and even talk...

Chapter 834

However, she also knew that Guan Ziyao had good intentions, so she patted her hand and thanked, "Good boy, thank you Ziyao, Rick is doing well now, if there is anything I need, I will definitely find you!"

Before Rick's situation was completely stabilized, even Guan Ziyao would not dare to let Rick get in touch easily.

When Guan Ziyao heard that it was still possible, she immediately asked persistently, "Is Rick going to school now?"

"Yes, I'm at school." Yan Ruyi said with a very comforting expression.

"Which school?" Guan Ziyao asked again.

"Splendid Kindergarten."

"As far as I know, this school is not bad, but it seems to be just an ordinary kindergarten... Rick's situation should be treated in a special way! I know a school specially for autistic children, In order to do a psychological project

before, I specially went to investigate. It is really good. Many children have improved a lot after going there. I know the principal there. Maybe, let Rick turn over to have a look ?” Guan Ziyao asked tentatively.

Although Yan Ruyi didn’t think Rick had autism, she would naturally wish for Rick to improve.

Hearing Guan Ziyao speak so brilliantly, she was naturally a little bit moved, and said with a slightly hesitant expression, “I still have to discuss this with Daniel before making a decision.”

Guan Ziyao hurriedly said, “It’s what it should be, don’t worry, you guys have discussed it, if you need anything, just contact me anytime! I’ll talk to Daniel about it later, and see what he means!”

“Okay, okay... Thank you, Ziyao!” Yan Ruyi was pleased.

Guan Ziyao not only didn’t mind Rick’s existence, but also thought of Rick’s sake in every way, so she was naturally more satisfied.

...

The two were chatting harmoniously, when suddenly, a little maid ran over in panic, lowered her voice, and leaned into Yan Ruyi’s ear and said...

“Old lady, it’s bad! Young master...Young master, he’s gone!”

“What did you say? What do you mean missing?” Yan Ruyi’s face suddenly changed.

Guan Ziyao also looked over with concern, “What’s going on?”

A while later, Yan Ruyi, Guan Ziyao, Lu Chongshan, Daniel and Saul appeared in Rick’s room together.

Lu Chongshan's face was extremely ugly, "How can such a good person disappear? How do you look after your child?"

The little maid looked at Yan Ruyi and then at Guan Ziyao, she seemed a bit embarrassed, but because she was afraid of Lu Chongshan's anger, she said honestly, "Actually, the young master came out just now, after hearing what the old lady and Miss Guan said, I ran away suddenly, there were too many people at the time, I couldn't catch up, and I couldn't find it later, so I was in a hurry..."

As the little maid said, she was so frightened that she almost cried! This young master is the lifeblood of everyone in the Lu family! If there was even the slightest mistake, she would be dead!

"What were you two talking about just now?" Lu Chongshan immediately looked sharply in the direction of Yan Ruyi and Guan Ziyao.

Yan Ruyi's face turned slightly pale, "Could it be..."

Guan Ziyao's expression also changed.

"You're talking!" Lu Chongshan looked at Yan Ruyi, anxious.

Just when Lu Chongshan was extremely anxious, Guan Ziyao's voice suddenly came from behind Daniel's phone_

"Auntie, Rick's situation... I also know something... this kind of special child... When we Zhichen was five years old, we were able to hold meetings with my brother in the company, and we were not stage fright at all... I know of a school dedicated to children with autism..."

While they were talking, Daniel had already quietly hacked into the surveillance system of the old house with his cell phone, and accurately retrieved the surveillance video at that time...

Chapter 835

Listening to Guan Ziyao's words in the surveillance, Lu Chongshan's face was obviously a little ugly.

The incident of Rick's kidnapping made a big fuss back then. Although the Lu family completely blocked the news and the outside world didn't know about it, these people in the circle still knew about it.

In addition, Rick hadn't appeared on any official occasion for two whole years, so it was inevitable that there would be various rumors, and some people even privately speculated that Rick was scared out of his wits, and that the only grandson of the Lu family was completely abolished.

Little Treasure may have a slight autistic tendency, but at this moment, when Lu Chongshan heard Guan Ziyao talk about a special child, an autistic child, and compared it with her nephew Guan Zhichen, how could Lu Chongshan feel comfortable in his heart.

Accompanied by the voice from the monitor, the atmosphere was a little awkward for a while...

Guan Ziyao frowned and said, "Auntie Lu and I didn't seem to say anything that might irritate the child. Is there some other reason?"

Saul who was on the side glanced at her and muttered, "Isn't this exciting? Think about it differently. If this were you, would you be willing to be sick one by one and sent to a special school? My family Rick is a normal child, and when he hears these words, he will naturally feel sad and sad!"

Saul's words really touched the hearts of Lu Chongshan and Yan Ruyi.

Guan Ziyao's expression froze slightly. Although she didn't think it was her fault in her heart, she couldn't refute Saul's words, so she could only apologize with a guilty face, "I'm sorry, I didn't expect this to happen..."

Of course, Yan Ruyi also knew that she didn't do it on purpose, so she patted her on the shoulder and smoothed things over, "Zi Yao, it's not your fault, no one knew that Rick would come over suddenly, and they heard this..."

Lu Chongshan muttered solemnly, "The most urgent thing now is to find Rick quickly."

On an occasion like today, if something happened, the consequences would be disastrous.

"Daniel, can you see where Little Treasure has gone through the surveillance?" Yan Ruyi asked hastily.

Daniel: "He deliberately avoided the surveillance cameras."

Guan Ziyao was a little surprised when he heard Daniel's words.

How could a child who was only five years old know how to avoid surveillance?

Was Daniel exaggerating a bit? It should be just a coincidence to avoid it...

When Yan Ruyi heard this, she became even more anxious, "Then what should I do... There are so many guests here today... It's not easy to find someone with great fanfare..."

Guan Ziyao naturally wanted to make up for his mistakes, so he thought about it, and then said, "Generally speaking, autistic... I mean, a child with Rick's personality lacks a sense of security, so he should hide in a place that lets him feel the safest, maybe he is hiding in this room!"

"Have you looked in the house?" Guan Ziyao looked at the little maid and asked.

The little maid nodded immediately, "I've looked for everything."

"Are you sure?" Guan Ziyao asked again, "Have you looked in the closet and under the bed?"

cabinet? Under the bed?

The little maid shook her head, then frowned, "That's not true... Our young master likes to be clean, why would he go into that kind of place..."

"Let's look for it, based on my experience, these places are the most likely!" Guan Ziyao said.

The little maid didn't move immediately but glanced in the direction of Lu Chongshan and Yan Ruyi.

Chapter 836

After receiving a positive signal, he hurriedly began to search, and Yan Ruyi and Lu Chongshan also helped to start searching around the house.

In the end, after searching for a long time, even the drawers were turned over, but nothing was found.

Guan Ziyao thought about it again, "Is there a place the child is used to going?"

The little maid got covered in ashes, wiped off her sweat and said, "I've searched for all the places that the young master might go!"

"Daniel, what should we do now? You should say something!" Yan Ruyi anxiously looked at her eldest son.

Daniel lowered his eyes and glanced at his phone: "I've seen a few entrances and exits, and he hasn't left the Bieyuan."

"It's all my fault, and I didn't notice that he came here... I said something that made him sad..." Yan Ruyi blamed herself all over her face, thinking about where Rick might hide her sadness now, her heart ached terribly.

Hearing this, Lu Chongshan's nerves did not relax in the slightest, "It means that he must still be at home? But... we must find someone! You can't let him stay alone, right?"

"Let him calm down." Daniel said expressionlessly.

When Lu Chongshan heard it, the volcano erupted, "Are you talking human? He is only a little bit older! You let him calm down! Rick's situation is already unstable, which is just right. Do you want him to become Is it what it used to be?"

Seeing that Daniel was still indifferent, Lu Chongshan said with a dark face, holding back his anger, "Okay, you don't have to play tricks on me anymore, just call that woman over!"

That woman...?

After catching the key words, Guan Ziyao immediately showed a vigilant look.

Daniel glanced at his father coldly, "Who is father talking about?"

"That girl..." Lu Chongshan glared at his son, and had to change his words, "Selena!"

"I don't know who she is from the Lu family. If I need a word from you, I'll just pass it on." Daniel said unhurriedly.

Saul shook his head, smacked his tongue secretly, tsk tsk tsk, Wife Protector is online again!

"Aren't you guys dating now?" Lu Chongshan said angrily.

"So father knows." Daniel's seemingly casual words clearly meant something.

They all know that he has a date, and they do everything possible to match him with other women. When he is free, he will be "that woman", and when he is busy, he will remember that she is his date.

Lu Chongshan's old face obviously couldn't hold back being so bullied by his son in front of outsiders, "You bastard, do you ever talk to your father like this?"

"You two, what are you arguing about! Don't look at it, is it time to quarrel?" Yan Ruyi pulled Lu Chongshan away, and kept giving him winks, signaling that even if it was for Rick, he should at least restrain himself. temper.

Afterwards, Yan Ruyi looked at Daniel, and persuaded her in a nice voice, "Daniel, your father is a little aggressive, so don't argue with him, Rick is important now!"

"Brother, no matter what, let's call sister-in-law over first, and then we'll be prepared in case something unexpected happens." Saul smoothed things over in a timely manner. Today is his father's birthday anyway, so it's not good to make too much noise.

Yan Ruyi nodded repeatedly.

Daniel: "Let me ask if she has time."

What does it mean to have time? Even if you don't have time, you should drop everything and rush over here. What is more important than Rick? Lu Chongshan was not very happy with Daniel's attitude, but after all, he had something to ask for, so he could only endure it.

"Okay, okay, call and ask!" Yan Ruyi hurriedly said.

Chapter 837

Guan Ziyao looked at the scene in front of him, and couldn't help but feel alarm bells ringing in his heart.

How is this going?

Looking at the situation, why does it seem that the woman has a great influence on Rick? Even Yan Ruyi and Lu Chongshan were so old that they didn't like that woman very much, but they still had to be so afraid of her.

He's just a mediocre actor, how could he have the ability to get close to Rick?

After all, she had inquired about it a long time ago, and even Qin Mufeng, a well-known psychiatrist in the country, was helpless against Rick...

At the same time, Zeling Studio.

After finishing an announcement, Selena stopped by the studio to take a look.

Gong Shangze, Han Momo, and Qiao Weilan were all busy. After Selena greeted all three of them, she called Gong Shangze into her office alone.

"Boss, what do you need from me?"

"Yeah." Selena nodded and looked at him, "Tell me what you think of Director Qiao."

Gong Shangze seemed a little hesitant, "Are you telling the truth?"

Selena smiled helplessly, "I'm here to hear the truth, of course!"

"Okay..." Gong Shangze coughed lightly, "Let's talk about Director Qiao first. Director Qiao's personality is really cold. We have been here these days, and we dare not talk to her at all. However, the business The ability is absolutely

top-notch. She might even be able to make a decision with a glance at the workload we have to deal with for several days. Therefore, during the few days she was here, our work efficiency was very fast. Basically, the fashion week The subsequent orders have almost been processed!"

Selena was slightly relieved as she listened.

Then, Gong Shangze hesitated and said, "But..."

"but what?"

"But... how should I put it, it is obvious that her heart is not here, and she has never taken the initiative to do anything except the work at hand." Gong Shangze replied truthfully.

After hearing this, Selena expected it, "It's really rare for her to be able to do what she is doing now."

After all, she came here halfway. To her, this is just a task assigned to her by Qin Shengyue. She does not seek merit but seeks no faults. She will not do anything other than her duties. When the time limit is up, She will leave immediately.

"Okay, I get the general idea. No matter what, Qiao Weilan's arrival has helped us a lot. You usually get along well. As for the studio, we still have to pay more attention to ourselves. We can't just watch her come and count on everything." Her." Selena said.

Gong Shangze: "Understood the boss."

Selena was talking to Gong Shangze when her phone rang suddenly, and when she checked the caller ID, it was Daniel calling.

In an instant, Selena's original strong woman-like expression immediately became gentle and sweet.

Seeing Selena's expression, Gong Shangze already guessed who it would be, and said wittily, "Boss, if there's nothing else, I'll go do it first!"

"Alright, go ahead!"

After Gong Shangze went out, Selena immediately connected the phone, "Hello... Lord Boss... Why are you calling me at this time?"

"What are you doing?" Daniel asked, his tone could not be exaggeratedly gentle.

"I'm in the studio, I just came over to check the situation..."

"If you're not busy, can you come to the old house?" Daniel asked.

"I'm not busy... But why did you suddenly ask me to go to the old house? Isn't today your father's birthday?" Selena frowned slightly, and almost immediately noticed something was wrong, "Is something wrong with Rick?"

Chapter 838

"Don't worry, Little Treasure is fine, it's just that he couldn't find anyone suddenly. I've checked the surveillance cameras at several entrances and exits. He hasn't left. He must still be in the old house." Daniel returned.

"What? Suddenly I can't find anyone? How can you not find anyone if you are so good? I'll come over right away! Let's talk about the details later!" As soon as Selena heard that it was about Rick, Selena didn't have time to ask more questions, and immediately Ready to go.

"Slow down on the road, don't worry, take a taxi, don't drive by yourself." Daniel warned worriedly, obviously worried that she would go racing again.

"I know, I know..."

In the old house, Saul and Yan Ru felt that Daniel should have successfully called him over, and they were relieved.

Guan Ziyao pulled out a smile, and asked casually, "It seems that Miss Ning and Rick have a good relationship, right?"

"Yeah, our little treasure... really likes that girl, and listens to her more." Yan Ruyi replied after considering her words.

This matter must not be hidden, Yan Ruyi simply gave Guan Ziyao a vaccination in advance.

When Guan Ziyao heard this, his eyes flickered slightly.

She didn't expect that woman to be smarter than she imagined, and she had established a relationship with Rick so early.

Guan Ziyao sighed, and then said in a tone full of hope, "That's great, as long as Miss Ning comes, I will definitely find Rick!"

Although she said this on purpose, in fact, she knew after a little speculation that Selena must have never been to the old house a few times, and she probably didn't even walk through the old house. place, and without disturbing the guests... Where can I find Rick?

There is a saying that the greater the hope, the greater the disappointment.

Lu Chongshan and Yan Ruyi naturally thought of this too, but they had no other better way.

"Of course it's impossible to completely rely on an outsider. I've told my servants to be quiet and continue looking. If it's not possible, I'll end the banquet early!" Lu Chongshan said in a serious tone.

Guan Ziyao couldn't help but secretly startled.

Although she had already made preparations, she seemed to have underestimated the importance Lu Chongshan attached to Rick.

...

Lu's old house.

By the time Selena arrived, almost all the guests for tonight's birthday banquet had arrived. The courtyard was brightly lit, and the sound of melodious performances and lively conversations among the guests could be faintly heard.

Tonight, the surrounding area is under martial law, and taxis can only drive down the mountain.

Fortunately, as soon as Selena got out of the car, she saw Saul already waiting by the side of the road.

"What the hell is going on tonight?"

Saul started the engine and explained the whole story to her while driving, "...that's how it happened! Rick still doesn't know where to hide and is sad, poor baby!..."

Selena narrowed her eyes slightly, and the coldness in her eyes didn't match her at all, "That Guan Zhichen, is he very powerful?"

"He has been hailed as a genius child since he was a child, and he is already in the third year of high school at the age of thirteen. He will take the college entrance examination next year and prepare to apply for Imperial University! Of course...it is definitely incomparable with our little treasure...even I am not comparable to the young master. How about you?"

While talking, the car has already driven to the door.

Saul went around and helped Selena open the car door, scratching his head worriedly, "Selena, this time seems to be a bit tricky. In the past, Rick would hide in the attic at most, but this time, there was no one at all. I don't know where to hide, after all, you are not familiar with the terrain of the old house, if you really can't do it, don't force it, at worst, let my dad end the banquet early, nothing is as important as Rick..."

While Saul was muttering, Selena suddenly let out a soft cry beside him, then bent down with a face full of surprise, and hugged the little guy rushing over from the darkness, "Rick? Baby! You scared Xiaoxi to death Auntie! Where did you go just now?"

Saul looked at the little treasure they couldn't find with a dazed expression on his face, "Karen, your automatic treasure hunting function...it's amazing!"

Chapter 839

Meanwhile, somewhere in the backyard garden.

Daniel, Lu Chongshan, and Yan Ruyi were all there, besides Guan Ziyao, surrounded by a few servants with trembling expressions, and the housekeeper was constantly giving instructions to the person on the other end with a wireless walkie-talkie.

"Master, I still... still haven't found the young master!" Butler Xing replied sweating.

Lu Chongshan's face darkened, "Continue to send more people."

"If you send more people, I'm afraid it will arouse the suspicion of the guests..." Butler Xing looked hesitant.

They are saying to the outside world that Yan Ruyi accidentally lost a valuable necklace, so they are looking for it. However, if it is just for a chain, it is a bit unreasonable to send so many people.

What's more, none of the masters of the Lu family showed up tonight, and those guests are not fools, I'm afraid they have already started to become suspicious...

"Withdraw." Daniel glanced at the time on his watch, and then said a word to Xing Wu.

One said to send more people, and the other asked him to withdraw. Xing Wu looked at the old man and then at the young master, and froze for a while. This... who should I listen to...

"Little Treasure hasn't been found yet, why withdraw?" Lu Chongshan's face was full of anger.

"Selena is coming soon." Daniel said.

"So what if she arrives? Is she a fairy? Many of us turned over the turf and couldn't find Rick. She alone can find someone?" Lu Chongshan said angrily.

"Daniel, Rick's safety is more important, we should follow Uncle Lu's advice and send more people to look for him!" Guan Ziyao persuaded from the side.

"Xing Wu, what are you still doing!" Lu Chongshan urged.

Xing Wuzheng was in a dilemma, glanced from the corner of the eye inadvertently, and suddenly stared at the front not far away, dumbfounded, and said, "Little...young master..."

"What? Little Treasure? Where is it?" Yan Ruyi and Lu Chongshan said in unison.

"Over there...it seems to be the young master..."

All of a sudden, everyone looked in the direction Xing Wu pointed at.

Then they saw Saul and Selena walking towards them, and Selena was holding a child in her arms.

The little guy was wearing Saul's suit jacket, and he hugged the girl's neck tightly, with his little face buried tightly on her shoulders, a posture that would only occur if he felt extremely insecure.

All of a sudden, everyone greeted him with surprise on their faces.

"Saul, where did you find Rick?" Yan Ruyi was very excited.

"I didn't look for it at all. As soon as my sister-in-law appeared, Rick appeared right after her!" Saul spread his hands.

"..."

I didn't expect it to be like this, and everyone was stunned.

In the end, it wasn't Selena who found Rick... it was Rick who found her...

No wonder Daniel was so sure that when Selena came, he would definitely find Rick.

Obviously, Rick was nearby, but he didn't want to show up. When he saw the person he wanted to see, who he could rely on, and who made him feel safe, he naturally came out.

No matter what, Lu Chongshan and Yan Ruyi finally breathed a sigh of relief, but they didn't know how to treat Selena for a while.

Selena didn't care about these things, she was all focused on the little bun, and she was coaxing softly, when the little guy suddenly got out of his little head, holding the clipboard in his trembling little hands, as if he wanted to say something...

"Baby, what's the matter?" Selena hurriedly took the writing board.

The next second, when she saw what Rick wrote, her eyes turned red instantly...

I saw Rick writing on his writing board: Mom, I want to go home

Chapter 840

Mom, I want to go home...

Seeing these words, Yan Ruyi burst into tears.

Only then did she realize how much her words to Ziyao had hurt Rick?

It wasn't that he was extremely sad, it was impossible for him to write such helpless words.

They kept saying that they loved Rick the most, but they couldn't even give him a home.

Rick didn't even have a sense of belonging to this place from beginning to end.

He is at home, but he is saying that he wants to go home...

But Guan Ziyao's attention was all on the word "mother". She thought that this woman was at most familiar with Rick, but she didn't expect Rick to recognize this woman as his mother!

No, she has to hurry up!

On an occasion like today, Selena didn't want to take a dip in the muddy water of the lake. She originally planned to comfort the little bun and then leave, but now, she completely changed her mind.

Just taking advantage of today's occasion, she wants to make everyone dare not look down on Rick again.

Even if she and Daniel couldn't have smooth sailing in the future, she also hoped that Rick would be fine even without her presence.

So, Selena restrained her emotions, and said to the little bun in a very soft tone, "Be good, baby, this is your home, and, today is grandpa's birthday, we have specially prepared a great birthday present for grandpa, Did you forget it?"

The little bun didn't react when he heard this, but his little hands hugged Selena even tighter.

"I'll accompany you to give the gift to Grandpa later, okay?" Selena said again.

Hearing this sentence, Rick finally rubbed Selena's shoulder with minimal movements and nodded in agreement.

He wanted to go home, and home was where Selena Mama was.

After comforting the little bun, Selena looked at the elders, and said in a worried tone, "Little Treasure may have been outside just now, and his body was very cold, I'm afraid he's caught a cold, it's best to take a hot bath quickly... "

When Yan Ruyi heard this, she hurriedly said, "Then quickly enter the house! Stop standing in the yard!"

Lu Chongshan was already ready to let Rick and Selena go, but he didn't expect Rick to be willing to stay, so he hurriedly let the two in.

As long as Rick is willing to stay, even that woman's little thought of using Rick to stay at the birthday banquet to show her face, he will condone it.

In the banquet hall in front, the guests had waited for too long, and they had already begun to discuss in whispers. Seeing that Rick's condition was stable, Lu Chongshan and Yan Ruyi hurried to the front to greet the guests.

"Sorry, I've kept you waiting for so long! Thank you all for taking the time out of your busy schedule to attend my birthday banquet..."

"Mr. Lu, you are too polite!"

"It is our honor to be invited by your old man!"

After Lu Chongshan exchanged polite greetings, everyone warmly congratulated him on his birthday. There was nothing unusual on the surface, but when they turned their heads, it was inevitable that they would secretly speculate.

"What do you think of what happened tonight?"

"It is said that Mrs. Lu's beloved necklace is lost... But, it's just a necklace, do you need several masters to disappear together for most of the night?"

"Could it be that the young prince of the Lu family fell ill again..."

"It's probably true, the Lu family is unlucky enough, just such a single seedling, and turned into a fool!"

"Hehe, the Lu family is doing so well now, how could it be possible to have no secrets, I'm afraid it will be retribution to the children and grandchildren..."
