

Cruel Heart Lover

Novel

Chapter 841

"The Lu family is simply deceiving people too much. Daniel has an illegitimate child before he is married. Our family didn't say anything. Your words are purely for the benefit of the child. It's fine if you don't appreciate it. How can you blame me if something happened? On your head!" Guan Rui was furious when he heard what his daughter said.

"Dad, don't get excited. Uncle Lu and Aunt Lu didn't mean to blame me. They kept comforting me, saying that it had nothing to do with me! Aunt Lu was very polite to me before, thank you very much!" Guan Ziyao hurriedly explained.

Only then did Guan Rui's expression soften, "It's not too bad... Is that woman really so good with Rick?"

Guan Ziyao nodded with an unhappy expression, "I saw Rick calling her mother directly."

Guan Rui didn't take it seriously, looked at his daughter, and asked in a deep voice, "Ziyao, what do you think is the most important thing for you right now?"

"Build a good relationship with Rick." Guan Ziyao replied.

Guan Rui shook his head, "Wrong, although you are smart, you are still too confused about this matter. The child's current situation is basically equivalent to a useless person. What's the use of trying to please a useless person?"

That woman had already held the child in her hand, did you see that Lu Chongshan and Yan Ruyi let go? Even if she dated Daniel, it's not that she didn't admit her, she didn't even invite her to an occasion like today, and she had to go to great lengths to use a child to come! "

Guan Ziyao said concentrating, "It's because that woman's background is too low, and I can see that Uncle Lu and Aunt Lu really care about Rick very much, so I thought at least to make Rick like me, so, Even Daniel thinks more of me."

Guan Rui sighed, and explained to her sentence by sentence, "After all, Rick is the only blood of the Lu family and their own flesh and blood, so he will naturally care about it. Because he cares, the Lu family is choosing his mother." It will be more cautious and harsher.

The future mistress of the Lu family, do you know what this position means? No matter how happy that woman made Rick, at best, the Lu family invited her to be Rick's tutor, or even a nanny, to take care of Rick at all times, but is Lu Chongshan so confused to let her in? "

"This..." Hearing this, Guan Ziyao was visibly shaken.

Guan Rui patted his daughter on the shoulder and said earnestly, "So, Ziyao, don't put the cart before the horse. The most important thing for you right now is to make Lu Chongshan and Yan Ruyi value you more. It's easy for you.

Just now, you have already mentioned the important point, that woman's background is too low, no matter how much she jumps around, it is absolutely impossible for her to enter the Lu family's door.

You must be more open-minded, don't feel unhappy because of such a small matter of children's affection, even if you marry in the future, it will be the

same, and you must have the mind of the mistress. The position of the head of the Lu family's mistress can only be yours, do you understand? "

"Dad, I understand." After hearing this, Guan Ziyao nodded with firm eyes, and the impetuosity in her heart just now dissipated immediately.

Guan Rui looked at the jewel in his palm with comfort, "You just need to understand."

In fact, there is one more important point that he didn't mention. When Ziyao marries into the Lu family and has her own child with Daniel, with the genes of their Guan family, Lu Chongshan and Yan Ruyi can still have children in the future. Don't like it?

At that time, the attention will naturally be diverted from that waste...

Chapter 842

"Dong dong dong" knocked on the door.

Selena walked over and opened the door.

At the door, a little maid stood there with a bowl of soup carefully in her hand, "Miss Ning, this is the ginger soup that the old lady asked the kitchen to cook, it can drive away the cold."

"Ah, thank you, I'm sorry to trouble you, I will let the young master drink it immediately after he takes a bath."

"No trouble, it should be done." The little maid bowed respectfully and left.

Selena put the ginger soup on the table, then knocked on the bathroom door, "Daniel, have you finished washing?"

"Okay." Daniel's voice came from inside.

A while later, Daniel came out holding Rick who had just taken a hot bath.

The little bun was wrapped in a big bath towel, his hair was slightly damp, and the fragrant and soft one was hugged by Papa.

Seeing her, Selena immediately covered her cute little heart, "Ahh, Daniel, I want to hug, I want to hug!"

Rick also immediately stretched out his little hand to hug Ma Ma.

Daniel gently sent the little bun into Selena's arms.

Selena hugged the little bun, kissed the little guy's rosy cheeks, and then fed him ginger soup, "Honey, this soup is a bit unpleasant, but it can keep the cold away, and it's good for your health!"

The little bun didn't resist at all, Gulu Gulu drank it all in one gulp.

Selena happily applauded and praised, "Baby is so good! It's so good that I finished it all!"

By the time Rick finished his bath, drank ginger soup and changed his clothes, he had already recovered more than half of his energy.

Selena glanced at the time, "Daniel, take Rick to the front to entertain the guests first!"

"Yes." Daniel nodded, and didn't ask any further questions about Selena's decision to let Rick stay.

When Rick heard this, a nervous expression appeared on his small face.

Selena rubbed his little head with a smile, "Don't worry, you go down with Papa first, and I'll go find you soon after Mama changes her clothes!"

The little bun's slightly disturbed eyes immediately settled down, he nodded obediently, and let Papa hold his little hand.

Selena comforted the little bun, then pointed her finger at Daniel with some hesitation: "That...Master Boss, let me tell you in advance, I might do something...to offend people later... .."

Daniel: "Well, even if you offend me, it's me."

Selena: "..."

Uh, why did the Great Demon King give her a sense of sight like a foolish king?

However, what if it is more charming!

This kind of feeling that even if the sky is pierced, there are people supporting me, don't be too happy...

"Hey, why didn't you see Boss Lu tonight?"

"It seems that I haven't seen it all the time, maybe I haven't come yet!"

In the banquet hall, Daniel hadn't been seen for a long time, and many people were already asking about it. After all, it was his father's 60th birthday, and Daniel was the current helm of the Lu family. .

At the same time, everyone became more certain about their previous guesses. Sure enough, something happened to the little prince...

Hearing people asking questions one after another, Lu Chongshan's brows were filled with worry, and he didn't know how Rick's situation was.

"Daniel, he..."

Lu Chongshan was about to find a reason to explain the past to everyone, but before he could speak, he suddenly saw two familiar figures, one big and one small, at the door.

Immediately, some sharp-eyed people also noticed it, and couldn't help exclaiming, "Oh! Mr. Lu is here... Uh, the kid next to Mr. Lu is..."

For a moment, all eyes in the hall looked towards the door...

Chapter 843

Daniel was dressed in a black formal suit, the tie on his chest was the only bright color, his face showed no expression, as indifferent and alienated as before.

But at this moment, this lonely and cold man, who is thousands of miles away, is actually holding a little boy in pink and jade that doesn't match his indifferent feeling at all.

The child was about five or six years old. He looked like the boy who walked down from the portrait of Guanyin, with fair skin and big eyes. He was wearing the same British retro-style suit as Daniel, like a little gentleman in the middle ages.

The most important thing is that although the child's facial features are immature and cute, it can be seen at a glance that they are carved out of the same appearance as the father beside him.

Especially that three-point cold, seven-point proud little expression, it's almost alike.

Needless to say, just by looking at this small face, one can tell his identity at a glance. He is definitely the legendary little prince of the Lu family.

Facing such a large banquet scene in front of him, and so many people's fiery eyes, the little guy's face remained unchanged, and he walked beside his father calmly, with an astonishing bearing at such a young age.

As expected of a child who can only be cultivated in such an environment as the Lu family's... For a moment, such thoughts flashed through everyone's minds.

But... It's strange, isn't it rumored that the young master of the Lu family is so stupid that he hides at home all day and can't see anyone?

Where does this look like a fool?

After Daniel had led Rick down the stairs, the crowd finally recovered from their shock, and almost swarmed up, surrounding the father and son enthusiastically.

"Oh! This is Rickey, right?"

"It's so old, I remember the last time we met was the full moon banquet for the little guy five years ago, time flies so fast!"

"Rickey, do you remember me? You came to my house to play when you were three years old, and I even hugged you!"

...

Quite a number of elderly grandparents and grandparents sighed, "The moment I saw Rickey just now, I thought I saw Daniel! This little girl looks exactly like Daniel when he was a child!"

"Isn't it!"

...

"Selena, the clothes you want are ready! I spent a long time borrowing them from Xiaorong, and I was almost suspected of being a pervert!" Saul held a set of maid outfits in his hand, with a sad face.

Selena hurried over to pick up the clothes and glanced at them with satisfaction, "That's great! You've worked hard!"

"Uh, Selena, aren't you really planning to wear this thing? Although I think your uniform is tempting...my brother should like it! But, on an occasion like today, you really don't think about being glamorous." Is that Guan Ziyao mad at everyone in seconds? I can give you a full outfit and a professional stylist right away!" Saul said with his eyes shining.

Selena glanced at Saul's little face who was more excited than herself, "No need, thank you, it's more convenient for me to use this outfit!"

After finishing speaking, his eyes flickered slightly, and he said quietly, "Tonight...is not my home game!"

Saul was confused, "Ah? Whose is that..."

"You'll know later! Get back quickly! I'm going to change clothes!"

"Cha..." Saul quickly rolled out.

Well, suddenly I was really looking forward to what happened to his brother seeing Selena in a maid outfit...

All the uniforms of the servants in the Lu family were designed and selected by him himself, especially the maid uniforms, he spent a lot of effort...

Chapter 844

In the banquet hall, almost all the guests present were very interested in Rick, and saw that the little guy looked very cute like a white and soft little bun, and

even his serious face was very cute. It was inevitable that they all couldn't help but lean over to tease him.

Even if the child is frightened out of his mind, he is undoubtedly a likable...

Watching the people around talk to each other, and Selena's delay in coming, Rick's face gradually showed a bit of impatience, and the little hand that was originally held by Daniel also wanted to Break free.

He doesn't want to be here anymore.

Daniel, who was entertaining the guests, sensed the little guy's emotions, glanced down at his son, and said in a low voice, "Wait a little longer."

The little bun blinked his eyes, and could only continue to socialize with Papa sullenly.

Rick was in a bad mood all the time, he didn't say a word from the beginning to the end, and it became more and more obvious later, some attentive guests naturally noticed, and asked with concern, "Mr. Lu, why does Rickey look so energetic tonight?" Not looking good?"

"Are you feeling unwell?"

"If you don't feel well, let the child go to rest first! Don't force yourself!" Guan Rui also persuaded.

"Yeah, your body matters!"

Amidst the sympathetic eyes and the comforting voices of understanding, a girl's clear and sweet voice like a silver bell suddenly came...

"Master, I'm here!"

At the door, a little girl in a maid uniform was trotting towards them.

The girl wore twin ponytails, her eyes were clear and lively, her little face was flushed, she looked very young, and she stood in front of Daniel out of breath, with an extremely respectful look, "Master?"

Daniel coughed lightly, finally recovering from the temptation of his wife's unprepared uniform.

Daniel handed his son, who was about to run off like a pony after seeing Selena, into Selena's hands, with a calm expression on his face, "Well, take the young master to eat something."

"Good young master! Young master, follow me!" Selena bent down, stretched out her hand towards Rick, and winked secretly at him.

Little bun looked up at Ma Ma with his head up, his eyes sparkling with surprise, he showed a big smile, then happily handed his little hand to Ma Ma, and obediently followed Ma Ma towards the food area.

Looking at the backs of Selena and Rick leaving happily, Daniel stood where he was, quite dumbfounded.

I didn't expect that she would choose to accompany Rick in this way... However, it is indeed something she can do.

"Oh, it's no wonder Rick has been depressed tonight, so he's hungry!"

"Children, it's time to grow up, and you won't be hungry for a meal!"

...

Lu Chongshan had been tense all the time, he finally breathed a sigh of relief, and said with a smile, "My child is too bored and doesn't like to talk much!"

He thought that Selena would definitely take advantage of this opportunity tonight to dress up gorgeously and even cling to Daniel's side to swear that she was his girlfriend. By Bao's side, I couldn't help being a little surprised...

"Hahaha, even this is the same as when Daniel was a child!"

Lu Chongshan smiled, "What's the same, Daniel was much more boring than Rickey at that time!"

Everyone couldn't help laughing.

Some old friends were talking about Daniel and Saul's childhood fun, and the atmosphere became warm again.

It's genetic...

Immediately, the reason for Rick's withdrawn personality was also answered, it was not so abrupt...

Chapter 845

In a secluded corner of the banquet hall.

"What did you say? That little maid is Daniel's girlfriend?"

"Yes, it's just... I don't know why she appeared dressed like this!" Guan Ziyao showed a bit of vigilance, feeling that the woman was not that simple.

Guan Rui said contemptuously, "Is there even a need to ask? Lu Chongshan and Yan Ruyi don't recognize her, does she dare to appear by Daniel's side in an open and aboveboard manner? Isn't it just a servant! Ziyao, this kind of role, You don't need to waste time on her at all, just use your energy..."

Guan Rui was talking to his daughter when Daniel suddenly walked over not far away, "Uncle Guan, it's my father's birthday tonight, thank you for coming."

Seeing that Daniel came over to greet him alone, Guan Rui was immediately very helpful and said with a smile, "Daniel, you are too polite. With the relationship between me and your father, there is no need to talk about such hypocrisy!"

After a few words of pleasantries, Daniel suddenly and calmly waved towards him not far away.

Selena was eating with Rick, when she suddenly saw Daniel waving, she was a little suspicious, so she said something to Rick, and then ran over, "Eldest Young Master, what do you want?"

Guan Rui and Guan Ziyao also looked at Daniel suspiciously, not knowing why he called this woman over.

Could it be that she was asked to pour wine and get something?

Daniel glanced at the girl next to him tenderly, then looked at Guan Rui, and introduced, "Uncle Guan, this is my girlfriend Selena. Selena, this is Uncle Guan, my father's best friend. He doesn't need to pretend anymore."

Ahhh...what is the big devil trying to do...he actually introduced himself to Guan Rui...

Isn't this intentional to piss off Guan Rui and Guan Ziyao?

uh, well...

Maybe it's intentional...

Selena was a little surprised, and followed Daniel's wishes, and said hello obediently, "Hello, Uncle Guan."

"Okay...okay..." In an instant, Guan Rui's expression turned extremely ugly.

Daniel, what does this mean?

Knowing clearly that the Lu and Guan families intend to marry, they deliberately introduced this woman to him!

However, even though he was so angry that he was about to vomit blood, he couldn't say a word. After all, Daniel's actions were not a problem in terms of etiquette.

"Go play with Rick." After greeting, Daniel let Selena go back.

Then, as if he hadn't noticed Guan Rui and Guan Ziyao's expressions at all, Daniel continued to speak unhurriedly, "I made Uncle Guan laugh, although I really want to introduce her to everyone, but Selena attaches great importance to it." Because of her professional reasons, we can't disclose her work for the time being, and as a man, I can only feel a little bit wronged."

"Yes, yes... there is nothing to do!" Guan Rui was so angry that his fingers pinching the wine glass were trembling, and he still had to hold on to his elder's posture.

Guan Ziyao's concentration was a little weaker, and her face turned pale.

In the end, Guan Rui took a deep breath and recovered his composure. He held his wine glass and said with a smirk, "Daniel, since I'm an elder, I have to remind you one more thing. Given this girl's humble background, I'm afraid I'm not good enough for you! Your parents probably won't agree to it, right? You know, young girls nowadays, especially those in that circle, don't come here for the money. It's fine for fun. Seriously, it's too out of proportion..."

Daniel glanced at Guan Rui with an unpredictable expression, and said calmly, "Thank you for your concern. In terms of status, I really don't deserve it. I'm not worthy of Selena."

Chapter 846

After Daniel said this, he nodded and left.

Guan Rui and Guan Ziyao stayed where they were, looking at each other, Daniel... what does this mean...

"What did Daniel mean just now? Isn't this woman the adopted daughter who was kicked out by the Ning family?" Guan Rui frowned.

"It seems that she is not an adopted daughter, but her own..." Guan Ziyao pondered.

Guan Rui snorted coldly, "What am I supposed to do, even if it's the Ning family's own, it's not as good as a finger of yours!"

"But from Daniel's words, it seems that this woman has another identity?"

Guan Rui thought for a while, and said, "I'll check it later, and you don't have to pay too much attention to it. After all, that kid is still young and energetic. He probably didn't want to obey the family's arrangement, so he deliberately used this to choke me! In the imperial capital, how many people are there who are not even worthy of the Lu family? You can count them on the fingers of one hand! But there is no one like Selena who can get the slightest relationship!"

...

The banquet continued, and the atmosphere was warm and harmonious. For one night, most people's eyes were on the little prince who rarely appeared in the Lu family.

Some people even wished that the child would be ugly on the spot tonight out of jealousy and dark psychology.

It's a pity that they were disappointed in the end. Ever since Rick was led by Selena, he has always been obedient and obedient, no different from normal children.

It seems that after two years of treatment, his condition has stabilized, otherwise the Lu family would not have dared to let him appear...

The focus of tonight, besides the young master of the Lu family, is none other than the young genius of the Guan family who just returned to the imperial capital recently!

Xueba is worthy of being a schoolmaster. He never forgot to study even at a banquet. Hearing that there are many powerful people tonight, he brought a few math problems that he couldn't solve for many days, which attracted many guests. Surrounded by the past eager to try.

"My God, is this a junior high school math problem? It's too perverted! The students are so pitiful!"

"Hahaha, Mo Lingtian, you sgumbag, you can't even understand the question. This is a university course, and it's a competition question!" A young man next to him sneered mercilessly.

The corner of Mo Lingtian's mouth twitched, "Uh, well...it's not that the topic is abnormal, it's that the primary school bully of the Guan family is too abnormal!"

"Ah! I seem to have made one! Is the answer to the first question -9?" At this moment, a boy wearing glasses came over and asked excitedly.

Guan Zhichen shook his head with a stern face, "No, the answer to this question is 0."

"Uh...it's not right again!" The young man looked disappointed.

"I already thought of the solution to this question just now, and I can teach you, but it's just the second question, and I still haven't been able to solve it yet."

...

"Old Guan! This grandson of your family is really incredible!" Not far away, several guests looked at the lively children over there, all with expressions of envy.

Lu Chongshan was also full of praise, "A tiger father has no dogs!"

Guan Rui said in a helpless tone, "He is about to become a nerd, and I also have a headache! Originally, I took him out this time to relax. Who knew that if Ziyao and I didn't pay attention, he would go to do the quiz again!"

"Hey, Lao Guan, what you said is really annoying! That brat in my family would rather be beaten three times a day than read a book for a minute every time!"

"Can your family compare with Lao Guan's? He has an IQ of 180, and won the International Mathematical Olympiad award when he was only ten years old..."

...

Chapter 847

"It's really amazing! It feels stronger than that kid Daniel back then. It's really the waves behind the Yangtze River pushing the waves ahead!" At this time, a guest with a good relationship with the Guan family sighed.

As the host, Lu Chongshan has been politely complimenting Guan Rui with everyone. After all, we will be a family in the future. As a result, after hearing this sentence, a sneer flashed across his heart.

Heh, better than Daniel when he was a child?

Saying this is not afraid that the wind will flash your tongue!

Lu Chongshan was disdainful in his heart, and his face naturally did not show, "Hehe, of course he is stronger than Daniel!"

Guan Rui waved his hands with a smile on his face, "Hey, stop praising him, the more you praise him, the more shameful he is, how can he compare with Ting Xiao! If he can have half the ability of his uncle Xiao in the future, then I will laugh in my dreams Woke up!"

"Director Guan, you are too humble. If this child continues to develop like this, he will definitely have a lot to do! I'm not saying that the most important thing for a family like ours is not how much money they earn, let alone how much wealth they have accumulated. The most important thing is People. Only when the children and grandchildren live up to the spirit, is the foundation of the prosperity of the family business. If the children and grandchildren do not live up to the spirit, no matter how big the family business is, it will not be able to withstand the defeat of several generations!"

"That's right! That's the reason! So, after all, Lao Guan is blessed, whether it's Ziyao, Zihao or Zhichen, they are all so good! I don't know how to worry about it!"

"Isn't it? How is it like us? At a very old age, I still have to worry about those ba5tards at home..."

The guest's words immediately got everyone's approval. At the same time, everyone couldn't help thinking of the Lu family's weak descendants and the only grandson who was still in dire condition.

What about the No. 1 wealthy family in the imperial capital?

No matter how powerful Daniel was, he would only survive for a generation or two at most.

The several powerful side branches of the Lu family and the veterans of the company are all eyeing up. Once Daniel has no heir who can control the situation, this huge family may be in chaos, even overnight. Overturning is possible, and such examples abound.

No one can predict how the future structure and forces will be reorganized...

Somewhere in the banquet hall, Selena quietly watched a group of people chasing after the Guan family, and knew that the opportunity had come...

Mo Lingtian and the other young masters were all baffled by the thirteen-year-old Guan Zhichen with a math problem, and were scorned by their parents for a long time, so they couldn't help feeling a little shameless.

In the end, Mo Lingtian really had no choice but to helplessly spread his hands and said, "Zhichen, we guys are all sgubags, even if some people learned well at that time, after so many years, they would have forgotten all of them, otherwise, you go ask your aunt, she will definitely!"

Guan Zhichen glanced at Guan Ziyao, and grumbled reluctantly, "My aunt said she explained this question to me, but I still can't. She's angry with me and doesn't want to teach me!"

"Uh, that's it..." Mo Lingtian was helpless, and then, he suddenly thought of something and slapped his head, "Ah, I remembered! Your Uncle Xiao will definitely do it! Eh... Where is Daniel?"

Guan Ziyao glanced at Mo Lingtian and said with disapproval, "Daniel is so busy, don't bother him. It's really not right that Zhichen can't solve this problem. Let him think about it."

"Ziyao, you are too strict! Zhichen is so talented!" Mo Lingtian said helplessly when he heard the words.

Chapter 848

As for the other people on the side looking at the Guan family's education method, they couldn't help feeling awe and admiration in their hearts.

"This is the real wealthy elite education!"

"Even being so strict to the only son and grandson, and not arrogant at all, it's no wonder he's so good!"

"Hey, Lao Guan, how your family educates their children, we will also learn from you!"

...

While the guests were discussing parenting with Guan Rui one by one, a girl's crisp voice suddenly came from the crowd...

"Young Master Mo, I heard that you are looking for our young master. What is the matter? He has gone outside to meet the guests! If it is urgent, I can convey it to you!"

"Oh, there's nothing urgent, just a math... question... uh... cough cough cough... you... little white rabbit... why is it you?" Mo Lingtian could clearly see who the little maid talking to him was. Whoever came after, suddenly looked like a ghost, and lowered his voice.

This girl changed into such a dress, he almost didn't recognize it...

Selena directly ignored Mo Lingtian's question, and continued to act like a conscientious little maid, glanced at the exercise in Mo Lingtian's hand and said, "This question looks quite simple, so I don't need to call you Eldest Young Master. Go and ask the young master to help, do you think it's okay?"

"What?" Mo Lingtian looked as if he thought he had heard it wrong, "Who did you just mention? Rick?"

Selena nodded obediently: "Yes, we are Master Rickey."

Mo Lingtian didn't have time to worry about why Selena dressed like this, so he kindly reminded him, "Little girl, you can see clearly, well, you probably can't understand... In short, this is not the calculation of kindergarten. The problem is advanced mathematics, and it is a competition topic!"

"Young Master Mo, don't worry, the young master is very good!" Selena blinked, then lowered her eyes and asked Rick next to her, "Master... this little brother can't do a question, he's very worried. Look, can you help him?"

Rick nodded.

As soon as Selena appeared, Lu Chongshan had already frowned. After learning what she was going to do, he felt it was absurd, so he suppressed his anger and quickly stopped him: "This is none of your business, don't disturb the guests here. The young master is going to play elsewhere! Come down quickly!"

Seeing the little maid's behavior that was almost insane, the other guests looked at Lu Chongshan with sympathy, and more of it was a gloating that had nothing to do with them.

Why did the Lu family find such an incomprehensible servant to take care of the little prince? Is it because fools communicate better with fools?

Guan Rui and Guan Ziyao glanced at each other secretly. They were quite afraid of this woman at first, but now they didn't take her seriously at all.

Seeing that the little maid of the Lu family actually called a child to help her, and insisted that he was very good and would definitely do it, Guan Zhichen

suddenly felt that he had been insulted. Passed over, "You said he can help me? Okay, then give him a try!"

Seeing this, Guan Ziyao hurriedly smoothed things over, "Zhichen, don't make trouble, brother Rickey is only five years old!"

"I made everyone laugh!" Lu Chongshan had never felt so ashamed.

"It's okay...the little girl just didn't understand the title!" Guan Rui said with a generous expression.

Heh, this woman probably did this to curry favor with Lu Chongshan, but in the end, it's simply stupid for a low-level cultural level who can't even understand the title to take on this porcelain job...

However, at this moment, a few scattered exclamations suddenly came out from the crowd...

Chapter 849

When everyone was talking just now, Rick wrote down a number in the exercise book that Selena handed over.

"Hey, Rickey wrote a zero... What is the correct answer? I remember it was zero, right?"

"That's right! It's zero!"

"Ah! Then Rickey wrote it right!"

...

For a moment, Guan Rui, Guan Ziyao, Guan Zhichen and even Lu Chongshan were a little surprised.

Guan Zhichen frowned and said, "Brother Rickey, you wouldn't tell me directly not to scribble on the notebook."

Guan Zhichen didn't think it was the number zero at all. As for the others, including Lu Chongshan, they actually thought that Rick probably wrote it casually.

Selena glanced at the answers in the notebook, bent down, and said softly to the little bun: "Young master, you can't do this, this little brother doesn't know how to do this problem, you should write down the steps of solving the problem in detail A little, so that we can help little brother!"

Rick blinked his eyes, took a look at Mama, then buried his head in a cooperative manner, and began to write...

As Rick wrote more and more content on the paper, those expressions that were originally watching the show changed from concentration to surprise, from surprise to shock, and in the end, they simply turned into panic, and some people even stared wide-eyed and couldn't help expressing Pushed to the front, craned his neck and watched...

Especially Mo Lingtian, his eyes widened and his eyeballs were almost glued to the notebook, "Dmn...Dmn!!! Is Rick possessed by Archimedes?"

Guan Ziyao glanced at it from the corner of her eye, opened her mouth, tried to speak several times, but was unable to speak, not daring to disturb Rick to solve the problem...

For a moment, everyone's eyes were focused on the small focused figure in the middle, and the air was so quiet that you could hear a pin drop.

And Rick's expression was concentrated, completely immersed in his own world, and he was not disturbed by those gazes at all. The pen in that little hand was like a flower in his hand, and he wrote out a series of complicated formulas...

After a while, finally, Rick finished writing and wrote the last answer: "0", then raised his head and looked numb.

Selena gave Little bun a complimenting look, then bent down to take the notebook from Rick's hand, and handed it to Guan Zhichen with a smile, "Young Master Guan, this time, see if you can understand."

I saw that in the blank space of the book, Rick wrote a series of detailed problem-solving steps clearly in his handwriting, because Aunt Xiaoxi specifically asked to write in detail, and even pointed out a few places with a few arrows without worrying. A supplementary statement was written in brackets, and it was as if Guan Zhichen was being taught as a kindergarten child.

Soon, this exercise book was spread by those guests who were eager to see what happened.

Because Rick's problem-solving steps are so detailed that even a few sgumbags can understand it, and they praised him on the spot, "Dmn it! It's amazing! Even a sgumbag like me can understand it! I thought I'm not even as good as a thirteen-year-old child, it turns out I was wrong, I'm not even as good as a five-year-old child..."

"And this problem-solving method is so clever! It shouldn't be a conventional method, right?"

"Miss Guan, what do you think? Is the solution to this problem correct?"

Guan Ziyao looked at the exercise book, and then at the cute little guy in Selena's hand. She was in a state of astonishment, and said with some difficulty, "It's absolutely correct. Moreover, every step is very rigorous and perfect." , without the slightest flaw..."

Chapter 850

She even seemed to see Daniel back then. The father and son's problem-solving styles were almost the same...

However, Rick is only five years old this year! This is amazing too...

As soon as Guan Ziyao finished speaking, there was an uproar in the audience!

hell! This little guy really made it?

Not only that, but also got such a high evaluation from Guan Ziyao!

It's unbelievable!

However, they all watched Rick write down the steps to solve the problem stroke by stroke with their own eyes, and they couldn't believe it...

Compared with Guan Rui's obviously planned behavior of bringing his grandson to show his face in high-ranking occasions, Rick's completely inadvertent revealing move obviously shocked everyone more, and everyone immediately surrounded Lu Chongshan. ...

"Okay, old Lu! It turns out that you are the one who hides the most! No wonder you always hide it from us! Your grandson is simply a little child prodigy!"

"The Lu family's genes are too powerful!"

"Simply a genius!"

"This is no longer a genius level, okay? It's almost against the sky! I should have been playing with mud when I was five years old..."

...

At this moment, listening to those endless praises, Lu Chongshan really couldn't describe his mood at the moment, as if a bad breath that had been simmering for a long time was finally completely vomited out.

"Hey, you really wronged me. I really don't know about it. I guess this kid learned it from reading miscellaneous books! Rickey's temperament is the same as his father's when he was a child. He has his own ideas. It's not that I don't want to take care of it. I can't control him! I have to let him go!" Lu Chongshan had a helpless expression.

"You don't need to care about this, you are completely self-taught! This can be regarded as the fulfillment of that sentence, geniuses are different!"

"As expected of the Lu family! If it wasn't for that little maid who was ignorant and said it casually, who would know that this child is so powerful..."

"Haven't you heard that being low-key is the best way to show off?"

"Fortunately, there are people today who dare to say that Guan Zhichen's talent is stronger than Daniel... Even his five-year-old son can't compare to him?"

The female guests on the other side were even more excited, their eyes were almost shining when they stared at Rick, "Oh my god, Daniel's genes are also amazing, I really want to steal it!"

"Oh, you are so dirty!"

"Where am I dirty! How dare you say you don't want to?"

"Even if it's stolen, can you guarantee that you won't lower your baby's IQ? Speaking of which, I'm more curious about who the mother of this child is, and the genes must not be bad..."

...

Saul saw this scene as soon as he entered the door, and saw Selena controlling the situation in a calm manner, he was simply amazed: "Dmn it! Karen's acting skills are simply superb! I look like a good person The face of the Guan family was swollen..."

He finally knew why she had to dress like this and lurk beside Rick tonight!

I finally know who is at home tonight!

Selena is resolutely planning to help Rick find her place again!

Next to him, Daniel had a calm expression, like my wife's a naturally powerful expression.

"Selena never thought about it, what if Rick can't do it?" Saul suddenly thought of this question and muttered suspiciously.

Daniel glanced at him, and said blankly, "My son is so useless?"

Saul: "..."

Nima! Xiu Enai Kuangmo now has another Xiu son...

This day can't be passed!
