

Cruel Heart Lover

Novel

Chapter 871

Out of politeness, Selena didn't enter the door just now, but just stood at the door.

Therefore, it was only at this moment that Travis and Zhuang Liaoyuan in the room discovered her.

She was wearing women's clothing at the moment, so Travis naturally didn't recognize her, but Zhuang Liaoyuan was slightly startled when he saw her, obviously a little surprised.

After Zhuang Zongren saw Selena, he immediately showed an annoyed expression, "Come on! Hurry up! Take this lady upstairs to take a hot bath and change into clean clothes! I fell ill by the river just now, and the medicine I accidentally fell into the river, but this kid jumped into the water on the spot to help me pick it up, and even sent me back all the way!"

After finishing speaking, he gave Zhuang Rongguang a hard look at the grinning Zhuang Rongguang who was lying on the ground, "If it wasn't for this kid, I'm afraid I'd be dead now!"

When Travis heard this, her face was filled with gratitude, "So that's the case! Miss, thank you so much! It's such a cold day! Come upstairs with me and change your clothes!"

Selena said indifferently, "It's okay, I'll just go back and change."

"Then how can I do it! You must change out of your wet clothes as soon as possible! Otherwise, you will definitely catch a cold!"

"I was confused, just now I was only focused on teaching this brat a lesson, and forgot that this kid was still wet..." Zhuang Zongren was filled with guilt.

"Your body is important, go with Ke'er." Zhuang Liaoyuan said seriously.

After the other party said so, Selena couldn't refuse any more, so she could only nod her head in agreement, "Then I'll bother you."

While Selena was talking to Zhuang Zongren and the others, the boy at Selena's feet rolled his eyes slowly, got up and was about to continue running outside, but Zhuang Liaoyuan had already called someone over.

Two young men in military uniforms dragged Zhuang Rongguang in one by one...

When passing by Selena, Zhuang Rongguang gave Selena a hard look, "Dmn! I..."

Before he finished speaking, he was slapped by Zhuang Liaoyuan, "Presumptuous!"

Zhuang Liaoyuan's angry aura was really terrifying, and if Zhuang Zongren hadn't stopped him just now, he might have fired a second shot.

Immediately, Zhuang Rongguang didn't dare to say a word, and was led in silently all the way.

"I'm laughing." When Zhuang Liaoyuan turned to Selena, his expression was a little gentle.

"Hey, it's okay..." Selena coughed lightly, and hurriedly followed Travis upstairs.

Behind him, Zhuang Zongren looked at the direction Selena was leaving, leaning on a cane, and sighed, his eyes were rather envious, "I don't know what kind of family can teach such a good child..."

Zhuang Liaoyuan glanced at his father, but did not speak.

"This girl is very skilled. When she jumped down to help me pick up the medicine, it only took less than five seconds." Zhuang Zongren sighed.

"The marksmanship is better." Zhuang Liaoyuan nodded.

"Why, do you know each other?" Zhuang Zongren asked after hearing the voice.

"I've met you twice, Daniel's girlfriend."

"No wonder you told Jingshu not to think about marrying the Lu family after you came back last time..."

...

upstairs.

Travis took Selena to her room, "You go take a shower first! I'll help you find a change of clothes!"

"Okay thank you."

"You're welcome, it should be our family who thanks you!"

Selena went into the bathroom, took off her wet clothes, and took a bath.

When she came out in her bathrobe, Travis had already prepared a whole set of clothes for her from inside to outside. There was also a bowl of ginger soup on the table, she looked like a careful girl.

Chapter 872

Seeing Selena coming out after washing her clothes, Travis's expression suddenly became dazed. Selena, who had just taken a shower, was wearing loose pajamas, her naturally curly black hair was slightly damp, and her body exuded a rosy white luster. She actually made this woman's heart beat faster when she saw her...

Travis was stunned for a moment before she came back to her senses, and hurriedly said, "Well... our underwear should be about the same size, so I'll just find mine for you, but they're all new, I haven't worn them. Also, there is this ginger soup, you should drink it quickly!"

"OK!"

After a long while, Selena changed her clothes and took the warm ginger soup. She felt much more comfortable and didn't want to move.

Travis's room is very warmly and comfortably furnished, the main color is warm yellow, with lace-trimmed quilts, and warm velvet carpets on the floor. Her dressing style is also ladylike, so what Selena found was a light-coloured suit. A pink dress with a knee-length camel coat outside, the material is very warm.

Seeing Selena hugging the bowl and nestling there like a cat, Travis smiled, "Is it more comfortable?"

Selena nodded repeatedly.

"By the way, my name is Travis, you can call me Ke'er, I haven't asked your name yet!" Travis looked at her, and then asked thoughtfully.

Selena saw that her eyes were wrong, and her heart beat a little, thinking that she wouldn't recognize her in men's clothing, right? He murmured, "My name is Selena..."

As soon as Selena finished speaking, Travis immediately said with such an expression, "It's really you! Is it Selena, the actor who played Meng Changge?"

"Uh...it's..." It turned out that she was recognized as an actor...it shocked her...

"Last time I dragged my dad to watch it with me in the theater. He usually only watches war movies, but he was reluctant at first, but after watching it, he really likes the role you played in it!"

"thanks!"

"Can you sign it for me?" Travis said and ran to find the notebook.

The last time I saw Travis at Saul's villa party, she was quite arrogant and cold, but she was actually a soft girl in private!

Just as Selena was thinking, Travis had brought a pink notebook and pen over.

The hospitality was hard to turn down, so Selena had no choice but to sign her name.

Just as she was about to return the notebook to Travis, a photo suddenly fell out of Travis's notebook.

Selena picked it up casually, and was about to return it to Travis, when she was dumbfounded the next second...

What the hell...

The people in this photo...

Isn't it her? ? ?

And she's in men's clothing!

Taking a closer look, the background in the photo, as well as her attire at the time, should have been taken on the day Saul held a party, and, from the angle of view, it was obviously a candid photo...

"Ah! Give it back to me!" Travis immediately snatched it back in shame and embarrassment, looking extremely nervous.

Selena was still in a daze at the moment, and couldn't describe her current mood at all...

She couldn't help recalling that conversation with Travis.

"I know I don't have the position to ask more...but...is it true...you and Daniel...really have that kind of relationship?"

"What about the real thing, and what about the fake one?"

"If it's true, then I'll give up. Originally, Daniel, I was bound to win. I gave up because it was you...I...I won't fight with you..."

...

It's so sad, last time in men's clothing, didn't you really accidentally tease Travis by mistake?

Chapter 873

Thinking of this, Selena couldn't help but asked tentatively, "The man in this photo is yours...?"

Travis stared at the man in the photo with bright eyes, and said proudly, "This is my male god! Isn't he super handsome?"

"Uh...yes...he's quite handsome..." Selena laughed dryly.

"It's a pity, no matter how handsome you are...I already have a boyfriend..."

"Cough cough cough cough cough..." Selena coughed for a while.

Travis took a look at Selena and sighed, "Tell me...why do all the handsome guys these days have boyfriends?"

Selena said she couldn't answer.

"Do you know who my male god's boyfriend is?" Travis asked mysteriously.

Selena shook her head innocently, "I don't know... who is it?"

"It's one of my previous blind dates! It's so simple!"

"This... is so cheating?" Selena cooperated with surprise.

Travis held her chin and muttered, "My family introduced me to several blind dates before, all of whom were soldiers. My father is a soldier, my grandfather is a soldier, my grandfather is a soldier, my great-grandfather is a soldier, and my great-grandmother is a soldier. I'm also a soldier... I really don't want to marry a soldier again! Can you understand how I feel?"

Selena nodded repeatedly, expressing her understanding.

"Later, my mother finally arranged for me to meet a man who was not a soldier. At that time, I was actually quite satisfied, even though he didn't seem very interested in me, and he didn't even want to come to see me. However, That's the kind of challenge, isn't it? So, once his brother had a party, I went over to create a chance to get along... Then, at that party... I met my man..."

At that time, I accidentally twisted my foot and almost fell into the swimming pool. Many people were waiting to see my joke. When I thought of losing face in front of so many people, I really wanted to die at that moment. ! The male god appeared! You have no idea how handsome he was then!" Travis said, so excited that she grabbed Selena's arm and shook it.

Selena: "..."

I know...

I'm often so handsome by myself...

Travis's cheeks were flushed and her eyes sparkled, she had an expression of a brainless fan, "Besides, she is very gentle and careful! Seeing that I have sprained my ankle, the moment I applied the medicated oil, I turned my love away He is not married to you! As a result... Later I found out that he and my blind date turned out to be a couple! He actually likes a man! I..."

"Uh...I'm sorry, I seem to be a little excited..." Travis finally realized her gaffe, and hastily let go of Selena's hand, and resumed her standard ladylike sitting posture.

"It's all right..." Selena said indifferently, rubbing her nose guilty.

Travis looked at Selena with some embarrassment, "My temperament is not very pleasant... I have no friends since I was a child... No one talks about these things... I don't know why, but when I saw you, I felt It's very kind, and I even feel that I've seen you somewhere before, so I can't help but tell you more..."

Selena looked at the girl softly, and said with a chuckle, "Why, Miss Zhuang is so cute!"

After all, with such a family background, Travis's usual temperament is inevitably a bit arrogant. She always has a straight posture, and always has a

perfect posture in front of people, which naturally gives people a feeling that she is inaccessible.

Chapter 874

However, Selena thinks that no matter what kind of character a girl has her cute side, it just depends on whether you can discover it, or if she is willing to show such a side in front of you.

Seeing Selena's focused and serious eyes when she smiled and praised, Travis's heart skipped a beat, "It's... is it?"

"Of course! Miss Zhuang is me..."

"What?" Travis tilted her head.

"It's nothing..." Selena hurriedly shook her head, and took back her next words: "It's my... the type I like."

The surface is cold and tough, but in fact the heart is delicate and soft, a typical tsundere personality!

One of her favorite girl characters...

"By the way, have you acted in any new play recently? I really want to see it!" Travis asked with interest.

"Recently... only a few minutes of guest appearances in "Our Eighteen Years Old", other than that, there are no other movies released yet, but the new movie has already been confirmed, and if there is no accident, it will start shooting in the near future! "

...

Then, the two chatted for a long time until there was a knock on the door.

Travis opened the door, "Dad!"

"Have you changed your clothes yet?"

"Yeah, it's already changed."

"Mr. Zhuang, I'm sorry to bother you." Selena got up and thanked.

Just as Selena was about to say goodbye, Zhuang Liaoyuan suddenly said, "If Miss Ning has nothing to do today, why not stay a little longer and leave after dinner tonight."

"This...isn't it necessary? It's too intrusive!" Selena politely declined.

"What's the trouble! Don't bother me at all! You've helped us so much, why should I treat you well? Don't be too polite! Besides, I still have a lot to say to you..." He held her arm affectionately, looking at Selena with a hint of tension and retention in his eyes.

It is rare for her to have a friend she can talk to, and she is really reluctant to leave her...

"this..."

"If you don't agree, then we will be too sorry!"

The kindness was hard to turn down, and she really couldn't bear to refuse the girl's request, so Selena finally agreed, "Okay then..."

At this moment, Selena's cell phone rang. Looking at the caller ID, it was Daniel calling.

"Sorry, take a call."

Selena walked to the balcony, "Hello?"

“Are you done with your work? Have dinner together tonight?”

“Well, I guess not tonight...”

Selena was talking to Daniel when suddenly there was an unpleasant howl from downstairs – “Open the door! Let me out! Let me out! I’m not a prisoner! Why lock me up! Why! And Wang Fa –”

“Where are you?” Daniel on the other end of the phone obviously heard Selena’s voice.

The corners of Selena’s mouth twitched slightly as she listened to Zhuang Rongguang’s wailing and wolf howling downstairs, and explained to Daniel, “It’s a long story... Didn’t I go to talk to clients in the morning? But after waiting for a long time, I was in vain. I can go back first... When I passed by the river, I met an old man who had a heart attack... Then...”

Selena didn’t dare to tell Daniel that she jumped into the water to find medicine, so she made it up and said, “Then I helped him find the medicine and fed him, and by the way, I helped send him home... Now, just to thank him Me, keep me for dinner!”

“Is the general so great? Can the general shoot and imprison people at will? This is a democratic society! I demand legitimate personal freedom! Dear me, you have no right to imprison me...” Zhuang Rongguang still howling downstairs .

NEXT CHAPTER

Chapter 875

Hearing the voice from the other end, he caught the word “general” and recalled the incompetent son of the Zhuang family. Daniel was a little surprised, “The person you saved was Zhuang Zongren?”

Selena scratched her head, "Yes, I only found out after seeing Travis and Zhuang Liaoyuan after I sent people home... It seems that Zhuang Rongguang got into trouble again, and the old man got sick because of the stimulation on the phone! I was planning to leave directly at the time, but the hospitality was too much..."

"I'll pick you up tonight."

"Ah? No need? I drove the car myself."

"Do you think I can trust you to stay alone at Zhuang Liaoyuan's place?" Daniel's voice was cold.

Selena: "Uh..."

She remembered what Zhuang Liaoyuan said before that he would introduce someone to her...

The Great Demon King is too vengeful, right?

...

Soon, the dealer served dinner.

A traditional Chinese round table with rich dishes, only Zhuang Zongren, Zhuang Liaoyuan and Travis were on the table.

"I asked Auntie Zhang to cook a few more dishes tonight, I don't know if it suits your taste!" Zhuang Zongren's attitude was very kind.

"They're all delicious!" Selena said hastily.

"Then eat more! You girl, you look too thin!"

"Grandpa, he is an actor. If you want to go on a diet, you can't eat too much!"

"How can I do that? It's not good for your health!" Zhuang Zongren suddenly had a disapproving expression on his face.

Selena hurriedly said, "It's okay, I don't diet very much, I just eat normally, because I exercise a lot."

"Well, that's right! Nothing is more important than good health!"

...

"I'm hungry! I'm starving to death! I want to eat! I want to eat! Did you hear that! Are you going to starve me to death? Am I my own child?" There was another howling sound from the room.

Selena coughed lightly, feeling a little embarrassed.

Zhuang Zongren had a straight face, he didn't care about it at all, he picked up a chopstick for Selena, "Don't worry about him."

Travis probably felt that he had really gone too far this time, and finally endured the pain.

Zhuang Liaoyuan pinched the center of his brows, with a bitter expression on his face, "I'm letting you see a joke... I can tame any wild soldier, but I can't even control my own son!"

Speaking of Zhuang Rongguang, the atmosphere at the dinner table was a little dull for a while.

After all, this is a family matter, and Selena didn't want to interrupt too much. Looking at Zhuang Liaoyuan's frustrated expression, she thought about her words and said, "Teaching a son is naturally different from leading an army, especially boys, it is inevitable that they will be more rebellious at this time... "

Travis sighed softly, "But there is no one like him who is so troublesome. He is only eighteen years old. He smokes, drinks, skips classes, fights and gambles. The good ones don't learn, and the bad ones don't fall. They have exhausted all methods. He Just die without repentance..."

"Forget it, don't mention him, let's eat!"

"Yeah, let's eat and eat, girl Xi, try this fish, it's wild and very fresh..."

...

When the dinner was about to end, an orderly ran over outside the door and whispered something in Zhuang Liaoyuan's ear.

Zhuang Liaoyuan glanced in Selena's direction and then whispered a few words to the orderly.

After a while, there was a familiar sound of footsteps behind him.

Selena immediately turned her head subconsciously and saw that orderly just now leading a man in together, and it was Daniel who came.

At the dinner table, Zhuang Liaoyuan looked in Daniel's direction and snorted displeasedly, "Why are you in such a hurry? Can I still eat people?"

Chapter 876

"Who is this?" Zhuang Zongren looked sharply at the tall man in a black suit opposite him.

"General Zhuang, if you excuse me, I am Selena's boyfriend."

"Oh... that kid from the Lu family! You're here to pick up Miss Xi!" Zhuang Zongren showed a sudden realization expression.

"yes."

At this moment, Selena had already got up and walked to Daniel's side, "Old gentleman, Uncle Zhuang, Ke'er, thank you for your invitation, I will take my leave first!"

Zhuang Liaoyuan snorted, but did not speak.

Zhuang Zongren thought that Zhuang Liaoyuan was dissatisfied with the matter that Daniel and Ke'er failed to negotiate, and had some opinions on him, but he didn't think much about it, and said, "Go, go, slow down on the road."

At this time, Travis, who had been silent since just now, suddenly stood up with a swipe, and the chair made a harsh scratching sound against the ground, "Daniel! You're going too far!!!"

Accompanied by Travis's roar, everyone's eyes fell on her immediately.

Zhuang Zongren showed displeasure, "Ker, don't be rude!"

Zhuang Liaoyuan frowned slightly, and suspicion crossed his face once. Based on his understanding of his daughter, even if Daniel chose another woman in the end, she would definitely not be unmannered enough to question her face to face.

After speaking, Travis ran over and pulled Selena to her side, "Selena, don't trust him! He lied to you! He..."

What he likes are men at all!

After all, in front of so many people, no matter how angry Travis was, she didn't want to expose others in public, so she could only look at Selena anxiously, "Anyway, Selena, believe me, he is not a good person, he is in two boats !"

"What?" Zhuang Zongren and Zhuang Liaoyuan showed shocked expressions at the same time.

Daniel didn't have any special expression on his face but raised his brows slightly, and his eyes fell on Selena.

Selena held her forehead, feeling like her head was about to explode...

"That what...Ker, this matter is actually a misunderstanding!"

"There is no misunderstanding! I saw it with my own eyes! Selena, you must believe me!" Travis looked at Daniel like she was looking at a sgumbag of the century.

Selena glanced at Zhuang Zongren, Zhuang Liaoyuan, and especially Daniel, "Can I have a private chat with Ke'er? There are some things I need to explain to her!"

It was a fluke to be able to confuse the past, it seems that this misunderstanding must be clarified now!

Hearing this, Travis naturally wished for it, and immediately pulled Selena and ran upstairs to her room.

Downstairs, Daniel raised his head slightly, watching Travis pull his wife into the house, his complexion was obviously not very good...

Why does everyone want to steal his wife from him?

But at this moment, Zhuang Liaoyuan looked at Daniel with extremely serious eyes.

Last time he felt that he and Guan Ziyao were ambiguous. Could it be that he really did something to offend Selena?

upstairs.

Travis pulled Selena to sit on the bed, and said in a very solemn tone, "Selena, what I'm going to say later may be very difficult for you to accept, you must be mentally prepared!"

Selena stroked her forehead, "What I'm going to say later may be very difficult for you to accept, I hope...you are also mentally prepared!"

"Then I will speak first!"

"Okay, tell me."

Selena was already thinking about how to tell her the truth that "her godmother is actually a woman", so as to hurt her less...

Chapter 877

"Selena, I don't know exactly what Daniel told you, but let me tell you, he is definitely not sincere to you, he..."

Travis took a deep breath and said, "Because Daniel doesn't like women at all, he likes men, and he already has a boyfriend! His boyfriend is the man I told you about before! He I'm just using you to cover up my true sexual orientation! I know this sounds unbelievable, but please believe me, because..."

Selena interrupted him at the right time, "Daniel's boyfriend is me."

"Because I saw all of this with my own eyes... What did you just... say?" Travis looked at her in astonishment.

"I said, Ke'er, I'm the man at the party that day..."

"What are you talking about?" Travis looked as if she couldn't understand what she was saying.

Selena thought about her words before explaining, "At the party that day, the man surnamed Tang was me. At that time, Saul invited me to the party, because I brought Daniel and his son with me at that time, and I was afraid of causing any trouble. Necessary misunderstanding, I wore men's clothing for convenience, but I didn't expect that some unforeseen things would happen later, causing everyone to misunderstand my relationship with Daniel..."

"Wait, wait... You said, Mr. Tang is you? You disguised yourself as a man?" Travis tried to clear her mind.

"yes."

Travis's expression was a bit dumbfounded, "Selena, you are really stunned by Daniel, I know you might want to protect him, don't worry, I haven't told anyone about this, today because I really don't want you to be deceived, so I couldn't help but tell you, how could you be Mr. Tang, I saw him with my own eyes..."

"Ker, I am indeed him." Selena's heart was broken, and she had no place to change into men's clothes at the moment, how could she explain this mess?

Travis sighed, and looked at Selena, who was wearing a pale pink dress with long hair reaching her waist, as if she was looking at a silly girl who lost her mind because of love, "Selena, don't be obsessed with it anymore, you are so beautiful, and you are so beautiful. You are so good, why should you like someone who doesn't treat you sincerely at all, I don't discriminate against homosexuals, but this kind of behavior of using innocent women to cover up their sexual orientation is really too much..."

"Okay, Ke'er, you said that Daniel likes men and already has a boyfriend. If you call that man out to confront me, I will believe you." Selena knew that it would

not make sense to just say it with her mouth, so , looked at Travis firmly and said.

Travis frowned upon hearing this, "This... I don't have Mr. Tang's contact information..."

Selena nodded, "Okay, I can't call out, can I? But, I can."

Travis: "What..."

The moment the voice fell, Selena, who was sitting on the edge of the bed, twisted suddenly, and the next second, Travis was pushed down on the bed by her arms...

"Selena, you..."

But in the blink of an eye, although Selena was still dressed in a lady's dress, both the expression on her brows and the temperament of her body had undergone earth-shaking changes...

Selena leaned on Travis's side with one arm in a standard bed-thumping position, the gentleness and reserve between her brows completely faded away, and instead was fierce and careless laziness, she lowered her voice next to her ear, "Now... ..who I am?"

Even though Selena's appearance at this moment is completely the image of a woman, Travis instantly overlapped her with the man who had once amazed her, "You you...you are..."

There was a "dong dong dong" knock on the door, and then the door was pushed open from the outside, "Ning..."

At the door, Daniel looked at the two people lying on the bed, maintained the posture of pushing the door, and suddenly froze there...

NEXT CHAPTER

Chapter 878

Travis and Selena reflexively looked towards the door at the same time, seeing Daniel's miserable expression...

Selena hid her face speechlessly, what the hell is this instant sense of catching a rape in bed!

As if the magic time had been lifted, Selena switched from the grassland wild wolf to the domesticated white rabbit in a second, got up, and jumped to Daniel, "Daniel, why are you here..."

Originally, Daniel thought that this matter would be hard to explain, so he planned to come over and talk to Travis in person, but now it seems that there is no need...

"You... are you really him?" Travis stood up dazedly as if she was in a dream, and she was immersed in the excitement of being caught off guard by the male god just now, and there was even a lingering sound in her ears. With that low and confusing "now, who am I?", the heart beat rapidly.

The one in front of me is obviously a girl, how could it be...how could it be...it's unbelievable...

Seeing Travis's naked, naked, undisguised gaze, Daniel calmly pulled Selena behind him, "Since the misunderstanding has been clarified, let's say goodbye."

After speaking, he directly dragged Selena downstairs without even half a second's delay.

Travis looked anxious, but it was too late to stop her, she could only watch helplessly as she thought about it day and night and finally met the male god, but was taken away by the wild man in a few seconds...

Outside the compound, Selena turned her head and looked in the direction of her car, "Wait, wait... Daniel! I drove here!"

"I'll let the driver go."

"Oh..."

in the car.

Daniel didn't speak all the way, his thin lips were tight, obviously angry, and he was very angry.

Selena pinched her eyebrows with a headache.

Nima! How did it make it seem like she was really caught and raped in bed?

"Cough, are you angry?"

Daniel remained silent.

"Um...you can't blame me! Didn't I do this to clear your name? If you hadn't kissed me suddenly in public that day, would Travis have misunderstood that we are in a relationship between a man and a man? At least I did this to clean up your aftermath. Hey...otherwise people will really think that you like men and you are on two legs..."

Daniel still didn't speak.

"Travis is a girl, okay? You don't really want to be jealous of girls, do you?" Selena muttered.

The next second, the red light ahead.

Selena only felt the backrest behind her fall down suddenly with a "bang", before she could react to what happened, the man's figure covered the driver's seat overwhelmingly, with his arms resting on her side, his eyes flickering. The radiance, and the tone are extremely dangerous, "Yes, even if it is a woman, it is the same."

As soon as the words fell, he viciously k!ssed her lips...

"Beep beep..."

The green light came on, and there were urging voices coming from behind.

Selena pushed the man and tried to get up, "Hey...the green light...the green light! Who taught me not to mess around while driving?"

Daniel's figure didn't move at all, he just touched a certain place on the car behind him with his arm, and immediately k!ssed him again.

Immediately afterward, the car started driving on its own.

Looking at the scenery outside the car that was gradually backing up, Selena's eyes almost popped out, sh1t! unmanned?

Could it be that he installed this thing after last time?

Awesome, my big devil...

NEXT CHAPTER

Chapter 879

Back home, Selena puffed her cheeks and moaned, obviously unhappy.

Daniel took a deep look at the ambiguous marks on the girl's fair neck caused by his loss of control just now, "Not convinced?"

Selena nodded abruptly.

How can you even eat a woman's jealousy?

"If one day you saw the scene that just happened between me and another man, would you be indifferent?" Daniel said lightly.

"You... You had that scene with another man just now!?" Selena imagined this scene and almost had a nosebleed on the spot, "How could I be indifferent!!!"

Looking at the excited little expression on the girl's face, it's obviously not jealousy...

A trace of deep helplessness flashed across Daniel's eyes, "You...forget it..."

Selena looked at Daniel's tired expression, and walked over with small steps, "Are you angry?"

Daniel glanced at her, "If I'm really angry with you, do you think I'm still alive?"

What you said...why does it seem like I will piss him off...

Doesn't she just occasionally make a little trouble on impulse... Occasionally, she accidentally confiscates and teases a girl...

Not long after Daniel left, Selena had been exercising for a while and was about to go to bed when her phone rang.

Looking at the caller ID, it was Travis calling.

Before they exchanged mobile phone numbers.

What is she calling so late?

Selena answered the phone suspiciously, "Hello, Ke'er?"

"Selena, are you asleep? Did I disturb you..." Travis asked cautiously.

"It's okay, I haven't slept yet!"

"Oh..."

On the other end of the phone, Travis only said "oh", and there was no further text.

Selena had no choice but to take the initiative to speak, "Uh... that incident before... I'm sorry... I misunderstood you..."

Travis said softly, "There's nothing to apologize for, and you didn't intend to deceive anyone, on the contrary, I should also thank you, thank you for saving me at that time, I have always... always wanted to thank you in person..."

Hearing the slightly nervous and shy tone of the girl on the other end of the phone, Selena rubbed her nose and hastily coughed softly, "It's nothing, it's just a matter of raising your hands."

"Well, Selena, are you free tomorrow?" Travis stopped talking for a long time and finally asked this question.

"Tomorrow... Tomorrow I'm going to the company. My manager has something to discuss with me. I don't know when I'll be done. Do you...do you have anything to do?" Selena asked tentatively.

"It's okay...it's nothing important! We should be friends now, right? You know, I don't usually have any friends. I just want to ask you to go shopping and eat... If you don't have time, forget it! Work is important!" Travis stumbled and said.

Hearing that the girl was obviously very disappointed, but she wanted to pretend that it was okay, Selena almost couldn't help but fall into the old habit of pitying her, and agreeing to everything on the spot.

Finally, he said tactfully, "Let's play together when you have time!"

After saying this sentence, the other end of the phone was silent for a long while for some reason.

Selena frowned slightly, "Hello? Ke'er, are you still there?"

"Selena, do you...don't like me?" Travis's voice trembled slightly.

Hearing the almost crying voice, Selena was startled, and hurriedly said, "How could it be! Why do you think so?"

Chapter 880

"I...after all, I was to Daniel at that time...at that time we...we could even be regarded as rivals in love...but now...I really don't have that kind of meaning to Daniel now...you believe me... ..Can you...don't hate me..." Travis was almost incoherent because she was too eager to explain.

After all, he is used to being arrogant, probably never said such a thing to anyone, let alone how to make friends with others...

You know, getting someone with the tsundere attribute to confess her heart is simply a difficult task. At the same time, it also proves that she really, really cares about you!

Selena's heart softened so badly that she said without thinking, "Ker, I really don't hate you, on the contrary, I like you very much, and I really want to be your friend. I really have something to do tomorrow, no Decide when you can finish your work, how about the day after tomorrow? Let's go shopping and watch a movie together the day after tomorrow, shall we?"

"Really...really?" Travis said in an unbelievably surprised tone.

"Of course, I'll see you the day after tomorrow, so it's decided!"

"OK!"

...

After hanging up the phone, Selena, who realized what she had done, wailed and fell headlong on the bed.

fcuk! Why can't I hold back ahhh!

I'm so tired, I haven't broken any resistance to this cute girl...

the second night.

As soon as Selena finished her work, she went straight to the Platinum Emperor Palace.

Well, let the big devil go along with it!

Selena cooked a hearty meal by herself, and after dinner, she took the initiative to wash the dishes.

At night, after coaxing the little bun to sleep, he immediately seized the opportunity to get close to Daniel, and ran to squeeze his shoulders and legs.

On the sofa, Daniel didn't look sideways. It seemed that he was still focusing on the documents in his hands. However, in fact...

The girl knelt beside her, her soft and boneless hands kneaded his leg muscles just right, and occasionally touched some sensitive parts when she pressed them up. Self-control makes it impossible to focus...

Finally, Daniel squeezed the center of his brows as if he couldn't bear it any longer, threw away the materials in his hand, then grabbed the girl's wrist with his big palm, lifted her body, and instantly pulled her to sit on his lap, "Okay, Tell me what's the matter."

Selena sat on Daniel's lap, blinked her eyes, and pointed her finger weakly, "Hmm...Master Boss, how do you know I have something to do?"

Daniel glanced at her expressionlessly: "There's nothing to be courteous about..."

Selena broke into a sweat immediately, and said righteously, "What! No! It's not rape or robbery, okay?"

Daniel put his long arms around the girl, leaned back on the sofa relaxedly, and asked calmly, "What is that?"

Selena tried her best to choose her words, "Cough that...it's really nothing...that's it...that's...I have an appointment with Travis...let's eat and go shopping together tomorrow..."

"If I remember correctly, I made an appointment with you first." Daniel's face suddenly turned half dark.

"That's right! I'm sorry! I was about to agree to her before I remembered it, but I agreed to everything, and then I turned around and said no, I really couldn't say it...so..."

"Just say it to me?" Daniel's face was completely dark.

Selena immediately put her arms around his neck, rubbing her cat-like head against his chin flatteringly, "Of course I can tell you, Travis is an outsider, you are an insider! Which one of us is with whom? You Say it?"
