

# Cruel Heart Lover Novel

## Chapter 931

Si Xia raised his head and took a sip, his expression extremely distressed, "I really don't know what to do!"

Ji Feixue was drinking wine at the side, and when she looked down at the wine jar, a trace of bitterness quickly filled the bottom of her eyes.

Obviously at this moment the youth is radiant and energetic, but it makes people feel extremely lonely and lonely...

Ji Feixue quickly covered up all the emotions in her eyes, put down her beer, and sat down beside Si Xia, "Is it so difficult? Come here, I'll teach you! Now, I am you, and you are a girl!"

Si Xia suddenly seemed to see a life-saving straw, "Okay, then what should I do?"

"You don't have to do anything..." Ji Feixue said, and suddenly put one hand on the back of the sofa behind Si Xia.

This posture brought the two of them very close in an instant.

Si Xia frowned puzzled, not knowing what he wanted to do.

At this moment, in the next second, Ji Feixue's eyes suddenly focused on the man in front of him, "I like you, can you date me?"

The moment she spoke, her expression and eyes completely changed.

Those are the eyes that can only be seen when looking at a deeply loved person who thinks about it day and night, and can't ask for it. It is oppressive, hot, fanatical as if it can destroy everything, and gentle as if it can warm and tolerate everything. Confessing to a girl, it is better to say that she is confessing to Si Xia herself...

"You..." Facing such a pair of stunning eyes full of hot emotion, Shen Hanchen was stunned for a moment.

Fortunately, his reaction was exactly in line with Si Xia's reaction in the play, and Si Xia was also stunned by Ji Feixue's eyes.

Seeing this, the on-site staff sighed for a while, especially the little girls.

"Oh, male god Bidong, I really wish I was Si Xia..."

"This look makes my feet go limp..."

"Si Xia Juebi's brain was trapped by the door, but he couldn't tell that Ji Feixue liked him!"

...

Louis was engrossed in watching it, and only after listening to the chattering discussions of the girls around him came back to his senses, and quickly glanced at Ke Mingyu in the corner.

It's okay, okay... When Selena was filming, someone's reaction seemed to be quite calm, at least, on the surface it looked like...

"Okay! Click! This game is very good!" Shen Mian shouted in satisfaction to end.

Shen Hanchen heaved a sigh of relief, he thought that Selena would trip him up again today, but he didn't expect it to go so smoothly, so smooth that he

couldn't believe it, he was completely brought into the play by her, unconsciously Finish the play...

After filming, Selena immediately pulled Louis into a corner, "How is it? Did Ke Mingyu have any special reaction?"

Louis weighed his brotherhood and his life, and replied decisively: "No, everything is normal! And Brother Ming also called me back just now, saying that he is just an ordinary self-taught acting worker, don't be too whimsical all day long." OK?"

Selena rubbed her chin, "It's true that I miss him so much because I've been too busy recently and haven't had time to date Boss!"

Louis: "...Please, can you give a high-energy warning before spreading dog food next time?"

Forcibly gagged...

At this time, Travis answered the phone and hurried over, "Selena, you performed well, I really want to watch it for a while... Unfortunately, I have to go. I just called at home and said that my brother ran out again... "

"Why is this kid so restless..." Selena frowned and said worriedly, "Then be careful on the road, and contact me if you need help."

"Yeah, I will!"

"Oh wait, yes, I have something for you!"

...

## Chapter 932

As Selena said, she took out the haute couture piece she brought from the studio, "This is my studio's new product for next season, it hasn't been released yet, I've saved one for you, if you don't mind it, take it at home Wear whatever you want!"

"Wow... so... so beautiful!" Travis took out the skirt and glanced at it, her eyes were full of surprise, "How can you dislike it, this dress is so beautiful! But, what should I do if I don't have anything to give you? I was going to give you clothes this time, but it didn't work out..."

Looking at this scene, Louis didn't know how to complain.

The man is not as good at coaxing girls as she is. He just came to visit a class and even prepared a gift for him, a gift! Why didn't he have one!

Ok! Fortunately! Thankfully he didn't! Fortunately, classmate Selena has always been so cruel to him!

Otherwise, hehehe...

"Selena, my brother is gone, you should act well, don't mess with those moths, don't smoke and drink, don't fight, and the most important thing is don't hook up with little girls, even if you have no intention of hooking up, just be quiet, you know?" Louis said earnestly for a long time, he had really done his best.

It's not that he didn't tell her, but since just now, he has been on his back like a light, and he can know what will happen if he leaks his words without thinking...

"Golden Retriever, why are you crazy?" Selena was speechless, always feeling something weird about Louis.

"It's nothing, it's nothing, anyway, remember what brother said, brother is really leaving! Bye bye bye bye..."

The sight behind him became more and more terrifying. After saying goodbye to Selena, Louis almost scrambled away from the set.

After finally leaving someone's line of sight, he walked to the parking lot.

In the end, okay, just after he breathed a sigh of relief, he saw a person standing in front of his car...Ke Mingyu.

"Uncle...uncle..." Louis's face turned pale, almost peeing in fright, and hurriedly called out.

He looked around subconsciously, looking at the dimly lit and empty underground parking lot, he had an inexplicable feeling that he was about to be murdered...

At this time, the man was leaning quietly on the hood, with a cigarette held between his slender fingers, the cigarette snub was reddish, his expression was hidden in the shadows and he couldn't see clearly, he didn't say a word, which made people feel even more Terrible panic.

"Ahem...uncle...no...didn't think it was really you! I swear, I will keep it a secret and never tell Selena! You saw it just now, and I didn't say anything. Of course, when I go back And definitely not in secret!"

Louis swore for a long time, but the man still didn't respond.

"Ke Mingyu"'s aura at the moment was really terrifying. Louis's forehead was covered with cold sweat, and he couldn't hold it any longer. He gritted his teeth and continued, "I will cover for you when necessary!"

As soon as the words fell, the pressure that was tightly strangling his neck just now disappeared suddenly.

The man lowered his eyes, crushed out the smoke at his fingertips, and his deep and hoarse voice instantly returned to the familiar voice of Louis, "Good boy."

After speaking, he turned and left.

That sound of obedience made Louis's hair stand on end in fright.

Nima, if he said a wrong word just now, would he really be silenced?

Even if it's not his own nephew, there's no need to be so cruel, right? Is there any need to frighten him like this!

Fortunately, even though his heart was filled with a hundred thousand whys, he still held back from asking random questions...

...

## Chapter 933

After work was over, Selena planned to go to the studio first, but after thinking about it, she decided to go to the Platinum Palace first.

The subsequent shooting schedule will become tighter and tighter, and she will have less time to accompany the big devil and the little baby.

When passing by the flower shop, she accidentally bought a large bouquet of fiery red roses.

In the living room, Daniel was wearing home clothes and was reading a newspaper. His perfect silhouette, slender legs, and thin waist... It was like a pleasing oil painting...

Selena stood there for a long time without knowing it.

It wasn't until Daniel noticed the gaze on him, raised his head, and saw the girl holding a large bouquet of red roses in her arms, staring blankly at him.

When she met the man's gaze, Selena suddenly came back to her senses, happily jumped over, and stuffed the flower into his arms, "Master Boss, I gave it to you!"

Daniel's expression was slightly startled, his cold outline softened a bit, "Thank you."

The man took the bouquet and lightly sniffed the dewy petals. Against the background of the roses, not only did the cold face not lose half of its brilliance, but it was even more dazzling, as beautiful as a picture in a high-definition movie.

Selena held her face, stared intently, and murmured, "Hey, really... you can't be a fairy, are you? I feel like I'm almost fascinated by you..."

"What?" The man raised his eyebrows.

The slightly raised eyebrows caused Selena to slam into the deer again, and muttered, "You still ask, it made me unable to concentrate even when filming, and today I still feel that one of the actors in our group is very similar to you , It's just crazy and poisonous..."

When filming in the past, she was never distracted by anything!

The man gently stroked the petals of the rose, slightly hooked the corners of his lips, and a hoarse and deep voice sounded in his ears, "Do you want to try fighting poison with fire?"

Come on! Seduce her again!

Selena rushed over with an "Aww", and the petals in their arms flew to the ground.

Daniel let out a muffled chuckle from his chest, hugged him full, and said with a sigh, "I'm afraid that one day you will develop antibodies to this poison..."

Inexplicably, Selena noticed a trace of men's uneasy emotions, and immediately retorted, "No way! You are a poison that has no cure! And it is exclusive! If you are infected, you will not be infected by other poisons!"

"You..." Daniel rubbed her head, then said seriously, "I've seen your script, and there are still many dangerous scenes, you must pay attention to safety and don't try too hard, you know?"

"Yeah, got it!" Selena nodded repeatedly.

Although the more dangerous and exciting scenes in this drama are far less than the one that was taken away by Liang Biqin, there are quite a few.

There are a lot of fighting scenes in it, and there is also a scene of falling off a cliff... But as long as the safety measures are taken properly, there will definitely be no problems.

At night, in the study.

Daniel answered a call from Cheng Feng.

"Hey."

"Hey, boss... I have something to ask you for instructions..."

"Say."

"As far as I know, Miss Selena's new film seems to have started filming. You originally arranged for Xiong Zhijin's crew to protect Miss Selena. What do you mean now?" Cheng Feng asked tentatively.

For the past two days, Xiong Zhi and Shi Xiao didn't dare to ask the boss, so they kept pestering him. As a last resort, he could only help them ask the boss what he meant...

...

## Chapter 934

"Boss, do you need me to arrange Xiong Zhijin's team? Or Shi Xiao?" Cheng Feng asked cautiously.

"No need."

"..."

Cheng Feng tried tremblingly for a long time, but in the end, the boss only gave these two words and hung up the phone.

Is it because there are not many dangerous scenes in this drama?

No... With the character of the boss, even if there is only one dangerous scene, he will not take it lightly...

"Assistant Cheng, what's going on?"

"What did the boss say? Do you want me to go or Xiong Zhi?"

Seeing that Cheng Feng finished making the phone call, Xiong Zhi and Shi Xiao, who had been waiting beside him for a long time, rushed over to ask.

Cheng Feng glanced at the two of them, "There's no need to go, the boss has no intention of letting you go."

Hearing this, Xiong Zhi and Shi Xiao glanced at each other, and their expressions changed immediately.

"Assistant Cheng, are you sure?"

"Why?"

Cheng Feng was really speechless, "You two... Shi Xiao, when you were appointed by the boss early in the morning, you were the one who rejected you. Xiong Zhi, you left Miss Selena in danger by leaving your post without notice. ...Do you think that with the character of the boss, it is possible to use you a second time? You two should give up, don't think about it anymore, the boss has probably sent other people to protect it!"

"How could it be! I have inquired specifically! No brothers were sent there at all!" Shi Xiao excitedly said.

"Could it be someone from Anbu? Have we been completely abandoned by the boss..." Xiong Zhi was a big man with a look of disappointment on his face.

Cheng Feng shook his head, "I have pointed out the way for you a long time ago and if you don't go by yourself, who can be blamed now? But don't worry, the matter is not that serious, the boss just didn't entrust you with too important tasks That's all."

"It's not serious!!!" Shi Xiao shouted with red eyes.

At this moment, he is so regretful that his intestines are almost green!

In the past, he was the boss's most valued subordinate. He was even entrusted with the task of protecting the boss's wife, but he was brutally ruined by his own arrogance...

Pearl River Royal View.

After returning home, Selena was about to go to bed when her phone rang suddenly.

Picking up the phone casually and taking a look, the next second, his expression suddenly changed!

The sender is Kevin!

After returning from Dib, there was no news from there, so that she almost forgot about those things...

What does it mean that big brother sent her a message at this time?

Selena felt that something was wrong.

The last time I sent a message was for an S-level mission to propose marriage, it almost scared her half to death...

However, this kind of thing cannot be solved by escaping.

Selena struggled for a long time with a solemn expression, and finally clicked on the message.

I saw a few words quietly lying on the phone: No. 8 bar, see you in half an hour

There is only one location, which is ridiculously simple. It is still Kevin's usual style, and there is no room for people to refuse.

Eldest brother asked her to meet at a bar at night?

Selena stood up and paced back and forth in the room. After a while, she sent a message back: What's the matter?

...Speed to

Kevin only replied two words.

Nima! Can't you tell her what's going on first so that she can be mentally prepared not to be scared to death like last time?

Selena angrily sent another message: Tell me what happened first!

As a result, this time the phone interface directly displayed: Your message was not sent successfully.

"Dmn!" She almost forgot that Kevin had only granted her one permission, that is, she could only send him one text message a day.

Dmn, I'm going to be so mad!

Selena scratched her hair irritably, quickly tidied up and was about to go out. Before leaving, she went back and took the gun that Daniel gave her earlier.

...

## Chapter 935

Eldest brother actually returned home again.

This time, what will happen...

Selena was anxious and uneasy. Thousands of guesses flooded her mind along the way, each of which was bloody and cruel.

Arrived at the bar half an hour later, just in time.

When Selena received the message, she hadn't had time to change her clothes. She was still wearing men's clothing, wearing black gloves for riding a motorcycle, and black leather boots on her feet. She stepped into the bar with bright lights.

This bar is one of the busiest bars in the imperial capital, and it is the time when there are the most people. In the center of the stage, a sexy dancer is doing a pole dance. The whole bar is filled with deafening music and the noise of the crowd cheering...

Such an appointment place that obviously didn't fit the senior brother's personality really surprised her.

On the contrary, the second senior brother reckons that he will definitely like it...

Selena shuffled through the crowd all the way, was hooked up by several girls along the way and got a lot of money, and finally found a familiar figure in a corner a little far away from the stage.

The man wore a pair of gold-rimmed glasses as always, and his body was refined and elegant, which was incompatible with a noisy bar.

Of course, this is just an appearance.

Selena stood three steps away from Kevin, not daring to get close.

Fear of fraud.

"Come here." Seeing Selena standing there in a daze, a trace of impatience flashed in the man's spectacled eyes.

Selena sat down with a whoosh, but with a distance of one person between them, her back was tense, "Brother, why did you ask me to come over this time...?"

With a sound of swiping, Kevin suddenly took out a large bunch of flowers from behind.

Selena's legs softened and she almost knelt down on the spot, "Isn't it? Again..."

Kevin didn't speak, just looked at her with the same eyes before the murder.

Is this sending flowers to someone or being bought to kill someone?

Selena could only accept it tremblingly.

But in my heart, I was bitterly slandering, hehehe, no wonder the whole organization is full of bachelors, a bunch of psychopaths, without her to improve their EQ, each one of them reckoned that they would be single forever...

The difference from last time is that fortunately someone didn't make Kevin kneel on one knee again this time, and the flower that guy gave her this time was a large bouquet of black roses.

The flower language of the black rose...you are a devil, and you belong to me.

black flowers...

Looking at this bouquet of flowers, a strange emotion flashed in Selena's heart for no reason.

At this time, Kevin suddenly said three words: "Call."

"Huh? Who are you calling?" Selena was taken aback.

Kevin: "Karl."

Selena: "Second Senior Brother?"

Kevin: "Call him over."

As soon as the words fell, Selena was dumbfounded.

Depend on! This is the main purpose of Big Brother!

No wonder make an appointment here!

He actually used her to lure the second senior brother here!

Last time the second senior brother used such a cheap method to win him, if the second senior brother is called here at this time, then the second senior brother's fate...

"Ahem, Senior Brother, did you misunderstand something? How could I possibly get in touch with Second Senior Brother! To tell you the truth, I haven't been in touch with him since the last meeting." Selena replied with a sincere expression. road.

Kevin adjusted his cuffs casually, "If he doesn't come, you can fight with me."

"Hey, hey, hey...Second Senior Brother! Second Senior Brother! Bar No. 8 come over to drink! Yes, yes, Bar No. 8! Come quickly! Waiting for you! There are so many beautiful girls here! Hurry up! No money, no problem, I'll treat you, little brother!"

...

## Chapter 936

Selena finished the phone call as quickly as possible, then looked at Kevin devoutly, "Eldest brother...is this okay?"

Kevin picked up the red wine on the table and took a sip. Scarlet blood printed on his thin lips, and his eyes behind the white lenses were full of bloodthirsty breath like a beast.

Hey...Second senior brother...I'm sorry...

It's really the elder brother who is so fcuking scary!

I don't know what the purpose of the senior brother's return to China this time is, but the purpose of catching the second senior brother is more important than the S-level mission.

After all, the second senior brother's move last time was indeed too cheap!

At this moment, Selena didn't dare to talk to Kevin at all, because she knew Kevin's state was in extreme danger without even looking.

She leaned her neck and drank a large glass of beer on the table. Out of the corner of her eye, Selena saw that Kevin didn't seem to notice her. The remnants of her little conscience made her quietly take out her phone, thinking whether to send Karl a message. red flags...

As a result, as soon as he moved his finger here, Kevin seemed to have eyes in all directions, and his eyes shot over like a murder weapon.

Selena shuddered, and hastily smiled obsequiously, "I... I'll send a text message to my second brother and tell him which booth we are in... in case he can't find it..."

Kevin stretched out his hand, motioning for her to hand over the phone to him.

Selena immediately handed over the phone as if making a confession.

Then I saw that Kevin was sending Karl a message on her mobile phone.

What did the big brother send?

Selena leaned over to glance curiously, and then saw Kevin's vampire-like white finger that was almost bloodless, typing a line of words unhurriedly: Seat C, table 13, second senior brother, hurry up, wait Are you surfing together...

After sending, he threw the phone back to Selena with no expression on his face.

Selena: "..."

Seeing the elder brother imitate his own tone after sending that text message, she got goosebumps all over the floor.

How much does he want to abuse the second senior brother!

As time passed by, Selena felt like she was sitting on pins and needles, and her days felt like years, "Hey, um... Since senior brother is going to deal with private matters with second senior brother, can I go? I promise not to report anything! You also know that I don't have the guts!"

"No." Kevin said without thinking.

"Why...why? It's useless for me to stay here?" Selena wept.

"Kill the chicken to scare the monkey." Kevin said four words lightly with that cold face like a humanoid weapon.

"Uh..." Selena stayed there, tears streaming down her face.

No need to ask, the second brother is the chicken, and she is the monkey.

Selena was in despair when her phone lit up, and it was Karl calling.

"Hello, little junior sister, where is table 13 in seat c?" Karl's cheerful voice came from the phone.

"You...you're here? Why so fast?" Selena asked in surprise, while looking towards the door.

"Didn't you say there are many beautiful girls... Of course it will be soon....."  
Karl returned happily.

At that time, Selena had already seen Karl walking in from the door. This guy was obviously dressed up specially. He was dressed in a black leather jacket with the front of the skirt open, revealing a large area of honey-colored skin. The skull and tail rings on his fingers Glowing silvery light, naturally curly hair caught behind the head to reveal a smooth and full forehead, the corner of the mouth is slightly curved, and the word "wave" appears all over the body...

...

## Chapter 937

Selena held the phone in one hand, made a Jesus prayer posture with the other hand, and then said, "We are in a 45-degree direction clockwise from you..."

"Oh... I saw you! But why didn't I see my sister? Where is my sister? Junior sister, have your eyes twitched? Why have you been twitching..." Karl was so focused on Lang that he didn't notice Selena's intentions at all. With reminding eyes, he asked while walking in Selena's direction.

The corner where Selena was sitting was very dim. From his angle, he could only see Selena sitting on the sofa by herself. There was no girl on the left, and there was no girl on the right...

I – fcuk!

"Little Junior Sister, what is that thing on your right!!!!" Karl was so frightened that he almost fainted when he saw the gentleman sitting there quietly with a glass of red wine in his hand on the sofa. Throw out the phone in your hand.

Selena said in a tone that life would be better than death, "As you can see, the one on my right is Elder Brother."

"Keren, I call you uncle! Where's the girl you promised! You actually betrayed me! You're going to die!!!" Karl turned around and ran away while cursing angrily.

However, how could it be possible to escape.

As soon as he turned around, his waist tightened, and a silver soft whip snake encircled his waist. With a force, his body rolled directly behind him, and hit a cold and gloomy place with a "bang". Sen's body.

Karl struggled with the whip around his waist, but he didn't move at all, so he turned his head away, swallowed, and said with a dry smile, "Hi... baby... Long time no see... I didn't expect you to be so enthusiastic when we met... No wonder Sorry..."

Selena covered her face in horror: "..."

How dare you wave when you are dying...

Kevin's fingers that were cutting the man's wrist suddenly exerted force, his tone was cold, and he said, "Is there something more enthusiastic, do you want to try it?"

Karl's wrist suddenly felt pain as if his bones were about to break, and he cried ghostly, "Take it easy, baby! Who will fight with you after you play me badly! Who will accompany you? You are the wind and I am the lingering sand." to the end of the world..."

"Shut up!" Kevin strangled him and left the bar all the way.

One of them is at the front, and the other is controlling at the back. In the eyes of others, they are just two brothers with a relatively good relationship.

Selena wanted to run away, but the two people in front of her said at the same time...

Kevin: "Did you forget what I said?"

Karl: "ba5tard, if you dare to leave me alone, even if I'm a ghost, I won't let you go!"

Selena: "..."

Selena wiped away her tears, and could only follow obediently, muttering bitterly, "What can I do if I don't leave... But it's the difference between not watching you die and watching you die..."

"You betray me knowing that I will die?" Karl roared in front.

Selena was also angry, "Nimma, it's not that you don't know how scary the elder brother is. If you were me, dare you say you wouldn't betray me?"

Karl shouted immediately, "Of course I sell! You think I'm stupid!"

Selena: "..."

...

After a while, Kevin led him to a remote alley.

There was no road ahead, and there were high walls on both sides. Kevin stood at the only exit with the pale moonlight behind his back.

It's really a good place to kill people in the dark and windy months...

After being released, Karl hastily hissed and rubbed his wrist, "Dmn it, Kevin, didn't I beat you just once? What do you really want?"

The corners of Selena's mouth twitched, he dared to mention the word "win", he was dying...

Sure enough, Kevin's complexion twisted instantly, and his slender fingers slowly covered the glasses frame on his face, "Choose a way to die."

Karl swallowed, "I can choose desire. Immortal. Desire. Death?"

...

## Chapter 938

"I think you won't cry when you don't see the coffin." Kevin slowly took the gold-rimmed glasses from the bottom.

Karl was shocked when he saw this, "Hey...don't...don't...don't! Don't just take off your glasses if you don't agree with each other, okay? Let's talk if we have something to say!"

But it was obviously too late. Without the isolation of the lens, Kevin's murderous eyes suddenly appeared without any concealment, as if a beast that only knew fighting and slaughter was sealed in his body, breaking through the cage in an instant .

Kevin inserted his fingers into his hair and rubbed it. At the same time, he raised his left hand, and with a sound of "咻...", the gold-rimmed glasses fell in a parabola in Selena's direction.

When Selena saw it, she hurried up to meet her, carefully caught the glasses, clenched her fists and said, "Come on, big brother..."

Karl: "ba5tard, if I'm still alive later, I'll be the first to beat you to death!"

Selena waved her little hand: "Let's live first, second senior brother..."

As soon as the words fell, Karl had already attacked like a beast that had been hungry for a long time. His moves were ferocious, his ultimate moves were fully activated, and he completely entered the state of madness...

Selena crouched far away at the entrance of the alley, holding her glasses and the bunch of black flowers, "Second Senior Brother, you are finished, Senior Senior Brother's force value has advanced again!"

"Shut up! Could it be that I'm easy to mess with? Today I'm going to prove that I'm the head of my family..."

"You still dare to be distracted when you fight with me!"

...

The fight between Kevin and Karl was pitch-dark, and Selena could tell that both of them had shown strength that almost broke through the limits of their bodies.

In the end, let alone talking to Selena, the two had completely forgotten everything about the outside world.

After two hundred moves, Kevin grabbed Karl's lifeline like an eagle with five fingers, "Why!"

Karl's complexion flickered, and then he smiled foolishly, twisted his body, dodged Kevin's ultimate move, and aggressively attacked, "It's dangerous to be distracted with me!"

Selena looked at the two of them silently, looking at the pained look in the elder brother's eyes...

why...

She knew that the senior brother was asking the second senior brother why he betrayed.

She originally joined in the middle, and left after leaving, so why is the second senior brother?

The second senior brother has always regarded the organization as his own family, the senior senior brother as his elder brother, and the master as his father. What made him betray all of this without hesitation?

"Karl! I'll ask you again! Why!" Kevin's eyes were cracked, and his expression was almost crazy.

During this period of time, Kevin didn't know what kind of devil training he had given himself. His strength had actually risen to such a level that Karl was gradually exhausted.

Most importantly, she clearly felt that Karl didn't seem to want to fight the big brother anymore.

However, the elder brother would never accept it if he started a fight, because he couldn't control himself. If Karl continued like this, he would really die or be disabled...

Seeing Kevin's fingers clasp Karl's neck tighter and tighter, Selena gritted her teeth, put down the thing in her hand, inserted between the two of them in an instant, and hit Kevin's arm with all her strength.

The two separated immediately.

Karl clutched his neck and coughed violently.

Kevin looked at Selena who stood in the way with scarlet eyes, "Get out of the way."

Selena said anxiously, "Eldest brother, calm down! If there's anything you need, can't we all sit down and talk it through?"

Kevin bent down to pick up the glasses on the ground, raised his dark eyes, "Karl, including you, Keren, I will give you one last chance to return to the organization."

...

## Chapter 939

Although she is also very reluctant to part with the senior brother, the third senior sister, and those brothers...

However, to them, she was just a passer-by after all, and she had to return to her own track after all...

"I'm sorry, big brother, I think you know my current situation. I can't go back to the life of fighting and killing. The most important point is that there are too few cute girls in the organization! I Have you been wanting to vomit for so many times? Will you die if you recruit more girls for employee benefits?" Speaking of the last sentence, Selena was almost out of anger.

Karl: "..."

Kevin: "..."

They guys haven't complained yet, but she's filled with righteous indignation first, what's the matter?

Don't tell them that this is why she left in the end?

Recalling, she had quarreled with satan many times over this matter, and was ruthlessly rejected each time. Later, Annie, the only soft girl, was rescued by

Selena and brought back to the organization. He was directly thrown into the sea by satan, and the two quarreled upside down...

Kevin squeezed the center of his eyebrows, then looked at Karl again, "What about you?"

Karl still had a cynical expression on his face, but this time his gaze was unprecedentedly determined, "It's absolutely impossible."

Kevin put on his glasses, "I see."

Then he raised his eyes and looked at Karl again, "The person who will come next time will not be me."

It meant that besides him, there would still be someone looking for Karl.

Selena, who became a monk on the way, has never been considered a formal teacher. After all, she is mainly good at firearms. Gu Wu is a half-baked learner, but Karl is different. He has been a teacher since he was a child. Those who betrayed the division will really be cleared.

Hearing this, Karl raised his phoenix eyes immediately, "Except you, who else have I been afraid of?"

Kevin closed his eyes, and said sharply, "What if the master goes out in person? It's important to save your life, don't play anymore!"

With Karl's talent, as long as he is willing, let alone surpassing him, even surpassing the master is only a matter of time.

After all, he didn't ask Karl why he betrayed. He was afraid that even he couldn't bear the reason...

Karl put his finger on his forehead and made a gesture of obedience, "Of course, I have to save my life to feed you! Who can satisfy you except me!"

Selena: "..."

Selena was still there worrying about not wanting it, but she was caught off guard and stuffed with dog food, and she held onto the wall in pain, "Enough is enough for you two!"

Karl immediately looked up to the sky with his hips crossed and laughed, "This is retribution! Retribution! When I look at you and Daniel, my eyes are almost blinded, okay?"

"You're just jealous! Jealous of me getting out of the singles! You single dog!"

"Dmn! Who's single! I still have Xiaoyeye!"

...

Kevin looked dimly at the two who were arguing, "I'm leaving."

Selena: "Ah! So fast! I don't know when the next time we meet..."

"See you soon." Kevin gave her a meaningful look, then turned and left.

Looking at the back of the elder brother leaving alone, Selena felt a little uncomfortable, then scratched her head strangely and said, "See you soon... What does the elder brother mean?"

Karl glanced at her, "Kevin's return to China this time is not accidental, they may have already started to move to China."

Selena's complexion changed slightly, "What...you mean including satan? He also returned to China? No way?"

Karl spread his hands: "The facts are right in front of us."

Selena: "...Is it too late for me to start practicing hard now?"

...

## Chapter 940

"Is it still too late for me to practice hard now?" Selena Xingxing stared at Karl opposite.

Karl patted her small head, "Junior Junior Sister, do you think you are me? With your talent, even if you started practicing from the womb, it would be too late!"

Selena's face turned dark immediately, "What a talent! Your talent is so good that you can't beat the senior brother! You are always suppressed by the senior brother!"

"That's because I don't want to let him win!" Karl said righteously.

"It's clear that the late stage of lazy cancer can't be cured. You're so talented, you're a sgumbag..." Selena looked contemptuous, and then snorted, "What's the big deal, anyway, I have thigh hugs!"

Aww...

no!

The stimulation she received tonight was too great, she was flustered, she was going to find the little baby to heal...

Selena casually stuffed the bouquet of black flowers in her arms to Karl, and then rode her scooter away whizzing away.

"What is it?" Karl glanced at the black rose that Selena had stuffed in his hand, and then took out a pink sticky note from the bouquet.

Karl glanced at the signed words, and then muttered, "Without you, I would be a soul without purpose; without you, my emotions would have no foundation; without you, I would be a face without expression." face; without you, I would be a heart that stopped beating; without you, I would be a flame without heat... I am a brook running towards you, O blue sea, would you accept Me? Graceful sea, the brook is waiting for your answer..."

After reading this, Karl clutched his chest, with an expression of being about to vomit blood from poisoning, "fcuk me! What the hell!"

No need to think about who sent this bouquet of flowers, who wrote this sour poem...

No wonder little junior sister was hooked up by Daniel in just a few days!

Should!

Platinum Palace.

It was already late at night. Hearing the sound of the coded lock opening outside the door and slight footsteps, Daniel, who was in a light sleep, got up sharply and went downstairs, and then unexpectedly saw Selena in the living room, "Selena? It's so late What about you..."

Before she finished speaking, Selena ran over, tiptoed and k!ssed her.

Daniel had already fallen asleep just now, and now he was wearing pajamas, and he was suddenly thrown into his arms by his wife in the middle of the night and k!ssed him, obviously he hadn't recovered from it, but instinct is enough.

The man's arm subconsciously wrapped around the girl's waist, and his fingers groped the girl's back, deepening the k!ss. The air in the middle of the night gradually warmed up...

The familiar atmosphere made Selena regain her composure in an instant. She looked up at the man eagerly and said, "Master Boss, please stay overnight! Can I sleep with my little baby tonight? The reward has already been paid!"

Daniel looked down at the girl with deep eyes, and said in a low voice, "Is one k!ss enough?"

"That's right, Little Treasure is so cute! At least two more!" Selena decisively k!ssed again.

Daniel accepted the girl's reward with a light smile, "Why did you come here suddenly?"

"Suddenly miss you and little baby! Now! I want to hug Rick right now! I'm going to take a shower and change!" Selena said impatiently.

"Go."

Selena ran past quickly, with a gust of wind behind her, a black petal fluttered down from the girl's body.

Daniel's fingers caught the black rose petals, his gaze sank.
