## Chapter 941

After Selena took a shower and changed into her pajamas, she lightly slept next to Rick.

I don't know since when...

Daniel and Rick seemed to be the source of her sense of security, and the proof that she was still alive.

Just seeing them gives her courage, drive, enthusiasm and a sense of stability.

Daniel walked to the edge of the bed and sat down, tucked the quilt for both mother and son, then looked down at the girl, "Did something happen?"

Selena sat up a little, leaned into Daniel's arms, thought for a while, and finally explained without hiding it from him, "Actually, I went to meet someone tonight... I don't know if you don't remember, my dear Brother... is the man with glasses who took me away last time in Philadelphia."

"Remember." Daniel nodded slightly, the dark light in his eyes flashed away.

"Well, it's him. He suddenly asked me to meet at the bar tonight... But don't worry, he didn't make it difficult for me. It's just that the second senior brother used a tricky trick to win him last time. He asked the second senior brother to beat him up. After that, they probably talked about something about the second senior brother leaving the school, in short, the senior senior brother didn't mean us badly, and even secretly helped and reminded us..." Selena explained.

"and then?"

"Then, I heard from the second senior brother that they seem to have been transferred to the country, including... including that person..." Selena hesitated, and her face changed slightly.

Hearing the last three words, Daniel subconsciously tightened his arms, and even lowered the air pressure around him instantly. After a long while, he said dryly, "So, what do you think?"

Inexplicably, Selena felt a little chilly, and secretly glanced at Daniel's face that seemed to be a little gloomy, not understanding why he was suddenly in a bad mood, "Ah? What do I think? To that person, or to this matter? Anyway, I just find it annoying! I don't want to have anything to do with them or anything about them. I just want to live my life in peace, play my plays, earn my money, with the one I love, and with the one I love. The baby is together! Good!"

Accompanied by Selena's words, Daniel's cold face gradually softened.

After all, it was the person she liked so much, after all, she had rejected him so many times for that person, what he was most worried about... Undoubtedly, that person's return would shake her heart...

"Don't worry, with me here, no one can force you to do what you don't want to do."

"Hmm! So I'm here to hug my thigh....."

...

In the early morning, the sun shines in through the window lattice, making the room warm.

On the small bed opposite the window, Rick in the quilt woke up in a daze, his little body arched, it was strange to feel the warmth around him, and it was also soft and fragrant...

Well?

The little guy yawned delicately, then opened his eyes, and turned his head subconsciously. As a result, when he turned his head, he saw Aunt Selena lying beside him!

Mama!

The little bun suddenly opened his eyes wide round, as if children saw a room full of candies and toys.

He doesn't like candy or toys, he likes Aunt Selena.

Rick immediately got up from the bed, stared at Ma Ma who was sleeping soundly next to him without blinking, then he carefully stretched out a soft finger and poked Ma Ma's face , poked again.

soft.

very warm.

happy!

...

## Chapter 942

At this time, there was a sound of footsteps at the door.

Daniel leaned against the door, looking at his son's sudden happiness expression with a smile in his eyes, "I came here last night, and you fell asleep at that time."

Rick suddenly puffed up his cheeks, how could he not wake him up when he complained!

Then he can spend more time with Ma Ma!

"Hmm... um? Baby, you're awake..." Selena also woke up following her biological clock.

Opening her eyes, seeing the soft little bun, Selena immediately felt better, hugged the little bun in her arms, and rolled on the bed, "Oh, I don't want to get up, I don't want to go to work, and I don't want to talk to the little bun. Separate, baby!"

Holding a soft little bun in this way is really too star lake in the morning of winter!

Rick immediately hugged Selena Mama.

He also doesn't want to go to school, don't be separated from Xiaoxi Mama!

Looking at the one big and one small lying on the bed, Daniel shook his head dumbfounded, "Shall I help you ask for leave?"

Selena blinked, poked her head out of the quilt, "Forget it... Daniel! How could you do this! At this time, shouldn't you be educated like a dignified head of the family?" Us, let us both study hard and work hard?"

Rick nodded in agreement, that's right.

Daniel: Well, it was his fault.

After Rick was fully charged, Selena was revived with full blood, and put all her unhappiness and troubles behind her, and devoted herself to her work wholeheartedly.

Most of the scenes to be filmed today are rival scenes with Shen Hanchen, one of which is a fighting scene, which needs to be rehearsed in advance, so when filming other people's scenes, the two will rehearse beside them.

Shen Mian hired a coach to teach the two martial arts moves.

Shen Hanchen's mental state is good today, probably because he has finally waited for a scene where he is definitely better than Selena.

result...

Half a day later, Selena was already leaning on the recliner, drinking a drink and basking in the sun, surrounded by a group of girls and chatting, while Shen Hanchen was still sweating profusely fighting with the coach.

Seeing Shen Hanchen's aggrieved look, Shen Mian went over and patted him on the shoulder, "Young man, I forgot to tell you, Selena was from Wudai before!"

Shen Hanchen: "..."

Dmn, is this guy a monster? Is there anything she is not good at?

Qi Fang secretly glanced at Selena, ran over to hand Shen Hanchen a bottle of water, clicked his tongue and said, "Could this guy be a man in the first place, but ended up in the wrong birth? That's right!"

Shen Hanchen raised his head and poured half a bottle of water, feeling extremely depressed. It would be fine if he really lost to a man, but it would be even more aggrieved to lose to a woman, okay?

A majestic big man is not even as good as a woman!

Qi Fang knew that Shen Hanchen was just like himself. He had been upset with Selena for a long time, rolled his eyes, and muttered, "No matter what, she is a woman after all. I don't believe that she has no flaws in her body. I must find a way to let her I can no longer pretend to be aggressive, and then I will see how arrogant she is, tell me, there is something that girls must be particularly

afraid of, and when they see it, they will definitely lose control and yell or even cry...?"

Shen Hanchen glanced at Qi Fang, he would definitely not do this kind of thing himself, but since Qi Fang was going to do it, he was also optimistic, after all, he had endured enough.

Shen Hanchen said casually, "Snake?"

...

## Chapter 943

After finally filming the fight scene with Shen Hanchen, Selena returned to her seat.

Just as she sat down, Ke Mingyu suddenly walked towards her.

"What's the matter?" Seeing Ke Mingyu looking for her, Selena looked a little strange. This guy never came or actively communicated with anyone on the set.

In order to avoid being influenced by him again, she has been deliberately not paying attention to him today.

"Look for seniors to play against each other." Ke Mingyu said.

"Oh, okay..." For an extremely normal reason, Selena didn't think about it, and picked up the script, "Let me see, our role today is..."

While Selena was talking, there was a sudden chilly, slippery sensation on her wrist, which made her skin alert.

Turning her head subconsciously, she unexpectedly saw a small snake of various colors crawling onto her body at some point...

Before Selena had time to react, Xiao Tao caught a glimpse from the corner of her eye and let out a scream that nearly shattered her eardrums, "Ahhh...snake! How could there be a snake! Xi Brother, don't move! Don't move!"

"Ah! It's really a snake! It's so disgusting! It can't be poisonous!"

"What to do, what to do! Karen, I'll find someone to help you!" Ji Yumeng was so anxious that the other girls almost fainted from fright.

...

Just as Selena was about to speak, her wrist suddenly became empty. The next second, the snake was already in Ke Mingyu's hands.

Ke Mingyu pinched the snake's seven inches with his fingers, and he was about to pinch the snake to death with his bare hands.

Selena who was next to her suddenly yelled, "Don't! Don't pinch it!"

Ke Mingyu looked over in puzzlement.

Selena glared at him complainingly, then stretched out her hand, "Let go, give it to me!"

give her?

"Hurry up! You scared it to death, didn't you see it?" Selena's tone became even more dissatisfied.

didn't see...

Seeing Selena's complaining face, and seeing clearly that it was a non-venomous snake, Ke Mingyu obediently handed the snake over.

Selena took the little blue snake and stroked its smooth skin in a comforting manner, "This is a non-poisonous snake, it won't hurt people, and it's a vegetarian! It's so cute, how could you do such a poisonous thing?" !"

Ke Mingyu: I originally wanted to be a hero to save the beauty, but why was I scolded by my wife...

Qi Fang and Shen Hanchen: They screamed and cried as agreed, why didn't they follow the script...

"Xi...Karen, stop playing! Be careful it bites you!" Xiao Tao was so frightened that her body was shaking.

"Don't worry, this kind of snake is good. If you bite it, it won't bite you! Would you like to touch it? I guess it was woken up by us in hibernation. The little guy is still a little confused..."

"No no no no! No need!" Xiao Tao shook her head like a rattle.

In order to show her difference, and to make the male god look at her differently, Ji Yumeng boldly stepped forward, "I'll do it!"

At the beginning of Ji Yumeng, the other girls next to him saw that the snake was so docile in Selena's hands, and searched to make sure it was really a non-poisonous snake. See how Selena distinguishes poisonous snakes from non-venomous snakes in popular science...

Qi Fang bit the pillow in his arms, tears streaming down his face, "This guy is neither a woman nor a man, just a monster! Ow! I'm so mad... But what happened to that kid Ke Mingyu! Why did you help that guy just now?" Guy? Aren't we supposed to be a united front? How can he turn his elbows out?"

...

## Chapter 944

In order to ease everyone's panic, Selena let them play with the little snake for a while, then found a bush and released the little snake.

After returning to her seat, Selena's eyes flickered.

It's winter now, and the snake won't come out on its own, unless...

Tsk, boys nowadays are really getting more and more childish!

However, Ke Mingyu's reaction just now surprised her a little bit. The speed of catching the snake is too fast, isn't it? Even she didn't see clearly...

Seeing Selena staring at him, Ke Mingyu called out, "Senior?"

Selena rubbed her chin, and suddenly moved closer, so close that her face was almost pressed against her, "You...are you in love with me?"

The man was stunned for a second, then his face remained unchanged: "You think too much."

Xiaotao on the side turned pale with fright, "Karen, what are you doing! People will see you!"

Selena straightened up, with a calm expression, "Why are you nervous? I'm playing with Ke Mingyu!"

"Ah? Right... the right scene!" Xiaotao glanced at the script, and it was indeed a line in the play, "It turned out to be a right scene, it scared me...Karen, you acted so well! Even the opposite scene is so realistic !"

"Thank you, senior, I'm going to prepare." Ke Mingyu said, then turned and left, with an imperceptible haste in his back.

Soon it was evening, and Selena was concentrating on preparing for the next scene when the director's assistant's voice sounded in her ears...

"Karen, it seems...someone visited your class..."

Another visit?

Travis or Louis?

Selena raised her head subconsciously, and in the next second, after seeing the cute little one next to the little assistant, she put down the script and stood up, excitedly saying, "Rick???"

After seeing Ma Ma, Rick, who had been walking beside the little assistant expressionlessly, swung his short legs and ran towards Selena quickly.

"Karen, is this kid a relative of yours? A girl brought him here just now and told me that this kid is here to look for you!" The little assistant stared at the little guy as he spoke. Once saw such a beautiful child.

girls? It must be the little maid of the Lu family who is bent...

It's impossible for Wanwan to send Rick here on his own, so it could only be Daniel's confession. Daniel probably sent Rick here because he saw that she was in a bad mood last night...

Selena thought about it, happily picked up the little bun, and explained after a little thought, "It's my best friend's child, I'm godson!"

She thought about it, and this identity was the most convenient and least likely to cause any misunderstanding.

Fortunately, their crew members are relatively simple, no one knows Rick, even if Rick comes to visit the set, it will be nothing.

The unrestrained and unrestrained man held a white and soft little bun in his arms, his expression was as gentle as water, the little bun hugged the man's neck, full of love and attachment, this scene was as warm and beautiful as a painting... ..

The little assistant was almost dumbfounded, "This child seems to be very close to you!"

"Well, his parents are busy, so he usually likes to cling to me. He won't cause trouble for everyone, right? He's very obedient and doesn't run around!" Selena apologized.

"No, no, besides, we only have one scene left to end, there is no trouble." The little assistant said hurriedly.

"Yo, Selena, where did you abduct the little baby?" Shen Mian walked from the side, looking at the little bun in Selena's arms with a look of surprise.

...

## Chapter 945

"What abduction, director, this is my godson!" Selena said speechlessly.

Shen Mian stared at Rick's face and looked again and again, her eyes became brighter and brighter, and she exclaimed, "This kid's background is really good! Are you interested in entering the entertainment circle?"

Selena's mouth twitched, "He's only five years old, okay?"

"What's wrong with five years old! Be famous as soon as possible! You give him to me, and I promise to make him popular!" Shen Mian's eyes brightened, "This temperament, eyes, and nose... I can guarantee that I will definitely be famous when I grow up." It won't last forever!"

"No thanks!" Of course it won't be disabled, just look at his father.

"Are you sure? Do you have his parents' contact information? I'll talk to his parents!" Shen Mian didn't give up.

"Don't talk about it, I can decide this matter, and he still has to study! Director, don't mislead your children, okay?"

"Hey, you girl, how many people put children in my place and I still won't accept it..."

...

Shen Mian followed covetously for a long time, but after being ruthlessly rejected by Selena, she could only leave with a face full of regret.

As soon as Shen Mian left, many people immediately surrounded her, "Wow! This kid is so cute!"

"That's right! It's cute!" Selena looked proud.

"It's so cute, isn't it! No wonder Director Shen wants to dig it!"

"I really want to hug you!"

Rick's eyeballs moved around nimbly, looking at this elder sister and then at that elder brother. After hearing this sentence, he immediately hugged Ma Ma's neck tightly, buried his little head on Ma Ma's shoulder, Like a rat.

Selena patted Rick's back, chuckled lightly, and apologized, "I'm sorry, he's a little shy and doesn't like to talk."

"Oh, I'm so cute even if I'm afraid of being born, so cute, so cute, this little expression! Actually, I plan not to have children in the future, but if my baby

can be so cute, I would like to have it too!" Ji Yumeng Squatting there with her face in her hands, she was so cute that her heart almost melted.

Looking at Selena who was surrounded, Qi Fang's pillow was almost bitten by him...

First Louis, then Travis, and today there was a cute little boy who came to visit the class. What is the origin of this guy?

"Oh...oh my God! Why is it that he gets all the limelight..."

"Stuntling." Shen Hanchen snorted coldly.

Qi Fang immediately agreed, "That's right!"

Qi Fang glanced at Ke Mingyu in the corner. He originally wanted to draw Ke Mingyu to the united front. Ever since he helped Selena once, Qi Fang had decided to completely exclude him from the Three Musketeers, even though he had never been involved. ...

Although Selena really wanted to play with Rick for a while longer, but the next scene was about to start, so she hurriedly kissed Rick, "Ma Ma is going to make up and change clothes to get ready for work, just wait here for me obediently OK?"

With a lot of snacks stuffed into his arms by the staff, Rick nodded obediently.

"Xiao Tao, please take care of him for me."

"Okay Karen, hurry up!" Xiao Taole accepted the task in a dizzy manner.

Well, I always felt that when Karen called himself "Mom" just now, his tone and expression were so gentle and gentle, he was almost like this little guy's real mother...

Selena had just entered the dressing room not long ago.

The little bun who was sitting on the chair obediently waiting for Mama suddenly stared in one direction without blinking.

That's... Ke Mingyu's direction.

The little bun stared at it for a while, lowered his eyes, then raised his head, stared at it for a while, and then tilted his head as if he encountered some problem.

"Pfft, Rick, what are you looking at?" Xiao Tao next to her looked at the cute little guy, her heart almost melted.

The little bun blinked, jumped off the chair suddenly, and then ran towards Ke Mingyu...

...

## Chapter 946

Rick ran up to Ke Mingyu and stood still, then continued to stare at him without blinking.

Ke Mingyu: "..."

Soon, just standing there and watching couldn't satisfy him anymore, Rick started to circle around Ke Mingyu, looking around him once, and then again, with that little expression as if he was doing some important scientific research.

Xiaotao was dumbfounded while watching from the sidelines, coughed lightly and said to Ke Mingyu, "I'm sorry, Mr. Ke, this child may like you very much and wants to play with you..."

Ke Mingyu stretched out his long arm, and supported the little bun who was circling around and almost tripped over a small stone. There was a trace of near collapse hidden in the corner of his forehead: "It's okay."

Not far away, Qi Fang saw black lines all over his head, "Sure enough, likes gather together and people are divided into groups. Isn't this kid's aesthetics as deformed as that guy's? He doesn't look for so many handsome men and beauties, but he goes to Ke Mingyu to play!"

Shen Hanchen only glanced up, then continued to read his script without interest.

Qi Fang complained for a while, flipped through the script boredly, and then muttered, "The next scene is Selena and Ke Mingyu's rivalry scene... yo, this scene is Selena's female costume... By the way, it took two days for me to join the team Yeah, it seems like I've never seen Selena wearing women's clothing, tsk, it's really unimaginable..."

"Xiao Tao, can you do me a favor and bring me Selena's bag!" Ye Qiu's voice came from the dressing room.

Xiaotao hurriedly responded, "Okay! Immediately!"

"Mr. Ke, can you please take a look at this kid? I'll be right back." Seeing that Rick and Ke Mingyu are having a good time? Xiaotao asked Ke Mingyu for help.

"Ok."

After Xiaotao left, Rick was still wandering around Ke Mingyu.

Ke Mingyu glanced in the direction of the dressing room. Selena should be putting on her makeup soon. If she saw Rick circling him like this...

"Don't circle around me." Ke Mingyu stroked his forehead, and finally couldn't help but speak.

Hearing this, Rick blinked, stopped in front of Ke Mingyu, and finally stopped turning.

However, those bright eyes never left him, staring at him like a kitten full of curiosity, and even tentatively stretched out a small hand toward his face ...

In this regard, this child is surprisingly similar to Selena, even this reaction is exactly the same...

Ke Mingyu's expression seemed to be cracked, and he lowered his voice, "Go to your mother, go."

Fortunately, at this time Selena came out of the dressing room after putting on her makeup and clothes, and the little bun immediately ran towards Ma Ma.

Ke Mingyu heaved a sigh of relief, and then, looking at the door of the dressing room, his gaze suddenly darkened.

At this moment, Selena was wearing a pink and tender one-neck floral dress, revealing a beautiful collarbone and a looming curve downward. Her long black hair like a waterfall drew a gentle curve around her waist, and her beautiful pair of Her eyes seemed to be filled with stars, and her gaze was so beautiful that it was not in the world. Before that, her skin color may have been deliberately darkened by a makeup artist, but now that her original skin color is revealed, it is dazzlingly white , the whole person looks like it is shining when walking around...

"Ah! Word! Oh my god! This... is this our Karen? Sister Ye Qiu, have you learned some magical skills? You have changed into a living person!"

...

## Chapter 947

"What magical skills? It's Karen himself who is a god! I'm just adding to the splendor!" Ye Qiu looked at the girl in front of him and sighed. This girl's plasticity is really too strong.

"Senior...it's so beautiful..." Ji Yumeng stared at her in awe.

Even seeing her as a woman makes her heart flutter!

"Oh, you are indeed a senior! Both men's and women's clothes are so charming! It's over... If this goes on, I feel like I'm really going to bend..."

The only one who was quite calm at the scene was Xiaotao who had been with Selena for a long time, heh heh, I didn't know until now, Karen's women's clothing is even more impressive, okay? Even Sister Zhizhi's biggest worry is that she is too beautiful.

...

"Gulu..." Among the noisy crowd, Qi Fang swallowed his saliva.

"Ning...Selena?" The script in Shen Hanchen's hand slipped to the ground at some point.

Hearing her name being called from behind, Selena smiled and turned her head away, "Huh?"

Looking at the girl's bright smile, Shen Hanchen suddenly felt his blood flow backwards, as if all five senses were out of control, his heartbeat was so fast, a sentence flashed in his mind: Looking back and smiling... Bai Meisheng...

"No...it's okay!"

He thought that this woman was the same as the female stars he had seen before. The image shown in the photos on TV was all ps and a microdermabrasion filter. There are many people.

This is the first time that a real person completely kills photos and film and television works.

After going through the video, not only did it not make her image more perfect, but it framed and restricted her.

He had checked her information a long time ago and thought he knew her, but he didn't really know her until now...

There was a "crash" sound, Qi Fang picked up his coat and ran over like an arrow, his eyes glowed, and he said loudly: "Senior! It's cold! You haven't started shooting yet, so put on your coat first." Bar!"

"Dmn it! Qi Fang, you kid is too good at getting cheap!"

"That's right! The speed is too fast, you!"

"Hahaha, this guy..."

...

When everyone's attention was on Selena, in the corner, Ke Mingyu stuffed a blanket into Rick's arms expressionlessly, "You know what to do."

This time, he used his own voice.

Originally, I just felt sorry for my wife so I sent my son here to make her happy, but I didn't expect that I finally got through the test of my wife, but fell into the hands of my own son...

Instead of letting Rick keep surrounding him curiously and arousing Selena's suspicion, it's better to directly seek an alliance.

Rick looked at Ma Ma who was surrounded by the crowd, and immediately forgot all his curiosity and father, picked up the blanket decisively and ran over...

Before Selena could speak to Qi Fang, a soft and cute little bun suddenly ran over with a blanket in its arms, and held it up to her with its little head up.

Selena immediately turned to Rick, she was so moved, "Um... for Mama? Thank you, my precious godson!"

Qi Fang who was left on the sidelines was immediately disappointed like a puppy who was not able to please his master...

Selena put on the blanket that Rick sent over and said to Qi Fang, "Thank you, I have a blanket, you can wear it yourself, don't catch a cold."

Qi Fang suddenly warmed the spring and blossomed, "Thank you, senior, for your concern!!!"

...

## Chapter 948

Not far away, Shen Hanchen was completely speechless with an expression of "Who is this ba5tard, do I know him?"

Who had been whispering in his ear before, who was the one who kept saying "this guy" and ran to release the snake?

Has Qi Fang lost his memory?

After showing his courtesy, Qi Fang ran back happily, and said in an intoxicated tone, "I've decided, from now on, I'll be a fan of senior! A fan for life! Hey, I was just too stupid before." Is it? You are always jealous and embarrassing a girl! You are not a man at all!"

"I didn't expect that, I didn't expect that Ke Mingyu was the one with the deepest scheming. From the very beginning, he knew that he would go to court her senior and ask her for an autograph. Just now, he was a hero to save the beauty. What a mistake..."

Qi Fang slapped himself in frustration as he spoke, and then stared in Selena's direction with his face in his hands, "Oh, it's so beautiful! How can there be such a beautiful young lady! Han Chen, I really envy you, you can be the hero!"

Shen Hanchen: "..."

Is there at least a slight buffer for your attitude change? This turned out to be too fast! What about morals, brother?

never mind...

Why are you complaining about Qi Fang, even he himself...

Shen Hanchen picked up the script that fell on the ground, and subconsciously held down his heart that was still beating at an abnormal speed.

how so...

Feeling like never before...

He thinks highly of himself, especially when he looks down on women in the entertainment circle, how could he...

“Not bad, not bad! Even more beautiful than last time!” Shen Mian looked at Selena, expressing her satisfaction. He really had nothing to choose from this treasure he accidentally dug up.

Last time when she cameo as the first love’s character, she was completely bare-faced. At that time, she had already amazed everyone. Now she put on a youthful and bright makeup, which fully fits and even exceeds the interpretation of Ji Feixue in his mind. The image of women’s clothing.

“Come on, Selena, and Xiao Ke, you two come here...” Shen Mian called Selena and Ke Mingyu over as she spoke, and told them about the scene, “Seeing how well you cooperated yesterday, this scene is right for you.” It shouldn’t be too difficult for the two of you, just wait until you perform normally, Selena, you should pay attention to one point later...”

Selena stood in front of the director, holding the little bun in her hand, and listened carefully to what the director was saying. Standing next to the little bun was Ke Mingyu. This time, the little guy finally stopped staring at him.

After talking about the scene, Shen Mian clapped her hands, “Okay, everyone, let’s start the last scene of today! When it’s over, we can call it a day and go home!”

This scene was filmed when the heroine accidentally ran into the second male lead while wearing women’s clothing. The acting skills of the two actors were online, and they passed it in one go. The staff all showed happy expressions. After all, they met such a reliable actor. It was so worry-free.

After work.

At a certain fork in the road, the man was in a hurry. When he reached the corner ahead, he suddenly stopped a person from the opposite side – “President Lu.”

Selena seemed to have been sitting on the sidelines for a long time, so she stepped over and stood in front of the man, and then said those four words.

"Senior?" Ke Mingyu was taken aback, showing a look of surprise.

Selena immediately frowned, "You're big! Daniel! You're still pretending to be me! Just now Rick circled you twenty-three times, do you think I'm blind?"

Ke Mingyu: "..."

Originally, there was still a trace of luck, but in the end, it was still seen...

It's really too bad...

However, Daniel felt that he might still be able to save him.

"I don't know what senior means. Senior seems to regard me as another person?"

The man's face was three points surprised and seven points puzzled, completely like a stranger.

Selena frowned slightly, "You...are you really not Daniel?"

Ke Mingyu: "No."

Selena nodded, "Oh... no... that's fine! If that's the case, I'll ask you another way!"

As soon as the words fell, Ke Mingyu's eyebrows twitched, and he had an inexplicably bad premonition.

As a result, Selena stared at him leisurely after a pause, and continued to ask, "Mister, are you really... not my husband?"

...

## Chapter 949

Ke Mingyu: "..."

Daniel never expected that Selena would be so ruthless!

How can he say "no" to this question!

Seeing the man's thin lips tightly pursed and standing there silent for a long time, Selena shrugged her shoulders, turned to leave, waved her hands behind her and said, "Okay, it seems that I really made a mistake, how could you be my dear?" ..."

In the next second, Selena's wrist tightened suddenly, and there was a strong force, and she was pulled into a hot embrace. Her body was tightly locked by a pair of arms, and a hoarse and deep voice like a man's cello came from her ear, The voice was suppressed and helpless, almost spit out through gritted teeth – "I am."

After finishing speaking, he bent down and kissed the girl's lips fiercely...

In the dark alleyway, the girl was pressed against the wall behind her with her waist pinched, sucking kisses vigorously, and the cool evening air seemed to be on fire at this moment.

"It hurts..." Selena felt that her tongue was about to go numb, and her lips were tingling, so she couldn't help complaining softly.

On the contrary, the man kissed deeply even more excitedly, with the ultimate helplessness and the ultimate pampering in his tone, almost wanting to rub the person in his arms into the bone marrow, gritted his teeth, "Little villain..."

Not to be outdone, Selena bit the man's thin lips, "You're a villain! If it wasn't for the little treasure card looking for Daeyi, how long would you have kept it from me?"

Little Treasure Brand looking for Daddy...

Well...that's a pretty incisive description...

Daniel: "Always."

If he hadn't been discovered, he would have been planning to keep it a secret from her!

When Selena heard this, her lungs almost exploded, "Then why did you admit it just now? You can deny it to the end! Anyway, I don't have conclusive evidence to expose you!"

Daniel sighed softly, "You know it well, even if the sky is falling, I can't deny this issue."

"Hmph!" Selena snorted triumphantly, acting like I was relying on you and not daring to deny it.

What Daniel loves the most is her appearance, his eyes deepened, and he wanted to kiss her again...

Selena pushed him away angrily, "I'm telling you something serious! I'm asking you because there are dangerous scenes in this movie, are you worried?"

She thought that Daniel had planned to ask Xiong Zhi to protect her before, but something like that happened, and she was almost in danger in Philadelphia. With Daniel's personality, let alone continue to use Xiong Zhi, even for anyone, he probably won't feel at ease!

So he didn't hesitate to do it himself?

As far as she knows, this kind of ultra-precise human skin mask is not only extremely difficult to make, but also very harmful to the skin and human body. It will be very uncomfortable for a person to wear it for more than ten minutes, let alone for such a long time...

Thinking of this, Selena's heart softened a lot.

"This is one reason." Daniel didn't deny it, and then, looking at her, he continued, "The other reason is my selfishness. We are both busy with work, and our relationship cannot be made public, so we can get along Too little time. I miss you so much."

"I'm sorry..." Selena lost her anger for the last time.

"In addition, experiencing these in person can also get to know you better, and we can have more common topics with you, so that you may not think that I am too boring."

"How could it be! You are not boring at all! I like Mr. Boss the most! I like it the most!" Selena's dissatisfaction had completely turned into distress and emotion. She hugged the man's neck and offered to k!ss him to comfort him with.

## Chapter 950

Aftermath...

Daniel leaned over and k!ssed the girl, a heart that had been suspended a hundred thousand miles in the sky finally returned to his body.

Selena tilted her head, and looked at him in amazement, "Daniel, I never knew that your acting skills are so good, you almost robbed me of my job!"

"It's because I have a good teacher." Daniel said.

"Ah? You still have a teacher! Who is it? Why don't I know?" Selena asked curiously.

"you."

"I?"

"I read all the books and notes you put on my side." Daniel replied.

Hearing this, Selena didn't know what to say.

From customizing masks to learning acting skills, it will take at least several months to prepare so much...

I'm afraid Daniel has been doing these things silently since the last time they came back from Philadelphia.

She fully knows how busy he is usually, and he handles big cases worth hundreds of millions, yet he spares so much time for such insignificant things, just to spend more time with her, but still afraid that she will get angry, painstakingly concealed.

Her profession is generally not recognized by the so-called celebrity and aristocratic circles, but he is willing to accompany her in person, to understand her, and to protect her.

"Never...no one has been so nice to me..." Selena hugged the man in front of her, "Hmm...so moved that I want to marry you immediately, what should I do!"

"The Civil Affairs Bureau seems to be off work now, but I can call them back, or just let them come home with their equipment." The man spoke quickly, and his dark eyes shone brightly.

"Pfft, stop making trouble!" Selena laughed.

Daniel sighed, resting his chin on the girl's shoulder, "Selena, we've only just started dating, although it's very abrupt to ask, but it's true, I've been thinking about this every day, every minute, every second... what When... can you marry me?"

Selena looked at him quietly, her eyes glowed like the light that broke the darkness before dawn, and said solemnly, "When I can stand side by side with you."

in the car.

Selena was driving in front, and in the back seat, Daniel was sitting on one side, and the little baby was sitting on the other.

The disguise on Daniel's face hadn't been removed at the moment, it was still Ke Mingyu's image, the little guy stared at him for a long time, curiosity prevailed, and he decisively stretched out his little hand again.

This time, Daniel reluctantly cooperated and leaned over to touch him.

The little bun touched it and touched it again, curious about unknown things.

Selena glanced at the father and son in the rearview mirror, clicked her tongue and said, "Daniel, do you think our little treasure has special abilities? He can recognize us no matter what we look like!"

Daniel thought about it for a while, but he was not surprised.

He had discovered that his son had such abilities before.

Some people have their own special ways of observing that are different from ordinary people, and they will discover things that ordinary people cannot.

"It's hard to explain. It's probably like a dog's sense of smell, a way of observing that can penetrate the essence."

"I'm going, how can you compare our son to a dog! By the way... there is another question, I just wanted to ask, why don't you make a more handsome face? I heard from the director that you originally wanted to act It was the male lead, but he became the second male lead because his image didn't match!" Selena asked curiously.

Daniel: "Because he's handsome enough."

Selena: "..."
