## **Complete Martial Arts Attributes** Chapter 2179: Legacy In The Grand Universe Hall! (1)

"What on earth happened?"

The people outside the Spiritual Hollow Mountain were astounded when they saw Wang Teng appearing again and getting taken away by the president and the others. They started guessing what happened.

At the same time, Spiritual Hollow Mountain vanished before their eyes, leaving them in awe.

"Silence!"

An eternal-stage martial warrior from the academy stood up and shouted.

The crowd immediately quieted down, looking at the eternal-stage martial warrior.

"All the performances of the new students have been observed by the instructors present. Now, the formal apprentice selection begins. Students chosen by the instructors, carefully consider whether you want to take them as your masters."

"Instructors choose students, and students also choose instructors. No one will force you."

The eternal-stage martial warrior said calmly.

The new students present were instantly shaken, forgetting about the situation with Wang Teng. Other people's affairs were not as important as their own future.

Besides, with Wang Teng absent, their brilliance would not be overshadowed.

It was so heartbreaking!

Wang Teng's presence in this generation suppressed all the other geniuses, surpassing everyone in talent and strength.

They felt despair!

At this moment, many new students looked eagerly at the eternal-stage martial warriors with only one thought in their minds... pick me, pick me, please pick me!

They yearned to become stronger!

Having a master was an excellent way to achieve that.

If they could choose a suitable strong master, there might be a chance to surpass him in the future.

"Yuan Mu, are you willing to take me as your master?" In the sky, an eternal-stage ruler gazed at Yuan Mu, and his voice

Although Yuan Mu was not as exceptional as Wang Teng, his talent was still outstanding enough to catch the attention of an eternal-stage ruler.

Eternal-stage rulers were the most powerful among eternal-stage martial warriors. Despite seeming to have quite a few in the Stellar Academies, they were priceless

With a snap of their ngers, they could annihilate an entire star system, showcasing their terrifying might.

However, at this moment, Yuan Mu revealed a trace of unwillingness. While Wang Teng was taken away by the president and two god-stage presences, Yuan Mu could only end up accepting an eternal-stage ruler as his master, and the disparity was too signi cant.

He was too proud, setting his demands too high at the beginning. Now, facing this enormous gap, he found it hard to accept.

"Yuan Mu, your Divine Constellation Physique is indeed an extremely powerful physique, not inferior to anyone. The method I cultivate coincides with your path. Are you willing to accept me as your master?" At this moment, another eternal-stage ruler stepped forward, speaking.

Everyone was envious. Yuan Mu's talent was truly remarkable, attracting the attention and competition of two eternal-stage

"Lu Tian, your path of slaughter aligns with mine. Are you willing to accept me as your mentor?" Another eternal-stage ruler spoke, looking at Lu Tian.

Like opening oodgates, one by one, strong gures stepped forward, choosing disciples they favored.

Unlike the lively scene in the Grand Universe Hall, it was strangely quiet on Wang Teng's side.

The president brought Wang Teng into a quiet great hall. He didn't speak and just looked at him with a complicated gaze.

The other two god-stage martial warriors appeared. They looked at the president and then at Wang Teng, falling into silence.

At their level, there were very few things that could make them feel astonished.

The president sighed and, with a slightly complex expression, looked at Wang Teng, saying, "I initially intended to take you as my disciple, but I didn't expect you to catch the eye of that existence."

"In that case, it should be correct!"

Wait, the president was planning to take me as his disciple? Wang Teng, hearing the president's words, couldn't help but

However, judging by the president's expression, it seemed like his master might be even more extraordinary.
