

Master Pei's Wife is a Devil Concubine

Chapter 18: The Blockhead had Finally Learned?

Pei Qingshen was going to the Lute Association today. He had told his grandson to come back and pick him up.

Pei Huai only remembered when he saw the call. "I'll be back soon."

Pei Qingshen was about to ask him what he was doing to make him wait for more than two hours, but his sharp ears heard the chattering of a woman on the phone.

He was immediately alert and stood up. "Who are you with?"

"It's Su Ji." Pei Huai's gaze shifted to the side.

"Xiao Ji?" Pei Qingshen wouldn't even feel this happy if he met the Lute God. "This is fate!"

Pei Huai paused. "I meet hundreds of people every day. Half of them are women. Is that also fate?"

"Then what are you doing?" Pei Qingshen couldn't be bothered with him.

"I just came out of the museum. I'll pick you up later.

"Hey, no!" PEI Qingshen quickly stopped him.

"You're not going to the Lute Association?"

Pei Qingshen paused for a second. "I suddenly don't feel like going. No need to rush. Since you've met her, you should send her home. The world is so chaotic now, it's not safe for a girl to go out alone."

Pei Huai wanted to object, but when he remembered Su Ji talking to the perverted-looking man, he changed his mind. "Alright," he said.

Pei Qingshen looked at the phone for two seconds. He thought that his grandson wouldn't be so obedient and was about to threaten or bribe him, but...

That blockhead had finally learned?

A few minutes later, Su Ji got into her “bestie’s” car, and the sky was filled with stars.

It seemed that modern cars were divided into different classes, just like the carriages in ancient times.

If the Su family’s car was an ordinary carriage, then her bestie’s was almost like her gold carriage.

The poor Su Ji glanced at him.

We’ll be besties forever!

Beside her, Pei Huai seemed to be pleased by her smiling gaze. He looked out of the window and a smile slowly crept up his lips, even he himself did not realize it.

At that moment, Shen Mu, who was sitting in the front passenger seat, saw everything through the rearview mirror.

The moment he saw Ms. Su got into the car with the CEO, his jaw dropped in shock!

CEO Su is a woman?

And she’s so f*cking young and pretty?

And what’s with the vibe between them?

The two of them were clearly sitting far away from each other, and there was no verbal communication throughout the journey, but it was the same feeling one gets if they were hugging and kissing.

Shen Mu was so excited.

Oh my god!

Did the president just smile?

He remembered that the last time he saw him smile was ten years ago, when he took over a company that had thousands of branches globally.

He was dying to know more. Previously, Pei Qingshen had wanted him to be a spy for him, but at that time, he thought that the task was too difficult, so he did not dare accept it.

But now... It seemed like it was time to earn some extra money!

"Thanks." Su Ji got out of the car and thanked her bestie.

Pei Huai nodded slightly and rolled up the car window, which had only been lowered a quarter of the way.

When the car started again, he glanced at his shoulder, his eyes dark.

She'd touched that spot on his shoulder. Even now, there was still a faint fragrance. Throughout the rest of the journey, he felt confused.
