

Conqueror 1551

Chapter 1551

Jiang Hong raised his hand. This time, he did not attack with merely a finger as he did when dealing with the Martial Demon Emperor Palace's Emperor Mo Xiao. Instead, he waved once in the air like he was waving away an annoying fly.

There were no energy fluctuations nor noises.

Jiang Hong's action did not attract Lei Budong, Shui Luosheng, Guang Wenfang, Feng Chen or Huo Haibo's attention.

Standing among the Barbarians' small chieftains, venomous excitement sparked in Feng Shili's eyes as he watched Feng Chen and Huo Haibo attacking Xiang Xun and the Chaos Black Camel.

The Barbarians watched with anticipation as Feng Chen and Huo Haibo's palms struck towards Xiang Xun and the Chaos Black Camel. In the next moment, the awe-inspiring Feng Chen and Huo Haibo flew out as if they were hit by a great impact. Their robes exploded into fragments in mid air and their bodies smashed into the mountain peaks in the distance.

Echoes of thunderous booms shook the air.

Rocks and gravel flew out in various directions.

The abrupt change in situation dumbfounded the Barbarians.

Lei Budong, Shui Luosheng, Guang Wenfang and the others stared at Feng Chen and Huo Haibo who were half buried in dirt.

This!

What actually happened just now?!

Lei Budong, Shui Luosheng, and Guang Wenfang were filled with disbelief. Until now, they still had not figured out what had happened.

But the dumbfounded Barbarians soon reacted. Some of the experts hastened to Feng Chen and Huo Haibo's sides, and helped them out from the ground and began healing their injuries.

Jiang Hong had not intended to kill Feng Chen and Huo Haibo, so both regained their consciousness after some rescue efforts.

Awakened, Feng Chen and Huo Haibo ignored the various strange expressions on the experts' faces around them, instead, both were looking at Jiang Hong with horror.

Lei Budong, Shui Luosheng, and Guang Wenfang were still unaware it was Jiang Hong who had attacked Feng Chen and Huo Haibo, but they did realize that whoever had attacked from Huang Xiaolong's group was a high-level Emperor Realm master!

No, maybe a Tenth Order Emperor Realm master!!

"You, who are you?!" Feng Chen asked feebly while being helped up from the ground. His voice quivered slightly from dread.

This time, Lei Budong, Shui Luosheng, Guang Wenfang, and other Barbarians took another look at Jiang Hong with shock and apprehension. It would be stupid if they still couldn't guess it was Jiang Hong who had attacked just now.

Jiang Hong did not answer them but casually raised his hand and waved. A storm of golden purple lights shot out. Lei Budong, Shui Luosheng, Guang Wenfang, Feng Chen, and the others had yet to distinguish what the golden purple shiny things were, but these golden purple things entered their bodies.

In the next second, Lei Budong, Shui Luosheng, and all the Barbarians' experts discovered that their godforce was completely restrained, so was their physical body's strength!

Even though they could still move and talk, they had completely lost any power to resist!

What ability was this? Or some kind of ancient prohibition restriction formation that could be thrown out with a wave of the hand? It was so powerful that it could have restrained five Emperor Realm masters and hundreds of Heavenly Monarch Realm masters simultaneously?

They had never heard of something like this before!

“You, what do you want to do?’ Lei Budong had lost the arrogant confidence on his face as he stuttered, “You, you want to kill us all?!”

Hearts tightened nervously as they looked at Jiang Hong with great wariness.

Jiang Hong sighed and said, “I have merely suppressed your strengths temporarily. The restraints inside your bodies will resolve by themselves in a couple of decades.”

Of course, before that time came, Lei Budong’s group was no different from ordinary people...

Lei Budong, Feng Chen, and the others relaxed when Jiang Hong stated that he would spare them but the latter part of the problem sent them into a reel of panic.

Huang Xiaolong interjected at this point, “Your tribe have a rule passed down from your ancestors that anyone, regardless of who they are, as long as they could take the Barbarians out of this place will make that person your tribe’s king, right?”

The five Head Chieftains exchanged a perplexed glance among themselves after hearing Huang Xiaolong’s unexpected question.

“You, you mean, you have a way to leave this space? You can cross the Land of Lightning Penalty?” Lei Budong asked several questions in shock.

“Yes, I do have a way.” The little cow smugly replied.

Lei Budong, Feng Chen, and the others' gaze fell on Jiang Hong consecutively. In their opinions, if Huang Xiaolong's group really had a way out, it would naturally rely on the most powerful person—Jiang Hong.

But the little cow pointed at Huang Xiaolong and said, "Accurately speaking, he has a way out of here."

What?!

Lei Budong, Feng Chen, and the others were astounded as they stared at Huang Xiaolong in disbelief.

How is that possible? A mere God King Realm brat has a way to take them out of this space?

"Him? Impossible!" Huo Haibo was the first to jump out. He looked at Huang Xiaolong in contempt and scolded, "For how many millions of years our tribe has tried to cross the Land of Lightning Penalty? Even the generations of Tenth Order Emperor Realm ancestors could not find a way. He's just a God King Realm snot-nosed punk, how could he have any method to cross the Land of Lightning Penalty?"

Lei Budong, Feng Chen, and the rest too had a look of disbelief on their faces. They even thought that the little cow was playing a joke on them for her pleasure.

"Believe it or not, it's up to you." Huang Xiaolong said indifferently and ignored Lei Budong's group. He left the Chaos Black Camel to keep an eye on them, then sped into the purple peak with Jiang Hong, Xiang Xun, and the rest of his group.

With their entire body's strength and godforce restrained, the Barbarians watched powerlessly as Huang Xiaolong's group entered the Dragon Rain Sacred Peak.

Not to mention, they did not dare to make any move with the Chaos Black Camel watching them from the side.

"Could that kid really have a way to get out of here?!" Shui Luosheng watched Huang Xiaolong's back with heavy disbelief in his voice.

“Unless!” A possibility flashed in Lei Budong’s mind.

Seeing the sudden change on Lei Budong’s face, Feng Chen, Huo Haibo, Shui Luosheng, and Guang Wenfang seemed to understand Lei Budong’s thoughts.

“Elder Brother Budong, are you saying that he has one of the nine chaos lightning pools?!” Guang Wenfang’s chest tightened with excitement as she voiced the question in everyone’s mind.

Feng Chen and the other three Head Chieftains’ breathing quickened.

The nine chaos lightning pools!

Lei Budong tried his best to suppress the bubbling excitement in his heart as he said, “It is possible! If he really has the nine chaos lightning pools, it is highly possible he could help our tribe to exit this place!”

Imagining that the Barbarians would be able to walk out of this space to see the real world outside, Lei Budong could hardly contain the joy in his heart.

The Barbarians had been confined to this space for too long, too long. Every generation of their tribe’s experts had longed for the outside world. They had prayed that they would get to walk out of this space one day and take a breath of the outside air as well as look at the wonderful sceneries!

“According to our ancestor’s rule, if there is someone who could take our tribe out of this place, he will be our tribe’s king, but he’s merely a God King Realm brat...?” Huo Haibo refuted weakly.

“If he really could take our tribe out from this space, so what if he becomes our tribe’s king?” Lei Budong’s eyes shone as he went on, “Not to mention, if he really has one the nine chaos lightning pools, he would definitely become a peerless master in the future. Didn’t you see it for yourself that even though he is a God King Realm, he has two Emperor Realm pet mounts? Also, don’t forget, that middle-aged man is his Senior Brother! How could that kid’s identity be simple!”

Recalling Jiang Hong’s strength, there was dread on Lei Budong, Feng Chen, Huo Haibo, Guang Wenfang, and the others’ faces.

“That kid’s Senior Brother is probably a Tenth Order Emperor Realm master?” Feng Chen said with much difficulty.

Lei Budong shook his head. “I don’t know, maybe he’s a late-Tenth Order Emperor Realm master, even a peak late-Tenth Order Emperor Realm master!”

Chapter 1552

“What? Late-Tenth Order Emperor Realm, maybe even peak late-Tenth Order Emperor God Realm!” Hearing Lei Budong estimate that Jiang Hong could be a late-Tenth Order or maybe even a peak late-Tenth Order Emperor Realm, Feng Chen, Huo Haibo, Shui Luosheng, and Guang Wenfang gasped in astonishment.

At the same time, they thought of another thing. If Jiang Hong was already so powerful, didn’t that mean that Jiang Hong and Huang Xiaolong’s Master was even more...?!

Someone above the Emperor Realm!

Feng Chen, Huo Haibo, Shui Luosheng, and the others felt their minds buzz and they shuddered subconsciously.

Although they had been isolated within this space for generations, they had learned through the years from the outsiders who stumbled into this space that there were only a handful of people who had surpassed the Emperor Realm in the outside world.

Lei Budong muttered under his breath, “Their Master must be a master that has surpassed the Emperor Realm!”

“If he really becomes our tribe’s king, does that mean that we Barbarians would have gained a peerless master that has surpassed the Emperor Realm as backing?!” Huo Haibo babbled with excitement.

“That’s right, if our tribe follows him, we definitely would be able to rise to the top of the world!”

The present Barbarians’ small chieftains were trembling with excitement discussing about the ‘new king.’ Feng Shili alone looked pale. To him, if Huang Xiaolong really became the tribe’s king, and decided to pursue the previous matter with him, the consequences for him...?!

Thinking of the tribe’s punishment, Feng Shili broke out in cold sweat.

While the Barbarians continued to talk about the topic, Huang Xiaolong, Jiang Hong, and the rest were already flying up the Dragon Rain Sacred Peak. The closer they got to the Dragon Rain Sacred Peak, Huang Xiaolong and Jiang Hong’s sense of the purple grandmist aura and grandmist aura became stronger.

A while later, Huang Xiaolong, Jiang Hong, and the others were standing in front of an ordinary looking cave on the slope of the mountain.

Following their senses, the purple grandmist aura and grandmist aura were likely to be inside this cave.

There were faint wisps of purple mists flowing out from the cave’s mouth, almost invisible to the naked eye. At a glance, Huang Xiaolong and Jiang Hong could see that these faint purple mists were actually spiritual energy enriched by purple grandmist aura.

They stopped only for a moment in front of the mouth of the cave. Huang Xiaolong flew into the cave first riding on the little cow, followed by Jiang Hong, Xiang Xun, and the others.

The cave tunnel was not big; it was a little dim, quiet and mysterious.

After flying for some time in the cave tunnel, the tunnel space gradually grew wider and brighter. Huang Xiaolong’s group saw more and denser wisps of purple mist. At the same time, Huang Xiaolong got a strong feeling that he was closer to the purple grandmist aura and grandmist aura.

The group flew onwards for another ten minutes.

Suddenly, bright lights filled their path as they arrived at the bottom of the cave.

The group looked around and found themselves in a magical scenery, as if they had stumbled into paradise. There were numerous spiritual plants around them, bathed in rich spiritual energy. Each of these spiritual plants and trees were enriched by the purple grandmist aura and dragon qi.

Among these spiritual plants and trees were the purple dragon yew trees they had seen outside the cave.

The purple dragon trees outside were tall and imposing resembling purple primordial divine dragons, but the purple dragon yew trees inside this cave were several times taller and bigger! For a second, Huang Xiaolong had an illusion that he was facing a forest of giant purple primordial divine dragons.

The value of spiritual herbs and trees in this cave was tantamount to a thousand Emperor Palaces' treasuries.

Clearly, this cave space was vast, so vast that Huang Xiaolong couldn't even see the other end of the cave.

Following his senses, Huang Xiaolong and Jiang Hong led the others and flew forward.

They barely flew for a few minutes when Huang Xiaolong and Jiang Hong stopped abruptly. Both were staring towards the front with ecstasy.

There was a ten thousand zhang long shining purple dragon swimming around the cave's ceiling!

This shining purple dragon was a purple grandmist aura that had taken the shape of a purple dragon, similar to the purple grandmist dragon Huang Xiaolong had refined in the past.

On top of that, there was a long, river-like grandmist aura winding irregularly close to the purple grandmist dragon like a mischievous child.

Purple grandmist dragon!

Grandmist aura!

As expected!

Huang Xiaolong and Jiang Hong were trembling with excitement.

Huang Xiaolong's reaction was slightly better, after all, he had previously refined both the purple grandmist aura and grandmist aura. On the other hand, this was the first time Jiang Hong had come face to face with the purple grandmist aura and grandmist aura, hence his was a bigger reaction.

Even though Jiang Hong had surpassed the Emperor Realm and possessed a resilient mentality, he could not contain his excitement upon seeing the purple grandmist aura for the first time.

It was with great effort that Jiang Hong managed to suppress his ecstasy after some time.

“Junior Brother, since we've found the purple grandmist aura and grandmist aura, shall we begin 'taming' and refining them? The earlier we're done, the faster we can get out of this space. What do you think?” Jiang Hong turned his head sideways and asked Huang Xiaolong.

“Sure.” Huang Xiaolong nodded with a smile.

It would take some time for him to 'tame' the purple grandmist dragon, so he needed to act quickly. Feng Er, Gui Yi, Gui Er, and Gui San won't last long in this space.

Huang Xiaolong had the little cow, Xiang Xuyn, Feng Er, and the rest wait for him and Jiang Hong where they were. Then, he and Jiang Hong flew towards the purple grandmist dragon and river of grandmist aura.

As Huang Xiaolong got closer, the initially calm purple grandmist dragon and grandmist aura river became agitated all of a sudden, emitting pulses of radiant light that were glaring to the eyes.

The abrupt changes made Huang Xiaolong and Jiang Hong stop in their steps.

Right at this time, the purple grandmist dragon moved, flying straight towards Huang Xiaolong. Then, the grandmist aura river too flew towards Huang Xiaolong.

Jiang Hong was speechless looking at this phenomenon. He said to Huang Xiaolong with a wry smile, "Looks like you are more popular than Senior Brother ah."

Huang Xiaolong chuckled happily.

Huang Xiaolong could feel the purple grandmist dragon and grandmist aura river were not malicious towards him. As for why they were flying towards him was likely because they sensed the purple grandmist aura and grandmist aura's energy that he had refined in the past. There was a familiar feeling that both came running towards him.

In this short moment, the purple grandmist dragon was already in front of Huang Xiaolong, turning into a streak of purple light and entered Huang Xiaolong's body through his palm.

Despite Huang Xiaolong's mental preparation, the moment the purple grandmist dragon entered through his palm, sharp excruciating pain took over his body.

Huang Xiaolong hurriedly sat cross-legged and circulated the Grandmist Parasitic Medium.

Seeing that the grandmist aura river too wanted to drill into Huang Xiaolong's body like the purple grandmist dragon, Jiang Hong had no choice but to grab the grandmist aura river from across the air to his side.

Sensing that the grandmist aura river was wriggling to break free from his grasp to run over to Huang Xiaolong's side, Jiang Hong was more than a little depressed. He laughed awkwardly and appeased, "Little guy, you better follow me, I will definitely treat you well." Then, he began circulating the Grandmist Parasitic Medium to absorb the grandmist aura river into his body.

As Jiang Hong circulated the Grandmist Parasitic Medium, the grandmist aura river slowly calmed down, then flew intimately around Jiang Hong.

Some distance away, Huang Xiaolong grimaced in pain. Although he had prior experience in refining purple grandmist dragon, and his Grandmist Parasitic Medium had reached the peak of second stage, the overwhelming amount of energy from this purple grandmist dragon brought him excruciating pain.

Chapter 1553

On guard in the distance, Xiang Xun, Feng Er, Gui Yi, Gui Er, and the others became worried watching Huang Xiaolong's face distorted in pain.

“Senior Xiaoniu, the Manor Lord would be fine, right?” Feng Er's fingers clenched nervously as she asked.

Hearing that, the little cow glanced playfully at Feng Er and teased her, “Why? Little Feng Er, feeling distress?”

Feng Er stilled. A noticeable blush crept up her face as she retorted angrily out of embarrassment, “Senior Xiaoniu, how could you make fun of me in this situation?”

The little cow guffawed happily, “How would I dare to make fun of you? Who knows, one day you and Little Brat Huang will hook up, and at that time, you'll be my Mistress.”

Feng Er went red all the way down to her neck.

The little cow coughed slightly to clear her throat and reassured everyone, “All of you just rest assured, that brat's life is tough. Even if this old cow is gone, he'll still be alive and jumping.”

And she wasn't lying. Just based on Huang Xiaolong's luck and capability of refining the purple grandmist aura, one could deduce that Huang Xiaolong had a heaven-defying lifepath. For people like Huang Xiaolong, the more adversities and pain he experienced, the better his latent potential and power could be stimulated.

“If I could also refine the purple grandmist aura, even if it’s a hundred times more painful, I’m willing, very willing ah.” Then the little cow looked upward and sighed with melancholy, “But it’s a pity, even if I’m willing to suffer excruciating pain, I don’t have such an opportunity ah.”

Everyone was completely speechless.

After the little cow finished lamenting, she waved at Xu Baisheng, Xu Jiang, Xu Yong, and Xu Shi guarding a little farther away, and called out, “Little Xus, come over here for a bit.”

Xu Baisheng and his three nephews reacted and scurried to the little cow’s side in a jiffy. “Senior Xiaoniu, what’s your order?”

The little cow glanced at Huang Xiaolong who was some distance away as she said, “It might take Little Brat Huang a year or two to tame the purple grandmist dragon. The days are long and boring, so you guys accompany me, and have a little chat.”

Have a little chat!

Xu Baisheng and his three nephews smiled wryly.

“What? You’re unwilling to have a little chat with me?” The little cow widened her eyes and glared at the four void devil beasts, “In the past, your great-grandfather Xu Changtian never got a chance to chat with me even if he wanted to.”

“We dare not!” Xu Baisheng and his three nephews hurried to deny.

Several days passed by in the blink of an eye.

The purple light enshrouding Huang Xiaolong grew stronger with each passing day, and at one point, there were wisps of gray smoke floating out from Huang Xiaolong’s body.

These wisps of gray smoke accumulated above Huang Xiaolong's head, taking the forms of various fierce beasts but these fierce beasts soon exploded and dispersed away under the purple grandmist aura's purple light.

This sight amazed Xu Baisheng and the others who were watching Huang Xiaolong.

“Those gray smokes are the murderous qi inside Master's body.” Xiang Xun explained. “Although Master's cultivation speed is heaven-defying, along the way, he has committed killings and slaughter, so it is inevitable that his body has accumulated murderous qi over the years.”

The little cow nodded in agreement and chimed in, “Kiddo Xiang Xun's right. Right now, he's borrowing the purple grandmist aura's energy to expel his body's murderous qi, so he won't be affected by heart demons when breaking through to the Heavenly Monarch Realm. Otherwise, as the amount of murderous qi continues to accumulate inside his body, it will impact his soul, thus indirectly making it harder for his godhead to evolve, and breakthrough to the Heavenly Monarch Realm.”

Xu Baisheng, Feng Er, and the others learned something important that would affect their cultivation path as well.

A little further away, Jiang Hong was also enshrouded in purple light.

However, different from Huang Xiaolong, there were wisps of golden-colored smoke curling out from Jiang Hong's body instead of gray.

Seeing this, the little cow couldn't help praising, “No wonder Kiddo Grandmist is able to surpass the Emperor Realm.”

Her words drew baffled looks from Xu Baisheng, Feng Er, and others.

The little cow explained for their benefits, “Those faint golden qi are the pure energy from Jiang Hong's body. In other words, neither Jiang Hong's godforce nor soul have any impurities.”

“Senior Xiaoniu, do all masters who have surpassed the Emperor Realm, have soul and godforce this pure?”

The little cow shook her head. “It’s not like that, it depends on the individual. Like the Archdevil Lord Wu Tian, his life was filled with slaughter that he had accumulated a lot of murderous qi inside his body. To him, the more murderous qi his body had, the stronger he was, thus his strength and cultivation rose accordingly.”

Everyone nodded.

As the little cow, Xiang Xun, and the others waited, time flowed by.

Ten days, one month, two months...

During these two months, Huang Xiaolong and Jiang Hong’s figures gradually submerged in purple lights. At this point, the others could only see two clusters of luminous purple light.

Silence filled the cave except for the occasional sizzling noises.

.....

Another four months went by.

Huang Xiaolong’s group had been inside the cave for half a year now.

Huang Xiaolong and Jiang Hong’s immediate surroundings had turned into a sea of purple lights, glimmering like two giant purple crystals.

Xiang Xun and the rest continued to stand on guard.

From time to time, the little cow would throw a top-grade chaos spiritual pill into her mouth.

Outside the Dragon Rain Sacred Peak, Lei Budong, Feng Chen, Shui Luosheng, and the others were waiting as well.

During this time, there were Barbarians on patrol that came to check. The Chaos Black Camel merely detained these Barbarians instead of killing them.

By the tenth month, the furrows between Lei Budong's brows deepened. He mumbled under his breath, "What are they doing inside the Dragon Rain Sacred Peak for so long?"

Due to their tribe's ancestral rules, Lei Budong and the others did not dare take a step into the Dragon Rain Sacred Peak, thus they were unable to determine the situation within the peak. Doubts roused in their minds when Huang Xiaolong's group had still not come out after so long.

"According to our ancestors, there are chaos grade formations laid out within the Dragon Rain Sacred Peak, they would not have met with some kind of accident, would they?" Huo Haibo was feeling pessimistic.

Lei Budong shook his head and refuted, "With their strengths, there probably won't be any problem. Chaos grade formations won't trouble them."

As various wild guesses appeared in the Barbarians' minds, another three months went by.

By the thirteenth month from when Huang Xiaolong's group had entered the Dragon Rain Sacred Peak, Lei Budong, Feng Chen, and the others who were waiting outside felt heaven and earth shake and sway as amazing purple colored lights soared to the sky from the Dragon Rain Sacred Peak, then fell to the ground like a torrent.

The Barbarians were astounded by the sight.

What was going on?

Then they saw deep fissures split the ground below, and the cracks grew longer. Uprooted and broken trees were falling everywhere on the Dragon Rain Sacred Peak.

Suddenly, a dragon's roar shook the heavens. The Barbarians saw the shadow of a golden purple dragon fly out from the Dragon Rain Sacred Peak to the sky, exuding overwhelming dragon might.

The manifestations in the sky left the Barbarians agape.

The Chaos Black Camel was muttering under his breath in elation, "Master has succeeded?!"

At this time, at the bottom of the cave, Xiang Xun, Feng Er, and the others too were agape looking at the luminous cluster of purple light that was Huang Xiaolong. In the last few days, the purple light cluster had been fluctuating violently like great waves. The purple light's violent activity had also influenced the cave's airflow. At the same time, they could see the shadow of a purple dragon with the luminous purple light.

The luminous purple light continued to grow bigger.

The little cow, Xiang Xun, and the rest had to retreat far away.

Chapter 1554

Even though Xiang Xun and the others had retreated some distance away, the luminous purple ball of light Huang Xiaolong continued to enlarge, extending over ten thousand li radius!

In the process, Huang Xiaolong's purple light had merged with Jiang Hong's purple light.

In the same moment the two luminous purple lights merged into one. The little cow, Xiang Xun, and the others saw a glaringly radiant purple light shoot out from Huang Xiaolong's direction, straight up to the sky outside.

Rays of crepuscular purple rays formed a rotating light pillar that soared to the ninth heaven, breaking a hole in the void.

A huge purple energy vortex pulverized all the purple dragon yew trees into dust on the Dragon Rain Sacred Peak and nearby mountain peaks.

On the outside, the Chaos Black Camel and Barbarians experts watched with astounded expressions.

The purple energy vortex expanded.

This went on for roughly an hour. The purple energy vortex expanded until it covered the entire Dragon Rain Sacred Peak before its expansion halted.

The Barbarians breathed out in relief upon seeing this. For a moment, the Chaos Black Camel felt his back dampened with cold sweat from the purple energy vortex's pressure.

Then, the purple energy vortex started to shrink at rapid speed before their eyes and vanished from sight.

Within the Dragon Rain Sacred Peak's cave, the little cow, Xiang Xun, and the others saw the purple ray pillar where Huang Xiaolong had begun to shrink, and then vanished.

However, the purple clusters of light remained, splashing like angry waves again and again.

A few days later, the purple clusters of light dimmed, slowly revealing Huang Xiaolong and Jiang Hong's figures within.

When the purple lights completely disappeared, the little cow and the others could clearly see Huang Xiaolong and Jiang Hong.

Feng Er and the rest immediately noticed that there were distinctive differences in Huang Xiaolong, as compared to before he had started refining the purple grandmist dragon, from his temperament to his aura.

Huang Xiaolong's aura seemed ten times stronger than before, maybe even more.

Merging with the Blood Eye Devil Stele's lower half had previously changed Huang Xiaolong's temperament, adding a twist of devilish charm to him. This time around, after 'taming' the purple grandmist dragon, Huang Xiaolong's temperament had evolved further, seemingly, he was even more captivating.

There was an unexplainable attraction.

Compared to Huang Xiaolong, Jiang Hong didn't seem to have changed much on the surface, more like, no changes at all...?

Then again, only Jiang Hong himself knew if there was anything different. When Jiang Hong opened his eyes, they were filled with delight. After absorbing the grandmist aura river into his body, he had clearly sensed that his stage eight Grandmist Parasitic Medium cultivation had improved. Though the improvement was marginal, it was enough to bring a smile to his face.

With his Grandmist Parasitic Medium's stage eight, this much amount of improvement would take him roughly a million years to achieve a similar level..

Originally, Jiang Hong had no confidence at all that he would be able to advance to the ninth stage of Grandmist Parasitic Medium, but it was different now. He felt a ray of hope that he would be able to do so in an unknown billions of years!

Jiang Hong readjusted his emotions, then looked in Huang Xiaolong's direction and received a shock. He chuckled, "Congratulations on Junior Brother's breakthrough ah."

Huang Xiaolong had broken through from mid-Fifth Order God King Realm to early Sixth Order God King Realm!

Though it didn't sound like much of an improvement, it brought great waves of shock to Jiang Hong's heart.

When Jiang Hong had first taken notice of Huang Xiaolong at the Demonic Python City a few years back, Huang Xiaolong's cultivation was only at the peak late of Third Order God King Realm! Only a few years had passed since then!

Huang Xiaolong grinned at Jiang Hong and responded, "Congratulations to both of us."

Although Huang Xiaolong's strength did not improve as much as the time he had refined the second half of the Blood Eye Devil Stele, the benefits were greater by far!

Firstly, Huang Xiaolong's Grandmist Parasitic Medium cultivation that had been stuck at the peak of the second stage for the longest time had finally advanced to the third stage!

The third stage of Grandmist Parasitic Medium!

This was much more than simply advancing a level!

At the third stage of Grandmist Parasitic Medium, the grandmist worms that he condensed would be able to attack and kill enemies! Nothing could stop the grandmist worms! As grandmist worms were condensed from grandmist godforce, their attacks were unpredictable and unavoidable.

At the first stage and second stage of Grandmist Parasitic Medium, his grandmist worms had no attack ability.

Moreover, he had merely absorbed less than one-millionth of the purple grandmist dragon's energy. At the moment, the purple grandmist dragon was coiling in his godsea. As he continued to absorb the purple grandmist dragon's energy while cultivating the Grandmist Parasitic Medium in the future, he would be able to advance quickly. It was likely he could break through to the Seventh Order God King Realm in less than ten years!

Huang Xiaolong and Jiang Hong chatted merrily as they stood up.

At this time, the little cow, Xiang Xun, Feng Er, and the rest had flown over to Huang Xiaolong and Jiang Hong.

“Congratulations Master!”

“Congratulations Manor Lord!”

“Congratulations Grandmist Emperor!”

Xiang Xun, Feng Er, and the others cheerfully congratulated Huang Xiaolong and Jiang Hong.

The little cow’s cow face was full of smiles looking from Huang Xiaolong to Jiang Hong as she said, “Congratulations to two kiddos, this old cow’s heart is brimming with envy towards you both ah.”

She was telling the truth, anyone would be envious watching Huang Xiaolong and Jiang Hong successfully subjugate the purple grandmist aura and grandmist aura. She was no exception.

Receiving the little cow’s congratulations, Jiang Hong dared not delay in responding at all. He quickly smiled and said, “Many thanks, Senior Azure Cow.”

“Why are you thanking me for?” The little cow chuckled. “Instead, I have to thank you, if it wasn’t for you, I wouldn’t have gotten an opportunity to enjoy so many snacks to pass the time.” She threw a top-grade chaos spiritual pill into her mouth after saying that.

The top-grade chaos spiritual pill was one of her snacks.

It was indeed as the little cow said, if it wasn’t for Jiang Hong, it would have been hard for her to get her hands on these snacks being where they were.

Jiang Hong and Huang Xiaolong exchanged a helpless look, both smiling wryly.

“Senior Brother, let’s head out.” said Huang Xiaolong.

Now that they had tamed the purple grandmist dragon and grandmist aura river, they needed to hurry and cross the Land of Lightning Penalty to leave this space. Huang Xiaolong could see that in the last one year or so, Feng Er, Gui Yi, Gui Er, Xu Baisheng, and others’ godforce had dispersed considerably.

“Agreed!” Jiang Hong nodded, he was aware that Huang Xiaolong’s companions were running out of time.

Without delay, Huang Xiaolong leaped onto the little cow’s back and sped towards the cave’s mouth. Jiang Hong, Xiang Xun, and the rest followed closely behind. They soon regrouped with the Chaos Black Camel and the Barbarians waiting outside.

When the Barbarians saw Huang Xiaolong and Jiang Hong, their eyes lit up. In the next second, their eyes widened in shock, for they noticed that Huang Xiaolong had actually broken through to early Sixth Order God King Realm!

When Huang Xiaolong had entered the Dragon Rain Sacred Peak, he was only a mid-Fifth Order God King Realm, a little over a year later, Huang Xiaolong was already an early Sixth Order God King Realm?!

“Master!” The Chaos Black Camel stepped forward and saluted Huang Xiaolong.

Huang Xiaolong nodded. Without any nonsense, Huang Xiaolong turned his attention to Lei Budong, Feng Chen, and the rest of the Barbarians and said, “Lead us to the Land of Lightning Penalty now!” With a wave of his hand, the Dragon Shark Flying Ship appeared in midair.

Huang Xiaolong ushered Lei Budong, Feng Chen, chieftains, and the rest of the Barbarians onto the Dragon Shark Flying Ship. The Dragon Shark Flying Ship glided through the air, in the direction of the Land of Lightning Penalty.

Based on the Dragon Shark Flying Ship’s speed, they could reach the Land of Lightning Penalty in a month’s time. But Huang Xiaolong was not idle at all during this time, he persistently cultivated his Grandmist Parasitic Medium to absorb the purple grandmist dragon’s energy.

Chapter 1555

Huang Xiaolong diligently cultivated the Grandmist Parasitic Medium as much as possible before arriving at the Land of Penalty. Jiang Hong was also cultivating inside one of the Dragon Shark Flying Ship's cultivation rooms.

Inside the cultivation room, Huang Xiaolong and his three avatars sat cross-legged, all running the Grandmist Parasitic Medium.

Above Huang Xiaolong and his three avatars were a hundred top-grade chaos spiritual pills, one hundred dragon pearls, one hundred dragon crystals, and one thousand Fortune Divine Fruits.

Based on Huang Xiaolong and his three avatars' current strength, their refining speed had reached a super terrifying degree.

These one hundred top-grade chaos spiritual pills, one hundred dragon pearls, one hundred dragon crystals, and one thousand Fortune Divine Fruits were merely the amount of energy Huang Xiaolong and his three avatars absorbed in a day.

As Huang Xiaolong circulated his godforce according to the Grandmist Parasitic Medium, robust medicinal energy flooded out from the one hundred top-grade chaos spiritual pills. At the same time, pure dragon's true essence energy and blood essence energy roared out from the dragon pearls and dragon crystals, and dots of fortune energy flowed out from the one thousand Fortune Divine Fruits.

These medicinal energies, dragon's true essence energy and blood essence energy, and fortune energy all rushed towards Huang Xiaolong and his three avatars' bodies.

While Huang Xiaolong devoured these medicinal energies and dragon's essence energies, the purple grandmist dragon inside his godsea also emitted consistent waves of purple grandmist aura energy into his three supreme godheads.

Inside the cultivation room, Huang Xiaolong and his three avatars were enshrouded in mesmerizing purple lights.

.....

One month later...

Huang Xiaolong ended his cultivation and stepped out of the cultivation room and headed to the flying ship's control hall.

“Master!” Seeing Huang Xiaolong walk into the control hall, Xiang Xun and the Chaos Black Camel respectfully saluted.

“We’re close to arriving at the Land of Lightning Penalty, right?” Huang Xiaolong asked, the corner of his eye glanced in Lei Budong, Feng Chen, and the other Barbarians Head Chieftains.

“We’ll be there soon!” Lei Budong nodded and went on, “In less than half an hour!” He was trembling slightly due to excitement. Yes ah, they’re close to the Land of the Lightning Penalty. It wasn’t as if he had not been here in the past. He had made this journey no less than a hundred times, but there had never been once he was this agitated. He couldn’t help feeling excited.

Lei Budong looked at Huang Xiaolong, inwardly thinking, this black-haired young man, could he really take them out of this space?!

He was not the only person wondering this same thing. Shui Luosheng, Huo Haibo, Guang Wenfang, and the rest were also wondering the same thing.

The entire Barbarian race had been waiting for this moment for far too long.

Upon hearing that there was less than half an hour until they arrived at the Land of Lightning Penalty, Huang Xiaolong began to look forward to it.

The Land of Lightning Penalty was a place that spawned chaos divine lightning. The land was covered by chaos divine lightning throughout the year and this was a rare phenomenon in itself. Could the other end be a source of chaos divine lightning?!

One of the nine chaos lightning pools?!

Huang Xiaolong's speculation was very likely possible!

At this time, Jiang Hong, the little cow, Feng Er, and several others also came out from their respective cultivation rooms.

In a short moment, everyone was gathered in the control hall, talking and laughing in a relaxed atmosphere.

Before they knew it, roughly half an hour went by.

The Dragon Shark Flying Ship stopped in midair.

Huang Xiaolong, Jiang Hong, and the rest disembarked from the Dragon Shark Flying Ship, looking ahead. Several thousand meters in front of them was a dusty, barren land that stretched into the horizon. Other than brown earth, they could barely see any other colors.

Huang Xiaolong's group was astounded. The dusty, hazy sight in front of them was actually chaos divine lightning!

Earth element chaos divine lightning!

Earth element chaos divine lightning was extremely rare, thus none of them had expected to see it here, that too on this scale!

How big exactly was the Land of Lightning Penalty?

"Not right..." The little cow said suddenly. Her eyes squinted as she observed the Land of Lightning Penalty a little more.

In truth, she too had thought that the Land of Lightning Penalty was probably one of the nine chaos lightning pools, but now, seeing the sight in front of her, she found that her guess was wrong. Now, she was certain that the earth element chaos divine lightning in front of them was not part of the nine chaos lightning pools.

Like the little cow, Huang Xiaolong also realized that his previous guess was wrong, and he couldn't help feeling a pang of disappointment.

“Little Brat Huang, act quick. Even though it's not one of the nine chaos lightning pools, absorbing this earth element chaos divine lightning would bring lots of benefits to you.” The little cow urged Huang Xiaolong.

Huang Xiaolong nodded and pulled himself together, then flew forward.

As the rest watched from afar, Huang Xiaolong arrived at the border of the dusty land.

Huang Xiaolong's supreme godforce activated the chaos Golden Dragon Lightning Pool's core formation. Immediately, the power of chaos golden dragon lightning roared throughout his body and condensed into tiny golden dragons, inches above the skin of his body.

Jiang Hong and Lei Budong were astounded at this sight. Ecstasy dominated Lei Budong's expression as he stared at Huang Xiaolong with burning eyes. More accurately, he was staring at the golden dragons condensed from chaos divine lightning close to Huang Xiaolong's body.

This...! Chaos Golden Dragon Lightning Pool?!

It must be!

It was exactly the power described in the Golden Dragon Lightning Pool's legend!

As the others watched with astonished eyes, Huang Xiaolong stepped over the boundary, into the Land of Lightning Penalty.

The moment Huang Xiaolong took the first step, he immediately felt great resistance and heavy gravity.

The heavy gravity of this earth element chaos divine lightning was something Huang Xiaolong had never experienced in the past. He exerted full force to channel his supreme godforce into the chaos Golden Dragon Lightning Pool's core formation.

The golden dragons around Huang Xiaolong were spinning at high speed, forming small golden dragon lightning vortices that sucked in the earth element chaos divine lightning. From these golden dragon lightning vortices, the earth element chaos divine lightning flooded into Huang Xiaolong's body.

Huang Xiaolong's three supreme godheads were emitting coruscating lights that were not visible to the others.

It wasn't long before Huang Xiaolong felt the heavy gravitational pull lighten, and it finally became nonexistent to him. He was elated and he accelerated as he continued to proceed further inside.

As the Barbarians' hearts hung high in suspense, Huang Xiaolong's figure gradually disappeared into the hazy barren land.

"Elder Brother Lei, you say, can he really succeed?" Guang Wenfang couldn't help asking.

Lei Budong took a deep breath before replying in a solemn voice, "He probably could." However, inwardly, he wasn't feeling so certain. Although Huang Xiaolong possibly had the chaos Golden Dragon Lightning Pool out of the nine chaos lightning pools, and it was described to be unimaginably powerful in the legends, Huang Xiaolong's strength was still in the God King Realm. How much of the chaos Golden Dragon Lightning Pool's power Huang Xiaolong could employ was unknown!

At this point though, they had no other choice other than putting all his hopes in that black-haired young man.

While everyone waited in suspense, Huang Xiaolong advanced step by step. Each step was slow but steady and firm. Several hours later, he had traversed three thousand zhang across the Land of Lightning Penalty.

At this point, the dusty earth scenery had changed into blurry gray chaos divine lightning. Huang Xiaolong had no idea from where this gray chaos divine lightning had come from, and it was seemingly infinite.

Huang Xiaolong persisted on, taking one step in front of another. When he was ten ten thousand zhang from it, he finally stopped for the first time.

“This should be the center of this lightning land.” Huang Xiaolong muttered to himself. Based on his sense, the spot where he stood was filled with the richest chaos divine lightning power akin to bubbling water. This was the very center of the lightning land.

Huang Xiaolong sat cross-legged on the spot. He began circulating the Grandmist Parasitic Medium and increased the power of the chaos Golden Dragon Lightning at the same time, in order to absorb the surroundings’ chaos divine lightning.

Chapter 1556

As Huang Xiaolong fully concentrated on absorbing the surroundings’ chaos divine lightning, streaks of chaos divine lightning swarmed towards Huang Xiaolong at shocking speed.

After some time, Huang Xiaolong felt that his absorption speed was too slow, hence he summoned his three avatars, and formed a four-colored spiritual energy gathering formation. The four of them ran the Grandmist Parasitic Medium at the same time.

The chaos divine lightning around them seemed stimulated as it rushed towards Huang Xiaolong and his three avatars in a frenzy.

Jiang Hong, the little cow, the Barbarians, and the rest waiting outside the boundary of the Land of Lightning Penalty saw the calm hazy scenery suddenly become agitated, and increasingly violent. Dust roiled akin to a chaos divine beast writhing in pain.

As the stretch of chaos divine lightning in front of them roiled, bursts of chaos divine lightning shot out in various directions.

Shocking destructive power swept over the people who were waiting and frightening them.

However, these streaks of chaos divine lightning vanished just as it had arrived in front of Jiang Hong, as if it was swallowed by a black hole; vanished without rhyme or reason.

The Barbarians were stunned agape.

As time passed, the stretch of chaos divine lightning in front of them roiled even more violently, and streaks of chaos divine lightning splattered like torrential rain. But no matter how intense the chaos divine lightning fell on the group, none of it were able to break pass Jiang Hong.

After a while, the large group of Barbarians breathed in relief. At the same time, Jiang Hong's strength once again roused waves of shock to Lei Budong, Feng Chen, Shui Luosheng, and the others' hearts.

Even if the five Head Chieftains were to join hands and exerted full force to fend off this chaos divine lightning with the chaos spiritual weapon their ancestor had left behind, the five of them would barely withstand the chaos divine lightning's bombardment. Yet, Jiang Hong merely stood there, dispersing the chaos divine lightning's bombardment without needing to move a hand!

This level of strength was undoubtedly terrifying.

Is this the power of a peak late-Tenth Order Emperor Realm master? Lei Budong wondered to himself.

.....

Time flowed by.

One month came and went in the blink of an eye.

At the center of the earth element chaos divine lightning land, Huang Xiaolong and his three avatars were still sitting in the same place, devouring the surrounding chaos divine lightning as fast as they could.

Compared to a month ago, Huang Xiaolong and his three avatars' absorption speed was much faster.

Huang Xiaolong and his three avatars were completely submerged in the earth element chaos divine lightning, everything around them was lifeless brown with the occasional flickers of blinding purple light that lit up the land.

These flickers of blinding purple light came from the purple grandmist dragon's purple grandmist light.

While absorbing the surroundings' chaos divine lightning, the purple grandmist dragon also emitted amazing purple grandmist energy.

Huang Xiaolong's three supreme godheads were devouring everything, and his strength rose rapidly. Although he had yet to break through to peak early Sixth Order God King Realm, he was steadily inching closer to the peak early Sixth Order God King Realm.

Another two months went by.

The light enshrouding Huang Xiaolong grew stronger, so did its strength, and he had already broken through to the peak of the early Sixth Order God King Realm.

However, the amount of chaos divine lightning on this piece of land didn't seem to diminish at all. Chaos divine lightning continued to roil violently.

Half a year went by.

Suddenly, radiant bursts of lights came from Huang Xiaolong's body. His three supreme godheads were vibrating intensely.

Huang Xiaolong had broken through to mid-Sixth Order God King Realm!

When Huang Xiaolong broke through to mid-Sixth Order God King Realm, his three avatars were bathed in bursts of radiant lights as their momentums soared.

This phenomenon was similar to Huang Xiaolong's main body breaking through to the God King Realm. Obviously, Huang Xiaolong's three avatars were breaking through to the God King Realm simultaneously.

Shadows of the immortal body began condensing around Huang Xiaolong's three avatars. The shadows of the immortal body then formed an ancient formation that infused the vigorous immortal aura into his three avatars' bodies. His three avatars' bodies evolved, becoming even more perfect.

As shadows of the immortal body continued to infuse the immortal aura into his three avatars, the surrounding earth element chaos divine lightning flowed persistently into the avatars' bodies.

As days turned into months, there were golden purple lights shining from under Huang Xiaolong's skin.

This golden purple glow was the purple grandmist aura but not entirely. It also resembled the chaos Golden Dragon Lightning Pool and earth element chaos divine lightning.

The golden purple glow exuded a lightning destructive power that was more powerful than the chaos Golden Dragon Lightning Pool's lightning power...!

By the time a full year had passed since Huang Xiaolong had entered the Land of Lightning Penalty, the Barbarians experts waiting outside became even more anxious.

“Elder Brother Lei, that kid wouldn't be dead inside, right?” Huo Haibo asked anxiously.

From outside, they couldn't at all see the situation inside the Land of Lightning Penalty, nor could they sense any trace of life. Their hearts hung high in their throats.

Lei Budong just wanted to say something, but Jiang Hong, the little cow, Xiang Xun, the Chaos Black Camel, and the rest all abruptly stared at him. The iciness of their gazes sent a shiver down Lei Budong's back, and he swallowed the words that he was about to say.

The Chaos Black Camel strode up to Huo Haibo and smacked Huo Haibo into the ground. Though Huo Haibo did not die, he was miserable enough.

The rest of the Barbarians shuddered witnessing that, and no one dared to mention the topic again.

In the blink of an eye, two years passed by.

Within the earth element chaos divine lightning, the golden purple light enshrouding Huang Xiaolong's three avatars suddenly flickered intensely. Undulating dragons' roars shook the Land of Lightning Penalty, jarring the eardrums of those waiting outside.

It went on for three consecutive days before the dragons' roars subsided and the golden purple lights around the three avatars disappeared.

Huang Xiaolong's three avatars had successfully broken through to the God King Realm!

This time around, after two years of absorption, the surrounding earth element chaos divine lightning had thinned significantly. Previously, Huang Xiaolong hadn't been able to see anything beyond ten meters from where he stood, whereas now, he could see as far as three thousand zhang ahead.

Seeing that the curtain of earth element chaos divine lightning had thinned considerably, Huang Xiaolong recalled his three avatars into his body.

And the people outside noticed that the earth element chaos divine lightning had thinned and stopped roiling. Earth element chaos divine lightning rushed towards the center from every direction.

The earth element chaos divine lightning that had covered this piece of land for unknown numbers of years was shrinking at a rate visible to the naked eye, growing smaller and smaller before Lei Budong, Feng Chen, and others' joyful eyes.

In the end, they saw a vague figure in the far off distance. This vague figure was none other than Huang Xiaolong who had entered into the earth element chaos divine lightning's space!

Half an hour later, after Huang Xiaolong had completely absorbed the earth element chaos divine lightning, everyone could clearly see him.

Those who had been waiting bitterly outside for so long finally revealed a smile, including Jiang Hong.

The stone that was pressing down on their chests for so long, disappeared suddenly.

Especially in the hearts of the burly Barbarians. Some of them had started crying out of joy after watching the earth element chaos divine lightning barrier completely disappear before their eyes.

How many years the tribe had been waiting for such a day to arrive? How many generations of masters had passed away?! From their ancestors until now, this day had finally arrived!

Chapter 1557

While the Barbarians were crying tears of joy, Huang Xiaolong who had absorbed all the earth element chaos divine lightning opened his eyes, and breathed out a mouthful of turbid qi.

At this time, a brownish yellow bead fell from the void, and Huang Xiaolong reached out and caught it in the air.

The brownish yellow bead was half the size of an adult man's fist with tiny ribbons of earth element chaos divine lightning crackling over its surface. The situation inside the bead was a hazy blur.

But Huang Xiaolong knew the earth element chaos divine lightning that had covered this enormous land earlier, originated from this unremarkable looking bead!

The main culprit that had hindered the Barbarians from freedom was this bead!

There was a glimmer of astonishment and doubt in Huang Xiaolong's eyes as he observed the mysterious chaos lightning bead.

Even with his powerful soul, he was unable to enter the chaos lightning bead. He was getting rebounded the moment his divine sense tried to approach it.

“Junior Brother!”

“Master!”

“Manor Lord!”

Jiang Hong, Xiang Xun, the Chaos Black Camel, Feng Er, and others’ voices sounded at this time.

Huang Xiaolong turned around to look and saw Jiang Hong, Xiang Xun, the Chaos Black Camel, and the rest flying towards him with beaming faces. Still holding the chaos lightning bead, Huang Xiaolong stood up from the ground and greeted Jiang Hong, “Senior Brother.”

Not only had he succeeded in absorbing the Land of Lightning Penalty’s earth element chaos divine lightning but his strength had also improved significantly in the process. Not to mention that his three avatars had broken through to the God King Realm. So, Huang Xiaolong was in a good mood.

“Kiddo Huang, what’s that lightning bead in your hand?” Descending by Huang Xiaolong’s side, the little cow’s gaze was fixed on the chaos lightning bead in his hand with an astonished expression.

Her words attracted Jiang Hong’s attention. He looked at the lightning bead and his eyes widened in surprise.

Clearly, both the little cow and Jiang Hong could see the extraordinariness of the chaos lightning bead in Huang Xiaolong’s hand, otherwise, they wouldn’t have shown this level of astonishment.

“The earth element chaos divine lightning that covered this land came from this lightning bead.” Huang Xiaolong told them frankly.

“Quick, let me have a look.” The little cow urged.

Huang Xiaolong handed the chaos lightning bead to her without a word.

The little cow held the chaos lightning bead, turning it left and right. She became more excited as she looked at it, then said, "Could it be, could it be, really that thing?" But in the next second, she refused herself, "But how could such a thing appear in this space?!"

"No, impossible, how could this thing appear here?!"

The little cow was feeling excited, baffled, astonished, and surreal all at the same time, shaking her head as she muttered unintelligibly under her breath.

Jiang Hong too was staring fixedly at the lightning bead. His expressions were not that much different from the little cow's.

Watching their expressions, Huang Xiaolong and the rest grew increasingly curious.

"Xiaoniu, this chaos lightning bead is very precious, isn't it?" Huang Xiaolong couldn't help asking.

The little cow nodded her head heavily with a serious expression that Huang Xiaolong had never seen before and said, "Super treasure!"

A super treasure!

The others felt like laughing watching the little cow's contradicting expressions but none of them dared to laugh.

Although Huang Xiaolong guessed the chaos lightning bead was precious, the little cow and Jiang Hong's reactions clearly told him that the value of the chaos lightning bead far exceeded his imagination.

"Senior Brother and Xiaoniu, do you recognize this chaos lightning bead?" Huang Xiaolong mainly looked at Jiang Hong.

Jiang Hong shook his head, "No."

No...? The answer threw Huang Xiaolong off guard.

What's with your reactions then?

The little cow passed the chaos lightning bead to Jiang Hong while saying, "Kiddo Jiang Hong, you take a look too."

Although the chaos lightning bead's value was enough to rouse greed and desire in the hearts of many cultivators, the little cow knew Jiang Hong was not such a person.

Jiang Hong's hands were shaking from excitement as he received the chaos lightning bead from the little cow.

He almost repeated the same words as the little cow, after checking the chaos lightning bead from left, right, and all around with shining eyes.

A long time later, Jiang Hong returned the chaos lightning bead back to Huang Xiaolong, and took a deep breath before he spoke with a serious expression, "Junior Brother, no matter what, this chaos lightning bead cannot be taken out in public, or shown to others."

Huang Xiaolong put away the chaos lightning bead and nodded. He did not ask the little cow or Jiang Hong what exactly this chaos lightning bead was.

Since this chaos lightning bead was so precious, he would find an opportunity to ask the little cow or Jiang Hong about it in the future.

After all, there was a large group of Barbarians present around them.

After Huang Xiaolong threw the chaos lightning bead into the Tianwu Treasure, Lei Budong, Feng Chen, Shui Luosheng, Huo Haibo, and Guang Wenfang walked up to Huang Xiaolong. When they were right in front of Huang Xiaolong, the Barbarians' five Head Chieftains suddenly knelt on their knees and kowtowed deeply. "Lei Budong, Feng Chen, Shui Luosheng, Huo Haibo, and Guang Wenfang salute to the Great King!"

Salutes to the Great King!

The Great King!

After hearing Lei Budong and the other four Head Chieftains addressing Huang Xiaolong as their Great King, Huang Xiaolong, Jiang Hong, and the others were dumbfounded.

Subsequently, the Barbarians' thirteen small chieftains also stepped up to Huang Xiaolong, knelt on their knees and kowtowed in salute, "Salute to the Great King!"

Again, Great King!

Looking at Lei Budong and the group of people kneeling in front of him, Huang Xiaolong had a wry smile on his face. Why did it feel like he has become a group of mountain bandits' king?

"Stand up," Huang Xiaolong said helplessly.

"Yes, Great King!" Lei Budong, Feng Chen, Shui Luosheng, and the rest respectfully complied and got up from the ground. So did the rest of the chieftains and experts.

"Erm, that, can you not call me Great King?" Huang Xiaolong asked Lei Budong, Feng Chen, and the rest of the five Head Chieftains.

But Lei Budong answered with utmost determination, "According to our ancestral rules, the person who leads our tribe out of this space is our tribe's king, our Great King!"

Even though Huang Xiaolong had yet to really lead them out of the space, they could see a big black hole in the far distance. That black hole was probably the exit.

Therefore, Lei Budong, Feng Chen, and the others were fixed on recognizing Huang Xiaolong as their Barbarians' king! Great King!

The little cow laughed as she said, "Kiddo Huang, you've become a Great King now, then what am I?"

Huang Xiaolong stressed, "You are this Great King's mount."

Mount!

The others could no longer hold in their laughter. Xu Baisheng was already guffawing dramatically.

The little cow raised her back leg and mercilessly kicked Xu Baisheng, sending him flying several thousand meters away. Xu Baisheng looked aggrieved as he climbed from the ground.

"That's enough, stop playing around. Let's go out first." Huang Xiaolong stated.

"Yes, Great King!" Before Xiang Xun, the Chaos Black Camel, or others could say anything, Lei Budong, Feng Chen, and the rest of the Barbarians replied with sonorous voices.

Huang Xiaolong squeezed a smile, then leaped onto the little cow's back and flew straight towards the black hole. The rest followed and soon, the group arrived in front of the black hole.

This giant black hole was several hundred meters wide and it could easily fit several hundred people for crossing it at the same time.

Huang Xiaolong zoomed into the black hole on the little cow, followed by Jiang Hong, Xiang Xun, the Chaos Black Camel, Xu Baisheng, Feng Er, Gui Yi, and lastly, the Barbarians group.

The moment they entered the black hole, heaven and earth reversed. In the next second, Huang Xiaolong and the little cow had arrived outside.

Huang Xiaolong scanned his surroundings. He was delighted as he noticed he was at the bottom of the Ghost River.

They were outside!!

Chapter 1558

Huang Xiaolong, Jiang Hong, Xiang Xun, Feng Er, the others and the Barbarians appeared consecutively in the same area. When the Barbarians' experts came out, they immediately scanned their environment. At the same time, they felt the difference in the spiritual energy, air, and everything else around them. Everyone started whooping and shouting in joy.

Even Lei Budong, the Barbarian's number one expert was shouting to vent his roiling emotions, "We came out at last!"

"We're out, we're out!"

The other Barbarians' experts' reactions were similar, as they laughed, shouted, cried and howled madly.

Huang Xiaolong smiled faintly watching them, allowing them to vent their emotions.

He could understand the Barbarians' emotion. Any person, or an entire tribe that was trapped within that space for millions to billions of years, would feel a rush of liberation after regaining freedom.

When the Barbarians had vented their emotions, Huang Xiaolong said to Jiang Hong, "Senior Brother, let's go."

Jiang Hong nodded his head in agreement.

Thus, everyone flew out from the Ghost River.

Upon reaching the Ghost River's riverbank, Huang Xiaolong got a feeling of finally being able to see the light again, as he looked at the surrounding environment, and the Floating Twilight Land's sky that was covered by devil qi.

However, the ghostly cries that they had heard before seemed to have disappeared, hadn't they?

Xiang Xun, the Chaos Black Camel, Feng Er, and the others also noticed this difference.

Huang Xiaolong turned back and looked at the group of Barbarians' experts, especially Lei Budong, Feng Chen, and other three Head Chieftains. He spoke solemnly, "Lei Budong, I will be leaving with Senior Brother, so what are you going to do?"

Lei Budong, Feng Chen, Shui Luosheng, Huo Haibo, and Guang Wenfang instantly regained their senses from their overexcitement.

"Wherever the Great King goes, we naturally follow the Great King." Lei Budong respectfully replied with a firm and determined face.

"It is exactly as Elder Brother Lei said, no matter where the Great King goes, we will follow!" Feng Chen, Shui Luosheng, Huo Haibo, and Guang Wenfang said with similar determination.

Subsequently, the chieftains also declared that they would follow Huang Xiaolong, and go wherever he went.

Huang Xiaolong smiled wryly in his heart. These Barbarians averaged ten meters tall and had black fur-like hair growing from their bodies... It would be strange if he didn't become the center of attention if these Barbarians followed him everywhere.

He didn't want to be the talk of the town wherever he went.

Moreover, if Lei Budong, Feng Chen, and these Barbarians were to leave with him, what were the rest of the Barbarians who were still inside the space going to do?

Hence, Huang Xiaolong said to Lei Budong, "I know that all of you are willing to follow me, but if all of you leave like this, what about the Barbarians still inside the space?"

Lei Budong and the rest had no answer.

"How about we do this? Both Lei Budong and Feng Chen will follow me first, Shui Luosheng, Hui Haibo, Guang Wenfang, and other chieftains all stay behind." Huang Xiaolong suggested after pondering on this matter for a moment.

"That..." Shui Luosheng and the others who were told to stay behind exchanged a look.

"I have completely absorbed the chaos divine lightning, so all of you can enter and leave the Barbarians' space at any time, moreover, the tribe needs your management." Huang Xiaolong went on, "Later, when I find a suitable place for your tribe to migrate, I will take all of you there."

Shui Luosheng, Hui Haibo, and Guang Wenfang hastened to comply respectfully, "We'll follow the Great King's order!"

Huang Xiaolong then gave Shui Luosheng, Hui Haibo, and Guang Wenfang numerous grade-ten spirit stones and spiritual pills. He also tasked Shui Luosheng, Hui Haibo, and others to develop the Barbarians Tribe and cautioned them not to wander outside a hundred million li radius from the Ghost River.

Shui Luosheng and the others respectfully complied to each of Huang Xiaolong's reminders.

In the meantime, Jiang Hong also resolved the restrictions he had placed on them.

Only then did Huang Xiaolong's group leave the Ghost River.

The kneeling Barbarians stood up long after Huang Xiaolong's group left. They took some time to explore the near surroundings of the Ghost River before returning to the Barbarians' space.

On the other hand, not long after leaving the Ghost River area, Huang Xiaolong's group saw the Heaven Eye Mountain Range that they had camped in before.

But Huang Xiaolong's group did not linger there and flew onwards.

On the way, Huang Xiaolong thought of a problem. According to their initial plan, they had planned to pay his Master the King of Grandmist a visit, but there was only a little over a year left until the Fortune Emperor Palace's selection competition. If they were to go visit his Master at the Grandmist Lands, would he be able to make it in time for the selection competition?

Huang Xiaolong shared his thoughts about this with his Senior Brother Jiang Hong.

Jiang Hong almost exclaimed in astonishment, "Junior Brother wants to participate in the Fortune Emperor Palace's selection competition?" But he agreed, "The Grandmist Lands is very far away indeed. It would take at least two to three years of travel time from the Floating Twilight Lands to reach there. In truth, I just need to say a word to the Heavenly Court, if Junior Brother wants to participate in the Battle of the Heavenly Court without participating in the Fortune Emperor Palace's selection competition."

With Jiang Hong's identity, as long as he brought the matter up with the Heavenly Court, the Heavenly Court would certainly agree.

This was not a problem at all.

Furthermore, Huang Xiaolong's current strength fulfilled the conditions set for the Battle of the Heavenly Court.

Huang Xiaolong hadn't expected Jiang Hong to propose this to him, but he responded with a wry smile, "Forget it, I better participate in the Battle of the Heavenly Court through the Fortune Emperor Palace's selection competition."

If Jiang Hong were to put out a word on Huang Xiaolong's behalf to the Heavenly Court, and the news of it were to leak, it would probably attract even more troubles.

Who was Jiang Hong? The person hailed as the strongest person in the Divine World, the Divine World's number one Emperor Palace's Emperor, yet he would come out and speak to the Heavenly Court for Huang Xiaolong? So that a mere Fortune Emperor Palace's disciple Huang Xiaolong could participate in the Battle of the Heavenly Court? That would send other Emperor Palaces in a flurry of frenzy with guesses and theories of conspiracy.

Jiang Hong understood the underlying meaning of Huang Xiaolong's words, and did not insist. He said instead, "In truth, Junior Brother need not participate in the Battle of the Heavenly Court."

Even though the Battle of the Heavenly Court's prizes are amazing, with Huang Xiaolong's current identity, he does not lack any of those things.

The little cow's chuckles sounded at this time, and then the rest of the group heard her speak, "Kiddo Huang naturally has his reasons to participate in the Battle of the Heavenly Court, maybe at that time, he would need some godly assistance from you, his Senior Brother."

The little cow said that because Huang Xiaolong's current strength was still far from being able to take away the two chaos lightning pools from the Heavenly Court. But if there was a super master like Jiang Hong helping him by his side, the difficulty would be greatly reduced.

Hearing the little cow's words, Jiang Hong was quick to agree, "Please rest assured, Senior Azure Cow, as long as Junior Brother says the word, I will certainly help."

The little cow let out a hearty laugh as she said, "You have promised. Don't forget that when the time comes."

Jiang Hong looked at the wolf-like cunning smile on the little cow's face, and he got a feeling that he had stepped into a fire pit.

As Huang Xiaolong insisted on participating in the Fortune Emperor Palace's selection competition, he and Jiang Hong decided to postpone the trip to the Grandmist Lands after the end of the selection competition.

Jiang Hong gave Huang Xiaolong a token and said, "This is my Grandmist Emperor Palace's token, after Junior Brother is finished with the Fortune Emperor Palace's selection competition, bring this token and look for me at the Grandmist Emperor Palace. I'll take Junior Brother and Senior Azure Cow to the Grandmist Lands to see Master."

Huang Xiaolong put away the token as he nodded his head, "Alright."

The group flew onwards in a harmonious atmosphere, laughing and chatting along the way.

.....

Several days later, they stopped at another city in the Floating Twilight Land.

This city was significantly bigger than the Demonic Python City and it was built to resemble an ancient demonic tiger.

Huang Xiaolong's group planned to rest one night in this city before continuing their journey the next day. Moreover, Lei Budong and Feng Chen had recently come out from the Barbarians' space, so this was an opportunity to let them see the cultures outside the Barbarians' space.

However, not long after Huang Xiaolong's group entered the Devil Tiger City, a group of disciples clad in silvery-white brocade robes also stepped into the Devil Tiger City.

This group of disciples was none other than the Brightness Emperor Palace's disciples led by Tian Ziyi and Bai Yunxiang.

Chapter 1559

At this time, Tian Ziyi, Bai Yunxiang, and the other disciples were beaming.

Three years ago, they were embroiled in hate and anger after the little cow had sent them rolling down the Heaven Eye Mountain peak. At that time they had left the Heaven Eye Mountain Range, but had stayed behind in the Floating Twilight Land.

During this time, they had been inquiring around the Floating Twilight Land and after three years of bitter search, not long ago, they had finally found two low-grade chaos demonic spiritual veins!

However, they hadn't found these two low-grade chaos demonic spiritual veins at the Heaven Eye Mountain Range, but at another mountain range several millions li away from it.

Therefore, their previous accusations that Huang Xiaolong's group had discovered low-grade chaos demonic spiritual veins were debunked. This was simply because the low-grade chaos demonic spiritual veins were not at all to be found at the Heaven Eye Mountain Range.

"We must celebrate our success in finding two low-grade chaos demonic spiritual veins, drink twice as much!" The Brightness Emperor Palace's Elder Tian Ziyi announced with a big smile.

Elder Bai Yunxiang chuckled happily, "That is of course, not twice as much, but two hundred times as much!"

The Brightness Emperor Palace's disciples behind them laughed in glee.

"It has been quite some time since we have not met with the Devil Tiger City's Mayor. Let's go visit him and rest a few days at the Mayor's Mansion before returning to the Brightness Emperor Palace!"

"Wonderful!"

Both Elders entered the Devil Tiger City with the Brightness Emperor Palace's disciples. Tian Ziyi and Bai Yunxiang had not met with the Devil Tiger City's Mayor for some time.

Though disciples from outside would normally be regarded as fat meat by evil sects' forces established in the Floating Twilight Land, courageous as they were, they would not dare to offend the Brightness Emperor Palace.

Not only they didn't dare to offend them, but these people also scurried to the sides and gave a wide berth upon seeing Tian Ziyi and Bai Yunxiang.

Tian Ziyi, Bai Yunxiang, and the group of disciples had yet to reach the Mayor's Mansion, when they saw a middle-aged man clad in dark brocade robe leading a group of disciples hurrying towards them.

This middle-aged man was none other than the Devil Tiger City's Mayor, Wu Chao.

Wu Chao had received a report of Tian Ziyi and Bai Yunxiang's arrival from his subordinate as soon as their group had entered the Devil Tiger City. He had swiftly led a group of people to welcome them.

Although Wu Chao was also a Heavenly Monarch Realm master, at the end of the day, he was merely a small mayor of a small city in the Floating Twilight Land. Compared to Tian Ziyi and Bai Yunxiang who were Elders of Brightness Emperor Palace, Wu Chao's status was much lower. Hence, when Wu Chao learned that Tian Ziyi and Bai Yunxiang had come to the Devil Tiger City, Wu Chao did not dare to slight them at all in any way.

"Brother Ziyi, Brother Yunxiang!" From afar, the Devil Tiger City's Mayor Wu Chao greeted with sonorous laughter. "Both of you and the other brothers from Brightness Emperor Palace have come to visit my Devil Tiger City; even the city walls are shining from the brothers' visit!"

The discovery of low-grade chaos demonic spiritual vein had put Tian Ziyi in a good mood, so he laughed as he replied, "Such pleasantries! Since we're passing by the Devil Tiger City, naturally, we plan to stay here for a few days. Looks like we would be troubling Brother Wu Chao during this time."

Wu Chao was inwardly delighted hearing Tian Ziyi's words, "Brother Ziyi and Brother Yunxiang can stay however long they want, there's nothing troubling about it."

Everyone was in a jolly mood.

"I've already ordered my people to prepare food and wine, Brother Ziyi, Brother Yunxiang, and brothers from Brightness Emperor Palace, this way please!" Wu Chao said as he stopped in front of Tian Ziyi and Bai Yunxiang, and made an inviting gesture with his arm.

“Great!”

Tian Ziyi also did not stand on ceremony as he walked onwards together with Bai Yunxiang.

“Brother Ziyi, Brother Yunxiang, how come you are visiting the Floating Twilight Land?” As they made their way to the Mayor’s Mansion, Wu Chao asked casually. “It has been over twenty thousand years since the last time you were last here, hasn’t it?”

Bai Yunxiang chuckled as he said half-jokingly, “Naturally, we come to the Floating Twilight Land to look for treasures.”

Wu Chao was stunned for a split second, but he picked up the conversation without missing a beat, “It seems from your shining faces, you’ve found the treasure you were looking for?”

Tian Ziyi nodded his head and frankly admitted, “Although we met with a small trouble in the middle, we managed to find it in the end.”

The ‘small trouble’ in Tian Ziyi’s mouth was the fight with Huang Xiaolong and the little cow’s group from three years ago.

Recalling the time they had rolled down the Heaven Eye Mountain, intense killing intent flickered in the depths of Tian Ziyi’s eyes.

Even though three years had passed since then, the humiliation he had felt at that time had stayed intact, and it seemed like every moment was carved into his bones instead.

Bai Yunxiang seemed to recall the same thing and his eyes darkened with roiling hatred.

Noticing the subtle changes on Tian Ziyi and Bai Yunxiang’s faces, Wu Chao decided to ask, “Did brothers run into any troubles? If I could be of help, brothers can tell me directly, I’ll be happy to help with whatever I can.”

Tian Ziyi's gloomy expression reduced slightly at Wu Chao's words, and pretended to be indifferent as he said, "It's really nothing much. We just happened to run into some bullheaded characters that didn't know what was good for them some days back, but they were quick to escape!"

At that time, they had been actually forced to roll down the Heaven Eye Mountain peak, but Tian Ziyi was making it seem like Huang Xiaolong's group had made a quick run for it.

Wu Chao snorted, "So, it's like that. If you see them again, I'll have them detained for brothers to vent their anger on them."

Bai Yunxiang smiled and accepted, "I'll be troubling Brother Wu Chao then."

The three chattered as they continued walking. Just as they were passing by a section of the street, Tian Ziyi at the front of the group halted abruptly. There was surprise on his face as he stared in one direction.

Bai Yunxiang found Tian Ziyi's reaction strange, so he followed Tian Ziyi's line of sight, and he too looked equally surprised.

In the next second, murderous intent boiled in their hearts.

That group, not far away... It was none other than Huang Xiaolong's group?

"Brothers, what is it?" Wu Chao asked in confusion.

Tian Ziyi's cold gaze followed Huang Xiaolong's group as he said to Wu Chao, "The ones I mentioned just now—it's them!"

It's them!

Wu Chao immediately understood that Tian Ziyi's 'it's them' referred to the people whom Tian Ziyi had mentioned to have escaped from his group.

"Is that so? What a coincidence." Wu Chao chuckled lowly, and said, "They've got some guts to remain in the Floating Twilight Land and stepping into my Devil Tiger City! This is what they call sending oneself to death's door!" With that said, Wu Chao signaled his subordinates to capture Huang Xiaolong's group.

Bai Yunxiang frowned and extended his arm to stop Wu Chao and said, "Brother Wu Chao, few of those people are no weaklings. Why don't you inform your Master, and have your Master inform the Martial Demon Emperor Palace's Hall Master as well, just in case they run again?"

Wu Chao was actually the Martial Demon Emperor Palace's Grand Elder Chen Qinghai's disciple-in-name.

Wu Chao blanked for a second then brushed off Bai Yunxiang's worry, "Brothers are worrying too much. My Devil Tiger City is not some place they can come and go as they please. Rest assured that this time, they won't be able to escape at any cost."

However, Tian Ziyi shook his head and insisted, "They are stronger than you think. In my opinion, it's better to have your Master and the Martial Demon Emperor Palace's Hall Master to deal with them."

Wu Chao was genuinely astonished this time. He looked seriously at Tian Ziyi and Bai Yunxiang. When Wu Chao was certain neither of them were joking, he solemnly agreed, "Alright then, I will inform my Master right now, and tell my Master that those people are causing havoc in the Devil Tiger City and I am no match against them. So hopefully, Master and Martial Demon Emperor Palace's Hall Master can help."

Tian Ziyi and Bai Yunxiang nodded their heads at Wu Chao's version.

Thus, Wu Chao took out his communication talisman and reported the matter to his Master. Needless to say, Wu Chao exaggerated the situation in his report to his Master, claiming that Huang Xiaolong's group had high-level Heavenly Monarch Realm experts, maybe even a Tenth Order Heavenly Monarch Realm. These unruly troublemakers were extremely arrogant and were being extremely disrespectful towards the Martial Demon Emperor Palace.

Chapter 1560

The Martial Demon Emperor Palace's Grand Elder Chen Qinghai was in the midst of reporting to Hall Master Wang Shuchen and Wang Shuyu inside a hall when he suddenly sensed his communication talisman shook. He frowned and stopped speaking.

Seeing Chen Qinghai's reaction, Wang Shuchen asked, "The people below reported something?"

Chen Qinghai respectfully answered, "It is so, Hall Master."

"Since it's a report from the people below, it should be something important, take a look at it now." Wang Shuchen permitted.

With Wang Shuchen's permission, Chen Qinghai could only comply. He then took out the communication talisman and when his divine sense swept over the message within it, his forehead creased into deep furrows.

Wang Shuchen and Wang Shuyu looked doubtfully at Chen Qinghai's reaction.

"What's the matter?" Wang Shuyu asked.

Chen Qinghai truthfully relayed the Devil Tiger City's Mayor Wu Chao's message to the two Hall Masters.

After listening to Chen Qinghai's report, Wang Shuchen and Wang Shuyu exchanged a glance.

Wang Shuyu's expression turned cold as he said, "Another group that dares to injure my Martial Demon Emperor Palace's disciple in the Floating Twilight Land! Looks like disciples of my Martial Demon Emperor Palace have been keeping a low-profile for too long that stray cats and dogs think my Martial Demon Emperor Palace is a soft persimmon they can squash as they please?!"

"The other side has a Tenth Order Heavenly Monarch Realm expert?" Wang Suchen asked Chen Qinghai.

Chen Qinghai respectfully replied, "This is what Wu Chao said."

Wang Shuyu spoke solemnly, "If it's a Tenth Order Heavenly Monarch Realm expert, you won't be able to help on your own. Since we're here, both of us will go take a look with you."

Chen Qinghai was genuinely surprised, "Hall Master wants to go over there personally? In fact..."

Wang Shuyu waved his hand and said, "Enough said, let's head over there now. The two of us are going into seclusion for a period of time when we return."

"Yes, Hall Master!"

Chen Qinghai had no choice but to comply.

Thus, Chen Qinghai went out of the hall following behind Wang Shuchen and Wang Shuyu. The three flew straight towards the Devil Tiger City.

Before Chen Qinghai, Wang Shuyu, and Wang Shuchen departed, the Devil Tiger City's Mayor Wu Chao received a message about their impending arrival. Wu Chao was elated and excited

Hall Master Wang Shuyu and Hall Master Wang Shuchen were coming as well!

Although he was the Devil Tiger City's Mayor, he had never had a chance to associate with upper echelons' existences such as Wang Shuchen and Wang Shuyu.

Watching Wu Chao's obvious excitement, Tian Ziyi and Bai Yunxiang were baffled.

"I just received my Master's message, and he said that our Martial Demon Emperor Palace's Hall Master Wang Shuchen and Hall Master Wang Shuyu are coming here with him!" Wu Chao spilled the good news before Tian Ziyi and Bai Yunxiang could ask any questions.

“What! Your Hall Master Wang Shuchen and Hall Master Wang Shuyu are coming!” Tian Ziyi and Bai Yunxiang were pleasantly surprised hearing Wu Chao’s words.

They had naturally heard of the Martial Demon Emperor Palace’s Wang Shuchen and Wang Shuyu—one was a late-Fourth Order Emperor Realm master and the other was a mid-Fifth Order Emperor Realm master!

Both of them were mid-level Emperor Realm masters ah!

Although Wang Shuchen and Wang Shuyu were not as famous as the Martial Demon Emperor Palace’s Ancestors, they had a loud reputation.

Watching Tian Ziyi and Bai Yunxiang’s eyes widen in astonishment, there was a kind of smug joy in Wu Chao’s heart. He smiled and added, “It’s our Martial Demon Emperor Palace’s Hall Master Wang Shuyu and Hall Master Wang Shuchen!”

Tian Ziyi smiled when he reacted. “I wouldn’t have expected Hall Master Wang Shuyu and Hall Master Wang Shuchen to come here personally. This time, that punk can’t fly even if he grows wings.”

Bai Yunxiang chimed in, “If that punk knew two of the Martial Demon Emperor Palace’s Hall Masters were coming over here to kill him personally, I wonder what kind of expressions he would make?”

“What expression can he make? Frightened silly, I bet.” Wu Chao chimed in on the joke.

The three laughed and chattered on.

“Considering the Master and the two Hall Masters’ speed, they should arrive here very soon. We should go and welcome them,” said Wu Chao.

“Alright, we’ll go welcome them with Brother Wu Chao.” Tian Ziyi and Bai Yunxiang both followed behind Wu Chao.

Facing Wang Shuyu and Wang Shuchen, neither Tian Ziyi nor Bai Yunxiang dared to act superior.

Wu Chao, Tian Ziyi, and Bai Yunxiang led a group of people to the Devil Tiger City's transmission array and waited patiently for Wang Shuchen's group of three to arrive.

Shortly, the quiet transmission array suddenly emitted flickering radiant rays of lights. Then, three figures appeared in the middle of the transmission array.

The Devil Tiger City was only a short distance away from the Martial Demon Emperor Palace. So, it took Wang Shuchen's group less than half an hour's time to reach their destination by transmission array.

Wang Shuchen and Wang Shuyu were not surprised to see Tian Ziyi, Bai Yunxiang, and other Brightness Emperor Palace's disciples waiting by the transmission array to welcome them. Wu Chao had mentioned that Tian Ziyi and Bai Yunxiang were at the Devil Tiger City in his report to Chen Qinghai, and Chen Qinghai had informed Wang Shuchen and Wang Shuyu of the same.

Seeing Wang Shuchen, Wang Shuyu, and Chen Qinghai step out from the transmission array, Wu Chao and other Devil Tiger City's experts stepped up to greet them. Tian Ziyi, Bai Yunxiang, and other Brightness Emperor Palace's disciples cupped their fists in greeting as well, and their demeanor was extremely respectful.

Wang Shuchen went straight to the point. He asked Wu Chao, "Where are those people now? Lead us to them."

Wu Chao respectfully complied, not daring to talk too much.

Wu Chao turned and led Wang Shuchen, Wang Shuyu, Chen Qinghai, and the rest towards the location of Huang Xiaolong's group.

He had sent people to follow Huang Xiaolong's group earlier, hence he knew that Huang Xiaolong's group was actually drinking inside a restaurant not far ahead.

Huang Xiaolong's group would be dying miserably in a short while, would they still be in the mood to enjoy the wine in their cup? Wu Chao sneered inwardly.

As Wu Chao's group were hurrying over, Huang Xiaolong, the little cow, Jiang Hong, and the others were indeed enjoying a cup of wine in a restaurant.

In truth, Huang Xiaolong's group had long discovered the people Wu Chao had sent to track them, but none of them really cared. They were waiting to see what the Devil Tiger City's Mayor planned to do.

A short while later, Wu Chao arrived with Wang Shuchen, Wang Shuyu, Chen Qinghai, and the others to the restaurant where Huang Xiaolong's group was drinking merrily.

Wu Chao pointed at the restaurant and informed Wang Shuchen, Wang Shuyu, and Chen Qinghai respectfully, "Hall Masters, Master, they are drinking inside. Should I go and order them to come outside?"

Wang Shuchen spoke, "No need for so much trouble, let's just go inside." With that, he and Wang Shuyu strode into the restaurant. Chen Qinghai, Wu Chao, and the others followed closely behind them.

As Huang Xiaolong's group was seated right at the center of the restaurant, Wu Chao spotted them almost immediately and he prompted, "Hall Masters, Master, it's them right there!" He pointed a finger at the table where Huang Xiaolong, Jiang Hong, and others were seated.

Cold and cruel gleams of light burst out from Tian Ziyi and Bai Yunxiang when they saw Huang Xiaolong.

In the meantime, Wang Shuchen and Wang Shuyu's faces turned pale when they saw Huang Xiaolong and Jiang Hong. Their lofty manner shattered in an instant as fear took over them. Their hands started trembling and knees almost buckled under their weight.

Although Martial Demon Emperor Mo Xiao had not disclosed Jiang Hong's real identity to them, the news that Mo Xiao had been injured had still reached the ears of Hall Masters like Wang Shuchen, as well as the Martial Demon Emperor Palace's Ancestors.

Not even their Martial Demon Emperor Mo Xiao was a match against Jiang Hong!

Furthermore, with Mo Xiao's order to avoid stirring up trouble with Huang Xiaolong, Wang Shuchen and Wang Shuyu couldn't help feeling fearful seeing Huang Xiaolong's group again.

"Hall Masters, Master, why don't I go up and capture them?" Wu Chao inquired about Wang Shuchen, Wang Shuyu, and Chen Qinghai's opinion. Only then did he notice the fear on Wang Suchen and Wang Shuyu's faces, and was stupefied.
