

Conqueror 1951

Chapter 1951: Huang Shiyi's Proposal

"Xiaofei..." Huang Shiyi muttered in his heart.

He was confident that with his position in the Divine World, coupled with his master's relationship with Tao Yu, the Changzhi Sect would be more than happy to accede to his request. He felt that there was no way for Shi Xiaofei to reject him at all.

As such, other than the congratulatory gifts, he had brought with him an astonishing amount of treasures. He was ready to use them as his betrothal gifts the moment they agreed to his request. In his mind, the scene where everyone was stunned silly by his amazing betrothal gifts played out time and time again.

Three days later...

The flying ship from the Violet Phoenix Emperor Palace arrived on the Datong World, and they flew straight towards the Changzhi Sect's headquarters. They arrived in a flash and landed in a plaza specially reserved to receive first-rate powers like them.

"That's the Violet Phoenix Emperor Palace's flying ship! I've heard that the strongest genius in the Violet Phoenix Emperor Palace, Huang Shiyi, is here to congratulate old ancestor Tao Yu!"

"Huang Shiyi! Even though he's not an absolute genius like the freaks in the younger generation, he has the Ancient Phoenix's bloodline in his body! He managed to obtain a fortuitous encounter, and he might just turn into an expert no weaker than those supreme geniuses! When he breaks into the Emperor Realm in the future, he is sure to become a powerhouse!"

As the flying ship approached, everyone gasped in shock as they looked at the massive flying ship with envy in their eyes.

Although there was only one day left until the apprenticeship ceremony, there were still powers rushing over to the Changzhi Sect.

“I’ve heard that other than the celebratory gifts his master has sent, Huang Shiyi has brought along tons of betrothal gifts. He will probably propose to Shi Xiaofei during the ceremony itself!”

“No way! Even Huang Shiyi is attracted to Shi Xiaofei?! I’ve heard that the young master of the Scarlet Origin Emperor Palace plans to do so as well! There are also tons of young masters yearning for Shi Xiaofei! Is she really that charming?!”

“I’ve met her in the past. Indeed, her beauty is nothing short of mesmerizing. Even after seeing so many female disciples from the various superpowers, I’ve never met one as amazing as Shi Xiaofei. Not to mention, she has the Radiant Jade Buddha Physique and the Ceramic Glaze Radiance Godhead. It’s no wonder all of them want her hand in marriage!”

“If that’s the case, the ceremony will definitely be lively tomorrow. Who will be the one to bring the beauty home?”

As everyone fervently discussed the matter, Huang Shiyi and the Violet Phoenix Emperor Palace’s experts disembarked from their flying ship.

When he heard the discussion going on around him, Huang Shiyi kept a straight face. He was confident that he would be successful in his proposal!

At this time, the woman whose beauty was capable of toppling a nation sat in the main hall of the Changzhi Sect. She was precisely Shi Xiaofei, and she had long heard the rumors of the proposals. A frown appeared on her face as she stared worriedly into the distance.

“Xiaolong... Where are you now?” Shi Xiaofei asked herself the same question over and over in her heart.

Ten years ago, she had ascended to the Divine World with the other Huang Family members. As she was blown away by a hurricane, she had ended up with severe injuries on a desolate mountain peak on the Datong World.

Since then, she had hidden in the mountains to treat her injuries. She had barely managed to recover several months ago when she had heard that the Changzhi Sect was accepting disciples. Hence, she had

gone over to give it a shot. She had never thought that Tao Yu, the old ancestor of the Changzhi Sect, would accept her as a direct disciple.

As a first-rate power in the Datong World, Tao Yu was the strongest individual at the peak of the late-Tenth Order Heavenly Monarch Realm. She felt that it was an honor that Tao Yu was going to accept her as a direct disciple.

It was too bad that she didn't realize the storm she was going to get dragged into.

She had no idea what to do if the young masters of the various Emperor Palaces proposed to her during the ceremony.

The various Emperor Palaces were superpowers in the Divine World. She knew that there would be no way for her to reject a marriage proposal, considering the sect's best interest.

What do I do, what do I do...? Even though she had already broken into the Heavenly God Realm several months ago, there was no way for a Heavenly God Realm cultivator to escape the Changzhi Sect.

She sighed and cried in her heart.

Under the bated breaths of everyone who rushed over to attend the ceremony, the night eventually passed.

As the warm rays of sunlight illuminated the lands, the Changzhi Sect broke out into festivities.

"Young lady, the sun is about to rise. The old ancestor and the sect master have invited you to the main hall." A maidservant entered the room and bowed to Shi Xiaofei.

Shi Xiaofei snapped back to reality. She had no choice but to get to her feet to follow the maidservant to the main hall.

Along the way, every single one of the experts exclaimed in shock when they saw Shi Xiaofei walking past them.

“Is she Shi Xiaofei?! Her beauty shook my soul...! It’s no wonder Huang Shiyi and the other young masters would pine for her. Speaking of which, the two of them have only met her once in the past!”

Surrounding discussions entered Shi Xiaofei’s ears.

She knitted her brows tightly together.

She had thought about it the day before. Since all of them were lusting over her looks, she would ruin her face if things came down to it. She was prepared to scar her face in order to get them all to leave.

The only thing she didn’t know was that if Huang Xiaolong would avoid her because of her looks if she could reunite with him in the future.

As she pondered over the question, she arrived in the main hall of the Changzhi Sect.

The hall was filled with patriarchs, young masters, and everyone else of importance. As soon as she entered the hall, Huang Shiyi and the others turned to look at her.

A solemn ceremony soon followed where she became Tao Yu’s disciple.

After an hour, the ceremony ended, and everyone started to bring out their gifts.

Because of Huang Fangtong’s relationship with Tao Yu and the glamorous reputation of the Violet Phoenix Emperor Palace, Huang Shiyi was the first to bring out his gifts. He passed a jade box over to the Changzhi Sect Chief.

As soon as the box was open, spiritual energy filled the hall. A blood-red ginseng king appeared before their eyes.

“This ... This is Blood Jasper Ginseng! It’s about to transform into heavenly ginseng! This is really a priceless treasure!” One of the family patriarchs yelled in shock.

The hall broke into clamor the instant Huang Shiyi showed his gift.

Even Tao Yu and the Changzhi Sect Chief felt moved by the gift.

As a peak late-Tenth Order Heavenly Monarch, Tao Yu’s chance of breaking into the Emperor Realm would increase by a whole lot after refining the Blood Jasper Ginseng.

Even though it was a priceless treasure, it paled in comparison when compared to the Heavenly Blood Jasper Ginseng Huang Xiaolong had swallowed in the Thousand Constellation Mountain Range.

Of course, in the eyes of Tao Yu and the others, the Blood Jasper Ginseng in their hands was already a priceless treasure.

Seeing the stunned looks on the faces of everyone present, a trace of delight appeared in Huang Shiyi’s heart. He knew that his chances of success had already increased by a whole lot after taking out the priceless gift.

The young master of the Scarlet Origin Emperor Palace presented his gift next. It was a Nine-Colored Lingzhi, and it was an extremely rare medicinal herb. Even if it was not as valuable as the Blood Jasper Ginseng, it didn’t lack by much.

Everyone sighed in admiration.

Eventually, everyone presented their gifts.

Huang Shiyi stood up all of a sudden, and turned to old ancestor Tao Yu. “Senior Tao Yu, several months ago, Young Lady Shi Xiaofei captured my heart when I met her for the first time. I’ve been thinking about her ever since. Nothing matters more to me than obtaining her hand in marriage. Today, I am here to propose to Young Lady Shi Xiaofei. I, Huang Shiyi, am willing to use my life to protect her! Please grant us your blessings!”

Huang Shiyi spoke sincerely as his confession rang in the minds of everyone in the hall.

The hall turned silent in an instant.

Chapter 1952: My Husband is Huang Xiaolong!

Tao Yu and the Changzhi Sect Chief stared at each other and saw the look of joy in each other's eyes.

The news of Huang Shiyi's proposal had long been leaked, and they were extremely pleased with the situation. Regardless of talent or identity, Huang Shiyi had them all. As the Violet Phoenix Emperor Palace's top genius and the direct disciple of the Violet Phoenix Emperor Palace's old ancestor, there was nothing more they could wish for.

Not to mention that Tao Yu and Huang Shiyi's master had a relationship that transcended life and death. A marriage between their disciples was sure to strengthen their bond even more.

When Shi Xiaofei heard Huang Shiyi's proposal, her body shook, and her face turned pale.

All of a sudden, Huang Shiyi respectfully passed a spatial ring to Tao Yu and said, "Senior Tao Yu, this is the betrothal gift this junior has prepared."

When Tao Yu broke the restriction on the spatial ring, spiritual energy charged into the sky and stunned everyone in the hall.

"This ... How many low-grade chaos spiritual stones are there?! Three hundred thousand?"

"Those are grandmist spiritual herbs! There are a hundred of them!"

"What about the mid-grade grandmist spiritual pills? Won't there be at least several hundred thousand of them?!"

Everyone widened their eyes in shock.

Three hundred thousand low-grade chaos spirit stones! A hundred grandmist spiritual herbs! A hundred thousand mid-grade grandmist spiritual pills!

Even first-rate powers would need to sell off the underpants on their body in order to gather such a fortune! The massive pie that fell from the sky caused Tao Yu and the sect leader to experience endless joy in their heart.

“This ... Martial nephew Shiyi, this is a little too much...!” Joy flooded Tao Yu’s heart.

Since he would be Shi Xiaofei’s master, he would stand to gain a portion of the treasures he had taken out. After giving away a portion to the Changzhi Sect, the others would all go to Shi Xiaofei.

Huang Shiyi’s massive gift was like a bucket of gold that dropped from the sky.

However, Huang Shiyi maintained a cordial expression as he laughed, “This is just the betrothal gift. How can this compare to the love I have for Young Lady Xiaofei in my heart?”

“Great!” Tao Yu yelled in joy, and the sect master of the Changzhi Sect laughed.

Just as Shi Xiaofei wanted to reject the marriage, another voice resounded through the hall. “Hold it!”

Everyone was stunned at the sudden interruption.

“Young master of the Scarlet Origin Emperor Palace, this is...?” Tao Yu chuckled. It was nothing but a farce as he had long learned of their intentions. He knew that the young master of the Scarlet Origin Emperor Palace had long since fallen in love with Shi Xiaofei.

“Previously, I fell in love with Young Lady Xiaofei from the moment I laid eyes on her. I’ve dreamed of her every day since then, and I hated the fact that I couldn’t be beside her at every moment. Today, I,

Chi Hao, would like to propose to Young Lady Xiaofei. I would also hope that Senior Tao Yu and the Changzhi Sect Chief would give us your blessing. I will definitely love her with all my heart.” Chi Hao, the young master of the Scarlet Origin Emperor Palace declared.

Following this, he retrieved a spatial ring of his own and passed it to Tao Yu. “This is this junior’s betrothal gift.”

When Tao Yu opened the spatial ring, a similar scene to the previous one when Huang Shiyi had presented his gift played before everyone’s eyes.

Everyone was shocked. Even though Huang Shiyi’s gift was already immense, Chi Hao had prepared even more! The number of low-grade chaos spirit stones and grandmist spiritual herbs he had prepared was considerably more than Huang Shiyi’s!

“Four hundred thousand low-grade chaos spirit stones!”

“One hundred and eighty-eight grandmist spiritual herbs!”

“One hundred and eighty thousand mid-grade grandmist spiritual pills!”

It didn’t matter if it was Tao Yu or the other experts present. None of them could hide the look of shock on their faces.

“This...” Tao Yu gasped in surprise.

Regardless of identity or status, Chi Hao didn’t lose to Huang Shiyi in the slightest. Since he was able to become the young master of the Scarlet Origin Emperor Palace, there was no need to doubt his talent. As long as there were no accidents, he would probably become the next Scarlet Origin Emperor in the future.

There was also the issue of the Scarlet Origin Emperor Palace ranking two ranks above the Violet Phoenix Emperor Palace.

The benefits of entering an alliance with the Scarlet Origin Emperor Palace were unimaginable. However, they had to consider the issue of the Violet Phoenix Emperor Palace. Even though Tao Yu was friends with Huang Fangtong and their relationship wouldn't turn sour because of a disciple's marriage, there would definitely be some drawbacks....

Huang Shiyi had never expected that Chi Hao would be able to bring out gifts more extravagant than his, and a frown formed on his face. He turned to Chi Hao and said, "Since that is the case, why don't we carry out a competition to choose the winner? The loser will leave Young Lady Xiaofei alone. What do you think?"

Chi Hao laughed and agreed with the proposal. "Great! Let's do it your way."

Even though Huang Shiyi was at the early-Tenth Order Heavenly Monarch Realm and had the Ancient Phoenix bloodline, he didn't lack in cultivation and strength. As such, Chi Hao had no reservations about fighting with him.

However, he knew that Huang Shiyi's master had some sort of relationship with Tao Yu. If they really had to resolve the marriage problem any other way, he might not be able to bring the bride home.

Right before the two of them were about to begin the competition, Shi Xiaofei stood up and cried out. "Stop!"

Everyone was stunned as they turned to stare at her.

When Tao Yu and the other experts turned their gazes over to her, Shi Xiaofei felt her heart tightening. However, a solemn expression appeared on her face soon after. "Young Master Huang Shiyi and Young Master Chi Hao are dragons among men. Xiaofei is merely a commoner and doesn't deserve the two young masters' favor. Please rescind your proposal. I believe that you will both be able to find better partners."

As soon as her voice fell, everyone felt a bomb going off in their heads.

No one had expected for her to reject both young masters at once!

Even Tai Yu and the Changzhi Sect Chief were stunned. One had to know that getting married to someone of Huang Shiyi's status was the dream of many young ladies in the world!

That was something that wouldn't come by even if the sky fell! No one had expected Shi Xiaofei to reject both marriage proposals right before them!

"Preposterous!" Tao Yu yelled in anger.

Shi Xiaofei shook her head and said, "Master, I am not messing around! I am already married."

Everyone widened their eyes in shock.

Huang Shiyi and Chi Hao's faces turned ugly in an instant.

"Nonsense!" Tao Yu frowned, and he asked, "Alright! Tell us, who is your husband? Which family is he from?"

Shi Xiaofei bit her lips, and she spilled everything. "My husband is Huang Xiaolong."

"HUANG XIAOLONG?!" Every single person in the hall yelled in shock when they heard his name.

When Shi Xiaofei saw their reactions, she couldn't help but feel her heart tremble. What's going on?! Do they know who Xiaolong is?!

"Master, what's going on? Do you really know my husband, Huang Xiaolong?"

Tao Yu broke out in laughter all of a sudden. "How can there be someone in the Divine World who doesn't know Huang Xiaolong? Xiaofei, your lies have to be more thought out. There are countless families and powers in the Divine World who can't wait to marry their daughters off to Huang Xiaolong. That's merely a wish of theirs. If Huang Xiaolong were to get married, his wedding ceremony would shake the world! Right now, no one has ever heard of Huang Xiaolong getting married."

Indeed, no one in the Divine World knew that Huang Xiaolong was married. Tao Yu and the others felt that she was lying.

Huang Shiyi chuckled, “Young Lady Xiaofei, I knew that our marriage proposal might come as a shock to you. Isn’t that why you made up such a ridiculous story? Don’t worry. We won’t mistreat you.”

At that very instant, a majestic flying ship was charging straight towards the Datong World, and it was precisely the Netherking Flying Ship.

“We’re arriving soon!” Huang Xiaolong stared at the Datong World, and he thought about how he would be able to see Shi Xiaofei soon. A smile broke out on his face.

It was too bad; his transmission symbol shook when he was still daydreaming. Bei Xiaomei had sent over another report.

Chapter 1953: Your Husband is Really Huang Xiaolong?!

A trace of suspicion flashed past Huang Xiaolong’s face when he received the message. When he swept his divine sense across it, his face sank. “Huang Shiyi, Chi Hao!”

“Xiaolong, what’s the matter?” When Huang Peng saw the look on Huang Xiaolong’s face, he couldn’t help but ask.

Everyone became curious as well.

Huang Xiaolong didn’t hesitate as he revealed the report to everyone.

When they saw it, they couldn’t help but reveal a complicated expression on their faces.

Guo Xiaofan roared with indignation. “Whoever the f*ck Huang Shiyi and Chi Hao are? They are too much! How dare they mess with my aunt! When we get there, I’ll smash his eggs! Uncle, I’ll take revenge for you!”

All the ladies present felt their faces turning red, and Huang Min smacked Guo Xiaofan on the head. "You and your ideas."

Guo Xiaofan rubbed the back of his head and laughed, "I'm not kidding!"

Huang Xiaolong didn't say a word. Instead, he ordered the four odd beasts and the others to accelerate the ship towards the Changzhi Sect. Before long, they broke through the surface and arrived in the skies of the Datong World.

When they entered the Datong World, Huang Xiaolong made sure his subordinates released their aura. Without them consciously restraining their auras, the horrifying Emperor's will from nearly two hundred Emperors crashed down on every single existence in the Datong World. In an instant, everyone felt as though hundreds of mountain ranges were stacked on their backs.

A jolt appeared in the hearts of all the experts present on the Datong World.

A replay of everything that had happened on the Fire Stone World happened. Not a single existence on the Datong World managed to escape from the horrifying pressure emitted by Huang Xiaolong's group.

With more than two hundred Emperors, at the Ninth Order and above, releasing their auras all at once, it was more than easy to imagine the immense pressure landing on everyone present. It was as though the world was ending.

If Huang Xiaolong really wanted it, he could order everyone to attack at once and shatter the Datong World! There was no need to exaggerate. As long as Huang Xiaolong willed it, the Datong World would no longer exist!

The experts from the Datong World's strongest powers couldn't sit still under the weight of the pressure that was strong enough to exterminate the world several times over. Their bodies trembled like a leaf in the wind. Even Tao Yu and the various experts present for the ceremony fell to the ground in shock.

Huang Shiyi and Chi Hao stared at the source of the terrifying pressure with a flabbergasted look on their faces.

“This... this is?! That’s the pressure from an Emperor Realm expert! No, that’s the pressure coming from several Emperor Realm experts! How many are there?!” Huang Shiyi felt his heart pounding in his chest as his legs started to shake.

“Could it be that something big had happened on the Datong World?!” Chi Hao’s voice trembled.

In the hall, everyone felt unrestrained fear grip their hearts. They were overwhelmed with shock, and their legs nearly gave way. The only exception was Shi Xiaofei, who was standing tall in the middle of the hall. She stared at everyone in the hall with a suspicious look as she didn’t understand their fear. Even though she was also a victim of the pressure released by Huang Xiaolong and the others, it didn’t seem to suppress her as it did to the others.

Very quickly, everyone noticed the anomaly in the hall.

“You ... Are you not affected?!” Huang Shiyi stared at Shi Xiaofei as he cried out in shock.

Everyone turned to look at her with a look of astonishment on their faces.

Panic started to take over Shi Xiaofei’s sense of reasoning as she stuttered, “I ... I have no idea what’s going on!”

“Those Emperors seem to be headed towards us!” Chi Hao came to a sudden realization and screamed.

Those in the hall felt even more terrified when they heard what he said.

By this time, Huang Shiyi could also feel the presence of Huang Xiaolong and the others getting closer. An alarming thought appeared in his mind. “Don’t tell me they are headed to the Changzhi Sect!”

Tao Yu and the Changzhi Sect Chief seemed to react at the same time as they felt a shiver run down their spine. As for the other experts present, their hearts nearly stopped beating.

Headed to the Changzhi Sect?!

Could it be that they were there to congratulate Tao Yu during the apprenticeship ceremony?!

Tao Yu and the Changzhi Sect Chief both knew that they didn't extend the invitation to any Emperors. The only person they had invited was Huang Fangtong from the Violet Phoenix Emperor Palace, but his disciple had come in his stead.

As Huang Xiaolong and the others approached the Changzhi Sect, the sound of rumblings in the air grew louder and louder. It was as though countless bolts of chaos lightning was running through the skies.

Before long, Tao Yu and the others discovered a shocking fact. Even the hall they were in started to tremble, and it felt like it would collapse at any moment.

When the turbulence in the hall finally stopped, Tao Yu, Huang Shiyi, and the others discovered that it wasn't the end of their nightmare. A crushing pressure descended on them without warning and forced them to their knees.

Cracks spiderwebbed along the ground, and rubble rose from the destruction. The destroyed fragments of the hall hovered in the air before them.

Under the frightened gazes of all the experts in the hall, a black dot slowly materialized in the distance. It gradually increased in size until it finally appeared above the main hall of the Changzhi Sect.

Even though Huang Shiyi hadn't participated in the Battle of the Heavenly Court, he was present for the Fortune Emperor Palace's apprenticeship ceremony. The scene where Huang Xiaolong had trashed Wang Yongsen from the Fiend God Emperor Palace was still stuck in his mind.

Huang Shiyi's body shook non-stop after he caught sight of the familiar face when the group of Emperors descended from the flying ship. All the words he wanted to say became stuck in his throat when he recognized Huang Xiaolong.

It was too bad he hadn't linked Huang Xiaolong's arrival with Shi Xiaofei's claim.

Since Tao Yu and the others failed to recognize Huang Xiaolong, all of them could only shiver on the ground as they made guesses about his identity.

When Shi Xiaofei saw the familiar faces of Huang Peng and the others, a look of disbelief appeared on her face. However, that was nothing compared to the waves that rose in her heart when she saw Huang Xiaolong. The instant she saw him, tears poured out of the corner of her eyes.

She covered her dainty lips, and a look of excitement appeared on her face. She ran past Huang Shiyi, Tao Yu, and the others as she jumped into Huang Xiaolong's arms. "Xiaolong!"

Xiaolong!

Tao Yu and the others stared at the scene before them in shock.

Xiaolong?! Huang Xiaolong?! Is Shi Xiaofei's husband really called Huang Xiaolong?!

Wait a minute. Huang Xiaolong?! Could it be?!

When the possibility flashed through their mind, Fu Yangchen, the sect chief of the Changzhi Sect, felt his mind going blank. However, endless fear gripped his heart in the next moment.

Huang Shiyi finally reacted as he forced the greeting out of his mouth, "Disciple Huang Shiyi from the Violet Phoenix Emperor Palace greets Your Majesty the King of Hell!" He slammed his head into the ground in an attempt to kowtow to Huang Xiaolong after speaking.

Your Majesty the King of Hell!

Despite the greeting, Huang Xiaolong was hugging Shi Xiaofei, and he had no intentions of letting her go. It was as though he wanted to brand Shi Xiaofei's soul with his own.

Shi Xiaofei tightened her grip on Huang Xiaolong's body, and tears of joy streamed down her face. "Xiaolong, is it really you? I thought that we would never meet again!"

The thought of suicide had crossed her mind before. She had felt that if there were no other way of escaping from the marriage with Huang Shiyi or Chi Hao, she would kill herself in order to remain true to Huang Xiaolong.

Huang Xiaolong whispered into her ear. "Xiaofei, it's me. From today onwards, no one will dare to bully you. I will never let anyone take advantage of you ever again!"

Tears formed in Fang Xuanxuan and Peng Xiao's eyes when they saw this heartwarming scene.

Even though several minutes had already passed, Huang Xiaolong refused to release his grip on Shi Xiaofei.

No-one stopped them either.

In the end, Shi Xiaofei realized that everyone was staring at them, and she loosened her grip. Her face flushed red when she saw that Huang Xiaolong had no intentions of letting her go. Leaning closer towards him, she muttered, "Xiaolong, everyone is here! They are all looking at us! Hurry up and let go!"

Chapter 1954: The Other Half of the Radiance Ancestor's Inheritance

It was too bad her complaints fell on deaf ears as Huang Xiaolong pulled her closer to him and pouted, "No! I'm not letting go!"

Shi Xiaofei felt a burst of sweetness in her heart, and she no longer tried to persuade Huang Xiaolong to release her. She pressed her face against his chest as she no longer dared to look at her parents.

Several minutes passed.

When Shi Fantian saw that Huang Xiaolong had not released his daughter, he couldn't help but cough dryly. Only then did Huang Xiaolong loosen his grip.

When he finally let go, Shi Xiaofei lowered her head and hid beside him. Her face turned as red as a tomato.

What a husband she had!

Huang Xiaolong stared at Huang Shiyi, kneeling on the ground, before sweeping his gaze over the others.

“Are you Huang Shiyi from the Violet Phoenix Emperor Palace and Chi Hao from the Scarlet Origin Emperor Palace?” Huang Xiaolong's cold voice resounded through the air just as Huang Shiyi was feeling uneasy.

“Yes, yes!”

Both of them crawled forward as they hastily confirmed their identities.

When Huang Xiaolong's gaze landed on the spatial rings that contained the betrothal gifts on the table, a weird expression appeared on his face. Since the restrictions were already broken, he quickly noticed the treasures contained within. A snort left his lips. “It looks like your betrothal gifts are pretty heavy.”

Huang Shiyi and Chihao felt their bodies trembling. They raised their head anxiously and begged, “Your Majesty, please show mercy! Please!”

Huang Xiaolong was the King of Hell. With his position, he was comparable to Heavenly Emperor Di Jun! When they thought about what would happen if they tried to propose to Di Jun's wife, their hearts turned cold. Without a doubt, Di Jun would exterminate their entire family and everyone associated with them!

Huang Xiaolong raised his arm and pointed with a single finger—both of them were sent flying.

When they landed, they had already taken their last breath.

Even though Shi Xiaofei hadn't suffered at their hands, the same couldn't be said if Huang Xiaolong had arrived a little later. What if the members of the Silver Fox Commerce had failed to locate her in time? What would happen then?!

No man would allow anything to happen to their beloved woman, and Huang Xiaolong was no exception.

After all, both of them had designs on Shi Xiaofei. Their fates were sealed the moment they proposed.

When Huang Xiaolong killed Huang Shiyi and Chi Hao, the faces of the other young masters who had lusted over Shi Xiaofei revealed endless fear.

Tao Yu and Fu Yangchen stared at the corpses of Huang Shiyi and Chi Hao as they felt their bodies freezing up.

.....

After half an hour...

Huang Xiaolong brought Shi Xiaofei and the members of the Huang Family as they left the main hall of the Changzhi Sect.

When they boarded the Netherking Flying Ship, Tao Yu and the other members of the Changzhi Sect seemed to have lost all the strength in their bodies. They collapsed on the ground and sucked in large mouthfuls of breath. It was as though they had crawled back from the gates of hell.

After Shi Xiaofei's relentless pleading, Huang Xiaolong had decided to let Tao Yu and the others off. Whatever the case, the apprenticeship ceremony had already been completed, and Shi Xiaofei could be considered Tao Yu's disciple.

Very quickly, the Netherking Flying Ship left the Datong World. The instant it left the space above the Datong World, everyone felt their bodies loosening up. The pressure that contained the power to annihilate the world dissipated.

Before long, the events in the Changzhi Sect started to spread.

“The disciple, Shi Xiaofei, Ancestor Tao Yu of the Changzhi Sect accepted, is Huang Xiaolong’s wife!”

“Huang Shiyi of the Violet Phoenix Emperor Palace and Chi Hao of the Scarlet Origin Emperor Palace tried to propose to her and were killed by Huang Xiaolong on the spot!”

The entire world surface shook.

Despite the commotion they caused, Huang Xiaolong and Shi Xiaofei had no idea what went on in the Datong World after they left. In the main hall of the flying ship, laughter could be heard everywhere.

After finding the members of the Huang Family and Shi Xiaofei, Huang Xiaolong’s heart finally calmed down. Ever since he had learned that they had ascended to the Divine World, a sense of unease had filled his heart. At long last, he was able to put down all his worries.

The fragrance of alcohol filled the ship.

“Uncle, what wine is this?! How can it taste so good?!” Guo Xiaofan sipped on the Yin Yang Wine, and he exclaimed in shock.

Huang Xiaolong chuckled, “That’s the famous Yin Yang Wine from Hell. It’s the best wine in Hell.”

“Won’t it cost quite a bomb?”

“Nonsense. It’s extremely cheap. A single bottle only costs ten low-grade chaos spirit stones,” Huang Xiaolong replied.

“Ten low-grade chaos spirit stones?! How can that be considered cheap?!” Guo Xiaofan stuck his tongue out and complained, “Even if you sell me away, you won’t be able to buy a single drop of the wine!”

Roaring laughter broke out in the hall.

“Xiaolong, why did Huang Shiyi and the others address you as ‘Your Majesty the King of Hell?’ What is your current identity?” Shi Xiaofei asked all of a sudden. Like Guo Xiaofan and the others, she was extremely curious about Huang Xiaolong’s achievements.

Before Huang Xiaolong could speak, Guo Xiaofan interrupted. “Aunt, you might not know this, but uncle is really too awesome! Look at all the Emperor Realm subordinates behind him, and you will understand! He’s the current King of Hell, and he controls all three worlds in Hell!” Guo Xiaofan continued to brag about Huang Xiaolong’s achievements, and the more he spoke, the worse it became.

Shock filled Shi Xiaofei’s face.

The King of Hell! Ruler of all three worlds in Hell!

His Majesty the King of Hell!

There’s also something about him being the disciple of the King of Grandmist... He was the direct disciple of the King of Grandmist!

After two hours, Huang Xiaolong used the excuse of cultivation to end the banquet.

The moment the banquet ended, Huang Xiaolong grabbed Shi Xiaofei and entered the number one secret training room on the flying ship. As the saying went, reunion after an absence is always sweeter than being newlyweds. The time they had spent separated was numbered in thousands of years. Now that they had reunited, Huang Xiaolong unleashed his pent up desires.

Of course, since he was afraid that the commotion they would cause would be too big, he had long activated the restrictions around the secret room.

After half a month...

Fang Xuanxuan stared at the door of the number one secret room, and a complicated look appeared on her face. She turned to Peng Xiao and asked, "It has already been so long. Why are the two of them still in there?"

Peng Xiao chuckled, "What's wrong? Do you want to enter as well? Are you planning on asking Huang Xiaolong for pointers on how to cultivate?"

Fang Xuanxuan reached out and tickled Peng Xiao. "What are you talking about?! Isn't that what you're thinking of?!"

The two of them started messing about, and laughter soon broke out.

A month eventually passed, and the flying ship finally arrived in the Fortune Emperor Palace. Huang Xiaolong only emerged from the secret room after the four beasts made the report.

When they emerged, both of them felt the stares from everyone landing on them. Shi Xiaofei's face flushed red in an instant. A mesmerizing aura lingered around her.

When Huang Xiaolong brought everyone back to the Fortune Emperor Palace, two people sat in the Divine Radiance Hall of the Radiance World. One of them was Lan Zhi, who had escaped to the Radiance World previously.

The other individual was clad in radiance divine armor, and he held a staff in his hand. There was a crown on his head, and a monarch's prestige surrounded him. Even a peak late-Tenth Order Emperor like Lan Zhi wasn't able to match up to this individual's aura.

The person was precisely the ruler of the Radiance World, Dun Ei.

"Senior brother, after all these years, have you found the location of the other half of the Radiance Ancestor's inheritance?" Lan Zhi asked Dun Ei. "We have to obtain the other half of the inheritance

before Huang Xiaolong! We can't allow him to steal the inheritance from us! Otherwise, your position as the ruler of the Radiance World will fall into the hands of that brat!"

Chapter 1955: Dun Ei Looks for the Other Half of the Inheritance

Dun Ei raised a single eyebrow and reassured Lan Zhi. "Junior Brother, calm down. Even if Huang Xiaolong uses the remainder of his lifespan to look for the inheritance, he won't be able to find it."

Lan Zhi's eyes lit up, and he exclaimed with joy, "Senior Brother, do you mean...?"

"That's right. I have already learned of the approximate location of the other half of the inheritance." Dun Ei nodded his head and reassured Lan Zhi.

"Congratulations, Senior Brother! As long as you obtain the other half of the inheritance, you will definitely be able to break through into the Sovereign Realm!" Lan Zhi cried out in joy.

A smile also formed on Dun Ei's face. According to what Lan Zhi said, he would be able to refine the other half of the inheritance immediately after locating it. As long as he did that, he would be able to enter the Sovereign Realm!

That was the Sovereign Realm they were talking about!

He was merely a step away from entering the Sovereign Realm at his current level. No! He was less than half a step away! There were times he felt that he had touched the gates of the Sovereign Realm, but no matter how hard he tried, the gates remained closed. He knew that there was a paper-thin screen stopping him from breaking through to the next level. As long as he obtained the other half of the inheritance, he was sure that he would break through the screen! It was also possible for him to directly enter the peak of the early-First Order Sovereign Realm!

In the billions of years that had passed, he had already made enough preparations. He had always been using the resources of the Radiance World to strengthen himself.

"In a little bit, you shall head over to the Sea of Radiance with me." Dun Ei said all of a sudden.

“Sea of Radiance?!” Lan Zhi widened his eyes in shock. “Could it be that the other half of the inheritance is located in the Sea of Radiance?!”

Dun Ei nodded his head and laughed. “That’s right!”

The Sea of Radiance was the largest sea in the Radiance World. It was also the most dangerous region of the Radiance World that housed countless radiance beasts. No one knew how many beasts there were. With Lan Zhi’s strength, it would be a wise move to bring him along.

Of course, Dun Ei wasn’t afraid that Lan Zhi would lust over the other half of the inheritance. He had already made his preparations. If the worst-case happened and Lan Zhi really decided to betray him, he was confident that he could suppress Lan Zhi instantly.

Before long, the two of them soared through the skies as they charged straight towards the Sea of Radiance.

Since they wanted to keep their mission a secret, Dun Ei had only told Lan Zhi about the plan half an hour before departing. Other than Lan Zhi, they only brought along one hundred experts. Every single one of them was a pontiff of the Radiance World.

All of them were experts at the Tenth Order Emperor Realm. Moreover, they were extremely loyal to Dun Ei.

Since the distance they had to travel wasn’t too far, they managed to arrive at the Sea of Radiance in half a month. The moment they appeared, Dun Ei killed his way through the horde of radiance beasts with no mercy. In ten days, they arrived at one of the massive islands located south of the sea.

Dun Ei scanned his surroundings, and he locked on to one of the massive mountain ranges poking out from the middle of the island. “This should be the place.” As soon as he completed his sentence, his figure blurred as he appeared in the space above the mountain.

A complicated light flashed through Lan Zhi's eyes. That was the second half of the Radiance Ancestor's inheritance they were talking about. He would be lying if he said he wasn't moved. He raised his fists, but he soon lowered them in resignation.

"Light of Destruction! Explosion!" Dun Ei muttered as he approached the mountain range. He opened his palms, and endless radiance energy surged out from his body. It contained the might to destroy the world as it headed straight for the mountain range.

In an instant, the peak of the mountain exploded, and the island trembled.

Along with the collapse of the mountain, an ancient diagram written in the runes of the Radiance World appeared.

"Is this the Array of Origin of our Radiance World?!" A look of shock appeared on Dun Ei's face, and the other experts sucked in a cold breath when they heard what he said.

The Array of Origin that had been lost for god knew how many billion years had finally reappeared on a random island on the Sea of Radiance!

Dun Ei didn't find it surprising. He took out a hundred Radiance Divine Stones. Those rocks were formed by the origins of the Radiance World after countless years. Every single one was something spirit stones couldn't buy.

Dun Ei shook his arm, and all one hundred of them entered the formation.

"Alright. Let's pour our powers in to activate this formation." Dun Ei turned to the pontiffs and said.

"Yes, Your Majesty!" All of them flew into the formation and started pouring their energies into it. Before long, Dun Ei and Lan Zhi arrived at the center of the formation.

All one hundred of them poured their radiance energy into the formation, and a burst of light illuminated the area. Pillars of light charged into the sky, and there was a specific number of them. Not a

single one more, not a single one less. One hundred pillars of light broke through the heavens above them.

In that instant, Dun Ei and Lan Zhi assisted by pouring in their radiance energy into the eye of the formation.

The island started to tremble, and it seemed as though it would collapse at any moment.

After twenty minutes of activating the formation, the massive sea around the island started to shake. Massive waves formed one after another. Eventually, a holy creature that emitted an ancient aura charged into the sky.

It raised its head and howled to the heavens.

In the next moment, the billions of miles of water around the island erupted.

If Huang Xiaolong was present, this shock would have probably overwhelmed him. The ancient holy beast looked exactly like the Heavenly Hall he had obtained in Hell!

“It’s the Heavenly Hall!” Lan Zhi yelled in surprise.

It went without saying that he had experienced the might of the Heavenly Hall when Huang Xiaolong had unleashed it against him in the past.

Dun Ei looked at the Heavenly Hall in the middle of the sky that was emitting layers of light as he chuckled, “That’s right. This is the Heavenly Hall. Huang Xiaolong only managed to obtain the other half. Half of the inheritance has always been stored in this Heavenly Hall!”

...

When Huang Xiaolong, Shi Xiaofei, and the other members of the Huang Family returned to the Fortune Emperor Palace, Huang Xiaolong allowed them to mess about for a month. After staying for a month, he brought everyone towards the Grandmist Lands.

Since the Nine Yin Giant Corpse Tribe was going to launch their attack on the Divine World, the Grandmist Lands would be the safest place for them to be. Huang Xiaolong would only rest easy if he managed to bring everyone related to him to the Grandmist Lands.

After hearing that Fang Xuanxuan and Peng Xiao both wanted to follow him, he decided to bring them along. It was too bad Fang Gan and Zhao Lei wanted to protect the Fortune Emperor Palace to the end. Huang Xiaolong had no choice but to allow them to do as they wished.

The Netherking Flying Ship sped towards the Grandmist Lands.

“Sea of Radiance.” In the main hall of the flying ship, Huang Xiaolong received a report from Tai Yue of the Netherworld King’s Organization. The instant he saw the message, he understood that Dun Ei had started to make his move.

The Netherworld King’s Organization had a presence in the Radiance World as well. Even though they weren’t extremely active there, they were able to gather intelligence on the Radiance World’s leader.

As for what Dun Ei wanted to do in the Sea of Radiance, Huang Xiaolong had no idea.

A sneer formed on Huang Xiaolong’s lips, “Dun Ei, Lan Zhi, wait till I head over to the Radiance World. I’ll definitely give you the thanks you deserve.”

He wasn’t concerned that Dun Ei or Lan Zhi would locate the other half of the inheritance.

Chapter 1956: Arriving at the Grandmist Lands

Huang Xiaolong knew that even if they managed to locate the other half of the inheritance, they would never be able to refine it. After all, the key to the other gate of the Heavenly Hall was in his hand!

Huang Xiaolong retrieved the Radiance Divine Scepter, and he looked at the gentle and pure light it emitted. Huang Xiaolong was immersed in it.

The Radiance Divine Scepter was precisely the key they needed to open the gate of the other half of the Heavenly Hall. Without the Radiance Divine Scepter, Dun Ei and Lan Zhi would only be able to squat at the other half of the Heavenly Hall's entrance.

In fact, Huang Xiaolong could already picture the scene where Dun Ei and Lan Zhi tried bombarding the Heavenly Hall's entrance, only to realize that they were unable to enter.

"Xiaolong, is your master, the King of Grandmist, very strict with you?" Shi Xiaofei slowly approached Huang Xiaolong from the back as her gentle voice resounded through the air.

All of a sudden, Fang Xuanxuan, Peng Xiao, and the others appeared.

Fang Xuanxuan and Peng Xiao felt their hearts pounding at an astonishing rate when they thought about how they were going to meet the King of Grandmist. That's the King of Grandmist they were talking about! The master of the publicly acknowledged number one expert of the Divine World, the Grandmist Emperor, and Huang Xiaolong!

Even though they had already seen the King of Grandmist during the Battle of the Heavenly Court, they hadn't interacted with him!

Huang Xiaolong turned around and chuckled, "Relax. The old man is pretty laid back. He treats everyone nicely as well... Just pretend he's an ordinary grandpa."

Everyone's jaw dropped in shock.

Cold sweat formed on Peng Xiao and Fang Xuanxuan's forehead. Only Huang Xiaolong can call the King of Grandmist, 'an old man' in the myriad of worlds.

Ordinary grandpa?! If the King of Grandmist was an ordinary grandpa, what would they be?!

“Xiaolong, when we arrive at the Grandmist Lands, are you going to head over to the Radiance World?!” Su Yan asked.

Knowing that his mother was concerned about him, Huang Xiaolong laughed, “Don’t worry! Nothing will happen to me.”

Su Yan opened her mouth, but no words came out. She contemplated for a long time before nodding her head. “Take care of yourself.”

“Of course.” A solemn expression appeared on Huang Xiaolong’s face, and he nodded his head.

Regardless of one’s identity and strength, one would always be a little child in their parent’s mind. Huang Xiaolong was no different. Even though he had rampaged around the various big words for several hundred years, Huang Xiaolong knew that Su Yan was merely worried about him.

“Uncle, is the Radiance World fun?! Why don’t you bring us along?” Guo Xiaofan piped up all of a sudden. “I really want to see the Radiance World too! Not to mention the fact that you just reunited with my aunt! Are you really going to leave us?”

Huang Xiaolong nearly roared with laughter, but he held back and chided Guo Xiaofan, “Do you think that I’m going to the Radiance World for fun? I’m going to pick a fight with the ruler of the Radiance World! If you can block the energy coming from his pinkie, I’ll bring you with me.”

Guo Xiaofan widened his eyes in shock.

The energy from the ruler of the Radiance World’s pinkie!

In the next instant, the look on Guo Xiaofan’s face changed. He muttered, “Nevermind then...”

When Huang Xiaolong looked at the anxious look on Shi Xiaofei’s face, he grabbed her hands and explained, “I won’t be gone for too long. When I come back, I’ll bring you to anywhere you want.”

Shi Xiaofei nodded her head slowly, and she said, "Alright. When we arrive at the Grandmist Lands, I will try my best to cultivate. I shall wait for you to return."

Half a month later...

They arrived at the Darkness Galaxy.

Through the clear walls of the control room, everyone saw the desolate and horrifying galaxy that was completely dark before them, and they sucked in a cold breath of air.

"That's the Darkness Galaxy. After we cross this, we'll arrive at the Desolate World. We'll arrive at the Grandmist Lands after that," Huang Xiaolong explained.

This was the second time he went to the Grandmist Lands. When he looked into the space outside the ship, he couldn't help but think of the first time he went to the Grandmist Lands. He was together with his senior brother, Jiang Hong, and at that time, he was a mere God King Realm expert. Right now, he was already an Emperor Realm expert.

After two hours, the Netherking Flying Ship crossed the Darkness Galaxy and appeared in the space above the Desolate World.

Initially, the Dragon Shark Flying Ship had taken half a month to cross the galaxy. The Netherking Flying Ship took a mere two hours.

When they arrived in the space above the Desolate World, Huang Xiaolong decided to bring everyone to the land of inheritance of the Black Dragon Clan.

Ever since he had obtained the three Black Dragon Treasures from their land of inheritance, Huang Xiaolong had developed some feelings for the World.

After they took a tour around the world surface, Huang Xiaolong and the others finally left for the Grandmist Galaxy.

Looking at the resplendent galaxy before them, everyone in the Huang Family gasped in shock. Their reactions were the same as when Huang Xiaolong had first visited the Grandmist Lands.

“This is the Grandmist Galaxy.” Huang Xiaolong explained. “The Grandmist Galaxy used to be like the Darkness Galaxy, filled with nothing but frigid qi. After billions of years of effort by my master, he managed to reshape the entire galaxy.”

“Billions of years!” Shi Xiaofei, Huang Peng, Su Yan, and the others gasped in shock.

“Those are Starfall Stones. My master used a lot of effort to gather them from many different worlds. There are a total of one million Starfall stones and every single one has been inscribed with grandmist formations. Even a peak late-Tenth Order Emperor Realm expert would be blown to nothingness if he tried to barge into the Grandmist Galaxy.” Huang Xiaolong pointed at one of the Starfall Stones located in the space outside the flying ship.

Huang Xiaolong’s explanation and introduction drew the attention of everyone on the flying ship. Half an hour passed before they knew it and a brilliant continent appeared in the space before them.

Looking at the fantastic and well thought out decorations on the continent and the spirit fruits that exuded a mesmerizing radiance, everyone felt their jaws dropping to the ground. There were countless spirit beasts running about and tons of chaos crystals lying about on the continent.

Huang Xiaolong chuckled, “Let’s head inside. We are almost at the Grandmist Lands.”

Huang Xiaolong kept the Netherking Flying Ship and flew towards the Grandmist Lands with the others in tow.

When they arrived, everyone could feel the astonishing concentration of spirit qi in the air. It was as though they had walked into a holy land they could only dream of.

A yellow shadow flew towards Huang Xiaolong, and everyone was stunned at its sudden appearance. Despite its sudden appearance, Huang Xiaolong laughed, “Little bear, long time no see!”

The yellow figure was precisely the Earth Bear Huang Xiaolong had saved in the past. In order to save it from Grand Elder Wu Tian from the Grandmist Emperor Palace, Huang Xiaolong had met with all sorts of trouble.

“Big brother, are you here to look for the grandpa or me?!” The little bear stared at Huang Xiaolong with shining eyes.

“I’m here to look for both of you.” He reached out to stroke the little bear’s soft fur. He could feel that the little bear’s strength had improved tremendously after more than a hundred years of cultivation in the Grandmist Lands. After the nourishment from the spirit qi in the Grandmist Lands, the little bear looked even more adorable than before.

When everyone saw the cute little bear in Huang Xiaolong’s arms, they couldn’t help but feel their hearts melting. Shi Xiaofei, Peng Xiao, and the other ladies rushed up to Huang Xiaolong, and they reached out to play with the little bear.

“Big brother, are they all your women?!” The little bear asked with an innocent expression on its face. “They are so pretty!”

Shi Xiaofei, Fang Xuanxuan, and Peng Xiao felt their faces flushing red. It was mostly so for Peng Xiao and Fang Xuanxuan.

Cold sweat formed on Huang Xiaolong’s forehead.

Before long, a group of people flew towards Huang Xiaolong’s group.

The playful look on Huang Xiaolong’s face changed as he turned to look at the others. “Master is here. Let’s head on over to greet Master.”

The man in the lead of the incoming group was an old man who looked to be in his seventies. His eyes shone like stars, and there was a short stubble on his face. It was precisely the King of Grandmist himself.

When everyone heard that the King of Grandmist was about to arrive, they didn't dare to dally as they flew behind Huang Xiaolong.

Chapter 1957: King of Shadows

"Master...," Huang Xiaolong greeted.

A smile appeared on the King of Grandmist's face, and he nodded his head in acknowledgment. "You're back."

In fact, he had known that Huang Xiaolong had returned the moment they had stepped into the Grandmist Galaxy.

When they arrived before the King of Grandmist, Huang Xiaolong introduced everyone to his master. Huang Peng, Su Yan, Shi Xiaofei, Fang Xuanxuan, Peng Xiao, and the others got to their knees to greet the old man.

However, the King of Grandmist waved his hand and pulled everyone to their feet.

He turned to look at Huang Peng and Su Yan before laughing, "You're Xiaolong's parents. I'm his master. We belong to the same generation, so there is no need for you to greet me!"

Huang Peng and Su Yan felt their bodies shaking when they heard what he said.

The King of Grandmist was the master of the Grandmist Emperor! Even if Heavenly Emperor Di Jun were to see the King of Grandmist, he would need to pay his respects as a junior! They felt that Heavenly Gods like them couldn't accept the King of Grandmist's favor!

Huang Peng and Su Yan turned to stare at Huang Xiaolong. However, he nodded his head and laughed. "Let's do as master says."

Before long, the King of Grandmist brought everyone to the main palace, and laughter echoed through the air as they made their way there. When they saw how easygoing the King of Grandmist was, Shi Xiaofei and the other ladies heaved a sigh of relief.

“Master, how’s the little cow doing?” Huang Xiaolong asked.

“She’s still in the Grandmist Pool. Her soul has suffered from serious injuries, so she wasn’t able to return to her peak state in a short amount of time. But looking at her current speed of her recovery, she’ll be able to return to her peak state soon.”

Huang Xiaolong nodded his head.

Huang Xiaolong started to inquire about Li Lu and Yao Chi. Ever since they had swallowed the Grandmist Fruit, they had been refining it non-stop. Even though the King of Grandmist had laid down a formation to accelerate the time around the two ladies, it would take several hundred years before they would be able to completely refine the fruit.

When they arrived in the main palace, the King of Grandmist made arrangements for their lodgings before arranging people to bring them around.

The King of Grandmist brought Huang Xiaolong towards one of the courtyards in the palace.

“Master, I heard that Di Jun and Di Jing have managed to invite an expert. They might be making preparations to deal with you.” Huang Xiaolong paused for a moment before continuing, “Do you know the old monster’s origins?”

The King of Grandmist nodded his head. “I knew about that long ago. Actually, the old monster might be related to you.”

“Me?” Huang Xiaolong was shocked.

“The old monster is called the King of Shadows. In the past, he challenged your master, the King of Hell, for the position. When he lost, he disappeared from the world. I never expected Di Jun to be able to

invite him out of seclusion.” The King of Grandmist sighed. “I can’t estimate his strength right now. He hasn’t made a move for the past ten million years. In the past, he wasn’t my opponent. If nothing unexpected has happened, he shouldn’t be my match.”

Huang Xiaolong finally relaxed after hearing the King of Grandmist’s assurance.

After thinking about it, Huang Xiaolong pulled an item out, and a blinding light filled the courtyard.

When the King of Grandmist saw the item in Huang Xiaolong’s hand, his jaws dropped. “This... Three Lives Flower?!”

Even though the King of Grandmist had seen his fair share of treasures and priceless spiritual herbs, his heart shook when he saw the Three Lives Flower in Huang Xiaolong’s hand. When the Buddhist Ancestor from the Buddha World had obtained one of those in the past, he had never heard of a second one appearing in the world.

Huang Xiaolong nodded his head. “I managed to grab this in the Nine Yin Corpse Tribe. I had always been reluctant to refine it. Master, you should refine this Three Lives Flower.”

The King of Grandmist stared at the flower in shock. However, he shook his head eventually. “The Three Lives Flower is a treasure of nature. Even if I refine one of them now, I’ll only be able to increase my strength by a little. I won’t be able to fully utilize the Three Lives Flower. In fact, it will be extremely useful for you. You have to hold on to it. When you arrive at the peak of the late-Tenth Order Emperor Realm and decide to break into the Sovereign Realm, refine it. You will definitely be able to break through.”

Huang Xiaolong was shocked. “The Three Lives Flower can increase my chances of breaking into the Sovereign Realm?”

“That’s right. In the past, the Buddhist Ancestor managed to break into the Sovereign Realm after refining the Three Lives Flower. The rumor about the Three Lives Flower doubling the chances of breakthrough started to spread because of him. Even though we can’t prove that we can be sure that the chances of breakthrough can be increased.” The King of Grandmist continued, “As for by how much the chances can be increased, it will probably depend on the individual.”

Huang Xiaolong celebrated in his heart. He rejoiced that he hadn't refined the Three Lives Flower in order to increase his strength when he was still in the Emperor Realm. Otherwise, he would really have wasted a heavenly treasure. It would be too late for regrets if that happened.

"Master, I've heard from the Dragon Bear Race's ancestor, Cang Mutian, that there is a high-level Sovereign Realm expert present in the great universe. Is it really so difficult to break through to a high-level Sovereign? What level are you at right now?" Huang Xiaolong was extremely curious, and he really wanted to know the answer.

The King of Grandmist sighed. "It's true. There is only a single person in the high-level Sovereign Realm. When you become a Sovereign, you will realize how hard it is to break through. Low-level Sovereigns will only be able to breakthrough once several billion years. As for mid-level Sovereigns, it will be difficult to enter the next order even after billions of years of accumulation...."

"I'm still pretty far away from the high-level Sovereign Realm. Right now, I'm at the peak of the early-Fifth Order Sovereign Realm. Shi Ming is at the peak of the early-Fourth Order, and Cang Mutian should be at the mid-Fourth Order Sovereign Realm. There is a chance he is already at the peak of the Fourth Order."

Huang Xiaolong widened his eyes in shock. Several billion years to break through?!

That was too...

The King of Grandmist continued, "When you arrive in the Sovereign Realm, you will realize that no spiritual pills or spiritual herbs will be able to help you. Other than godly treasures like the Three Lives Flower, nothing else will work. When you enter the First Order Sovereign Realm, you won't be able to enter the Second Order even if I gave you two strands of purple grandmist aura..."

Huang Xiaolong's eyes widened to the size of saucers.

"The only change when you arrive in the Sovereign Realm is the energy you can feel. You will be able to feel the origin energy between heaven and earth. When you become a Sovereign, the chaos energy in your body will slowly transform into origin energy." The King of Grandmist continued, "You will know when you get there."

“What about the Three Lives Flower and grandmist aura? Do they contain origin energy?” Huang Xiaolong’s heart shook as he asked.

The King of Grandmist nodded. “That’s right. Spiritual existences like these have been classified as origin treasures by Sovereign Realm cultivators. However, they are also split into different levels. Grandmist aura is a level one origin treasure while purple grandmist aura and the Three Lives Flower are level two origin treasures.”

Huang Xiaolong’s heart shook. Purple grandmist aura was only classified as a level two origin treasure! What about those at the third and fourth level?!

The King of Grandmist didn’t miss the changes on Huang Xiaolong’s face. He chuckled. “Even I haven’t seen origin treasures ranked at level three and above. Stop thinking too much about it.”

“Master, what about saint treasures?! I’ve heard the little cow say something about the existence of saint treasures!” Huang Xiaolong asked again.

“That’s just a myth. No one has ever seen a saint treasure.” The King of Grandmist shook his head.

“Who’s the expert at the high-level Sovereign Realm?” Huang Xiaolong tried his luck once again. “Chang Mutian didn’t tell me.”

“When you enter the Sovereign Realm, you will naturally learn about it.” The King of Grandmist spoke after a moment of silence.

Chapter 1958: Destroyed?!

Huang Xiaolong was stunned. He had never expected that even his master wouldn’t be willing to reveal the identity of the high-level Sovereign. It seemed as though the topic of the high-level Sovereign was taboo because even people like Cang Mutian and his master weren’t willing to talk about it.

“Actually, there was a rumor that went around. It was said that the senior only managed to break through because of a stroke of luck. He managed to obtain a mid-level origin herb...” The King of Grandmist explained after thinking about it for quite some time.

Huang Xiaolong cried out in shock.

“With your talent, it’s only a matter of time before you enter the high-level Sovereign Realm.” The King of Grandmist changed the topic and continued, “You are the most talented person I’ve seen... Even that lord won’t be able to compete with you in terms of talent. Don’t worry about breaking through. Everything will happen if you give it enough time.”

Seeing as his master wasn’t willing to speak more about the high-level Sovereign Realm expert, Huang Xiaolong didn’t push the topic. He said, “Master, how long do you think it will take me to enter the Sovereign Realm?”

The King of Grandmist shook his head and chided, “With your monstrous cultivation speed, it’s no use for me to guess, not to mention your heaven-defying luck. No one will be able to guess when you will enter the Sovereign Realm. If you enter seclusion, you will probably break into the Sovereign Realm after several million years. There’s a chance for you to enter the high-level Sovereign Realm after a hundred million years. If your heaven-defying lucky streak continues, you might just pick up an origin treasure along the way. There’s a chance for you to enter the Sovereign Realm after several ten thousand years.”

The difference between several million years and several ten thousand years was huge!

Of course, everything depended on luck.

One could even say that without luck, no matter how talented one was, cultivation would be a long and tedious process.

For the King of Grandmist to arrive at his current level, there had to be a certain amount of luck involved. However, he felt that comparing his luck to Huang Xiaolong’s was like comparing a firefly to a moon.

Even before Huang Xiaolong touched upon the Emperor Realm, he had already refined several purple grandmist aura strands. There was also the Three Lives Flower and the other three devil steles. To top it all off, there was also the other half of the Radiance Ancestor's inheritance.

Even the King of Grandmist couldn't help but become envious of his disciple's luck.

When Huang Xiaolong looked at the envious gaze in his master's eyes, he felt a little embarrassed, and a giggle escaped his lips. He quickly switched the topic to talk about the happenings in the Radiance World.

"When you head over to the Radiance World, be careful of Dun Ei. His schemes run deep. He is Lan Zhi's senior brother, and there is no way he will allow you to grab the other half of the inheritance." A sincere warning came from the King of Grandmist.

"Yes, master." Huang Xiaolong nodded his head.

It was too bad Huang Xiaolong didn't care about Dun Ei at all. In front of absolute strength, schemes were nothing!

The King of Grandmist was no fool. Seeing as Huang Xiaolong had thrown his warning to the back of his mind, he reminded, "Even though Dun Ei isn't recognized by the origin energy of the Radiance World, he is still the leader of the Radiance World in the name. There are tons of popes and pontiffs under him. He controls half the strength of the Radiance World. It will do you good to prepare yourself."

Huang Xiaolong nodded his head.

In the past few days, he had already gained an insight into the power Dun Ei held in the Radiance World.

Dun Ei controlled half the strength of the Radiance World, and the other half lay in the hands of the commander of the Radiance Knight Corp, Elan.

The Devil World had the Heavenless Devil Legion, and the Radiance World had the Radiance Knight Corp. The Radiance Ancestor had formed them in the past, and they had the same system as the

Heavenless Devil Army. In the Devil World, the Heavenless Devil Legion would only swear allegiance to the party who managed to gather all six devil steles.

The Radiance Knight Corp was the same. Huang Xiaolong would only be able to obtain the Radiance Knight Corp's power after he accepted the other half of the inheritance.

Huang Xiaolong went on to talk about the King of Shadows and other topics with his master.

He was stunned to learn that the King of Shadows was the younger brother of his other master, the King of Hell!

They were related by blood!

The truth exceeded Huang Xiaolong's expectations.

"Their relationship was great, but they messed it all up because of a woman." The King of Grandmist shook his head and sighed. "The King of Shadows left Hell and slaughtered billions of experts because of the devil art he was cultivating. The little brat, the Ancient Heavenly Emperor, led an army of several hundred world leaders to hunt him down in the past."

Huang Xiaolong felt cold sweat dripping off his forehead. Everything happened because of a woman!

"Won't that mean that the King of Shadows is dead?" Huang Xiaolong frowned.

The King of Grandmist continued. "That's hard to say. He received a massive hit from the Ancient Heavenly Court, and his body exploded. No one could say for sure if his soul was exterminated. Some said that his soul had dissipated, but others claim that his soul managed to escape."

Huang Xiaolong's heart skipped a beat.

Since even someone like his master wasn't sure, there was definitely a chance that the King of Shadows was still alive.

“Who is the woman they were fighting over?” Huang Xiaolong thought of a serious question, and he became inquisitive. The woman who could cause the two brothers to turn against each other shouldn’t be a nameless character.

After several moments of silence, the King of Grandmist finally replied. “She’s the sister of the lord...”

Huang Xiaolong’s jaws dropped. “She’s the sister of the high-level Sovereign?!”

The King of Grandmist nodded. “That’s right!” However, he paused for a moment before continuing, “She’s extremely pretty. She was even ranked as the top beauty in the myriad of worlds. In the past, there were many experts whose hearts were taken by her. Not just your master, the King of Hell, but even the Ancient Heavenly Emperor and Buddhist Ancestor were moved by her beauty!”

An exaggerated expression appeared on Huang Xiaolong’s face. “How can that old monk fall in love?!”

The King of Grandmist coughed lightly, “Ahem... He’s a man too.”

That was a universal truth. As long as they were men, they would fall in love with her.

Huang Xiaolong felt beads of cold sweat dripping off his forehead.

Huang Xiaolong remained on the Grandmist Lands for ten days. In these ten days, he accompanied Shi Xiaofei and his family members. Other than that, he would look for his master for a chat. Since he had already broken through into the Emperor Realm, the King of Grandmist revealed tons of secrets about the myriad of worlds to him.

After ten days, Huang Xiaolong boarded the Netherking Flying Ship and departed under the concerned gaze of everyone present. He left for the Radiance World.

After ordering the four odd beasts and radiance angels to control the ship, Huang Xiaolong returned to the secret room to cultivate. He swallowed tons of peak-grade grandmist spiritual pills.

With the Netherking Flying Ship's speed, they arrived in the Radiance World in two short months.

As soon as they arrived, Huang Xiaolong felt the dense radiance energy lingering all around the divine world.

Since the Netherking Flying Ship emitted dense dark energy, the anomaly was noticed almost instantly by the Radiance World's members. He quickly kept away the Netherking Flying Ship and flew towards one of the massive world surfaces located in the Radiance World.

While Huang Xiaolong entered the Radiance World, Dun Ei stared at the Heavenly Hall hovering in the air above the Sea of Radiance. His expression was extremely ugly. In the past month, he had used all sorts of methods but had failed to open the entrance of the Heavenly Hall. There was no need to mention the other half of the inheritance as they hadn't even seen the interior of the hall!

"Senior Brother, what do we do now?" Lan Zhi exclaimed in anger. "Even if we fail, we cannot allow Huang Xiaolong to obtain this! Why don't we destroy the Heavenly Hall?"

Chapter 1959: Dun Ei Rages

"Destroy it?!" A frown formed on Dun Ei's face. That was the other half of the Radiance Ancestor's inheritance they were talking about! Even though there was only half of it, it was enough to allow him to enter the Sovereign Realm!

If he lost this chance, he would need god-knew how many years before he found an opportunity to break through?

He wasn't willing to destroy the inheritance at all!

Dun Ei flew towards the entrance of the Heavenly Hall, and he pressed his hands against it. He tried ways and means to open the entrance, but it still remained shut after a day.

The expression on Dun Ei's face was ugly to the extreme.

“Senior brother, I received news that Huang Xiaolong has already left the Fortune Emperor Palace. I’m afraid he’s coming to the Radiance World as we speak. If we don’t destroy the Heavenly Hall, it’s going to be too late!”

“Fine! Destroy it!” A sinister light flashed through Dun Ei’s eyes as he gritted his teeth to relay his order. Since he couldn’t obtain it, he wouldn’t allow Huang Xiaolong to receive the inheritance.

After being the Radiance World’s leader for such a long time, he was not a merciful character. Since he couldn’t obtain it, no one would! Destroying the inheritance was better than allowing Huang Xiaolong to obtain it!

If Huang Xiaolong managed to obtain the Radiance Ancestor’s complete inheritance, things wouldn’t end well for them.

“Everyone, use your full strength! We shall destroy the Heavenly Hall!” Dun Ei turned to the pontiffs and instructed.

“We hear Your Majesty’s order!” In an instant, all of them moved as one, and radiance energy filled the heaven and earth. With them in the center, a circle with a radius of several billion miles lit up with radiance energy.

BOOM!

The heavens and earth shook.

Massive waves rose in the sea below, and it seemed as though the entire area was flipped over. Islands scattered around the radius of the explosion crumbled and submerged under the gigantic waves.

As for the massive island that they were on, nothing remained other than the Array of Origin.

After a short while, the light disappeared.

“This... How is this possible?!” One of the pontiffs cried out in shock.

They saw a completely intact Heavenly Hall hovering in the air in front of them, and it seemed to be completely undamaged! Even after taking on a hundred pontiffs’ combined might, it emitted a pure and holy radiance.

They couldn’t even chip its walls!

Even Dun Ei and Lan Zhi stared at the scene in front of them in shock. Their eyes widened, and a look of disbelief appeared on their faces.

With the combined strength of a hundred pontiffs at the Tenth Order Emperor Realm, even an ordinary Sovereign Realm expert would suffer some injuries!

So what if the Heavenly Hall was a top-grade grandmist artifact?! It shouldn’t be able to take on the attacks of a hundred pontiffs without suffering some sort of damage!

That was also the belief Lan Zhi had when he had suggested destroying the Heavenly Hall.

“Use your divine artifacts!” Dun Ei’s face sank, and he ordered once again.

He refused to believe that they couldn’t destroy a mere Heavenly Hall.

In an instant, all one hundred pontiffs called out their weapons as they started to bombard the Heavenly Hall.

Buzz!

When their attacks landed on the Heavenly Hall, a blinding radiance shot out in all directions. Divine runes started to move about on the body of the structure.

When the attacks landed on the runes, they slid right off.

“This is...!” Everyone stared at the Heavenly Hall in shock.

By this time, Dun Ei’s expression was darker than the bottom of the well.

There was no need to think about it. They were definitely facing the defensive restrictions set by the Radiance Ancestor. There was no other explanation that a hundred pontiffs were unable to scratch a mere grandmist artifact.

It was too bad Dun Ei’s ambition didn’t die there. He retrieved his Divine Radiance Staff and had a go at it.

The Divine Radiance Staff was crafted using the purest radiance divine metal in the Radiance World. He had used several hundred million years to craft it, and even though it wasn’t a peak-grade grandmist artifact, it was infinitely close to one. It was a top-grade grandmist spiritual artifact.

Raising the staff, he flew towards the top of the Heavenly Hall. According to his experience, the top of the Heavenly Hall was its weak point.

“Lay down the Ardent Sun Formation! Send me all your radiance energy!” Dun Ei ordered.

In an instant, all the experts he had brought with him, including Lan Zhi, flew over to him. They formed a circle with him in the center and raised their hands. As they formed radiance runes, they fused to form a massive river of light. Radiance energy poured into Dun Ei’s body.

Dun Ei became like a massive sun that emitted endless radiance energy.

“Divine Radiance Light God! Endless Explosion!” After gathering everyone’s radiance energy, Dun Ei screamed and slammed his staff towards the peak of the Heavenly Hall.

When he slammed his staff into the peak of the Heavenly Hall, streams of radiance energy burst out from the staff and turned into a massive phantom. The staff smashed down with earth crushing might.

BANG!

The Heavenly Hall started to shake as it emitted rays of brilliant light.

It was too bad he only managed to cause the light to falter for a second. The Heavenly Hall returned to its original state.

Once again, the expressions of everyone present sank.

Even that didn't work!

All of a sudden, the one hundred Radiance Divine Stones dulled, and the formation disappeared. The Heavenly Hall that was hovering in the air disappeared.

It sank to the bottom of the sea, disappearing from their eyes.

Everyone was stunned. They realized that the Divine Radiance Stone had exhausted their power, and without the support of the Array of Origin, the Heavenly Hall could only return to the bottom of the sea.

Dun Ei didn't hesitate. His body flashed as he arrived at the bottom of the Sea of Radiance, but no matter how hard he tried, he failed to locate the Heavenly Hall.

"D*mn it!" Dun Ei raged the instant he returned to the surface.

He knew that the Heavenly Hall was hidden somewhere in the folds of space, and they would only be able to summon it with the might of the Radiance Divine Stones. He had obtained those one hundred stones after immense efforts. If he wanted to find another one hundred Radiance Divine Stone, it would take him several years.

Several years!

By that time, even the cows would have gone home.

“Senior brother, since we can’t destroy the Heavenly Hall, we can still destroy the Array of Origin!”

Dun Ei’s eyes lit up. As long as he destroyed the formation, there would be no way for Huang Xiaolong to obtain the inheritance.

The only problem was that no matter how hard they tried, they failed to scratch the Array of Origin as well!

“Lay down the Formation of Light and Darkness! Seal the Array of Origin!” With no other choice, Dun Ei passed down his order.

.....

After a month, Huang Xiaolong appeared in the space above the Sea of Radiance.

When he saw the boundless sea in front of him, a wave of relief swept past Huang Xiaolong’s heart. In the past month, he had rushed without rest towards the Sea of Radiance.

After stopping for a second, he flew into the skies above the sea.

Under the brilliant sunlight, the sea’s surface reflected off warm rays of light, and they gave Huang Xiaolong a sense of comfort.

However, he soon realized that there were disciples from different sects everywhere.

After asking around, Huang Xiaolong learned that some sort of light covered the sea, and it looked as though a treasure was about to be born. Rumors started to spread, and countless experts were rushing towards the Sea of Radiance.

Chapter 1960: Ten Winged Pegasus

A weird light flashed through Huang Xiaolong's eyes.

The birth of a treasure?

Who gave out the news? Was it Dun Ei? Or was it Lan Zhi?

Huang Xiaolong laughed coldly to himself. Were they really trying to stop him by doing something like that?

Circulating the Heavenly Hall's power in his body, Huang Xiaolong searched for the other half's location.

Despite having one half of the Heavenly Hall, it would have been challenging if Huang Xiaolong had to look through the boundless Radiance Divine World to locate the other half of the inheritance. Luckily for him, Dun Ei had narrowed down the scope to the Sea of Radiance.

Huang Xiaolong really wanted to thank Dun Ei for his 'kind gesture.'

Perhaps because too many experts had run all the way to the Sea of Radiance to search for treasures, Huang Xiaolong didn't run into a single radiance beast while roaming about the Sea.

After an hour of searching, just as Huang Xiaolong passed by a desolate island, a brilliant ray of bright light shot into the sky and charged towards him.

Turning his head, Huang Xiaolong noticed a radiance beast with the head of an iron eagle. It flew towards him, but it was a pity it only possessed the strength of an Ancestor God.

Huang Xiaolong didn't even bother moving his hands. He activated his Emperor's will and turned the radiance beast into dust.

Without stopping for a single moment, Huang Xiaolong continued his advance.

The deeper he reached into the Sea of Radiance, the number of radiance beasts he ran into increased. They were getting stronger and stronger. Initially, he only met beasts at the Ancient God or Ancestor God Realm. The deeper he went, the mid-level Ancestor Gods slowly appeared. Their strength increased, and eventually, God King Realm beasts appeared.

Four days later, Huang Xiaolong was attacked by a Sixth Order God King Realm beast.

Right after he killed the beast with his Emperor's will and continued heading forward, a surprised cry sounded out in a distant place.

Applause soon broke out.

"Amazing strength!" A shocked cry came out of the mouth of someone in the approaching group.

Huang Xiaolong turned around, and he saw a group of people wearing radiance battle armor approaching him. There were nearly two hundred of them, and none of them were weak. There were several high-level God King Realm experts and some low-level Heavenly Monarchs among them.

The person leading them was a young man with a headful of dark blue hair. There was an insignia of a knight on his chest.

When Huang Xiaolong looked at the insignia on his chest, he knew that the young man was someone from the Radiance Knight Corp. He was at the peak of the early-First Order Heavenly Monarch Realm, but he wasn't the strongest person present in the group. Despite that, he was the leader of the group.

Huang Xiaolong ignored them and continued flying forward.

When they saw that Huang Xiaolong was ignoring all of them, one of them screamed, "Hold it!" His figure flashed and appeared before Huang Xiaolong, blocking his way.

Huang Xiaolong's eyes narrowed by a single millimeter.

Before he could say anything, the dark blue-haired youngster waved his hand to chase away the person blocking Huang Xiaolong's way.

He personally brought the group over to Huang Xiaolong and chuckled, "I am a captain of the Radiance Knight Corp, Lu Feng. I have no other intentions. Are you also here to search for the treasure? There are too many beasts in the Sea of Radiance, and it will be dangerous for you to go alone. I would like to extend an invitation for you to join our group. After all, it would be easier to move about with others."

"I'm not interested." Huang Xiaolong rejected him without hesitation.

Lu Feng stared at Huang Xiaolong in shock.

After he spoke, Huang Xiaolong didn't bother waiting. He flew across the air and left.

"Young master, that brat doesn't know what's good for him. After learning about your identity as a captain in the Radiance Knight Corp, he still rejected your invitation!" The man, who had blocked Huang Xiaolong's way previously, snorted.

He was at the mid-Third Order Heavenly Monarch Realm, and he was one of the strongest ones in the group.

Lu Feng laughed, and he didn't care about Huang Xiaolong's rejection in the slightest. "If he dares to reject my invitation, he definitely has someone to rely on. He's pretty strong. He should be cultivating some sort of soul skill. To be able to kill a Sixth Order God King Realm beast, that's something even Tenth Order God Kings will find hard to do."

The mid-Third Order Heavenly Monarch continued, “Even so, he should be at the Second Order Heavenly Monarch Realm. With the young master’s identity, even high-level Heavenly Monarchs have to bow down to you! If not for young master’s interference, I would have taught that kid a lesson!”

Lu Feng’s transmissions symbol shook, and the moment he took it out, a look of joy appeared on his face.

“Young master, this is...?” The mid-Third Order Heavenly Monarch asked.

“Someone made a report! A ten-winged pegasus has appeared!”

“What?! Ten-winged pegasus?!”

A Pegasus was the strongest creature in the Radiance Divine World. It was almost impossible to see one, let alone one with ten wings.

A ten-winged pegasus was something even the pontiffs would fight over to obtain!

“It’s pretty strong. It should be in the Second Order Emperor Realm or above.” Lu Feng said. “I have to contact my father immediately!”

His father was Lu Zhaoming, and he was a bishop in the Radiance Knight Corp. He was a late-Third Order Emperor.

The highest-ranked individual in the Radiance Knight Corp was Elan, and there were several archbishops under him. Bishops ranked lower than that.

As a bishop in the Radiance Knight Corp, he would be able to command a million radiance knights.

A knight in the Radiance Knight Corp wasn’t someone that ordinary disciples in the top hundred Emperor Palaces could compare to. Every single one of them passed through countless trials and tests.

Only then would they be accepted into the corp. Moreover, only high-level God Kings would be accepted into the army.

One could imagine the might of a million radiance knights!

This time, Lu Feng had come to the Sea of Radiance with his father. Lu Zhaoming could rush towards Lu Feng whenever he received the signal.

Lu Feng hastily sent a message to his father.

By then, Huang Xiaolong had already left, and he charged towards the south. According to his sixth sense, the second half of the inheritance was located in the southern area of the Sea of Radiance.

Several hours passed, and Huang Xiaolong continued to fly forward. All of a sudden, shocking fluctuations slammed into him, and Huang Xiaolong raised his head in shock. He saw a creature in pure white soaring into the sky. Looking closer, he noticed that it was a white horse with an adorable horn growing out from its forehead. Five pairs of wings hung on its back.

“Pegasus?” Huang Xiaolong was stunned.

There were also ten wings on its back.

Even though it wasn't as precious as the Scarlet Flame Dark Qilin he had bought in Hell, it wasn't too far off.

The ten-winged pegasus was extremely quick, and it quickly flew away from its previous position. A group of experts chased behind it, and if there weren't ten thousand of them, there were definitely eight thousand. It was a sight to behold.

The ten-winged pegasus soon arrived before Huang Xiaolong.
