

Conqueror 1991

Chapter 1991: Rotting World

The Reverence Moon Old Man turned around and entered the Boundary Ancestral Mountain. As the restrictions around the mountain flashed, the Reverence Moon Old Man slipped through the barrier.

Huang Xiaolong and the young master of the Dragon World, Ao Ping, felt their jaws dropping in shock. When others attempted to barge into the Boundary Ancestral Mountain, they were sent flying by the restrictions around the mountain. However, nothing happened to the Reverence Moon Old Man!

“Brat, why are you standing there? Hurry up and come in!” The Reverence Moon Old Man pestered when he saw that Huang Xiaolong was standing rooted to his spot.

Huang Xiaolong snapped back to attention and hastily ran into the mountain range. Since he had already revived the spirit of the fourteen winged angel’s soul, the restrictions around the mountain wouldn’t be able to stop him. Huang Xiaolong could enter and leave as he pleased.

After entering the Boundary Ancestral Mountain with the Reverence Moon Old Man, the old man brought Huang Xiaolong to a palace on the mountain’s peak. A look of regret appeared on the old man’s face when he stood before the palace entrance. “In the blink of an eye, several hundreds of millions of years have passed... This old man is still alive and kicking, but you’re no longer here.”

He thought about the time when he had established the Reverence Moon Library alongside the Radiance Ancestor.

Huang Xiaolong stood at the side as he didn’t speak a word.

The old man only started walking into the palace after a full minute. When he entered, he saw the bare interior and chided, “Little brat, you really know how to sweep away treasures...”

Huang Xiaolong could only chuckle in response, “Ahem... since they were there collecting dust, there was no point leaving them there.”

The Reverence Moon Old Man roared with laughter. "Little brat, you really know what to say!" He walked over to one of the planets and sat down on a mountain peak along with Huang Xiaolong.

"You really resemble Ke Shun..." The Reverence Moon Old Man spoke all of a sudden.

Huang Xiaolong was stunned for a second. Ke Shun? Wasn't the old man talking about the Radiance Ancestor? Was the Radiance Ancestor's name Ke Shun?

"In the past, the Ancient Heavenly Emperor and the Buddhist Ancestor had joined hands and fought against Ke Shun. I was in the Rotting World then, and I was held up by something. I failed to return immediately." After the Reverence Moon Old Man recalled the past, a look of suffering flashed through his eyes. "If not for me insisting on barging into the Rotting World, I could have fought alongside Ke Shun! Nothing would have happened to him..."

Huang Xiaolong fell into silence for a moment before comforting the old man. "Senior Reverence Moon, there is no need to blame yourself. It isn't your fault."

The Reverence Moon Old Man shook his head, and a pained look appeared on his face. "I have been blaming myself my whole life. I owe your master too much... After returning from the Rotting world and receiving the news, I went to look for the Ancient Heavenly Emperor in a fit of rage."

He had long realized that Huang Xiaolong was the Radiance Ancestor's successor, and that would mean that Huang Xiaolong was the Radiance Ancestor's disciple. That was also why the Reverence Moon Old Man had made a move against Bai Hui, Bin Ge, and the others.

Huang Xiaolong felt his chest tighten. "What happened next?"

"After that, I beat the Ancient Heavenly Emperor up so much that his mother wouldn't recognize him." The old man smiled, and his pearly white teeth shined as a childish expression appeared on his face.

Cold sweat dripped down Huang Xiaolong's forehead.

He was really too awesome! Didn't his master, the King of Grandmist, say that the Ancient Heavenly Emperor ranked in the top ten superpowers in the myriad of worlds?

What about the Reverence Moon Old Man?

"It's too bad the Ancient Heavenly Emperor had the top-grade grandmist artifact, the Ancient Heavenly Court, to assist him. I wasn't able to kill him." A look of regret appeared on his face as he continued, "When the Buddhist Ancestor learned that I beat up the Ancient Heavenly Emperor to the point where no one would recognize him, he ran away to the Godly Mt. Xumi. He hid in it like a turtle. After standing outside the Godly Mt. Xumi for a hundred million years, I decided to leave."

Huang Xiaolong stared at the old man in shock.

He could have never expected there to be such juicy news.

"After that, I came back to the Reverence Moon Academy before entering seclusion. All these years, I remained in the Rotting World. In order to vent out the frustration in my heart, I killed rotting corpses day and night!"

"Rotting World?" Huang Xiaolong felt a little curious.

The Reverence Moon Old Man explained, "The Rotting World is just one of the countless worlds that exist. There is a space tunnel that leads directly into it. Even though the Rotting World isn't part of the five Greater Worlds, it can be classified as the most dangerous and mysterious world. Rotting corpses have formed countless mysterious and weird races. They are extremely terrifying...! In the past, I had learned of the birth of an unparalleled treasure in the depths of the Rotting World. Due to which I had barged into its depths. After that..."

The Reverence Moon Old Man sank into silence. What came after was naturally the events that played out in the Radiance World.

"It's the most dangerous and most mysterious world!" Huang Xiaolong gasped in shock.

The old man glanced at Huang Xiaolong from the corner of his eye and chuckled. “What? Are you planning on going in there to take a look? You’re too weak right now. Wait till you break through to the Sovereign Realm. We’ll work together and wreak havoc in their Corpse Pool.”

Seemingly afraid that Huang Xiaolong would misunderstand, he explained, “The Corpse Pool is the most dangerous place in the Rotting World. It’s also where their absolute treasure is located. If you're lucky, you might be able to pick up a third-level origin treasure.”

Huang Xiaolong sucked in a cold breath. There’s a third-level origin treasure in the Corpse Pool of the Rotting World!

Since the Reverence Moon Old Man could tell him about it, there was no need to doubt the authenticity of the news.

Before long...

The Reverence Moon Old Man chatted with Huang Xiaolong. Since Huang Xiaolong was the inheritor of the Radiance Ancestor’s legacy, a doting smile hung on the old man’s face. If Bai Hui and the others could see the expression on the old man’s face, their jaws would drop to the ground. They had never seen the old man smile at them before.

When Huang Xiaolong was chatting with the Reverence Moon Old Man, the news of the old man’s reappearance shook the Reverence Moon Divine City. The news of how he had smashed the faces of Bai Hui, Bin Ge, Bai Luo, and Ban Ke spread like wildfire.

As soon as the news went out, the city started to shake.

“What?! The Reverence Moon Old Man has left seclusion?! He even beat the four deputy deans’ teeth out?! How can something so ridiculous happen?!”

“It’s true! The young master of the Dragon World, Ao Ping, saw it for himself! Ao Li, who had been studying in the imperial courtyard, managed to gain enlightenment and revive the soul of the fourteen winged angel! He entered the Boundary Ancestral Mountain and managed to obtain the treasury left

behind by the Radiance World's ancestor! The four deputy deans disregarded everything and tried to snatch it away from him! In the end, Senior Reverence Moon appeared and smashed their faces in!"

"What?! The Radiance Ancestor's treasures?!" Ao Li actually managed to obtain it?!"

In an instant, countless experts in the Reverence Moon Divine City broke out into fervent discussions.

As the battle arena set up by Dun Hao still existed, the experts who had come to Reverence Moon Divine City hadn't yet left. All of them felt their hearts pounding when they heard the news.

One of the reasons was the reemergence of the Reverence Moon Old Man, and the other was because of the Radiance Ancestor's treasure.

Just a single piece of news was enough to shake them to the core.

When the four deputy deans and Dun Hao returned to the Reverence Moon Hall, their expressions were too ugly to behold. It was mainly so for the four deputy deans. The killing intent in their eyes became so strong that it almost turned solid.

"Dun Hao," Bin Ge turned to Dun Hao and said, "When that Ao Li comes back to challenge you, I don't care what you do but use everything at your disposal to kill him! You have to trample on him! If you can't kill that Ao Li, you can't blame us for ignoring the relationship between master and disciple...."

Chapter 1992: 10 Moves Are Enough!

"Yes, master. Four Masters can rest at ease. I will definitely use everything I have to kill Ao Li on the stage!" Dun Hao hastily swore. However, he paused for a second before asking, "What about Dean Reverence Moon?" He could see that the old man was protective of Ao Li, and he treated Ao Li differently from everyone else.

Bin Ge growled, "The only reason the dean made a move was because we ignored the rules laid down by the Radiance Ancestor. He didn't do it to save Ao Li. Ao Li is merely a new face in the imperial courtyard.

How can someone like him get close to the dean? There is no need for you to worry. We will protect you from the dean's wrath if anything goes wrong."

Bai Luo continued, "Moreover, there is always a possibility of dying when competing. If he dies, no one will be able to blame you, not even the dean!"

"Yes, master!" Dun Hao respectfully acknowledged their orders, and he heaved a sigh of relief in his heart. It was true. The Reverence Moon Old Man had hidden away for several hundred million years. Even someone like him had never seen the old man before. How could someone who had barely enrolled in the imperial courtyard know the dean?

The suspicions in his heart disappeared as soon as he thought about that.

Bai Hui snorted. "When you challenge Ao Li, provoke him a little and start betting with him. Make him take the Radiance Ancestor's treasures out, and after you kill him, you will be able to obtain the Radiance Ancestor's treasures fair and square."

"Just calm your heart and do everything you need to do. As long as you manage to obtain the Radiance Ancestor's treasures, we will treat you well. You can have the Radiance Divine Tome from the sixteenth floor, and we will give you ten thousand bottles of the Angel Soul Jade Divine Pills!"

The complete Radiance Divine Tome until the sixteenth floor!

Ten thousand bottles of the Angel Soul Jade Divine Pills!

It could be said that the terms were extremely alluring for Dun Hao.

A look of joy appeared on his face as he agreed. "I thank the four masters!"

"Get yourself ready." Bai Hui said, "You made a bet with Ao Li to fight after half a year. It has already been five months. He should challenge you soon. Even though we are confident that you will win, you can't get overconfident. That Ao Li brat is extremely unusual..."

Dun Hao bowed in acknowledgment.

After that, the few of them managed to agree on several things that they would be doing during the battle.

A day passed...

Huang Xiaolong and the old man seemed to have forgotten the flow of time as they chatted through the night.

All the Reverence Moon Old Man spoke about was the proud adventures he went through with the Radiance Ancestor in the past. Everything he spoke of was things other people had no way of knowing. Huang Xiaolong indulged himself in the stories and found them extremely interesting.

Occasionally, the old man would ask Huang Xiaolong about the things that had happened while he was gone.

Huang Xiaolong told him everything he knew.

The old man heard about how Dun Hao had managed to obtain the Radiance Divine Seal. He also heard about how Dun Hao had obtained the support of the four deputy deans to work with the Nine Yin Corpse Giant Tribe and Chiyou Archdevil Ancestor to destroy the Radiance Knight Corp and kill Huang Xiaolong to take over the Radiance Divine World. A terrifying light flashed through the old man's eyes. "Don't worry. This old man here isn't dead yet. There is no way for those little sh*ts to jump about to do as they like."

He turned to Huang Xiaolong and continued, "Do you want me to help you kill Dun Hao right now?"

Huang Xiaolong swallowed a mouthful of saliva in shock. Cold sweat dripped off his forehead when he thought about what the old man just said. He knew that the Reverence Moon Old Man wasn't bragging. With his strength, it was nothing more than raising a finger if he wanted to eliminate Dun Hao.

“Many thanks to Senior Reverence Moon.” Huang Xiaolong thanked, but he continued, “In a year, I plan to bring an army to attack Radiance Divine City. If Senior Reverence Moon can assist me then, I will destroy Radiance Divine City and kill Dun Hao in one fell swoop!”

The Reverence Moon Old Man nodded. “Fine. When you gather an army to attack Radiance Divine City, this old man will make a move. We’ll f*ck them all up!”

“Many thanks to Senior Reverence Moon!” A smile appeared on Huang Xiaolong’s face as he thanked the old man.

Shaking his arm, the old man opened his mouth, “There’s no need to stand on ceremony with me. Taking into consideration my relationship with your teacher, this is nothing.”

“What about Bai Hui, Bin Ge, and the other deputy deans?”

“If they really dare to support Dun Hao, I will smash their faces in! I’ll beat them till all their teeth drop!”

Half a day later...

Huang Xiaolong emerged from the Boundary Ancestral Mountain.

After leaving behind several reminders, the old man stepped into the air and disappeared.

As soon as the Reverence Moon Old Man left, Ao Ping rushed towards Huang Xiaolong and asked. “Brother... that... are you alright?”

Huang Xiaolong laughed in response. “Do I not look fine to you?” However, his laughter stopped, and his chilly voice resounded through the air in the next instant. “I’m fine, but I know someone who won’t be.”

“Go. We’ll go to the battle stage arena in the Reverence Moon Divine City!”

Ao Ping stood there with a dumbfounded expression, and he realized that Huang Xiaolong was speaking about his challenge to Dun Hao. A brilliant smile appeared on his face, and he raised his head and yelled, "Right! To the arena we go!"

The two of them left the mountain and emerged from the imperial courtyard. They quickly arrived at the arena.

As soon as Huang Xiaolong and Ao Ping left the courtyard, news of Huang Xiaolong's challenge started to spread. In an instant, the eyes of all the experts gathered in Reverence Moon Divine City turned to the arena.

"Ao Li of the imperial courtyard challenged Dun Hao! This is going to be a sight to behold!"

"It might not be so. Even though Ao Li managed to gain enlightenment, that can only prove his heaven-defying talent. Strength is all that matters in the arena! Ao Li is a mere Second Order Emperor. He isn't Dun Hao's opponent!"

"That's right. If I was Ao Li, I would cultivate with all my heart with the resources in the Radiance Ancestor's treasures. It wouldn't be too late to challenge Dun Hao after increasing my strength! He's still too impulsive to challenge Dun Hao now..."

Along the way, discussions about the battle filled the air.

Qin Huangzhong from the Fengdu City and He Jingyi from the Misty Palace quickly ran over to the arena.

"It's too bad..." Qin Huangzhong shook his head and said, "I had planned on recruiting that Ao Li!" Qin Huangzhong felt that the result of the battle had already been decided.

"Young master, why don't we make a move and save Ao Li at the very last moment?" One of the ancestors asked.

Qin Huangzhong muttered, "If we make a move, we will be going against the rules. At that time, we will not only offend Dun Hao, but we will also offend the Reverence Moon Academy! It's not worth it to

offend so many people for a single Ao Li. Even if we save him, we might not be able to escape from the Radiance World. We'll let him fend for himself."

A day later, Huang Xiaolong and Ao Ping appeared on the battle stage arena. By the time they arrived, experts had long gathered around the arena and even a drop of water wouldn't be able to trickle through the mountain of people present. However, a path opened up as soon as they saw Huang Xiaolong.

Since Huang Xiaolong had already challenged Dun Hao, he was waiting in the arena for Huang Xiaolong's arrival for a long time.

Huang Xiaolong didn't bother wasting time as he made his way to the arena.

Before long, the two of them faced each other.

"You're finally here." After a minute Dun Hao opened his mouth to break the silence. "Didn't you make a bet with Ao Ping to defeat me in ten moves? Do you really think that you will be able to do it? If you regret now, you can still renege on your bet...."

"There is no need." Huang Xiaolong stared at Dun Hao as he said, "Ten moves are more than enough to defeat you!"

The crowd turned restless in an instant.

Chapter 1993: The First Move!

"Ao Li is acting too arrogant! How can a Second Order Emperor like him think about taking down Dun Hao?! Does he really think that he is undefeatable after securing his victory over Caley and Brennus?! I'm afraid he won't come close to beating Dun Hao, let alone defeating him in ten moves."

One of the supreme geniuses from the Fire World couldn't help but mock Huang Xiaolong.

“That’s right. He might not even be able to take ten attacks from the Son of Light, Dun Hao!” One of the pontiffs sneered.

“Ao Li, hurry up and get down here! A Second Order Emperor like you will get destroyed by the Son of Light Dun Hao, in less than five moves! Stop embarrassing yourself!”

“Get down here! Dun Hao’s Emperor’s will would flatten you without even giving you the slightest chance to fight back. Come down now, and you might still make it!”

Several experts around the arena started to clamor and laugh at Huang Xiaolong. In the end, many people went along with it, and jeers filled the arena.

Eventually, the situation got worse, and all of them started insulting Huang Xiaolong. They even went as far as to curse his ancestors!

Ao Ping’s expression sank.

Hearing all the jeers, Dun Hao waved his hand to stop them. Only then did the mockery stop.

“Since you are confident of defeating me in ten moves, do you dare to make a bet with me?” Dun Hao stared at Huang Xiaolong with an expectant gaze.

A smile slowly formed on Huang Xiaolong’s lips. “What are we betting?”

“During the battle, hands and legs have no eyes. If I kill you by accident, all the treasures on your body will belong to me, including everything in the Radiance Ancestor’s treasures!” Dun Hao declared.

Huang Xiaolong nearly laughed out loud. “In the end, you are still lusting over the Radiance Ancestor’s treasures...!” He paused for a moment before continuing, “Sure. If you kill me, you can have the treasures. Before we start the battle, what do you think you can put up as a wager? Are you planning to use that broken armor on your body as stakes against the Radiance Ancestor’s treasures?”

The experts who were gathered around the arena couldn't hold back their laughter.

Dun Hao's face sank. The armor on his body was a mid-grade grandmist spiritual artifact. Even though it wasn't bad, it was far too lacking in comparison to the Radiance Ancestor's treasures. In fact, when Huang Xiaolong described it as a 'broken armor,' it wasn't too far off if he wanted to use it as stakes to wager for the Radiance Ancestor's treasures.

With no other choice, he pulled out a spatial ring and snapped, "As long as you defeat me, you can have everything in this ring! Of course, if you kill me, you can have it too. You can take everything I have on me!"

There were countless low-grade chaos spirit stones in the spatial ring, and there were several dozens chaos spiritual veins. As for priceless medicinal herbs, there was no lack of them. One wouldn't be able to obtain a single one of those precious herbs even in auctions.

"Is that the Tailing Pill?! There are so many of them! There are probably several tens of thousands of them in that stash! After the Tailing Church was destroyed, no one has seen those pills!"

"Five Elements Spirit Pearl! The inheritance treasure of the Five Elements Church! That's a top-grade grandmist artifact! It has many miraculous uses if one brings it around!"

"Golden Essence Mushroom! It's a nineteenth rank Golden Essence Mushroom! A tenth rank Golden Essence Mushroom is considered a peerless treasure, but he managed to bring out the nineteenth rank Golden Essence Mushroom!"

Discussions broke out the moment the contents of the ring were revealed.

Huang Xiaolong nodded his head. It seems like Dun Hao has quite a lot of treasures. Even for someone like Huang Xiaolong, his heart shook when he saw the contents of the spatial ring.

For example, if Huang Xiaolong could refine the nineteenth rank Golden Essence Mushroom, he would be able to increase his strength. Even though it couldn't be compared to the grandmist aura's effects, it was good enough.

“How about that?” Dun Hao said to Huang Xiaolong. “There are many things in my spatial ring that you won’t be able to obtain with spirit stones.”

Huang Xiaolong shook his head. “You should know that there are more than a hundred thousand bottles of Angel Soul Jade Divine Pills among the Radiance Ancestor’s treasures. There is also the complete sixteen levels of Radiance Divine Tome. Just the pills alone are worth infinitely more than the treasures in your spatial ring.”

A frown appeared on Dun Hao’s face. “What else do you want?!” Despite the annoyance he was feeling, he knew that the treasures in his spatial ring were far from enough to be used as a bet for the Radiance Ancestor’s treasures.

“Add on your Radiance Divine Seal and the treasury of the Radiance Divine City!” Huang Xiaolong chuckled.

“What?! Ao Li doesn’t know the immensity of heaven and earth! Is he crazy?! How dare he ask for the Radiance Divine Seal and the Radiance Divine City’s treasury?!” One of the pontiffs exclaimed in surprise.

“Kill Ao Li! Your Highness, kill Ao Li for us!”

Several pontiffs raged at the side.

To them, Huang Xiaolong was going too far by setting his sights on the Radiance Divine Seal and the treasury of the Radiance Divine City.

As for Dun Hao, rage welled up in his heart. The Radiance Divine Spear appeared in his hand and he thrust it towards Huang Xiaolong without the slightest warning. He was so quick that no one in the audience reacted when he sent out the spear.

With his sudden attack, the spear appeared before Huang Xiaolong, aiming the space between his eyebrows. Ao Ping’s expression changed, but several pontiffs sneered at Huang Xiaolong’s misfortune. “Don’t tell me he is going to die from a single attack...”

It was too bad Huang Xiaolong was ready for his attack. Reaching out, he blocked the Divine Radiance Spear with his arm. As the Glaze Devil Stele's energy started to circulate in his body, a brilliant light emerged from his palm.

When the Divine Radiance Spear collided with Huang Xiaolong's palm, an ear-piercing screech cut through the air. It was as though the spear was scratching chaos essence steel as sparks were produced.

The laughter stopped in an instant, and everyone stared at the scene before them with their mouths agape.

"What?!"

"The Radiance Divine Spear in His Highness Dun Hao's hand is a mid-grade grandmist artifact!"

Huang Xiaolong managed to block a mid-grade grandmist artifact with his hand!

Everyone felt the blood draining from their faces. They had never expected 'Ao Li' to possess such terrifying might.

"I heard that Ao Li managed to block Caley's low-grade grandmist battle ax with his bare arms. When the news had spread, I didn't believe it! Now that he caught a mid-grade grandmist artifact with his bare hands, I have no choice but to believe it! That's too messed up!" One of the old ancestors behind Qin Huangzhong yelled in shock.

Ao Ping felt a trace of shock run through his heart. He muttered to himself, "God d*mn! I knew you were strong, but this is too disgusting!"

Dun Hao wasn't able to hide the shocked expression on his face. However, he retreated in an instant as he withdrew the spear he had thrust at Huang Xiaolong. He returned to the arena and acted as if he hadn't moved.

Huang Xiaolong didn't bother returning the attack. Instead, he stared at Dun Hao and said, "The first move."

The first move! Was that a warning or a reminder?!

The expression on Dun Hao's face sank.

"Alright! I had never expected you to be so strong!" Dun Hao growled in a low voice, "However, that was merely a warm-up. I hope that you will be able to defend against my next attack!" A long sword appeared in his arm after the words left his lips. As soon as the sword appeared, space seemed to shatter under the sword qi's pressure he was emitting.

Without even looking at Dun Hao's attack, everyone knew that the blade was peerlessly sharp.

"This... this is a high-grade grandmist artifact!" Everyone revealed a shocked expression the moment the sword appeared in Dun Hao's hand.

Chapter 1994: Two ?!

When Ao Ping realized the defensive capabilities of Huang Xiaolong's divine physique, he finally relaxed. However, he couldn't help but worry when Dun Hao brought out his high-grade grandmist artifact!

The might of a high-grade grandmist artifact was incomparable to a mid-grade grandmist artifact. It wasn't just twice as strong. To put it in context, it was more than twenty times stronger than a mid-grade grandmist artifact!

It could be said that even the divine physique of an expert at the Tenth Order Emperor Realm wouldn't be able to stop a high-grade grandmist artifact!

After retrieving the long sword, a sneer formed on Dun Hao's face. The light around his body started to flash as a Radiance Divine Armor appeared and covered his body. The instant the armor materialized, the glow around his body seemed to increase by multiple times.

Four divine spirits seemed to form around Dun Hao's Radiance Divine Armor.

The divine spirits looked like humans, but they were not humans. If one said that they looked like divine beasts, they wouldn't be wrong, but the divine spirits weren't exactly divine beasts either. They gave off a bone-chilling sensation, and there was a massive Eye of Radiance in the space between their eyebrows.

"This... Are they the four World Beasts from the Desolate Era?!"

"That's right! They were the four World Beasts who shook the world with their strength. However, they disappeared one fine day, and they were killed unexpectedly! Their killer even forced their soul into Dun Hao's Radiance Divine Armor!"

The experts from the various churches exclaimed in shock.

The four World Beasts shook the Radiance Divine World with their might during the Desolate Era. All of them were peak late-Tenth Order Emperor Realm experts. Moreover, they were born at the same time! Even a First Order Sovereign wouldn't be able to do anything to them if they worked together! Who would have thought that someone could have managed to kill them before forcing their souls into becoming the artifact spirit of the Radiance Divine Armor?

"This Radiance Divine Armor is a high-grade grandmist artifact! No... It has already surpassed many high-grade grandmist artifacts! With the Radiance Divine Armor, Dun Hao would be unkillable!" One of the old ancestors cried out in surprise.

Chaos broke out in the crowd as everyone started to discuss the origin of the divine armor.

When Ao Ping heard the discussion and saw the Radiance Divine Armor's artifact spirits appear, he felt his heart pounding.

Dun Hao rose into the air as he held the Radiance Divine Sword in one hand while parading the power of the Radiance Divine Armor on his body. He stared at Huang Xiaolong, and he taunted, "Ao Li, right now, I'll give you one last chance. If you obediently bring me the Radiance Ancestor's treasures, I'll grant you a quick death!"

Because of the four deputy deans' order, Ao Li's fate had already been sealed!

A chuckle escaped Huang Xiaolong's lips, "You know what? I'll give you one last chance as well. Take off your spatial ring and kneel on the ground. I'll rip your head out and use it as my chamber pot."

As soon as the words left his lips, the audience roared with laughter. They shook their heads at him and felt as though he had no idea about his situation.

"DIE!" Dun Hao roared when he heard Huang Xiaolong's mockery. Killing intent burst out from his eyes, and he charged towards Huang Xiaolong. "Since that is the case, there is no need to waste more time. Go to hell!" The sword in his hand cleaved downwards towards Huang Xiaolong.

"Radiance Cyclone!"

As streams of radiance energy swirled around Dun Hao, the arena was shrouded in light. The streams of energy turned violent, and they became strong enough to tear open a city made from chaos stone! There was no need to mention low-level Emperors, even high-level Emperors stared at the scene before them in shock.

While the storm of radiance energy was going on, Dun Hao's sword pierced towards Huang Xiaolong's heart.

A cold snort left Huang Xiaolong's lips as resplendent rays of light emerged from his body. Endless radiance descended through the void and formed a boundless sea. In an instant, the cyclone formed by Dun Hao's radiance energy was shattered.

Everyone stared at Huang Xiaolong in shock. They looked at the inexhaustible radiance coming from the void above Huang Xiaolong.

This?!

Despite the sudden change, Dun Hao didn't falter. The sword in his hand pierced towards Huang Xiaolong.

The Radiance Divine Sword appeared right in front of Huang Xiaolong's chest before he could react.

"Ao Li, how many moves have I made?! You're going to be defeated within two moves from me!" Dun Hao roared with laughter when he saw that his sword was about to skewer Huang Xiaolong's heart.

It was too bad the smile on his face froze when he realized that the sword wasn't able to pierce through Huang Xiaolong's skin. He stared at the tip of his sword and fell into shock.

What?!

Many experts saw how Huang Xiaolong stopped the attack, and they jumped in shock.

That was a high-grade grandmist artifact he was holding in his hand!

Under Dun Hao's astonished gaze, mysterious energy surged out from Huang Xiaolong's heart. A horrifying wave of energy blasted against Dun Hao, and he felt as though he was facing the eruption of a volcano head-on. The Radiance Divine Sword was sent flying.

The rebound hit Dun Hao so hard that he couldn't keep a hold onto his Radiance Divine Sword!

Even though Huang Xiaolong had sent Dun Hao's sword flying, Dun Hao couldn't control it. The energy was strong enough to send the sword flying, and it also pushed Dun Hao back. He couldn't help but retreat continuously.

When Dun Hao was forced to retreat, Huang Xiaolong didn't remain idle. His figure blurred as he rushed forward to deliver a punch straight to Dun Hao's heart.

An eye for an eye!

Boom!

Huang Xiaolong's fist slammed into Dun Hao's chest, and a massive explosion resounded through the air.

Dun Hao was sent flying, and he landed on the edge of the arena. The light around his armor started to dim, and the divine spirits became illusory.

Everyone sucked in a cold breath.

They felt their hearts constricting when they stared at Ao Li. Is this something a human can do?! How can his skin stop a high-grade grandmist artifact from piercing his heart?!

One had to know that the heart was the weakest spot in the human body!

Not to mention the fact that he sent Dun Hao flying. The astonishing feat was that he had sent the heavily armored Dun Hao flying! The Four Spirit Divine Armor was a high-grade grandmist divine armor! Looking at how Dun Hao was powerless to stop Huang Xiaolong's attack even with the amazing armor, one could only imagine the strength behind Huang Xiaolong's punch.

Silence filled the area.

"How is that possible?! How is Ao Li so strong?!" One of the ancestors standing behind Qin Huangzhong stared at the individual standing in the arena with a dumbfounded look.

A look of disbelief was also etched on Qin Huangzhong's face. He had never expected Ao Li to be able to stop Dun Hao's attack in the first place, let alone send Dun Hao flying! When Dun Hao had brought out the two high-grade grandmist artifacts, Qin Huangzhong had felt that it would be a walkover.

However, the scene before him proved otherwise! He was wrong! He was very wrong!

Everyone felt a tremor run through their hearts.

Two moves!

Huang Xiaolong clasped his hands behind his back as he walked towards Dun Hao.

When he started to move, several experts from the Radiance Divine City locked on to Huang Xiaolong.

It was too bad Huang Xiaolong could care less about every one of them. As a cold smile formed on his face, Huang Xiaolong approached Dun Hao.

As a groan left his lips, Dun Hao crawled to his feet. He looked at his chest before looking at the monster before him. He raised his hand to wipe his mouth, only to discover two streams of blood flowing down the corner of his lips. How is this possible?!

No! I cannot lose!

“Ao Li, the crimes you have committed exceeded my expectations!” A malevolent expression appeared on Dun Hao’s face as he roared with anger, “Do you really think that you have won? The battle has just begun!”

An eye-catching burst of light came from his palm as a godhead emerged in the skies. It emitted dense radiance energy, and it seemed to illuminate the entire Reverence Moon Divine City.

“King of supreme godhead!”

Someone yelled in shock.

Before they could react, another godhead emerged from Dun Hao’s body. The brilliance it had didn’t pale in comparison to the first, and it was clear that it was another king of supreme godhead! Two king of supreme godheads!

Chapter 1995: Five Colored Divine Pill

“Two supreme godheads!”

Everyone broke out into fervent discussion. Even Ao Ping couldn't help but gasp in surprise.

Even though a supreme godhead wasn't anything special in the Reverence Moon Academy, an individual possessing two of them was something that they had never seen in their life.

"Two supreme godheads! Ah, this has never been seen before in the history of the Radiance World! No, it hasn't been seen even in the myriad of worlds! It's no wonder Dun Hao is the number one individual in the younger generation!" One of the experts from the Radiance Divine Church yelled out in shock.

"That's right! With Dun Hao's talent, breaking through into the Sovereign Realm is only a matter of time! He might even break into the high-level Sovereign Realm and become the strongest individual in the myriad of worlds!" One of the disciples, who was Dun Hao's follower, screamed.

"I don't think so. I've heard that Huang Xiaolong has three supreme godheads and three Archdevil bloodlines!" An expert from another world interrupted.

"Bullsh*t! How can someone have three supreme godheads? That is just a baseless rumor circulating outside! Huang Xiaolong can't possess three supreme godheads! Neither is it possible for him to have three Archdevil bloodlines!" One of the pontiffs sneered. "Dun Hao is the most talented individual in the younger generation, and no one can challenge his place!"

"That's right! Dun Hao is the number one genius! Hasn't the arena been here for more than nine years?! That phony you call Huang Xiaolong doesn't even dare to challenge our Highness! He's probably hiding in his turtle shell somewhere! Can't you see that he is afraid of the Son of Light?! Huang Xiaolong should learn his place!" Several students from the imperial courtyard and pontiffs from the Radiance World sneered.

"Even if Huang Xiaolong comes, he might not be able to take five attacks from Dun Hao!"

The shock of Dun Hao possessing two supreme godheads threw everyone into a frenzy. It seemed as though they had already forgotten how 'Ao Li' had sent him flying away with a single punch.

As Dun Hao rose into the air once again, the two supreme godheads emitted brilliant rays of light above him. As it shone down on the arena, the aura around Dun Hao's body started to rise once again. The injuries he had suffered healed in an instant.

"Ao Li, are you feeling desperate?! Do you know what despair feels like?!" Dun Hao crossed his arms and stared at Huang Xiaolong. "I bet that you never expected for me to possess two supreme godheads! I'm the first person since the creation of the universe to possess two supreme godheads! Right now, you have angered me. I shall crush you like the bug you are, and you shall die a miserable death!"

"Are you ready to die?! Are you shaking in your boots right now?!"

The light around Dun Hao's body increased in intensity all of a sudden, and it poured out of his body unceasingly. It was as though the holy light from the heavens had blessed him as he hovered in the air above Huang Xiaolong.

"That's the endless sacred light from the twelfth level of Radiance Divine Tome!" An ancestor yelled.

"In the rumors, the protection of the endless sacred light will allow one to recover quickly no matter the type of injury! It won't be easy for anyone to penetrate his defenses either!"

Everyone stared at Dun Hao in shock.

As for Huang Xiaolong, he remained expressionless when he stared at the 'glowing' Dun Hao. He had long guessed that there was a possibility of Dun Hao possessing two supreme godheads. It wasn't breaking news to him.

"Radiance Wind Chasing Divine Fist!"

Dun Hao moved suddenly, and his fists shot towards Huang Xiaolong without warning. As the fists approached, they looked like massive boulders smashing towards him. Huang Xiaolong was like a defenseless kid as he stood before the two gigantic fists. It seemed as though he would be swallowed whole by Dun Hao's attack.

The Radiance Wind Chasing Divine Fist was a secret art that combined both radiance energy and wind energy. As long as there were light and wind, the power of the fist would never diminish.

As Huang Xiaolong stared at the incoming punch, the three supreme godheads in his body started to move. As energy poured out of them, the three devil steles started to tremble as well.

Huang Xiaolong raised his fists and welcomed the punch with his own.

As boundless godforce emerged from Huang Xiaolong's fist, curse runes, blood-red light, and sharp blades followed closely behind.

BOOM!

The heavens and earth shook when the attacks collided.

The arena that had been refined by high-level Emperor Realm experts started to tremble, and cracks started to appear on the stage.

Dun Hao was sent smashing into the stage. He vomited mouthfuls of blood, and horrifying curse runes appeared on his body. That wasn't all. Eventually, blood burst out of his body, forming bloodied holes. They resembled the eye of the devil, and the sight of it caused one's heart to palpitate.

With the rapid change in the situation, those screaming about how Dun Hao was the number one talent in the younger generation failed to react. They stared at the scene before them with their bodies stiff.

Everyone present felt a bomb going off in their minds.

Is the person lying down on the stage really Dun Hao, who had revealed his two supreme godheads?!

Wasn't the twelfth level of Radiance Divine Tome supposed to provide endless sacred light? Wouldn't he be able to recover from his injuries in an instant?! Everyone stared in shock and disbelief at Dun Hao,

who was vomiting blood non-stop since crashing into the ground. His miserable cries were only interrupted by his painful struggles in the arena.

For someone with his willpower to scream in pain, everyone could only imagine the pain he felt.

Fortunately for Dun Hao, mysterious energy emerged from the depths of his body. With the help of this mysterious energy, the power of the Myriad Curses Devil Stele and the Blood Eye Devil Stele became suppressed.

Dun Hao shakily brought out a five-colored divine pill, and the instant it appeared, medicinal fragrance filled his surroundings. Even experts standing at the plaza's edges felt their bodies loosening up when they caught a whiff of the medicinal fragrance.

"This... This is the Five-Colored Divine Pill!" An ancestor-level expert exclaimed in surprise.

The expressions on everyone's faces changed.

"Five-Colored Divine Pill! Legends have it that it has the ability to bring the dead back to life! They were said to be refined by a Pill God in the past! There were only five of them in total, and the pills surpassed the level of a high-level grandmist spiritual pill! It can even compare to a rank one origin pill! Even Sovereigns would be able to recover after taking one of those!"

A fire burned in the spectators' eyes as they stared at the Five-Colored Divine Pill in Dun Hao's hand.

It was too bad Dun Hao swallowed it before any of them could react. The power of the two devil steles became suppressed by the divine pill's energy the instant he swallowed it. The injuries on his body started to heal, and unimaginable power surged out from within him.

Huang Xiaolong was shocked. The Five-Colored Divine Pill is comparable to a rank one origin treasure?! How can there be such a divine pill in the myriad of worlds?! Wouldn't that mean that the pill was more precious than the Angel Soul Jade Divine Pill?!

Just as Huang Xiaolong was recovering from his shock, Dun Hao raised his head and roared to the skies. A mighty wave of energy rolled out of his body once again, and a massive phantom formed from light appeared behind him.

As soon as it appeared, everyone felt a suffocating amount of radiance energy fill the world.

“This... It’s an archdevil bloodline!”

Chaos broke out in the crowd once again.

The Son of Light Dun Hao not only has two supreme godheads, but he also has an Archdevil bloodline!

Before they could react to the sudden change, another phantom appeared behind Dun Hao.

“Two... Two Archdevil bloodlines!” A pontiff felt his lips trembling as he spoke.

Two supreme godheads and two Archdevil bloodlines! That was the Son of Light Dun Hao’s true strength!

Chapter 1996: I am Huang Xiaolong!

When they saw the two massive phantoms formed from the light behind Dun Hao, everyone felt their blood boiling!

Even Ao Ping couldn’t believe his eyes.

Of course, Ao Ping was the number one genius in the Dragon World. Not only did he possess a supreme godhead, but he also had an innate Peculiar Dragon Physique. His talent surpassed his father, the current ruler of the Dragon World. It was a shame that the talent he prided himself paled in comparison to Dun Hao.

“Two supreme godheads and two Archdevil bloodlines! How can there be such a talented individual under the heavens?!” An ancestor-level figure muttered to himself.

After revealing his Archdevil bloodlines, the aura around Dun Hao’s body rose to another level. A horrifying pressure appeared in the air, and a brilliant glow surrounded him. Life force poured out from him, and he stood his ground as though he was the ruler who controlled everyone’s life and death in the Radiance World. He portrayed the image of the reincarnation of radiance itself! He was the embodiment of the radiance origin energy!

Huang Xiaolong stared at the two light phantoms behind Dun Hao and swallowed a mouthful of saliva in shock. It was no wonder Dun Hao had managed to break into the Fourth Order Emperor Realm with less than thirty thousand years of cultivation.

However, joy soon overwhelmed his shock. He turned to stare at Dun Hao with a burning gaze, as though he had discovered some sort of priceless treasure.

Two Archdevil bloodlines!

It was clear that they were high-grade bloodlines. To Huang Xiaolong, Dun Hao’s Archdevil bloodlines were like potent tonics.

As long as he managed to devour Dun Hao, he would definitely be able to strengthen the three Archdevil bloodlines in his body!

Dun Hao glared at Huang Xiaolong with bloodshot eyes, and killing intent spewed out from every pore in his body. “I was planning on refining the Five-Colored Divine Pill when breaking through to the Sovereign Realm. You made me waste a Five-Colored Divine Pill!”

“I didn’t wish to activate my Archdevil bloodlines, but you forced me to!”

“Ao Li, let me tell you right now. You are going to die a miserable death!”

Dun Hao’s voice resounded through the plaza, and it dripped with bitter resentment.

“There is no way for Ao Li to escape this time!” One of the maidservants standing behind He Jingyi stared at the light phantoms behind Dun Hao and muttered in shock.

He Jingyi nodded her head. “Even though Ao Li has heaven-defying talent, there is no way he will be able to fight with Dun Hao, now that he has activated his two Archdevil bloodlines.”

“Young lady, Dun Hao has been extending his invitation for you to visit him in his manor. It’s clear that he is expressing his interest in you. In my opinion, Dun Hao is the only person capable of matching up to you!” The maidservant continued. “With His Highness Dun Hao’s talent, it’s a matter of time before he breaks into the Sovereign Realm. He might even be able to enter the high-level Sovereign Realm! The Radiance Divine City will definitely be able to unify the Radiance World, and with their help, our Misty Palace might be able to unify the Hell Asura World!”

A mysterious light flashed in He Jingyi’s eyes, but she didn’t respond.

It was true. That was a pretty good choice to make.

Even though she was a proud daughter of the heavens, her talent was far too lacking when compared to Dun Hao. If she managed to become Dun Hao’s woman, it would benefit both her and the Misty Palace.

Just when everyone felt that they had seen Ao Li’s sorry fate, the light around Huang Xiaolong’s body started to move. A supreme godhead slowly emerged, and it seemed to support the heavens with its presence alone.

Of course, everyone felt a little surprised when Huang Xiaolong revealed a single godhead. However, their shock soon subsided. After all, they had long realized his identity as a genius. It was nothing for him to be able to possess a supreme godhead.

It was too bad that Huang Xiaolong didn’t plan to hide his strength as another supreme godhead appeared in a flash of light.

“Two... Two supreme godheads!” The plaza erupted once again. “Ao Li actually has two supreme godheads!”

“So what if he has two supreme godheads? Even if he has two supreme godheads, he won’t be able to defeat Dun Hao! The Son of Light not only has two supreme godheads, but he also has two Archdevil bloodlines!”

Before they could convince themselves that Dun Hao would still emerge victoriously, another light flashed, and under the shocked gazes of everyone present, a third supreme godhead emerged.

“Three... Three supreme godheads!”

Everyone felt the blood draining from their faces.

Even Ao Ping felt his jaws dropping in fright. “Mother...”

Without waiting for their reaction, a massive golden phantom appeared behind Huang Xiaolong.

“Arch... Archdevil bloodline!”

One of the ancestors behind Qin Huangzhong yelled in shock.

The expressions on the spectators’ faces changed once again.

“How can Ao Li possess an Archdevil bloodline? Doesn’t he already have three supreme godheads?!”
The maidservant behind He Jingyi felt a bomb going off in her head.

Another phantom appeared behind Huang Xiaolong.

“Two... Two Archdevil bloodlines!”

Everyone felt their heart skipping a beat when they saw Huang Xiaolong’s second Archdevil bloodline.

It was too bad Huang Xiaolong wasn't done yet . When the third phantom appeared, the heavens and earth seemed to come to a standstill as everyone stared at Huang Xiaolong in stunned silence.

Three supreme godheads and three Archdevil bloodlines! The number alone completely suppressed Dun Hao's 'talent.' So what if he had two supreme godheads and two Archdevil bloodlines?! Dun Hao, who had shocked the world with his talent, seemed to shrink in his spot.

The savage look of delight froze on Dun Hao's face, and the bloodthirst was nowhere to be seen. The blood drained from his face as he felt suffocated.

"Are you Huang Xiaolong?!" No one knew when, but an ancestor-level figure in the crowd yelled in shock.

His question seemed to bring everyone back to attention as everyone in the plaza turned to stare at 'Ao Li.'

"That's right. I am Huang Xiaolong!" Huang Xiaolong removed the disguise on his face. He revealed his original appearance as he stood tall in the middle of the arena.

He had hidden his identity in order to enter the Reverence Moon Academy. Of course, the main reason was to look for the Radiance Ancestor's treasures. Now that he had found it, it no longer mattered whether or not he hid his identity.

"What? Huang Xiaolong?! The King of Hell?!"

"Ao Li is actually Huang Xiaolong! The rumors about Huang Xiaolong possessing three supreme godheads and three Archdevil bloodlines are true!"

The experts who were present in the plaza broke out into discussion.

Dun Hao retreated several steps, and a look of terror appeared on his face. "Huang Xiaolong?!" Before he completed his sentence, he rose into the air to escape.

He no longer bothered about the bet nor the fight. Who the f*ck cares about those?! I need to get away!

“Running away?!” Huang Xiaolong stared at Dun Hao’s figure, and he chuckled. As he rose into the air, the four lightning pools in the space between his eyebrows started to shake. The three devil steles trembled, and Huang Xiaolong raised his hand to send a slap flying towards Dun Hao.

Under the horrified and desperate gaze in Dun Hao’s eyes, Huang Xiaolong’s palm came smashing down.

“NO!” Dun Hao roared with indignation as the Four Spirits Divine Armor on his body revolved at full power.

“Huang Xiaolong, you dare...” Several tens of figures appeared from the shadows as they charged towards Huang Xiaolong. They were precisely the guards who were sent to protect Dun Hao.

In an instant they appeared, Huang Xiaolong summoned the Heavenly Hall and City of Eternity. He welcomed their attacks with both treasures as the slap he sent towards Dun Hao went crashing down.

Chapter 1997: Dun Hao’s Death!

Boom!

The impact when Huang Xiaolong’s palm smashed into Dun Hao caused the battle stage arena to shake. The mountain-like palm swatted the fleeing Dun Hao into the ground!

A massive palm print appeared on the ground.

Before long, several miserable cries filled the air as the experts protecting Dun Hao were sent flying by Huang Xiaolong’s Heavenly Hall and City of Eternity. They smashed into random structures in the distance and left ruins in their place.

The experts who were sent to protect Dun Hao were no weaklings. All of them were high-level Emperors, and there were even Tenth Order Emperors! It was too bad none of them was a match for the combined might of the Heavenly Hall and City of Eternity.

Huang Xiaolong didn't bother dealing with those experts himself. He reached out and dragged Dun Hao out of the hole he made in the ground. By the time Huang Xiaolong saw Dun Hao again, he was nothing more than a pile of mangled flesh. Even the Four Spirits Divine Armor couldn't stop Huang Xiaolong's attack.

Even though the Four Spirits Divine Armor was an exceptional high-grade grandmist artifact with astonishing defensive abilities, Dun Hao couldn't fully utilize it with his current strength.

"Huang... Huang Xiaolong..." Dun Hao gasped for air as he cried out. Fear filled his eyes, and his voice was extremely frail. "I am the Radiance Prince, the Son of Light! If you kill me, my Radiance Divine City and the Radiance Knight Corp will stop at nothing to kill you!"

"Radiance Prince?! Did anyone give you the title of the Radiance Prince?" Huang Xiaolong chuckled, "Do you really think that your father is the king of the Radiance World?"

"As for the matter of the Radiance Divine City and the Radiance Knight Corp's endless hunt... I don't need you to tell me that."

"Do you have anything else to say?"

Huang Xiaolong's cold laughter echoed in the air.

The experts in the arena stared at Huang Xiaolong with a multitude of gazes. Some people stared at him in fear, and others were shocked. There were even some who stared at him with a look of hatred and anger.

"Huang Xiaolong, hurry up and release His Highness Dun Hao!"

“This is the Reverence Moon Divine City, not Hell! You had better release Prince Dun Hao! Otherwise, you can forget about leaving Reverence Moon Divine City!” Several pontiffs raged.

“Leaving Reverence Moon Divine City?” Huang Xiaolong turned around and revealed a sneer. “Who said that I was going to run away?” Huang Xiaolong stimulated the devouring power of the Archdevil Supreme Godhead. In an instant, Dun Hao’s blood qi, essence qi, godforce, and bloodline were mercilessly sucked out from his body. They entered Huang Xiaolong’s body without signs of slowing down.

“No! No, no... no!” Dun Hao screamed, and he trashed about. He howled and yelled at the pontiffs surrounding the two of them, “Hurry up and save me! Save me!”

Despite his cries for help, the experts who were standing around didn’t dare to make a move.

They were all weaker than high-level Emperors and had already witnessed Dun Hao’s protectors’ miserable fate. Even Tenth Order Emperors were sent flying by Huang Xiaolong’s treasures! There was no need to mention small fries like themselves.

“Kill!” “Save His Highness!”

No one knew who started it, but as soon as the words left his mouth, a massive hammer appeared in the space above Huang Xiaolong and smashed towards him. Several figures reacted quickly and pounced on Huang Xiaolong almost simultaneously.

A chuckle left Huang Xiaolong’s lips, and he didn’t stop his absorption. Instead, a hundred Undead Netherguards, the ice dragons, and the fourteen angels appeared to stop them.

Before they could even touch Huang Xiaolong, they were destroyed by the army of Emperors Huang Xiaolong summoned. They turned into countless ice shards that scattered on the ground.

Looking at the massive force that appeared out of nowhere, several pontiffs who wanted to move against Huang Xiaolong but were a second too slow changed their mind and retreated.

As for people like the Son of Fire Lin Tianrui, they ran away even before the battle had started.

Under the terrified gazes of Qin Huangzhong, He Jingyi, and the other members of various superpowers, Dun Hao's body withered away. He turned into a bag of bones, but that was before Huang Xiaolong absorbed the energy in his bones and skin. In the end, nothing remained other than white bone.

When Qin Huangzhong stared at the familiar scene before him, he couldn't help but turn pale.

He had seen this before. The young master of the Massacring Gods Gate, Song Litao, was also sucked dry by Huang Xiaolong.

It was something he would never forget as long as he lived.

After Huang Xiaolong devoured the Son of Light Dun Hao, he realized that the concentration of the three Archdevil bloodlines in his body had increased once again. The phantoms behind him shone with resplendent light.

The strands of the chaos law that revolved around the three supreme godheads became thicker and sturdier.

All 499999 chaos laws glowed with a brilliant light.

After inspecting the changes in his body, Huang Xiaolong's gaze turned to Dun Hao's spatial ring. After grabbing the ring, he casually retrieved the Four Spirit Divine Armor and threw it into his Radiance Divine Ring.

He didn't bother about anyone else as he made his way to Ao Ping. With a laugh, he said, "You lost the bet!"

From what they had said before, as long as Huang Xiaolong withstood ten moves from Dun Hao, Ao Ping would obediently submit and pledge allegiance to Huang Xiaolong.

A complicated expression appeared on Ao Ping's face as he stared at Huang Xiaolong. After forcing a bitter smile onto his face, he said, "If I knew you were that damn freak of a talent, I wouldn't have wagered a bet with you, even if you would have beaten me to death!"

Huang Xiaolong laughed and continued, "Don't worry, I won't say anything even if you want to retract the bet."

Ao Ping shook his head hastily and resigned to his fate. "Forget it. I don't wish to be sucked dry. I would rather live for a little while longer."

The two of them roared with laughter.

"Let's go," Huang Xiaolong said between laughs. He turned around and made his way back to the Reverence Moon Academy.

The Reverence Moon Old Man had already told him that he could bring the fourteen angels into the Radiance Flame Volcano. Since he had dealt with Dun Hao, he planned to head over to the Radiance Flame Volcano in order for the fourteen Radiance Angels to cultivate.

After sending them to the Radiance Flame Volcano, he planned to head back to the Dragon Bear Valley in the Devil World. Since he had already obtained the Radiance Ancestor's complete inheritance, he was confident of exterminating the evil creatures residing in Cang Mutian's body!

After freeing Cang Mutian from the copper ghosts, he planned to launch an offensive on Radiance Divine City! He was sure that as long as he asked Cang Mutian to take part in the battle, the old man would definitely show up to assist him.

With experts at the level of Cang Mutian and the reverence Moon Old Man, Huang Xiaolong was sure that Dun Ei wouldn't be able to defend Radiance Divine City. Even if they had Shi Ming from the Nine Yin Giant Corpse Tribe to guard the city, it was impossible for Dun Ei to avoid death.

Looking at Huang Xiaolong's back as he sauntered away with Ao Ping, the arena erupted.

The Son of Light, Dun Hao, is dead!

He died at Huang Xiaolong's hands! It was clear that the myriad of words wouldn't remain silent. In fact, Dun Ei's rage would probably scorch the heavens!

"Young lady, what are we going to do now?! Are we returning to the Hell Asura World?" The maidservant behind He Jingyi felt lingering fear in her heart as she looked at the disappearing Huang Xiaolong.

Previously, she was still hoping for He Jingyi to accept Dun Hao's advances. She had even thought about how Dun Hao would unify the Radiance World before assisting them in conquering the Hell Asura World. However, Dun Hao was transformed into a pile of white dust by Huang Xiaolong in the next instant.

"Let's return to the Hell Asura World." He Jingyi said with a pale face.

Like He Jingyi, Qin Huangzhong, and the other experts from other worlds were scrambling to leave the Radiance World. They planned to return to their respective factions before deciding on anything else. They were there because of the arena set up by Dun Hao, but now that Dun Hao was dead. Hence, there was no point in staying in Reverence Moon Divine City.

"Right, I've heard that Pu Ti of the Buddha World is here as well." Huang Xiaolong seemed to have thought of something and he asked Ao Ping, "Do you know where he is?"

Ao Ping felt a tremor run through his heart. A complicated expression appeared on his face as he asked, "Are you planning to...?"

Huang Xiaolong hastily explained himself. "All I need is some Saint Buddha Water. If he has it with him, I am willing to bring out some items to make a trade."

Ao Ping felt a boulder falling off his chest. After heaving a sigh of relief, he laughed, "Then you found the right person! I can be considered good friends with that brat. As a matter of fact, I know where he is! Let's go. I'll take you to him right now."

As the two of them made their way to the Reverence Moon Academy, a group of disciples from the Reverence Moon Divine City's disciplinary hall charged towards Huang Xiaolong in a fit of rage. It was as though they were ready to break out into battle at any time as they surrounded Huang Xiaolong.

Chapter 1998: Toothless?

Looking at the disciples from the Reverence Moon Divine City's disciplinary hall surrounding him, an indifferent expression hung on Huang Xiaolong's face.

A path slowly formed as a group of people riding Brightness Divine Tigers made their way to the front to face Huang Xiaolong and Ao Ping.

All of them were Emperor Realm experts, and their leader was a late-Tenth Order Emperor Realm middle-aged man.

"Reverence Moon Divine City Lord." A frown slowly formed on Ao Ping's face.

The middle-aged man was precisely the city lord of the Reverence Moon Divine City, Gu Ting.

"Gu Ting, what do you think you're doing?" Ao Ping's expression sank.

Even though the other party was the city lord of the Reverence Moon Divine City, he was the prince of the Dragon World. There was no need for him to be afraid of the other party.

Gu Ting slowly opened his mouth. "Ao Ping, this has nothing to do with you. You can take your leave now." However, he raised his hand to point towards Huang Xiaolong as he started cursing. "Huang Xiaolong, you have ignored the rules of the Reverence Moon Divine City! How dare you kill the experts of the Reverence Moon Divine City in front of my eyes?! According to the rules, I shall take you down to await your punishment!"

A snort escaped from Huang Xiaolong's lips, and he eventually broke out into a chuckle. "Take me down to await punishment?! Based on what? Are you relying on all the people you have brought along with

you? Wait a minute. You probably don't have the guts to detain me. This is probably an idea from the four deputy deans, right?"

With Gu Ting's identity, even if Huang Xiaolong personally gave him the order, the idea of messing with the King of Hell wouldn't cross Gu Ting's mind. There was no way he didn't receive the orders from the four deputy deans.

Gu Ting laughed sinisterly. "That's right. It was precisely the decision of Bai Hui, Bin Ge, and the other deputy deans. Dun Hao is the Radiance Prince of the Radiance World. Now that you killed him in our Reverence Moon Divine City, do you really think that you will be able to get away? Not to mention that you killed tens of pontiffs under my Reverence Moon Divine City...! Every single crime I pin on your head is enough for you to die several times over!"

Huang Xiaolong couldn't help but roar with laughter when he heard what Gu Ting said. It was as though he had heard the greatest joke in his life.

"Huang Xiaolong, don't think that as the King of Hell, we will be afraid of you!" Gu Ting snorted. "I don't care who you are! In my Reverence Moon Divine City, none of your identities will be able to save you! Even if you are the King of Hell, your status means nothing before the Reverence Moon Academy!"

"I know that you have one hundred Undead Netherguards, several ice dragons, and fourteen-winged angels. Regardless, even if your senior brother, Jiang Hong, comes, he won't be able to escape! In our Reverence Moon Divine City, there are more than a thousand restrictions set down by both the Radiance Ancestor and Dean Reverence Moon of the Reverence Moon Academy!"

Ao Ping turned and raged at Gu Ting, "Gu Ting, according to the rules of the Reverence Moon Academy, life and death in the arena cannot be blamed on the winner! You can't blame Huang Xiaolong for killing Dun Hao! When Dun Hao's subordinates turned around and moved against Huang Xiaolong, why didn't you enforce the rules of your Reverence Moon Divine City?"

"When they surrounded Huang Xiaolong and planned to kill him, why didn't you show up and blame them? Why didn't you stand up and yell at them for breaking the rules?!"

Ao Ping's chest rose and fell dramatically.

“Also, Xiaolong obtained the inheritance of the Radiance Ancestor. He is the current leader of the Radiance Divine World. How dare a mere city lord like you mess about before him?!”

Gu Ting sneered, “How can you prove that he obtained the Radiance Ancestor’s complete inheritance? The only thing I know is that whoever possesses the Radiance Divine Seal will be the Radiance World’s leader! Moreover, even if the Radiance World’s leader comes, he won’t be able to order the Reverence Moon Divine City around! Our Reverence Moon Academy ranks above the myriad of worlds. Who would dare to make a move on my Reverence Moon Academy?! Nonsense!”

Gu Ting puffed his chest out and declared in an overbearing voice.

Despite all his bullsh*t, there was something he got right. Even the leader of the Radiance World wouldn’t be able to control the Reverence Moon Academy.

The Reverence Moon Academy gathered all the geniuses under the heavens. Even though the institution was located in the Radiance Divine World, it could be said that it wasn’t under the direct control of the Radiance World’s leader.

Even if Dun Ei were to arrive, he would have to lower his head around the four deputy deans. He wouldn’t dare to act out of line. After all, the hidden strength and the might of the Reverence Moon Academy was laid out for all to see.

Gu Ting turned to Huang Xiaolong and continued, “Huang Xiaolong, you better surrender yourself. There is no point in resisting.”

Of course, Huang Xiaolong couldn’t be bothered with Gu Ting. He stared into the horizon and said, “Since you are already here, there is no point in hiding. Are the four deputy deans of the Reverence Moon Academy shady presences? Or are you cowards?”

The void shook, and four figures appeared. It was precisely the four deputy deans.

Their expressions changed, and a look of anger flashed across their face.

This was the first time anyone had dared to call them cowards!

“Huang Xiaolong, you have violated the rules of the Reverence Moon Academy! You killed Dun Hao, and the four of us have decided to kick you out of our institution! You are no longer a student here!” Bin Ge snorted, “I don’t wish to repeat what Gu Ting said to you previously. Surrender yourself right now.”

Huang Xiaolong stared at Bin Ge with a look of amusement on his face. “Previously, your teeth were knocked out by the Reverence Moon Old Man in the Boundary Ancestral Mountain. I never imagined that you would continue to look for trouble. Could it be that you guys think that the Reverence Moon Old Man wouldn’t know about how I accepted the complete inheritance of the Radiance Ancestor? Are you really planning on going all the way until you get all the teeth beaten out of you?”

When they heard how Huang Xiaolong spoke about the event in the Boundary Ancestral Mountain, they felt the rage rising in their heart.

“Huang Xiaolong, stop using the dean to scare us!” Bai Luo screamed, “Do you really think that the dean is your personal bodyguard?! Right now, you killed the Son of Light! You broke the rules of our institution, and even the dean himself wouldn’t be able to fault us if we kill you!”

Before he could finish his threats, a wooden cane appeared from the depths of the Reverence Moon Academy. It seemed to pierce across space itself as it appeared above the heads of the deputy deans.

When they saw the wooden cane, the expression on their faces changed. The four of them couldn’t open their mouths to explain their way out of the situation before they were sent flying with a flick of the staff.

Under the shocked gazes of everyone present, the four of them were sent smashing into the ground. Their teeth scattered around the ground. There was a stark contrast between their knocked-out pearly white teeth and the stains of red blood on them.

Gu Ting and the others stared at the scene before them with their mouths agape!

That wooden cane...

When the four deputy deans climbed to their feet, they stared into space before them with pale faces.

“Old... Old Dean!” They fell to their knees again, and none of them dared to stand. Their bodies trembled as they tried to explain themselves, “We...”

“What?! You got a problem?!” The Reverence Moon Old Man’s voice broke through space and resounded in the air above them. Even though he didn’t yell, there was something majestic about his voice.

When they heard him, they cowered closer to the ground.

“This disciple doesn’t dare!” Bai Hui, Bin Ge, and the others hastily lowered their heads.

“If this happens again, I’ll break all your limbs! Xiaolong has already obtained the Radiance Ancestor’s complete inheritance, and he is the lord of the Radiance World! From now on, his intentions are my intentions. The four of you better listen to his orders! Am I clear?!” The Reverence Moon Old Man’s voice reverberated through the air.

The blood drained from the four deputy deans’ faces, and they stared at Huang Xiaolong with a pale expression.

Chapter 1999: Entering the Radiance Flame Volcano

When they heard how the Reverence Moon Old Man declared Huang Xiaolong as the leader of the Radiance World, their faces paled. There was no need to mention the fact that the old man had ordered them to listen to Huang Xiaolong.

Even though the Reverence Moon Old Man hadn’t appeared before the world in the past several hundred million years, no one doubted his authority. His words were like an imperial edict in the Radiance World. In fact, his orders used to hold more weight than the Radiance Ancestor in the past.

Now that he was openly supporting Huang Xiaolong, there was no doubt that it was a matter of time before the power of the Radiance World shifted. Those churches who didn't know which side they wanted to stand on would definitely gather to support Huang Xiaolong.

Bai Hui, Bin Ge, and the others refused to acknowledge the old man's order. In an instant, boundless might emerged from the depths of the Reverence Moon Academy, and a crushing pressure descended on Reverence Moon Divine City.

In that instant, everyone who failed to leave felt a horrifying weight pressing down on them.

"Who?! That's a Sovereign's will! Could it be that deputy directors Bin Ge and Bai Hui are making a move?!" Qin Huangzhong looked at one of the ancestors beside him and exclaimed in shock.

The ancestor was at the peak of the late-Tenth Order Emperor Realm. He was about to break through at any time, and ordinary Sovereign's will wouldn't be able to stop him. It was a shame the Sovereign's will belonged to the Reverence Moon Old Man. Before the horrifying pressure, he felt no bigger than an ant.

Since the strongest person in their party was suppressed, there was no need to mention the other ancestors. When the Reverence Moon Old Man's Sovereign's will covered the city, every single Emperor Realm cultivator was forced to their knees. A look of desperation flashed across their faces, and it felt as though someone was grabbing their soul, intending to tear it apart.

"Bai Hui, Bin Ge, Bai Luo, Ban Ke, did I make myself clear? If this happens again, I'll break both your legs! From now on, Huang Xiaolong's orders are my orders! After receiving the Radiance Ancestor's inheritance, Huang Xiaolong is now the Radiance World's leader! His status will be no lower than mine!" The Reverence Moon Old Man's voice resounded through the air.

Previously, the Reverence Moon Old Man had only allowed everyone surrounding Huang Xiaolong to listen in on their conversation. However, he no longer bothered hiding Huang Xiaolong's identity the second time he spoke. His voice resounded through the Reverence Moon Divine City, into the ears of everyone present.

"It's the Reverence Moon Old Man!" When the ancestor beside Qin Huangzhong heard the voice, his heart skipped a beat, and he stuttered anxiously.

He finally realized whose Sovereign's will he was facing!

It was the Reverence Moon Old Man!

Even though the news of the Reverence Moon Old Man reappearing in the world had started to spread, everyone had felt a little suspicious as none of them had seen the old man in person.

Right now, their doubts were cleared.

Everyone felt their hearts pounding in their chests.

The Reverence Moon Old Man was standing on Huang Xiaolong's side! There was no doubt about it.

The Reverence Moon Old Man didn't intend to let everyone off so easily. Instead, the pressure he exerted on them increased again. With the mountain-like pressure crushing down on them, the four deputy deans were flattened against the ground. The Reverence Moon Old Man's sovereign's will was like countless ancient mountain ranges pressing down on them. They could hear crackling and popping sounds coming from their bones.

"Old... Old Dean, we will obey your order!" Bai Hui was finally unable to endure it, and he yelled, "From now on, we will listen to Huang Xiaolong! He shall be no less important than you!"

Waves of terror rose in his heart. As a mid-Second Order Sovereign, he was no weakling. However, the Reverence Moon Old Man had managed to suppress him with just his will!

Could it be that the Reverence Moon Old Man has already stepped into the high-level Sovereign Realm?! Did he become the second high-level Sovereign in all the worlds?!

Bin Ge's thoughts mirrored Bai Hui's. Even though he was weaker than Bai Hui, it only served to amplify the fear he had for the Reverence Moon Old Man.

After Bai Hui responded, the three of them realized that it was no use trying to resist. In the end, they agreed to whatever the Reverence Moon Old Man said.

Gu Ting hastily forced his lips open to openly praise the Reverence Moon Old Man to prove his loyalty.

“Good!” Even though it seemed as though the Reverence Moon Old Man’s anger had dissipated, a hidden killing intent lingered in the air. He was ready to kill anyone who wanted to remain stubborn. As long as they were unwilling to take Huang Xiaolong as their new leader, the Reverence Moon Old Man was prepared to kill all of them in order to pave the way for Huang Xiaolong.

Feeling the lingering killing intent in the air, the four deputy directors felt cold sweat dripping down their forehead. They were clear that they had managed to escape from a calamity.

Like a receding tide, the Reverence Moon Old Man’s Sovereign’s will returned to the Reverence Moon Academy. The feeling of suppression disappeared suddenly, and it was as though color returned to the lives of everyone present in the Reverence Moon Divine City. They felt as though they had managed to crawl back from the gates of hell.

Only after several minutes did the four deputy directors struggle to their feet. A complicated look filled their faces as they stared at Huang Xiaolong. Regardless of how angry or indignant they felt, they had no choice but to suppress the feeling and hide the look of resentment they had.

“World Lord... “ After a short hesitation, Bai Hui greeted Huang Xiaolong.

Seeing as the strongest out of them had already taken the first step, the three others stared at each other before greeting, “Lord World Leader!”

As for Gu Ting, he slowly made his way towards Huang Xiaolong with a cautious expression on his face. Forcing out a smile that had the intensity of a thousand suns, he yelled, “World Lord!”

Huang Xiaolong stared at Gu Ting for a second before slapping him across the face.

Gu Ting went reeling with a single slap from Huang Xiaolong.

After spinning a few rounds, he held his cheek as he cried out, "World Lord, you..."

"Didn't you say that based on the rules of your Reverence Moon Divine City, you had to capture me?" Huang Xiaolong growled.

A twisted smile appeared on Gu Ting's face, "World Lord, that... that was a misunderstanding!"

Huang Xiaolong swept a cold gaze across everyone present before turning around to leave with Ao Ping.

Bai Hui and the others stood rooted to their spot with an ugly expression on their faces. They were the ones who people sucked up to, not the other way round! They were used to the compliments, but they hardly ever gave them out. Even Dun Ei had to respect them! When had they ever suffered such 'indignation?'

"Deputy deans, do we..." Gu Ting saw that there was no point in staying, and he quickly spoke up.

"Leave." Bai Hui waved his arm and dismissed everyone. He was clearly irritated as he didn't bother to pacify Gu Ting.

...

Several days later, Huang Xiaolong and Ao Ping arrived before the Radiance Flame Volcano.

Looking at the massive mountain before them, a look of shock flashed through their eyes.

The mountain really lived up to its name. As though it was formed from light itself, the mountain emitted resplendent rays of light. Bursts of flames occasionally shot out from the center of the mountain. The flames were clearly different from ordinary flames as they emitted blue, purple, green, and even red light!

"Go, I'll wait here," Ao Ping said.

Huang Xiaolong nodded, and he soared towards the peak of the mountain. In a flash, he disappeared.

Even though he had already accepted the Radiance Ancestor's inheritance, the heat he felt after approaching the center of the mountain made him feel as though he was placed in a boiling cauldron.

After gritting his teeth and flying for several thousand feet, Huang Xiaolong arrived at the bottom of the flames. It was a world formed from lava, and white-hot lava emitted bursts of ashen flames. It was an eye-catching sight indeed.

Huang Xiaolong wasted no time as he summoned the fourteen winged angels.

After several minutes, Ao Ping saw Huang Xiaolong reappearing. When he emerged, even his eyebrows were emitting white flames.

Chapter 2000: The Radiance Divine City's Ambition

Seeing as Huang Xiaolong was out, Ao Ping couldn't help but ask, "What happened?"

"I'm fine." Huang Xiaolong said as he shook his head.

"Alright, let's go! We'll head over to look for the prince of the Buddha World!"

"Great!"

The two of them turned into two beams of light as they disappeared from the spot they were standing on.

Huang Xiaolong made up his mind. As soon as he arrived at the peak of the late-Tenth Order Emperor Realm, he would return to the bottom of the Radiance Flame Mountain to swallow the Three Lives Flower! He had already decided on the location he would break into the Sovereign Realm!

Since he had already accepted the Radiance Ancestor's complete inheritance, he had the full sixteen wings. With the assistance of the Radiance Flame Mountain, his chances of entering the Sovereign Realm were way higher than the fourteen winged angels!

Not to mention that he had the Three Lives Flower, which could further increase his chances. Huang Xiaolong breaking into the Sovereign Realm was something no one could stop.

After a few days, Huang Xiaolong and Ao Ping finally met the Buddha World's prince, Pu Ti. When they met, Huang Xiaolong widened his eyes in shock as the aura around Pu Ti was no weaker than that of Dun Hao!

Even though Huang Xiaolong had no idea who would be the winner if they were to fight, he was sure that Pu Ti wouldn't suffer from a devastating defeat.

When the prince heard that Huang Xiaolong's goal was the Saint Buddha Water, he thought about it for a second before saying, "It's true that I have a flask of Saint Buddha Water. I am willing to give half of it to Your Majesty, the King of Hell."

Huang Xiaolong and Ao Ping sucked in a deep breath in shock. Giving half of it without asking for anything in return?!

One had to know that the Saint Buddha Water was a priceless treasure. Huang Xiaolong was prepared to bleed just for a single drop. Right now, Pu Ti was willing to give him half a flask for free!

"Brother Pu Ti, this..." Ao Ping asked as a trace of shock flashed through his eyes. Even though they were friends, they weren't close to the point where Pu Ti would take out half a flask of Saint Buddha Water the moment they met.

Pu Ti turned to look at Huang Xiaolong, "In the past, my master worked together with the Ancient Heavenly Emperor to bring down the Radiance Ancestor. I am willing to take out half a flask of the Saint Buddha Water in order to apologize for the seeds of hatred the ancestors have sowed."

A frown appeared on Huang Xiaolong's face. "Nonsense. Your master's matters have nothing to do with you!"

"Even if you give me half a flask of the Saint Buddha Water for free, the matter of how your master worked together with the Ancient Heavenly Emperor to kill the Radiance Ancestor cannot be wiped away!"

Huang Xiaolong declared with an unwavering voice.

That was something that went against his principles.

Pu Ti sighed, "An eye for an eye... When will vengeance ever end?"

Huang Xiaolong shook his head. "There is no need to bring this up again."

Staring at the two of them who were stuck in a deadlock, Ao Ping felt the air turning stale. In an attempt to lighten the mood, Ao Ping broke out into laughter, "Let's not talk about the past! Instead of bringing up old wounds, why don't we talk about the weather and issues with our cultivation?"

"Of course, we should also talk about the Saint Buddha Water..."

After half a day, Huang Xiaolong and Ao Ping finally left Pu Ti's residence. Pu Ti personally saw them off at the entrance. Huang Xiaolong didn't waste a trip as he was able to obtain half a flask of Saint Buddha Water. With the amount he had, he would be able to water the bodhi seed for several dozen years even if he used a drop a day! By then, the bodhi seed would have already germinated! The Divine Bodhi Tree would already be as tall as several humans stacked on top of each other!

As for what Huang Xiaolong planned to do after several dozen years... That was something he could worry about when the time came.

Of course, Huang Xiaolong had to take out tons of treasures in order to exchange for half the flask of Saint Buddha Water. He even traded away ten bottles of Angel Soul Jade Divine Pills!

Even after obtaining half a flask of Saint Buddha Water by trading away so many treasures, Huang Xiaolong felt as though he made a killer deal.

After they had left, Huang Xiaolong turned to Ao Ping and chuckled, "If you weren't friends with Pu Ti, I was planning to snatch away the rest of the Saint Buddha Water."

Ao Ping didn't falter. Instead, a snicker escaped his lips. "Well, if that's the case, I'll be your lookout when you rob him."

Laughter filled the air in an instant.

"Whatever the case, you better be careful of Dun Ei. You killed the Dun Hao, and I've heard rumors about Dun Ei's temper. It's nothing to laugh about. He nearly tore down half of his residence in the Radiance Divine City! Even though you managed to obtain the deputy deans' support, Dun Ei probably won't give up. He might disregard everything and take revenge." A solemn expression suddenly appeared on Ao Ping's face as he cautioned Huang Xiaolong.

After hearing Ao Ping's 'reminder,' Huang Xiaolong stared at him with an indifferent face. "There's nothing to worry about. He's just a harmless beast."

Several days passed, and Huang Xiaolong left the Reverence Moon Divine City for the Devil World.

Time flowed as usual...

In the blink of an eye, half a year passed.

In the time that passed, Huang Xiaolong seemed to have disappeared from everyone's minds in the Radiance World. Compared to his silence, Dun Ei from the Radiance Divine City rushed about and gathered an entire army. With the Radiance Divine City as the origin, his mighty army swept through the entire Radiance World. He took over world surfaces after world surfaces without a care in the world.

After conquering those more land, he plundered everything and instructed the pontiffs under him to construct Ancient Supreme Formations.

The Ancient Supreme Formations were extremely complicated, and every time a single one was constructed on a world surface, they were linked to the other formations on other world surface.

In the span of half a year, the Radiance Divine City managed to construct over four hundred and thirty thousand Ancient Supreme Formations on the divine planes around the city! The brilliance they emitted illuminated the area trillions of kilometers around the city!

Looking at the horrifying formations, even several peak late-Tenth Order Emperors swallowed a mouthful of saliva in shock.

“This... What formation is this?! Even if a Sovereign Realm expert comes, he probably won’t be able to break it! If a Sovereign is trapped in the formation... he may very well lose his life!” One of the ancestors from the Royal Wood World exclaimed in shock.

“A formation built by a combination of over four hundred and thirty thousand other formations. Every single one of the four hundred thousand formations can suppress a Sovereign! This is simply overkill to build so many formations! With the protection of this grand formation, even the Reverence Moon Old Man wouldn’t be able to break into Radiance Divine City!” The expression on the Tang World Leader’s face was solemn as he made his deduction.

Even though their worlds couldn’t be compared to the Radiance World and Dragon World, they were still part of the top one hundred worlds. Based on what the Tang World Lord said, the might of the formation was clear.

“Half a year has already passed. Huang Xiaolong has refused to poke his head out, and no one knows where he is hiding. If he refuses to appear, even if his master, the King of Grandmist, joins hands with the Reverence Moon Old Man, they wouldn’t be able to change the outcome of the battle!”

“The Radiance Divine City is growing stronger by the day! They can take down ten thousand divine planes in a day! At the rate they are going, the Radiance World will belong to them in less than half a year! If they manage to connect the formations throughout the entire world, Huang Xiaolong will be dead beyond a doubt!”

Everyone discussed the current state of the Radiance World with great fanfare.

Everyone was waiting for the fated battle between Huang Xiaolong and Dun Ei. Even Di Jun was part of the spectators! Of course, it wouldn't be like him to remain on the sidelines. He had sent several experts over in order to assist Dun Ei. It wouldn't be an exaggeration to credit half of Radiance Divine City's expansion to Di Jun.

As long as it prevented Huang Xiaolong from controlling the Radiance World, Di Jun would gladly do it.

Compared to the Radiance Divine City's shocking expansion, the Radiance Knight Corp was pushed back again and again.

In the main hall of the Myriad Spirit Manor of the Myriad Spirit City, the Archbishop controlling the Radiance Knight Corp was seated with several tens of pontiffs who threw in their lot with the knight corp.

"Commander Elan, we can't sit back and wait for them to kill their way over! Please pass down the order! Order a counterattack! We will raze Radiance Divine City to the ground!" One of the pontiffs raged.

Elan shook her head. "No. The World Lord has given the order. We shall wait for his return."

"When will the World Lord be back?! Where did he go?" The pontiff of the Horizon Church frowned. A look of displeasure appeared on his face as he complained, "Does he know that this is an extremely critical period? Where did he go?! Is he planning to drag us all down with him?!"
