

## **Conqueror 2001**

### **Chapter 2001: Number One Individual Under the Heavens**

The Horizon Church was one of the top five superpowers in the Radiance World. As soon as the Horizon church opened their mouth, many of the churches who had sided with the Radiance Knight Corp expressed their dissatisfaction.

“If we knew this was going to happen, we wouldn’t have come to the Myriad Spirits Divine City!”

“That’s right! Even though two hundred million low-grade chaos spirit stones are a huge temptation, we need to be alive to spend it!”

A frown formed on Elan’s face as she sat in the main seat in the hall.

These pontiffs had never been under her command. Even though they threw in their lot with the Radiance Knight Corp because of two hundred million low-grade chaos spirit stones, none of them were actually willing to listen to her orders. If not for the fact that they had sworn an oath when they took the spirit stones in the past, she was afraid that a few of them would have already left.

Just as the pontiffs in the hall were venting their anger and causing a ruckus, a brilliant light shot out from the space above the hall. A figure slowly appeared in the air.

When Elan saw who this person was, a look of joy appeared on her face. “Your Majesty!”

This person was precisely Huang Xiaolong, who had disappeared for half a year.

The bishops from the Radiance Knight Corp got to their feet as they greeted Huang Xiaolong. “Greetings, World Lord.”

As for the pontiffs from the church, they hastily got to their feet as they greeted Huang Xiaolong.

A sharp light flashed through Huang Xiaolong's eyes. He swept his gaze over the pontiffs who were complaining just a moment ago and sneered, "Since all of you have no faith in me and the Radiance Knight Corp, you can choose to leave. If you choose to leave, I will not stop you!"

Awkward looks appeared on the faces of the pontiffs. However, no one took up Huang Xiaolong's offer to leave.

"Alright, since all of you have decided to remain on our side, I hope that all of us will be able to work together. When we attack Radiance Divine City, listen to our orders. If anyone dares to disobey our orders, you can't blame me for killing you!" Huang Xiaolong warned in a cold voice as the killing intent around him became extremely dense.

The Radiance World Leader's mark slowly appeared in the space between Huang Xiaolong's eyebrows, and rays of resplendent light swirled around him.

All the pontiffs in the hall felt their hearts constricting.

"World Lord, you don't have to worry. Since we have already chosen to stand on the side of the Radiance Knight Corp, we will do our best to kill our enemies!" The pontiff of the Crossing Flame Church was the first to break the silence in the hall.

Seeing the Crossing Flame Pontiff making his stand, the other pontiffs in the hall hastily swore their allegiance once again.

Huang Xiaolong nodded his head and stared at them. "Relax. I have already promised all of you that we will split the treasures of Radiance Divine City the moment we take them down. In fact, I will give all of you another two hundred million low-grade chaos spirit stones after this is all over."

"We thank World Lord!"

Looks of joy appeared on the faces of every pontiff in the room when they heard that Huang Xiaolong was ready to give them additional rewards.

“Elan, pass down my order. Gather the army. We will attack Radiance Divine City tomorrow!” Huang Xiaolong turned around and stared at Elan before barking out his order.

“Yes, Your Majesty!”

A peaceful night passed as everything seemed to come to a standstill.

Huang Xiaolong stared into the sky as he stood in the middle of the Myriad Spirits Manor.

The trip to the Devil World was extremely successful. He had dealt with the black copper ghosts and helped Cang Mutian to return to his peak strength. Cang Mutian and the current leader of the Dragon Bear Race, Cang Yuanzong had accompanied him to the Radiance World after that.

This time, Huang Xiaolong had absolute confidence in crushing Radiance Divine City.

There was no doubt about it. Other than Cang Mutian, Cang Yuanzong, and the Reverence Moon Old Man, Huang Xiaolong had also requested backup from his senior brother, Jiang Hong!

When he was making his way back from the Devil World, he had made a trip to the Grandmist Emperor Palace. Jiang Hong had gathered a good half of the Emperor Realm ancestors, and they had followed Huang Xiaolong to the Radiance World.

There were also the three ancestors of the Skull Devil Sect. Since Huang Xiaolong was planning to assemble the strongest lineup he could, the three ancestors who had submitted to him in the Devil World couldn't be absent. They had brought a large group of Emperor Realm ancestors along with them as well.

Even if Dun Ei had the support of the Massacring Gods Gate's Chu Han, Archdevil Ancestor Chiyou, the ex-Netherworld King's Organization's Lu Kun, the King of Shadows, and the world leader of the Fire World, he wouldn't be able to change the outcome of the battle! There was only one way this battle would end, and Dun Ei was going to die!

There was also the issue of the Heavenly Court's assistance. No matter how secretive Di Jun thought himself to be, how would Huang Xiaolong not know?!

When Huang Xiaolong thought about Di Jun and his son, Di Jing, a cold light flashed through his eyes.

There was also Lu Kun, the traitor of the Netherworld King's Organization. Now that they had gathered, Huang Xiaolong was planning to deal with them in one fell swoop.

"Junior Brother, what are you thinking about?" Jiang Hong's voice sounded from behind Huang Xiaolong all of a sudden.

"Are you afraid that Dun Ei is going to run away?"

Huang Xiaolong chuckled as he shook his head, "With senior brother's assistance along with the others, there is no need to fear Dun Ei running away." A question suddenly rose in Huang Xiaolong's mind.

"Senior brother, do you think that there is another world above the likes of Hell and the other Greater Worlds?"

Jiang Hong was stunned for a second. However, he replied in a low voice, "That's hard to say. Even Master is unable to confirm if there is a higher realm. There might only be one person in the world who has an answer to that question..."

Huang Xiaolong stared at Jiang Hong in shock. "Someone knows?"

Jiang Hong nodded his head and replied, "Yes."

"Who?"

Jiang Hong hesitated for a moment before replying, "It's the lord who is at the high-level Sovereign Realm!"

“Him...” Huang Xiaolong sucked in a cold breath. Indeed, if anyone were to know about the existence of a higher realm, it could only be the only high-level Sovereign!

“Who is he?” Huang Xiaolong couldn’t help but ask.

He had always been extremely curious as to the identity of the mysterious presence. After all, even his master, the King of Grandmist, and Cang Mutian held the expert in high regard.

Jiang Hong hesitated once again. However, he eventually replied, “Actually, the master doesn’t know much about him either. The only thing we know is that he is the city lord of the City of All-Heavens, Lord Wan Shi!”

“Wan Shi? City of All-Heavens?” Huang Xiaolong was stunned. This was the first time he had heard of City of All-Heavens. As for Wan Shi’s name, Huang Xiaolong could feel the tyrannical meaning behind it.

Jiang Hong nodded. “That’s right. City of All-Heavens, Lord Wan Shi! Even the Ancient Heavenly Emperor, the Buddhist Ancestor, our master, and the Reverence Moon Old Man agreed that City of All-Heavens is the number one city under the Heavens!”

“City of All-Heavens... It’s not part of our myriad of worlds. In fact, it’s located somewhere far away. It doesn’t belong to any of the Greater Worlds.”

Huang Xiaolong stared at Jiang Hong in shock. “No part of our myriad of worlds? Could it be that City of All-Heavens is located in space itself?”

“That’s right. Other than City of All-Heavens, there are several small worlds located in space. City of All-Heavens is located in one of those small worlds. Moreover, the City of All-Heavens is located in the extremity of the space outside our worlds!” Jiang Hong seemed to have thought of something as he continued, “Right, I’ve received news that when Di Jing disappeared from the Divine World, he left for the City of All-Heavens!”

“Di Jing went to the City of All-Heavens?!” Huang Xiaolong felt a little surprised.

“Yes, he probably went there to challenge the Heavens Road. If he manages to succeed, he might be able to receive incredible gains! He might even become a threat to you!” A solemn expression appeared on Jiang Hong’s face. “Moreover, he might be aiming to receive Lord Wan Shi’s favor by heading there now. As long as he has Lord Wan Shi’s backing, no one will be able to do anything to him!”

Huang Xiaolong’s pupils constricted.

“You don’t have to worry too much about it now. Lord Wan Shi hasn’t appeared in the world for several billion years now. He probably won’t get to see Lord Wan Shi.” Jiang Hong hastily reassured Huang Xiaolong. “Moreover, I’ve heard that Senior Reverence Moon has already entered the high-level Sovereign Realm!”

## Chapter 2002: War Erupts

Huang Xiaolong shook his head. “Senior Reverence Moon isn’t a high-level Sovereign.”

“Not yet?” Jiang Hong couldn’t help but feel surprised.

When Huang Xiaolong had entered the Boundary Ancestral Mountain, he had chatted with the old man. He knew that the Reverence Moon Old Man had yet to enter the high-level Sovereign Realm. Despite that, the old man was already at the peak of the late-Sixth Order Sovereign Realm. He was half a step away from becoming a high-level Sovereign.

“I hope senior brother can keep the secret that Senior Reverence Moon has yet to enter the high-level Sovereign Realm.”

Jiang Hong nodded his head. “Don’t worry. I won’t say anything.”

Of course, Jiang Hong knew how important it was for others to think that they had a high-level Sovereign on their side.

.....

The light illuminated every inch of Radiance Divine City.

Within the Radiance Divine Hall, Dun Ei, Chu Han, Chiyou, and the others sat facing each other, and the atmosphere was extremely lively. They joked about and cheered as they clinked their wine glasses together.

The person seated at the very front was a middle-aged young man covered in faint black light. His facial features were blurry, and his body seemed a little illusory. He looked as though he belonged to another time and space altogether.

The middle-aged young man was precisely the King of Shadows!

Chu Han, Chiyou, and the others sat in the seats below him.

Beside Chiyou sat an old man who had a sharp gaze and gentle facial features as the diagram of an ancient monster flashed in the space between his eyebrows. The diagram was extremely peculiar as it resembled a ghost, demon, god, and beast all at the same time!

The old man was precisely Lu Kun, the ex-Great Commander of the Netherworld King's Organization!

That wasn't all of the experts in the hall. Looking past Lu Kun, there was another weird individual. His body proportions were somewhat off as he had a massive head and two humongous hands but a baby-like face.

His head was five times bigger than the average man, and so were his hands. Despite his weird appearance, the aura he emitted was no weaker than the King of Shadows!

After him was Lin Cheng, the leader of the Fire World. He sat there with a fire attributed divine armor covering his body.

"Come, let's drink a toast to Senior King of Shadows and Senior Lun Zhuan!" Dun Ei raised his cup and smiled at the others.

Everyone raised their cups to the King of Shadows and the expert with the massive head.

“Brother Dun Ei, I received reports that Huang Xiaolong has reappeared!” Lin Cheng turned to Dun Ei and said after their toast. “The moment he appeared, he passed down the order for Elan to gather the troops. He plans on attacking us tomorrow!”

A chilly light flashed past Dun Ei’s face when he heard the news. The cup in his hands shattered to a million pieces as he ground his teeth in anger. “Huang Xiaolong, you are finally willing to show your face! I’m going to tear you to pieces in order to appease my son’s soul!”

He had great hopes for his son, Dun Hao. He had always placed all his hopes on Dun Hao, but never in his wildest imaginations would he have thought that Huang Xiaolong would ruthlessly murder his son in Reverence Moon Divine City! When he heard the news, his blood boiled, and his vision turned red. Killing intent soared into the skies and he wanted nothing more than to carry out a wanton massacre.

All of a sudden, the King of Shadows spoke up, “Even though Huang Xiaolong possesses the shocking talent, he’s not strong enough. He hasn’t matured, and there is no reason for us to be afraid of him. The only people we should be concerned about should be the Reverence Moon Old Man and the King of Grandmist.”

Lun Zhuan, the baby-faced giant head, sneered. “It’s just the King of Grandmist. Don’t tell me Brother Shadow is afraid of him... With your Shadow Physique, you don’t need to be afraid of anyone! Moreover, the King of Grandmist didn’t come. As long as the two of us join hands, we’ll be able to stop the Reverence Moon Old Man with the assistance of the Ancient Heavenly Formation!”

The baby-faced giant head was extremely confident. It seemed as though he wasn’t afraid of the King of Grandmist.

Despite his attitude, no one dared to laugh at him. Everyone knew how strong he was. Even the King of Shadows had no choice but to respect his strength.

“If Senior Shadow and Senior Lun Zhuan join hands, even the Reverence Moon Old Man is nothing to be afraid of! What’s a tiny Huang Xiaolong?” Dun Ei roared with laughter as he continued, “Since Huang Xiaolong is planning to attack us tomorrow, we shall destroy him once and for all. The Radiance World is mine!”

Despite Dun Ei's confident speech, Chiyu shook his head all of a sudden. "Huang Xiaolong had disappeared for a long time. Now that he has finally reappeared, there has to be something we're missing. I'm afraid it's not going to be as simple as it looks!"

"I received news that Jiang Hong led a ton of experts from the Grandmist Emperor Palace over to assist Huang Xiaolong. Also, the three Skull Ancestors from the Devil World brought their experts over to assist Huang Xiaolong..." It was Lin Cheng's turn to make another report.

A twisted smile slowly formed on Lun Zhuan's face. "Who cares about Jiang Hong and the three Skull Ancestors? They are nothing more than tiny shrimps. Even if Huang Xiaolong brings over an endless army of them, I'll kill them all!"

Chu Han opened his mouth as he wanted to say something. However, he eventually swallowed his words.

Both Chiyu and himself had experienced the terrors of going up against Huang Xiaolong. If they failed to kill him, he would only become stronger! The more they tried to kill him, the more terrifying he became.

In the past, he had tried all he could, but he had still failed to kill Huang Xiaolong. Huang Xiaolong was just a mere Heavenly Monarch then! He wasn't even a high-level Heavenly Monarch, but he had managed to escape from Chu Han, who was already in the Sovereign Realm! Now that he was in the Emperor Realm, Chu Han knew that he was more terrifying than ever.

"When we crush the Radiance Knight Corp and capture Huang Xiaolong, I hope all of you can pass him over to me." Killing intent burst out from Dun Ei's eyes as he addressed everyone present.

"I don't care who kills Huang Xiaolong. However, I'm taking the Radiance Ancestor's treasures." The baby-faced giant head spoke up all of a sudden.

"I want the Radiance Divine Scepter. Throw in the City of Eternity as well." The King of Shadows wasn't slow in making his demand.

...

A night passed just like that.

As the first rays of light fell on the land, a horrifying amount of killing intent gathered around Myriad Spirits City.

Under the shocked gazes of everyone present in the city, a silver river rose into the sky from the city. The silver river's width was already several hundred thousand miles long, and it seemed to stretch on endlessly.

Everyone only managed to see the river's true form when it soared in the skies above them. The river was formed by the army of the Radiance Knight Corp!

As they stared at the majestic river of knights soaring in the skies, they realized a shocking fact. Every single one of them was protected by a high-grade chaos spiritual artifact! The Radiance Divine Armor on their body was extremely sturdy and had the exact same appearance! The Divine Spears in their hands were also high-grade chaos spiritual artifacts. The glow from the inscription runes on them caused everyone's hearts who laid eyes on them to palpitate.

Huang Xiaolong flew at the very front of the silver river as he led the Radiance Knight Corp into battle!

He was riding on his Scarlet Flame Dark Qilin, and half a step behind him were Jiang Hong and Elan. The three Skull Ancestors and the bishops from the Radiance Knight Corp followed closely behind them.

They didn't bother hiding their killing intent as they charged into battle, and the faces of everyone who saw them changed.

Under the lead of Huang Xiaolong, the silver river swept through world surfaces after world surfaces, galaxy after galaxy.

They eventually stopped when they arrived at the border of the massive formation set up by Radiance Divine City.

Dun Ei didn't remain idle as Huang Xiaolong killed his way to his doorsteps. The formations started to emit endless light, and they formed a screen that blocked off the outside world. No matter how Huang Xiaolong, Jiang Hong, and Elan focused their killing intent on the barrier, it refused to budge. It didn't so much as tremble...

## Chapter 2003: Overlord

Every single expert, who had gone over to watch the battle, inhaled a cold breath in shock.

Huang Xiaolong turned around and signaled to the three Skull Ancestors. As the three of them flew into the sky, a tacit agreement formed in their minds. Six palms shot out simultaneously, forming massive palm prints in the air. A single palm print was larger than a continent, and when six of them flew out at the same time, one could only marvel at the grandeur of the attack. Corpse qi surged in the area around the palms, and they smashed towards the barrier of light with destructive might.

Boom!

The instant the six palms landed on the barrier, the heavens and earth shook. Qi waves fluctuated around the area, and even the ancestor-level figures who were hiding in faraway world surfaces to watch the battle felt their eardrums shaking.

Some of them recognized the three figures in the air and gasped in shock.

"Those are the three Skull Ancestors from the Devil World!"

"The three of them can fight against Sovereigns if they join hands!"

As everyone stared at the scene before them in shock, they saw the light barrier caving in. After sinking several hundred miles in, it slowly returned to its original form.

The light barrier remained completely intact, and it stood strong. Rays of light emerged from the surface of the barrier once again.

When the experts who were marveling at the strength of the three Skull Ancestors' attack saw that they failed to destroy the light barrier, they sucked in a cold breath in disbelief.

Even with the combined strength of the three Skull Ancestors, they failed to break the barrier!

That was the outermost barrier defending the Radiance Divine City!

Even Huang Xiaolong, Jiang Hong, and Elan stared at the barrier in shock.

"Jejeje, Huang Xiaolong, how is it? The strength of my Heavenly Ancient Formation isn't too bad, right?" Creepy laughter resounded in the air as Dun Ei, and the others flew towards Huang Xiaolong from one of the world surfaces in the barrier.

They stood in the air tens of meters before Huang Xiaolong, inside the barrier.

Of course, the people accompanying Dun Ei were the regular Sovereign Realm experts. The King of Shadows and Lun Zhuan was nowhere to be seen.

"Huang Xiaolong, you finally showed yourself!" Dun Ei raised the divine spear in his hand and pointed the tip at Huang Xiaolong. "Today, you're definitely going to die! I'm going to take revenge for my son!"

Huang Xiaolong stared at Dun Ei with an expressionless face. "Do you really think that you can win because of this formation?"

"Hahaha! Huang Xiaolong, you have probably never heard of the Ancient Heavenly Formation! Let me tell you that the Ancient Heavenly Formation is comparable to the Array of Origin of the Radiance World! The Ancient Heavenly Formation is formed by fusing the strength of several hundred thousand grand formations, and every single one of them is powerful in its own right! Every single one of them can borrow the power of the world surface they are on to release earth-shattering strength! You should have seen how the barrier remained unaffected even with the combined attack of the three Skull Ancestors."

“Not to mention that the formation’s main function isn’t defense! With this formation, killing you is easier than flipping my hand! You’re nothing more than a dog that I can kill anytime I want!”

Dun Ei’s maniacal laughter resounded in everyone’s ears.

When they heard what Dun Ei said, Jiang Hong and Elan frowned.

“Junior Brother, let me do it. I’ll shatter the formation in an instant!” Jiang Hong turned around and spoke to Huang Xiaolong.

A sneer formed on Dun Ei’s face when he heard what Jiang Hong said. “Jiang Hong, boast all you want. Do you really think that as the number one expert in your Divine World, you’ll be able to do whatever you want? This is the Radiance World! Get lost and go back to your Grandmist Emperor Palace. Otherwise, you’ll be leaving your life behind today!”

A chilly light flashed through Jiang Hong’s eyes. “Why don’t I break your formation right now. We’ll see if I’m the one running away then!” As soon as the words left his mouth, he took a step forward. Purple light surrounded his hands, and the aura around his body rose without any signs of stopping. With the horrifying pressure coming from Jiang Hong’s body, even the spectators hiding in the dark felt like they were suffocating.

A loud roar emerged from Jiang Hong’s lips, and he slammed his palms towards the barrier of light.

As two balls of purple light emerged from his hand, they broke through space as they slammed into the barrier.

“Si si.” “Si si...” Sounds of tearing filled the sky as explosions echoed through the air.

As the barrier tried to stop Jiang Hong’s attack, it caved inwards until it could bend no more. With a loud pop, the barrier exploded.

Countless wails came from a distant world surface.

Dun Ei's expression changed, and all the Sovereign Realm experts he had brought with him stared at Jiang Hong with a solemn expression.

Jiang Hong's title as the strongest individual in the Divine World wasn't given to him for nothing! He deserved his title! When Chiyu saw the attack Jiang Hong used on the barrier, he knew that someone like him wouldn't be able to survive if Jiang Hong aimed the attack at him.

The two purple lights he sent out not only destroyed the outermost layer of the barrier, it even killed everyone responsible for protecting the formation!

When the experts from the Grandmist Emperor Palace saw Jiang Hong making a move to shatter the barrier, cheers erupted. The Radiance Knights didn't remain silent as they followed closely behind with the cheering.

Dun Ei eventually recovered from his shock as he chuckled in a low voice, "Huang Xiaolong, it doesn't matter even if you break the outermost layer of formations. Do you really think that you can destroy every single formation? Jiang Hong, didn't you waste quite a lot of your godforce previously? How many times can you execute your attack? A hundred times? Several hundred times?" Mocking laughter slowly emerged from Dun Ei's lips.

Even if Jiang Hong was able to shatter several hundred barriers, he would be doing nothing more than creating a tiny dent in the formation. It wouldn't affect the Ancient Heavenly Formation at all.

Jiang Hong's face sank.

However, a yell sounded out all of a sudden. "Be careful!"

Before anyone else could react, a massive explosion sounded out from behind Huang Xiaolong. A figure appeared in the air. It was a middle-aged man covered in blacklight, and he held a massive bone spike in his hand. It was clear that his aim was to assassinate Huang Xiaolong, but another Sovereign Realm expert stopped him.

"King of Shadows!"

“Cang Mutian!”

The two of them stared at each other in shock as their voices traveled through the air at the same time.

“What?! It’s the King of Shadows! He’s a terrifying existence comparable to the previous King of Hell!”

“Cang Mutian! The number one expert in the Kingdom of Devil Beasts! Even the Archdevil Lord had reservations about fighting him!”

The faces of all the ancestor-level figures watching the battle changed. They screamed in terror as soon as the two powerhouses appeared. It was as though a bomb exploded in their minds as they looked at the two legendary figures in front of them.

One could only call themselves overlords if they had the strength of either the King of Shadows or Cang Mutian. Even though every single Sovereign Realm expert was an existence that reigned supreme, a mid-level Sovereign was someone the likes of Chu Han, Chiyu, and the few other random Sovereigns couldn’t match up to. Even Jiang Hong, who was the number one expert of the Divine World, felt the blood draining from his face.

After blocking the assassination attempt, Cang Mutian disengaged, and he took several steps back. The King of Shadows knew that he wouldn’t get a second attempt, and he retreated.

The world seemed to come to a standstill as the two supreme experts faced off against each other.

“No wonder...” The King of Shadow’s cold voice sounded through the air. “Cang Mutian... Huang Xiaolong’s disappearance had something to do with you! It seemed as though he managed to eliminate all the sinister ghostly creatures inside you...”

Cang Mutian remained expressionless as he replied, “That’s right.”

As space started to ripple, the members of the Dragon Bear Race started to show themselves. Cang Zongyuan emerged from the shadows as well.

Dun Ei's face sank. That was Cang Mutian he was talking about! Even though he was the 'leader' of the Radiance World, he knew that he wouldn't be a match for an existence as strong as Cang Mutian! He had never expected that Huang Xiaolong would be able to convince someone like Cang Mutian to help him!

#### Chapter 2004: Old Monster Lun Zhuan

When everyone stared in shock at the sudden appearance of the King of Shadows and Cang Mutian, a flying wheel broke through the air as it flew towards Huang Xiaolong. Initially, it was the size of a tiny palm. However, in the blink of an eye, it enlarged to the size of a massive continent! It brought with it terrifying momentum as it shot towards its target.

Before it could slice Huang Xiaolong and the others in half, everyone saw how it tore through the stable space of the Radiance World like it was nothing more than rice paper.

The spectators felt a tremor running through their hearts.

Even a Second Order Sovereign like Elan felt the heaven-destroying pressure coming from the wheel. The look on her face changed in an instant.

"Protect His Majesty!" Elan yelled as she reached out to block the sneak attack on Huang Xiaolong.

As a Second Order Sovereign, Elan's spear could tear through a divine plane like it was nothing. However, when her spear slammed into the spinning wheel, she was sent flying like a kite whose string had broken. The divine spear was torn from her grasp, and it flew to god-knew where.

Even though Elan tried to block the blow, she barely managed to slow it down. After she was sent flying, the wheel slashed towards Huang Xiaolong.

A snort left the lips of Jiang Hong and the three Skull Ancestors in unison. In an instant, the four of them made a move at the same time.

Jiang Hong slapped forward, and resplendent rays of purple light lit up the air before him. The power behind his strike was many times more than that when he had smashed the barrier. The purple light quickly transformed into countless grandmist worms as they welcomed the spinning wheel. Displaying some of his might, the grandmist worms that appeared were comparable to thousand feet tall dragons.

The three Skull Ancestors didn't remain idle. They reached into the skies and sent out a palm that contained poison corpse qi that could corrode half a divine plane flying towards the wheel. Two scarily strong attacks went to welcome the massive flying wheel.

It was too bad the mighty looking grandmist worms were smashed the instant they came into contact with the spinning wheel. They turned into specks of purple light and disappeared. The attacks that the ancestors had sent out were no different. The poison corpse qi dissipated into nothingness.

Seemingly unaffected, the flying wheel continued to slash towards the few of them.

Cang Mutian and Cang Zongyuan's expression changed, and the looks on their faces twisted. Cang Mutian's palm that seemed to be able to cover the heavens reached out and tried to stop the flying wheel.

"Cang Mutian, your opponent is me!" The King of Shadows sneered, and the spike in his hand obstructed the way of Cang Mutian's palm.

Before the flying wheel could cut through Huang Xiaolong and the countless experts behind him, a staff materialized in its path. Even though it looked like a normal staff, the flying wheel that seemed unstoppable was sent flying the moment it collided with the staff.

Drawing a perfect arc in the sky, the wheel returned to the hands of a baby-faced giant man.

No one knew when he had appeared, but when Cang Mutian, Elan, Jiang Hong, and other Sovereign Realm experts saw the newcomer, a look of shock appeared on their faces.

"Old Monster Lun Zhuan!" Cang Mutian was the first to regain his calm, and he blurted out Lun Zhuan's name.

As the kid with the giant head retrieved his weapon, a smile slowly appeared on his face. "Cang Mutian, it seems like you're getting rusty."

Cang Mutian's expression sank.

He had no choice but to admit that he was no longer as strong as he was in the past.

Due to the black copper ghosts, his combat strength had been greatly affected.

All of a sudden, Lun Zhuan turned to stare at the space before him as a brilliant light flashed through his eyes. "Reverence Moon Old Man, it seems like you managed to gain quite a lot in the Rotting World."

Old Monster Lun Zhuan's voice pierced through space and resounded through the Reverence Moon Academy.

In the Reverence Moon Academy, every single expert present, student or teacher, heard his voice booming in their mind.

The Reverence Moon Old Man didn't ignore Lun Zhuan. He replied in an indifferent tone. "The same can be said for you. Your gains on the Heavens Path can rival mine, but you should leave. Even though Lord Wan Shi spared your life in the past, it doesn't mean that I'll spare your life today!"

When Lun Zhuan heard the Reverence Moon Old Man mentioning the event that had happened in the past, his blood started to boil. A murderous gaze appeared on his face, and he roared, "You old thing! Do you really think that I'm afraid of you?! You old undying b\*stard... If not for you, I wouldn't have become the monster I am today! Let me tell you right now, I'm going to kill that Huang Xiaolong, and there's nothing you can do about it! Even if you come, you won't be able to stop me!"

As soon as the words left his lips, Lun Zhuan swung his weapon out towards Huang Xiaolong once again.

Brilliant rays of light emerged from the giant wheel, and every single ray seemed to come from a different world. Each ray of light contained endless might.

A horrifying might that contained the power to shatter the heavens surged out from the wheel as it shot towards Huang Xiaolong.

Space around it started to collapse, and it seemed as though everything that blocked its path would be eliminated without mercy.

“Humph.”

“Too stubborn...” The Reverence Moon Old Man’s voice broke through space and resounded in the minds of everyone present.

The staff that had stopped the wheel appeared once again. This time, it looked different from before. It emitted resplendent rays of light, and it was as though the old man’s stick from before had turned into a supreme treasure. It contained endless might, and runes with the laws of the world were inscribed on it. From the aura each rune was giving off, there was no doubt that a single one would be enough to destroy a world surface.

Boom!

The heavens and earth shook when the two weapons collided.

The world turned upside down, and it was as though Armageddon had arrived.

As the impact from the collision started to spread, the hundreds of divine planes around the battlefield shook. The experts who were hiding in the darkness to observe the battle felt their blood draining from their faces as they hastily retreated. Cang Mutian had to protect Huang Xiaolong and the others while they retreated from the scene of impact.

Like before, the giant wheel was sent flying. However, the Reverence Moon Old Man no longer held back. Previously, he had stopped after preventing the wheel from slicing Huang Xiaolong into two. Right now, his staff shot towards Lun Zhuan without any signs of slowing down.

Old Monster Lun Zhuan’s face finally changed.

“Brother Lun Zhuan, let me assist you!” The King of Shadow yelled suddenly, and he reached out to stop the Reverence Moon Old Man’s staff. With the King of Shadow’s assistance, Lun Zhuan gathered his strength as he sent both his palm flying out towards the incoming staff.

As four palms landed on the staff at the same time, the world seemed to lose its color.

Boom!

With the King of Shadows’ help, Lun Zhuan managed to block the Reverence Moon Old Man’s staff. However, blocking it didn’t mean that they managed to escape unscathed. Both of them were sent retreating, and they were sent flying several tens of thousands of miles away.

Staring at each other, Lun Zhuan and the King of Shadows saw the look of shock in each other’s eyes. It was clear that the strength the Reverence Moon Old Man displayed had wildly exceeded their expectations.

When Dun Ei and the Sovereigns on his side saw what had happened, the expressions on their face changed as well. They knew exactly how strong the King of Shadows and Old Monster Lun Zhuan were. When they saw the both of them flying away from a single strike from the Reverence Moon Old Man, they couldn’t believe their eyes.

Moreover, the Reverence Moon Old Man was sending his attack through space as he remained in the Reverence Moon Academy. If he came over, no one knew if they would be able to stand up to him.

Before anyone could react, the King of Shadows and Lun Zhuan retreated and returned to the side inside the barrier.

When they entered the protective barrier of the Ancient Heavenly Formation, they heaved a sigh of relief.

Lun Zhuan turned to the direction of the Reverence Moon Academy and sneered, “Old thing, I have to admit, your strength exceeded my expectations. It seems like you’re not too far off from the strength Lord Wan Shi displayed in the past. It’s too bad our Ancient Heavenly Formation can’t be broken. So

what if you're strong? You won't be able to break our formation!" After he addressed the Reverence Moon Old Man, he turned to glare at Huang Xiaolong. "If you make Huang Xiaolong take out half of the Radiance Ancestor's inheritance, I'll leave. I will no longer bother with the matters of the Radiance World."

Chapter 2005: Kill Huang Xiaolong!

"What?!"

Old Monster Lun Zhuan's suggestion shocked everyone.

Even Dun Ei started to panic. He had burned a hole in his treasury in order to bring Old Monster Lun Zhuan over to his side. Right now, his strongest backing was negotiating with his enemies!

"Senior Lun Zhuan, this..." Dun Ei was no longer able to hide his fury.

Lun Zhuan turned to stare at Dun Ei, and he said in a cold voice, "What? Do I need you to teach me how to do things?"

Dun Ei hastily retracted the frown on his face. Instead, he slowly forced out a smile. "No, no, no... I wouldn't dare..."

The King of Shadows spoke out suddenly while Dun Ei was busy dealing with Lun Zhuan. "Huang Xiaolong, if you give me the City of Eternity, I'll leave as well. I won't care about the matters of the Radiance World any longer."

It was clear that he was only speaking about the matters of the Radiance World. When it was time for the Heavenly Court to deal with Huang Xiaolong in the future, he would definitely lend them a hand.

Huang Xiaolong stared at Lun Zhuan, and the King of Shadows as a smile slowly appeared on his face. A mocking sneer eventually left his lips. "I think that you two have a hole in your brain. Are you mentally disabled? Am I supposed to give out my treasures to any mid-grade Sovereign who comes along?! Stop dreaming about getting half of any treasures or my City of Eternity. I won't give you even half a broken rock in the treasury, and neither will you be able to obtain the dust from my City of Eternity."

The King of Shadows and Lun Zhuan stared at Huang Xiaolong in shock.

They had felt that it was more than fair to ask Huang Xiaolong for some of his treasures in order to leave the battle. After all, if they didn't assist Dun Ei, Huang Xiaolong would be able to unify the Radiance World!

He wouldn't be suffering a loss even if he gave them half of the Radiance Ancestor's treasures and the City of Eternity.

However, he dared to mock them!

"Fine, since that is the case, we shall stop at nothing to kill you! Huang Xiaolong, prepare to die! We shall kill you and take the entire treasury!" Lun Zhuan raged, "Killing you is nothing more than stepping on an ant! Do you really think that you will be able to avoid death with the help of Cang Mutian and the Reverence Moon Old Man?!"

As soon as he spoke, the wheel in his hand shot out once again. It pierced through space and appeared before Huang Xiaolong in an instant.

From inside the barrier, he could do anything he wanted to those outside the barrier. However, those outside the barrier had to break through the formation before they could touch those inside it. As such, Lun Zhuan had no fear of the Reverence Old Man as long as he remained inside the barrier. No matter how strong the Reverence Moon Old Man was, he wouldn't be able to do a thing to Lun Zhuan.

When Lun Zhuan sent his wheel slicing towards Huang Xiaolong for the third time, he no longer used brute force. The wheel broke into ten thousand smaller wheels, and they flew towards Huang Xiaolong from all directions. Every single wheel could kill an ordinary Third Order Sovereign, and one could only imagine the strength needed to defend against Old Monster Lun Zhuan's attack.

The King of Shadows didn't remain idle either. He roared with rage. "Huang Xiaolong, right now, I'll kill you and take more than your City of Eternity! I want your Divine Radiance Scepter as well!" The bone spike in his hand shook, and it turned into a massive White Bone Devil God. Devil flames rose to the heavens as it vaporized everything around it.

The White Bone Devil God stretched out a single arm and slapped towards Huang Xiaolong.

Elan, Jiang Hong, and the others felt their hearts drop.

Roar!

Cang Mutian raised his head and released a cry that shook the countless divine planes around the battlefield. As his figure blurred, he returned to his true form. A massive Dragon Bear appeared before Huang Xiaolong. With the head and tail of a dragon and body and limbs of a bear, Cang Mutian seemed like he was an unmovable mountain as he reached his paws out to block the White Bone Devil God's attack.

The Reverence Moon Old Man's wooden cane appeared once again. This time, it emitted resplendent rays of light as it pierced through the light barrier that Lun Zhuan was so confident of. A pillar that seemed to pierce through the world slammed directly into the tiny wheel in the middle of all the others.

When his wooden cane slammed into the wheel, a tiny crack appeared on the wheel's surface, and all the other wheels disappeared.

As Huang Xiaolong turned his attention back to Cang Mutian, he realized that the White Bone Devil God was sent flying as the King of Shadows retreated several steps.

Cang Mutian was no weakling. As a mid-Fourth Order Sovereign, when he transformed into his true form, Chang Mutian was even stronger than the King of Shadows, who was at the late-Fourth Order Sovereign Realm.

Huang Xiaolong didn't remain idle either. With a dragon's roar emerging from his lips, endless light shot out from his body. From afar, he looked like a massive sun emitting rays of radiance energy. As the intensity of light around his body increased, the fluctuations in the space of the Radiance World became more intense.

Radiance Spirits poured into the battlefield, and they started to merge. In an instant, an army of several tens of thousands of Radiance Spirit Generals was formed.

Even though their strength couldn't be compared to Huang Xiaolong, every single one of them was at the very least in the Emperor Realm.

Any single one of them could kill a mid-First Order Emperor.

Under the shocked gazes of everyone present, the Radiance Spirit Generals broke through space and crossed the barrier as though it didn't exist.

They crossed the barrier without the slightest bit of resistance!

"Kill!"

As soon as the Radiance Spirit Generals entered the space within the barrier, they started their killing spree. Of course, none of them charge towards the Sovereign Realm experts. Instead, they swarmed towards the cultivators who were guarding the formation on the various world surfaces.

Before long, miserable cries echoed through space as the formations Dun Ei had ordered to be set up were shattered to pieces.

"Hurry up, stop them! Kill them all!" Dun Ei turned to all the pontiffs under him and roared with rage.

After snapping back to reality, all of them realized that the situation was bad. In an instant, all of them flew towards the Radiance Spirit Generals and started their killing spree. It was too bad they quickly realized that it was useless. No matter how hard they tried, they couldn't kill any of the Radiance Spirit Generals. Even if their attacks landed on the heads of the spirits, the Radiance Spirit Generals would revive instantly.

"It's Huang Xiaolong! Hurry up, kill Huang Xiaolong!" Dun Ei realized the problem as well, and he turned his attention back to his source of troubles.

The experts behind him no longer hesitated as they charged towards Huang Xiaolong.

“Kill!” Huang Xiaolong wasn’t one to stand by idly and allow the opponents to make the first move. He turned around and passed down his order to the bishops of the Radiance Knight Corp behind him.

With a single order, the entire Radiance Knight Corp sprung into action. The bishops led the knights as they surged towards the experts from the Radiance Divine City.

As the Radiance Spirit Generals broke the formations one after another, the Radiance Knight Corp managed to kill their way towards the members of the Radiance Divine City quickly. The battlefield erupted into chaos.

Elan, Jiang Hong, Cang Zongyuan, and the three Skull Ancestors quickly brought their own troops and charged into the midst of the battle.

In an instant, the silver river that was the Radiance Knight Corp entangled with the army of the Radiance Divine City.

As corpses filled the skies, the stench of blood saturated the air. Killing intent shook the skies, and a bitter battle raged on.

#### Chapter 2006: Battle over a World

The Radiance Knight Corp and the army from the Radiance Divine City contained more than ninety percent of the Radiance World’s fighting force!

The might of the Radiance World was only second to the five Greater Worlds. One could only begin to imagine the strength of ninety percent of the Radiance World’s fighting strength.

If the Divine World were to gather ninety percent of all the Emperor Palaces and superpowers’ strength, it would be somewhat stronger than that of everyone on the battlefield of the Radiance World right now. Of course, there were existences of mega superpowers like the Grandmist Emperor Palace, Brightness Emperor Palace, or other ancient superpowers in the Divine World. However, the Radiance World wasn’t too far behind! How many trillions of experts would they be able to gather?!

It was a number no one could count.

As soon as the Radiance Knight Corp clashed with the Radiance Divine City's troops, corpses littered the air.

As the corpses slammed into the world surfaces all around, mountains were flattened, and rivers overflowed—mountains of corpses formed around the various surfaces and cities.

Even the experts who were used to bloodshed sucked in a cold breath when they looked at the scene before them.

This was the battle to take over a world!

No one would be able to remain unaffected when they saw the massive battle happening before them.

There were also existences like the Reverence Moon Old Man, Cang Mutian, the King of Shadows taking part in the battle. It could be said that it was a battle of epic proportions!

Even the superpowers from the various worlds surrounding the Radiance World paid attention to the battle.

In the Heavenly Court's main hall in the Divine World, Di Jun had long since gotten someone to open the Mysterious Transmission Mirror to watch the battle going down in the Radiance World in real-time. Many experts from the Heavenly Court had their eyes glued to the screen.

Not only had Di Jun sent over experts from the Heavenly Court to assist Dun Ei, but he had even sent ten billion Heavenly Soldiers over to boost Dun Ei's military strength.

Of course, they had long since changed into the armors of members of the Radiance City, and they were currently embroiled in a battle with the Radiance Knight Corp.

It was too bad that the Radiance Knights had completely suppressed the Heavenly Soldiers from the Heavenly Court. Their casualty count rose quickly, and Di Jun's expression sank deeper and deeper.

Even though ten billion Heavenly Soldiers were nothing to the Heavenly Court, they were part of the elites! He had used tons of resources in order to cultivate them to the level they were at currently!

"I never expected Huang Xiaolong to be able to convince that old freak from the Dragon Bear Race to help him..." Xiao Yi, who was standing behind Di Jun, spoke all of a sudden. A trace of worry appeared in his eyes. "The strength of the Reverence Moon Old Man is nothing to look down on either. He has become extremely terrifying..."

The Grand Marshals and Marshals present in the hall didn't dare to breathe loudly.

Finally, Marshal Yu Shi broke the silence. "Even if the Reverence Moon Old Man possesses horrifying strength, it is impossible for Huang Xiaolong to take Radiance Divine City down. Dun Ei has the support of our Heavenly Court and the Fire World! Not to mention the Massacring Gods Gate... He won't lose! Huang Xiaolong will definitely be defeated!"

Heavenly Emperor Di Jun stared at the screen, and he refused to open his mouth.

"Your Majesty, why don't we send more troops over to assist them?" Xiao Yi turned to Di Jun and asked cautiously.

Whatever the case, the battle was extremely important to the Heavenly Court. If Huang Xiaolong really managed to bring Dun Ei down, the power he commanded would increase once again. It would be extremely likely that his spear would point to the Heavenly Court if he managed to take Radiance Divine City down.

When that happened, the Heavenly Court would no longer be able to stop Huang Xiaolong.

"That's right. Your Majesty, we should hurry up and send more troops over to Radiance Divine City!" Another Grand Marshal of the Heavenly Court piped up.

Before long, everyone in the hall voiced their agreement and persuaded Di Jun to send additional assistance to Dun Ei in the Radiance World.

A ruthless look flashed through Di Jun's face, and a murderous look filled his eyes. "Alright. We shall send another three hundred billion elite soldiers! I refuse to believe that Huang Xiaolong will be able to unify the Radiance World!"

Three hundred billion elite Heavenly Soldiers!

Everyone sucked in a cold breath when they saw Di Jun's determination to stop Huang Xiaolong.

Even Xiao Yi was stunned. He was the person who had suggested sending reinforcement, but three hundred billion elite troops were out of his expectations. After all, they were talking about three hundred billion elites, not three hundred billion ordinary soldiers!

No matter how the outside world claimed that the Heavenly Court had trillions of elite troops, three hundred billion was no small amount!

Di Jun turned to stare at them with bloodshot eyes, and he growled, "Send a message to Dun Ei. If he fails to defeat Huang Xiaolong, he doesn't need to wait around for Huang Xiaolong to execute him. I'll do it myself!"

"Yes, Your Majesty!"

.....

Back in the Radiance World, Huang Xiaolong sent out punches one after the other. Every time his fist landed, a Fourth Order Emperor from Radiance Divine City would explode into a mist of blood.

Beside him, there were one hundred Undead Race Netherguards, several dozen Ice Dragons, and twelve-winged angels. He killed his way around the battlefield without any resistance.

As Dun Ei stared at Huang Xiaolong, who was wantonly killing the Emperor Realm experts from his Radiance Divine City, he couldn't control his anger, and he raged, "Huang Xiaolong if you have the guts, fight me like a man!"

As soon as the words left his lips, the experts from the other worlds shook their heads and sneered, "Is he stupid? A peak late-Tenth Order Emperor like him wants to challenge Huang Xiaolong to a one on one battle...?"

Even the pontiffs who were standing beside Dun Ei felt their faces redden.

When Dun Ei's voice resounded in Huang Xiaolong's ears, he sent another punch and smashed a mid-Fourth Order Emperor from the Radiance Divine City to bits. He glanced at Dun Ei from the corner of his eye and said, "Fight you like a man? I won't bully you. Every single one of my Netherguards here is at the late-Tenth Order Emperor Realm. If you manage to fight any one of them and kill them, I'll accept your challenge."

Dun Ei's expression sank.

Even though the Netherguards behind Huang Xiaolong were at the late-Tenth Order Emperor Realm, they were from the Undead Race! He was clear about how terrifying the members of the Undead Race were! They were basically unkillable! Not to mention the one hundred Undead Netherguard puppets the King of Hell had refined personally. Even if he was at the limit of the peak of the late-Tenth Order Emperor Realm and had the ability to step into the Sovereign Realm at any time, he wasn't sure that he could kill a single Netherguard!

Huang Xiaolong paused all of a sudden, and the Heart of Hell in his body started to pulse. Traces of black light emerged from his body, and an earth-shattering roar broke the skies. It was as though the roar pierced through the rivers of time to arrive in their ears, and it contained a world-destroying might.

The heaven shaking sound shook the souls of everyone present!

"This?!" Chiyu's expression changed. He yelled to all his comrades. "Everyone, you need to be careful! This is an ability from the Heart of Hell! It feeds on our inner demons! Rid yourself of all distracting thoughts!"

He knew the horrors of the Heart of Hell. It had long been imprinted in his mind. When he was on the battlefields of hell, Huang Xiaolong had used the exact same move to force the ancestors of the Black Killer Devil Sect, Hundred Transformations Sect, and Lightning Beast Valley to fight among themselves! He had controlled them with the help of the Heart of Hell, and they had turned on one another!

Dun Ei's expression changed once again. He was shocked and angered at the same time. "Hurry up, activate the Radiance Heart Cleansing Mantra!"

Previously, he had heard about Huang Xiaolong's terrifying battle accomplishments in Hell. He had long since taken precautions against the Heart of Hell by passing down the Radiance Heart Cleansing Mantra to all the pontiffs under him.

The Radiance Heart Cleansing Mantra could destroy all demonic obstructions in one's heart.

As soon as Dun Ei gave his order, the pontiffs started to chant the Radiance Heart Cleansing Mantra. Runes appeared one after another and cleansed the area.

The runes were sent into the bodies of the bishops under them, who were controlled by their heart demons unendingly.

## Chapter 2007: Crushing the Brightness Emperor

As the runes entered the bodies of those controlled by their inner demons, they slowly opened their eyes as they snapped back to reality.

When Dun Ei saw the unclouded look in their eyes, he knew that it was a matter of time before they snapped back to reality.

Dun Ei roared with laughter, "Huang Xiaolong, your Heart of Hell is nothing more than decoration when faced against me! My Radiance Heart Cleansing Mantra can stop you from controlling the inner demons of my troops! What other tricks do you have up your sleeves?"

Dun Ei's laughter got louder and louder as it boomed across the battlefield.

“Is that so?” Huang Xiaolong remained indifferent as he stared at Dun Ei, who was laughing his face off.

Before Dun Ei could react, the bishops who seemed to have regained their clarity turned berserk once again. They attacked those around them in a maniacal fashion, regardless if they were allies or foes.

Dun Ei choked on his laughter, and he stared at the scene before him in shock.

“Hurry! Continue to chant the Radiance Heart Cleansing Mantra!” Dun Ei roared at the pontiffs behind him.

It was too bad no matter how many runes entered the bodies of the bishops Huang Xiaolong controlled, they were completely useless.

“This is not possible! The Radiance Heart Cleansing Mantra is the strongest heart cleansing method! It can stop all evil! What’s going on?!” Dun Ei stared at Huang Xiaolong with a crazed expression in his eyes.

If his Radiance Heart Cleansing Mantra was really unable to awaken all the bishops controlled by Huang Xiaolong, things would get out of hand. It wouldn’t take a genius to figure out what would happen when so many experts turned against him.

Huang Xiaolong stared at Dun Ei and snickered under his breath. The Heart of Hell’s power wasn’t something the likes of Dun Ei could figure out. If his Radiance Heart Cleansing Mantra could stop the attack from the Heart of Hell, it wouldn’t deserve its name as the Heart of Hell.

Everyone had inner demons. There was no need to mention Emperor Realm experts when even Sovereigns could not free themselves from all desires. Without a pure heart, one would never be able to escape from the control of the Heart of Hell.

Of course, there were limits to the strength of the Heart of Hell. With Huang Xiaolong’s current strength, he could only control those who were Fifth Order Emperors or weaker.

If he were to try to control anyone stronger, the effects wouldn't be as good.

As he controlled the experts to turn around and kill the Radiance Divine City's army, he turned to look at an old man located somewhere on the battlefield. The old man had a strange tattoo in the space between his eyebrows, and there was a calm look on his face as he killed his way around.

Every time he waved his arm, a huge group of Radiance Knight would turn into ash. Even if they were archbishops from the Radiance Knight Corp, they couldn't avoid disaster.

Lu Kun!

The old man was the traitor of the Netherworld King's Organization, Lu Kun!

He was the reason a ton of Senior Commanders, Junior Commanders, supervisors, and even disciples had betrayed the Netherworld King's Organization.

Seemingly able to feel the killing intent coming from Huang Xiaolong, Lu Kun sent an archbishop from the Radiance Knight Corp flying with a single palm before turning to face him. His sharp gaze pierced through space and landed on Huang Xiaolong's body.

His gaze was an ancient soul attacking art, and even high-level Emperors wouldn't be able to escape unscathed from Lu Kun's sudden attack,

It was too bad that the Moon Jade heavenly Spiral Shell in Huang Xiaolong's godsea emitted a brilliant silver glow to withstand Lu Kun's sneak attack. Huang Xiaolong's Emperor will turned into a tiny chaos ax ready to defend him at any time.

When Lu Kun's soul attack smashed into the Moon Jade Heavenly Spiral Shell and the tiny chaos ax, a ringing sound echoed in Huang Xiaolong's head. However, he felt nothing.

"Huh?" Lu Kun stared at Huang Xiaolong in shock. He never expected Huang Xiaolong to stop his attack so easily.

“Huang Xiaolong!”

“Lu Kun!”

Their gazes met, and they saw the burning killing intent in each other’s eyes.

They wanted nothing more than to tear each other into pieces.

“Lu Kun, you betrayed the Netherworld King’s Organization. Based on our rules, you shall receive the death sentence!” Huang Xiaolong glared at Lu Kun coldly.

Lu Kun burst into laughter the moment he heard what Huang Xiaolong said. He pointed at Huang Xiaolong and started to curse, “Huang Xiaolong, are you going to be meting out the punishment? With your strength? Don’t kid yourself. Do you think that the little id\*ots around you will be able to do anything to me?” Without a doubt, Lu Kun felt that the Netherguards and angels around Huang Xiaolong wouldn’t be able to do a thing to him.

“The winner is always the king. Since the beginning of time, the winner has always been right. Stop calling me a traitor. As long as I kill you today, I can say anything I want! I’ll tell everyone that you conspired with the Radiance Knights to drive the Netherworld King’s Organization to ruin. As long as I kill you, I will be the savior of the Netherworld King’s Organization!”

“If not for you, I would have already been in control of the entire organization! I would be the ruler of all three worlds in Hell!”

A surge of killing intent left Lu Kun’s body the moment the words left his mouth. His body transformed into a ray of light as he charged at Huang Xiaolong.

The ray of light that was flying at Huang Xiaolong wasn’t made up of afterimages. It was an actual ray of light that was shooting towards Huang Xiaolong.

In the blink of an eye, Lu Kun’s palms were already flying towards Huang Xiaolong’s face...

“Junior Brother, be careful! That’s the Myriad Appearances Demonic Art!” Jiang Hong yelled at Huang Xiaolong.

The Myriad Appearances Demonic Art was one of the strongest techniques in Hell. As long as one completely comprehended the technique, that person could transform into anything they wanted. That was real transformation, and it wasn’t a mere illusion. The only person who had managed to cultivate the Myriad Appearances Demonic Art was the Myriad Appearances Demon in the past.

After the King of Hell had killed him, no one had successfully cultivated his special technique.

Right now, it seemed as though that wasn’t true. Lu Kun had already achieved some accomplishments in the technique.

When Huang Xiaolong heard Jiang Hong’s warning, his heart constricted. Luckily for him, he had already made his preparations. The instant Lu Kun made his move, the City of Eternity emerged from his body. Blinding light appeared in the space before him as the twelve angels arranged the Radiance Formation to defend Huang Xiaolong.

The one hundred Undead Netherguards didn’t remain idle. They arranged the Undead Formation in an instant to defend against Lu Kun’s attack.

The Four Spirits Divine Armor appeared around Huang Xiaolong’s body in a flash as the four divine spirits appeared to protect him.

Boom!

The City of Eternity and the two formations slammed into the beam of light at the same time.

However, that didn’t seem to be all. A glowing sword appeared behind Huang Xiaolong and pierced towards his heart. The four divine spirits were shattered instantly, and the tip of the sword continued to pierce towards Huang Xiaolong. Right before Huang Xiaolong turned into a human skewer, four figures appeared behind him. They didn’t hesitate as they sent the person who carried out the sneak attack flying.

Bang!

A figure shot out, and the sword in his hand flew away.

When Huang Xiaolong turned to look at the assassin, he realized that it was the Brightness Emperor, Lan Zhi. Lan Zhi vomited mouthful after mouthful of blood, and he stared at the four odd beasts with a face full of shock.

Before he could react, the four odd beasts had already transformed into beasts several tens of thousands of feet tall. They started their attack, and palms rained down on Lan Zhi.

“Lan Zhi, since you’re here, you don’t have to leave!” Huang Xiaolong revealed a frosty look in his eyes and glared at Lan Zhi.

Lan Zhi panicked and wanted to run, but more than seventy ice dragons appeared behind him before he could escape. Waves after waves of frigid qi surged towards Lan Zhi.

The sheer amount of frigid qi froze everything around Lan Zhi, and even the space around him was affected.

Unable to move, Lan Zhi could only watch as the four odd beasts’ attack arrived before him.

“No!” As though he had already seen his gruesome end, Lan Zhi yelled in shock and terror, “Senior Brother, save me!”

Before Dun Ei could do anything, eight palms landed on Lan Zhi’s body. He exploded into a mist of blood before Dun Ei could utter a single word.

Chapter 2008: The Revival of the Radiance Ancestor?!

Lan Zhi wasn’t even able to complete his cry for help when he was turned into a mist of blood by the four odd beasts.

His godhead floated in mid-air, and spider web-like cracks formed on its surface. If any other peak late-Tenth Order Emperor had been in his place, they would be dead beyond a doubt if they were reduced to that state. However, that was Lan Zhi they were talking about. Everyone could feel that there was a trace of life left in his godhead.

A trace of light slowly emerged from the depths of his godhead.

It was too bad that a tiny chaos ax formed in mid-air and slammed down on Lan Zhi's broken godhead. A loud explosion resounded in the air as Lan Zhi's godhead exploded into a million tiny pieces.

The Brightness Emperor, Lan Zhi, was dead!

When the bishops and pontiffs of the Radiance Divine City saw what happened to Lan Zhi, they felt a tremor running through their hearts.

That was Brightness Emperor Lan Zhi they were talking about! He was the master of the second-ranked Emperor Palace in the Divine World! His prestige didn't lose out to Feng Chu of the Fiend God Emperor Palace in the slightest, and his name had resounded through the Divine World for countless years!

Not to mention that Lan Zhi was the junior brother of Dun Ei, the self-proclaimed leader of the Radiance World! His reputation in the Radiance World was unshakable! However, he was dead!

His death shocked everyone from the Radiance World.

After the tiny chaos ax smashed Lan Zhi's godhead into smithereens, it disappeared. It was as though it had never appeared in the first place.

Without a doubt, the ax that destroyed Lan Zhi's hopes of surviving was the manifestation of Huang Xiaolong's Emperor's will. It was the strongest blow Huang Xiaolong could muster!

"Huang Xiaolong!" Dun Ei glared at Huang Xiaolong with bloodshot eyes. He threw a massive seal in the air and sent it flying towards Huang Xiaolong with his killing intent piercing the heavens.

The massive seal he threw was comparable in size to a mountain, and it emitted rays of brilliant light. There were countless arrays lining it, and even the strongest arrays present in the Radiance World could be seen shining on the surface of Dun Ei's seal!

The seal was none other than the Radiance Divine Seal!

In the eyes of the pontiffs and significant superpowers, the person who held the Radiance Divine Seal was the leader of the Radiance World!

As the seal appeared in the space above Huang Xiaolong's head, it smashed downwards without the slightest warning.

Lu Kun, who had been forced to retreat by the City of Eternity and the twelve winged angels, transformed into a massive blade that slashed towards Huang Xiaolong.

With the threat of the Radiance Divine Seal smashing him into a paste, a brilliant light emerged from the top of Huang Xiaolong's head. Sixteen wings appeared behind him, and radiance divine runes swirled around them. A trace of mysterious energy surged out from the runes without any signs of stopping.

Seemingly able to feel the resonance from Huang Xiaolong's sixteen wings, the Radiance Divine Seal started to slow down. It eventually came to a stop right before it smashed Huang Xiaolong into a paste.

As for the massive blade Lu Kun had transformed himself into, he was stopped by the City of Eternity and Huang Xiaolong's twelve winged angels along with the one hundred Undead Netherguards.

Boom!

Blade qi erupted from the point of collision and slashed into all the unlucky troops of the Radiance Divine City who failed to dodge in time. They couldn't even cry out in pain when Lu Kun's blade qi slashed them to bits as they were completely vaporized the instant they came into contact with it.

When the blade qi landed on Huang Xiaolong's Four Spirits Divine Armor, he stumbled several steps backward.

Despite the tiny setback Huang Xiaolong faced due to Lu Kun, Dun Ei wasn't happy at all. Instead, a gloomy expression hung on his face as he desperately tried to recall the Radiance Divine Seal. No matter how hard he tried, it wouldn't listen to his command. It was as though he had lost all connection with it!

"This... This is not possible!" Dun Ei roared.

He had refined the Radiance Divine Seal for several hundred million years. It had long turned into his possession. Losing connection with it wasn't supposed to happen!

Sixteen wings!

Huang Xiaolong's sixteen wings!

He glared at the eight pairs of wings on Huang Xiaolong's back with hatred burning in his eyes. It was clear that he wanted to tear them off his back before blasting them into nothingness!

"Nothing is impossible," Huang Xiaolong sneered. "Dun Ei, I have already accepted the Radiance Ancestor's inheritance. The sixteen wings are formed with the power of his inheritance. It's formed from the origin power of the Radiance World. The Radiance Divine Seal was created by the Radiance Ancestor using the Radiance World's origin energy. As long as the seal enters the area controlled by the aura of my sixteen wings, it will belong to me!"

Huang Xiaolong had thought that he wouldn't be able to force Dun Ei to take the Radiance Divine Seal out. If Dun Ei refused to take it out, he would never be able to obtain the Radiance Divine Seal. From the looks of things now, it seemed as though he had thought too much.

However, terrifying shockwaves soon blasted Huang Xiaolong before he could rejoice.

Turning around, Huang Xiaolong looked at how the Ascending Moon Old Man suppressed Old Monster Lun Zhuan. Cang Mutian was locked in a fierce battle with the King of Shadows, and Elan was fighting

against Chiyou. Jiang Hong fought tirelessly against Chu Han of the Massacring Gods Gate, as Cang Zongyuan smashed Lin Cheng's face in.

The five massive battles between the ten Sovereigns caused the space around them to collapse as chaos airflow appeared in the fractures of space they caused.

Some of the world surfaces that were located closer to the Sovereigns' battlefield started to collapse even though the ten of them didn't target them. The earth cracked, the mountains shattered, and the seas turned over. Rivers flowed in reverse, and cities crumbled to the ground.

Huang Xiaolong no longer bothered about the battles between the Sovereigns, and he turned his attention back to Lu Kun. The Radiance Divine Scepter appeared in his hand as he swiped it towards Lu Kun with a sudden flick of his wrist. Radiance Divine Flame that covered an area of several hundreds of thousands of feet around the cane shook the galaxies around them. Summoning the Heavenly Hall, Huang Xiaolong held nothing back as he controlled the Radiance Divine Seal to smash towards Lu Kun at the same time. The three most important artifacts of the Radiance World surrounded Lu Kun in an instant.

When the three artifacts formed a perfect triangle, they emitted a horrifying pressure, and a beam of light pierced the heavens. As though the sun itself was undergoing a supernova, the beam of light illuminated the entire world. Even the experts who were hiding far away could see the massive pillar of light.

In the next instant, a massive figure made from light emerged from the pillar of light. Everyone in the Radiance World stared at the figure in shock.

"That... That's the Radiance Ancestor! Is this the revival of the Radiance Ancestor?!"

"No! That's the soul imprint of the Radiance Ancestor!"

Countless experts saw the massive figure of light, and shock gripped their hearts.

When the three supreme artifacts of the Radiance World resonated with each other, they managed to awaken the trace of the soul the Radiance Ancestor had left behind!

Even though it was only a trace of his soul, it possessed the entire might of the Radiance World. The experts watching the battle were terrified, and Dun Ei felt his body trembling like a leaf in the wind.

The massive figure flipped his palm as everyone was staring at it in shock. Radiance energy started to gather in its palm, and it was as though it held the entire might of the Radiance World in its hands. Without hesitation, it slapped downwards at Lu Kun.

Even though Lu Kun had already entered the Sovereign Realm and had cultivated the Myriad Appearances Devil Art, he couldn't help but stare at the attack in shock. He knew that if the palm landed on him, he would be dead beyond a doubt.

With his cultivation, there was no way he could avoid the attack! After all, he had broken into the Sovereign Realm not too long ago!

Lu Kun raised his head to the heavens and released a guttural cry. Blacklight poured out from his body, and a pitch-black armor appeared around him. A crimson devil scorpion could be seen on the armor's chest plate, and the devil scorpion had two heads. There were violet devil runes that ran around the armor.

"That's the top-grade grandmist artifact, the Crimson Scorpion Armor!"

Several old monsters recognized the armor, and they gasped in shock.

Lu Kun didn't dare to dally as something else appeared in the space above him. The object that appeared was like the alms bowl a monk would bring around with them, but countless ghastly creatures roamed around inside it.

"That's the Ghost Bowl!"

The Ghost Bowl was another high-grade grandmist artifact!

Lu Kun poured his energy into the Crimson Scorpion Armor and the Ghost Bowl as he took on the palm flying towards him.

Buzz!

In an instant the palm landed on him, it was as though the world fell apart.

The Ghost Bowl was sent flying, and it failed to stop the giant palm for even a fraction of a second. As Lu Kun's last line of defense, a massive crimson scorpion appeared from his armor.

Lu Kun raised both his arms and summoned all the strength he had left in him to resist the palm strike.

With him focused on the giant palm, he failed to notice Huang Xiaolong's actions. A mirror appeared in Huang Xiaolong's hand, and no one knew when it appeared. The instant it made its appearance, a supreme demonic might enveloped the world, and terror gripped the hearts of everyone present.

#### Chapter 2009: Shi Ming's Appearance

At almost the same instant, everyone's gaze landed on the mirror in Huang Xiaolong's hand. Even the Sovereigns who were locked in a fierce battle stopped moving and turned to look at Huang Xiaolong.

The mirror seemed to be able to gather all the darkness and frigid yin energy between the heavens and earth. In that instant, Huang Xiaolong seemed to have turned into the controller of yin and yang itself, governing the laws of life and death itself.

"Could it be?!" Jiang Hong exclaimed in shock.

"That's the Nine Yin Magic Mirror!" A voice echoed through the air. Even though the volume wasn't too loud, it contained a destructive power as it resounded in the ears of everyone present.

Nine Yin Magic Mirror!

Everyone felt as though a bomb had gone off in their minds.

The Nine Yin Magic Mirror was the supreme treasure of the Nine Yin Giant Corpse Tribe. In the past, Shi Ming had killed his way into the Divine World with the Nine Yin Magic Mirror in his hand. The might of the mirror had long been imprinted into the minds of everyone who had heard of the catastrophic battle. The mere mention of its name would chill the hearts of many.

Some people even claimed that the Nine Yin Magic Mirror was only second to the Ancient Heavenly Court!

It would be the second-ranked treasure in the myriad of worlds!

One could easily imagine the power the wielder of the mirror possessed.

When Lu Kun saw the mirror appearing in Huang Xiaolong's hand, his mind turned blank. He forgot about the massive palm slamming down towards him, and his heart started racing.

It was too bad Huang Xiaolong wasn't going to wait for everyone to digest the fact that he had the Nine Yin Magic Mirror. He poured darkness energy from his Archdevil Supreme Godhead into it without letting up. After accepting the King of Hell's inheritance, he could control the strongest frigid yin qi from hell. Along with the darkness energy from the Archdevil Supreme Godhead, Huang Xiaolong activated the Nine Yin Magic Mirror. A horrifying pillar of black light shot into the sky.

Boom!

All the light in the Radiance World was swallowed by the pillar of darkness. In the face of the supreme darkness, even light itself would have to retreat. Nothing seemed to be able to stop or hinder the appearance of the pillar of darkness.

With incredible speed, the pillar of darkness appeared before Lu Kun.

Before the pillar of darkness could smash into him, Lu Kun already felt his blood flowing in reverse. He could feel the energy in his body freezing up, and a feeling of helplessness filled him.

Lu Kun raised his head to roar at the heavens. Instead of blocking the giant palm, Lu Kun directed all his energy towards the pillar of darkness.

“Myriad Appearance Grand Devil Light!”

As he unleashed his strength at the pillar of darkness, a huge image of a devil appeared. Formed by more than ten thousand different rays of devilish light, Lu Kun’s attack seemed to possess world-crushing might.

Rumble...

When the pillar of darkness collided with Lu Kun’s strike, the heavens shook.

However, it was clear who took the upper hand. When the two ultimate attacks clashed, the devil summoned by Lu Kun was frozen solid in an instant.

A tremor ran through the hearts of everyone present. The Myriad Appearance Grand Devil Light was an attack that contained the full power of a Sovereign Realm expert. However, it failed to last for a second in front of the pillar of darkness summoned by Huang Xiaolong!

Luckily for Lu Kun, the devil managed to stop the pillar of light in its place after turning into an ice statue.

However, the instant he relaxed, the giant palm came crashing down onto him. As he raised his head, brilliant rays of light blinded him. The palm sent by the soul strand of the Radiance Ancestor fell onto him without any obstructions.

Lu Kun’s body froze for a second, and he was sent flying. When he finally crashed into one of the massive mountain ranges in a distant world surface, he blasted a hole through the earth.

Everyone stared at the scene before them in shock.

Huang Xiaolong didn't hesitate as the sixteen wings on his back unfurled once again. Boundless radiance energy rushed into the wings, and the aura Huang Xiaolong emitted started to soar.

When the Radiance World's origin energy entered his body, Huang Xiaolong powered up once again. He controlled the Radiance Divine Seal, Radiance Divine Scepter, and the Heavenly Hall to smash down at Lu Kun once again. Turning the Nine Yin Magic Mirror in his hand, another pillar of darkness emerged. This time, it blocked off the area around Lu Kun.

When Lu Kun emerged from the hole in the ground, he stared at the three supreme treasures of the Radiance World flying towards him. Just as he had accepted his fate, another pillar of darkness appeared in the space around him.

The pillar of darkness that had just appeared contained a sinister aura, and it contained a type of frigid qi that could freeze the heavens.

It appeared in front of Lu Kun and shielded him from Huang Xiaolong's assault.

Shockingly enough, it succeeded in blocking off Huang Xiaolong's fully powered attack. Compared to the Myriad Appearance Grand Devil Light that Lu Kun had used previously, the pillar of light that had just appeared was countless times stronger.

This...

Some of the pontiffs swallowed a mouthful of saliva in shock.

"Nine Yin Light!" Huang Xiaolong and Cang Zongyuan exclaimed at the same time. The two of them had experienced the Nine Yin Light in the past when Shi Ming had killed his way to the Dragon Bear Valley.

As soon as the words left their lips, space started to shake, and a massive figure appeared from the crack in space.

Around the giant figure, death qi swirled around and formed a boundless sea. Even those hiding somewhere distant from the battlefield could feel the strength of the death qi.

“Shi Ming!”

The old ancestor of the Nine Yin Giant Corpse Tribe, Shi Ming, had finally made his appearance!

No one would have thought that Shi Ming would appear in the Radiance Divine City’s darkest moment.

The hearts of everyone in the Radiance Knight Corp sank. The look on Elan’s face became serious. Even though Shi Ming’s strength couldn’t match up to the old monster, Lun Zhuan, his fame had long since surpassed the old monster. He was the person who had nearly destroyed the Heavenly Court. In the past, he had led the Nine Yin Giant Corpse Tribe to conquer more than half of the Divine World. He had killed countless experts from the Divine World, and no one knew how many super experts he had killed.

His fame came from the rivers of blood and mountains of bones he had piled up.

When Lun Zhuan saw Shi Ming’s appearance, he snorted. “Good thing you’re here. Help me out here. We’ll suppress the Reverence Moon Old Man!” Even though the Reverence Moon Old Man had not shown up, he had already beaten Lun Zhuan up with just his staff. Lun Zhuan was bullied to the point where he couldn’t fight back. He had already suffered severe injuries, and he was barely holding on.

Shi Ming’s appearance caused him to jump in joy.

Shi Ming turned and looked at him. “Brother Lun Zhuan, don’t worry. Wait for me to kill Huang Xiaolong. After I’m done here, I’ll help you out.”

His gaze quickly turned to look at the Nine Yin Magic Mirror in Huang Xiaolong’s hand. “Huang Xiaolong, I never expect you to be the one holding onto my treasure. You can’t even utilize it to its fullest... You’re wasting the potential of my treasure! Hand it over right now, and I’ll give you a painless death.”

It was a naked threat.

However, Huang Xiaolong sneered, “Shi Ming, you couldn’t even kill me when I was in the Heavenly Monarch Realm. What makes you think that you can do so now? Wait till I unify the Radiance World. I’ll lead my troops over to exterminate your Nine Yin Corpse Tribe once I’m done here.”

It was true. The thought of attacking the Nine Yin Giant Corpse Tribe had passed through Huang Xiaolong’s mind in the past. Right now, Shi Ming’s appearance only served to solidify his determination to destroy the Nine Yin Giant Corpse Tribe.

Shi Ming roared with laughter when he heard what Huang Xiaolong said. “Huang Xiaolong, do you really think that you can unify the Radiance World with the help of the Reverence Moon Old Man? Let me tell you, other than Chu Han and I, there are tons of experts in Hell hoping that you fail to unify the Radiance World. You are definitely going to die here today!”

#### Chapter 2010: The Strongest Expert in the Ghost World!

Previously, Shi Ming hadn’t planned to make a move when he knew that the King of Shadows and Lun Zhuan were helping Dun Ei. However, he couldn’t shake the sense of unease in his heart, and he had decided to head over to the Radiance Divine World to take a look.

Of course, he hadn’t come alone.

As soon as the words left his lips, another figure appeared behind him.

As soon as he appeared, the dark mist seemed to fill the area. Boundless ghost qi swirled around, and it was as though there were billions of ghosts forming a sea of souls behind him. With the shake of his arm, he would be able to command his army of ghosts to join the battle.

Even though the newcomer’s fame couldn’t compare to Shi Ming, the aura around him was enough to show that he wasn’t a weakling.

“Who is he?!” Some of the experts failed to recognize him, and they couldn’t help but ask.

Since he could appear in the Radiance World with Shi Ming, he surely wasn’t a nobody.

Moreover, the aura he emitted was stronger than the likes of Chu Han or Chiyou.

"It's Qin Fan!" Someone exclaimed in shock. When the bishops and archbishops from the Radiance Knight Corp heard his name, their expressions changed.

"It's Qin Fan indeed... It's the city lord of Fengdu City! The strongest expert in the Ghost World!" someone continued, and everyone swallowed a mouthful of saliva in shock.

No one would have thought that the city master of Fengdu City, Qin Fan, would be willing to join hands with Shi Ming to stop Huang Xiaolong from unifying the Radiance World.

Huang Xiaolong's pupils shrank when he saw Qin Fan.

Dun Ei roared with laughter as a feeling of joy appeared in his heart. "Huang Xiaolong, with Senior Shi Ming and City Lord Qin Fan making a move, you're definitely going to die!"

His maniacal laughter boomed through the air.

The appearance of Shi Ming and Qin Fan was out of everyone's expectations.

Shi Ming chuckled under his breath. "Huang Xiaolong, I bet that you had never thought that the city master of Fengdu City would work with me. Your speed of improvement is too terrifying. If we allow you to unify the Radiance World, you will probably sweep through the three worlds in Hell next. All the powers in Hell would suffer, and as an overlord of his world, Qin Fan doesn't want anything like that to happen."

Huang Xiaolong sneered coldly, "Even with the addition of Qin Fan, do you think that you can stop me from unifying the Radiance World?"

It was Qin Fan's turn to speak. "Huang Xiaolong, do you really think that you will be able to achieve your goal?"

While Qin Fan spoke to Huang Xiaolong, Shi Ming didn't remain idle. He took a step and crossed the large distance between them and Huang Xiaolong. Soon, Shi Ming appeared in front of him.

He reached out and sent a palm strike towards Huang Xiaolong. His palm strike continued a terrifying amount of corpse and frigid qi.

Huang Xiaolong's expression changed. He whistled, and the sixteen wings behind him shook once again. Boundless radiance energy surged into his body as the Radiance Divine Seal, and Heavenly Hall emitted resplendent rays of light in the space above his head. The Radiance Divine Scepter in his hand produced a pillar of light that welcomed Shi Ming's attack.

Huang Xiaolong summoned his supreme godheads, and they appeared around him in an instant.

Simultaneously, the twelve twelve-winged angels turned into rays of light that swirled around Huang Xiaolong. They turned into a tiny world around him.

As the Radiance Ancestor's soul strand appeared once again, a palm formed from light slammed towards Shi Ming's attack.

Boom!

Shi Ming's palm clashed with the Radiance Ancestor's palm strike.

Boom!

The giant palm formed from radiance energy was destroyed by Shi Ming in an instant. The strand of Radiance Ancestor's soul imprint shattered.

Whatever Huang Xiaolong tried, he was facing Shi Ming now. Even though the combined might of Huang Xiaolong's ultimate attacks were strong, Shi Ming wasn't as weak as Lu Kun.

With unstoppable might, Shi Ming's palm continued to fly towards Huang Xiaolong.

The four odd beasts released a loud cry, and they combined their strength to resist Shi Ming's sudden attack.

"Four Beasts Dark Devil Palm!"

Tyrannical darkness energy covered the skies.

A cold sneer escaped Shi Ming's lips when he saw the four beasts' attempt to stop him. "You're merely ants to me! Even if the King of Darkness came himself, he wouldn't be able to stop me!" In the next second, the four odd beasts were sent flying.

Seeing the four odd beasts failed to stop Shi Ming, the ice dragons stepped up and sprayed frigid qi towards him.

The frigid qi that surged towards Shi Ming had the power to freeze an entire divine plane. However, they did nothing to stop Shi Ming's palm.

The frigid qi scattered in the face of his terrifying strength and all the ice dragons were sent flying.

Seeing as Huang Xiaolong was about to be blasted to nothingness by Shi Ming's attack, a massive city appeared in the space above Huang Xiaolong and slammed towards Shi Ming. The City of Eternity finally made its appearance! With the collective strength of all one hundred Undead Netherguards, the City of Eternity emitted boundless might.

It was too bad Shi Ming didn't seem to care about the City of Eternity. He continued to charge towards Huang Xiaolong as an object flew out from the crown of his head to stop the City of Eternity.

When the City of Eternity slammed into the mysterious object that Shi Ming sent out, the massive city was sent flying.

In the instant the City of Eternity was sent flying, Shi Ming's palm passed through the combined power of the Radiance Divine Seal and the Heavenly Hall. It landed on the tiny world formed by the twelve twelve-winged angels around Huang Xiaolong and Shi Ming's energy slammed into Huang Xiaolong's divine armor.

As Elan, Jiang Hong, and the others were held back by the Sovereign Realm experts from the other side, they could only watch as Shi Ming's attack landed on Huang Xiaolong.

Huang Xiaolong was sent flying and the glow around his Four Spirits Divine Armor dimmed. The sixteen wings behind him no longer emitted resplendent light as he slammed into one of the stars located in space. Even the massive star failed to stop Huang Xiaolong as it exploded with a loud bang. When Huang Xiaolong finally stopped, he vomited a mouthful of fresh blood.

Even though Huang Xiaolong had the protection of his True Dragon Divine Physique, the Ascending Devil Physique, and the Radiance Divine Physique, he failed to take Shi Ming's palm strike.

The strength of a mid-stage Sovereign Realm expert was enough to flip the heavens over.

"Your Majesty!"

Elan and the members of the Radiance Knight Corp yelled in unison.

Huang Xiaolong turned and shook his head at Elan and the others. "I'm fine." He wiped away the trace of blood on his cheeks and the radiance divine runes on his wings started to swirl about again. As radiance energy poured into Huang Xiaolong's body, he quickly recovered to his peak state.

"Shi Ming is that all you got?!" Huang Xiaolong glared at Shi Ming and continued, "I have already received the inheritance of the King of Hell and the Radiance Ancestor. Regardless of whether I'm in Hell or the Radiance World, no one will be able to kill me. Even if a high-level Sovereign comes, he won't be able to take my life, let alone you!"

The experts who were hiding around to watch the battle stared at each other and saw the look of dismay in the other party's eyes.

Of course, Shi Ming wouldn't back down because of what Huang Xiaolong said. "Even if I can't kill you here, I'll just seal you up and bring you out of the Radiance World! Once we're out, I'll kill you anyway!"

He had long since thought about what he had to do if he failed to take Huang Xiaolong's life in the Radiance World.

That was also why he was extremely jealous of Huang Xiaolong. If only I was the one who received the inheritance! With my strength, no one will be able to stop me! Even if Lord Wan Shi of the City of All-Heavens came, he wouldn't be able to kill me!

Shi Ming no longer hesitated as he made his move against Huang Xiaolong. "Huang Xiaolong, you are nothing more than a slightly larger ant in my eyes! Let's see how long you will be able to last!"

A palm that contained the strength to shatter the world flew towards Huang Xiaolong. It brought with it a boundless corpse sea and endless frigid qi. However, a massive purple dragon appeared on the horizon before his attack could land on Huang Xiaolong.
