Chapter 3291: Entering the Heavenly Dragon Building

When Zou Xueqing and Lin Shuang saw Huang Xiaolong walking over, they slammed their heads into the ground without a word. They didn't know what to say, and Lin Shuang seemed to have forgotten everything she said to her mother when Lin Xiaotian was summoned previously.

After Lin Xiaotian left, Lin Shuang doubted Huang Xiaolong could do anything to them even with his identity as a grand elder of the Huang Family.

However, now that he was standing before her, she slammed her head into the ground so hard that it was about to break.

Lin Xiaotian screamed as he looked at Huang Wen, "Wenwen, I was wrong! Seeing as we have been married for so many years, please save me! I don't wish to die!"

Huang Wen hesitated for a moment when she heard his pleas.

However, Lin Kai wasn't so kind. "Married? Did you forget how you expelled my mother from your family just several hours ago?"

The blood drained from Lin Xiaotian's face when he heard what Lin Kai said.

Flicking his fingers, Huang Xiaolong sent a ray of light into the bodies of Zou Xueqing, Lin Shuang, and Lin Xiaotian. They dropped to the ground as they rolled about in pain.

The pain was so unbearable that Zou Xueqing tore her face apart with her nails, and she became a bloody mess. Lin Guodong and the grand elders of the Lin Family felt their scalps going numb when they saw what happened.

Of course, Huang Xiaolong wouldn't take matters into his own hands. He eventually released the three of them and handed them over to Huang Wen.

As her heart softened, Huang Wen chose to spare Lin Xiaotian. However, she only managed to save his life. Lin Kai glared at his 'brothers' who had beaten him half to death and seethed with anger.

Even though Huang Wen allowed Lin Xiaotian to live, Lin Guodong wasn't stupid. He made an announcement to the entire family that he would strip Lin Xiaotian of his status as an elder of the Lin Family. He would be expelled from the Lin Family with his wives and children that very instant!

When Huang Wen boarded Huang Xiaolong's flying ship to leave the Lin Family, Lin Xiaotian's cries for her to stay fell on deaf ears.

As the flying ship left the Lin Family, Lin Xiaotian collapsed on the ground with a face full of despair.

Now that he had been expelled from the Lin Family, there would be nowhere left for him to go. The Huaxia Alliance might be large, but no one would dare to take him in!

On the flying ship, Huang Wen and Lin Kai stared at the chests full of spiritual fruits and herbs with their jaws wide open.

"These were meant for you when we visited the Lin Family, but we didn't think that something like that would happen..." Wang Meilan sighed.

"Mum, did you buy all these spiritual fruits for me?!" Huang Wen gasped in shock.

Wang Meilan and Huang Jiyuan looked at each other and smiled.

"Of course not! Xiaolong grew these himself!" Wang Meilan explained.

Huang Wen turned to look at Huang Xiaolong in surprise. "Is that true?! Did you grow all of these yourself?!"

Huang Jiyuan continued, "These are merely a little bit of the fruits in your brother's garden! When we return to Huazhou City, you'll understand!"

A little bit!

Huang Wen and Lin Kai felt question marks popping up in their minds.

“Uncle, these fruits... Can we eat them?” Lin Kai gulped down a mouthful of saliva and he asked.

“Of course. If these aren’t enough, you can eat your fill when we get back to the Blue Dragon Orchard.” Huang Xiaolong chuckled.

Laughter permeated the entire flying ship.

In a flash, everyone started to feast on the fruits they brought with them.

Several moments later, Lin Kai held his stomach that had bloated to the size of a basketball and he finally stopped.

The flying ship continued on its way and it slowly approached the Heavenly Dragon Building. In the majestic structure itself, Ying Zhi, the patriarch of the Ying Family, strolled about with two grand elders beside him as they ensured that nothing was amiss.

“The Eight Alliance Summit will be held in several days! Nothing can go wrong! Check everything again, and we cannot miss out a single detail. Any suspicious character who approaches the Heavenly Dragon Building has to be investigated, whether they like it or not!” Ying Zhi warned.

The Eight Alliance Summit would be held in three days on the highest floor of the Heavenly Dragon Building.

Grand Elder Ying Shiming and Ying Xiong nodded respectfully.

“Patriarch, you can rest assured. With the heavenly dragon formation, even a fly won’t be able to enter the building!” Ying Shiming chuckled.

“That’s right! Patriarch, there’s nothing to worry about! Since the Heavenly Dragon Building’s construction several dozen years ago, there hasn’t been a single person who managed to barge into the building.”

Ying Zhi nodded. “Even so, it will be better to be careful. The Turkic extremist groups in the north have been pretty active recently.”

The Turkic extremist group has always been one of the hidden dangers in the Huaxia Alliance. They were situated in the north, but there hasn’t been anyone who could pinpoint their base of operations.

As the three of them approached the top level of the Heavenly Dragon Building, a flying ship hovered a hundred metres away from the structure.

“Xiaolong, let’s forget about it. Chenfei mentioned that the Ying Family’s old patriarch ordered for the death of anyone who dares to trespass. Let’s not do anything stupid...” Wang Meilan started to hesitate now that they had arrived.

“Yeah! Uncle, there has been an Enlightenment Realm expert who ignored the Ying Family’s warning. He was trapped by the heavenly dragon formation before being thrown into the Heavenly City’s prison by the Huaxia Government!” Lin Kai continued, “The Heavenly City’s prison is the most terrifying prison in the Huaxia Alliance! No one will be able to escape after getting thrown in unless they receive a pardon from the old ancestor of the Ying Family!”

As the number one expert in the Huaxia Alliance, the old ancestor of the Ying Family called the shots. If he threw someone into the prison, not even the leaders of the Huaxia Alliance would dare to release someone without his permission.

Lin Kai didn’t think that Huang Xiaolong would be crazy enough to set his sights on the Heavenly Dragon Building! Not to mention the fact that he wanted to bring all of them in. He jumped in fright when he heard Huang Xiaolong’s plan.

A smile formed on Huang Xiaolong’s face when he heard their warnings. “Relax. The old ancestor of the Ying Family isn’t capable of throwing me into prison.” As soon as he spoke, the scene before their eyes changed. In an instant, they were teleported into the highest level of the Heavenly Dragon Building.

Lin Kai stared at the interior of the building and he gasped in shock, "We... We... Are we in?!"

Didn't they say that the heavenly dragon formation around the building was the strongest formation in existence?! Wasn't it said that no one would ever be able to enter the building by force?!

"Uncle, is the formation inactive right now?" Lin Kai asked.

Huang Xiaolong chuckled, "Yeah maybe." Turning to Wang Meilan, he continued, "This is the highest floor in the Heavenly Dragon Building. Let's take a look around!"

Wang Meilan stared at him in shock but she soon regained her calm.

The entire group started to chat as they strolled about the highest floor of the Heavenly Dragon Building.

With the size of the building, the top floor had enough space to house a giant department store! It was nearly six thousand square feet large, and there were countless structures and decorative items laid all about. All of them came from the greatest craftsmen on earth, and some of them were even worth several million low-grade spirit stones. One could easily see how powerful the Ying Family was from that.

When everyone was walking around and taking in the sights, the elevator door dinged and three figures appeared on the highest floor. They were none other than Ying Zhi, Ying Shiming, and Ying Xiong.

As soon as the doors opened, they were flabbergasted when they saw Huang Xiaolong's group of seven.

Chapter 3292: Lin Family's Submission

The three of them didn't think that they would be greeted by such a sight the moment they entered the top floor!

Since the construction of the Heavenly Dragon Building, there hasn't been anyone who set foot on the top floor other than the leaders of the eight great alliances in the world and the upper echelons of the Ying Family.

Even elders and disciples of the Ying Family wouldn't be allowed to enter the top floor of the Heavenly Dragon Building!

Now, there were seven people walking around without a care in the world!

Moreover, two of them were brats at the Xiantian Realm!

Wang Meilan and Huang Jiyuan didn't expect anyone to appear, and the two groups stared at each other in shock. No one moved for a solid few seconds.

"Who are you?!" Ying Zhi finally reacted. His voice was loud, and the strength of an Enlightenment Realm expert burst out from his body. It was like a tsunami that charged towards Huang Jiyuan and the others.

As the patriarch of the number one cultivation family in the Huaxia Alliance, he wasn't a mere expert at the Enlightenment Realm. He was a Second Level Enlightenment Realm expert who had cultivated a ton of special skills, and even Fan Yidong would have to retreat if they met!

Seeing the wave of energy rushing towards Huang Jiyuan and the others, an invisible barrier appeared to stop the wave ten meters before it could slam into them. Ying Zhi realized that his aura couldn't advance an inch further!

The three members of the Ying Family stared at the group before them in shock.

When they were confused as to what was going on, Huang Xiaolong casually pointed at them and the pressure that emerged from their bodies dissipated. The three of them turned into statues, and they couldn't move no matter how hard they struggled.

Trying to circulate the energy in his body, Ying Zhi realized that nothing was listening to him. His body was completely useless and an unprecedented sense of helplessness filled him.

The two grand elders beside him were no different.

The three of them could only stare at Huang Xiaolong's group as fear gripped their hearts.

"Xiaolong, are they going to be alright?!" Wang Meilan couldn't help but ask.

A chuckle left his lips as he replied, "Of course they are. They should return to normal in three hours. After all, I only locked them in place for the time being."

Wang Meilan and the others heaved a sigh of relief when they heard what he said.

"Uncle, they should be pretty important people in the Ying Family if they can enter the top floor! Wouldn't they pass down the order to hunt us down after they return to normal?!" Lin Kai exclaimed in shock.

As Ying Zhi wasn't wearing the robes of the patriarch of the family, Huang Jiyuan and the others failed to recognize him.

Huang Xiaolong turned to look at Ying Zhi and a smile formed on his face. "Not to worry. I don't think they will give the order."

Ying Zhi wanted to nod, but he couldn't move a single muscle in his body.

Soon after, Huang Xiaolong and the others continued their trip around the top floor of the Heavenly Dragon Building as they took in the sights happily.

Huang Zhi and the other two could only watch on as the members of the Huang Family walked around however they wished.

“Uncle, what special technique did you use to seal their bodies?” Huang Datou couldn’t help but ask.

“Yeah! I heard that that the old ancestor of the Divine Court Sect learned a freezing art that allows him to freeze the bodies of cultivators weaker than him for several seconds.” Lin Kai continued.

Didn’t Huang Xiaolong say that they would be frozen for more than three hours?!

Lin Kai was a fourth year student in the Eastern University, and even with his education level, he hadn’t heard of a special art like the one Huang Xiaolong used.

Glancing at the two of them, Huang Xiaolong chuckled, “Do you wish to learn it?”

Big Headed Huang and Lin Kai nodded in haste.

“When you surpass the Enlightenment Realm, we’ll see.”

The mouths of Huang Bisheng and Lin Kai dropped in fright.

Even Huang Jiyuan and the others were shocked at Huang Xiaolong’s sudden revelation.

The three frozen statues felt beads of cold sweat starting to drop from their foreheads.

“Xiaolong, are there cultivators stronger than the Enlightenment Realm in this world?” Wang Meilan asked all of a sudden.

Huang Jiyuan and the others stared at Huang Xiaolong, waiting for a reply.

“Of course there are. Mum, with me around, all of you will soon surpass the Enlightenment Realm.” Huang Xiaolong laughed.

All of them stared at him in shock.

“Uncle, are you saying that we can do it too?” Lin Kai didn’t believe his ears.

Nodding slightly, Huang Xiaolong grinned at their enthusiasm.

Half an hour later, Huang Xiaolong and the others were done. Bringing Huang Jiyuan and the others back to the flying ship, they left the area.

When Ying Zhi and the other two saw Huang Xiaolong leaving, they realized that the entire party seemed to have phased through the space around the building. Something in their heads clicked and they learned how Huang Xiaolong and the others entered.

Three hours later, Huang Xiaolong and the others returned to the Blue Dragon Orchard and Ying Zhi’s group of three regained their ability to move.

As soon as they did, they felt their hearts pounding in fear.

“Patriarch, that... that... Who in the world was that?!” Ying Shiming stuttered in fright.

Keeping silent, Ying Zhi seemed to be thinking of something. After he finally calmed down, he muttered, “Go and check up on the origins of the Senior who appeared. The both of you better do it yourselves. Do not cause any suspicion and do not alarm anyone else. Go!”

The Ying Family was strong, and since Huang Xiaolong and the others didn’t hide their appearances, Ying Shiming and Ying Xiong quickly learned of their identities. When they did, their jaws dropped in fright.

When Ying Zhi heard their reports, his reaction was similar to the two of them.

“Grand Elder Huang Xiaolong of the Huang Family?!” Ying Zhi couldn’t believe his ears. He thought about the events that happened the past few days, and he seemed to have thought of something.

Not too long after Huang Xiaolong returned, the old ancestor of the Lin Family, Lin Jinshan, personally paid a visit to Huang Xiaolong in the Blue Dragon Orchard.

When he returned to the Lin Family, he gathered everyone from the elders to the patriarch. “From this moment on, our Lin Family shall submit to the Huang Family. All of you will listen to the Huang Family’s command, am I clear?!”

The elders of the Lin Family couldn’t understand the reason behind the old ancestor’s orders, but Lin Guodong and the grand elders seemed to have already expected the outcome.

Lin Jinshan’s order soon rocked through the entire Huaxia Alliance, and the alliance broke out into a huge commotion.

First the Tan and Sun Families, and now, the Lin Family!

Even though the old ancestor of the Tan Family, Tan Bi, had already entered the Enlightenment Realm, they weren’t a part of the ten strongest cultivation families of the Huaxia Alliance. Their strength couldn’t be compared to the Lin Family in the slightest! However, the Lin Family was part of the ten strongest cultivation families of the Huaxia Alliance, but they chose to submit to the Huang Family!

No one could understand the meaning behind their actions!

The mystery around the Huang Family seemed to have grown a little stronger.

However, another piece of news caused the entire world to shake. The old ancestor of the Ying Family, Ying Tian, made an announcement to the Ying Family. “In the future, none of our disciples are allowed to cross the disciples of the Huang Family! Anyone who does will be kicked out of the Ying Family and thrown into the Heaven City’s prison!”

Chapter 3293: Eastern University

The Ying Family’s order caused the commotion to turn even bigger.

The Huaxia Alliance wasn't the only one that was affected, and the other seven great alliances trembled in fear. The six great sects were also affected by the sudden change in situation as the Divine Court Sect, Purple Flame Sect, Six Swords Gate, Blade Gate, Ghost Valley, and the Ice Palace set their gazes on the Huang Family.

When all the greatest factions on Earth focused on the Huang Family, Huang Xin was kneeling before Huang Xiaolong in the courtyard of the Blue Dragon Orchard. Before Huang Xiaolong headed for the Ha Province, he assisted Huang Xin in breaking through to the Enlightenment Realm. With the assistance of the Grand Complete Heavenly Formation, Huang Xin had already stabilized his foundations.

Huang Xiaolong looked at the kneeling Huang Xin and chuckled, "You can get up now."

Kowtowing once, Huang Xin finally got to his feet.

Grand Elder Huang Qi, Huang Feiwu, and the others stared at Huang Xin enviously. Entering the Enlightenment Realm didn't just mean that one's power and prestige would rise. One's lifespan would also be extended to a thousand years! There wasn't any Nascent Soul Realm expert who didn't wish to enter the Enlightenment Realm!

"As long as all of you do your best in the future, breaking into the Enlightenment Realm is a matter of time." Huang Xiaolong reassured them all.

With looks of excitement on their faces, all of them fell to their knees.

Allowing all of them to get up, Huang Xiaolong started to stroll around the Blue Dragon Orchard. Huang Shengan and the others followed closely behind.

"Your Highness, we did everything you instructed us to do." Huang Shengan reported respectfully. He handed over the deed to all the land around the courtyard to Huang Xiaolong without the slightest delay. Holding the items in his hands, Huang Xiaolong nodded in satisfaction, "Good job."

Huang Xiaolong was surprised that Huang Shengan was able to buy over all the land around the courtyard in such a short amount of time. It showed how serious Huang Shengan was about the matter.

“This is a Blue Dragon Pill and I personally refined it. It’s of great use to a cultivator in the Enlightenment Realm. Refine it when you get back.” Huang Xiaolong handed over a pill to Huang Shengan. The pill was a pretty blue color, and pastel blue qi rolled about in it and they vaguely resembled a dragon.

The Blue Dragon Pill was something Huang Xiaolong refined using the herbs in the Orchard. He made a total of ten furnaces, and there were three hundred pills in total.

Huang Shengan rejoiced when he held the pill in his hand as he thanked Huang Xiaolong profusely.

Since Huang Xiaolong said that the pill would be of great help to him, no one would doubt the man.

Soon after, Huang Shengan reported to Huang Xiaolong about the sales of the spiritual fruits. According to Huang Xiaolong’s decision, they branded the insignia of the Blue Dragon onto the fruits when they sold.

“There were more than a million orders today, and all the spiritual fruits we had for sale sold out in less than two hours!” Huang Shengan exclaimed in glee.

Chuckling softly, Huang Xiaolong complimented them, “That’s not too bad. We can start expanding the market to the capital city and the other large cities in the alliance. Oh right, you can start selling the spiritual herbs in the garden from tomorrow onwards.”

Nodding happily, Huang Shengan acknowledged the order.

After handing Huang Shengan another million low-grade spirit stones, he asked the man to look for another batch of seeds. When they transformed the surrounding land around the Blue Dragon Orchard, he would plant them immediately.

It didn’t take long for Huang Xiaolong to circle the garden once.

When he left for the Lin Family, half the garden was empty. However, it seemed as though Huang Shengan and the others had worked hard as they filled the remaining land with seeds before he returned. It wouldn’t take long for them to turn into mature trees...

"I will be going to the Eastern University with my nephew the day after tomorrow. Go get an admission letter for me." Huang Xiaolong seemed to have thought of something and he quickly ordered.

As the Eastern University would be resuming classes in two days, Lin Kai had to return. Huang Xiaolong's idea had always been to head on over, and tagging along with Lin Kai would save him a lot of trouble.

Bowing in acknowledgement, Huang Shengan passed down the order instantly.

Ordinarily, only students and lecturers of the Eastern University would be able to enter the campus as they pleased. However, the Huang Family's reputation wasn't just for show. As one of the largest cultivation families in the Huaxia Alliance, getting an admission letter was something that took a snap of their fingers.

Huang Shengan and the others soon took their leave.

With the Sun and Moon Furnace, Huang Xiaolong turned the land around the Blue Dragon Orchard into divine soil, and he expanded the walls around the courtyard. In the blink of an eye, the entire plot of land became part of his residence.

The Blue Dragon Orchard expanded to nearly twice its size.

As night fell, the Huang Family organized another banquet, but things were a little different this time. Huang Xiaolong, Huang Jiyuan, Wang Meilan, Huang Chenfei, Huang Wen, Huang Bisheng, and Lin Kai were the only ones in attendance.

There were countless spiritual fruits and spiritual beast meat on the table for all of them to enjoy.

As the family had a meal together, memories flooded Huang Xiaolong's mind. A hundred years ago, on Earth, that was also how they enjoyed their meals.

The feeling of being an ordinary mortal wasn't too bad after all...

“Xiaolong, why don’t we invite Young Lady Tan Wei over to our family?” Wang Meilan chuckled as she looked at Huang Xiaolong.

“Hehe, Don’t look at me. Just ask the little brat over there.” Huang Xiaolong laughed in response.

As everyone turned to look at Huang Bisheng, he lowered his head in embarrassment.

“Big Brother Bisheng, do you already have a girlfriend?” Lin Kai asked.

Blood rushed to his face and Huang Bisheng waved his hand frantically before him. “No, no! We’re just ordinary friends...”

Huang Jiyuan stared at the little brat and he snapped, “When I met your grandmother in the past, we were also friends...”

Huang Bisheng’s face turned even redder.

Wang Meilan made the decision almost instantly as she sent Tan Wei an invitation for the very next day.

When the banquet finally ended, the moon was hanging high in the night sky. Huang Xiaolong continued to coach Huang Wen and Lin Kai on several martial arts, and the night passed in a flash. When he looked at them again the next day, he was heartened to see that they made significant progress. He discovered that Lin Kai’s comprehension abilities were pretty good, and his memory was top notch. Lin Kai remembered everything Huang Xiaolong said, and he understood most of it.

When Lin Kai saw the look of admiration on Huang Xiaolong’s face, a sheepish smile appeared on his face. “My talent isn’t even the best in my class. I’m slightly above average at best! In my class, Ying Huitian should be the most talented person, and she can also be said to be the strongest talent in the entire university!”

Huang Xiaolong nodded slowly. “Is she from that Ying Family?”

“Yeah... I heard that her father is some big shot in the Ying Family.” After he explained her identity, he added some information Huang Xiaolong needed to know before entering the university.

“Big Brother, the members of the Tan Family have arrived!” Huang Chenfei entered the courtyard and announced.

Turning to look at the skies that were barely lit, Huang Xiaolong chuckled in his heart. The members of the Tan Family were too damn early! “Looks like Tan Bi is really impatient...”

“He probably hasn’t slept since he received the invitation!” Huang Chenfei roared with laughter.

He wasn’t wrong. The moment he received the invitation from Wang Meilan, Tan Bi didn’t manage to catch a wink of rest.

“Let’s go...” Huang Xiaolong snickered as they left for the entrance of the orchard with Lin Kai walking behind them.

Before they arrived, Huang Xiaolong could already hear the joyous conversation going on between Tan Bi and his parents.

Chapter 3294: Stronger Than You Can Ever Imagine

Once Tan Bi saw Huang Xiaolong, he jumped to his feet in fright as he greeted the man respectfully.

Everyone else got to their feet when they saw Tan Bi’s reaction.

This time, Tan Bi only brought along Tan Wei and her parents.

“There’s no need for formalities. Please take a seat.” Huang Xiaolong laughed as he entered the hall.

When everyone took their seats again, the hall was filled with casual conversation.

Tan Bi was a little uptight at first, but he slowly started to open up when he saw that Huang Xiaolong wasn't someone who cared too much about their difference in status. As he started to spew all his nonsense, Huang Jiyuan and Wang Meilan were so entertained that they were laughing happily.

As for Tan Wei and her parents, they felt a little awkward as they sat there. That was the first time they had seen the Blue Dragon Orchard, and they were shocked by the scene that greeted them. They couldn't calm their hearts down as they gawked at their surroundings.

That was the first time they had seen so many top-grade spiritual trees and spiritual herbs ranging in the thousand year old level!

There were even palaces that were comparable to stuff in the legends around the entire orchard!

They never thought that they could transform their residence in such a way!

Tan Bi and the three of them remained in the Blue Dragon Orchard till night fell.

According to Wang Meilan's plan, she wanted them to stay for the night. However, Tan Wei was too embarrassed to stay with Huang Bisheng through the night.

When the members of the Tan Family left, Huang Xiaolong handed ten Blue Dragon Pills to Tan Bi. Tan Bi had been stuck at his current cultivation realm for a long time. With the assistance of the ten pills, he would be able to finally break through the bottleneck!

When Tan Bi heard what the pills could do, his admiration for Huang Xiaolong reached a whole new level.

For someone who had been stuck at his current cultivation realm for such a long time, he thought that there was no longer any hope of going any further! Now that Huang Xiaolong had given him a chance to break through, he was moved to tears.

When Tan Wei's parents heard that their old ancestor would finally be able to increase his cultivation realm once again, they were shocked.

When they left, Wang Meilan didn't forget to hand them loads of spiritual fruits and spiritual herbs. Smiles could be seen on the faces of Tan Wei and the others.

"Father, is His Highness really in control of the entire Huang Family?" Tan Guanghai, Tan Wei's father, couldn't help but ask after they had left the orchard.

Staring at the three of them, Tan Bi sighed, "You should keep this to yourself. There is no point in leaking any news of the Huang Family. Do you really think that Huang Shengan managed to defeat Huang Ming alone?"

When he thought about how Huang Xiaolong tore off Fan Yidong's head three days ago, he felt his heart palpitating in fear.

Of course, he didn't dare to say a word about the battle.

When Tan Guanghai and the others were still stuck in a state of shock, Tan Bi muttered, "Just yesterday, the Lin Family announced their allegiance to the Huang Family."

"What?!" Tan Guanghai gasped in shock. "Are you talking about the Lin Family of the Ha Province?!"

Tan Bi nodded slightly without speaking.

The three of them felt their jaws dropping in fright. They were one of the ten strongest cultivation families in the Huaxia Alliance.

Since the news had only just got out, not too many people knew about it. Only several important people of the stronger families heard of it.

Tan Bi continued, "After the old ancestor of the Lin Family announced the allegiance, the old ancestor of the Ying Family ordered every single member of the Ying Family to avoid clashing with the members of the Huang Family. Anyone who disobeys will be thrown in the Heavenly City's prison!"

"Ying...THE Ying family?!" Tan Guanghai and the other two stared at Tan Bi in shock.

There was only one Ying Family in the Huaxia Alliance, and they were the ones who ruled supreme.

"Grandpa, what's going on?!" Tan Wei asked.

One had to know that the old ancestor of the Ying Family was the strongest cultivator in the entire Huaxia Alliance!

They've heard that he had already entered the Ninth Order Enlightenment Realm!

"That's because..." Tan Bi swallowed a mouthful of saliva and continued, "That's because there's someone in the Huang Family that terrifies the old ancestor of the Ying Family!"

Tan Wei and her parents felt a bolt of lightning running through their bodies as they sucked in a cold breath.

Even a cultivator at the Ninth Level Enlightenment Realm was afraid of that existence!

What in the world could scare him so much that he would order the members of his family to avoid offending the Huang Family?!

In the past, the three of them might not know what it was, but a terrifying image flashed through their minds. The figure of the youngster who was laughing and chatting with them the whole afternoon appeared in their heads.

"Is... Is Huang Datou's uncle really so strong?!" Tan Wei felt her heart palpitating in fear.

Sucking in a cold breath, Tan Bi explained, “His Highness... He’s stronger than you can ever imagine.”

...

In the Blue Dragon Orchard, Wang Meilan was joking around with Huang Jiyuan. “I like her more and more!”

Huang Jiyuan looked at Huang Xiaolong and Huang Chenfei.

“Old lady, stop it with your praises! We know she’s great! You’ve been at it for the entire day!” Huang Jiyuan sighed.

“What’s your problem? I’ll say whatever I like! If you don’t like it, shut your ears!” Wang Meilan snapped.

A bitter smile formed on Huang Jiyuan’s face. “Alright, alright... But how am I supposed to shut my ears?!”

Laughter rang through the courtyard.

...

Half a day later, the news of Huang Xin’s breakthrough to the Enlightenment Realm started to spread through the lands.

The various factions in the Huaxia Alliance broke out into a huge commotion.

Huang Shengan broke through several days ago, and Huang Xin came right after! With Huang Ming, the Huang Family would have three experts at the Enlightenment Realm! If they added Sun Yao and Lin Jinshan, they would have five experts at the Enlightenment Realm!

...

As night fell, Wang Meilan nagged at Huang Xiaolong, "Xiaolong, when you enter the university tomorrow, you need to look for Zhang Yuhan! Speak to her nicely! She has been waiting for you all this time, and her life hasn't been an easy one!"

"In fact, I really wish that the two of you can continue your relationship..."

When she learned that Huang Xiaolong was going to the Eastern University with Lin Kai, the floodgates opened.

A helpless smile could be seen on Huang Xiaolong's face. "I'm not the one calling the shots! She might have forgotten all about me! Also, I've heard from Lin Kai that many professors, and even the vice principal of the school, are chasing her!"

Wang Meilan stared at Lin Kai and saw him nod his head slowly.

"So what if they are? You're so handsome... Don't tell me those people there are better looking than you..." Wang Meilan snorted.

Beads of cold sweat dripped from Huang Xiaolong's forehead. As an existence no weaker than a God of Creation, Wang Meilan was planning to ask Huang Xiaolong to fight with several mortals over a woman! Moreover, his main goal was to look for clues on the Pangu Axe.

"Grandma is right! Uncle will definitely be the number one target for all the ladies!" Lin Kai interrupted.

'Glaring' at Lin Kai, Huang Xiaolong scared the little brat so much he didn't dare to speak another word.

The night passed eventually, and as Wang Meilan continued her nagging, Huang Xiaolong ran to board his flying ship to leave the Blue Dragon Orchard.

Seeing how Huang Xiaolong left in a haste, Wang Meilan sighed, "This little brat..."

Even after learning that Huang Xiaolong was an expert who surpassed the Enlightenment Realm, she still treated him like the little kid he was a hundred years ago.

Chapter 3295: Poorest Chap

“Uncle, were you a couple with Teacher Zhang Yuhan?” Lin Kai asked curiously on board the flying ship.

Like Huang Datou, Lin Kai was extremely intrigued when he learned of Huang Xiaolong’s relationship with a teacher in their school.

“What the hell are you so concerned about?” Huang Xiaolong snapped at him.

Lin Kai lowered his head, but a crafty smile formed on his face.

Walking to the front of the ship, Huang Xiaolong looked out of the window at the forest and mountains below.

As the flying ship was driven by an automated artificial intelligence, there was no need for anyone to actually steer the ship. As such, Huang Xiaolong could do whatever he wanted.

Even though they hadn’t interacted for a long time, Lin Kai knew that Huang Xiaolong loved silence. He didn’t dare to interrupt, and he headed towards the back of the flying ship.

Huang Xiaolong’s mind wandered to the past, and he recalled how he flew with Zhang Yuhan a hundred years ago. There was once where they went on holiday, and the plane they were on experienced massive turbulence. Everyone on board was terrified.

In the past, Zhang Yuhan stared at Huang Xiaolong with an extremely calm face and said, “In the next life, we’ll still be together!”

After so many years, Huang Xiaolong still remembered what she said to him.

“In the next life...” Huang Xiaolong muttered to himself.

Every time he thought about it, complicated emotions would fill his heart. Now that he returned from another world, wouldn't it count as his next life?

A weird feeling filled Huang Xiaolong's heart as they approached the Eastern University.

Retrieving an identity plaque, Huang Xiaolong looked at the words 'Eastern University' inscribed on it. That was the pass he obtained from Huang Shengan. The plaque wasn't something that indicated his identity as a student, lecturer, or even an associate professor in the university. Instead, it was the plaque of a deputy head of the school!

Initially, he planned on asking Huang Shengan for an ordinary plaque. It was fine as long as he could enter the school as he wished. Who would have thought that Huang Shengan would go above and beyond to give him a plaque of that level?

According to what Huang Shengan said, he felt that the higher the position, the easier things would be for Huang Xiaolong. If he was a mere student, he wouldn't be allowed to leave the school on weekdays. Anything else and he would have to teach some lessons. As such, the best identity in the university was the one of the deputy head as he didn't need to do anything!

In fact, Huang Shengan's initial idea was to give Huang Xiaolong the plaque of the vice principal of the university. However, time was too tight and even if he pulled all the strings he had with his identity, it would take half a month to get the plaque.

“Deputy head...” Huang Xiaolong looked at the plaque in his hand and he didn't know whether to laugh or cry.

Zhang Yuhan was the head of the university, and his current identity would make her his boss!

As random thoughts ran through his mind, they arrived in the skies above the capital city.

The Eastern University was located in the northern region of the capital city, and Huang Xiaolong saw the giant structures and he sighed softly.

The capital city was the place of his dreams.

In the past, he was attracted by the hustle and bustle of the capital city. He even swore to purchase a massive mansion in the city center! He would move over with his parents and his sister in order to give his family members a good life.

However, that was all in the past. For one hundred years, no one had seen any traces of Huang Xiaolong.

The capital city that was under his feet right now flourished even more than before. There were countless flying ships in the air, and cars filled the streets. A weird feeling washed over Huang Xiaolong, and the feeling of power and authority finally filled him when he looked at the streets below.

The history and changes of countless years left its mark on the city.

When Huang Xiaolong was still thinking about the past, a flying ship flew over from the side and scratched Huang Xiaolong's ship.

Wobbling slightly, Huang Xiaolong's ship didn't experience the slightest damage. The same couldn't be said for the other party. Their ship rammed into a massive building and caused a loud explosion.

Boom!

Rubble fell from the skies, and everyone stopped to stare at the flying ship that crashed.

Lin Kai was stunned to discover that they were unlucky enough to be the victims of an accident right before they arrived in school.

With the doors opening on the crashed ship, three figures appeared. A middle aged couple and a young man left the ship.

One could see how rich the other party was from their clothes. With a single glance, one could tell that they came from a rich family.

“Are you blind?! Get out here right now! Do you even know how to drive?” The three of them started shouting the moment they left their ship.

“Uncle we...” Lin Kai couldn’t help but turn to Huang Xiaolong.

Shaking his hand, Huang Xiaolong landed the ship. The doors opened and they walked out of the flying ship.

As soon as Lin Kai saw the other party, his expression changed. “Liu Decong!”

“Lin Kai!” A frown formed on the other party’s face. It was clear he didn’t expect to meet Lin Kai on the streets.

He knew how poor Lin Kai was, and he didn’t expect the kid to appear from a flying ship. After all, Lin Kai couldn’t even afford spiritual fruits.

“Do you know each other?” Huang Xiaolong asked.

“Uncle, he’s the richest kid in our class! His family does land development, and their company is called the Heng Rong Real Estate!”

It was a company that was pretty high up in the rankings in the Huaxia Alliance.

Regardless if it was the Earth a hundred years ago or now, real estate has always been the one of the most profitable industry.

The youngster called Liu Decong stared at Liu Kai suspiciously when he saw how the kid called Huang Xiaolong ‘uncle’.

“Decong, is this your friend?” The middle aged man asked. A trace of arrogance could be seen on his face when he addressed them.

Nodding his head, Decong explained, “Dad, he’s called Lin Kai! He’s the poorest classmate we have, and he usually eats salted vegetables and rice for lunch!”

The middle aged man was called Liu Pinchen, and he was slightly stunned. He thought that Lin Kai came from a pretty well off family.

“Even if you’re Decong’s classmate, you have to pay us for the damages!” The middle aged woman snapped.

With his expression changing, Lin Kai argued, “You were the ones who knocked into us! Why do we have to pay?”

The woman was Liu Decong’s mother, and she was called Zou Ru. She wanted to continue, but a police ship arrived on scene and two officers approached them.

“What’s going on?”

Zou Ru pointed at the two of them and tears formed in her eyes, “The two of them drove recklessly and caused our ship to crash! Our ship came from the Yutong Company, and it’s their newest product! It’s worth two million low-grade spirit stones! They have to compensate us no matter what!”

Liu Pinchen walked up to the two officers and he growled, “The two of you better know what’s good for you. I’m the general manager of Heng Rong Real Estates, and we’re disciples of the Liu Family!”

The expressions of the police officers changed the moment he said that.

Heng Rong Real Estates was a behemoth in the capital city, and so was the Liu Family! Everyone heard of them, and they were considered one of the ten strongest cultivation families in the Huaxia Alliance!

Even if they ranked at the absolute bottom, which they did, they were still an insurmountable existence!”

Chapter 3296: I'll Be Responsible

“Manager Liu, how are you doing!” The two officers changed their tune immediately. They quickly pacified the three of them, “You can rest assured. We will definitely look into this matter. As they have been driving recklessly, we cannot let them off with a light punishment! The police force will definitely give you a satisfactory answer!”

After speaking to the three, the officers turned towards Huang Xiaolong and Lin Kai. Without investigating the matter, they pinned the blame on the two poor souls.

Liu Decong crossed his arms before him, and he stared at Huang Xiaolong and Liu Kai with a shit-eating smile on his face.

Staring at the scene that played out before him, Huang Xiaolong couldn't care less.

The two officers didn't bother asking Huang Xiaolong and Lin Kai what happened, and they immediately snapped, “Do you even know how to drive?! How dare you ignore the rules when you're flying?! Hand over your identification plaque right now!”

However, Zou Ru interrupted them, “There's no need to speak so nicely to criminals. You should just lock them up and hand their flying ship over to us as compensation.”

Lock them up? The two officers stared at each other silently.

When they thought of the Liu Family's reputation, they decided to listen to whatever the woman said.

As the general manager of Heng Rong Real Estates, Liu Pincheng was a big shot in the capital city! The two of them knew that the commissioner was someone of the Liu Family, and the two are definitely related!

As such, their bosses' boss was someone from the Liu Family!

Finally making their decision, they retrieved two handcuffs and brought it before Huang Xiaolong and Liu Kai. As Earth had many types of handcuffs, the ones the two officers used were pretty ordinary considering their ranks. Of course, it would be hard for anyone to escape anyway.

Right before they could cuff Huang Xiaolong and Liu Kai, Huang Xiaolong muttered, "If you get out of my sight right this instant, I'll allow you to live."

?!

Everyone stared at them in shock.

There were even many people who burst into laughter.

"Who the hell does he think he is? Is he threatening the officers with death?!"

"Even the members of the Ying Family wouldn't dare to kill a policeman in broad daylight!"

"I wonder where this bumpkin came from... What an arrogant prick!"

The two officers flew into a rage and they wanted to cuff Huang Xiaolong immediately. "How dare you!" However, the policeman didn't even get close when he realized that he was frozen on the spot. In the next instant, his body started to swell and he eventually exploded into a bloody mess.

Everyone stared at Huang Xiaolong in terror.

That included Liu Pinchen and his family.

No one expected Huang Xiaolong to actually make a move against the law enforcement officers!

Anyone who dared to attack officers were basically seeking death! There was no doubt they would be given the death sentence once they were caught.

Huang Xiaolong glared at the other officer and continued, "Parasites like you who don't work for the people as a law-enforcer deserve to die."

Even a hundred years ago, Huang Xiaolong hated all these corrupt policemen. After all, the lawful society rested on their shoulders!

To Huang Xiaolong, killing them was letting them off lightly!

"Don't... Don't come near me!"

It was too bad he exploded into a mist of blood with a single point from Huang Xiaolong.

He killed another one!

Everyone who witnessed the killing stared at him in silence.

He did it!

He actually killed two police officers!

Turning to Zou Ru, Huang Xiaolong decided to deal with them too.

"What... What do you want?!" Zou Ru screamed in fright, "I am a disciple of the Zou Family, and my uncle is Zou Yu, an elder of the family! He's also a major in the special forces of our Huaxia Police Force!"

Circulating her energy, a passable aura filled the area. She was a Second Level Foundation Building Realm cultivator, but Huang Xiaolong suddenly thought of the person she was talking about.

“Zou Yu?” He was the young man he met in the auction previously.

With an expressionless face, Huang Xiaolong sent her flying with a flick of his fingers. When she slammed into the structures behind her, she emerged from the other side. A bloodied hole could be seen on her forehead when she landed, and all signs of life left her body.

Huang Xiaolong didn't care who they were. After all, all of them were the same type of people in his eyes! Corrupt officials deserved to die!

At least he allowed her corpse to remain whole this time.

Bang!

Everyone erupted into discussion when they saw that Huang Xiaolong even dared to kill a disciple of the Zou Family.

Lin Kai was stunned too.

He didn't think that his uncle would kill three people in broad daylight, and they weren't ordinary hoodlums! They were police officers and disciples of a prominent family! That was something he never expected to witness in his life!

“Zou Ru!” Liu Pinchen snapped back to reality and he screamed in anger. Charging at Huang Xiaolong, he roared, “How dare you!”

“So what if I did? Do you think you can take revenge for her?” Huang Xiaolong remained completely impassive.

Gripping his fists tightly, Liu Pinchen knew that he wasn't the other party's opponent. As a Fourth Level Foundation Building Realm cultivator, he wouldn't be able to stand against a monster of Huang Xiaolong's level.

Sirens blared through the air as several dozen police ships arrived on the scene. It was clear someone made a police report the moment things went south.

Ordinarily, the police wouldn't show up so quickly even if a report was made. However, Huang Xiaolong killed a police officer, and that changed everything.

As soon as they arrived, several cannons locked on to Huang Xiaolong and a ton of enforcers left their ships to aim their guns at Huang Xiaolong.

"Raise your hands and get on the ground! Surrender immediately!" Someone yelled.

Huang Xiaolong didn't bother with them as he crossed his hands behind his back.

Liu Pinchen yelled all of a sudden. "I'm a disciple of the Liu Family! He killed my wife, and Liu Chang, your commissioner, is my brother! Kill him right now! I'll be responsible for anything that happens!"

The enforcers who arrived felt their expressions changing in terror. They only received a report of two policemen getting killed on the streets. They didn't expect a daughter-in-law of the Liu Family to die!

Moreover, that was the sister-in-law of their commissioner, Liu Chang!

Liu Chang wasn't an ordinary disciple of the Liu Family, and he was said to be promoted the very next day!

"Shoot him right now!" Liu Pinchen roared in anger. "If you allow him to escape, I'll sack all of you immediately! I'll court martial you according to the rules of the nation!"

The enforcers who were hesitating opened fire immediately.

As the bullets have been reinforced to a whole new level, they could even harm high-level Foundation Building Realm cultivators. The cannons in the ships could damage Golden Core Realm cultivators with ease and that gave Liu Pinchen enough confidence.

Light filled the air as everyone shot at Huang Xiaolong.

A look of glee could be seen on Liu Pinchang's face as he envisioned Huang Xiaolong's death.

Looking at the toys they were playing with, Huang Xiaolong didn't move a muscle. Instead, a ray of light flashed around him and everything stopped ten meters before him.

Chapter 3297: Call Liu Chang Back Here

The smile on Liu Pinchen's face froze.

Everyone standing around couldn't believe their eyes.

Before their very eyes, everything was sent flying backwards and the flying ships were blown to smithereens. The bullets pierced the bodies of various enforcers and the police cars that were on the scene.

Boom!

The cars and ships exploded as the enforcers were sent flying. By the time they landed, blood stained the lands.

However, Huang Xiaolong didn't go for the kill as he allowed them to live.

Even so, all of them weren't too far away from the gates of hell. Sucking in a cold breath, everyone in the surroundings stared at Huang Xiaolong apprehensively.

In the blink of an eye, he decimated the police force that was sent over to take him down!

Huang Xiaolong turned to stare at Liu Pinchen and Liu Decong.

As panic filled their hearts, the blood drained from their faces.

“Is there anyone else who wishes to call the police?” Huang Xiaolong swept his gaze about. “You can even call the entire special forces over. I’ll wait.”

Special forces! They were the strongest law enforcement officers the Huaxia Alliance had to offer! They would only move out when facing large threats by the super terrorist groups.

Everyone retreated in haste, and the person who called the police earlier felt his legs go numb.

Liu Pinchen, who was panicking, secretly shattered a jade symbol in his hands.

With Huang Xiaolong’s perception, he knew that the man was going to do it a long time ago. However, he didn’t bother stopping it.

A middle aged man who looked like Liu Pinchen roared in rage when he received the message. With a single punch, he smashed the table before him into dust.

The public security bureau was alerted instantly.

“Commissioner Liu, this...”

Allowing everyone to read the contents of the message, Liu Chang roared in anger, “This person has no respect for authority! He dares to kill law-enforcement officers in broad daylight, and he even eliminated the force sent to capture him! He’s a terrorist, and the city will not rest till he’s dead!”

From what Liu Chang said, Huang Xiaolong suddenly turned into a terrorist capable of threatening the city.

“Listen to my order! All policemen are to head over there immediately! Take him down at all costs!” Liu Chang roared in anger. “You’re authorized to use the Purple Canons!”

As one of the strongest weapons the police force could use, the purple canons could hurt Nascent Soul Realm cultivators!

“Notify the special forces immediately! Send out the elite force and take him down in case the bombardment fails!”

As the commissioner of the police force, Liu Chang’s order shook the entire city. Everyone started moving immediately, and sirens filled the air.

“What?! The capital city suffered a terrorist attack in broad daylight!”

“He killed two officers and he destroyed a fleet sent to capture him! He even killed someone of the Zou Family!”

“That’s not all, I’ve heard that several dozen officers were killed too! You didn’t see how Commissioner Liu Chang passed down his order. Practically the entire police force is rushing over as we speak. Even the special forces have been activated!”

When Liu Chang and the officers were rushing towards the scene with the purple canons, Grand Elder Liu Shengyuan who was living in one of the luxurious mansions in the city received the report. Both Liu Chang and Liu Pinchen were his sons, and Zou Yu was his daughter-in-law!

As soon as he heard that someone killed his daughter-in-law on the streets, the rage in Liu Shengyuan’s heart surpassed the anger felt by Liu Chang. He roared in rage, “Send over the video record of everything that’s going on right now!”

The elders bowed respectfully as they raced to get the videos. It didn’t take long for them to get several people on the scene to send over their videos.

When Liu Shengyuan and the various elders looked at the scene of destruction, they saw the countless police officers lying on the streets withering in pain.

However, Liu Shengyuan quickly focused on the youngster who had his back facing them.

As soon as he saw the person in the video, Liu Shengyuan felt as though an explosion went off in his mind.

Several days ago, the Liu Family's old ancestor brought them to the Huang Family, and he was one of those present!

When he saw the familiar sight of Huang Xiaolong's back, he felt his legs going numb.

"Grand Elder Liu Shengyuan?!" The elders felt that something was wrong and they quickly called out to him.

Snapping back to attention, Liu Shengyuan screamed in haste, "Show me... Show me his face! Hurry up and get someone to send me a video of the man's face!"

When the elders saw the look of panic on Liu Shengyuan's face, they didn't dare to dally as they got someone to take a picture of Huang Xiaolong from the front. The instant Liu Shengyuan saw the picture, he felt the world crashing down on him.

"It's him... His... His Highness..." Fear gripped Liu Shengyuan's heart and it was the face of the scariest monster he would ever see in his life.

Leaping to his feet, he hollered, "Call Liu Chang right now! Tell him to get his *ss back here! If he doesn't appear before me in the next few minutes, I'll personally chop him up and feed him to the dogs!"

?!

The elders knew that things were getting too serious and they quickly tried to contact Liu Chang. Despite their efforts, none of them managed to get through. Not even their calls to Liu Pinchen managed to connect.

All of a sudden, the scene changed as the livestream of the events showed several hundred flying ships showing up.

There were also several hundred assault vehicles, and Liu Shengyuan felt the world turning dark around him.

“We’re done...”

“The Liu Family is f*cked...”

Like a little baby, Liu Shengyuan started to bawl his eyes out.

Staring at each other in shock, one of the elders mustered the courage to ask, “Grand elder, what’s going on?”

Could the youngster be the young patriarch of one of the six greatest sects?! That shouldn’t be possible as they knew every single important figure in the six greatest sects. Huang Xiaolong wasn’t one of them.

“Quick! Get the fastest ship we have! I have to head over there now!” Liu Shengyuan leaped to his feet and screamed.

“Tell the old ancestor about this too!”

The elders of the Liu Family were shocked. “But... But the old ancestor is currently in seclusion!”

“Seclusion my *ss!” Liu Shengyuan roared, “Go notify the old ancestor when I tell you to! Tell him that it’s a matter concerning His Highness!” After he spoke, he jumped into a flying ship and left the Liu Family Manor.

Chapter 3298: Senior Huang How Are You Doing?

When they saw the grand elder charging out of the manor, the elders stared at each other in shock.

“This... Do we really interrupt the old ancestor’s cultivation for this?”

The old ancestor of the Liu Family hated to be disturbed. There was an elder who received heavy punishment for interrupting him once!”

“Let’s just do it...” Someone sighed. After all, Liu Shengyuan’s actions were too damn weird. There had to be something wrong if he was so worked up.

...

As Huang Xiaolong stood facing the giant army that was charging towards him, not a shred of emotion could be seen on his face.

Instead, Liu Pinchen rushed over to Liu Chang as though he had seen the light at the end of the tunnel. “You’re finally here!”

Nodding slightly, Liu Chang looked at the corpse of Zou Ru on the ground and grieved, “Second brother, I came too late... You can relax now. I will definitely kill this man in order to take revenge for Zou Ru!”

“Zou Ru died a miserable death! You have to kill that motherf*cker in the worst way possible!” Hatred flashed through his eyes as he glared at Huang Xiaolong.

The scene before his eyes changed as soon as he was done speaking and he appeared in Huang Xiaolong’s hands.

With two fingers, Huang Xiaolong raised Liu Pinchen by the neck. A trace of anger flashed through his eyes. “What did you just call me?”

Liu Pinchen thought that with Liu Chang and the purple canons, Huang Xiaolong would be too afraid to move against him. As such, he roared with laughter, “You heard me! You’re a motherf*cker! Do you really dare to kill me?”

Exerting a little strength in his hands, Huang Xiaolong snapped Liu Pinchen’s neck.

With his eyes bulging in shock, it was clear he didn’t believe that Huang Xiaolong would dare to make a move with so many people backing him up.

“Pinchen!” Liu Chang roared in anger. “Open fire! Kill this motherf*cker! Kill him right now!”

As soon as he gave the order, the canons lit up. Brilliant rays lit up the skies and every single policeman on the street opened fire. Everything turned blurry in an instant.

However, all it took was a soft snort from Huang Xiaolong to stop everything flying his way. Time seemed to have stopped as the rays of light that came from the canon froze in mid air. Like before, the attacks returned to those who unleashed it. The flying ships and vehicles were torn apart in an instant.

Countless officers were sent flying through the streets.

Blood stained the lands. But Huang Xiaolong didn’t kill a single one of them. All of them were seriously injured, but none of their lives were in danger.

When everyone standing around saw what happened, they couldn’t believe their eyes.

There were more than a hundred purple canons on the flying ships, and a single one of them was enough to injure an expert in the Nascent Soul Realm! With more than a hundred of them, they should be able to kill a high-level Nascent Soul Realm cultivator!

However, they were defeated in an instant!

Liu Chang, who was commanding the troops, stared at the scene of destruction with terror in his eyes.

Turning to Liu Chang, Huang Xiaolong started to walk towards him.

Snapping back to reality, he screamed in horror, "Who the hell are you?!"

There was no way a high-level Nascent Soul Realm cultivator could stop the bombardment. At best, they would be able to dodge the attacks. They didn't possess the ability to send the attacks back to the shops!

Unless...

Enlightenment Realm!

A terrifying thought flashed through Liu Chang's head.

A shriek pierced the silence a moment later as someone caught sight of Liu Chang who was lying lifelessly in the middle of the street. There was a bloodied hole on his forehead, and blood didn't stop flowing.

It was a sight to behold as Huang Xiaolong turned to look at Liu Decong. When the kid met his gaze, the stench of urine filled the air.

"Let's go." Huang Xiaolong looked at Lin Kai and signaled for him to return back to the flying ship. Following Huang Xiaolong, Lin Kai had no idea what was going on. In fact, he was surprised he remembered how to talk.

Everything that happened played out in his brain again and again.

His uncle killed the commissioner of the police force in the capital city! His heart was pounding in fear as he felt his limbs going cold. If he didn't know better, he would think that he caught a cold!

Everyone watched on as the flying ship slowly departed.

When they finally left, the entire scene exploded into a flurry of emotions.

“Liu Chang, the police commissioner, was killed on the streets! That’s definitely something that will make the headlines! Who is that youngster?! He’s too damn cool!”

“Hehe, the television will be all over this story in a little bit. Do you think that young man came from one of the six sects?! I don’t think an expert of his level exists in our Huaxia Alliance... For someone to survive the bombardment of more than a hundred purple canons... Even if he isn’t in the Enlightenment Realm, he should be close!”

Discussions flew about.

In the flying ship, Lin Kai was stuck in a state of shock as he looked at Huang Xiaolong. “Uncle... Do you think anything will happen to us now that we killed the police commissioner?”

“What do you think?” Huang Xiaolong chuckled softly.

Lin Kai’s expression changed, and Huang Xiaolong reassured him, “Relax. Nothing is going to happen to us.”

If the battle in the Blue Dragon Orchard didn’t happen, the members of the Liu Family might go all the way to look for trouble. However, there was no way they could do something like that now.

As long as the members of the Liu Family gave up, no one would harp on the matter.

Several minutes later, Huang Xiaolong arrived at the gates of the Eastern University with Lin Kai. Retrieving the flying ship, he looked at the perfect entrance standing before him. Huang Xiaolong sucked in a cold breath. In the past, he planned to enter the Eastern University after his final exam. However, he disappeared before that could happen. Now that he had arrived at the Eastern University, he was there as their deputy head.

After flashing their identity plaques, the two of them were allowed to enter the campus.

As Huang Xiaolong wasn't too familiar with the area, Lin Kai brought him over to the principal's office.

When they arrived, they saw three figures sitting outside. There was a bald man, a skinny elder, and another pretty lady who looked to be in her thirties.

The three of them reacted differently when they saw Huang Xiaolong. The woman stared at Huang Xiaolong unblinkingly, and it was clear his looks had a lot to do with it.

The skinny old man raised his head slightly before turning back to his newspaper. The only person who had a stronger reaction was the baldy. He frowned and lectured the two of them, "Which year are you in? Do you think you're qualified to look for the principal as you please?"

Lin Kai interrupted him before he could go further. "He's my uncle, and he's the new deputy head of the school."

New deputy head of the school!

The bald man and the lady were shocked, and they couldn't believe what they saw. The skinny old man was the only one who didn't react like them. Jumping to his feet, he ran over to Huang Xiaolong and he stretched out his hand. A trace of reverence could be heard in his voice when he addressed Huang Xiaolong. "Senior Huang, nice to meet you! I'm the principal of the university, Murong Qing! You should have informed me when you arrived! There's no need for you to come all the way here to look for me!"

There was a trace of fear and excitement in his heart when he addressed Huang Xiaolong.

"Are you from the Murong Family?" Huang Xiaolong asked.

Chapter 3299: Asking About Someone

"Yes, yes, yes. Senior Huang, my father is Murong Di." He replied hastily.

Several days ago, a deputy head of the school handed in his resignation, and Murong Qing's plan was to get someone from the Murong Family over to take over his position. However, the slot was taken away by someone called Huang Xiaolong, and he felt a little uncomfortable in his heart! After he investigated the man, he received a huge shock.

Huang Xiaolong!

The leader of the grand elders of the Huang Family!

He reported the matter to his father, Murong Di, and he didn't think that his father and the old ancestor of the Murong Family would rush over to the university that very day!

The two of them came specifically to remind him to be respectful to Huang Xiaolong! According to them, he would have to respect the man more than the old ancestor of the Murong Family!

Murong Qing was terrified when he heard their warnings.

That was the reason the scene before them played out that very day. As the principal of the university, he was extremely enthusiastic when welcoming a deputy head! That was something unheard of before!

Initially, he thought that Huang Xiaolong wasn't someone important, and he raised his view to his father. He was scolded so badly that he didn't dare to show the slightest disrespect to Huang Xiaolong. He didn't even dare to ask about Huang Xiaolong's matters, lest he be punished by the old ancestor!

"Oh? Is Murong Deng your grandfather?" Huang Xiaolong recalled the members of the Murong Family who attended the battle in the Blue Dragon Orchard. There was some guy called Murong Di beside Murong Deng, and he looked like the old man's son. It was no wonder Murong Qing knew of his identity.

Raising his hand, Huang Xiaolong casually shook the other party's hand.

Feeling as though he hit the jackpot of several trillion dollars, Murong Qing's eyes lit up in glee and he exclaimed, "Yeah! Senior Huang, my grandfather is Murong Deng, and he told me to agree to any

request you may have! As long as we can achieve it, our Murong Family will go through the depths of hell to fulfill your order!”

He was basically admitting that the Murong Family had submitted to Huang Xiaolong.

Chuckling lightly, Huang Xiaolong didn't mind. “Is my office ready yet?”

“Yeah! I had it prepared this morning, and we can head over right now!” Murong Qing pushed the doors open before welcoming Huang Xiaolong in with a friendly gesture.”

When the three of them finally left, the bald man and the lady stared at each other in shock.

The bald man was a disciple Murong Qing accepted, and he was the deputy dean of a field in the university. The lady was Murong Qing's secretary, and it couldn't be more clear that she was enough to take care of his every need...

Several moments later, Huang Xiaolong brought Huang Xiaolong into his office.

It was massive, and one could see the care put into the renovation.

It was even more luxurious than Murong Qing's office, and it was clear that Murong Qing made special arrangements for the office to be made the way it was.

“This isn't too bad.” Huang Xiaolong chuckled when he saw how careful Murong Qing was.

When Murong Qing heard what he said, he heaved a sigh of relief. Huang Xiaolong's praise was more important than receiving recognition from a high-ranking officer in the nation.

Soon after, Murong Qing brought Huang Xiaolong over to his residence. It was a special villa, and it might be lacking when compared to his courtyard in the Blue Dragon Orchard, but it was well taken care of. Only vice principals and those ranked higher would be able to live in their own villas, but Murong Qing had made special arrangements for Huang Xiaolong to get one.

Huang Xiaolong didn't mind too much. After all, he would only be staying for some time. The residence didn't matter too much to him.

"In the future, there's no need for you to call me Senior Huang. You can call me like how Murong Deng does."

With his heart shaking in happiness, Murong Qing knew that Huang Xiaolong had accepted his acts of grace.

"Oh right. I wish to ask about someone." Huang Xiaolong turned and asked, "Is the head of the university called Zhang Yuhan?"

Murong Qing felt his jaws drop in fright. He didn't expect Huang Xiaolong to ask about someone on his first day!

As the principal of the university, he should be more than familiar with the head of the school.

"Your Highness, Zhang Yuhan is indeed the head of our university." Even though he didn't understand why Huang Xiaolong was asking about her, he didn't dare to hide anything. "However, she hasn't been around as she has some family matters to deal with. She should be back after a week."

"Oh? Do you know what's going on with her family at the moment?" Huang Xiaolong continued.

Shaking his head, Murong Qing sighed, "I'm not too sure. If I were to guess, it should be related to her parents."

However, he didn't continue.

"What does it have to do with them?" Huang Xiaolong wasn't going to back down now.

Nodding slowly, Murong Qing explained, "I've heard that her parents have been forcing her to marry someone since the start of the school term."

Huang Xiaolong frowned. "Who's the man she's supposed to marry?"

"He seems to be an eminent elder of the Six Swords Gate... But I'm not too sure which eminent elder it is..."

Six Swords Gate?

Why was it them again?

Huang Xiaolong seemed to have heard of them since he stepped into Earth.

When he thought about it, the power of the Six Swords Gate was concentrated around the Huaxia Alliance, and it didn't seem too out of place.

After asking several more questions, Huang Xiaolong dismissed Murong Qing.

Lin Kai looked at the principal who was leaving and a complicated expression could be seen on his face. He was finally convinced that his uncle's status in the Huaxia Alliance was no joke! Even the principal of the best university in the nation had to be respectful to him!

"You can live with me if you feel out of place in your dormitory." Huang Xiaolong muttered.

As students were required to share a room with three other people, rooms would get squeezey fast.

Scratching his head, Lin Kai stuttered, "Umm... Would that be convenient?"

"What are you talking about?" Huang Xiaolong laughed. "It's not like I'm hiding a woman here..."

Lin Kai chuckled under his breath and responded, "Alright! I'll move over tomorrow!"

As the school term was starting soon, Lin Kai left to make his preparations.

Seeing as the sun was still pretty high up in the skies, Huang Xiaolong decided to head over to the library for a short while. He would be able to browse materials on the Pangu Axe while he was at it.

By the time he arrived, Huang Xiaolong realized that there wasn't a single piece of news about his rampage on the streets! Not even the reporters of the small TV stations were talking about him! It was as though nothing happened, and even the social media platforms had nothing about the incident!

It was as though a power was suppressing the news in the dark!

When the witnesses of the battle told everyone what happened, everyone felt that they were hallucinating. Not a single soul believed their story.

Chapter 3300: Smelling the Books

There was only a piece of news on Liu Chang when night fell.

According to the largest news station in the capital city, Liu Chang was dismissed from his position due to his corruption and he would be replaced by Huang Yuna.

The city would welcome a new female police commissioner, and the public went wild when they heard the news.

...

The library of the best university in the Huaxia Alliance wasn't there for show. It was an impressive structure that had several dozen floors. There was an extremely futuristic look to it, and the entire building seemed to be constructed by some high-tech glass.

There were no guards in the library at all, but there were special doors that needed one's identity plaque to be opened.

After Huang Xiaolong entered, he was greeted with the sight of a massive hall that was nearly four thousand square meters wide. There were countless students reading in the hall, and there were all sorts of books lining the wall.

Even though it was pretty high tech on the outside, the interior still had a traditional feel as the smell of books filled the air.

There were books on history, architecture, geography, and even books on culture housed on the sixth floor of the library. Seeing as there was no point in wasting his time, Huang Xiaolong took an elevator all the way up.

The lift was on the side of the main hall, and it was accessible to everyone in the school.

Just as the doors were about to close, an arm reached in to stop it. Six students stood outside the lift as they stared at Huang Xiaolong. There were a mix of guys and girls, and their looks weren't too bad.

The person standing in the middle was a noble looking lady, and even though the aura around her couldn't be compared to Shi Xiaofei and the others, her looks were pretty much there.

When the six of them saw that Huang Xiaolong was in the lift, they were stunned for a moment. His looks were enough to stun anyone who saw him for the first time.

The male student who reached out to stop the lift from closing snapped all of a sudden, "Get out of the lift right now!" Even though he wasn't loud, he sounded extremely snobbish.

"Why would I do that?" Huang Xiaolong asked with an expressionless face.

?! They were stunned to hear the question from Huang Xiaolong.

Does he not know who we are?!

“Brat, are you a new student in the university or are you playing dumb? Do you not know who we are?”

One of the other male students snapped at Huang Xiaolong, “Just get out of the lift when we’re being nice. Why do you have so much to say? Wait till we head up and you can board the next lift. Now, get out.”

“What if I refuse?” Huang Xiaolong smiled.

They stared at him in shock.

It felt as though they were receiving rejection for the first time in their lives, and they couldn’t believe what they were hearing.

“Brat, do you really not recognize us?” The male student who reached in to stop the lift growled. “I’ll give you three seconds to reconsider. If you refuse to get out, we’ll break your legs and throw you out of the library!”

“I’m right here. You can try whatever you like after three seconds.”

The six of them stared at each other in shock.

With a sneer leaving his lips, the male student refused to believe that Huang Xiaolong would be ignorant enough to think that they wouldn’t move against him because they were in the library.

Even though the university had rules to stop students from fighting on campus, nothing should befall members of the large families as long as no one died.

Glaring at Huang Xiaolong, three seconds passed in a flash. The male disciple circulated his true qi and sent a punch flying towards Huang Xiaolong.

As the six of them were all students in the upper level, they were about to graduate. Their talents made them the cream of the crop students, and they should be pretty strong considering that they were still in university.

The student who was trying to punch Huang Xiaolong was called Lu Fang, and he was an expert at the Ninth Level Xiantian Realm. His strength ranked in the top fifty of the school and he could be considered a tyrant.

Anyone with his level of strength could pretty much move around uncontested around the school. Ordinary students like Lin Kai would be at the Fourth Level Xiantian Realm at best in their fourth year, and if not for Huang Xiaolong's help, Lin Kai wouldn't even be at that level!

Lu Fang's true qi formed a massive fist around him as everyone was startled by the whistling of air as it shot towards Huang Xiaolong.

"Lu Fang made a move!"

"Who is that man? He's pretty daring if he dares to antagonize Lu Fang and the others."

Seeing as the fist was about to slam into Huang Xiaolong, many female students closed their eyes. However, a miserable shriek and a thud caused them to stare at Huang Xiaolong in shock.

The person lying on the ground was Lu Fang, and the other five who were with him were equally shocked.

From the looks of Lu Fang's arms that dangled by his sides, he should be a cripple from that day on!

"I'll break your arms this time. If you try that in the future, it won't just be your arms." Huang Xiaolong muttered before pressing the button to close the door. The five of them stared at Huang Xiaolong but no one dared to make a move.

They didn't even know how Lu Fang's arms were broken! Even if they were crazy, they knew that they weren't Huang Xiaolong's opponent.

Seeing as Huang Xiaolong had arrived on the sixth floor, Lu Fang roared in anger, "Brat, you better not let me find out who you are! I'll destroy your life and that of your family!"

The Lu Family might not be part of the ten strongest cultivation families, but they were pretty strong. They could be ranked in the top thirties of the Huaxia Alliance, and there were a ton of members of the Lu Family in the military serving as middle tier officers.

As his friends helped him out of the library, the woman who was among them glanced at Huang Xiaolong who was on the sixth level.

Huang Xiaolong didn't bother about anything they said as he headed straight for one of the shelves. He quickly started to look through the history books.

That wasn't all. He even looked through the history books of other nations.

Even after suppressing his cultivation base to the peak of the Ninth Level Void Immortal Realm, his divine sense had reached a terrifying level. He only needed to flip through the book once to know its contents. He would flip through a book and place it back on the shelf, and he wouldn't take more than a few seconds per book.

In the eyes of those around him, Huang Xiaolong merely picked up the books for a moment before putting them back.

After attracting so much attention with the Lu Fang incident, Huang Xiaolong drew even more attention with his actions.

"Do you think he's really reading the books?"

"Reading? He looks like he's smelling them!" Someone joked.

Laughter broke out in the library, and even the librarian could no longer take it. One of the female librarians walked towards him and growled, "Student, if you're not here to read properly, please leave. You're affecting the other students."

Turning around, Huang Xiaolong noticed that the librarian was extremely pretty. She was prettier than the lady in Lu Fang's group, and Huang Xiaolong had to do a double take when he looked at her. Even though he was tall, the librarian wasn't too short herself. From what he estimated, she should be at least 1.75 meters tall.

Even though she was slightly angry that Huang Xiaolong was there to mess with everyone, he felt that she was pretty cute when she was mad.
