

## Conqueror 3421

### Chapter 3421: I'll Speak to Wang Quyang

Seeing as Huang Xiaolong had left, the members of the Huang Family followed closely behind. They quickly left the Wang Family Manor.

Wang Meilan hesitated for a moment, and she chose not to stay.

"Third Sister!" Wang Quyang yelled.

However, he failed to get them to stay.

Opening his mouth slightly, Wang Quyang wanted to say something, but he decided against it in the end.

"We shall send His Highness off!" Hao Lu got to his feet when he saw that Huang Xiaolong and the others had left.

Wang Quyang felt a sense of regret and loss when Wang Meilan's figure disappeared into the distance, but he didn't understand why he would feel that way.

"Elder Lu..." Wang Quyang approached Hao Lu and asked, "You addressed my nephew as 'His Highness'... May I know what that is all about?"

A cold look appeared on Hao Lu's face and he snorted, "There's no need for you to address me as such in the future. I, Hao Lu, will no longer be associated with your Wang Family. As for the project we were working on, you can pretend I didn't say anything about it. We're calling it off! Do not look for me in the future."

The faces of Wang Quyang and the members of the Wang Family changed.

"Why?!"

“Is this because of my nephew?!”

Hao Lu ignored Wang Quyang’s cries, and he left the manor. Wang Quyang raced behind him and yelled, “Elder Lu, our families stand to earn more than a hundred million low-grade spirit stones from the project!”

A hundred million!

That was a hundred million per family!

Hao Lu paused for a second, and he glared at Wang Quyang. He sneered in his heart when he realized that Wang Quyang was still thinking about the money when he offended the only person on Earth no one could afford to offend. That wasn’t all. He humiliated the other party’s family!

Previously, he felt envious that Wang Quyang had such a powerful backer. From the looks of it, there was no longer anything to envy. In fact, he pitied Wang Quyang a little.

Wang Quyang’s heart started to pound when he saw the pity in Hao Lu’s eyes.

After staring at Wang Quyang for several seconds, Hao Lu shook his head and left. He chose not to say anything.

After several attempts at making Hao Lu stay, they could only give up as he left the manor.

“Patriarch, the person making the decision is the patriarch of the Hao Family! Even if Hao Lu refuses to work with us, he won’t have the final say!” One of the grand elders spoke to Wang Quyang.

“That’s right! We should contact the Hao Family Patriarch directly!”

Wang Quyang’s expression finally loosened up when he heard them. Indeed, the person calling the shots was the Hao Family Patriarch. Even if Hao Lu refuses to work with them, it wouldn’t matter!

The project's remuneration amounted to a staggering hundred million low-grade spirit stones! Wang Quyang refused to believe that the Hao Family Patriarch would give up on it.

"Should we send out some people to investigate the third young lady?" One of the grand elders asked.

"Get them to investigate my nephew."

"And hurry up!" Wang Quyang snapped.

He was extremely curious as to why Huang Xiaolong would cause Hao Lu to be so respectful.

...

After they left, Huang Xiaolong contacted the old ancestor of the Wharton Family. He didn't beat about the bush as he requested for several suites in the Xilai Hotel in Hong Kong.

When the old ancestor of the Wharton Family received Huang Xiaolong's order, he was shocked, but delight filled his heart. He fell to the ground and he cried tears of joy.

"Your Highness, please rest assured that I will immediately make the arrangements!"

After Huang Xiaolong disconnected the call, the old ancestor personally contacted the person in charge of the Xilai Hotel in Hong Kong. He arranged for four presidential suites and he arranged for Huang Xiaolong's transport.

"Remember, when you meet His Highness, you need to show utmost respect! You need to be even more respectful when you meet me!" The old ancestor of the Wharton Family roared.

In fact, there was no need for any reminders as the person in charge of the Xilai Hotel was no fool. He didn't dare to tarry at all as he arranged everything as per the old ancestor's instructions. Even if his brains weren't working, he could guess that Huang Xiaolong was someone important!

Even so, the old ancestor of the Wharton Family couldn't relax as he readied the fastest plane as he rushed over to the Xilai Hotel in Hong Kong personally.

Not too long after the order was given, four limousine style Rolls Royce went to pick Huang Xiaolong's family up. Moreover the person in charge of the hotel personally arrived to greet him.

"Are you His Highness?" The person in charge of the Xilai Hotel asked.

"Did Old Wharton send you?"

The person in charge of the hotel stared at Huang Xiaolong in stunned silence. When he heard how Huang Xiaolong addressed the old ancestor, he nearly jumped in fright. "Yes... Your Highness, the old ancestor sent me over, and you can call me Little Zhao!"

The person in charge of the Xilai Hotel in Hong Kong had status comparable to the patriarchs of the large families, but now, he had to lower himself in front of Huang Xiaolong!

Huang Xiaolong chuckled in amusement.

...

Not too long after the cars arrived to pick the Huang Family up, Hao Lu returned to the Hao Family.

"WHAT?! His Highness has arrived in Hong Kong?!" The patriarch of the Hao Family trembled in shock when he heard the report from Hao Lu.

"Yes, Lord Patriarch. That's not all. He brought his family along with him."

"Is that true?!" Hao Chengren, the patriarch of the Hao Family, continued, "His arrival brings honor to our city!"

In his eyes, Huang Xiaolong's family was filled with gods. It was an incomparable honor for the members of the great families in Hong Kong to welcome them!

"Actually... I met His Highness and his family in the Wang Family Manor." Hao Lu decided to speak of the matter that was troubling him.

"Oh? Wang Quyang's manor?" Hao Chengren's body trembled slightly.

"Yes." Hao Lu explained everything that went down. Like Hao Lu Hao Chengren's envy for Wang Quyang reached its peak when he heard that the Wang Family Patriarch was Huang Xiaolong's uncle! However, the more Hao Lu said, the uglier Hao Chengren's expression became.

"His Highness was exceptionally pissed when that happened..." Hao Lu said. "Patriarch, this... Do you think that we should continue working with them?"

"Bullsh\*t! Cancel them! Cancel them all! Call off every single project we have with the Wang Family! Call Wang Quyang right now and tell him it's an order from me!" Hao Chengren snapped.

"Yes, Patriarch!" Hao Lu replied respectfully.

However, Hao Chengren seemed to have thought of something and he continued, "Wait. I'll tell him myself."

Wang Quyang was about to get people to summon Wang Sisi when his phone rang. His anger was at its peak, and he wanted to take the chance to properly lecture his daughter, but he couldn't help but pick up his phone when he saw that the call came from Hao Chengren. He greeted respectfully, "Patriarch Hao..."

"I'm calling off all cooperation with your family!" Before Wang Quyang could say anything, he continued, "Every single project that we started will be canceled! As for those that we haven't... We won't be working on it together!"

Chapter 3422: Wang Family's Banquet

Wang Quyang cried out, "That... That... I got people to do the calculations! We will be able to earn more than a hundred million low-grade spirit stones each if we complete the project!"

Hao Chengren used the same look Hao Lu had when he looked at Wang Quyang.

Eventually deciding against explaining himself, he shook his head in disappointment before disconnecting.

Several moments later, Wang Chongan, a grand elder of the Wang Family, brought Wang Sisi into the hall. They saw Wang Quyang staring blankly at his phone as he lay slumped on the sofa.

They didn't know what could make Wang Quyang so dejected.

"Patriarch, I have brought the young miss..." Wang Chongan said cautiously.

However, Wang Quyang seemed to have not heard him.

"Daddy!" Wang Sisi yelled when she saw that her father was still stuck in a daze.

Finally snapping back to reality, he looked at the two of them. Even so, the look on his face didn't change. The confident look on his face was no longer there.

"Daddy, what's going on?" Wang Sisi couldn't help but ask.

Wang Chongan couldn't shake the bad feeling in his heart when he saw the dejected Wang Quyang.

"The patriarch of the Hao Family just called me to cancel all the projects we were working on."

"What?!" Wang Chongan yelled. Could it all be because of Hao Lu?!" Wang Chongan yelled.

"I'm afraid things are not that simple." Wang Quyang shook his head.

"Patriarch, do you mean... Your nephew?!"

Wang Quyang nodded. "I'm afraid so. That is most probably why Hao Chengren chose to break all connections with our family! He canceled all the cooperation we had!"

Wang Sisi and Wang Chongan yelled in shock.

"What?!" Wang Chongan muttered. "Wouldn't that mean that the Hao Family will lose a lot too?! They will have to pay a lot in compensation if they choose to stop everything now!"

A conservative estimate would put their compensation at nearly five hundred million low-grade spirit stones!

Wang Quyang sighed. "He chose to do it anyway..."

Even if they had to pay more than five hundred million low-grade spirit stones, they were willing to stop all connections!

"There is no way he chose to stop because of those bumpkins!" Wang Sisi interrupted. "The Hao Family is one of the top families in Hong Kong, and their foundation stretches back more than a hundred years! Even a top-tier family from the mainland would be able to pressure them into breaking off all connections with us!"

Of course, that was everything Wang Sisi thought.

"That's what I think too... There might be some other reason involved." Wang Chongan added.

Wang Quyang muttered, "His Highness... Why do I feel that the way they address him is so familiar?"

No matter how hard he tried, he couldn't put his finger on it.

"Hurry up with your investigation on my nephew!"

"Yes, Lord Patriarch, there will be a report out by tomorrow!" Wang Chongan promised.

All of a sudden, a ray of light emerged from the depths of the Wang Family. A strong wave of qi filled the manor.

Wang Quyang and the others looked at each other as joy filled their eyes.

"It's the old master! They entered the Nascent Soul Realm!" Wang Chongan yelled with joy.

Wang Quyang was excited as he got to his feet. "This is great! My parents entered the Nascent Soul Realm at the same time! This is amazing!"

Although the Wang Family might not be focused on cultivation, their family standing would increase by quite a lot with two Nascent Soul Realm experts at the helm.

As soon as Wang Quyang was done speaking, two figures soared into the skies as they stood above the manor.

Wang Quyang, Wang Chongan, and the experts of the Wang Family quickly ran towards the two figures.

"Father, Mother!" Wang Quyang greeted.

The members of the Wang Family bowed respectfully.

The two of them were Wang Shiming and Guo Xue, Wang Quyang's parents.

As they descended from above, they scanned the crowd.

“It’s our family’s blessing for the two of you to enter the Nascent Soul Realm! Hahaha! Our Wang Family is blessed by the heavens!” Wang Quyang flattered.

Wang Shiming roared with laughter.

“I will inform the family immediately! We will hold a massive banquet tomorrow to celebrate, and we shall invite the patriarchs of the various families in Hong Kong!” Wang Quyang continued.

“Alright!” Wang Shiming grinned. Now that he and his wife entered the Nascent Soul Realm at the same time, it was something worth celebrating.

Wang Quyang quickly passed the order. Invitations were sent out to the patriarchs of the families in Hong Kong. Practically everyone important received a gold branded invitation from the Wang Family!

In an instant, everyone in the city learned of their breakthrough!

As the members of the Wang Family were busy sending out invitations, Huang Xiaolong and Zhang Yuhan were staring out of the giant glass panels that surrounded their suite. They admired the view of Hong Kong from above.

“Your Highness, the patriarch of the Hao Family has arrived at the lobby. He requests for an audience. Do you think...” The person in charge of the Xilai Hotel, Zhao Hanwen, spoke cautiously.

With his position, he knew how important the Hao Family Patriarch was. Even the high officials in the city would have to lower their heads when talking to him.

“Let him wait. Give me an hour before you bring him up.” Huang Xiaolong spoke without turning his head.

Opening his mouth slightly, Zhao Hanwen was stunned. An hour?! Wouldn’t that make it...

“Leave.” Huang Xiaolong indicated for Zhao Hanwen to take his leave.

Not daring to go against the order, Zhao Hanwen bowed before leaving the room. When he arrived at the lobby of the hotel, he saw Hao Chengren waiting in the center of the hall and he made his way over quickly.

Seeing Zhao Hanwen, Hao Chengren’s eyes lit up and he asked, “Brother Zhao, how did it go?”

Zhao Hanwen paused for a second.

Seeing Zhao Hanwen’s expression, Hao Chengren thought that Huang Xiaolong wasn’t willing to meet him. His expression sank, “I was too rash... I shouldn’t have tried looking for His Highness without arranging a meeting!”

Just as he was about to leave, Zhao Hanwen explained, “Wait! His Highness told me to wait for an hour before bringing you up!”

Hao Chengren revealed a face full of joy. “Is that true?!” He looked at Zhao Hanwen before grabbing his hand.

“Yes.” Zhao Hanwen looked at Hao Chengren like he was looking at a weirdo. He felt that Hao Chengren’s reaction was too exaggerated.

Just a moment ago, he was afraid that Hao Chengren was going to fly into a rage.

Hao Chengren didn’t stop there. Hugging Zhao Hanwen, he thanked, “Thank you, thank you so much!”

Chapter 3423: Everyone Went to the Xilai Hotel?

Not too long after Hao Chengren arrived, a white browed old man wearing ancient robes entered the hall.

Zhao Hanwen and Hao Chengren jumped in fright when they saw the old man. They ran over to greet him hastily.

“Elder Mu!”

Elder Mu!

There were three elders and two ancients in Hong Kong, and they were the people with the highest seniority in the city!

Even patriarchs of the Hao Family could only be considered juniors in their eyes.

Seeing as Hao Chengren was present, Elder Mu was slightly stunned. He nodded slightly and asked, “It seems like Patriarch Hao is also here to greet His Highness!”

Zhao Hanren felt his heart trembling in fear. Could Elder Mu also be there to meet His Highness?!

The five seniors hadn’t appeared in the outside world for a long time. Even the leaders of the top families in the city might not be able to request an audience with them. Now, Elder Mu ran all the way over to meet Huang Xiaolong!

Hao Chengren chuckled respectfully, “Elder Mu, you guessed correctly.”

“Where is His Highness right now?” Elder Mu couldn’t help but ask.

As Hao Chengren turned to look at Zhao Hanwen, the latter explained, “His Highness is currently enjoying his time with his family. He told me to bring Patriarch Hao up after an hour. Since Elder Mu is also here, I will make a report to His Highness!” He turned around as soon as he spoke.

Grabbing Zhao Hanwen, Elder Mu waved his hands in panic, “No, no, no! There is no need to trouble His Highness! I’ll wait here, and you can make the report when you bring Hao Chengren up later. If I allow

you to disturb His Highness, I will be a sinner! Even a hundred deaths wouldn't be enough for me to atone for my sins!"

Zhao Hanwen's jaws dropped in fright.

Elder Mu didn't want him to make the report as he was afraid he would interrupt the other party's personal time!

"Brother Zhao, you should listen to Elder Mu." Hao Changren spoke all of a sudden.

Swallowing a mouthful of saliva, Zhao Hanwen nodded.

Even so, it didn't take long for someone else to arrive. The newcomer was clad in black robes, and he was extremely well-built. A fierce and strict aura surrounded him.

When the black robed man entered the hall, he was stunned to see Elder Mu, Hao Chengren, and Zhao Hanwen. It was especially so when he saw Elder Mu.

"Elder Mu!"

The black robed man ran over and greeted respectfully. A smile formed on his face as he looked at Hao Chengren. "I didn't think that Patriarch Hao would be present..."

Elder Mu grinned, "Who would have thought that Patriarch Xu would come! Are you here to greet His Highness too? Looks like your information network is pretty good..."

The Xu Family was ranked in the top three families of the city, and Xu Zhonghang, the patriarch of the Xu Family, was a supreme expert in Hong Kong! In fact, he seemed to be a little more important than Hao Chengren.

Xu Zhonghang chuckled when he heard what Elder Mu said. “Seems like Elder Mu and Patriarch Hao are also here to greet His Highness. How am I well connected? The Wang Family got news of His Highness’ arrival and I ran all the way here after hearing about it!”

Wang Quyang got Wang Chongan to look for news on Huang Xiaolong, and Wang Chongan went to ask people he knew from the other families. That was also how everyone learned of the news.

Elder Mu chuckled, “If the Wang Family is asking around, we should be expecting a lot more people in a little bit.”

“Elder Mu, did you also come because of the Wang Family’s inquiry?” Xu Zhonghang asked.

Elder Mu nodded while laughing.

Indeed, important people started to show up every few minutes. It seemed as though the patriarchs and old ancestors of the super families in Hong Kong had gathered in the Xilai Hotel.

However, all of them came alone, and they didn’t bring the experts of their families along with them. It was clear they were afraid to annoy Huang Xiaolong.

Naturally, not everyone had the qualifications to meet Huang Xiaolong.

In one short hour, thirteen people arrived!

Along with Xu Zhonghang, Elder Mu, and Hao Chengren, there were sixteen top-tier existences in the lobby!

When Zhao Hangwen saw all of them standing in the lobby, he was shocked. He felt his legs going soft as any one of the sixteen could cause the city to tremble with a single stomp. Now, all of them were waiting patiently in the lobby of the hotel to meet Huang Xiaolong!

Zhao Hanwen didn't know who Huang Xiaolong actually was, but it seemed as though the patriarch of the Wharton Family was also being respectful to him.

When Zhao Hanwen's imaginations were running wild, a skinny old man who was clad in azure robes arrived. Lightning bolts flashed about his body, and when he entered the hall, everyone felt a wave of pressure slamming into them.

Even Elder Mu was stunned at his arrival. After regaining their composure, everyone ran over to greet the newcomer.

"Elder Ye!"

He was the leader of the three elders of Hong Kong, and he could be said to be standing at the top of the hierarchy in the city! His combat abilities were stronger than Elder Mu by quite a bit.

When he saw everyone sitting in the hall, he snickered, "Looks like I'm the latest."

Laughter filled the lobby.

Elder Ye turned to Elder Mu and laughed, "Old Mu, you like to roam the world, and you're uncontactable most of the time! What a coincidence to see you here."

"Brother Ye has to be joking. If you wish to meet me, you can get the little brat from your family to contact me."

The entire hall bustled with activities now that Elder Ye was here.

However, none of them dared to speak loudly, and even when they joked around, they did so in hushed voices.

Eventually, Zhao Hanwen brought Hao Chengren up after an hour and informed Huang Xiaolong of everyone who had come.

“Bring them up.” Huang Xiaolong replied.

Heaving a sigh of relief, Zhao Hanwen brought the various experts up to meet Huang Xiaolong.

The night passed uneventfully.

As for the Wang Family, their banquet was extremely lively. The various families sent over experts to attend the banquet and to congratulate Wang Shiming and Guo Xue.

However, Wang Shiming’s expression wasn’t great. No matter how he looked at it, everyone who arrived were from smaller families. Not a single patriarch or old ancestor from the great families were there.

Wang Shiming called Wang Quyang over and asked about it.

Wang Quyang was equally as surprised. He called Wang Chongan over and ordered, “Go check out why the patriarch of the Shao Family and the others aren’t here.”

The Shao Family and several other families were on pretty good terms with the Wang Family, and it didn’t make sense for them to be absent.

Very quickly, Wang Chongan returned with the report.

“What?! The patriarchs of the Shao, Zhang, and the other families went to the Xilai Hotel?” Wang Shiming stared at Wang Chongan in shock.

Chapter 3424: He’s My Grandson! How Dare He Not Come?!

“Yes, old master.” Wang Chongan replied.

“Do you know why they’re there?!” Wang Shiming frowned. He broke through to the Nascent Soul Realm with his wife, and the patriarchs of the Shao and Zhang Families should be waiting in line to congratulate them! Who would have thought that all of them would run over to the Xilai Hotel?!

Moreover, all of them went at the same time!

What was weird was the fact that they didn't send a single expert over to send their congratulations!

"This... We haven't found out why." Wang Chongan replied. "I will personally head over right now to look for the reason."

"Alright, go." Wang Shiming ordered. "Look into it properly."

Wang Chongan left the hall with haste.

"Quyang, what do you think this is all about?"

"This... I have no idea..." Wang Quyang shook his head.

"Quyang, you didn't improve much these few years... If you keep this up, you won't be able to enter the high-level Golden Core Realm even after thirty years!" Guo Xue berated him. "Even though the company is important, your individual strength should be placed before everything else. The lack of experts in our family is the reason we are unable to enter the upper echelons of Hong Kong!"

"Look at them! Look at the number of Nascent Soul cultivators those super families have!" Guo Xue continued, "From tomorrow, you shall focus on your cultivation. Enter the high-level Golden Core Realm in three years!"

Wang Quyang chuckled in embarrassment, "Mother, it's not that easy to enter the high-level Golden Core Realm..."

Wang Shiming interrupted him, "I know what you're thinking about. You think that as long as you have money, you will be able to hire Nascent Soul Realm cultivators! However, you can't read their minds. What if they plan on betraying us?"

As the three of them chatted with each other, they lost track of time. However, Wang Chongan returned all of a sudden and there was an extremely weird look on his face.

Wang Shiming and the others were shocked when they saw his expression.

“Did you find out what happened?!”

“Old master, they... All of them went over to visit a single person!”

One person?!

“Who could that be?”

“They call him ‘His Highness’.” Wang Chongan’s expression became even more strange.

Wang Shiming and the others stared at him in shock. However, Wang Quyang yelled in shock “What?! His Highness?!” Could it be...

Wang Shiming and his wife looked at Wang Quyang with a questioning look.

“Quyang, do you know who that is?” Wang Shiming asked. He tried racking his brains, but he couldn’t come up with anything.

Wang Quyang opened his mouth, but he didn’t say anything.

Eventually, Wang Chongan had to do the explanation for him. “The person they are referring to is the Third Young Lady, Wang Meilan’s son.”

“Meilan?!” The name was too foreign for either of them.

“Yes. Father, if I didn’t guess wrong, the youngster they are referring to should be Meilan’s son.” Wang Quyang’s tone turned serious. He quickly spoke of the matters that happened when Wang Meilan came to visit them.

When they heard that Wang Sisi threw the members of the Huang Family out of the Wang Family Manor, they fell silent for quite some time.

“In fact, the Shao Family Patriarch and the Zhang Family Patriarch aren’t the only ones there. The patriarch of the Xu Family is there too.”

“Are you talking about Xu Zhonghang?!” Wang Shiming yelled in shock. “Did he go all the way there just to meet my grandson?!”

Xu Zhonghang was the patriarch of one of the strongest families in Hong Kong! The patriarchs of the Shao and Zhang Families couldn’t even be mentioned in the same sentence as him!

“Yes. Old master, more than thirty people went over to see him...” After a short pause, Wang Chongan continued, “Even Elder Mu and Elder Ye went.”

“Elder Mu and Elder Ye?!” Wang Shiming looked at Guo Xue as shock filled their eyes.

As they sat there with Wang Quyang, they couldn’t think of what to do.

Wang Chongan stood at the side quietly as he knew that the news was too shocking.

The old ancestors and patriarchs of more than ten super families in Hong Kong, including Elder Mu and Elder Ye, personally went to visit a youngster in the Xilai Hotel!

“Have you found out anything about my nephew?” Wang Quyang broke the silence.

“I asked the grand elders of the other families, but when they heard who I was asking about, they refused to say anything about him.”

The three of them looked at each other in silence.

“Go to the Xilai Hotel right now and order Wang Meilan and her son to come over. Tell her that I summoned her.” Guo Xue snapped before turning to Wang Shiming. “What’s her son's name again?”

Wang Shiming shook his head slowly when he realized that he didn't know.

The two of them had only seen Huang Xiaolong once, and it was when he was a three year old kid. They didn’t bother asking Wang Meilan for his name.

“I’m afraid she won't come...” Wang Quyang shook his head.

Guo Xue glared at him and snorted, “I am her mother. Does she dare to defy my will? As my grandson, does he dare to not come when I order them to?!”

A bitter smile formed on Wang Quyang’s face and he sighed, “Alright. I’ll personally head over to invite them over.”

Wang Shiming muttered, “Alright.”

As such, Wang Quyang got the car ready and he decided to bring his daughter along with him.

“When you arrive, you better show more respect when you meet your cousin. Am I clear?!” Wang Quyang growled at her the moment they boarded the car.

Wang Sisi snapped back at him, “Alright, alright! I’ll even kneel to apologize to that b\*stard, are you happy now?!”

...

Huang Xiaolong ordered for Elder Ye and the others to leave him when Zhao Hanwen came over bearing the news that Wang Quyang and Wang Sisi were there to see him.

“Throw them out.” Huang Xiaolong muttered.

Just as Zhao Hanwen was about to carry out his order, Wang Meilan entered the room and snapped at him, “Xiaolong, he’s your uncle!” Turning to Zhao Hanwen, she muttered, “Bring them up here.”

Zhao Hanwen didn’t dare to do anything without Huang Xiaolong’s approval and he turned to look at Huang Xiaolong with a pleading expression.

Huang Xiaolong eventually nodded his head and Zhao Hanwen went down to bring the two of them over to the suite.

Chapter 3425: Wang Meilan Shall No Longer Be My Daughter

In the lift, Wang Sisi grumbled, “Who does he think he is?! Humph. You’re paying him a personal visit and he dares to put on airs.”

She completely forgot the fact that not a single person from the Wang Family went to the airport to pick them up.

When Zhao Hanwen heard her disrespectful tone, a frosty look appeared in his eyes as he turned to glare at her. If he was allowed to, he would have killed her on the spot.

Wang Quyang didn’t expect Zhao Hanwen to react so strongly to what his daughter said. He was the person in charge of the Xilai Hotel in Hong Kong, and his position was unshakable. He didn’t expect Zhao Hanwen to know Huang Xiaolong!

Even though he was shocked, he had to explain her actions to Zhao Hanwen. “Mister Zhao Hanwen, my daughter said it without much malice. Please forgive her.”

He snorted, “That better be the case.” He no longer glared at her and Wang Sisi realized that her back was drenched.

When the father and daughter duo were stuck in a state of shock, they arrived.

After getting them to wait at the door, Zhao Hanwen entered the room to notify Huang Xiaolong. He emerged after some time to summon them.

They were brought to the main hall, and the supreme existences who came to pay Huang Xiaolong a visit turned to stare at them. Elder Mu, Elder Ye, and the old ancestors and patriarchs of the super families stood respectfully before Huang Xiaolong like a bunch of obedient students.

When their gazes turned to Wang Quyang and Wang Sisi, they felt as though a mountain was pressing down on them.

They felt their legs going soft, as their hearts thumped in their chests.

In the past, Wang Quyang thought that they were only connected to the Huang Family for their family interests. The current scene far exceeded his expectations.

Even the most important person in Hong Kong, Elder Ye, didn't dare to breathe loudly in front of Huang Xiaolong!

If he didn't personally witness the scene, he wouldn't believe it even if he was beaten to death!

"What do you want?" Huang Xiaolong's voice came from the center of the hall.

Wang Quyang's face twitched uncontrollably as he forced a smile. He looked at Wang Meilan and said, "Umm... Third sister, our parents came out of seclusion today and they wish to meet you now that they learned that you have arrived in Hong Kong. I'm here to apologize on their behalf. Please come back to the Wang Family Manor!"

He dragged Wang Sisi to her knees.

"Sisi, why aren't you apologizing to your aunt and your cousin?!"

Wang Meilan was delighted when she heard that her parents were thinking about her. She couldn't help but smile when she heard that Wang Quyang came over to personally invite her back.

"There's no need for your apology. Since they wish to meet my mother, why didn't they come here themselves?" Huang Xiaolong's voice rang through the hall.

Staring at him in stunned silence, Wang Quyang didn't know how to respond.

"When we left, I told your daughter that even if you kneeled before us for an entire year, we won't be going back."

Wang Quyang's face fell.

"Xiaolong!" Wang Meilan could no longer hold her emotions back and she cried, "Let's forget it!"

Sighing in his heart, Huang Xiaolong knew that his mother was too soft-hearted. Even after the Wang Family neglected her, she still hoped to return. After all, the person begging her to return was her older brother, and Wang Shiming and Guo Xue were her parents.

Huang Xiaolong spoke to Wang Quyang, "If they really wish to meet my mother, they can personally come over to the Xilai Hotel. Whatever the case, we will not be stepping foot into your Wang Family Manor."

Wang Meilan wanted to say something, but she eventually chose not to.

"You can leave now." Huang Xiaolong didn't bother looking at Wang Quyang or Wang Sisi as he ordered.

With a pleading look, Wang Quyang stared at Wang Meilan. However, Huang Xiaolong shook his head slightly when she looked at him with a final attempt to plead on their behalf.

The father and daughter duo were eventually escorted out of the hotel.

When they finally returned, Wang Shiming asked, "What happened!"

Wang Quyang shook his head as he looked at his parents.

However, Wang Sisi roared in anger, "That little b\*stard said that even if my father kneeled for a year, he won't step into our Wang Family Manor!"

Wang Shiming flew into a fit of rage when he heard what she said. He smashed the cup in his hands.

"Did that little Huang b\*stard really say that?!" Guo Xue asked.

"That's not all. He said that if you wish to see them you can personally head over to the hotel to beg!"

Guo Xue snapped, "Who do they think they are?! He's just a mongrel son of a branch member of the Huang Family! Does he not know that we're his grandparents?! How dare he call us to go over?!"

Wang Shiming didn't say anything, but from the looks of it, he was angry at Huang Xiaolong too.

However, Wang Quyang thought of the scene where Elder Ye and the others acted subserviently in front of Huang Xiaolong and he muttered, "Actually, he might be a lot more important than we think he is!"

"So what about it?! Can he disrespect his elders because of a little bit of power? This is nonsense!" Guo Xue snapped.

Wang Shiming waved his hand and ordered, "Get Wang Chongan to go over to tell that dog b\*stard that if he doesn't appear in front of me, he will no longer be welcome in my Wang Family Manor! Wang Meilan shall no longer be my daughter!"

Wang Quyang wanted to persuade them, but he was shut down instantly by Wang Shiming. "Enough!"

It didn't take long before Huang Xiaolong and the others received Wang Shiming's 'warning'. When Wang Meilan heard what Wang Shiming said, the blood drained from her face.

"Mum, you heard what they said." Huang Xiaolong sighed.

The last ray of hope in her heart was extinguished and she left Huang Xiaolong's room in low spirits. Soon after, Zhang Yuhan entered to invite Huang Xiaolong out for dinner.

...

"Shall we go out for some pancakes and ice cream?" Huang Xiaolong asked.

Nodding slightly, a grin formed on Zhang Yuhan's face. "Will you accompany me?"

"Of course I will! Why wouldn't I go when a beauty is inviting me for dinner?"

The two of them invited Huang Wen and the others, but they were politely rejected as crafty smiles formed on the faces of the members of the Huang Family. Other than Huang Jiyuan and Wang Meilan, everyone else grinned mischievously when they saw that Huang Xiaolong was planning to go out with Zhang Yuhan.

It didn't take long before they arrived at the night markets. When they alighted, Huang Xiaolong could see that the street was filled with vendors selling delicious food.

"I guess I'm going to enjoy myself tonight." Huang Xiaolong chuckled.

When the two of them were enjoying each other's company as they strolled along the streets, a completely different scene was playing out in the Wang Family Manor.

Wang Shiming, Wang Quyang, and Guo Xue sat in the main hall with dejected looks on their faces.

They just got off one of the many phone calls they received through the night, and every single person who called them was the patriarch of the super families in Hong Kong. There was no exception as they called off all cooperation with the Wang Family.

Chapter 3426: Opening the Kunlun Secret Region

Every single major family in Hong Kong canceled their projects with the Wang Family, and the Wang Family's enterprises were crippled in an instant. When the investors learned of what happened, it wouldn't be long before their funds would be cut off too!

"What's going on?!" Wang Shiming muttered to himself. He couldn't believe the news.

If the Mo Family and Ma Families cut their connections, the Wang Family couldn't care less. However, the families that had great ties with the Wang Family for the past hundreds of years, like the Zhang, Du, and Shao Families did the same! Moreover, the old ancestors of the various families came out to state their stands personally! The latest call came from the old ancestor of the Shao Family, and he was told that they would never cooperate again in the future!

He could recall the scorn and indifferent expressions on their faces when they broke the news to him!

After spacing out for a second, the phone rang again.

However, no one dared to pick it up. The shock that filled their hearts after all the calls they had a moment ago caused them to freeze in their seats.

Eventually, Wang Quyang chose to pick it up. As soon as the video call connected, Wang Chongan's panicking face could be seen on the screen. "Lord patriarch, Citibank sent their men over to the company!"

"Citibank?!" Wang Quyang froze for a moment.

"They came over to say that we have to return the loans we took!"

The faces of Wang Quyang, Wang Shiming, and Guo Xue changed instantly.

“Our loan period shouldn’t be up... Right?” Wang Quyang’s shaky voice sounded on the phone.

“They said that they no longer care about the interest. According to them, we will have to return all the money we borrowed!”

Wang Quyang felt the world turning dark around him.

The loans from the Wang Family came primarily from Citibank. In total, they would have to repay more than ten billion low-grade spirit stones! No matter how rich the Wang Family was, they wouldn’t be able to take out ten billion low-grade spirit stones at once!

“It’s him... He definitely had something to do with this.” Wang Quyang screamed in rage.

Wang Shiming and Guo Xue looked at their son in shock.

“Father, it’s third sister’s son! It has to be him!” Wang Quyang yelled in anger.

“That little b\*stard? Did he instruct the bank to retrieve their loans?!” Guo Xue gasped in shock.

“That’s not all... He probably instructed the various families to stop their cooperation with us! He has to be the one behind all this!” Wang Quyang yelled like a cornered beast.

Wang Shiming looked at his son in shock. “This... This isn’t possible, right?”

He was extremely clear how strong Huang Jiyuan was. After all, he did a detailed investigation in the past.

No matter how talented Huang Jiyuan’s son was, he was a nobody in the eyes of the Wang Family. No one thought that he had the ability to shake up the city.

As for the bank... That should be even less of a possibility!

Citibank was one of the largest banks in the world. It had great connections in both Western Europe and the East. The families that controlled Citibank stood at the peak of the world!

"You might not know what happened, but when I visited them in the hotel..." Wang Quyang explained everything from the time he stepped into the Xilai Hotel with Wang Sisi.

When they heard that Elder Ye, Elder Mu, and the old ancestors of the various families were behaving subserviently in front of Huang Xiaolong, the couple looked at Wang Quyang in shock.

"Why don't you go to the hotel personally..." Wang Quyang hesitated for a moment before asking.

Wang Shiming's expression turned ugly. "Are you asking me to go beg that kid?"

"Definitely not!" Guo Xue's face was cold and she snapped.

...

As night fell, Huang Xiaolong returned to the hotel with Zhang Yuhua. When they returned to their rooms, he retrieved the Pangu Sword.

The refinement process continued, and the night soon passed.

As soon as dawn broke the next day, Zhao Hanwen entered Huang Xiaolong's room to report the arrival of the Wharton Family's old ancestor.

"Let him come in. I will be leaving in a bit, and he has ten minutes if he wishes to meet me." Huang Xiaolong said.

After all, he promised the members of the Huang Family to bring them out in a little while.

A look of joy formed on Zhao Hanwen's face and he quickly left to bring Old Ancestor Wharton into the room.

Several moments later, the old ancestor of the Wharton Family left happily. The members of the Huang Family slowly entered the room.

"Are you ready?" Huang Xiaolong looked at Lin Kai and the others who were carrying tons of stuff and he chuckled. "We're not going out for long. Why do you need so many things?"

"Grandma told me to bring them!" Huang Datou revealed a bitter smile.

Wang Meilan glared at him and chided, "Why are you complaining? It's just several items! Do you have a problem with it?"

"Of course not!" Huang Datou shook his hands in a hurry. "Why would I have a problem with it..."

Laughter filled the room.

Several moments after Huang Xiaolong and the others left the hotel, Zhao Hanwen contacted him. He reported the arrival of Wang Quyang, Wang Shiming, and Guo Xue.

"Send them away." Huang Xiaolong growled.

When the three of them were chased out of the hotel by Zhao Hanwen, rage nearly consumed them. Fire spewed from Wang Shiming's eyes.

"We'll return! I refuse to believe that we won't be able to tide through this without the little mongrel b\*stard's help!" Guo Xue screamed.

...

Several days later, Huang Xiaolong and the rest left Hong Kong and they returned to the Blue Dragon Orchard.

As for the things the top families in Hong Kong did, Huang Xiaolong turned a blind eye to it. There was no need for him to interfere with the small stuff.

In fact, he didn't instruct them to make things difficult for the Wang Family. If he wanted to exterminate them, he could flick his fingers to make the entire Wang Family disappear off the face of the earth.

The old ancestors of the various families made the decision to cut off the Wang Family by themselves, and the old ancestor of the Wharton Family was the person who instructed the bank to retrieve their loans.

As the largest shareholder in Citibank, the old ancestor of the Wharton Family could do as he wished.

Of course, Huang Xiaolong didn't specifically tell them to stop. After all, the Wang Family started the enmity first.

He didn't care if the Wang Family lived or died.

On the second day after they returned to the Blue Dragon Orchard...

"You're leaving again?!" Huang Jiyuan and Wang Meilan scowled when they heard that Huang Xiaolong wanted to head out. After all, he only returned for several days a while ago.

"I'm only going to be gone for a few days." Huang Xiaolong explained. "I have to head over to the East Sea for a little bit."

Of course, his goal was to enter the Kunlun Secret Region.

After so many days, he had long since refined the Pangu Sword.

When the members of the Huang Family heard that he was going to the East Sea, they heaved a sigh of relief.

He left the Blue Dragon Orchard after bidding farewell to the others.

Standing on the Pangu Sword, he turned into a streak of light that disappeared into the horizon.

The number of people who could use the Pangu Sword as a flying sword could probably be counted on two hands.

Naturally, the speed of an artifact like the Pangu Sword was something modern planes couldn't catch up with. It took half a day for him to arrive.

Chapter 3427: Kunlun Palace

When he arrived, Huang Xiaolong circulated his true essence. Rays of light emerged from the sword. Under the illumination of the Pangu Sword, a crack appeared in the space above him.

Huang Xiaolong heaved a sigh of relief.

Even though Liu Huang said that the Pangu Sword could open a path to the Kunlun Secret Region, it hadn't been tested. As such, Huang Xiaolong was still a little apprehensive.

Huang Xiaolong finally relaxed when he saw that it worked.

Without hesitation, Huang Xiaolong entered the passage.

After entering the Kunlun Secret Region, Huang Xiaolong discovered that it was covered in immortal qi!

He was shocked. Wasn't immortal qi only supposed to exist in the Immortal World? How could there be immortal qi in the Kunlun Secret Region?

It was truly incredible.

Of course, the immortal qi in the Kunlun Secret Region couldn't be compared to the immortal qi in the Immortal World.

As he used his dao souls to observe the region, he utilized the sword qi in the Pangu Sword to look for the whereabouts of the Pangu Axe.

Even though the Pangu Sword would only react when it was a certain distance away from the axe, Huang Xiaolong wasn't afraid at all. After all, the Kunlun Secret Region wasn't infinitely large. He would be able to comb through the entire area in a matter of days.

That was also the reason he could tell his parents that he would only be away for several days.

Huang Xiaolong stood on the Pangu Sword as he soared through the air. He went towards the largest land mass in the region.

Half an hour later, Huang Xiaolong noticed a giant city. Without much fanfare, he dragged the strongest expert towards himself.

From the man, Huang Xiaolong learned that he was standing over Xian City, and the strongest expert was the old ancestor of a certain family. He wasn't weak, and he was an expert in the Great Void Realm.

One had to know that the strongest expert on earth, Yuan Hui, was only in the Enlightenment Realm. The old ancestor of the family in Xian City was three large realms stronger than him!

One had to enter the Spirit Severing and Soul Condensation Realm before one could see the gates of the Great Void Realm.

The old ancestor felt his heart stop beating when he was grabbed by Huang Xiaolong. He was discussing some matters with the members of his family when he was dragged through the air.

However, he didn't get the chance to open his mouth as Huang Xiaolong searched through his memories directly.

After learning what he wanted, a look of joy formed on Huang Xiaolong's face.

"A treasure appeared in the Golden Dragon Mountain Range?"

From the memories of the Great Void Realm expert he pulled, Huang Xiaolong learned that the Kunlun Secret Region wasn't as peaceful as it once was. A weird sight was seen in the Golden Dragon Mountain Range several days ago, and everyone could guess that an absolute treasure was about to appear!

There were various guesses made, and practically everyone concluded that an ancient treasure was about to appear!

...

Could it be?

Was the Pangu Axe about to appear?

Huang Xiaolong released the old ancestor and threw a jade bottle over. He tore through the air, and the old ancestor stared into the skies in shock.

Not too long after Huang Xiaolong left, several hundred figures tore through the air.

"Old Ancestor!"

"Senior Zhou Yu!"

Those who arrived were those who were speaking to Zhou Yu just a moment ago.

“Senior Zhou Yu, did anything happen?!” One of the patriarchs who was invited by Zhou Yu asked.

Everyone in the hall was shocked when Zhou Yu disappeared.

“It’s fine!” Zhou Yu shook his head and sighed. He looked at the jade bottle in his hands, and curiosity made him open the cap. He saw countless spirit stones contained within, and it was an amount he couldn’t imagine! Moreover, every single one of them emitted a faint amount of immortal qi.

Zhou Yu’s hand trembled slightly.

Those were... Immortal spirit stones.

Could that be the legendary immortal spirit stones of the legends?!

Even if one had the money, they wouldn’t be able to buy a single one.

When Zhou Yu was still stuck in a state of shock, Huang Xiaolong started his journey to the Golden Dragon Mountain Range.

It was a little far from the city, and it was located in the snowy plains in the north of the region.

With Huang Xiaolong’s speed, he would be able to arrive after an entire day’s worth of traveling.

He wasn’t slow at all, and in order to save time, Huang Xiaolong tore through the defenses of various factions to get there.

His actions incurred the ire of many powers, but he didn’t give half a sh\*t as he sent them flying with a single slap.

Those who were sent flying weren't weaklings, and old ancestors of their factions in the Grand Completion, Tribulation, and Void Immortal Realm were sent flying.

No matter who it was, they failed to stand up to the monstrous existence that was Huang Xiaolong!

Their expressions turned ugly when they were trashed, but the fear soon filled their hearts. The more they thought about it, the worse it got.

Half a day later...

Huang Xiaolong entered the central region of the Kunlun Secret Region.

The central region was the territory of the strongest power in the region, the Kunlun Kingdom! The Kunlun Palace was like a pillar that supported the heavens as it stood tall in the middle of the region.

After Huang Xiaolong entered the area, he frowned when he saw the giant structure. It would take quite some time if he wished to take a detour. After all, the palace was countless miles long!

A massive army appeared all of a sudden and surrounded Huang Xiaolong.

"How dare you! Intruder, stop right there! This is the forbidden region of the Kunlun Kingdom, and we'll kill any trespassers!"

Huang Xiaolong pointed casually and a golden beam of light sent the experts who came out flying. The ray of light didn't stop there as it continued to slam into the palace.

A giant explosion rang through the skies and the Kunlun Palace which stood tall for countless years trembled. A giant hole was blown through it, and it started to collapse on itself.

The experts in the city raised their heads to look at a scene they would never forget as long as they lived.

The rubble rained down on the lands, and Huang Xiaolong didn't stop there. He charged straight through the forbidden region.

"Chase him!"

"Kill!"

Amidst countless roars, the experts of the Kunlun Palace charged into the skies in an attempt to hunt him down.

Huang Xiaolong frowned slightly when he noticed the number of people chasing behind him. He stopped for a second, and he was surrounded instantly.

"Who are you?! Why would you destroy my palace?" someone in the crowd growled.

Chapter 3428: Solitude of the Strongest

"I smashed your palace because it was in my way," Huang Xiaolong muttered indifferently.

"In your way?!" The other party was shocked. He thought that Huang Xiaolong would come up a whole load of bullsh\*t in order to justify himself. Now, he casually brushed them off with a stupid reason.

The experts of the Kunlun Kingdom glared at Huang Xiaolong. As the strongest power in the Kunlun Secret Region, when had they ever suffered such disrespect?

Now, someone came along and razed the Kunlun Palace to the ground!

That wasn't simply being disrespectful!

"Do you know what's the crime of destroying my Kunlun Palace?! You'll have to die a thousand deaths to atone for your sins!" The expert who spoke earlier glared at Huang Xiaolong angrily.

Huang Xiaolong stared at them coldly before snorting casually. "You're not strong enough to punish me."

One had to know that the Kunlun Kingdom was the strongest power in the region! There were several dozen Void Immortals among the experts present, and there were more than three hundred Tribulation Realm experts!

They roared in anger when they saw that Huang Xiaolong was looking down on them.

"Are you ready?" Huang Xiaolong chuckled when he noticed the anger in their eyes.

They stared at him in stunned silence.

"I only need a single move..."

One move!

It was then that the experts of the Kunlun Kingdom realized what he meant. Their expressions turned ugly.

Sword qi started to gather around Huang Xiaolong's body, and he was like a peacock spreading his feathers.

When the experts of the Kunlun Kingdom felt the power surrounding Huang Xiaolong, they gasped in shock. The sword qi around Huang Xiaolong was unbelievably strong!

"Retreat!" The person who was screaming at Huang Xiaolong was the first to order. He summoned his special immortal armor, and everyone did the same. They retreated in fright, and all of them started to use their weapons to stop the sword qi from assaulting them.

It was useless.

Huang Xiaolong's sword qi tore through their defenses like paper! Holes were blown through the armors, their bodies were like beehives, riddled with holes.

Blood filled the skies, and not a single person managed to escape unscathed. Even though he didn't kill anyone, they no longer had the ability to chase him.

The structures below crumbled and Huang Xiaolong no longer bothered with the survivors who chose not to confront him previously.

Turning around, he left.

This time, not a single person dared to stop him.

The army that was stationed around the city looked at Huang Xiaolong's disappearing figure and none of them dared to breathe loudly.

"Pfft!"

Blood sprayed from the mouths of the members of the Kunlun Kingdom.

Even though he spared their lives, they wouldn't be able to recover in a short amount of time.

They looked at each other and thought to themselves, "When did such an expert appear in the Kunlun Secret Region?!"

"Is he a Ninth Level Void Immortal?!" a Fifth Level Void Immortal gasped.

"No..." someone else gasped. "He... He might not be a match for our great emperor, but he's definitely close!"

The experts of the Kunlun Secret Region trembled in fear.

The Kunlun Emperor was the strongest person in the Kunlun Secret Region! He single-handedly built the Kunlun Kingdom, and he was a revered existence.

Now that someone comparable to him in strength had appeared, they were flustered.

“Hurry up and report this to the great emperor!” the Sixth Level Void Immortal stood out and ordered.

The Kunlun Emperor wasn’t in the kingdom, and he had left for the Golden Dragon Mountain Range more than a month ago. After he heard the news of the appearance of the treasure, he brought many experts over.

As such, there weren’t too many experts capable of stopping Huang Xiaolong.

Or so they thought.

After the experts made the report, someone muttered softly, “Can he be going to the Golden Dragon Mountain Range?”

They stared at each other in shock.

“Looking at the direction he’s headed, he might be!”

The news of Huang Xiaolong defeating the members of the Kunlun Kingdom shook the region not too long after he left.

“Who in the world is that guy? He’s too damn arrogant! He dares to destroy the Kunlun Palace, and from what we’ve seen, it can’t be fixed!”

“What about the experts stationed in the palace? What happened to the Kunlun Army?”

“Chen Yuqing, Chen Rui, and several hundred others were sent flying with a single strike! They suffered serious injuries and the army didn’t dare to hold the outsider back!”

Gasps of shock could be heard.

Chen Yuqing was a Sixth Level Void Immortal! Chen Rui was a Fifth Level Void Immortal, and one could only imagine how strong the assailant was if he could send everyone flying!

When everyone was speculating about Huang Xiaolong’s identity, many people deduced that he was heading towards the Golden Dragon Mountain Range.

“The Golden Dragon Mountain Range gave birth to an absolute treasure! The Kunlun Kingdom, Heartless Valley, Wind Dragon Valley, Hundred Extinction Immortal Gate, and Nine Nether Immortal Gate sent their men over! No one dares to enter the area now, and it’s clear that he’s there for the ancient treasure! We’re in for a good show this time!”

Many powers were celebrating happily.

As the powers sealed off the mountain range the moment news of the treasure was heard, the powers in the Kunlun Secret Region could only swallow their rage.

Of course, the members of the Kunlun Kingdom received the news of Huang Xiaolong’s actions.

The Kunlun Emperor swept his gaze across those present and asked, “What do you think about this newcomer?”

“His background is mysterious, and he shouldn’t be someone from our Kunlun Secret Region”

“Elder Li, do you think he’s an outsider? The entrance to our Kunlun Secret Region isn’t open yet... How did he enter?”

The Kunlun Emperor stood up all of a sudden and approached the cliff before him. As the wind blew against his dragon robes, the power of an absolute monarch filled the lands. "I will personally welcome him. Let's see if he's as strong as Chen Yuqing says..."

The experts of the kingdom bowed.

"Your Majesty is almighty!"

The Kunlun Emperor had reigned supreme for countless years, and he hadn't met an opponent worthy of being his match.

That was the solitude the strongest had to endure!

Half a day later...

A streak of light tore through the skies and the snow parted to make way for him. The sword light stopped before the Golden Dragon Mountain Range.

A smile could be seen on Huang Xiaolong's face the moment he arrived. From the buzzing of the Pangu Sword below him, it was clear the Pangu Axe was near.

He could feel that there was a terrifying power sealed beneath the mountain range.

There was only one item in the Pangu World that could possess such power.

As it turned out, the Pangu Axe was hidden below the mountain range!

However, the experts of the various factions charged towards him the moment he arrived.

Chapter 3429: Appearance of the Pangu Axe

Now that the ancient weapon was about to appear, the various experts of the strongest factions moved out en masse in order to seal off the area.

There were more than three hundred high-level Void Immortal Realm experts among them!

Counting the grand elders and elders, there were more than ten thousand of them present.

Ten thousand experts in the Grand Completion Realm and above was a terrifying power!

If they joined forces, they would be able to level the entire region if they wished!

As the Kunlun Emperor emerged from the crowd, his robes fluttered in the wind. He glared at Huang Xiaolong as he roared, "Were you the one who leveled my Kunlun Palace?!"

Huang Xiaolong could feel that the Pangu Axe was about to appear any minute now, and he couldn't be bothered with them. "If you have something to say, speak up now. Otherwise, I'll give you one minute to f\*ck off."

The experts of the various superpowers stared at Huang Xiaolong in shock.

Laughing in anger, the Kunlun Emperor sneered, "You'll give us one minute to f\*ck off?!"

"You deserve to die a thousand deaths for insulting His Majesty!" one of the Ninth Level Void Immortals behind the Kunlun Emperor raged. The halberd in his hand shot towards Huang Xiaolong the moment he spoke.

The halberd tore through space and appeared in front of Huang Xiaolong in an instant.

Just as they thought that the halberd would blow a hole through Huang Xiaolong, he stretched out a single hand to grab it.

With his hand clamping down on the halberd, the Ninth Level Void Immortal was unable to move it a single inch. Everyone around stared at Huang Xiaolong in shock, as a burst of light emerged from his palm. The expert holding the halberd felt a sharp pain shooting through his arm. He could only beat a hasty retreat.

Casually tossing the halberd away, it pierced straight through the man's chest. It pinned him to the cliff face on the other side as blood dripped from the tip of the weapon.

The expert from the Kunlun Kingdom didn't die, but no matter how hard he tried, he failed to free himself.

Those standing around looked at him in shock.

That included the Kunlun Emperor and the leaders of the other factions.

The six of them were peak existences in the Kunlun Secret Region, and all of them were at the peak of the late-Ninth Level Void Immortal Realm. They were surprised to see that a Ninth Level Void Immortal was easily dealt with by Huang Xiaolong.

When the Kunlun Emperor thought about what he said to Huang Xiaolong earlier, he felt his heart trembling.

It was as though a knife was stabbed through his heart.

He was enraged when Huang Xiaolong told them to leave earlier, but now, the killing intent in his heart had disappeared.

"You have 30 seconds left," Huang Xiaolong muttered.

30 seconds!

The experts of the other factions looked at each other and their expressions were ugly.

“You’re too overbearing!” The valley master of the Heartless Valley growled, “You might be strong, but you’re alone! We have more than ten thousand experts here, and if we join forces, you won’t be leaving here alive today...”

“Oh. What about it?” Huang Xiaolong looked at the valley master in amusement.

“Our factions discovered the treasure first, and it belongs to us.” The valley master continued. “If you leave right now, we can pretend that you weren’t here.”

“Are you sure you were the ones who discovered the birth of the treasure in the Golden Dragon Mountain Range?” Huang Xiaolong snickered.

One of the factions around the mountain range had discovered the birth of the treasure, but the six super factions arrived to force them away before sealing the mountain range.

The valley master stared at Huang Xiaolong in shock, and he didn’t know how to respond.

“30 seconds.” Huang Xiaolong’s voice rang through the air once again.

The Kunlun Emperor finally stood out from the crowd, and he snapped, “Are you really planning to challenge all of us at once? You’ll regret your actions if you refuse to listen to us.” After he spoke. He released his aura completely. Multi-colored light surrounded his body.

That was the Nine Absolute Immortal Art he trained in.

The Nine Absolute Immortal Art was something created by nine peak-level Void Immortals. When he unleashed it, it would feel as though nine godly beings were attacking at once. It was publicly known as the strongest immortal art in the Kunlun Secret Region!

The experts of the six factions couldn’t help but stare at the Kunlun Emperor in awe.

His aura continued to climb...

"Time's up." Huang Xiaolong's voice rang in their minds. Just as the Kunlun Emperor showcased his full strength, Huang Xiaolong moved. As his figure blurred, he appeared in front of the Kunlun Emperor before anyone could react. A punch landed on the emperor's chest, and the armor around his body shattered instantly. As the shard rained down on the land, Huang Xiaolong's fist exited from the emperor's back. Like a shooting star, the Kunlun Emperor was sent flying and he slammed heavily into one of the distant mountain ranges. As soon as he landed, the peak crumbled.

Next, the Pangu Sword hovering in the air released countless rays of sword light. As the light rained down on the lands, miserable shrieks could be heard. The experts of the six super factions started falling from the sky like bugs.

Those who could remain standing in the air were dealt with by Huang Xiaolong with a single punch. In the blink of an eye, all ten thousand experts were lying pitifully on the ground.

The experts of the other factions who were chased away by the six super factions looked at them in shock.

Not too long after Huang Xiaolong dealt with the members of the six super factions, the mountain range started to rumble. They felt as though a giant beast was about to emerge from under the earth.

Terrifying rays of light shot into the skies, and the experts of the six factions who were struck by it were vaporized.

Yelling in shock, they tried to escape despite their serious injuries.

The Golden Dragon Mountain Range trembled violently, and the earth started to crack. The snow that built up on the lands for god knows how many years was swallowed by the valleys that formed in the earth.

The pillars of light that stretched into the skies could sunder the heavens. Despite its power, Huang Xiaolong stood in his place as a look of excitement formed on his face. He bathed in the light as though it was a comfortable shower.

When they saw the comfortable look on Huang Xiaolong's face, they felt their legs going soft.

"Is he... Is he really human?!"

Just a moment ago, there were Ninth Level Void Immortals who were turned into nothingness by the light! However, the powerful beam couldn't do a thing to Huang Xiaolong!

They could only imagine how strong his physical body was.

As the Golden Dragon Mountain Range slowly crumbled, a giant axe appeared in the skies.

Chapter 3430: Obtaining the Pangu Axe

The axe was so large that no one could describe how big it was. The Golden Dragon Mountain Range spanned countless miles, and the axe was as big as it! No... The axe was even bigger than the mountain range as it was buried in the earth beneath it.

The Golden Dragon Mountain Range seemed to be the dust and dirt accumulated on the axe.

The Kunlun Emperor and the others couldn't see the end of the axe even after observing it for some time!

After all, the axe was too damn big!

"This... Is this really an immortal artifact?!" one of the Void Immortals from the Kunlun Kingdom gasped.

Initially, everyone thought that an ancient weapon would spawn, but from the looks of the axe, they thought wrong.

They had long since witnessed the power of the axe. Just the light it emitted could destroy peak-level Void Immortals.

Moreover, that was when no one actively used the axe! Not even ancient immortal artifacts had that kind of power!

“This... This is a supreme weapon!” the Heartless Valley Master yelled.

The eyes of everyone present started to burn as they realized what they could do with the axe.

As long as they obtained the weapon, they would be able to suppress their opponent! They would be an invincible existence!

Huang Xiaolong saw the look of greed in their eyes, and he chuckled, “This is indeed a supreme weapon. You can take it away as long as you have the ability to. Go ahead and try.”

He knew that treasures created by a God of Creation weren’t something these mortals could obtain.

There wasn’t a need to talk about people like the Kunlun Emperor. Even in the Immortal World, the number of people who could obtain the Pangu Axe could probably be counted on one hand.

“Are you serious?!” The Kunlun Emperor sucked in a cold breath, and he looked at Huang Xiaolong in doubt.

“Of course.”

Hesitating for a moment, the Kunlun Emperor charged towards the axe. Light surrounded his body as he tried to protect himself from the light it emitted. A talisman emerged from his body to surround him in a ball of protective light.

“Ancient Immortal Talisman!”

“That’s the strongest talisman created by the Nine Arches Immortal in the past!”

Many experts yelled.

The Ancient Immortal Talisman was said to make its user indestructible. No matter how strong the opponent was, the barrier of light would be able to fend them off!

Huang Xiaolong raised a single eyebrow when he saw the talisman. He obviously didn't expect the Kunlun Emperor to possess such a special item, but that was about it.

The person who refined the talisman was good at it, and the runes that were drawn on it drew on the power of the heavens and earth around the user to protect them from external attacks.

The Kunlun Emperor revealed a smug smile when he saw the change in Huang Xiaolong's expression.

It didn't take long for him to approach the axe. With a confident expression, he stepped into the area of light emitted by the Pangu Axe.

The moment he did, the smile on his face disappeared. The light barrier around him was shattered instantly, and the talisman burst into flames.

No matter how strong the protective barrier was, it was an item used in the mortal world. There was no way the barrier could stand up to the power contained in the Pangu Axe.

With his expression changing, the Kunlun Emperor tried to retreat. It was too bad he wasn't fast enough. The light struck him, and he turned into dust before he could scream.

The experts of the six factions stared at the spot the Kunlun Emperor once was. The strongest expert in the Kunlun Secret Region was killed just like that!

Moreover, he wasn't killed by another supreme expert!

He died to the residual aura of a random weapon that appeared from nowhere!

That surpassed the understanding of everyone there. The death of the strongest expert in the Kunlun Secret Region was undeserved!

“Is there anyone else who wants to try?” Huang Xiaolong asked. He knew what would happen the moment the Kunlun Emperor tried to obtain the Pangu Axe. The protection given by the Ancient Immortal Talisman was strong, but it wasn’t strong enough to stop an artifact made by a God of Creation.

The Pangu Axe wasn’t an ancient artifact, it was the strongest Creation Artifact in the universe!

The sharp edge of the axe was more than capable of tearing apart treasures several tiers stronger than the immortal talisman.

...

Now, not a single person among the ten thousand experts dared to step out.

Seeing as they had settled down, Huang Xiaolong finally approached the Pangu Axe. He appeared in the middle of the giant artifact, and he sucked in a cold breath. Even at his level, he couldn’t tell how Pangu refined the axe.

However, the greatest doubt in Huang Xiaolong’s mind was Pangu’s whereabouts! Not only his father, Huang Long, didn’t know, but even the oldest God of Creation in the universe, the old dragon, had no idea!

“I might be able to learn what happened when I refine it...” Huang Xiaolong thought to himself.

Huang Xiaolong felt that he would gain a clue after refining the weapon Pangu left behind.

Waving his arm, he laid down a giant formation before sitting down cross-legged. He started to refine the Pangu Axe. Of course, the refinement process wasn’t as easy as the Pangu Sword. It took six days before Huang Xiaolong managed to gain basic control over the artifact.

In the past few days, the experts of the Kunlun Secret Region tried to approach Huang Xiaolong. However, they were sent flying as soon as they arrived near the formation.

After several tries, they could only give up reluctantly. Despite that, no one chose to leave. They stood outside as they watched Huang Xiaolong refine the Pangu Axe.

Getting to his feet six days later, Huang Xiaolong reached his hand out to grab the axe. It started to shrink. When it reached the size of several meters, it landed comfortably in his palm.

The light that surrounded the tiny version of the Pangu Axe was sharper than it was in the past. The light blinded those waiting outside.

It was time for him to return.

Heaving a sigh of relief, Huang Xiaolong could finally relax now that he obtained the Pangu Axe.

With the axe in hand, there was no reason for him to remain in the Kunlun Secret Region.

He could refine the Pangu Axe back in the Blue Dragon Orchard, and there was no need for him to let his parents worry for nothing.

Huang Xiaolong kept the Pangu Axe before teleporting away. There wasn't anyone in there capable of making him stay.

As soon as he left, the experts of the six super factions charged into the Golden Dragon Mountain Range. Other than the terrifying remnant aura of the Pangu Axe, there was nothing left.

Huang Xiaolong left the Kunlun Secret Region after a few days, and he left for the Blue Dragon Orchard.

Huang Jiyuan and Wang Meilan heaved a sigh of relief upon his return.

After spending a day with them, Huang Xiaolong told them his intention to go into seclusion for a period of time. The sudden revelation shocked the members of the Huang Family.

“Is there really a need to enter seclusion with your strength?” Huang Chenfei asked.
