

## Conqueror 3431

### Chapter 3431: Pangu World Creation Art

“We should work hard too... As long as we enter the Spirit Severing Realm, we won’t drag Xiaolong down,” Huang Jiyuan explained.

Even though they knew that Huang Xiaolong was strong, they had no idea how strong he really was. In Huang Jiyuan’s eyes, they would no longer be burdens as long as they broke through to the Spirit Severing Realm.

“Alright! We’ll work hard and surprise Xiaolong when we enter the Spirit Severing Realm!” Huang Chenfei declared.

The atmosphere of the Blue Dragon Orchard changed as they started to focus on their cultivation. The members of the Huang Family made use of the great formation along with various herbs to increase their strength.

Of course, the main reason they were able to progress so quickly was because of the techniques Huang Xiaolong imparted to them. Even Combined Dao Ancestors couldn’t create techniques as intricate as Huang Xiaolong!

However, the part that shocked the members of the Huang Family was that Huang Xiaolong entered seclusion for several years.

“Did anything happen to Xiaolong? It’s been five years since he emerged!” Huang Wen looked at the palace where Huang Xiaolong was cultivating and frowned.

“We haven’t run into anything like it, but according to Huang Sheng’an, it’s nothing for experts above the Spirit Severing Realm to enter seclusion for years at a time.” Wang Meilan shook her head and explained, “We should wait for a little more. If Xiaolong is unable to emerge after several years, we’ll ask Huang Sheng’an to assist us in opening the door.”

In the palace, Huang Xiaolong refined the Pangu Axe diligently and a phantom could be faintly seen above the axe.

Dragons were swimming around the phantom, and the golden eyes on its face seemed to contain the power to pierce through the heavens.

The more he refined the Pangu Axe, the clearer the phantom became. Eventually, it seemed to come to life.

Two more years passed.

With the phantom turning clearer than ever, it seemed to turn corporeal. It was the artifact spirit of the Pangu Axe, and it was something Pangu cultivated when he refined the axe.

Several days later...

Huang Xiaolong stopped as he looked at the axe hovering in the air before him. His eyebrows were tightly locked together.

After fully refining the Pangu Axe, Huang Xiaolong was shocked to discover that it wasn't completed! In the past, Pangu had a fierce battle with another God of Creation, and the axe spirit was damaged. Now, the artifact was a semi-crippled item. Its power was half of what it was at its peak!

In order to restore the Pangu Axe to its former glory, Pangu needed to obtain several universe-level treasures.

It was difficult, and he eventually chose to leave the Pangu Axe on Earth. He used the spiritual qi on earth to slowly nurture the axe.

From the axe spirit, Huang Xiaolong learned that the Earth wasn't any ordinary structure. It was made entirely from a piece of Blue Spiritual Stone.

The spiritual energy on earth would be able to restore the axe eventually.

Of course, it needed a lot of time for that to happen.

Huang Xiaolong slowly kept the Pangu Axe away.

Even though it was semi-wasted, Huang Xiaolong still managed to obtain the Pangu World Creation Art after refining the axe.

With the axe in hand, he could finally cultivate by refining the origin energy of the Pangu World! With the pills he obtained in the Pangu Immortal Cave, Huang Xiaolong believed that it wouldn't take long for him to reach the limit of his third small world.

Within ten million years, he was confident of entering the God of Creation Realm.

As the third world in Huang Xiaolong started to circulate the Pangu World Creation Art, spiritual energy from the source of the Pangu World entered his body like a giant stream.

Several days later, Huang Xiaolong emerged from his palace.

When he left, he saw a giant group of people surrounding the entrance of his palace. Practically every single expert on Earth had arrived.

They jumped in fright when they saw Huang Xiaolong.

"Xiao... Xiaolong, did anything happen to you?" Huang Chenfei asked.

"Why would anything happen to me?!" Huang Xiaolong glared at Huang Chenfei. He could easily guess what they were trying to do.

After all, he ran into the same situation many times before.

“You brought all of them over in order to force the entrance of the palace open, right?” Huang Xiaolong chuckled. “You guys won’t be able to open the door with my restrictions on it...”

Before he started the refinement process, Huang Xiaolong laid down formations around his palace to stop them from affecting his cultivation. Even the Grand Golden Immortal wouldn’t be able to scratch his palace after attacking for a hundred million years, much less these Enlightenment Realm experts.

An awkward expression formed on the faces of Huang Chenfei and the others.

Since everyone had already arrived, Huang Xiaolong didn’t chase them away. He asked them about the changes to Earth before distributing several bottles of pills.

In the next few days, Huang Xiaolong continued to circulate the Pangu World Creation Art. He devoured the spiritual energy from the origin of the world while refining the creation-level pills. His speed of improvement was astounding.

In the past, time flowed differently on Earth and the rest of the universe. That was due to a grand formation laid down by Pangu before he left. Now that Huang Xiaolong had refined the Pangu Axe, he gained control over the formation, and he synchronized the flow of time.

Several hundred years passed...

Huang Xiaolong accompanied the members of the Huang Family around the nearby planets while cultivating. Traces of the Huang Family could be seen around the galaxy...

Everyone in the Huang Family entered the Void Immortal Realm after so many years, and Huang Chenfei was the quickest among them. He stood at the peak of the late-Ninth Level Void Immortal Realm, and he would be able to enter the Heavenly Immortal Realm soon.

One fine day, a crack appeared in space as a giant army started to swarm into the Pangu World. The soldiers were clad in golden dragon armor!

An army started to form up, and they formed a giant sea of experts.

The weakest among them was a Golden Immortal, and one of them roared, "The spiritual energy in the Pangu World is different from that of our Blazing Dragon World!"

Chapter 3432: True Dragon Celestial Empire's Army

"General Chen, should we attack their Heavenly Court?" one of the officers asked.

Before they arrived, they did a detailed investigation of the Pangu World. The strongest power was the Pangu Heavenly Court, and their status in the world was equivalent to the True Dragon Celestial Empire in the Blazing Dragon World.

General Chen nodded his head. "Send the army out! Attack the Pangu Heavenly Court. The most important thing we have to do is to conquer their region. We cannot give them time to react! In the best-case scenario, we will take down their Jade Emperor immediately!"

"Yes, General Chen!"

Half a day later...

The Jade Emperor was enjoying a game of chess with the Queen Mother of the West in the courtyard when his subordinate, Great White Golden Star, ran into the courtyard. "Your Majesty, we're in trouble!"

A frown formed on the Jade Emperor's face, and he placed down his chess piece. "What's going on? Why are you acting all flustered?"

He was thinking about whether he should dismiss his subordinate from his position when he saw the anxious look on his face.

"There's an army charging right at us! We... We..." His chest heaved up and down in panic.

The Jade Emperor and the Queen Mother of the West stared at him in shock.

“Army?! What army are you talking about? Did the Devil World send their troops?”

It was no wonder the Jade Emperor would think that way. After all, the Heavenless Devil Ancestor had once led a campaign against the Immortal World.

“No! Your Majesty, they don’t seem to come from our Pangu World! They claim to be members of the True Dragon Celestial Empire, and we have to leave right now! They are almost upon us!”

“True Dragon Celestial Empire?!” Their faces changed.

Isn’t the Pangu World covered in spatial storms? How did the members of the True Dragon Celestial Empire enter?!

The two of them knew of the True Dragon Celestial Empire from the trips they had made to the Blazing Dragon World in the past.

“How many people came?!” the Jade Emperor leaped to his feet and asked. He retrieved the Heavenly Mirror and looked into it.

“I have no idea! The army is too damn large, and we can’t make an estimate!”

As soon as the words left his lips, an image formed on the mirror. The Jade Emperor saw the chaotic scene where the army was charging straight at them, and from what he could see, there were easily a trillion troops!

A chill ran down his spine.

...

It didn't take long for the troops of the True Dragon Celestial Empire to occupy the Heavenly Court. They announced the fact to the Immortal World and ordered every single expert in the Golden Immortal Realm or higher to pledge their allegiance.

If they didn't surrender after a month, their factions would be exterminated!

The Immortal World broke into chaos in an instant.

It didn't take long for another order to come from the True Dragon Celestial Empire. They set a bounty on the Jade Emperor's head, and they would reward anyone who could give them a lead on the Jade Emperor one grand dao spiritual vein!

They summoned the six sages, but they failed to do a thing to Rulai who was suppressed by Huang Xiaolong.

Next, they started to search for the Pangu Axe.

"The Pangu Emperor's Pangu Axe? Could the axe be in our Pangu World?!"

"The members of the True Dragon Celestial Empire shouldn't lie..."

"Aren't they afraid that other people would fight with them for the axe?"

The Immortal World erupted instantly.

...

"Do you guys feel like ascending to the Immortal World to take a look?" Huang Xiaolong asked as he looked at the Huang Family members.

They nodded in unison.

“We heard from Patriarch Ye Zhaolong that the spiritual qi in the Immortal World is extremely dense! We wish to take a look there...” Huang Chenfei spoke. “Xiaolong, what do you think?”

Looking at the fervent gaze in their eyes, Huang Xiaolong nodded. “Alright. Get yourselves ready. I’ll bring you guys to the Immortal World tomorrow. However, you need to understand one thing. You won’t be able to return once you ascend! Unless you reach the same level as me, you won’t be able to travel across worlds freely.”

Of course, he referred to the God of Creation Realm. Dao Venerables wouldn’t be able to travel as they wished even if they reached the perfection stage.

With their talent, Huang Xiaolong knew that there was no chance for any of them to reach the God of Creation Realm.

As such, they would never be able to return to the mortal world once they left.

Hesitation appeared in their eyes.

It was especially so for Zhang Yuhan, as she couldn’t bear to leave the Zhang Family behind.

“Actually, all of you will reach the peak of the late-Ninth Level Void Immortal Realm soon. It won’t be long till you need to ascend,” Huang Xiaolong explained.

However, he didn’t force them to make a decision.

At night, the members of the Huang Family and Zhang Yuhan came to look for Huang Xiaolong.

“Xiaolong, we thought it through. Let’s go to the Immortal World!” Huang Jiyuan declared.

He looked at every single one of them, and he saw the resolute look in their eyes.

Without much fanfare, Huang Xiaolong brought them to the passage he opened up. With another punch, he tore a passage to the Immortal World.

However, he discovered that something was off the moment he returned to the Immortal World.

“The True Dragon Celestial Empire conquered the Heavenly Court?” Huang Xiaolong finally heard their name again.

“Yes, Your Highness, half a month ago, the army of the True Dragon Celestial Empire attacked our Pangu World. They didn’t use much effort to take over the Heavenly Court, and the Jade Emperor is now a wanted criminal,” Mu Shuihan explained. “The entire world is trembling in their shoes, and according to them, any expert above the Golden Immortal Realm will have to report to the Heavenly Court to pledge their allegiance to the True Dragon Celestial Empire. Anyone who refuses will have their faction exterminated!”

“I’ve heard that the True Dragon Celestial Empire is the strongest power in our universe! Their old ancestor is the strongest expert in the universe, and everyone who refuses to submit will die a horrible death.”

Huang Xiaolong sneered, “They definitely added the last part themselves...”

Mu Shuihan revealed an awkward expression, and he explained, “Indeed... However, the six sages confirmed the news, and it should be real.”

“Do you plan to submit?” Huang Xiaolong looked at Mu Shuihan.

Falling to his knees in panic, he yelled, “I will only be loyal to Your Highness!”

The look on Huang Xiaolong’s face finally started to ease up, and he explained, “Let me enlighten you on the relationship between the True Dragon Celestial Empire and myself... We won’t rest till the other party is dead!”

Mu Shuihan gasped in shock. He didn't think that Huang Xiaolong would be the enemy of such a terrifying existence.

"In a few days, I'll head over with you guys." Huang Xiaolong snorted. Soon, he notified Sun Wukong, Ying Gou, and the others. He told them to call the Heavenless Devil Ancestor and the Yin Yang Devil Ancestor.

Chapter 3433: General Slain

Several dozen days passed.

A month ago, an order came from the True Dragon Celestial Empire to force the experts of the Immortal World into submission.

Now, there was only a single day left before the deadline.

General Chen of the army listened to the reports of his subordinates.

"General Chen, eighty percent of the powers in the Saint World chose to submit! Ninety percent of the experts in the Golden Immortal Realm and above pledged allegiance to us, but there are a little more out there!" One of the officers under General Chen reported.

"Oh? Who are those who haven't submitted?"

"In the Dongsheng God Continent, there's Sun Wukong, Ying Gou, and the Holy Phoenix!" He added several other names...

Next, he reported the experts from other continents.

"General Chen, what do you think we should do to them?"

A frosty light flashed in General Chen's eyes, and he sneered, "After today, we'll do what we said. Kill their entire race and exterminate their faction. For people like Mu Shuihan, kill everyone in his faction, down to the last dog!"

"Start from the Dongsheng God Continent. In fact, start with the Shushan Immortal Gate. Next, you can go to the Fruits and Flower Mountain before killing your way to the other continents." General Chen snorted, "We'll kill to our heart's content! The Pangu World will tremble in fear when they hear our name! No one will ever dare to go against us ever again!"

"Yes, General!"

"However, I've heard that Sun Wukong of the Fruits and Flower Mountain is a troublesome existence. When the Jade Emperor sent out various warriors to take him down, they returned defeated!"

"The Pangu World is full of garbage! We're from the True Dragon Celestial Empire, and they cannot be compared to us! The Jade Emperor is like a fart compared to His Highness back in the True Dragon Palace!"

The deadline finally passed...

As the first rays of dawn illuminated the land, the True Dragon Army charged out from the Heavenly Court. They advanced towards the Dongsheng God Continent, and a terrifying aura surrounded the Immortal World.

"Father, it's good that we chose to submit!" Song Qianqian chuckled happily when she saw the army heading towards the Shushan Immortal Gate.

Song Zhipeng revealed a haughty expression. "I've heard that the Shushan Immortal Gate is the first on their list! They plan on killing everybody there!"

"Anyone related to Mu Shuihan will face a miserable end!"

Song Qianqian jumped in joy. "Are you for real?"

Song Zhipeng nodded slowly. “Yes. I heard it from an expert of the True Dragon Celestial Empire.” His lips arched upwards, and he snickered, “It’s too bad that little b\*stard Huang isn’t here. I wonder how he will feel when he learns that the Shushan Immortal Gate is exterminated!”

“Father, do you think that little b\*stard is as strong as His Highness from the True Dragon Celestial Empire?” Song Qianqian asked.

This time, a prince from the empire came. According to the news they heard, he could kill Dao Ancestors like they were weaklings. His strength struck fear in the hearts of those from the Immortal World.

“That little b\*stard doesn’t even come close!” Song Zhipeng shook his head. “You might not know this, but His Highness killed Dao Ancestor Jin Peng with a single move! We were there when it happened, and it was terrifying!”

“Dao Ancestor Jin Peng?!”

He was an existence comparable to Sun Wukong, and his name resounded far and wide in the past.

He had countless disciples, and even the Jade Emperor had to be respectful before him. He was killed by the True Dragon Prince with a single move!

When the True Dragon Army was swarming towards the Shushan Immortal Gate, Huang Xiaolong and the others were waiting in the skies.

They planned to head towards the Heavenly Court after making a statement.

It didn’t take long before they saw the giant army charging towards them.

“General, that’s Mu Shuihan of the Shushan Immortal Gate!” one of the experts who submitted to the True Dragon Celestial Empire pointed out.

“Oh, that’s Sun Wukong!”

“Corpse King Ying Gou!”

“Holy Phoenix!”

He pointed at everyone around Huang Xiaolong.

“Oh?” The general who was leading the army was stunned to discover so many of his targets.

“Who’s that guy?” He pointed at Huang Xiaolong.

“He’s the one who suppressed Rulai under the Five Finger Mountain!” the expert of the Immortal World explained.

Rulai was one of the six sages, but he was defeated by that man.

However, the members of the True Dragon Celestial Empire didn’t recognize him.

Huang Xiaolong muttered when he noticed the general. “Are you here to exterminate the Shushan Immortal Gate?”

A snort left the general’s lips. “The universe might be large, but no one dares to defy an order from our True Dragon Celestial Empire! No matter who it is, we’ll exterminate their faction!”

“The Shushan Immortal Gate will not be an exception!”

“Of course, you’ll die too!”

“However...”

Before the general could complete his sentence, Huang Xiaolong pointed at him casually. He was sent crashing through his army, and a giant gap formed in their massive army.

The general cried in pain before exploding into a million pieces.

Song Zhipeng and the others who wanted to gloat in the Shushan Immortal Gate's misfortune stared at Huang Xiaolong in shock.

Ever since they invaded the Heavenly Court, that was the first time anyone dared to kill someone from the True Dragon Army.

Chapter 3434: Pretty Good

"You... You killed General Chen Jinfei!" one of the officers stared at Huang Xiaolong and roared in rage.

The person he killed was one of the two most important generals in the expedition this time! He was a great general, and more than half the officers present were his subordinates!

"Look! I killed a general from the True Dragon Celestial Empire. What about it? What can you do to me?" Huang Xiaolong sneered.

The faces of the officers present turned extremely ugly.

"Our True Dragon Celestial Empire is the strongest power in the universe!" An officer yelled, "Our old ancestor is the strongest God of Creation in the universe! He stands undefeated, and no one dares to go against us!"

"How dare you defy our order?!"

Before he could throw out more threats, Huang Xiaolong sent him to meet his maker. He shot straight into the heart of the army before bursting into a mist of blood.

“You talk too much.” Huang Xiaolong snorted. “All of you better get lost right now. Leave the Pangu World. Otherwise, I’ll kill every single one of you! No one will be able to leave even if you want to!”

Kill them all!

No one will be able to leave!

The expats of the Immortal World stared at each other in confusion.

“Is that little b\*stard crazy?” Song Qianqian mumbled.

It was one thing to go against the True Dragon Celestial Empire, and it was a completely different concept to kill a general of the True Dragon Army!

Moreover, he even threatened to kill every single member of the True Dragon Celestial Empire in the Pangu World!

From what she could see, he was mad.

Otherwise, he wouldn’t dare to challenge the prestige of the True Dragon Celestial Empire!

Now, no one in the Immortal World dared to go against the True Dragon Army. Even the six sages chose to remain obedient. From what they knew, Hong Jun didn’t dare to show his face around the True Dragon Army!

That could only mean that the strongest expert in the Pangu World was afraid of them!

“Get out of the Pangu World?!” One of the officers sneered, “You’re too full of yourself!”

“You’re definitely going to die here today!”

He pointed at Huang Xiaolong and cursed.

Naturally, he wasn't going to live for long after insulting an existence like Huang Xiaolong. A golden ray of light slammed into his chest and a giant area was blown apart.

With a single punch, he got rid of nearly half the True Dragon Army!

Staring at them with a cold gaze, a hundred dark figures appeared behind him.

"Vicious... Vicious Spirits!" The experts of the True Dragon Army finally started to panic when they recognized the monstrous presence behind Huang Xiaolong.

The strongest among them was comparable to Cang Xun, the leader of the ten overlords back in the Huang Long World!

"Devour all of them," Huang Xiaolong ordered.

With his order, the spirits leaped at the members of the True Dragon Army. They were like wolves in a pack of sheep.

Every single one of them grabbed a huge bunch of experts from the True Dragon Army before throwing them into their mouths.

Swathes of soldiers were devoured every second.

The skies above the Dongsheng God Continent turned into a scene of a massacre as blood and flesh rained down on the lands.

Song Zhipeng and the others stared at the mess falling from the skies and were met with the head of an expert of the True Dragon Army!

His eyes were bulging, and the fear on his face couldn't be hidden. Chills ran through the bodies of the onlookers.

In fact, the experts of the Dongsheng God Continent weren't the only ones who were shocked. Sun Wukong, Ying Gou, and the others were equally as stunned by the ferocious spirits.

"What the f\*ck are they?! We can't even kill them!" one of the experts from the Immortal World cried out in shock when they realized that the army wasn't damaging their opponents.

Even though their bodies were blown apart by the True Dragon Army, they quickly gathered back together to restore the Vicious Spirit back to its peak state. It didn't pause for a second as it continued to massacre.

As they were formed from the death qi of the universe, there was no way they could be slain by amateurs like the True Dragon Army!

It didn't take long for the True Dragon Army to suffer massive losses.

When the officers started to panic, they were easily dealt with by the Heavenless Devil Ancestor and the others with a single punch.

The army that covered the skies was whittled down bit by bit.

After several hours of killing, there was only a single man left!

He was the strongest officer left after the two were killed by Huang Xiaolong before the start of the battle.

Glaring at Huang Xiaolong, he roared, "Who the hell are you?!"

"Huang Xiaolong."

The members of the Pangu World had no idea what his name meant, but it was like a clap of thunder in the officer's mind. A look of terror appeared in his eyes as he took several steps back.

"You're from the Blazing..."

Huang Xiaolong dealt with the officer before he could complete his sentence. The power of absolute poison at the grand perfection level turned the officer's body into nothingness.

When they were done, Huang Xiaolong took a step forward and opened a spatial tunnel to the Heavenly Court. Sun Wukong and the others disappeared in an instant.

...

A well-built youngster sat on the throne in the Heavenly Court, and one could easily see the power he wielded from the aura he emitted. He was someone Huang Xiaolong was extremely familiar with, the palace master of the Mystery Pavilion back in the Huang Long World!

Huang Rong!

The prince sent by the True Dragon Celestial Empire was precisely Huang Rong, and a row of experts from the Pangu World stood obediently before him.

Of course, those who could enter the hall were in the Combined Dao Ancestor Realm! Anyone weaker could only stand outside!

The person standing at the forefront was the Grand Golden Immortal!

"I greet Prince Huang Rong!"

"The True Dragon Celestial Empire will conquer the universe!"

The experts of the Pangu World fell to their knees in an instant.

A smile hung on Huang Rong's face. "That's right. Now that my True Dragon Army has set off, we'll exterminate everyone who refuses to submit!"

Those in the hall sucked in a cold breath as they could picture the miserable end of those who refused to listen.

Chapter 3435: You're No God of Creation!

Huang Rong allowed them to get to their feet, and he asked an expert of the empire beside him, "Is there news from Chen Jinfei's side?"

Chen Jinfei was the first casualty when the army confronted Huang Xiaolong. He was killed before the battle began...

"We should receive news soon. They should be arriving at the Shushan Immortal Gate as we speak," the expert replied.

Huang Rong nodded his head happily.

All of a sudden, a terrifying amount of death qi filled the skies.

The experts from the True Dragon Celestial Empire, along with those from the Pangu World, were shocked.

"Those... Those are Vicious Spirits!" an expert from the empire yelled.

A hundred jet-black figures tore through the skies as they charged at the main hall of the Heavenly Court. It was obvious that they were the source of the death qi.

Jumping in fright, Huang Rong could see that those were no ordinary vicious spirits. Every single one of them was comparable to an expert with four or more elements at the perfection level. The strongest was comparable to someone who had six elements at the perfection level!

That wasn't the largest problem he had on his hands. The problem was the person controlling the vicious spirits!

When the members of the Pangu World observed the death qi coming from the spirits, they were shocked.

"Kill the intruders!" a marshal from the True Dragon Celestial Empire yelled.

A thousand experts soared into the skies in an instant, and all of them wore high-grade dao artifacts! Their weapons were of a comparable standard, and they were experts who had reached the grand completion stage in four elements or more!

That was the strongest army Huang Rong brought along with him for the expedition!

The weapons in their hands shot out and a frosty blue light covered the lands. Even the five continents in the Immortal World could feel the power surrounding the Heavenly Court.

That was the power of absolute frost at the grand completion stage!

If a single expert unleashed that type of power, they might be able to take down ordinary Dao Venerables. However, a thousand of them unleashing the same level of power was enough to shake the heavens!

The space around the spirits turned into ice, and they failed to advance a single inch.

The power of absolute frost threatened to destroy the spirits, but right before they could freeze the spirits completely, a beam of light shot through the skies. It was like a knife that sliced through the world. The power of absolute frost was stopped dead in its tracks.

A thousand experts who attacked were forced backwards.

Everyone stared at the sudden change in shock.

Several figures emerged from the horizon.

The bodies of the newcomers were too tiny compared to the hundred vicious spirits, but the eyes of those from the True Dragon Celestial Empire widened when they saw the familiar face.

It was especially so for Huang Rong. Equal parts of terror and shock swept through his heart, and he jumped in fright.

“Huang... Huang... Huang Xiaolong!”

Huang Xiaolong!

The experts of the empire who didn’t know what he looked like were enlightened by Huang Rong’s yell, and their legs went soft.

In the past, Fu Luosen of the Excessive Darkness Celestial Empire was a famous figure who struck fear in the hearts of many. He was the Son of Creation of the Excessive Darkness Celestial Empire! Even an existence at the level of the Nether Spirit Palace Master, an expert who had reached perfection level in twelve elements, would tremble in his boots when he heard Fu Luosen’s name!

Now, Huang Xiaolong’s reputation had long since eclipsed Fu Luosen!

In the younger generation, he was the strongest person in the universe! The greatest genius who ever lived, Huang Xiaolong!

The experts of the Pangu World didn’t expect Huang Rong and the others to recognize Huang Xiaolong, and it went without saying that they didn’t expect the looks of fear on the faces of those from the empire.

Isn't Huang Rong a prince of the True Dragon Celestial Empire?! How can he know Huang Xiaolong?!

Unless...

The Crape Myrtle Heavenly Emperor questioned his entire existence, and many experts of the empire thought of the same thing.

Complex emotions welled up in their hearts.

As Huang Xiaolong casually strolled towards the palace, Mu Shuihan and the others walked behind him.

The hundred spirits parted to form a path for Huang Xiaolong, and they locked down the entire area.

A thousand experts of Huang Rong's trump card army retreated hastily when Huang Xiaolong approached.

"Huang... Huang Xiaolong, this is a matter between our empire and the Pangu World. You better not..."  
A marshal of the True Dragon Celestial Empire stood out to speak.

However, he didn't get to finish his sentence when Huang Xiaolong waved his arm casually to shatter the man into dust.

Huang Rong and the others looked at him in shock. Wasn't the marshal an expert who reached the perfection level in ten elements?! How could he die just like that?

Huang Xiaolong's strength had already surpassed their wildest imaginations.

The members of the Pangu World fared even worse when faced with Huang Xiaolong's revelation. When Huang Rong killed several Combined Dao Ancestors before them, they thought that he was strong!

Now, a marshal of the True Dragon Celestial Empire suffered the same fate at Huang Xiaolong's hands!

"I'll only say this once. Bring everyone from your True Dragon Celestial Empire and get out of the Pangu World. Otherwise, I'll kill all of you!" Huang Xiaolong declared.

However, a smile crossed his face, and he added, "No. Huang Rong, you stay."

Huang Rong's ugly expression turned a shade worse when he heard what Huang Xiaolong said.

How could he not understand what Huang Xiaolong planned to do? He was definitely not getting invited to some party hosted by Huang Xiaolong now that he was made to stay.

"Huang Xiaolong, do you really think that we're afraid of you just because of your identity as the Son of Creation of the Blazing Dragon World?! Our True Dragon Celestial Empire will not hesitate to eliminate you once and for all!" Another marshal of the True Dragon Celestial Empire failed to suppress the rage in his heart, and he roared, "Not even you master dares to mess with our old ancestor! Who the f\*ck do you think you are?!"

Squeezing the air slightly, Huang Xiaolong popped the man like a bubble when he was done speaking.

"In my eyes, you're nothing more than garbage too..." Huang Xiaolong sneered. "I'll give you ten minutes. If you're still in the Pangu World by then, all of you will die!"

The experts of the True Dragon Celestial Empire could only turn to Huang Rong.

Time slowly passed, but no one dared to speak.

Those from the Pangu World didn't dare to breathe loudly.

"Huang Xiaolong, are you sure you wish to go against my True Dragon Celestial Empire?!" Huang Rong finally sighed.

“You’re wrong,” Huang Xiaolong chuckled in amusement.

Staring at him in shock, they thought that he would propose a ceasefire between the two behemoths in the universe.

“Your True Dragon Celestial Empire has been hell-bent on killing me. You’re the ones who chose to go against my Blazing Dragon Celestial Empire!”

When Huang Sheng captured his father, Huang Long, and announced their ambitions to annex the Blazing Dragon Celestial Empire, there was no going back. Neither party would stop till they were dead.

Huang Rong glared at Huang Xiaolong and snorted, “Huang Xiaolong, your talent might surpass everyone in the universe, but you have to remember... You’re no God of Creation! Now that you declared war on us, do you think your master can protect you forever?”

“Our old ancestor will surpass the God of Creation Realm soon. He will be the only supreme being in the universe. When that happens, you, your master, and everyone you love will die!”

Chapter 3436: True Dragon Celestial Empire’s Suspicion

Huang Xiaolong reached into the void and dragged Huang Rong towards him. Holding him by the neck, he growled, “Come back again when Huang Sheng breaks through.”

“Despite what you think, he won’t be able to surpass the God of Creation Realm!”

“That is because before he does, I’ll kill him and devour his essence spirit!”

His voice rang in the minds of those present.

It wasn’t a threat he threw out in a fit of anger. Huang Sheng was planning to devour Huang Long to surpass the God of Creation Realm, and since the enmity had been sown, Huang Xiaolong would devour him before he got the chance to kill his father!

If Huang Sheng had any hopes of surpassing the God of Creation Realm, Huang Xiaolong's chance would be infinitely greater if he devoured Huang Sheng!

The experts of the True Dragon Celestial Empire stared at him like he was crazy. His threat was too childish! In fact, it was the greatest joke of all!

"Huang Xiaolong, you're a pitiful little man..." Huang Rong mocked. "Do you really think you can devour our old ancestor?!"

"There's no need for you to worry about it," Huang Xiaolong muttered. "You won't live to see the day when that happens." After he spoke, a ball of flame started to eat away at Huang Rong's body.

The Huang Long Flame caused Huang Rong to scream in pain. Even with his Huang Long Bloodline and indestructible physique, he failed to withstand the flame. He was like a rag that was set aflame. He might not burn fast, but no one could put the fire out.

The experts of the True Dragon Celestial Empire heard the heart-wrenching cries from Huang Rong, and their expressions changed. Fear, rage, hatred, and anger clouded their hearts as they glared at Huang Xiaolong.

"Leave!"

"Go back and tell His Majesty to avenge me!"

Huang Rong roared.

"Attack! Save the Sixth Prince!"

"If anyone dares to escape, I'll kill you personally!"

"Die!"

The marshals and generals of the True Dragon Celestial Empire charged at Huang Xiaolong in unison.

“Members of the Pangu World, listen up! If you choose to remain idle, our old ancestor will kill you when he comes!” another marshal screamed.

The Crape Myrtle Heavenly Emperor and the others stared at him in shock, but they didn’t know if they should advance.

A smile formed on Huang Xiaolong’s face and the Pangu Sword appeared. Several billion stands of sword qi filled the skies.

The sword qi tore through the defenses of those from the empire.

Blood filled the skies in an instant.

“Kill!” The Heavenless Devil Ancestor waved his hand and an endless amount of devil troops appeared. They charged at the army of the True Dragon Celestial Empire. Sun Wukong waved his arm to summon an army of monkeys, and the corpse qi around Ying Gou turned into an uncountable number of undead creatures.

The Holy Phoenix returned to her true form, and the massacre started.

With a frosty look in his eyes, the Pangu Sword in Huang Xiaolong’s hands soared through the skies. No one had the power to stop a monster like him.

Everyone who was touched by the sword turned into ash.

When the experts of the Pangu World witnessed the one-sided massacre, they were too shocked to speak.

Was that really the True Dragon Army that had the power to sweep through the universe?!

Was that the True Dragon Army that conquered the Heavenly Court in a matter of days?!

The killing continued for two whole days, and the experts of the Pangu World would never forget what happened.

A shade of crimson red filled the skies. Even the ocean ran red from all the killing.

When the True Dragon Celestial Empire realized that they didn't possess a single chance of winning, they discovered that the entire space had been locked down by Huang Xiaolong. They couldn't run even if they wanted to.

"Huang Xiaolong, you will die a miserable death!" Huang Rong's spirit looked at the corpses that were piled high, and he screamed. "Our Celestial Emperor and the old ancestor will never let you off!"

His body had long been destroyed by Huang Xiaolong. The only reason his dao soul was still alive was because Huang Xiaolong chose to keep it there.

"Relax. Huang Dinghai and Huang Sheng's end will make you feel like you got lucky," After he spoke, he threw Huang Rong into the Sun Moon Furnace.

When he was done, he looked at the experts of the Pangu World.

The Crape Myrtle Heavenly Emperor and the others fell to their knees in an instant.

Eventually, Huang Xiaolong chose to let them off.

Leaving the Heavenly Court, he returned to the Shushan Immortal Gate.

He left the very next day. He expected Huang Dinghai to learn about what happened in the Pangu World, and he knew that it was time to leave. Since he had already achieved his goal in the Pangu World, there was no need to linger.

As Sun Wukong, Ying Gou, and the Holy Phoenix begged him to take them with him, the three of them went along with the Huang Family when they left the Pangu World.

After leaving, they stared at the boundless universe around them in awe.

“So that’s what the universe looks like...” Huang Chenfei gasped.

Huang Xiaolong grinned. That was also his reaction when he stepped into the vast universe for the first time.

Regardless, he didn’t bring them back to the Blazing Dragon World. He brought them to the World of Departed Souls. After refining the World of Departed Souls, he knew that even an expert at Huang Sheng’s level would be unable to break into it.

Several years passed...

Huang Xiaolong allowed them to settle down in the World of Departed Souls before setting off.

His next destination was the Blazing Dragon World!

When he returned, the old dragon nagged at him, “You little brat! Why are you always stirring things up?! Look at the mess you made in the Pangu World!”

It was clear the old dragon knew what happened to the True Dragon Celestial Empire.

“Anyway, you did great! Good stuff! I had long since wanted to knock them down a peg!” The old dragon roared with laughter in the next moment.

“Master, is there any reaction from Huang Sheng’s side?!” Huang Xiaolong asked.

“He has been focusing on breaking through... Unless the skies collapse, he won’t leave the True Dragon Celestial Empire. You can rest assured that he won’t do anything crazy. Whatever the case, you have to be careful. Huang Dinghai and the others have been looking into Huang Shengdao’s disappearance. He probably suspects something. You better keep yourself in check.”

Huang Xiaolong nodded his head. He knew how serious the matter was. If they managed to discover the truth, the Blazing Dragon Celestial Empire would have to face the wrath of five celestial empires!

“As for Huang Rong, he sent someone over to get you. He wants me to hand you over to them, but I broke the man’s legs before throwing him back to the True Dragon Celestial Empire.

The Blazing Dragon spoke a little more about the matters that happened in recent years, and Huang Xiaolong asked about Huang Long.

“Have you found the Pangu Axe?”

Chapter 3437: Opening the Dao Emperor’s Treasury

A crafty smile appeared on Huang Xiaolong’s face, and he laughed, “Of course I did!”

He found it!

The old dragon roared with laughter and his eyes lit up. “Nice! Little brat, you didn’t let me down!”

He knew the importance of the Pangu Axe when Huang Xiaolong had to face Huang Sheng in the future.

“Little brat, you got lucky!”

He had always been envious of Huang Xiaolong’s luck.

Chuckling in amusement, a tiny little axe appeared in Huang Xiaolong’s hands. The surface of the axe looked a little silvery, but it most definitely was not made of silver. He passed the axe to the old dragon.

Caressing the axe in his hands, the old dragon sighed, "This is a good axe... It's an amazing weapon..." However, a frown soon formed on his face.

At his level, he could easily notice the problem with the Pangu Axe.

"This axe..." Turning to look at Huang Xiaolong, the old dragon frowned.

Huang Xiaolong nodded, "Pangu fought with a God of Creation in the past, and the weapon spirit was damaged. He left the axe on Earth in order to nurture it with the natural spiritual qi."

"Now, the axe only has half of its original power!"

The old dragon stared at Huang Xiaolong in stunned silence.

What the f\*ck?

"Who has the ability to damage the weapon spirit?! With Pangu's strength, he can't be much weaker than me! Not even Huang Sheng's Dragon Axe will be able to damage the Pangu Axe."

Huang Xiaolong shook his head. "I only managed to learn of the reason after the weapon spirit awakened. In order to learn of his identity, I will have to wait for the weapon spirit to fully recover. All I know is that the weapon spirit was damaged by a giant hammer."

"Giant hammer?!" After racking his brains, the old dragon had no idea who used a giant hammer.

After some time, a look of pity appeared on the old dragon's face. "Such a pity..." The power of the Pangu Axe might be shocking, but it was nothing it used to be!

Moreover, it wouldn't be easy to restore a weapon like that!

If it was easy to restore the axe, Pangu wouldn't have left it on earth.

"Do you know where Pangu is?" the old dragon asked.

Huang Xiaolong shook his head. "I have no idea. However, he left the Pangu World not too long after his battle. Not even the weapon spirit knows where he went. From what I think, the other God of Creation should play a crucial part in Pangu's whereabouts."

"Do you mean to say that you'll be able to locate Pangu after you find the God of Creation who battled with him?"

"Yes!" Huang Xiaolong nodded slightly.

If he didn't learn of the battle, he might not know how to find Pangu. However, Huang Xiaolong knew that he would be able to understand everything once he found the unknown God of Creation.

"I will use the power of the empire to look for him..." the old dragon sighed.

"Master, do you think that the mysterious God of Creation is the Dao Emperor?" Huang Xiaolong asked all of a sudden.

After all, the Dao Emperor has also been missing for quite some time.

A light flashed in the old dragon's eyes for a moment, but a sigh soon followed. "It can't be the Dao Emperor. He might be strong, but he won't be able to fight Pangu. Even without the axe, Pangu wouldn't lose to him. There's no way he could damage the Pangu Axe." Turning to Huang Xiaolong, he continued, "Are you planning to cultivate in the Blazing Dragon World? Or..."

Thinking about it, Huang Xiaolong sighed, "I'll head out for a bit."

Even though the Blazing Dragon World was safe, he wanted to see if he could discover other miracles when exploring the universe.

He might have obtained the Pangu Axe and gained the ability to use the Pangu World Origin, but the spiritual energy contained in the Pangu World was scarce. He pretty much devoured what he could in the years that he was there, and it was also the reason he left.

Moreover, he used all the Pangu Pills he obtained in the Pangu Treasury. If he wished to increase his strength, he would need to look for more treasures.

If he wanted to reach the limit of his third world in seclusion, he would probably need a hundred million years!

He couldn't afford to take that long.

As such, he planned to scour the universe for more treasures!

"Alright... You have incredible luck, and you might discover something when traveling the universe." The old dragon nodded happily. "However, you will need to be careful of the True Dragon Celestial Empire."

"Relax. I know what to do." Huang Xiaolong reassured the old dragon. "Master, do you know of any other worlds like the World of Departed Souls?"

If he could find another world like it, it would be great. The spiritual qi contained in the world origin of a world that size would be more effective than a hundred million creation-level pills.

Staring at the brat in shock, the old dragon didn't expect him to ask about things like that. After pausing for a second, he shook his head. "The only world at that level in the explored universe is the World of Departed Souls..."

Huang Xiaolong guessed as much, but a wave of disappointment filled him when he heard what the old dragon said.

"However, there might just be worlds like that in the universe." The old dragon laughed. "You might be able to find one if you explore the universe."

Huang Xiaolong nodded slowly.

After staying for a day in the Blazing Dragon World, Huang Xiaolong left.

He thought about the Shi Xiaofei and the others, and he planned on bringing them along with him.

Even though the Blazing Dragon was there to protect them, he would only feel safe when they entered the World of Departed Souls.

Moreover, they would be able to interact with the members of the Huang Family.

Of course, there were also the ten overlords, Yuan Tianyi, and the subordinates of the overlords.

When he brought them over to the World of Departed Souls, he spent a year with them before leaving.

With nothing else to hold him back, he could cultivate in peace! He wouldn't have to worry about their safety when roaming the universe!

However, he went to the Dao Emperor World before he started to roam the universe.

When Huang Shengdao obtained the Dao Emperor Sword in the past, he didn't open the final seal in the Dao Emperor's Treasury. Now, Huang Xiaolong planned to complete the final step. After all, it was the most important part of the Dao Emperor's Treasury. No matter what, there should be several creation-level pills in there.

Chapter 3438: God of Creation?

As for the formations and traps laid down by the five powers, he couldn't care less.

With his strength, he could deal with the experts stationed there without alerting anyone else.

Several months later...

It didn't take long for Huang Xiaolong to arrive in the Dao Emperor World.

Stepping into the Dao Emperor World once again, Huang Xiaolong's felt a wave of emotions washing over his heart. When he entered the Dao Emperor World with the sixth princess of the Extreme Heaven Celestial Empire, he was nearly killed by Fu Luosen and Huang Shengdao. Luckily for him, the old dragon had intervened and saved his life.

Now that he was back, he summoned the Huang Long Armor and the Huang Long Cape. He hid in the cracks of space, and he started soaring through the void.

With his comprehension of the power of space at the perfection stage, ordinary God of Creation Realm experts might not be able to discover his presence when he used the two creation artifacts.

Half a day later...

Huang Xiaolong approached the Dao Emperor Treasury.

Since the treasury belonged to the Dao Emperor, it went without saying that it was located in the Dao Emperor Palace.

Initially, the Dao Emperor had laid down countless formations to hide his dao palace. However, Huang Shengdao had managed to open it with the Dao Emperor Sword, and the palace could no longer be hidden from the world.

Despite the fact that it was no longer hidden, the energy contained in the palace was strong enough to stop most intruders.

Releasing his dao souls, Huang Xiaolong soon located the experts who were hidden around the palace.

“They really sent a lot of people over...” Huang Xiaolong sneered.

Even though it had already been a long time since the World of Departed Souls disappeared, the number of experts sent over by the five factions increased by the year!

According to the old dragon’s investigation in the past, there were fifty thousand experts stationed around the Dao Emperor Palace.

Now, there were a hundred thousand of them.

The number of experts doubled.

Out of the hundred thousand present, there were more than thirty supreme beings who had comprehended all thirteen elements to perfection level!

Every single one of them could wield grand cosmos energy, and they possessed no less than a hundred million units each!

The strongest person there had already accumulated 1.2 billion units of grand cosmos energy! It was someone sent by the True Dragon Celestial Empire, and the Huang Long Bloodline in his body was extremely dense!

Huang Xiaolong was slightly taken aback. He didn’t expect there to be such a powerful expert in the True Dragon Celestial Empire. With his strength, he could be said to be at the peak of the Dao Venerable Realm! With his power, he was stronger than Huang Dinghai, the Celestial Emperor of the True Dragon Celestial Empire!

One had to know that Huang Dinghai had only accumulated slightly more than 1.1 billion units of grand cosmos energy.

The difference between the two was like the difference between heaven and earth.

It seemed as though the True Dragon Celestial Empire was hell-bent on capturing the culprit. They actually sent so many people out to the dao palace!

Even so, Huang Xiaolong was in no rush to take action.

Since the five powers were planning to capture him when he opened the final seal, he would ensure that none of them were left alive.

As his body started to flash about in space, he started to lay down an innate dragon formation around the palace. Next, he threw down countless powerful formations around the palace.

After setting down more than a dozen formations, he started to attract the attention of the expert of the True Dragon Celestial Empire.

“Who’s there?!” A voice boomed through the air, and the space around him started to crack. It was as though a God of Creation had descended.

His yell alerted the members of the five superpowers, and Huang Xiaolong eventually appeared before them.

He held the Huang Long Twin Blades in his hands, and it was time for him to hunt!

“Huang Xiaolong!”

His appearance roused a whole new level of commotion. As his apprenticeship ceremony with the Blazing Dragon was too highkey, there were too many people who recognized him.

The expert from the True Dragon Celestial Empire appeared from the void, and he glared at Huang Xiaolong. “As it turned out, it’s the Son of Creation of the Blazing Dragon World. Why did Your Highness come all the way here?”

The experts of the five factions started to reveal themselves. They surrounded Huang Xiaolong, and there was no way for him to escape. With a hundred thousand of them there, the aura they released could scare an ordinary dao venerable to death.

Huang Xiaolong ignored the question completely as he continued, "Who would have thought that the True Dragon Celestial Empire would possess an expert at your level? Regardless, all of you will be leaving your lives here today."

The expert of the True Dragon Celestial Empire squinted at Huang Xiaolong before turning to stare at the space around them. "You... You laid down a formation to seal off this space!"

A trace of doubt formed in his heart. Why didn't he notice anything?!

A frown formed on the face of an expert from the Excessive Darkness Celestial Empire. "Huang Xiaolong, who do you think you are? Do you really think you're a God of Creation?"

His strength was slightly weaker than the expert from the True Dragon Celestial Empire. He was a cultivator with over 1.1 billion units of grand cosmos energy.

Huang Xiaolong glanced at the person who spoke. "You're stronger than the Extreme Bliss Celestial Emperor, but even without entering the God of Creation Realm, I can still kill you. You're nothing more than an ant in my eyes..."

Everyone stared at each other in shock.

"You... It was you!" the expert from the True Dragon Celestial Empire roared. He locked on to Huang Xiaolong and released his aura completely. The power of someone about to break into the God of Creation Realm was revealed, and the skies started to tremble. The formations laid down by Huang Xiaolong released countless rays of light, and they vibrated a little.

Huang Xiaolong disregarded the killing intent rolling off the man, and he chuckled, "That's right. I killed the experts of your factions back in the World of Departed Souls."

The Dao Emperor Sword appeared all of a sudden to revolve around Huang Xiaolong.

“Dao Emperor Sword!”

The faces of those present changed.

“Do it!”

“The old ancestor said that he wants him alive!”

The experts of the five superpowers attacked instantly. The skies shattered and the earth crumbled. It was as though the world was coming to an end as they launched their attacks on Huang Xiaolong. Even the grand dao had to make way for the combined strike of a hundred thousand experts at their level!

When the expert from the True Dragon Celestial Empire unleashed his attack, the power of reincarnation seemed to weaken. Life and death seemed to be under his complete control!

With their combined strength, even Huang Dinghai and Di Cangtian would be blown to bits!

Other than God of Creation Realm experts, no one would be able to withstand the blast!

Right before their attacks could slam into Huang Xiaolong, he finally responded! He no longer hid his strength, and grand cosmos energy filled the space around him.

One hundred million... two hundred million... Eventually, it reached a shocking 1.2 billion units!

The experts of the five factions were taken aback when they felt such power. When all of them thought that it would finally stop increasing, a beam of light emerged from Huang Xiaolong’s body.

1.3 billion!

As soon as they felt the final addition, the expert of the True Dragon Celestial Empire gasped in shock.

“God of Creation?!”

Chapter 3439: Huang Sheng’s Rage

He wasn’t the only one who was shocked. The faces of the other experts changed instantly.

“Impossible! How can he be a God of Creation?!”

The aura Huang Xiaolong released continued to climb. The amount of grand cosmos energy soon broke through the 1.4 billion mark.

1.5... 1.6... 1.7... It didn’t stop there.

When it crossed the 2 billion mark, it didn’t show any signs of slowing down!

Eventually, it stopped when he released 2.6 billion units of grand cosmos energy.

Boom!

Huang Xiaolong’s strength was comparable to a universe-level volcano that erupted suddenly. It had the power to turn the universe upside down, and the attacks that approached him were blown to bits. A single thought flashed through the minds of the experts of the five superpowers.

“He’s invincible!”

Under the God of Creation Realm, Huang Xiaolong was an unbeatable existence.

They were sent flying under the sudden impact, and when they landed, they vomited mouthfuls of blood. Those who were a little weaker were completely crippled. Miserable cries filled the skies.

“You... You... You’re no God of Creation! How can you possess 2.6 billion units of grand cosmos energy?!” The expert of the True Dragon Celestial Empire stared at Huang Xiaolong with an incredulous look.

One could only cross the 1.3 billion mark after entering the God of Creation Realm! However, Huang Xiaolong had double that!

“Lord Huang Jia, Huang Xiaolong seems to possess three small worlds!” An expert of the True Dragon Celestial Empire pointed out.

His possession of three small worlds was no longer a secret.

It was also the reason he was hailed as the most talented expert in the universe!

The expressions of the others sank. If Huang Xiaolong reached the limit of all three worlds, he would possess 3.9 billion units of grand cosmos energy before he stepped into the God of Creation Realm!

The absurd number caused their hearts to run cold.

One had to know that God of Creation Realm experts would only possess 1.3 billion units of grand cosmos energy after they broke through. With Huang Xiaolong’s strength, he would be comparable to a perfection-level God of Creation!

“Hurry up and run! Contact the old ancestor!” Huang Jia, the expert of the True Dragon Celestial Empire, roared. His body shook once, and he turned into his true form. His claws reached for the formation trapping them in an attempt to tear it to shreds.

If Huang Xiaolong only had 1.3 billion units of grand cosmos energy, he would be willing to give it a shot. However, any notion of fighting back disappeared once Huang Xiaolong revealed his strength.

After all, not even God of Creation Realm experts would be a match for him, much less those present!

Seeing as the strongest cultivator present was planning to run, everyone else started to attack the formation around them.

A sneer left Huang Xiaolong's lips. Since he chose to reveal his strength and the fact that he killed Huang Shengdao and the others, there was no way he would allow them to escape!

The twin blades in his hands started to dance as blade light filled the space contained in the formation. The Dao Emperor Sword also transformed into a giant dragon that swam in the air around him.

Blood filled the skies.

...

In less than two hours, the only ones left were Huang Jia and four other experts of the True Dragon Celestial Empire.

Huang Xiaolong didn't kill them for a reason. Since Huang Sheng planned to devour Huang Long for his bloodline and essence energy to strengthen himself, Huang Xiaolong could devour the bloodline of the members of the True Dragon Celestial Empire to enter the God of Creation Realm!

After all, their bloodlines came from the same source!

He might not be able to progress by much if he devoured the bloodline of other experts, but it was a different story as they all had the Huang Long Bloodline!

It also went without saying that devouring experts of a certain level would be useful. Only experts who had crossed the 1.0 billion unit mark would be effective!

“Huang Xiaolong, I’m not Huang Shengdao! If anything happens to me, the old ancestor will definitely emerge to investigate the matter personally!” Huang Jia roared. “He will definitely discover that you’re behind this!”

“That’s great.” Huang Xiaolong chuckled.

Huang Jia stared at him in shock.

It might not be a good thing to draw Huang Sheng out of seclusion, but on the other hand, that would interrupt Huang Sheng’s goal of devouring his father’s bloodline!

He wasn’t afraid that Huang Sheng would be able to discover his presence. After all, he planned to wipe the entire area clean the moment he was done. He refused to believe that Huang Sheng could draw any conclusions with nothing to work with.

A moment later, Huang Xiaolong sealed the energy in their bodies before throwing them into the Sun Moon Furnace. He planned to devour them when the time came.

Opening the restrictions around the palace, he entered the main hall. With the assistance of the Dao Emperor Sword, he approached the final seal.

When he finally opened the seal, he discovered countless spiritual herbs and spiritual veins lining the space within. There were only two universe-level spiritual veins, but there were more than a dozen bottles of Dao Emperor Pills.

“At least I didn’t waste my time...” Huang Xiaolong sighed.

Soon after, he threw everything of value into his furnace. When it was done, he shattered the space around him with a single punch. He wiped away all traces of his presence, and he reformed the space around him before leaving. Even if Huang Sheng arrived, he wouldn’t be able to restore the space to what it once was.

With the Huang Long Cape, he hid in the void before he took his leave.

With that, there were no traces of him ever entering or leaving the Dao Emperor World.

Several days later...

A figure appeared in the space around the Dao Emperor Palace.

The man was clad in golden robes, and he was able to wield endless power!

Huang Sheng had arrived!

As soon as he did, killing intent rose in his heart. His expression was ugly as he looked at the space around him. The experts he sent to capture Huang Shengdao's killer were elite cultivators of the True Dragon Celestial Empire, and Huang Jia was an important figure in the upper echelons! Huang Jia had hopes of entering the God of Creation Realm, but all of them were gone.

Not a single expert remained.

Huang Sheng waved his arm around as he tried to restore the space around him. However, his expression turned a shade darker when he realized that he couldn't do a thing!

Entering the Dao Emperor Palace, he tried to look for traces of the assailant.

It was too bad Huang Xiaolong eliminated any trace of his presence.

"You better not let me find out who you are!"

"Otherwise, I'll torture you for eternity!"

Huang Sheng's voice resounded through the Dao Emperor World.

The news quickly started to spread, and the great worlds trembled when they realized that the experts of the five factions were killed by a mysterious expert.

Huang Xiaolong didn't care too much about what happened as he stepped onto a random star in the vast space. He laid down countless restrictions around him before sitting down cross-legged. He started to devour the five experts of the True Dragon Celestial Empire.

Chapter 3440: Discovering a Natural World

As he devoured the five of them, Huang Xiaolong continued to train in the Pangu World Creation Art. The grand cosmos energy accumulated by the five became his gains.

His seclusion lasted for more than fifty thousand years.

When he finally opened his eyes, he had long since converted all the grand cosmos energy. He also managed to refine both universe-level spiritual veins along with the bottles of pills.

The grand cosmos energy accumulated in his third world reached a staggering 230 million units.

The grand cosmos energy he obtained from the five experts of the True Dragon Celestial Empire didn't even make up a tenth of what he had now.

Luckily for him, he had the four Origin Divine Fires! He was able to devour all five of them quickly despite him not being in the God of Creation Realm.

Ensuring that there was no problem with his cultivation, Huang Xiaolong heaved a sigh of relief. A feeling of joy formed in his heart.

He might not have reached the peak of his third great world, but his speed of cultivation was several times greater than when he refined the World of Departed Souls.

"It's a pity... Only Huang Jia had accumulated more than 1.2 billion units." Huang Xiaolong sighed.

If all five of them were at his level, Huang Xiaolong might be able to be twice as strong as he was!

He eventually left the star he cultivated on.

When he left, he started to roam about the universe. He looked for clues on creation-level herbs and universe-level spiritual veins, and he also got someone to look for the whereabouts of experts from the True Dragon Celestial Empire.

In the next hundreds of thousands of years that followed, there were experts of the True Dragon Celestial Empire disappearing left and right.

Huang Dinghai was jumping in rage, but he failed to find the culprit no matter how hard he tried.

“Old Ancestor, we lost contact with Huang Yu yesterday.” Huang Dinghai kneeled before Huang Sheng in one of the random spaces in the empire as beads of cold sweat dripped down his forehead.

He was the seventh victim since Huang Xiaolong’s killing spree started!

The True Dragon Celestial Empire lost seven experts with more than 1 hundred million units of grand cosmos energy in the past hundreds of thousands of years.

If that kept up, it would be a matter of time before all the noteworthy experts in the empire disappeared!

When that happened, the True Dragon Celestial Empire would be an empire no more!

The true experts the celestial empires had under their banner were those who had accumulated more than a hundred million units of grand cosmos energy. Without them, Huang Dinghai would be a commander with no soldiers!

Huang Sheng glared at Huang Dinghai for a solid minute. The celestial emperor fell to his knees in fright. Under the gaze of a God of Creation at the grand completion stage like Huang Sheng, Huang Dinghai didn't dare to breathe loudly.

"You're useless!" Huang Sheng growled.

"Yes... Yes... I'm useless!" Huang Dinghai added.

"You can't even find out what happened in the World of Departed Souls after so many years! There's the matter of the Dao Emperor Palace too! Now, the experts of our empire are killed by a mysterious killer, and you can't even find out the man's identity!" Huang Sheng roared, "If not for the fact that you made great contributions to the empire, I would cripple you right here and now!"

Huang Dinghai prostrated on the ground, and he didn't dare to quibble.

He might be able to save himself if he kept quiet, but if he tried to quarrel with the old ancestor, he was bound to be a cripple.

"What about Huang Xiaolong's whereabouts?! Have you found him yet?" Huang Sheng asked.

Panicking, Huang Dinghai stuttered, "Not... Not yet... Ever since he killed our men in the Pangu World, he hasn't shown himself."

"Go look for him! Look for him right now! Report his whereabouts to me once you discover any traces of him!" Huang Sheng growled. "Even if he appears in the Blazing Dragon Celestial Empire, you have to let me know!"

He felt that something was off about Huang Xiaolong. His intuition told him that everything that happened had something to do with the kid, but he refused to believe that a mere Huang Xiaolong had the ability to raise waves in the True Dragon Celestial Empire.

As such, he would personally move against Huang Xiaolong the moment he appeared.

Regardless of the price he had to pay, he knew that he had to kill Huang Xiaolong.

Even if he had to fight with the old dragon, he would sacrifice everything to kill the threat that was growing larger by the day!

After Huang Dinghai left, Huang Sheng appeared beside Huang Long.

The corners of Huang Long's mouth arched upwards. "Who would have thought that the strongest individual in the universe would be flustered."

"Huang Long, you won't be here for long. Let me tell you right now. I plan on creating a world of my own! In my world, I will devour you! I might have needed a billion years to devour you previously, but once we're in my world, I will only need five hundred million years!"

"As for your son, he won't be living for much longer. Once I surpass the God of Creation Realm, he won't be able to hide no matter how large the universe is!" Huang Sheng snorted.

Huang Long's face changed.

He didn't expect Huang Sheng to establish a world of his own.

If that were the case, the time Huang Sheng needed to surpass the God of Creation Realm would be cut in half!

Once that happened, it was true that Huang Xiaolong would have no place to hide.

At that moment, Huang Xiaolong was staring at a youngster in one of the random worlds in the universe. The other party was an expert with three hundred million units of grand cosmos energy called Huang Yu.

"Huang Xiaolong, it's you!" Huang Yu glared at Huang Xiaolong and roared in panic, "Huang Xiaolong, you won't get away with this!"

Too lazy to talk to him, Huang Xiaolong sealed off Huang Yu's energy before devouring him.

Several tens of thousands of years later...

Huang Xiaolong left the small world in the universe and soared through the universe.

In the years that followed, the experts of the True Dragon Celestial Empire hid in the Blazing Dragon World. Huang Xiaolong didn't find any chances to make a move on them.

When Huang Xiaolong was planning on sneaking into the True Dragon Celestial Empire to grab some experts, a piece of good news came from the old dragon.

"Discovered a natural large world like the World of Departed Souls?!" That was great news indeed.

After he devoured the essence energy of the world that was discovered, Huang Xiaolong's third world had hopes of surpassing the 1.2 billion grand cosmos energy mark.

He would be able to break into the God of Creation Realm.

Several days later, Huang Xiaolong appeared before the old dragon.

Giving Huang Xiaolong all the details he knew, the old dragon sighed, "Huang Sheng has been keeping a close eye on me. I won't be able to head over with you, and you need to take care of yourself! The newly discovered world is located at the heart of the Universe Vortex, and it's a dangerous place!" The old dragon reminded him.
