

Conqueror 3501

Chapter 3501: Chen Kezhi Loses Control

“No! The Dragon’s Impasse is too dangerous!” Huang Long shook his head when he saw how adamant Huang Xiaolong was.

“Father, you can relax. I am confident that I’ll get out alive,” Huang Xiaolong chuckled.

Staring at his son in shock, Huang Long sighed, “How sure are you?”

“Probably eighty percent...” Huang Xiaolong replied after thinking about it for a second. Even though he had all four universe origin fires, nothing was set in stone. He wasn’t certain that he would be able to leave the Dragon’s Impasse, but he estimated that he had an eighty percent chance to exit. After all, Huang Xiaolong witnessed the might of the origin flames throughout the years. They saved him more than once during his journey.

“Eighty percent?!” Huang Long stared at him in shock. “Are you sure?!”

Lu Qianqian and the others were equally as shocked. It was especially so for Lu Qianqian, the native of the Star Dragon Universe.

“Brother Xiaolong, the Dragon’s Impasse is more difficult than you can imagine,” Lu Qianqian advised. “There are universe storms everywhere, and hurricanes filled with universe source energy sweep through the land. The space within isn’t steady, and even Gods of Creation would need to use up a lot of energy in order to escape once they are swallowed up by the spatial cracks...”

“The principal once said that even if he went to the Dragon’s Impasse, he would have less than a fifty percent chance of returning alive.”

Wang Meiqi and the others stared at her in shock. The second strongest expert in the Star Dragon Universe, Yu Long, didn’t even have a fifty percent chance of returning!

They finally understood how terrifying the Dragon’s Impasse was.

"Xiaolong, if Yu Long isn't confident of coming back alive, you better drop the idea." Huang Long shook his head. He couldn't accept putting his son in danger just to accomplish a task in the Submerged Dragon Institution.

Moreover, he wouldn't be taking a small risk when he chose to do the mission.

Huang Xiaolong burst out laughing when he saw the look of doubt on their faces. "Relax. When I say that I'm eighty percent sure of making it out alive, I'm not exaggerating."

After Huang Xiaolong's insistence, Huang Long could only agree.

He knew that even if he refused to let Huang Xiaolong accept the mission, the kid wouldn't listen to him anyway.

Soon after, Huang Xiaolong accepted the mission to retrieve a piece of dragon scale from the Dragon's Impasse. As the elder of the Mission Hall escorted them out, they left for Lu Qianqian's manor.

Along their way back, they were met with weird gazes from many students.

"Seems like Shan Fei's fate has already made its rounds around the institute," Huang Xiaolong chuckled.

"Shan Fei is the leading disciple of the institute, and it's not surprising for the news to spread so quickly." Lu Qianqian paused for a second and continued, "You will need to take note of the retaliation from the Enforcement Hall. Shan Fei's power in the institute isn't low, and the Enforcement Hall will definitely try to stick their nose into this."

Long Yi was the first to grin when he heard about the retaliation. "Since His Highness didn't break the rules of the institution, the Enforcement Hall wouldn't be able to do anything. If they come, we'll throw them out! Even if that old man Yu Long stands on their side, we won't be afraid of them!"

Lu Qianqian shook her head and sighed, "Hall Master Chen Kezhi is a God of Creation at the grand completion stage. He has always been an unreasonable person, and he will catch everyone he feels like!

No one dares to stand up to him! There was a teacher who tried resisting arrest in the past, and he crippled his dao veins and sealed his bloodline! He threw the teacher into the dark abyss for several million years, and till this day, the teacher hasn't been released."

Lu Qianqian frowned.

In fact, Lu Qianqian knew that Pangu was a God of Creation. However, she had no idea how strong he truly was. If she did, she wouldn't be worried about any of them!

After all, Pangu could toy with a mere expert at the grand completion stage of the God of Creation Realm. What was there to be afraid of?"

Naturally, Huang Xiaolong and the others were of a different mind. All of them chuckled in amusement.

"How much grand cosmos energy has Chen Kezhi accumulated?" Huang Xiaolong asked.

"I... I have no idea." Lu Qianqian lowered her head and muttered, "However, he seems to have entered the grand completion stage for several hundred million years."

Huang Xiaolong nodded slightly. After entering the God of Creation Realm, one wouldn't be able to improve as rapidly as before. It was even worse for someone at the grand completion stage, and Huang Xiaolong estimated Chen Kezhi to possess 7 to 7.1 billion units of grand cosmos energy.

When they returned, Pangu emerged from the courtyard and barked at Huang Xiaolong, "Little brat! It's been less than two days since you came here! Why are you causing trouble everywhere?!"

After he spoke, a trace of a smile formed on his lips.

It went without saying that he was referring to Shan Fei.

Huang Xiaolong chuckled in response, "It doesn't matter... After all, you're here to take care of it. We have nothing to worry about."

Huang Long and the others burst out laughing.

However, Pangu's mood changed when he learned that Huang Xiaolong chose to enter the Dragon's Impasse.

He stared at Huang Xiaolong for a second and snapped, "Preposterous!"

It was clear he felt the same way as Huang Long when he learned about the mission.

"Huang Long, why didn't you stop this little brat when he decided to go crazy?" He turned to Huang Long and frowned.

A bitter smile appeared on Huang Long's face and he sighed, "I did! This kid refuses to listen to me! According to him, he has an eighty percent chance of returning from the Dragon's Impasse."

"Eighty percent?!" Pangu turned to look at Huang Xiaolong with a strange look on his face.

Huang Xiaolong nodded slightly.

After falling silent for a moment, Pangu sighed, "Alright. I won't stop you if that's the case. However, you need to be on your toes the moment you enter."

He understood Huang Xiaolong a little more than Huang Long, and he knew that Huang Xiaolong still had a lot of hidden cards on him. He shouldn't be exaggerating about his chances of returning alive. After all, he knew that Huang Xiaolong was someone who always liked to play things safe.

Soon after, Huang Xiaolong decided to leave for the Dragon's Impasse the very next day.

As everything went down in Lu Qianqian's residence, Chen Kezhi looked at Shan Fei who was kneeling before him. Shan Fei pleaded with him to take Huang Xiaolong down.

Shan Fei's masters were not in the Submerged Dragon Institution at the moment, but Chen Kezhi was a friend of theirs. It was especially so for his elder master.

"Get up." Chen Kezhi helped Shan Fei's dao soul up as a cold expression hung on his face. "Rest assured. I'll ensure that he suffers the same fate as you."

Jumping in joy, Shan Fei thanked Chen Kezhi.

"Go investigate Huang Xiaolong's whereabouts," Chen Kezhi spoke to one of the grand elders beside him.

"Lord Chen Kezhi, Huang Xiaolong entered Lu Qianqian's palace, and he hasn't left." The grand elder quickly returned with the information.

"Lu Qianqian?!" Chen Kezhi was stunned.

"Yes. It's said that Huang Xiaolong is Lu Qianqian's foster father's inheritance disciple." The grand elder continued, "Huang Xiaolong came to the institute with her foster father the day before, and they clashed with a core disciple, Shen Shijie, at the entrance to the inner courtyard."

"What?! Huang Xiaolong is that guy's inheritance disciple?!" Chen Kezhi leaped to his feet in shock as he lost control of his emotions.

He was beaten up really badly by Pangu in the past, and he knew how fierce Pangu really was. If not for Yu Long showing up to save his life, he might not even be alive right now.

Chapter 3502: I've Been Waiting for You

Shan Fei and the experts of the Enforcement Hall were shocked by Chen Kezhi's reaction.

After all, the battle between them was sealed off from the outside world. No one other than Yu Long knew about it. It wasn't surprising for Shan Fei and the others to be kept in the dark.

“Lord Chen Kezhi, this...” Shan Fei asked.

Snapping back to reality, he forced a smile to hide his emotions. “I’m fine.”

“Lord Chen, should we charge into Lu Qianqian’s palace to capture the man?” the grand elder asked cautiously from the side.

With his expression turning dark, Chen Kezhi eventually shook his head. “There’s no need...”

Shan Fei, who thought that Chen Kezhi had already agreed to assist him, frowned. A look of doubt formed in his eyes.

“Lord?” The grand elder also stared at Chen Kezhi in confusion.

Previously, Chen Kezhi was planning to exterminate Huang Xiaolong’s physical body, but now, he changed his mind.

“Huang Xiaolong hasn’t broken any rules of the institution. There’s no reason for us to catch him.” Chen Kezhi sighed. However, his face turned a little red with embarrassment as he spoke.

Never in the history of the Enforcement Hall did they require a reason to capture someone.

“Lord Chen?!” Shan Fei panicked.

Growling in resentment, Chen Kezhi said, “I cannot help you now. Go back.”

Everyone stared at him in shock.

“Is this because of Lu Qianqian’s foster father?!” Shan Fei connected the dots all of a sudden.

An indomitable aura emerged from Chen Kezhi's body and everyone in the hall fell to their knees. Staring at Shan Fei, Chen Kezhi eventually retrieved his aura.

"That's right."

Everyone couldn't believe what they were hearing.

How strong did Lu Qianqian's foster father have to be in order to force Chen Kezhi to retreat?

Chen Kezhi eventually started to explain himself, "Do you really think everyone will leave Lu Qianqian alone if she wasn't backed by an incredible figure? With her beauty, she would have long since been kidnapped as someone else's cultivation furnace!"

"How else would a powerless girl like her gain so much power in the Submerged Dragon Institution?!"

His words struck them down.

They finally realized why the higher-ups of the institute showed such care for her.

In the past, all of them thought that it had something to do with her talent. From what Chen Kezhi said, it seemed as though there were other reasons behind it.

"Just remain here for now. I'll find another body for you." Chen Kezhi sighed when he saw the listless expression on Shan Fei's face. "You will have to wait for your masters to return before you can think of capturing Huang Xiaolong."

Shan Fei had no other choice but to agree.

When Shen Dong and the others heard how Shan Fei charged straight towards the Enforcement Hall to request Chen Kezhi's help, they were gloating at Huang Xiaolong's misfortune. However, when they realized that nothing was happening after a long time, they couldn't help but frown.

“Lord Chen Kezhi didn’t do anything?!” Shen Dong’s expression was strange as he asked.

“Second Uncle, do you think that he chose to remain silent after learning that Huang Xiaolong is a God of Creation?” Shen Shijie guessed.

“Maybe...”

Everyone would think twice before offending another God of Creation no matter what level they were at.

However, Shen Dong’s expression was ugly when he realized that Huang Xiaolong could actually be an expert in the God of Creation Realm.

“Second Uncle, do you think I should head over to Lu Qianqian’s palace to apologize?” Shen Shijie asked in a weak voice. Fear ate away at his heart.

In the past, he didn’t fear anyone because of his identity as a disciple of the Shen Family! However, things would be different if Huang Xiaolong was a God of Creation.

...

The very next day, Huang Xiaolong left the Submerged Dragon Institution. According to their original plan, Pangu and the others wanted to escort him there. However, after his insistence to leave alone, they could only choose to remain behind.

In Huang Xiaolong’s words, he wasn’t a kid, and he wouldn’t get lost on the way to the Dragon’s Impasse.

Not too long after he left, the news of his accepting the mission reached the ears of Shan Fei and the others.

Everyone jumped in joy when they received the news.

After all, they couldn't wait for him to die in the Dragon's Impasse!

Shen Shijie was over the moon as he didn't need to apologize now that Huang Xiaolong's death was basically set in stone.

Not too long after he left, Shan Fei's masters received news of Huang Xiaolong's departure from their dear disciple.

"He exterminated our disciple's physical body?!" Chu Huaixiong snorted, "We wouldn't dare to touch him if he remained by Pangu's side. Now that you left, I'll crush you like an ant!"

Chu Huaixiong was Shan Fei's third master, and he was a God of Creation at the large completion stage. He had 3.5 billion units of grand cosmos energy.

"Third Brother, we should forget it. After all, he's going to the Dragon's Impasse. He's definitely going to die." Chu Huaihua shook his head and tried to dissuade his brother, "If Pangu learns that we had a hand in his disappearance, we'll be in trouble."

"Second Brother is right," Chu Huaihao sighed. "I'm afraid that Huang Xiaolong has already entered the God of Creation Realm."

Indignant, Chu Huaixiong growled, "Even if he's a God of Creation, he would have just broken through! I'll deal with him easily! As long as I erase all traces of my involvement, Pangu wouldn't be able to trouble us with no evidence!"

"I'll go with you..." Chu Huaihua frowned.

"There's no need." Chu Huaixiong shook his head. "We won't need to join hands against a brat who barely entered the God of Creation Realm." After he spoke, he tore a hole through space and left.

“Just wait for my good news!”

Chu Huaihua frowned. “Third Brother has always been rash when doing things...”

“It’s fine. He’ll deal with it beautifully. There’s no way he’ll leave any evidence behind.” Chu Huaihao chuckled.

Four months passed in the blink of an eye, and Huang Xiaolong remained on his Purple Lightning Peak as it tore through the Star Dragon Universe. Ever since he upgraded it into a creation artifact, its speed reached a remarkable level. Even so, it would take him half a month to arrive.

The Dragon’s Impasse was located in the extreme north of the Star Dragon Universe, and if experts like Lu Qianqian wanted to make a trip there, they would need countless years!

Just as he was about to arrive, his eyes narrowed, and he saw a figure standing in his way.

Space was endless, but the figure was like an eternal mountain range that blocked off his way.

He fused into the universe, and there was no doubt that he was a God of Creation.

Huang Xiaolong finally revealed a smile when he saw the person standing before him. After all, he had long guessed that they would come after him.

Huang Xiaolong drove the Purple Lightning Peak over, and the look in Chu Huaixiong’s eyes heated up when he saw the creation artifact. Creation-level flying ships were extremely tempting even to Gods of Creation.

“Chu Huaixiong, I’ve been waiting for you!” Huang Xiaolong muttered.

Huang Xiaolong learned of the identities of the Chu brothers from Pangu and the others.

Along the way, he was waiting for them to show themselves.

The reason he chose to travel alone wasn't that he didn't want the company. It was because he wanted to draw the three of them over!

Like Chu Huaixiong, Huang Xiaolong's also had a light in his eyes when he looked at Chu Huaixiong. After all, Chu Huaixiong also possessed the creation-level Huang Long Bloodline!

Chapter 3503: Stop Messing About

"Waiting for me?" Chu Huaixiong was slightly taken aback when he heard what Huang Xiaolong said. He looked at Huang Xiaolong in suspicion and quickly released his dao soul to search the surroundings.

"There's no need to look around. I'm here alone. My master isn't here with me." Huang Xiaolong knew what the other party was looking for, and he continued, "Moreover, I entered the God of Creation Realm two million years ago."

He released his cultivation level after he spoke.

When Chu Huaixiong noticed Huang Xiaolong's cultivation realm, he couldn't help but heave a sigh of relief. However, Huang Xiaolong's calm attitude was starting to put him on edge.

He stared at Huang Xiaolong and frowned. He wondered if the kid was trying to put up a strong front, or if he possessed some type of life-saving art. He quickly sent out a message to confirm if Huang Xiaolong came over by himself.

It wasn't long before he received the confirmation that everyone who came with Huang Xiaolong was still present in the Submerged Dragon Institution.

"Huang Xiaolong, there's no need to keep up your act." Chu Huaixiong sneered. "Do you think you can scare me by doing this? You won't be able to run away! I have already laid down countless restrictions around us, and I sealed off the space completely!"

After all, Chu Huaixiong had already guessed that Huang Xiaolong would pass through the area in order to arrive at the Dragon's Impasse. He had started his preparations a month ago, and he was waiting for Huang Xiaolong to walk right into his trap.

A smile formed on Huang Xiaolong's face, and he chuckled, "I have never thought of escaping. After all, you'll be the one trying to run away in a little bit. I might have just entered the God of Creation Realm, but I'm a little different from the others. I'm pretty strong, and I'm sure I can defeat you!"

Chu Huaixiong stared at Huang Xiaolong in disbelief before cracking up with laughter. "Huang Xiaolong, you're a newbie! Who do you think you are?! I have already reached the large completion stage of the God of Creation Realm!"

"Hahaha! Do you really think you can challenge me with your meager amount of grand cosmos energy?! You have slightly more than a billion at best, and if I, Chu Huaixiong, lose to a God of Creation at your level, I might as well kill myself!"

His laughter echoed all around them.

"If you're so sure of yourself, why don't you take a punch from me?" Huang Xiaolong grinned.

A look of mockery appeared in Chu Huaixiong's eyes and he sneered, "One punch? I'll give you ten free punches! Not to worry. I won't bully you. I will give you ten free hits before retaliating. When that happens, I will use my full strength to crush you! I will show no mercy!"

"Ten? One punch will be more than enough."

Not even Shi Bing, a God of Creation Realm expert with more than 4 billion units of grand cosmos energy could take a single punch from him, much less a weakling like Chu Huaixiong.

As soon as the words left his lips, Huang Xiaolong moved.

He appeared before Chu Huaixiong in an instant, and his fist flew outwards. Chu Huaixiong didn't bother dodging as he raised his right hand to stop Huang Xiaolong's punch.

However, Huang Xiaolong used the power from all three worlds before his fist connected, and the power of 4.5 billion units of grand cosmos energy surged towards Chu Huaixiong.

Boom!

Huang Xiaolong's punch tore through Chu Huaixiong's defenses, and it crashed straight into his chest.

His armor shattered instantly.

Under his terrified gaze, Huang Xiaolong's punch tore a hole through his chest and came out the back.

Slightly shaking his arms, Chu Huaixiong was sent flying.

He drew a beautiful arc through space as he flew for god knows how many miles before stopping. A gaping hole could be seen on his chest, and the armor he wore crumbled into pieces.

He spat out a mouthful of blood.

"You... Impossible! You have three great worlds!" He ignored his injuries as he looked at Huang Xiaolong in fright.

Huang Xiaolong mumbled, "I told you that I'm confident that I can defeat you even though I just became a God of Creation..."

Chu Huaixiong's expression was ugly. That was what Huang Xiaolong said earlier, but he took it as a joke.

Of course, he couldn't be blamed for thinking that way. No one would believe that a newly ascended God of Creation would be able to defeat a God of Creation stuck at the large completion stage for quite some time. Who would expect Huang Xiaolong to possess three great worlds?

That was an absurd achievement, even in the greatness of all thirteen universes.

All of a sudden, Chu Huaixiong's figure started to blur as he disappeared from where he landed.

Huang Xiaolong didn't panic as he disappeared into the void. It didn't take long for him to blast Chu Huaixiong out into the open again.

"You might have laid down countless formations to prevent me from leaving, but I did the same," Huang Xiaolong said softly as he looked at the battered Chu Huaixiong.

Finally, desperation started to set in Chu Huaixiong's heart.

"Huang Xiaolong, we can talk about this..." He started to panic.

Chuckling slightly, Huang Xiaolong responded, "Do you really think I'll let you off now?"

Swallowing a mouthful of saliva, Chu Huaixiong stuttered, "You... You can't kill me! You'll only be able to trap me somewhere, and my brothers will come for you soon! Even if you're not afraid of me, do you think Pangu can protect your father for the rest of the time?! Your father should be afraid of our retaliation!"

If Chu Huaixiong knew that Huang Long was a God of Creation with more than 8 billion units of grand cosmos energy, he would know how absurd he sounded. There was no way he would use Huang Long to threaten Huang Xiaolong.

Huang Xiaolong's palm landed on Chu Huaixiong once again, and he snorted, "That's where you're wrong. He's not afraid at all. Do you really think that my father will be weaker than me?"

Chu Huaixiong sucked in a cold breath.

Is Huang Xiaolong's father also a God of Creation?! Could he actually be stronger than Huang Xiaolong?!

Several minutes later, Huang Xiaolong sealed off Chu Huaixiong's grand cosmos energy and threw him into the Sun Moon Furnace. The light around the furnace flickered non-stop.

Of course, the lights merely flickered. The space within was solid, and ever since the Sun Moon Furnace was upgraded to a creation artifact, it was much stronger than before.

Huang Xiaolong continued on his way to the Dragon's Impasse after dealing with Chu Huaixiong.

Half a month later, he arrived.

As Huang Xiaolong stood in the space above, he could see that the Dragon's Impasse was covered in death qi. Everything around it was destroyed by some type of supreme power, and he wondered if there was a fight that went down between experts in the God of Creation Realm.

The Dragon's Impasse looked somewhat like the Yin Yang Road of Death, but it was a little different. There was a type of sinister dragon qi that filled the space before him, and it contained a frightening amount of darkness energy.

The dark dragon energy wasn't something he could absorb to cultivate, and it would harm his physical body if he stayed in the Dragon's Impasse for too long.

Huang Xiaolong eventually entered the Dragon's Impasse.

Chapter 3504: Fellow Daoist, Please Help

When Huang Xiaolong entered the Dragon's Impasse, Chu Huaihua and Chu Huaihao's expressions were gloomy.

Half a month ago, they lost all contact with Chu Huaixiong. They had been searching for him all this while.

"Pangu and the others didn't leave the Submerged Dragon Institution! How in the world did the third brother disappear?" Chu Huaihua frowned.

A light flashed in Chu Huaihao's eyes. "We'll know what happened once we find Huang Xiaolong!"

Even though they didn't know the true reason behind Chu Huaixiong's disappearance, they knew that it had something to do with Huang Xiaolong.

"However, he entered the Dragon's Impasse! How are we supposed to find him now?"

Chu Huaihao's head was also starting to ache. They couldn't possibly go into the Dragon's Impasse just to look for Huang Xiaolong... After all, that would be suicide!

"Why don't we capture Huang Xiaolong's father? He might know something..." Chu Huaihao's heart thumped, and he suggested.

A look of shock appeared on Chu Huaihao's face. "It's possible. But Huang Long has been hiding in the Submerged Dragon Institute and Pangu is always near him... How should we go about this?"

They were strong, but Chu Huaihao was only at the grand completion stage of the God of Creation Realm, he was far too weak compared to Pangu. In the Star Dragon Universe, Pangu could probably rank in the top five among all the Gods of Creation, but he would barely be able to enter the top fifteen!

"There has to be a time when Huang Long leaves the institute." Chu Huaihao's eyes flickered with rage. "I refuse to believe that he'll hide in there forever! We'll make a move once he leaves!"

...

In the Dragon's Impasse, Huang Xiaolong slowly advanced as he released his dao souls to explore the space before him.

Other than dark dragon qi, there was a type of toxic gas that filled the Dragon's Impasse. It was extremely powerful, and it restricted the senses of everyone who entered. Even Huang Xiaolong was only able to detect the area one hundred million miles around him.

With his current abilities, Huang Xiaolong could cover countless sacred lands if he was traveling around the universe. One could only see how powerful the gas was.

Even if he used the power of all three worlds, the toxic gas could slowly corrode his grand cosmos energy. As such, one would have to use a lot of energy in order to travel through the Dragon's Impasse. It was also the reason behind many Gods of Creation falling in the region.

The moment one used up their grand cosmos energy, their bodies would eventually be devoured by the toxic gas.

Moreover, there were countless weird restrictions surrounding the lands. Devil dragons were everywhere, waiting to pounce.

The devil dragons were born from the dark dragon qi in the area. They were similar to members of the Dragon Race, but they used dark dragon qi as means of cultivation. Their entire body was filled with poison!

Without grand cosmos energy, one would be running head-first into the gates of hell. Not even Gods of Creation would be able to live in the Dragon's Impasse for a long time.

As Huang Xiaolong started to circulate the Soaring Dragon Art, the power of his first world started to circulate. After half a month, when he exhausted the power of his first world, he would circulate the Blazing Dragon Art.

That was what he decided before entering the Dragon's Impasse. After all, other Gods of Creation had a single world, while he had three!

After he exhausted the grand cosmos energy in his second world, his first world would have completely recovered. He would be able to sustain himself forever, and he would never run out of strength!

Of course, in the off chance that he exhausted all his power, he had the four universe origin fires! They definitely had the power to destroy the toxic gas around him.

Half a year later...

Huang Xiaolong sliced the head off a devil dragon with the Huang Long Twin Blades.

Even though its body was full of poison, the dragon pearl in its head was good stuff. It contained the dragon's true essence, and Huang Xiaolong realized that refining the dragon pearl was much more effective than mid-grade creation-level herbs.

Huang Xiaolong retrieved a dazzling golden bead the size of a fist. However, it wasn't spherical. It was a weird rhombus-like shape and it emitted resplendent rays of light.

After retrieving the bead, Huang Xiaolong shattered it before swallowing the dragon essence contained within.

Dragon qi filled his body.

"This is an amazing place to cultivate..." Huang Xiaolong thought to himself.

Half a year ago, he felt that the Dragon's Impasse was a great place to train. Now, he realized that training there was the same as devouring the source energy of a universe.

As he exhausted the power of each world, they would improve a little when they recovered. Even though the improvements weren't obvious, Huang Xiaolong managed to feel the difference after half a year. If the grand cosmos energy he used to possess was compared to water, it would be much denser than before. If he were to compare it to sand, he could feel that his grand cosmos energy was much stronger than before. It wouldn't be long before the grains of sand gathered to form a strong wall.

As such, Huang Xiaolong continued to kill devil dragons along his way to look from the Star Dragon Scale.

As for Chu Huaixiong who was suppressed in the Sun Moon Furnace, Huang Xiaolong planned to devour him after returning to the institution.

After all, devouring a God of Creation would take a fairly long time.

In the blink of an eye, several dozen years passed.

The Dragon's Impasse was like a miniature universe, and Huang Xiaolong didn't know how many devil dragons he killed along the way.

Compared to the Huang Xiaolong of the past, he was much stronger than before! The density of his grand cosmos energy was at least ten times stronger than before!

Huang Xiaolong was shocked to discover that the more he exhausted his grand cosmos energy, the faster they recovered!

"Fellow cultivator, please help me!" A soft voice entered his ears all of a sudden.

Turning to stare at the source of the voice in shock, Huang Xiaolong didn't expect to meet a living being in the Dragon's Impasse.

He didn't hesitate as he rushed towards the source of the voice. It didn't take long before he saw someone sitting on a mountain in the distance. There were countless restrictions around the man, and they stopped the power of the toxic gas from getting to him. However, it seemed as though the toxic gas was about to break through at any moment.

When the other party saw Huang Xiaolong, a look of joy appeared on his face. He cupped his fist and yelled, "Fellow cultivator, I'm over here! Please help!"

Huang Xiaolong discovered that the man yelling for help was a God of Creation at the grand completion stage.

Chapter 3505: Mysterious Plains

After chatting for a bit, Huang Xiaolong discovered that the other party was called Ao Guang, the old ancestor of the Silver Dragon Race. He had tried to look for the Star Dragon Spiritual Vein in the past in the Dragon's Impasse, and he had been stuck here since.

It had been several dozen thousand years since he was trapped in the Dragon's Impasse, and he only managed to live so long because of the secret art he cultivated. He also brought tons of herbs and artifacts to protect himself from the toxic gas. Despite that, he was out of energy and resources. In several tens of years, the toxic gas would devour him.

The moment he exhausted his grand cosmos energy, the restrictions around him would crumble!

"Fellow cultivator, please help me out! I will definitely repay you when we get out!" Ao Guang cupped his fists and begged. He looked extremely convincing.

After so many years of cultivation, Huang Xiaolong wouldn't be moved by a single sentence. After all, the other party was a God of Creation at the grand completion stage. Who knew what would happen after Huang Xiaolong saved him?

When Ao Guang saw the look of hesitation on Huang Xiaolong's face, he started to panic. "Fellow cultivator, you have to believe me! I can swear upon the universe that I will definitely not go back on my words after I return! As long as you get me out of here, I'll give you the Silver Dragon Race's Treasury!"

Silver Dragon Race's Treasury!

It was a tempting offer.

After all, the Silver Dragon Race was one of the strongest races in the Star Dragon Universe. Their history reached back countless years, and one could imagine the treasures they accumulated!

However, Huang Xiaolong remained unmoved. The Silver Dragon Race's Treasury might be tempting, but the things that could move Huang Xiaolong could probably be counted on one hand.

“I can even give you the universe-level spiritual vein I have on me right now!” Ao Guang summoned a spatial divine artifact, and he revealed a massive spiritual vein. It emitted a shocking amount of dragon qi that shone a faint red.

The tiny streaks of red light seemed to condense into tiny crimson dragons.

“Red Dragon Spiritual Vein!” Huang Xiaolong gasped in shock.

Universe-level spiritual veins were split into different grades, and the Red Dragon Spiritual Vein was a high-grade spiritual vein. One wouldn’t be able to locate universe-level spiritual veins normally, much less one at that level.

“That’s right.” Ao Guang grinned. However, he looked at the spiritual vein reluctantly as he introduced, “I only managed to find this in a secret region after a stroke of luck.”

“I can save you.” Huang Xiaolong continued, “However, I have another condition. You will have to serve me for a hundred million years.”

A hundred million years?!

Ao Guang was stunned.

However, he soon agreed.

A hundred million years was a short time for an expert at their level, and if Huang Xiaolong chose to leave him there, he would be dead in a couple of years anyway.

He agreed without much consideration.

Soon after, he swore an oath to serve Huang Xiaolong for a hundred million years. He would also give Huang Xiaolong everything he promised after they got out.

Huang Xiaolong laid down restrictions inside Ao Guang's body and told him the reason he came. He wanted to look for the Star Dragon's Scale, and they would have to remain in the Dragon's Impasse for several more years.

"Are you really searching for the Star Dragon Scale?!" Ao Guang was shocked to hear Huang Xiaolong's goal.

Huang Xiaolong's heart thumped when he saw the look on Ao Guang's face. "Do you know where to find it?"

"When I found the Red Dragon Spiritual Vein, I discovered a place that might contain the Star Dragon Scale. However, I haven't been there myself."

Huang Xiaolong jumped in joy. "Alright, let's head over there right now!"

However, Ao Guang started to hesitate. "That place... It's too dangerous! It's too damn dangerous!" A look of apprehension appeared on his face.

Huang Xiaolong was slightly taken aback by his reaction. If someone at Ao Guang's level felt that the place was dangerous, it was probably no ordinary place. Huang Xiaolong's heart sank.

"What makes it dangerous?" Huang Xiaolong couldn't help but ask.

"There are a ton of devil dragons!"

Devil dragons?

The devil dragons in the Dragon's Impasse might be strong, but experts at the peak of the Dao Venerable Realm were capable of taking them down. They wouldn't pose a threat to the Gods of Creation.

Guessing Huang Xiaolong's thoughts, Ao Guang continued, "The devil dragons might not be that strong, but there are hundreds of thousands of them there! There are a lot of them as strong as the Gods of Creation!"

Huang Xiaolong was shocked.

"Hundreds of thousands?!" Huang Xiaolong gasped in fright.

He had been in the Dragon's Impasse for quite some time, and all the devil dragons he saw moved alone.

At the very most, he ran into six of them at the same time.

"No..."

Ao Guang's expression sank, and he continued. "There's an uncountable number of them! I estimated a horde of them to contain hundreds of thousands..."

Even though Huang Xiaolong was expecting an absurd number, the discovery caused him to suck in a cold breath.

Countless devil dragons who were as strong as peak-level Dao Venerables! There were even some who were as strong as the Gods of Creation!

He finally understood why Ao Guang would say that the region was extremely dangerous.

One would consume a terrifying amount of grand cosmos energy when traveling the Dragon's Impasse, and fighting with devil dragons would only drain them faster! Even with three great worlds, Huang Xiaolong wouldn't be able to hold out against a hundred million devil dragons!

Even so, he chose to look for the Star Dragon Scale. No matter what, he had to obtain a single scale.

Seeing as Huang Xiaolong had made up his mind, Ao Guang could only choose to lead him there.

The location Ao Guang spoke of was far, and they only managed to arrive after half a year.

When they arrived, Huang Xiaolong jumped in fright when he saw the scene before him. It was a massive plain, and devil dragons could be seen everywhere!

An uncountable number of devil dragons was an understatement.

Huang Xiaolong felt that Ao Guang was exaggerating previously in order to dissuade him from traveling there, but now that he was seeing it for himself, he finally understood what Ao Guang meant.

There were billions of devil dragons!

And that was what was visible!

Huang Xiaolong retrieved his aura, and he didn't dare to breathe loudly.

"The devil dragons seem to be worshipping something." Ao Guang explained. "Or rather, they seem to be protecting something!"

"When you came here in the past, were they acting the same way?" Huang Xiaolong realized that there was something in the mysterious plains that blocked off his dao souls.

"Yes." Ao Guang nodded. "I hid here for a year, and all of them acted the same way."

A light flashed in Huang Xiaolong's eyes. He wondered what could gather so many devil dragons.

Chapter 3506: Young Dragon

Even though Huang Xiaolong had no idea how many devil dragons lived in the Dragon's Impasse, he was sure that more than half of them were gathered on the plains before him.

He might not know what drew them over, but he could feel a mysterious power contained under the plains.

It was a type of dragon energy, and it was different from the one used by the Dragon Race in the Star Dragon Universe. Huang Xiaolong had experienced the Blazing Dragon's dragon energy in the past, but he could feel that the energy contained in the plains was of much better purity!

Was that the power of the Star Dragon?

Huang Xiaolong finally understood why there would be Star Dragon Scales there.

However, he had to think of how to draw the devil dragons away.

His eyebrows were locked tightly together.

The only way he could get them to leave was if he found out the source of the dragon qi. However, he couldn't even see the end of the mysterious plains! How was he supposed to discover the reason?

Huang Xiaolong's eyes flickered slightly.

"Your Highness, we shouldn't mess with the devil dragons randomly. We need to think of a foolproof method before trying anything."

Huang Xiaolong nodded slowly.

He knew that if things were to go wrong, he might not be able to leave the Dragon's Impasse no matter how strong he was.

After thinking for a few days, he couldn't think of anything! He might be able to hide himself with the Huang Long Cape, but there were devil dragons as strong as Ao Guang in the horde! He couldn't possibly hide from them.

What could he do...

Huang Xiaolong had never been so anxious to think of a solution.

Even though the power of the four universe origin fires was strong, they weren't invincible!

Half a month passed with no conclusion.

Just as he thought about braving a journey to the center of the plains, the devil dragons started to get restless. The entire region started to tremble.

It seemed as though something under the plains was trying to claw its way out of the ground!

Huang Xiaolong could see the look of panic on the devil dragons.

The sudden change caught Huang Xiaolong and Ao Guang by surprise.

Looking at Ao Guang for an explanation, Huang Xiaolong saw the man shaking his head. It was clear he had no idea what was happening.

The trembling became even more intense, and the cracks in the ground started to grow wider and wider. It didn't take long for the crack to cover the lands.

As the cracks grew larger and larger, starlight started to emerge from them.

As the starlight rose into the skies, they formed countless stars that hung above the plains. They remained silently above the plains and one would see a sea of vibrant light from the distance. It was a

sight whose beauty eclipsed everything Huang Xiaolong had seen in the past, and it seemed to contain the most perfect grand dao in the universe.

Even Ao Guang could only stare at the scene before him in awe.

When both of them were still stuck in a state of shock, a giant egg flew out from the ground.

The shell of the egg was inscribed with countless runes, and they resembled the sea of stars above them.

Streaks of light burst out from the egg as cracks started to appear on it, and when Huang Xiaolong and Ao Guang looked at the hatching egg, they felt as though the heavens and earth were splitting apart.

A miniature dragon beast emerged from the egg, and it was a cute little creature. Its body was full of star-like runes, and they resembled the markings on the shell.

Huang Xiaolong's jaw dropped in fright. The egg was nearly half the size of the mysterious plains, but the creature that popped out from the egg was too damn small compared to it!

It was the size of an ordinary human baby!

When the little critter emerged, the devil dragons who were kneeling on the ground raised their heads and roared towards the skies. It was as though they had finally met their emperor.

Even the strongest devil dragon in the mysterious plains behaved the same way.

Huang Xiaolong and Ao Guang looked at each other and saw the shock in each other's eyes.

Could the little baby dragon actually be...

Puffing up its chest, the little baby dragon released a little yawn. A sleepy expression appeared on its face as it leaped towards the eggshell before it. In a matter of seconds, it devoured the massive shell it once came from.

After it was done, the runes around its body started to light up a little more.

However, a shocking scene soon played out. The little baby dragon looked at Huang Xiaolong and Ao Guang as it tilted its head in confusion. The two of them felt their bodies tensing up when they noticed the little beast's stare.

They were hiding in the cracks of space, and they didn't release the slightest trace of energy!

When the two of them didn't know what to do, the little baby dragon appeared before them with a wave of its tail. Huang Xiaolong and Ao Guang realized that their bodies had been dragged out from the void a long time ago.

Huang Xiaolong's pupils shrunk instantly. How in the world did the little dragon force them out of hiding?! They didn't detect anything at all, and they didn't see it make a move!

Ao Guang was even more surprised. He was a God of Creation at the grand completion stage, but he failed to notice how the little guy forced them out of hiding.

Neither of them dared to move, as every single dragon on the mysterious plains locked on to them the instant they realized that they were exposed. They knew that the slightest movement would cause the devil dragons to pounce.

The little dragon looked at Huang Xiaolong and pouted slightly, "Big brother, why did you come here?"

Huang Xiaolong felt his head going blank when he heard the little dragon. He was a God of Creation, but a little newborn dragon addressed him however he liked!

"Oh, I know! You're here to seal my Star Fruits!" The little dragon's eyes spun, and he cried out in indignation.

Question marks popped up in Huang Xiaolong's and Ao Guang's minds. They had no idea what the little dragon was talking about.

"Are you not here to seal my fruits?!" The little dragon tilted his head to the side when he saw the look of confusion on their faces.

Huang Xiaolong had no idea how to reply to the little kid, and he eventually exposed his goal for the trip. "We are here to look for something, but we're not here for the Star Fruits..."

"What are you looking for? I'll help you find it!"

Huang Xiaolong looked at Ao Guang and thought about it for a second.

"We're here for the Star Dragon Scales." He eventually chose to reveal his objective.

"Oh! That's what you're looking for!" The little dragon giggled, "Let's go! I'll bring you to a place with a ton of them!"

After he spoke, he started to fly towards the other end of the mysterious plains.

A ton of them?!

Huang Xiaolong and Ao Guang stared at the little dragon in fright and followed behind him cautiously.

Chapter 3507: You Can Have Them All

Huang Xiaolong and Ao Guang looked at the devil dragons below them and felt their skulls going numb. Even a God of Creation at the peak of the grand completion stage would feel their legs going soft with so many devil dragons glaring at them.

“Big brother, there’s no need to be afraid!” The little dragon giggled when he saw the cautious looks on their faces. “They are really obedient!”

Huang Xiaolong and Ao Guang could only reveal bitter smiles when they looked at the little dragon. He was probably the only person in the universe who could say that the devil dragons were obedient. After all, the devil dragons in the Dragon’s Impasse were ranked as one of the most dangerous and ferocious creatures in all the universes!

“They won’t move without my order!” A grin formed on the little dragon’s face as he declared happily.

Huang Xiaolong and Ao Guang felt their hearts thumping in their chests.

The two of them didn’t say a word as they followed the little baby dragon. Despite their silence, the little dragon was extremely talkative. Even though he didn’t stop talking, the two of them weren’t annoyed at all! In fact, they found the baby dragon’s voice extremely soothing.

Huang Xiaolong was shocked to discover that the little dragon’s voice contained the grand dao of the universe!

As the three of them approached the core region of the mysterious region, Huang Xiaolong and Ao Guang realized that it was larger than they could ever imagine! They hadn’t arrived after three hours of flight!

The three of them might not have been moving quickly, but they were much faster than any ordinary Gods of Creation.

“Where are you bringing us?” Huang Xiaolong couldn’t help but ask.

“We’re going to my home!” The little dragon jumped in joy and looked at the two of them in excitement.

Huang Xiaolong and Ao Guang looked at each other in shock.

“Your home?” Ao Guang felt his heart pounding in his chest.

The little dragon nodded and said seriously, “Of course! Where else are you going to find Star Dragon Scales? Have you seen Star Dragon Scales anywhere else?”

Beads of cold sweat formed on their foreheads.

The two of them had long since guessed the little dragon’s identity, but they could finally verify their guesses.

“It isn’t nice to visit your home on such short notice, right? Will your parents welcome us?” Ao Guang asked in a weak voice.

When they thought of the dragons who could give birth to such a terrifying existence, even someone like Ao Guang felt terror sprouting in his heart. His knees threatened to give way.

In fact, even if experts at the peak of the grand completion stage of the God of Creation Realm were to think about the little dragon’s origins, they wouldn’t feel too good.

The little baby dragon giggled in amusement. “Relax, there’s nothing to be afraid of! They’re not home! Moreover, they won’t eat my friends!”

Ao Guang nearly fell to the ground when he heard what the little dragon said.

A bitter smile formed on Huang Xiaolong’s face.

After flying for another hour, they finally arrived.

The scene before them struck the two Gods of Creation speechless. The little dragon brought them to a giant Star Dragon Rock!

It was a piece of Star Dragon Rock the size of a supercontinent!

If they were to count the value of the Star Dragon Rock alone, it would be worth a staggering amount! In fact, it would be a priceless treasure! Existences at the peak of the God of Creation Realm would wage war over an item like that!

Star dragon qi hovered above the surface of the Star Dragon Rock, and they seemed to form tiny little dragons that swam in the skies.

Palaces sat on the giant continent, and all of them were made from the highest-level ore in the Star Dragon Universe! They were crafted with the best alloys and dragon essence found among the lands!

The palaces were fused directly into the Star Dragon Rock, and Huang Xiaolong could identify the restrictions around the palaces with a single glance. He could tell that they were at a terrifying level.

“We’re here!” The little dragon pointed at the giant rock and flew towards it.

“Your Highness?” Ao Guang started to hesitate.

If the little dragon wanted to act against them, they wouldn’t be able to do a thing once they entered the range of the restrictions around the palaces.

Huang Xiaolong sighed, “Let’s enter.”

After all, fortune favored the bold!

Huang Xiaolong could tell that the little dragon didn’t harbor any bad thoughts, and if he did, he would have ordered the devil dragons to deal with the two before they arrived.

Huang Xiaolong and Ao Guang realized that the Star Dragon Stone Palace was a world of its own! They couldn’t see its intricacies when they were outside, but everything changed the moment they stepped foot inside.

“This Dragon Palace is perfect!” Ao Guang muttered to himself.

Every single inch of the palace was made to perfection.

Huang Xiaolong and Ao Guang were experts at the God of Creation Realm, and they were extremely adept when it came to refining artifacts. However, they were mere amateurs compared to the people who made the Star Dragon Palace.

Huang Xiaolong saw the look on Ao Guang’s face, and he shook his head silently. He couldn’t blame the man for being dumbfounded. After all, the palace was indeed perfect.

“My mother personally crafted the palace!” The little dragon grinned. “It’s pretty, right?”

Ao Guang nodded his head subconsciously. “It’s perfect. I’ve never seen such an amazing structure...”

The little dragon continued, “If you want to learn, I can allow you to stay here for a little while because you’re related to my big brother over here!”

Ao Guang stared at Huang Xiaolong silently. It was indeed a tempting offer.

“When is your mother coming back?” Huang Xiaolong asked.

“I have no idea...” The little dragon’s face fell when he thought of his parents. “They’re out all the time, and they left me here all by myself!”

A pout formed on his cute little face.

Huang Xiaolong stared at the little dragon silently, but he didn’t know how to comfort him.

After bringing the two of them around, they entered the palaces located in the center of the continent. He pushed the doors open, and a frightening amount of light emerged. Huang Xiaolong and Ao Guang felt a stabbing pain in their eyes, and they struggled to open them. When they finally saw the scene in the palace, they were shocked.

They saw a giant space in the middle of the hall, and there were several hundred scales hovering in the hall! The dragon scales were like tiny stars, but there were hidden intricacies inscribed into every single scale. It mesmerized everyone who laid eyes on it.

“Star Dragon Scale!” Huang Xiaolong and Ao Guang swallowed a mouthful of saliva in shock.

There were several hundred scales sitting in front of them!

Even though the little dragon said that he had a ton of them, Huang Xiaolong thought that he was exaggerating. He was dazed to see nearly six hundred scales sitting in the space before him.

As for Ao Guang, he was struck silly. He felt his soul leaving his body.

How much money would they get if they sold off every single scale there?!

“Big brother, these are the Star Dragon Scales you’re looking for! You can have all of them if you want.” The little dragon’s words caused Huang Xiaolong and Ao Guang’s knees to tremble.

Chapter 3508: The Condition

“All of it?!” The surprise came too quickly, and Huang Xiaolong felt as though he was dreaming. Even Ao Guang couldn’t believe what he was hearing, and he looked at the little dragon in shock.

“Yeah!” The little dragon didn’t care at all. “After all, no one has any use for it! You can have as many as you want!”

No one had any use for it...

Huang Xiaolong no longer knew what to say. That was the first time they heard that someone had no use for Star Dragon Scales.

If the Star Dragon Scales were useless, the superpowers of the universe wouldn't be searching for it. Why would Yu Long assign a useless mission to the members of the institution?!

The Star Dragon Scale contained a trace of the blood essence of the Star Dragon. It also contained a bit of dragon qi from the Star Dragon, and the runes were priceless treasures. The laws of the universe comprehended by the Star Dragon when it was alive were inscribed into its scales.

Huang Xiaolong felt his throat going dry. He looked at the little dragon and asked, "Are you serious? Will you actually give us every scale contained in the palace?"

Huang Xiaolong was finally feeling a little embarrassed. After all, he felt like he was scamming a little kid.

After all, the priceless treasures were said to be worthless junk in the little dragon's eyes.

Nodding happily, the little dragon laughed, "Of course! However, I have a condition!"

Here it was!

The catch...

Huang Xiaolong and Ao Guang felt their hearts tightening.

"What is the condition?" Huang Xiaolong asked cautiously.

"It's too boring here! My parents are never here, and there's no one to play with me!" The little baby dragon pouted. "Big brother, you'll have to bring me out of the Dragon's Impasse if you want the scales!"

Huang Xiaolong stared at Ao Guang in shock. How was that a condition?!

“The only thing we have to do is to bring you out of the Dragon’s Impasse?” Huang Xiaolong couldn’t believe what he was hearing.

The little dragon nodded and said in a serious voice, “Yeah! Big brother, I wish to leave this place!”

Looking at each other, Huang Xiaolong started to hesitate.

It wasn’t a problem to bring the little dragon out, but the problem was what would happen after his parents learned that Huang Xiaolong ‘kidnapped’ their son?!

If they flew into a rage...

“Big brother, please... Please bring me out to play...” The little dragon looked at Huang Xiaolong with big puppy-like eyes and pleaded.

“I’m willing to bring you out, but what happens when your parents return? If they discover that I brought you out of the Dragon’s Impasse, wouldn’t they...”

“I’ll tell them it’s my idea!” the little dragon added. “They love me very much, and they won’t blame you for anything!”

“Also, I have lots of treasures here! I can give them to you as long as you bring me out to play!” The little dragon quickly pulled Huang Xiaolong towards the side palaces that were stacked full of treasure and continued.

Huang Xiaolong and Ao Guang would be lying if they said they weren’t tempted.

Dragon marrow, dragon soul stones, and many other peak-level treasures could be seen! There were even various universe-level spiritual veins lining the walls! All of them were dragon-attributed treasures!

There was another Red Dragon Spiritual Vein in the treasury, and it was several times larger than the one Ao Guang gave Huang Xiaolong!

A shocking amount of dragon qi emerged from the hall, and universe spiritual energy poured out and engulfed the entire region.

Even though the two of them were standing outside the hall, they could feel the terrifying energy pushing them back.

Huang Xiaolong counted thirty-four universe-level spiritual veins in total, and all of them were high-grade universe spiritual veins!

There were thirty-three high-grade universe spiritual veins in total, and the other was a peak-grade universe spiritual vein!

Even Pangu hadn't seen a peak-grade universe spiritual vein in his many years of existence, but there was one sitting in front of Huang Xiaolong right now!

"Big brother, you can take everything other than the spiritual veins!" The little dragon explained, "If they find out that the spiritual veins are missing, they'll spank me!"

Huang Xiaolong had no idea how to respond to that.

However, since the kid said that they couldn't take the spiritual veins, Huang Xiaolong and Ao Guang wouldn't dare to touch them even no matter how greedy they were.

If they really made a move on those spiritual veins, the devil dragons around the plains would be more than enough to take them down. There wasn't even a need to mention the restrictions around the palace that frightened Huang Xiaolong when he first saw them.

"How about it?" The little dragon pestered, "Please bring me out to play..." He grabbed Huang Xiaolong's hand and started swinging it around like a playful little child.

Hesitating for a moment, Huang Xiaolong sighed, "I can bring you out of here, but after we leave, you must listen to me. Also, you need to promise me that your parents won't blame me if anything happens!"

In a flash, the little dragon swore an oath.

Half a day later, Huang Xiaolong left the Star Dragon Rock. Ao Guang and the little dragon followed closely behind, and Huang Xiaolong only chose to take half the Star Dragon Scales along with him. Even though the little kid said that no harm would befall them even if they took all of it, Huang Xiaolong felt bad.

If the little dragon's parents agreed to give him the rest in the future, he would come back to grab the other half.

He took away a portion of the other treasures, as he could use them to upgrade his equipment.

As the little dragon followed behind them, his chatter entered their ears constantly.

Huang Xiaolong chuckled when he noticed the lively kid dancing about them. Their journey would never get boring with the little dragon following them about.

The little dragon asked Huang Xiaolong about the outside world, and Huang Xiaolong told him everything he wished to know.

"Big brother, how did you create three great worlds?" the little dragon asked all of a sudden. "Not even my parents managed to do so!"

"How... How do you know?!" Huang Xiaolong gasped in shock.

The little dragon giggled, "I can see that you managed to create three great worlds, but I have no idea how you created them!" A curious look hung on his face.

Huang Xiaolong chuckled and explained, "I have no idea how I created them."

After all, it was a miracle he managed to create three great worlds, and he had no idea how he did it.

After the three of them left the Star Dragon Rock, they didn't leave the Dragon's Impasse immediately.

Instead, they planned to stay there for a little while longer. Huang Xiaolong wanted to look for other Gods of Creation. There were many of them who entered the Dragon's Impasse in the past, and it would be great to gather more experts by his side.

Chapter 3509: Hurry and Save Me

It would be easier to look for a needle in a haystack than to find a God of Creation in the Dragon's Impasse, but with the little dragon's help, Huang Xiaolong managed to locate four of them in a matter of years!

One of them was at the grand completion stage, and the remaining two of three were at the large completion stage. The final one was close to the large completion stage.

Like Ao Guang, all of them were willing to work for Huang Xiaolong for a hundred million years when they realized that they could be saved.

To Huang Xiaolong, a hundred million years was more than enough. At that time, he would definitely enter the large completion stage. He might even be able to break into the grand completion stage in a hundred million years!

Several months later, Huang Xiaolong brought six people out of the Dragon's Impasse.

As soon as they returned, Huang Xiaolong raised his head to the skies and released a ferocious roar. The space around him trembled unceasingly.

Copying Huang Xiaolong, the little dragon did the same and the space trembled even more violently.

"Haha! I can finally see the outside world!" The little dragon laughed.

The faces of Ao Guang and the others turned completely black.

In the years that they were stuck in the Dragon's Impasse, the little dragon messed with them to the extreme.

Initially, they felt that the little dragon was an innocent and cute little kid! Now, he was a little devil in their eyes. He had tons of ways to mess with his target!

Right now, everyone wanted to avoid the little dragon like he was the plague.

Only when Huang Xiaolong was around would the little dragon behave himself. He was like a little child in front of Huang Xiaolong, but in front of the others, he was a great devil!

"Uncle Ao Guang, aren't you guys happy to be out?" A brilliant smile formed on the little dragon's face as he turned to look at Ao Guang and the others.

"Of course we're happy! We're elated to be back!" A smile formed on their faces when they looked at the little dragon.

They were too afraid to anger the little devil king before them.

Huang Xiaolong couldn't help but laugh when he saw their reaction. He couldn't imagine how the unruly little dragon would behave when they got back to the institute, and his head started to hurt.

"Big brother, where are we going now?"

"We're going back to the Submerged Dragon Institute."

The journey to the Dragon's Impasse went smoother than Huang Xiaolong had thought. Not only did he manage to complete the mission, but he also obtained a bunch of Star Dragon Scales for himself.

Thinking about the Star Dragon Scales in the Sun and Moon Furnace numbering more than three hundred, Huang Xiaolong felt like someone who sat on a gold mine.

Star Dragon Scales might be useless to the little dragon, but they were priceless treasures to Huang Xiaolong! If he chose to trade them with other Gods of Creation for universe-level spiritual veins, he would be able to get a ton of them!

In fact, a single scale could get him several universe-level spiritual veins!

And none of them would be of a lower grade than the Red Dragon Spiritual Vein Ao Guang gave him!

“Big brother, will it be fun in the Submerged Dragon Institution?” the little dragon asked.

“Of course.” Huang Xiaolong thought about the trouble the little dragon would bring, and a smile formed on his face. Not even Yu Long would be able to sit still when that happened.

When Huang Xiaolong and the others headed back, Chu Huaihua and Chu Huaihao received news of his return.”

“What?! He emerged?!” They were shocked.

Huang Xiaolong reappeared after several dozen years!

“Yes, master.” One of their subordinates bowed. “He’s on his way back to the institution.”

“Big brother, this is our chance!” Chu Huaihua yelled. “We cannot allow him to return! We should take him down when he’s on his way back! Moreover, he accepted the mission to look for a Star Dragon Scale in the Dragon’s Impasse, and he might really have completed it!”

A light flashed in Chu Huaihao’s eyes. “Alright. We’ll capture him!”

The two of them shot into the skies and charged towards Huang Xiaolong.

In the past, Chu Huaixiong chose to ambush Huang Xiaolong along his way to the Dragon's Impasse. Now, the Chu brothers chose to do the same when he went back.

They laid down countless formations and hid themselves in the cracks in space.

However, Huang Xiaolong didn't appear even after six long days.

"Why isn't he here yet? Did he discover something?" Chu Huaihua frowned. According to his guesses, Huang Xiaolong should have long since arrived.

Chu Huaihao frowned. Even though they had laid down several traps along the way, Huang Xiaolong could choose to go into hiding if he felt their presence.

"Why don't we get someone to check up on his location?" Chu Huaihua asked.

"Alright!" Chu Huaihao nodded.

However, a voice boomed through the air all of a sudden.

"There's no need for you to do that. I've been here for quite some time now."

The two of them stared at the void in stunned silence, and a figure soon appeared. A young man was followed by a tiny little dragon who was shaking his tail.

"Huang Xiaolong!" Chu Huaihua's roared.

However, Chu Huaihao's eyes were locked on the little dragon behind Huang Xiaolong. A serious look formed on his face when he felt the little dragon's aura. It was extremely familiar, but he couldn't put his finger on it. No matter what, his instincts told him that the little dragon was trouble.

"Chu Huaihua, Chu Huaihao..." Huang Xiaolong muttered.

The two of them were right. Huang Xiaolong had guessed that they would come. Even so, he decided to come.

"Huang Xiaolong, how did our third brother go missing?" Chu Huaihua glared at Huang Xiaolong. At the same time, he used his dao souls to investigate his surroundings.

"I captured him. In fact, he's trapped in my Sun Moon Furnace right now," Huang Xiaolong admitted.

The two of them stared at him in stunned silence.

"You captured our third brother alone?!" Chu Huaihua stared at Huang Xiaolong in disbelief.

"That's right." After he spoke, he released the restrictions around Chu Huaixiong in the Sun Moon Furnace.

The two of them looked at Chu Huaixiong, and they gasped in shock. It had only been a little more than a dozen years, but Chu Huaixiong was no longer the haughty figure he once was. His armor was in tatters, and he looked like a homeless person.

"Second Brother, Big Brother!" Chu Huaixiong yelled the moment he saw them. "Hurry up and save me! Save me, please!"

Fear filled his heart when he thought of the time he was tortured by the pure flames of the Sun Moon Furnace.

Chapter 3510: I Saved Them

“Third Brother!” Chu Huaihua and Chu Huaihao yelled. They flew into a fit of rage when they heard Chu Huaixiong’s voice. They refused to believe that Huang Xiaolong had the guts to torture Chu Huaixiong!

“Huang Xiaolong, you will die a miserable death!” Chu Huaihua emphasized every single word, and killing intent burst out from his body as he walked towards Huang Xiaolong.

“Is that so?” Huang Xiaolong was impassive. “I’m afraid that I’ll have to disappoint you. In fact, I’ll continue living a great life, one that is much better than yours!”

Huang Xiaolong started walking towards Chu Huaihua.

The little dragon followed closely behind, and he nodded his head happily when he looked at the brothers. “The two of them look really tasty...”

Huang Xiaolong was struck speechless by the little dragon’s words.

Chu Huaihua and Chu Huaihao reacted the same way.

“Hehe, little brat, do you know who you’re talking to?” Chu Huaihua roared with laughter. “Are you a homeless child Huang Xiaolong picked up from the Dragon’s Impasse? What a shame. You chose the wrong person to follow, and you’re going to die the moment you leave the Dragon’s Impasse!”

“I’ll tear your tendons out and let your blood out of your body a cup at a time! I’ll grind your soul to dust!”

Chu Huaihua’s voice rang in the little dragon’s ears.

“Hehehe, You can try... My mother once said that my scales are the toughest in the universe. Let’s see if you manage to tear it off my skin.” The little dragon giggled.

A frosty gaze flashed in Chu Huaihua’s eyes, and he appeared before Huang Xiaolong in an instant. He sent a punch flying towards Huang Xiaolong while his other hand reached for the little dragon.

Huang Xiaolong responded with a punch of his own.

As for the little brat, he shook its tail once. Surprisingly, he moved faster than Huang Xiaolong, and his tail landed on Chu Huaihua's palm before Huang Xiaolong's fist could strike.

Bang!

Chu Huaihua's arm was torn open like a sheet of paper the moment the little dragon's tail landed.

He stared at his hand which was cut in half as Huang Xiaolong's punch crashed into him.

A resounding blast rocked the skies, and Chu Huaihua was sent flying from the impact.

"Second Brother!" Chu Huaihao roared as he rushed over. Despite catching Chu Huaihao, he failed to steady himself as they were both sent soaring through the air.

Huang Xiaolong was slightly stunned. He knew that he could stop Chu Huaihua, but Chu Huaihao was another matter altogether. Chu Huaihao was strong enough to withstand the impact if Huang Xiaolong struck him, but he was still sent flying when he came into contact with Chu Huaihua! It seemed as though the little dragon's strength couldn't be underestimated.

With a shake of his tail, the little dragon appeared before the two. He moved so quickly that no one managed to react in time.

They panicked when they saw the smile on the little dragon's face.

With another swipe of his tail, the little dragon wasn't about to let up on his attack. Chu Huaihua's expression changed, and a giant knife appeared in mid-air before the little dragon's tail could land on Chu Huaihua again.

The only person strong enough to make the move was Chu Huaihao, but his expression changed when his blade slammed into the little dragon's tail.

A look of surprise flashed in his eyes, and he didn't know how the little brat possessed such strength! Even a grand completion stage God of Creation like himself couldn't resist a strike from the little guy.

When his blade came into contact with the little dragon's tail, he felt as though he was trying to withstand the weight of half the universe!

It was as though the opponent he faced was a God of Creation at the peak of the grand completion stage!

Chu Huaihao wasn't the only one who was shocked. Huang Xiaolong stared at the little guy with his jaws agape.

Even though they were traveling together for several years, Huang Xiaolong had no idea how strong the little dragon actually was. He knew that the little dragon was strong, but the sudden revelation shocked him.

The little dragon's image in Huang Xiaolong's mind reached a whole new level.

When Chu Huaihao was staring at the little dragon in shock, five powerful auras appeared around him and slammed into his back. Chu Huaihao was unable to dodge the strike, and he was caught up in the blast.

Chu Huaihao turned around and tried to cut through the auras with the blade in his hand. A heavenly river formed with blade light tore through space, and it desperately tried to block the five incoming attacks.

It was too bad he underestimated their combined might. The river of blade light was shattered in an instant, and he was forced to retreat.

As for Chu Huaihao, he spat out mouthfuls of blood.

Five figures appeared in the space above.

“You...” Chu Huaihao stared at them in fright.

“You’re Old Ancestor Ao Guang of the Silver Dragon Race!” Chu Huaihao stared at Ao Guang and gasped in shock. When he saw the other middle-aged man beside Ao Guang, his expression changed again. “Ao Shenghai!”

Ao Shenghai was the old ancestor of the Hundred Spirit Dragon Race!

He might be at the grand completion stage, but his strength was comparable to Chu Huaihao!

The two of them had disappeared from the universe for a long time, and many people guessed that they met their fate in the Dragon’s Impasse. Now, they stood before him as though nothing had happened!

Could it be?!

He turned to look at Huang Xiaolong.

“That’s right.” Huang Xiaolong explained, “I saved them all, and they agreed to serve me for a hundred million years.”

Chu Huaihua and Chu Huaihao felt their hearts thumping in fear.

He actually managed to save Ao Guang and Ao Shenghai!

Even though they only agreed to serve him for a hundred million years, that was no different from joining Huang Xiaolong’s side!

The two of them looked at Ao Shenghai, Ao Guang, and the little dragon who was chuckling at the side, and they felt a sense of despair covering their hearts. They weren't the ones hunting Huang Xiaolong down! Huang Xiaolong's party had been waiting for them!

"Big Brother, leave!" Chu Huaihua sent a voice transmission to Chu Huaihao.

"No! We'll leave together!" Chu Huaihao replied after a short while.

"My injuries are severe, and I'll only be a burden if you try to bring me with you! None of us will be able to escape if we try to run together! You have to get as far as you can, and you can avenge us in the future!" Chu Huaihua pleaded desperately.

An uncertain light flashed in Chu Huaihao's eyes, and he thought about it.

"Do it!" Huang Xiaolong saw through their plan in an instant, and he quickly ordered them to take the duo down. Everyone moved in unison.

The little dragon roared happily and charged in front of Huang Xiaolong as they went straight for Chu Huaihua. With a flick of his tail, he sent Chu Huaihua flying. His tail could strengthen according to his will, and Chu Huaihua was sent flying as a miserable shriek left his lips.

Chu Huaihua wasn't much stronger than Chu Huaixiong, to begin with, and he had 4.5 billion units of grand cosmos energy. With a single strike from the little dragon, he felt his body shattering into pieces.

Huang Xiaolong could only smile helplessly at the side when he saw the ruthless move of the little dragon. "As long as you keep his bloodline intact, you can do whatever you want to him!"

The three brothers possessed the Huang Long Bloodline, and Huang Xiaolong didn't want to see their bloodlines damaged. To him, the Chu Brothers were as precious as several universe-level spiritual veins.
