

Conqueror 3551

Chapter 3551: Suggestion

"Kun Feng won't be the only one. Kai Dong's hatred for Huang Xiaolong knows no bounds. He wants nothing more than to skin Huang Xiaolong alive. With the two of them joining hands, not even the Star Dragon Couple can save Huang Xiaolong." Feng Tianquan sneered.

"We have to find an opportunity for the Creation Palace to make their move on Huang Xiaolong." A light flashed in Qian Shaolin's eyes. No one knew what he was thinking about.

After thinking about it for a second, Tao Shi muttered, "The Unknown Lands is limitless. I'll propose to the alliance leaders for us to split up when we're there. Hehe, when that happens, we'll choose to be in Huang Xiaolong's group!"

Feng Tianquan clapped his hands together and chuckled happily, "Let's do it. We'll lure him over to Kun Feng and Kai Dong when the time comes."

The experts in the room agreed happily.

"Huang Xiaolong ah Huang Xiaolong, you'll definitely enjoy the treatment given to you by Kun Feng and Kai Dong." Feng Tianquan chuckled sinisterly.

Three months passed in the blink of an eye.

Huang Xiaolong didn't leave his cultivation cave the whole time. He was only alerted when they were about to arrive at the Unknown Lands.

"Your Highness, we're closing in on our destination..." Ao Shenghai reported.

Nodding, Huang Xiaolong kept the universe sphere back into his body before leaving his cultivation cave. Strolling over to the head of the Eternal Heaven flying ship, he saw different types of clouds drifting in the air.

After they crossed the sea of clouds, they would arrive in the Unknown Lands.

The Unknown Lands was one of the most mysterious regions in the thirteen universes. Legends had it that the Unknown Lands existed before the thirteen universes. No matter how much changes went on in the thirteen universes, the Unknown Lands would remain the same.

There was also another saying that the thirteen universes were destroyed once before. Everything that existed in the thirteen universes was born after the universes were reborn. Huang Xiaolong, Mei Jie, Kun Feng, and everything else was said to be part of the second universe era.

The Unknown Lands was part of the first universe era!

When Huang Xiaolong was deep in thought, Tao Shi and the others left their cultivation abodes. When they saw Huang Xiaolong at the head of the ship, a sneer left their lips.

"Fellow cultivator Huang, you seem to be in a good mood." Qian Shaolin scoffed.

Clasping his hands behind his back, Huang Xiaolong didn't reply.

The look on Qian Shaolin's face changed slightly after being ignored by Huang Xiaolong.

Even though he wasn't as strong as Tao Shi, he was still a God of Creation at the peak of the God of Creation Realm! He was an existence ranked in the top ten position in the Eternal Heaven Alliance! No one would ever slight him like Huang Xiaolong did.

"Huang Xiaolong, you're getting too disrespectful!" Someone behind Qian Shaolin yelled.

"Disrespectful? When did a random loser get the rights to call me disrespectful?" Huang Xiaolong sneered.

Qian Shaolin and the others jumped in rage the moment the words left his lips.

However, Chen Yizhen and Lin Tong emerged from the interior of the ship before anyone else could say a word.

“We’re about to arrive. Make your final preparations. The Unknown Lands is extremely dangerous. We can’t be careless.” Chen Yizhen warned.

Nodding solemnly, everyone watched on as the flying ship arrived in the outskirts of the Unknown Lands.

Boom!

Piercing through the sea of clouds, the flying ship trembled violently. It was as though they ran into a universe storm.

“Raise your defenses!” Chen Yizhen yelled.

Hastily circulating their grand cosmos energy, everyone protected themselves.

“3.7 billion units of grand cosmos energy!” Feng Tianquan and the others were shocked to discover Huang Xiaolong’s increase in strength once again. Chen Yizhen and Lin Tong were equally as surprised.

When he entered the alliance, he only had 2.3 billion units of grand cosmos energy! When he captured Duan Jun in the Black Sea, he was reported to possess 3.3 billion! Now, he has 3.7 billion units of grand cosmos energy!”

Had he always been hiding his strength?

A light flashed in Chen Yizhen and Lin Tong’s eyes as they used their secret arts to examine Huang Xiaolong. It seemed as though his strength truly increased.

When everyone was stuck in a state of shock, they were equally as curious about Huang Xiaolong's sudden increase in strength.

It didn't take long for the flying ship to arrive safely in the peaceful space region of the Unknown Lands. The journey turned smooth once again.

The restrictions around the Unknown Lands were strong, and they could stop God of Creation Realm experts under the small completion stage. Even if one was a God of Creation at the small completion stage, they would need to use all their effort to break through.

After entering the Unknown Lands, AHuang Xiaolong saw countless mythical mountain ranges and giant trees that were many times the size of ordinary ones. The roaring of beasts rang incessantly in their ears.

Everything in the Unknown Lands seemed to be much larger than the items in the First Universe. Huang Xiaolong felt himself turning a little smaller in the foreign land.

The laws of space in the Unknown Space were even stronger than that in the First Universe.

With his eyes sparkling, Huang Xiaolong realized the legends about the Unknown Lands being from the first universe era.

Roar!

The roar of a beast shook the space they were in, and it was clear that countless beasts were coming their way. From the looks of it, they weren't few in number.

"It's a pack of wild beasts! Be careful!" Chen Yizhen yelled. "Do not kill them at all costs!"

The wild beasts pack in the Unknown Lands were part of the most dangerous creatures to roam the land. As long as one of them was killed, many more would hunt down their assailants. There was once a God of Creation at the peak of the grand completion stage who didn't believe in the danger and killed a beast. He was overwhelmed eventually and killed.

Lin Tong barely completed his sentence when a giant group of cow-like beasts charged at them. Their eyes were bloodshot, and Huang Xiaolong noticed a strange rune covering their body. The runes made Huang Xiaolong think about the markings on the universe sphere. The only difference was that the runes on the bodies of the beasts were much less intricate.

Everyone moved as they sealed the beasts flying towards them. They didn't kill a single one, and they quickly left the area.

After avoiding many beast packs, they continued to make their way deeper into the Unknown Lands. Several months passed and the number of beasts they sealed was uncountable. However, there was no news about the cosmos sphere.

One day, Tao Shi approached Chen Yizhen and Lin Tong to bring up his idea of splitting up into four groups to look for the cosmos sphere.

"Four groups?" Chen Yizhen frowned.

"Yes. Leader, the Unknown Lands is too large! Looking around like this isn't a plan... If we split into four groups, we'll have a larger chance of locating the treasure!"

Chapter 3552: No Way To Escape

"This..." Lin Tong muttered, "We thought about it, but splitting our troops up into four groups increases the danger to a whole new level."

Qian Shaolin added, "Even though we might be splitting up our strength, every single group will be enough to hold their own against the dangers in the Unknown Lands. The search for the cosmos sphere will be much more effective that way."

Feng Tianquan continued, "Lords Tao Shi and Qian Shaolin are right. We will be able to assist each other if we run into danger along the way."

Eventually, Chen Yizhen and Lin Tong agreed with their suggestion.

One of the groups was led by Chen Yizhen, and another was led by Lin Tong. Jiang Yan was in charge of the third group while Tao Shi was the leader of the fourth. Huang Xiaolong was coincidentally placed in the fourth group.

Ao Shenghai, who received the news, hastily made a report to Huang Xiaolong. "Your Highness, Tao Shi is definitely up to no good."

"I've been waiting for this moment for a long time. Seems like he's too impatient to wait any longer..." Huang Xiaolong chuckled.

Ao Guang sighed, "Your Highness, we're from the Eternal Heaven Alliance regardless. Tao Shi and the others wouldn't move against you personally. They might enlist the help of those from the Creation Palace if they wish to kill you."

Wang Meiqi frowned, "Tao Shi will probably look for other experts too!"

"Even better!"

Experts of the Creation Palace? Huang Xiaolong couldn't ask for more. If Tao Shi wanted to find more experts of the Creation Palace to mess with him, he would take the chance to ruin their strength.

The Eternal Heaven Alliance quickly broke off into four groups.

When Tao Shi saw Chen Yizhen, Lin Tong, and Jiang Yan disappearing into the distance, a smile formed on his face. Turning around to stare at Huang Xiaolong, he growled, "Huang Xiaolong, I know that you're growing more arrogant by the day with the Star Dragon Couple behind you. Now, I'm the leader of the group! If you don't listen to me, you'll be in for a world of trouble!"

"What do you think you can do to me?" Huang Xiaolong sneered.

"You can't blame me if anything happens to you. I warned you!" Tao Shi snorted before ordering the rest, "Let's go!"

Qian Shaolin, Feng Tianquan and the others followed quickly behind him.

Ao Guang wanted to quarrel with Tao Shi, but Huang Xiaolong shook his head silently.

Several dozen days passed quickly.

Tao Shi and the rest didn't make their moves then, but they excluded Huang Xiaolong's party from the main group.

He didn't care too much about them as he awaited Tao Shi's gang to make their move.

....

In one of the cultivation abodes in the Unknown Lands, Kun Feng and the others were blasting apart the restrictions that protected the area.

There were countless ferocious beasts in the Unknown Lands, and there was an infinite number of treasures. Most of the treasures were protected by naturally formed restrictions. There were many experts who found cultivation caves left behind by Gods of Creation at the peak of the grand completion stage where there were top-grade cosmos artifacts!

The cultivation cave they were trying to enter was probably left behind by a God of Creation at the peak of the grand completion stage! It might even be left behind by a half step Universe God!

When Kun Feng and the others were striking the restrictions, one of the experts from the Creation Palace made a report. He said that Tao Shi of the Eternal Heaven Alliance had contacted them and he planned to lead Huang Xiaolong to the Tight Stone Forest.

The Tight Stone Forest was one of the forbidden grounds in the Unknown Lands. There were countless types of rocks there, and it was an interesting location to say the least.

“Tight Stone Forest...” Kun Feng hesitated for a second. They were nearly done breaking through the restrictions around the cultivation cave, and they would be done in a few days. However, Huang Xiaolong was someone he had to get rid of!

“I’ll head over there...” Kai Dong spoke. “You can stay here and destroy the formation with third brother! I’m more than enough to deal with Huang Xiaolong.”

Kun Feng muttered, “Huang Xiaolong isn’t easy to deal with. I won’t feel safe if you go alone.”

Kai Dong roared with laughter. “Big Brother, you’re looking too highly upon him! He can’t be a half step Universe God with his strength! I’ll bring fifteen experts at the peak of the grand completion stage with me!”

There were only twenty Gods of Creation at the peak of the grand completion stage in the Creation Palace. If Kai Dong brings fifteen of them with him, more than half the strength would be used to hunt Huang Xiaolong down.

“Ao Wanshan of the Hundred Empire Alliance should be near the Tight Stone Forest. Isn’t Ao Wanshan planning on joining us? We’ll give him a chance to show his loyalty.” Xuan Hong muttered.

Kun Feng eventually nodded. “Alright. Contact Ao Wanshan and let him know about the plan. He is to wait for you to arrive at the Tight Stone Forest. Under no circumstances is he allowed to make the first move. When you arrive at the Tight Stone Forest, you’ll control the situation.”

Kai Dong nodded before contacting Ao Wanshan.

A moment later, he left for the Tight Stone Forest with the experts of the Creation Palace.

When that went on, Tao Shi and the others led Huang Xiaolong to the Tight Stone Forest.

“Go and scout the area. If you discover anything, report back to me.” Tao Shi ordered Huang Xiaolong’s party of four.

Ao Shenghai's expression sank instantly.

Instead of allowing Ao Shenghai to bicker with Tao Shi, Huang Xiaolong accepted the order and brought them into the Tight Stone Forest.

"Lord Tao Shi, what if Huang Xiaolong manages to escape again?" Someone asked. "The moment he runs away, he'll make the connection between us and the Creation Palace! When he reports us to the alliance leaders..."

"Relax. Huang Xiaolong won't be able to escape." Tao Shi explained. "Kai Dong is leading fifteen experts at the peak of the grand completion stage as we speak! Other than them, there are experts of other powers!"

"What do you mean?" Feng Tianquan asked.

"There's no need for us to worry about that. The Creation Palace told us that other than Kai Dong, there will be more than twenty experts at the peak of the grand completion stage! Huang Xiaolong has to die!" Tao Shi smiled. "Let's just wait for the good news."

Not too long after Tao Shi and the rest left, a group of experts arrived outside the Tight Stone Forest. There were more than forty of them, and they were experts of the Hundred Empire Alliance.

Ao Wanshan wasn't the only one who came. Another alliance leader of the Hundred Empire Alliance had arrived, and he was called Wang Zaixu. He was also an expert who planned to submit to the Creation Palace.

"Brother Wanshan, are we really waiting for Kai Dong before moving against Huang Xiaolong?" Wang Zaixu frowned. "If he comes, Huang Xiaolong's treasures will belong to him!"

Chapter 3553: Something Must Have Happened To Them

Ao Wanshan hesitated for a moment before shaking his head. "Ao Ying and the others were said to be dealt with by the experts on Huang Xiaolong's side within half an hour. Even if we join hands, we might not be his match. Let's wait for Lord Kai Dong before anything else."

Wang Zaixu muttered, "If we join hands, we won't be afraid of half step Universe Gods! Huang Xiaolong isn't qualified to be our opponent. Even though we need to be cautious when doing things, being too careful can be a sign of cowardice. We'll miss a lot of opportunities this way."

"Huang Xiaolong has close to two hundred universe-level spiritual veins on him! He might also have close to a hundred Star Dragon Scales left! If we manage to obtain his treasures, we'll be able to enter the half step Universe God Realm ourselves! There won't be a need for us to submit to the Creation Palace!"

A light flashed in Ao Wanshan's eyes. He was definitely tempted by what Wang Zaixu said.

Indeed. Once they broke through, there was no need to submit to the Creation Palace!

"Brother Wanshan, Kai Dong will arrive in an hour at most! There's no time to think! We'll deal with the kid right now!" Wang Zaixu hurried.

With a resolute gaze in his eyes, Ao Wanshan no longer hesitated. "Alright, let's go!"

The amount of treasures Huang Xiaolong possessed was more than enough to make anyone lose their minds.

The experts they led poured into the Tight Stone Forest as soon as they made the decision. They released their dao souls to locate Huang Xiaolong.

"Find him! We have to capture him before Kai Dong comes!" Ao Wanshan ordered.

The moment the words left his lips, he noticed a strange look on Wang Zaixu's face. He turned to look in the direction where Wang Zaixu was staring, and he saw four people staring at him while standing on the peak of a mountain.

"Huang Xiaolong!" Ao Wanshan gasped in shock.

He looked around, but he was quickly interrupted by what Huang Xiaolong said. "There's no need to check for hidden threats. We're the only ones here."

Ao Wanshan and Wang Zaixu were shocked by his honest reply.

Huang Xiaolong stared at them as they approached him cautiously.

"Ao Wanshan and Wang Zaixu of the Hundred Empire Alliance?" Huang Xiaolong laughed. "Did Tao Shi tell you to come?"

A look of confusion could be seen on Ao Wanshan's face, but he inspected the area once again. It was clear he didn't trust Huang Xiaolong.

"That's right! Tao Shi told us to come here!" Wang Zaixu started to circulate his grand cosmos energy as he distracted Huang Xiaolong, "Bring all your hidden experts out now!"

Huang Xiaolong shook his head as a chuckle left his lips.

Wang Zaixu attacked before anyone else could react. His speed was astounding as he arrived before Huang Xiaolong in a split second.

He planned to catch Huang Xiaolong off guard.

However, he discovered that Huang Xiaolong raised his arm casually to receive the attack.

A frown formed on his face.

Huang Xiaolong called him out by name earlier, and there was no way he didn't know that Wang Zaixu was an expert at the peak of the grand completion stage. How dare he meet the strike head on?

Ao Wanshan and the others were equally as shocked.

“Is he tired of living?” Someone in the Hundred Empire Alliance asked.

When they were still questioning Huang Xiaolong’s sanity, the two of them clashed.

Huang Xiaolong no longer held back as he released all 11 billion units of grand cosmos energy in an instant.

By the time Wang Zaixu felt the terrifying wave of power pouring towards him, it was too late. His expression turned to one of fear.

Boom!

The next thing he knew, he was flying through the air.

The Tight Stone Forest in the Unknown Lands had existed for countless eons, and the entire region was abnormally strong. Ordinary experts wouldn’t be able to shatter a rock no matter how hard they tried, but Wang Zaixu crashed through boulders after boulders after being struck by Huang Xiaolong.

He crashed into the depths of the Tight Stone Forest and remained motionless on the ground.

“Three... Three great worlds!” Ao Wanshan roared in fright.

Three great worlds, more than 11 billion units of grand cosmos energy!

The experts of the Hundred Empire Alliance were so shocked that many of them felt their legs going numb.

Even though Huang Xiaolong only had 1 billion units of grand cosmos energy more than half step Universe Gods, his combat strength far surpassed them! Not even three half step Universe Gods would be able to suppress Huang Xiaolong!

“Relax. As long as you submit to me and be my subordinate, I won’t mistreat you.” Huang Xiaolong suggested.

Waves battered against the hearts of those from the Hundred Empire Alliance. Some of them were tempted by Huang Xiaolong’s offer.

Ao Wanshan’s expression sank in contrast to the others, and he roared with rage at Huang Xiaolong, “Huang Xiaolong, they are my loyal subordinates! Do you really think that you can make them betray me with a few words? What a joke!”

“Is that so?” Huang Xiaolong approached the experts of the Hundred Empire Alliance and he spoke to everyone else other than Ao Wanshan. “Anyone who resists will be stripped of their bloodline and grand cosmos energy! You will suffer the same fate as Ao Ying and Ao Yan!”

Huang Xiaolong released the restriction around the Sun Moon Furnace to reveal the two sorry figures.

Gods of Creation were lofty figures, and they were standing at the peak of individual strength. If their bloodline and great worlds were sealed, they would be living a life no worse than death!

Ao Wanshan snapped angrily in response to Huang Xiaolong’s threats, “Do not listen to that man! If all of us join hands, we’ll be able to take him down! If we choose not to work with each other, he’ll capture us one by one! When that happens, he’ll do whatever he said to you guys!”

Ao Wanshan’s sudden outburst made the experts of the Hundred Empire Alliance steel their minds.

With a sneer leaving his lips, Huang Xiaolong no longer bothered speaking. He appeared before Ao Wanshan and sent a slap flying his way. Like Wang Zaixu, he was flung through the air.

The experts of the Hundred Empire Alliance who were about to listen to Ao Wanshan changed their minds yet again.

...

An hour later, Kai Dong and the experts of the Creation Palace arrived but failed to see Ao Wanshan and the others. A frown formed on Kai Dong's face.

"Didn't we tell them to wait for us here? Why don't we see any of them? Could they have ignored Lord Kai Dong's orders to surround the Tight Stone Forest?" One of the experts asked.

Kai Dong retrieved his transmission symbol to contact Ao Wanshan, but he failed to get a reply.

"Something might have happened to them..."

Chapter 3554: Kai Dong's Strength

"What?!" The experts of the Creation Palace were shocked.

"Do you think that Huang Xiaolong..." Someone asked.

A light flashed in Kai Dong's eyes. He muttered softly, "We cannot be sure if Huang Xiaolong had anything to do with this. The only thing we know is that Ao Wanshan and Wang Zaixu ran into trouble."

The experts from the Creation Palace looked at each other doubtfully.

"Is that really possible? Ao Wanshan and Wang Zaixu are Gods of Creation at the peak of the grand completion stage! Those they brought along are in the grand completion stage at the very least, and there are more than twenty of them! Even if the Star Dragon Couple launched a surprise attack, some of them would be able to get away!"

Kai Dong was similarly confused, but he tried to suppress his shock the best he could.

Even if he were to catch Ao Wanshan and the others by surprise, he wouldn't be able to wipe them out with a trace!

"Did Chen Yizhen, Lin Tong, and the entire Eternal Heaven Alliance lay down a trap for them?" Someone guessed.

"There are no other explanations!"

"Experts from the Eternal Heaven Alliance? Did Tao Shi lie to us?!"

The experts from the Creation Palace started to throw random guesses around.

A frosty light flashed through Kai Dong's eyes and he growled, "Tao Shi!"

Evidently, he was slowly leaning towards Tao Shi's betrayal. After all, the Eternal Heaven Alliance and the Creation Palace had never been on good terms. It was very likely for them to set a trap on such a large scale in order to eradicate a huge part of the other side's strength.

Even though that was the case, a trace of doubt remained in Kai Dong's mind. He didn't think that the Eternal Heaven Alliance was crazy enough to wage war on the Creation Palace!

"Palace Master, should we leave?"

Kai Dong hesitated for a second before muttering uncertainty, "Alright."

He felt that something was extremely off with the space they were in and decided to pull back to Kun Feng's side before deciding on their next course of action.

A cold sneer rang through the skies before they could escape. "Since you're already here, don't bother leaving!"

Kai Dong and the experts of the Creation Palace turned to stare at the source of the voice, and a figure descended from the void.

“Huang Xiaolong?!” Kai Dong swept his gaze across the surrounding space like Ao Wanshan and Wang Zaixu when they first met him.

“You were right. Tao Shi baited all of you over. The experts of my Eternal Heaven Alliance are hiding in ambush all around you!” Huang Xiaolong sneered.

“Indeed!” One of the experts from the Creation Palace raged. All of them crushed their transmission symbol to alert Kun Feng about Tao Shi’s act of betrayal.

Huang Xiaolong didn’t bother with them and he activated the grand formation he laid down earlier. A screen of light appeared to trap Kai Dong and the rest.

He was obviously messing with Kai Dong. He wanted them to alert Kun Feng in hopes of misleading the members of the Creation Palace. When that happened, Kai Dong’s disappearance would be linked to the Eternal Heaven Alliance!

Chen Yizhen and Lin Tong might look like they were siding with Huang Xiaolong, but he was sure that they were working against him in the dark. After all, they sent him to the Solitary Alliance alone to attend the ceremony. They were clearly giving the Creation Palace a chance to deal with him!

Huang Xiaolong couldn’t be more certain of Chen Yizhen and Lin Tong’s intentions. When the Creation Palace killed him, the Star Dragon Couple, Pangu, and the others would definitely go crazy to take revenge. When they killed their way into the Creation Palace and suffered serious losses, Chen Yizhen and Lin Tong would take the chance to kill everyone, turning into the biggest fishermen in the First Universe!

Since they placed him in the same group as Tao Shi, it showed how deep their plot went. As leaders of the Eternal Heaven Alliance, they would be utter failures if they couldn’t tell the grudge between the two! They were planning to use Tao Shi to get rid of Huang Xiaolong once and for all!

They started it, and Huang Xiaolong simply returned the favor.

Slowly approaching the experts of the Creation Palace, a grin formed on Huang Xiaolong's face.

Kai Dong's cautious expression turned into one of confusion. Huang Xiaolong was clearly the only person in the grand formation! There was no ambush to speak of!

"You did that on purpose!" Kai Dong growled all of a sudden.

The experts of the Creation Palace stared at Huang Xiaolong in shock.

"Yup." Huang Xiaolong nodded nonchalantly.

"What's the point of doing that?" Kai Dong frowned. He had no idea what Huang Xiaolong was planning.

Even if they were set up, all they had to do was to shatter the formation and escape. The false information Huang Xiaolong wanted Kun Feng to learn would turn useless the moment they escaped.

"Do you really think that I only possess 3.7 billion units of grand cosmos energy?" Huang Xiaolong sighed.

"You... Are you not at the large completion stage?! Are you a half step Universe God like me?!" Kai Dong gasped.

"No. I'm most definitely at the large completion stage."

"Huang Xiaolong, stop with your bullsh*t!" Someone from the Creation Palace snapped. "I'll cripple you right now!"

As soon as he spoke, a punch flew towards Huang Xiaolong's face.

Even with the grand formation operating at full power, purple lightning bolts exploded under the power of the strike.

Huang Xiaolong released his grand cosmos energy completely and returned the attack with a punch of his own.

Boom!

When their blows landed, the expert from the Creation Palace felt his hand shattering into pieces. The might of an existence who surpassed the half step Universe God level crashed directly into him.

He crashed into the barrier of light and he felt every single organ in his body shattering into countless pieces.

Kai Dong and the others stared at Huang Xiaolong with their eyes wide. They couldn't conceal the shock in their hearts.

"You!" Kai Dong roared. He refused to believe that Huang Xiaolong had three great worlds!

Strolling casually towards Kai Dong and the rest, Huang Xiaolong muttered, "I'll give you a chance. If you choose to submit to me, I'll let this go."

A snort left Kai Dong's lips. "Huang Xiaolong, so what if you have three great worlds? Even with more than 10 billion units of grand cosmos energy, I'm a half step Universe God. Do you really think that you can trap me here?! Haha, my strength isn't something you can imagine!"

Instead of retreating, he took the initiative to approach Huang Xiaolong. "Now, I'll show you the difference between a God of Creation at the large completion stage and a half step Universe God!" Releasing his arua, the grand formation trembled incessantly. It seemed to be ready to break apart at any moment.

Kai Dong grabbed at the void before him, and Huang Xiaolong felt as though the universe was bending to Kai Dong's will.

Chapter 3555: Huang Xiaolong, You Dare?!

The laws of the universe gathered around Kai Dong. When that happened, Huang Xiaolong felt that his three great worlds were slowing down.

To his surprise, he felt extremely restricted by the universe laws! He could only use NINETY percent of his original power!

"Huang Xiaolong, what do you think?! Do you feel suppressed?" Kai Dong roared with laughter as he approached Huang Xiaolong. A burning gaze could be seen in his eyes as he continued, "Three great worlds... Huang Xiaolong, you surprise me time and time again."

A jade-blue spike appeared in his hands as he spoke.

"This is a top-grade creation artifact I nurtured all these years. It hasn't seen blood in many years!" Kai Dong sneered. "It can pierce through anything in the thirteen universes!"

Stabbing straight towards Huang Xiaolong's glabella.

If it connected, Huang Xiaolong's dao soul would be completely destroyed!

Before what Kai Dong anticipated could happen, a giant tree appeared behind Huang Xiaolong. Starlight fell from the crown of the tree, and the universe shifted. The purple lightning that filled the grand formation was completely covered up.

He fused with the Star Dragon Divine Tree, and the spike landed on the trunk instead of his head.

"Thunk."

A frightening amount of starlight was released from the Star Dragon Divine Tree.

Kai Dong felt a sharp pain shooting up his arm, and he realized that he only managed to cut off a tiny piece of bark.

Huang Xiaolong didn't remain idle as he commenced his retaliation instantaneously. The roots of the Star Dragon Divine Tree swept at Kai Dong and they sent him flying. He tried his best to dodge, but there were too many roots to take care of!

By the time he stabilized himself, perspiration drenched his armor.

"Star Dragon Divine Tree!" The experts of the Creation Palace yelled in unison.

Kai Dong felt his head going numb when he stared at the massive tree standing before him.

Huang Xiaolong actually managed to obtain the Star Dragon Divine Tree!

If the Universe Boat didn't appear, nothing would be able to suppress the Star Dragon Divine Tree!

His initial confidence to suppress Huang Xiaolong turned to dust instantly as despair filled his heart.

Layers upon layers of starlight emerged from the Star Dragon Divine Tree to engulf the space they were in.

...

Half a day later, Tao Shi frowned as he asked one of the experts beside him, "Did the Creation Palace say anything?!"

"Not yet..." Qian Shaolin sighed. "Do you think that they changed their mind? Did Kai Dong not make a move on Huang Xiaolong?"

“This is the best chance they have to get rid of him! They won’t give it up no matter what happens.” Tao Shi shook his head. “I’m afraid that an accident might have occurred.”

Feng Tianquan chuckled in response, “What accident can there be? There is no way Kai Dong, Ao Wanshan, and Wang Zaixu can lose to Huang Xiaolong! Kai Dong is a half step Universe God! It won’t be easy for anyone to deal with him!”

Tao Shi nodded slowly.

Another hour passed but everything remained quiet.

“This won’t do. We have to head over to take a look.” Tao Shi snapped.

Nodding in acknowledgement, Qian Shaolin growled, “Alright, we’ll go together.”

The experts of the Eternal Heaven Alliance’s fourth team returned to the Tight Stone Forest to check up on the outcome of the battle.

By the time they returned, they noticed that the area was eerily quiet. There were no signs of battle!

The silence caused Tao Shi’s heart to palpitate.

Looking at each other in silence, everyone felt uneasy.

“Did Kai Dong really change his mind?” Feng Tianquan frowned. “It’s too quiet! Not a sign of battle can be seen!”

“Huang Xiaolong might have already cleaned up the battlefield...” Qian Shaolin guessed.

His words were met with ridicule from Feng Tianquan. “Lord Qian, Huang Xiaolong cannot possibly bring along three half step Universe Gods with him. With Kai Dong, Ao Wanshan, and Wang Zaixu, they would

be able to hold their own even against three half step Universe Gods! There's no need to question their abilities!"

"Let's enter." Tao Shi suddenly suggested. However, they were greeted by Huang Xiaolong's party before they could enter the Tight Stone Forest.

Tao Shi and the others stared in shock as Huang Xiaolong's group flew towards them unscathed.

Was Feng Tianquan right? Did the Creation Palace change their mind?!

"Did... Did nothing happen?!" Tao Shi couldn't help but ask.

"Of course not? Are all of you feeling unwell? Your complexion looks pretty bad..." Huang Xiaolong chuckled.

"We ran into a group of wild beasts earlier... We're fine now."

"That's good to hear." Huang Xiaolong nearly failed to contain his laughter.

As such, the entire group from the Eternal Heaven Alliance continued on their way.

It didn't take long for Tao Shi's transmission symbol to tremble. It was a message from an expert from the Creation Palace!

After reading the report, Tao Shi's expression changed. He felt a chill running down his spine. In the message, it was said that Kai Dong's group of sixteen lost all contact with the Creation Palace. They were questioning Tao Shi on the disappearance!

Since the Creation Palace could say something like that, there was no mistake about it! Kai Dong definitely made a move!

This...

Tao Shi looked at Huang Xiaolong from the corner of his eye, and he felt goosebumps all over his body.

If their disappearance had something to do with Huang Xiaolong, they were in deep sh*t! He felt as though he was looking at the most terrifying beast hidden in human skin at that moment.

Huang Xiaolong caught the look of terror in Tao Shi's eye and a smile formed on his face. "Fellow cultivator Tao Shi, is there something wrong?"

Shaking his head violently, Tao Shi stuttered, "No... Nothing's wrong!"

Qian Shaolin signaled to Tao Shi with his eyes, and Tao Shi quickly passed the transmission symbol over. Like Tao Shi, Qian Shaolin felt his limbs going cold.

Ignoring the two of them, Huang Xiaolong stopped suddenly as he stared in a certain direction in shock. Just a second ago, he felt a reaction from the universe sphere! It might not be too strong, but there was definitely something!

There was only one explanation. The universe sphere felt the existence of the cosmos sphere!

No longer bothering with Tao Shi and the rest, Huang Xiaolong shot through the air in the direction of the calling. Wang Meiqi and the others followed closely behind.

When Feng Tianquan saw Huang Xiaolong leaving the group, he roared in anger, "Huang Xiaolong, how dare you leave the group without Lord Tao Shi's order?!"

Chapter 3556: Garbage Rules

Feng Tianquan didn't see the message from the Creation Palace, and he didn't know that Kai Dong and fifteen other experts had gone missing.

When Tao Shi and Qian Shaolin heard him, they roared at him in shock, "Shut up!"

They panicked and failed to suppress their voice. The soundwave that erupted scared Feng Tianquan and the rest.

With his mouth agape, Feng Tianquan looked at the two of them with a wronged expression on his face.

Casually turning to glance at Feng Tianquan, Huang Xiaolong decided against taking action as the allure of the cosmos sphere was too d*mn great! He continued to fly in the direction of the treasure.

In the blink of an eye, he disappeared from the sights of the group.

Seeing as Huang Xiaolong had left, Tao Shi and Qian Shaolin heaved a sigh of relief.

“Lord Tao Shi, this...” Feng Tianquan couldn’t help but ask.

Hesitating for a moment, Tao Shi eventually decided to show Feng Tianquan the message from the Creation Palace. “Huang Xiaolong isn’t someone you can afford to offend. In the future, steer clear of him.”

Feng Tianquan snorted in contempt when he scanned through the message. “Lord Tao Shi, are you seriously going to believe that Huang Xiaolong has three half step Universe Gods protecting him?”

Tao Shi’s expression sank when he saw that Feng Tianquan was still taking it as a joke. “If you anger Huang Xiaolong in the future, you better not blame me for not backing you up!”

Tao Shi left no room for arguments.

After all, if Feng Tianquan were to offend Huang Xiaolong, Tao Shi would be dragged into it regardless.

Feng Tianquan’s face finally changed.

“Lord Tao Shi, Huang Xiaolong... Should we follow him?” Qian Shaolin asked.

“Alright.” Tao Shi decided after a short moment of contemplation. He flew in the direction Huang Xiaolong left without bothering with Feng Tianquan.

With his expression ugly to the extreme, Feng Tianquan’s hatred for Huang Xiaolong grew even stronger. In his eyes, Huang Xiaolong was the reason he was humiliated by Tao Shi. When he thought about the look in Wang Meiqi’s eyes when she looked at him, rage filled his heart.

‘Huang Xiaolong, who the f*ck do you think you are? The only reason behind your arrogance is the Star Dragon Couple! Humph. You’re just a God of Creation at the large completion stage. You’re not fit to stay by Wang Meiqi’s side!’ Feng Tianquan growled in his mind as he followed behind Tao Shi.

Huang Xiaolong’s group soared through the air and they passed mountain ranges after mountain ranges in an instant. Wang Meiqi and the rest were curious about his intentions, but they could only follow silently behind.

After flying for half an hour, Huang Xiaolong stopped above a patch of barren land. Descending slowly, he walked slowly in a certain direction. The three of them saw a piece of golden scale emerging from Huang Xiaolong’s body and a look of excitement formed on Huang Xiaolong’s face.

Wang Meiqi and the rest were shocked. They don’t recall Huang Xiaolong ever looking so elated. What in the world was going on?

Tao Shi and the rest had arrived, and they were equally as stunned to see the look on Huang Xiaolong’s face. Their gazes slowly went to the golden scale hovering in the air before him.

When they saw the runes on the scale, Tao Shi felt a bolt of lightning running through his mind. Was that...

He rushed towards the golden scale without a care in the world. It was as though Huang Xiaolong didn’t exist!

It was too bad he was sent back by a terrifying blast of energy. Tao Shi stared at Ao Shenghai in shock.

“Lord Tao Shi!” Qian Shaolin and the rest surrounded Huang Xiaolong’s group instantly.

Sucking in a cold breath, Tao Shi spoke to Huang Xiaolong, “Huang Xiaolong, as long as you are willing to give me the scale, I’ll agree to any request you have!”

Huang Xiaolong turned around and looked at Tao Shi like the other party was a clown. “I found this treasure by myself. Who do you think you are to ask me to hand it over?”

Since he located the cosmos sphere, there was no longer a point in hiding his strength.

When an expert behind Tao Shi heard what Huang Xiaolong said, he roared in anger, “Huang Xiaolong, you’re going too far! How dare you speak to Lord Tao Shi in this manner?!”

Feng Tianquan couldn’t give up such a good opportunity to clash with Huang Xiaolong and he sneered in disgust, “Huang Xiaolong, kneel and apologize to Lord Tao Shi immediately!”

“Kneel to apologize?” Huang Xiaolong raised an eyebrow casually before grabbing Feng Tianquan through the void. He grabbed the man by the neck, and he squeezed down tightly. Feng Tianquan’s eyes bulged as sounds of bone snapping came from his neck.

Everyone gasped in fright.

Tao Shi and Qian Shaolin frowned as they didn’t expect Huang Xiaolong to be so strong.

From their estimations, Huang Xiaolong probably had several mysterious experts protecting him in the dark. They didn’t think that he would be strong enough to deal with an expert at Feng Tianquan’s level by himself.

After all, Feng Tianquan was at the grand completion stage of the God of Creation Realm. He was but a mere chicken in Huang Xiaolong’s hands. If that was the case, wouldn’t that mean that Huang Xiaolong

was at the peak of the grand completion stage?! Even if he wasn't, he definitely had more than 8 billion units of grand cosmos energy!

Failing around in rage and confusion, Feng Tianquan didn't expect Huang Xiaolong to be so strong! He tried to compose himself as he roared with rage, "Huang Xiaolong, how dare you move against me before Lord Tao Shi?! Are you ignoring the rules of the alliance?! Release me immediately!"

He refused to believe that Huang Xiaolong would go too far.

"Rules of the alliance?" Huang Xiaolong chuckled. "Those rules don't mean a thing to me."

A surge of energy emerged from Huang Xiaolong's arms the next instant and he crushed Feng Tianquan's neck. "I didn't bother arguing with you all these years because of Wang Meiqi. Oh, another reason behind my nonchalance was because you're nothing but an annoying piece of sh*t that isn't worth my attention. Do you really think that I'm afraid of you?"

He turned the rest of Feng Tianquan's head into a puddle of blood after he spoke.

"Huang Xiaolong!" A God of Creation at the peak of the grand completion stage yelled as he tried to stop Huang Xiaolong. However, Tao Shi held him back.

After Huang Xiaolong was done crushing Feng Tianquan's physical body, he tossed his dao soul into the Sun Moon Furnace.

There was a reason a God of Creation was said to be immortal. They shared the same lifespan as the universe, but nothing was absolute. With Huang Xiaolong's strength, exterminating the physical body of a God of Creation at the grand completion stage was nothing.

"You... You're definitely at the large completion stage! How can you..." Tao Shi stuttered. Before he could complete his sentence, Huang Xiaolong revealed his true strength.

11 billion units of grand cosmos energy emerged from his body instantly as it filled the space around them. Tao Shi and the others were sent tumbling backwards.

When they finally stabilized themselves, Tao Shi realized something extremely important! He knew how Kai Dong disappeared, and he knew why there weren't any signs of battle! Huang Xiaolong was too freaking strong! He dealt with them quickly and cleaned up the battlefield before the members of the Eternal Heaven Alliance arrived!

There had never been any hidden experts around Huang Xiaolong!

He was the one who resolved all the problems that came his way!

Chapter 3557: Natural?

If Tao Shi and Qian Shaolin were unable to resist the mere shockwave from the revelation of Huang Xiaolong's power, there was no need to mention the others. They were on their knees as all the air was knocked out from their lungs.

"Run!" Someone among them yelled all of a sudden.

He was the God of Creation who wanted to stop Huang Xiaolong when he destroyed Feng Tianquan's physical body earlier. However, he barely turned around when he saw more than a dozen people appearing in the skies around them.

All of them were experts from the Creation Palace and the Hundred Empire Alliance!

"Zhu Yaowen!"

"Yang Gang!"

"Wang Zaixu!"

Tao Shi and the others felt something clicking in their mind. "Did all of you..."

“That’s right! His Highness has already accepted us into his service!” Zhu Yaowen smiled.

When Huang Xiaolong captured all of them, he laid down the Star Dragon Brand in their dao souls. Other than Kai Dong who was a half step Universe God and had higher resistance, all of them were already his servants!

There were seventy Gods of Creation standing around Huang Xiaolong, and a large portion of them were in the grand completion stage! There were even two at the peak of the grand completion stage!

Tao Shi and the others felt despair clouding their hearts when they saw the luxurious lineup.

“You can choose to submit, or I can destroy your physical body like Feng Tianquan!” Huang Xiaolong’s voice boomed in their ears.

“Huang Xiaolong, how dare you betray the alliance leaders! We won’t submit!” Someone screamed in anger.

Waving his hand casually, the Star Dragon Divine Tree appeared and beams of starlight struck the expert who spoke. Tao Shi, Qian Shaolin, and the others saw him flying through the air before landing on the ground as a puddle of blood.

“Star Dragon Divine Tree!” Tao Shi gasped.

“That’s right.” Huang Xiaolong muttered before releasing a light barrier to trap everyone around him.

By the time they reacted, the entire region was covered in starlight. It was as though they had been transported to another world.

Tao Shi tried to release his dao souls, but they were forcefully suppressed.

“In my Star Dragon Space, not even half step Universe Gods will be able to escape in a short amount of time.” Huang Xiaolong took a step towards Tao Shi. “As for people like you... You won’t be able to break through the barrier even if I gave you an eternity.”

...

In one of the cultivation caves in the Unknown Space, Kun Feng, Xuan Hong, and the experts of the Creation Palace finally blasted away the final layer of restrictions. As it turned out, the cave was left behind by an expert at the half step Universe God realm! There were countless treasures within, and there were even five high-level universe spiritual veins! The experts of the Creation Palace nearly jumped in joy from their discovery.

However, Kun Feng and Xuan Hong found it hard to celebrate.

Countless days had passed, and Kai Dong failed to contact them.

“I’m afraid something happened to second brother...” Xuan Hong’s expression was solemn as he growled, “The last thing he said was that they ran into a trap laid down by the Eternal Heaven Alliance!”

Kun Feng gnashed his teeth and he swore, “We’ll make a trip over to the Eternal Heaven Alliance and ask them ourselves! Get someone to look into Chen Yizhen and Lin Tong’s whereabouts! I’ll go there right now!”

“If they refuse to hand second brother over...”

“We’ll kill them all!”

Several moments later, the experts of the Creation Palace charged out of the cultivation cave together.

As for Huang Xiaolong and the others, they arrived at one of the mountain ranges in the Unknown Space.

“Alright. Let’s do it here.” Huang Xiaolong declared.

He decided to refine Ao Wanshan’s Huang Long Bloodline as soon as he could. He would try to comprehend the cosmos sphere at the same time as he tried fusing both treasures to form the Universe Sphere!

As long as that happened, he would be able to locate the Universe Boat.

Laying down countless formations around him, Huang Xiaolong didn’t dare to be careless. They were in the most mysterious place in the thirteen universes, and Huang Xiaolong only stopped after laying down dozens of formations.

Ao Shenhai and the others were sent to guard the area.

Since Tao Shi and the others had already submitted to Huang Xiaolong, his ‘army’ increased to over two hundred Gods of Creation! With their combined strength, they wouldn’t be afraid of three half step Universe Gods even if they came knocking!

Huang Xiaolong hovered in the air above the mountain range and he released Ao Wanshan. Turning into the Star Dragon Divine Tree, countless roots pierced the man’s body! He started to devour Ao Wanshan’s bloodline and grand cosmos energy.

“Huang Xiaolong, I won’t let you off even in death!” Ao Wanshan screamed frantically.

Regardless of how hard he struggled, he was devoured by Huang Xiaolong till nothing was left.

When he was done, Huang Xiaolong sealed Ao Wanshan’s dao soul in the depths of the Sun Moon Furnace. Retrieving the cosmos sphere, he started to comprehend the mysteries of the universe contained within.

Just like that, millions of years passed.

When he was finally done, the two spheres fused to form a giant orb. The Universe Orb hovered before Huang Xiaolong and emitted dazzling rays of light. The runes that lined the orb were like tiny little veins. When they lit up, Huang Xiaolong felt as though the universe was palpitating. The Universe Orb seemed to possess a life of its own.

Huang Xiaolong tried to locate the Universe Boat with the Universe Orb, and a ray of light shot towards the depths of the Unknown Space.

Huang Xiaolong's eyebrows shot up in surprise.

Was the Universe Boat in the depths of the Unknown Space?

Without bothering upgrading the Purple Lightning Peak, Huang Xiaolong charged in the direction of the light.

"Your Highness!" Wang Meiqi and the rest welcomed him the moment he emerged.

"Release the formations! We're leaving!" Huang Xiaolong didn't say too much as he charged in a specific direction. The entire group followed quickly behind.

Along the way, Huang Xiaolong's group ran into hordes of beast waves. However, he personally dealt with them in order to save some time.

Several months later, Huang Xiaolong realized that they were still extremely far away from their destination.

Even after half a year of flying, they didn't reach the depths of the Unknown Space.

The restrictions were growing stronger and stronger, and they formed a giant screen that had terrifying suppressive powers. Not even Huang Xiaolong could pass through easily.

After a year, Huang Xiaolong had no choice but to stop.

The consumption of grand cosmos energy grew too large even for Huang Xiaolong.

With a light flashing in his eyes, Huang Xiaolong looked towards the depths of the Unknown Space. After devouring Ao Wanshan, he broke through the 12 billion units mark. Even so, he was unable to approach the depths of the Unknown Space! How terrifying were the secrets contained within?!

Could the creation of the universe be attributed to some supreme behind hiding in the Unknown Space?!

Chapter 3558: We'll Be Too Late

The depths of the Unknown Lands was a mystery!

No one had ever gone to the end of the Unknown Space, not even half step Universe Gods! Huang Xiaolong didn't expect to be unable to break through the restrictions with 12 billion units of grand cosmos energy!

He could only turn back.

After meeting Wang Meiqi and the rest, he didn't choose to remain in the Unknown Lands. They departed immediately.

Two years later, they finally left the Unknown Lands.

Looking at the vast space before them, Huang Xiaolong spoke to Tao Shi, "Go investigate the situation in the Creation Palace and the Eternal Heaven Alliance."

"Yes, Your Highness!" Tao Shi nodded before passing the order down.

Even though Tao Shi and the others were from the Eternal Heaven Alliance, they had celestial empires of their own. Their subordinates were all over the place! It didn't take long for them to receive reports on the two superpowers.

When Huang Xiaolong was cultivating, everyone who went to the Unknown Lands eventually left.

The Creation Palace waged war on the Eternal Heaven Alliance because of the matter regarding Kai Dong, and more than a dozen battles broke out among the two superpowers. Both sides suffered considerable losses.

No one knew when, but the Eternal Heaven Alliance and the Creation Palace were showing signs of reconciliation.

“Oh? What’s with the sudden change in attitude?” Huang Xiaolong asked. Wasn’t the Eternal Heaven Alliance created to oppose the Creation Palace? Why the sudden change of heart?

“Do you know what their recent meetings were about?”

“No. Not even the higher-ups of the organizations knew what Kun Feng, Xuan Hong, Chen Yizhen, and Lin Tong spoke about.” Tao Shi shook his head and sighed.

“What about Mei Jie?” Huang Xiaolong thought of another problem.

“We heard that Mei Jie hasn’t emerged from the Unknown Lands. There are some who say that he is trapped in a dangerous region, and there are others who say that he managed to enter the depths of the Unknown Space. Also...” Tao Shi paused all of a sudden.

“Speak.” Huang Xiaolong frowned.

“There are some who said that Mei Jie managed to obtain the cosmos sphere. He might be hiding somewhere in the Unknown Space to comprehend the universe laws contained within.”

That wasn’t possible. Huang Xiaolong already combined both treasures to form the Universe Sphere.

With question marks floating in his mind, Huang Xiaolong couldn't understand what happened. Did Mei Jie go missing?

There was no way for him to be trapped in the Unknown Space with the strength he possessed. The only other possibility was that he managed to enter the depths of the Unknown Space!

What could possibly be held in there to hold him back for millions of years?

From what Huang Xiaolong discovered, the Universe Boat was located there. That was all he knew for now.

Whatever the case, with Mei Jie gone, Huang Xiaolong was the strongest existence in the thirteen universes! There was no one capable of challenging him!

"Your Highness, where do we go now?" Wang Meiqi asked.

Naturally, they were unable to return to the Eternal Heaven Alliance with all the ruckus they kicked up.

"We'll go to the Hundred Empire Alliance!" Huang Xiaolong decided after a short while.

Out of all the superpowers in the First Universe, the Hundred Empire Alliance was the easiest to take over!

The Creation Palace lost Kai Dong, Ao Ying, and dozens of other experts. Less than three hundred Gods of Creation were left in the Creation Palace, and there were only a few of them at the peak of the grand completion stage.

If Huang Xiaolong could swallow the Hundred Empire Alliance and several other smaller powers, he could suppress the Creation Palace completely!

However, if the Creation Palace were to fix their relationship with the Eternal Heaven Alliance, things might get slightly more troublesome.

Without further delay, Huang Xiaolong charged towards the Hundred Empire Alliance.

Using a high-grade creation artifact-level flying ship he obtained, they flew straight towards their headquarters.

Half a month later, they arrived. However, they were met with an interesting scene on their arrival. Several dozen figures were chasing down a small group.

“Elder Hu, protect the young lady! We’ll hold them off!” Someone yelled.

“No! Elder Man, you protect the young lady! I’ll stop them!”

“Bullsh*t! None of you Solitary Alliance weaklings are getting away!”

When Huang Xiaolong heard the name ‘Solitary Alliance’, his heart fluttered slightly. He released his dao souls to check on what was happening.

More than thirty experts surrounded the members of the Solitary Alliance who numbered slightly more than ten. Jiang Shaoyu was protected by several men, and she glared at her assailants angrily.

“Jiang Shaoyu, stop trying to escape. Even if you manage to leave, you won’t be able to hide for long! The First Universe will belong to our Creation Palace and Eternal Heaven Alliance soon!” Jiang Qiuping, a God of Creation at the peak of the grand completion stage, roared with laughter. He was someone from the Creation Palace.

The expressions of those from the Solitary Alliance were extremely ugly.

“Even if I die, I won’t give in to you b*stards!” Jiang Shaoyu sneered.

“Die? Do you really think that I’ll give you the chance to die? If you refuse to surrender, I’ll make your life a living hell!” Jiang Qiuping snorted in contempt.

“Kill them!” Someone from the Solitary Alliance roared. “We’ll kill our way out and bring the young lady away!”

As soon as he spoke, he charged towards the nearest expert from the Creation Palace.

“Since you’re tired of living, I’ll grant your wish!” Jiang Qiuping’s expression fell and he closed in on Jiang Shaoyu. “Kill them!”

He tried to grab her, but his plan was foiled by someone from the Solitary Alliance. In a fit of rage, he sent the other party flying.

Jiang Qiuping didn’t give up on his attempt to capture her.

As the blood drained from her face, she watched as Jiang Qiuping’s palm grew larger and larger. Before it could land on her chest, a snort came from the void and golden dragons emerged from the space above Jiang Qiuping. Panicking, Jiang Qiuping redirected his palm to stop the sneak attack.

Boom!

As he was sent tumbling through the air, his arms exploded into a mist of blood.

Everyone stopped abruptly due to the sudden change in situation. When they discovered that there was another group of experts slowly flying towards them, everyone was shocked. Huang Xiaolong brought more than two hundred experts with him!

“Lord Zhu Yaowen, all of you...” Someone stared at the experts behind Huang Xiaolong and gasped in fright.

“Capture them all.” Huang Xiaolong didn’t bother wasting time as he gave the order immediately.

Wang Zaixu, Zhu Yaowen, and the rest leaped into action immediately.

Seeing as the situation was spiraling out of control, Jiang Qiuping wanted to escape. However, his plan was promptly foiled by Zhu Yaowen and another expert at the peak of the grand completion stage.

“Zhu Yaowen, how dare you betray Lord Kun Feng?! Are you not afraid of the consequences?!” Jiang Qiuping roared.

He couldn’t understand why all of them would submit to Huang Xiaolong, a God of Creation at the large completion stage!

Ignoring the question, Zhu Yaowen worked with the other expert to take Jiang Qiuping down.

“Xiaolong, save my father! Please save the Solitary Alliance!” Jiang Shaoyu rushed over to Huang Xiaolong and she pleaded with him, “The Creation Palace joined forces with the Eternal Heaven Alliance to surround my alliance! They started killing the moment they arrived! Please... Please save them!”

Chapter 3559: Shattered Formation

Jiang Shaoyu might not know why those people standing behind Huang Xiaolong submitted to him, but he was the only person she could count on! Without thinking further, she begged Huang Xiaolong as tears streamed down her face.

“The Creation Palace joined hands with the Eternal Heaven Alliance?!” Huang Xiaolong frowned. It seemed as though the worst case scenario had happened.

He might be the strongest existence in the First Universe, but he would find it annoying to deal with Kun Feng, Xuan Hong, Chen Yizhen, and Lin Tong if they joined hands.

“Yes... They plan on swallowing the Solitary Alliance, Hundred Empire Alliance, and all the smaller powers! They would split the First Universe evenly between them!” An expert from the Solitary Alliance explained. “Fellow cultivator Huang Xiaolong, please save us! We will definitely return the favor in the future!”

“Fellow cultivator Huang, please save our alliance!” The experts of the Solitary Alliance pleaded in unison.

“How many experts did they send to attack your alliance?” Huang Xiaolong asked.

“More than two hundred from each organization came! There should be four hundred of them in total!” Jiang Shaoyu explained.

“Four hundred...” Huang Xiaolong nodded slowly. With his current strength and the subordinates he captured in the Unknown Lands, they would probably win when it came down to an all out brawl.

Huang Xiaolong no longer hesitated as he dealt with the experts from the Creation Palace. In an instant, he suppressed them all in the Sun Moon Furnace.

“We’re going to the Solitary Alliance right now!” Huang Xiaolong spoke to Wang Zaixu and the rest.

Activating the flying ship, they changed their course to head towards the headquarters of the Solitary Alliance.

As they weren’t too far away, they could probably reach in two short days! The only question was, could Jiang Hong and the others hold out for that long?

The Solitary Alliance had two hundred experts. They were severely outnumbered by their opponents!

They could only rely on the Solitary Alliance’s grand formation to delay the slaughter!

Huang Xiaolong looked at Jiang Shaoyu’s anxious expression and he sighed, “Relax... They might have brought so many people along, but breaking through the grand formation isn’t an easy matter. They might need a few days to do so.”

Calming down slightly, Jiang Shaoyu finally thought of the capabilities of the grand formation. The only problem was that she left the alliance three days ago! Since they needed two days to return, the formation might not be able to hold out!

The more she thought about it, the more sullen her expression became.

“Xiaolong, can we go faster?” Jiang Shaoyu asked.

“This is the fastest we can go...” Huang Xiaolong sighed.

Jiang Shaoyu’s expression sank slightly.

While Huang Xiaolong told them to hurry up, he got Tao Shi and the rest to uncover what was happening in the Solitary Alliance.

Two days passed in a flash, and Huang Xiaolong’s group arrived above the Solitary City.

With the strength of the Creation Palace, they had long since conquered the city. The great army of the Creation Palace locked the place down, preventing anyone from escaping. There were countless troops standing guard around the city, and they blocked out the skies. At the very least, there were a trillion troops!

As the army was formed by the elites from the various celestial empires under the Creation Palace, the weakest soldier was a Primal Ancestor! Captains of their squad were Dao Venerables, and the generals were those who had comprehended the elements. Their great marshal was someone who had comprehended all thirteen elements to the grand perfection level!

However, they were completely useless when it came to stopping Huang Xiaolong’s group. Driving the high-grade creation artifact-level flying ship forward, they met with no opposition.

The army might be able to hold out against several Gods of Creation at the small completion stage, but they were like dust in the air when matched up with Huang Xiaolong!

Every single second, countless experts would explode into blood mist as they were unable to avoid the flying ship.

From far, the flying ship looked as though it was traveling through a bloodied river!

When Huang Xiaolong charged towards the headquarters of the Solitary Alliance, Xuan Hong and Chen Yizhen who were in charge of the offensive received a report of a mysterious group of experts coming to the Solitary Alliance's aid.

They looked at each other in shock.

"Do you know who they are?! How many people did they bring?" Xuan Hong asked.

"We do not know how many people they brought. However, they're using the second palace master's flying ship!"

Out of all the flying ships Huang Xiaolong had, Kai Dong's flying ship was of the highest quality!

"Second Brother?!" Xuan Hong frowned.

"Could it be Huang Xiaolong and Tao Shi?" Chen Yizhen growled angrily.

Xuan Hong's expression started to sink. "Huang Xiaolong! We've been looking for you for millions of years! Who would have thought that you would send yourself to us?"

"There is something off about Palace Master Kai Dong's disappearance. Now that Huang Xiaolong is back, we need to be careful. Should we call Palace Master Kun Feng and the others?"

Xuan Hong shook his head. "My big brother is stationed in the Creation Palace. It would take months for him to rush over." Glancing at Chen Yizhen, Xuan Hong muttered, "Even without him, the two of us should be more than enough to take Huang Xiaolong down. We have so many experts here and there is no need to be afraid of Huang Xiaolong!"

Chen Yizhen swept his gaze across the experts of the Creation Palace and Eternal Heaven Alliance before nodding his head solemnly.

“We have to break the formation as soon as possible!” Xuan Hong yelled. “I’ll give you an hour to destroy the grand formation of the Solitary Alliance!”

After so many days of bombardment, the great formation of the Solitary Alliance was in tatters. They were confident of breaking through in an hour.

Even though Huang Xiaolong was already killing his way over, it would take several hours for him to arrive.

One hour later...

A massive explosion rang through the skies as the barrier of light formed by the formation slowly started to dissipate.

A sinister laughter left Xuan Hong’s lips as he laid down his order. “Kill!”

Chen Yizhen led the experts of both factions into the Solitary Alliance.

However, a massive palm emerged from the void to stop them dead in their tracks. Jiang Hong and the experts of the Solitary Alliance tore through the air and stood before Chen Yizhen.

Xuan Hong roared with laughter when he saw Jiang Hong. “Jiang Hong, all of you should surrender immediately. When we conquer the thirteen universes, you’ll be heavily rewarded! Isn’t that much better than your current situation?!”

Chapter 3560: Exterminated?

Jiang Hong snorted in contempt, “Xuan Hong, who do you think you are to ask me to surrender to the Creation Palace? You’re overestimating yourself!” He turned to look at Chen Yizhen and he sneered, “Chen Yizhen, you despicable b*stard! You went against our agreement!”

In the past, the Eternal Heaven Alliance and the Solitary Alliance made a pact to defend each other in case anyone came under attack. Now, Chen Yizhen was leading the Eternal Heaven Alliance to attack alongside the Creation Palace! It wasn’t a stretch for Jiang Hong to yell at him.

When Chen Yizhen heard what Jiang Hong said, a trace of rage filled his heart. His expression sank and he growled, “Jiang Hong, the winners will always be king! Today, we’re the winners, and you’re the losers! In the future, we’ll make the rules!”

“I’ll give you one last chance to surrender.”

Chen Yizhen locked on to Jiang Hong.

Turning around, Jiang Hong rallied the experts of the Solitary Alliance. “Brothers, today, we’ll fight till the last man standing!”

“To the death!”

The experts of the Solitary Alliance roared in unison..

“Alright, go to hell then.” Xuan Hong snorted and he lunged towards Jiang Hong. Chen Yizhen did the same, and they summoned their creation artifacts. They discussed the battle plan before. As soon as they destroyed the grand formation around the Solitary Alliance, they would take Jiang Hong down immediately. They wouldn’t give him a chance to escape!

The battle erupted instantly. Yells filled the skies as space itself was torn apart.

There were close to six hundred Gods of Creation involved in the battle, and the shockwaves of the battle were enough to cause the universe to shake!

Countless creeds contained in the Solitary Alliance were turned to dust immediately, and the number of deaths was uncountable! The grand armies formed in the various celestial empires were vaporized before they could react.

Even though the Creation Palace and Eternal Heaven Alliance outnumbered the Solitary Alliance by more than two times, they were unable to end the battle immediately. After all, Huang Xiaolong took away a huge part of their strength!

Three hours later...

Xuan Hong glared at Jiang Hong whose body was stained with blood. After three hours of grueling battle, Jiang Hong was in a sorry shape. His chest had a gaping hole, and there were wounds all around his body.

"Jiang Hong, do you regret it now?" Xuan Hong gloated, "From today onwards, the Solitary Alliance will no longer exist!" Pointing to his surroundings, he continued, "Look at what you've done. Because of your decision, all of them were forced to die!"

Jiang Hong looked around and he saw the sorry state of everyone on his side. There were some who lost their eye, and others lost their limbs. There were even some of them who only had half their bodies left!

A sigh escaped Jiang Hong's lips.

"Why are we wasting our breath on him?" Chen Yizhen sneered as his creation artifact slashed towards Jiang Hong. It was the weapon that caused the wound on Jiang Hong's chest.

Right before Jiang Hong could avoid the attack, Xuan Hong waved his arm and rays of light descended from the void to trap him in place.

As Chen Yizhen's weapon was about to stab straight through Jiang Hong's body again, the universe trembled as an uncountable number of silvery dragons swatted the experts of the Creation Palace and Eternal Heaven Alliance away.

The largest of the two dragons shot towards Xuan Hong and Chen Yizhen. In a state of panic, the two of them directed their attacks away from Jiang Hong.

Bang!

As their arms went numb, they were sent tumbling through the air. Looking at the source of the attack, they discovered that the silver dragons that struck them were actually branches that glowed softly with starlight.

The top-grade creation artifacts in their hands were unable to leave a single scratch on it!

This...

Jiang Hong and the experts of the Solitary Alliance were shocked.

The silver dragons that appeared earlier disappeared all of a sudden, and a figure took their place.

Everyone who saw the newcomer gasped in fright.

“Huang Xiaolong?!” Jiang Hong, Chen Yizhen, and the others were flabbergasted.

In the blink of an eye, he arrived before them.

“Huang Xiaolong, you finally decided to show yourself! Where’s my second brother?!” Xuan Hong roared. “Was that the Star Dragon Divine Tree?!”

Even though he only revealed the branches of the Star Dragon Divine Tree, Xuan Hong was a half step Universe God. He recognized it instantly.

The experts of the Creation Palace widened their eyes in shock.

“You’re right. That was the Star Dragon Divine Tree. As for your second brother...” Huang Xiaolong released the restriction on the Sun Moon Furnace for them to peer inside, and they saw Kai Dong suppressed within.

“Second Brother!” Xuan Hong roared and he charged at Huang Xiaolong in an attempt to retrieve the furnace. However, he was sent flying from a single punch by Huang Xiaolong.

As he spun through the air, he vomited mouthfuls of blood.

Everyone stared at Huang Xiaolong in disbelief, including Jiang Hong and Chen Yizhen.

Even though he used the Star Dragon Divine Tree earlier, no one saw him controlling it. They thought that it was controlled by a hidden expert on Huang Xiaolong’s side. When they saw how easily Huang Xiaolong dealt with Xuan Hong, they felt as though an explosion went off in their heads.

A half step Universe God was defeated by a God of Creation at the large completion stage!

None of them could believe their eyes!

Xuan Hong was similarly stunned. He wiped the blood off his lips and he turned to stare at Huang Xiaolong in confusion.

“Are you surprised?” Huang Xiaolong muttered before walking towards the experts of the Creation Palace and Eternal Heaven Alliance.

Xuan Hong retreated subconsciously.

“Go!” Xuan Hong barked out an order, and everyone snapped back to reality. They charged at Huang Xiaolong at once.

The moment they did, a terrifying wave of energy emerged from Huang Xiaolong's body. Starlight fell from the void to surround them.

A punch landed on the chest of the expert nearest to him and emerged from the man's back, destroying his physical body instantly.

Huang Xiaolong didn't stop there. With another punch, he shattered the skull of another expert.
