Chapter 3561: Bad Luck

When the experts of the Creation Palace saw how easily Huang Xiaolong eliminated two experts at the peak of the grand completion stage, they screeched to a halt. Those were experts at the peak of the grand completion stage! They failed to survive a single blow!

Xuan Hong and Chen Yizhen couldn't believe their eyes. Their eyelids didn't stop twitching.

Not even top-grade creation artifacts could destroy the body of an expert at the peak of the grand completion stage easily. Chen Yizhen only managed to injure Jiang Hong after repeated attacks in their drawn out battle.

Now...

When Xuan Hong and the others were thinking of what to do next, a crisp voice rang through the air. "Father!"

Everyone turned to see a giant flying ship traveling towards them. It was the flying ship Kai Dong used when he left to hunt down Huang Xiaolong, but now, it changed hands! The experts standing on the bow of the ship were on Huang Xiaolong's side!

As the situation was getting too dire, Huang Xiaolong chose to fly over alone. Jiang Shaoyu and the others could only try to keep up in the flying ship.

"Shaoyu!" Jiang Hong yelled when he saw his daughter.

Jiang Shaoyu and the experts of the Solitary Alliance who left to protect her quickly flew over to Jiang Hong's side.

"Father, are you alright?" Jiang Shaoyu asked after inspecting the wounds on her father's body.

"I'm fine." Jiang Hong chuckled. "As long as you're alright, nothing else matters. When you left, I thought..." Several days ago, he fell into despair after learning that the Creation Palace was hunting his daughter down. Now that she returned in one piece, he could stop worrying about her.

"I'm fine! Xiaolong saved me when we were surrounded by the members of the Creation Palace!" Jiang Shaoyu explained.

Wang Zaixu and the others disembarked the flying ship and flew towards Huang Xiaolong. Getting to their knees, they greeted him together, "Your Highness!"

Their greeting ignited the rage in Xuan Hong and Chen Yizhen.

"All of you f*cking traitors! How dare you betray the Creation Palace?!" Xuan Hong growled, "When I return, I'll exterminate your celestial empires! I'll kill every living being there! If I fail to do so, I'll change my name!"

Chen Yizhen looked at Tao Shi and the others and he swore, "Tao Shi, do you know how well we treated you all these years?! Since you chose to betray us, you can't blame us for being heartless. We'll kill every single person related to you!"

Tao Shi snorted in response, "Chen Yizhen, didn't you and Lin Tong create the Eternal Heaven Alliance to go against the Creation Palace? Now, all of you chose to work with them! You're the true traitor! All of you deserve to die!"

Chen Yizhen screamed in anger, "Kill them all! Kill the traitors!"

The war that was placed on hold started once again.

"Kill Huang Xiaolong and the traitors!" Xuan Hong's order came too.

The experts of the Creation Palace and Eternal Heaven Alliance swarmed Huang Xiaolong instantly.

Once again, the universe trembled under the shockwaves of the battle.

The battle was even more intense than before. The space around them crumbled like dust as their attacks smashed into each other.

“Brothers, we’ll fight to the death!” Jiang Hong passed down his order too. The experts of the Solitary Alliance joined Huang Xiaolong to launch their counterattack.

The members of the Solitary Alliance might have suffered some injuries, but that didn’t diminish their strength. After all, they were Gods of Creation. With the support from Huang Xiaolong’s army, they were more than capable of standing up to the combined forces of the Creation Palace and Eternal Heaven Alliance.

The others might be stuck in a deadlock, but Xuan Hong and Chen Yizhen were questioning life as they fought with Huang Xiaolong. They might be able to suppress Huang Xiaolong’s strength with their control over the universe energy, but Huang Xiaolong had 12 billion units of grand cosmos energy! It wasn’t a small gap at all! His physical body was stronger than that of ordinary half step Universe Gods! When he transformed into the Star Dragon Divine Tree, the two of them were beaten to a pulp!

Huang Xiaolong didn’t waste the past millions of years for nothing. Now, his offensive and defensive abilities had far surpassed the Huang Xiaolong of the past! Even if he stood there without moving, the two of them would find it hard to break through his defenses!

Chen Yizhen and Xuan Hong weren’t as sturdy as him! Every time they were stuck by his attack, they would vomit mouthfuls of blood.

In less than half an hour, the two of them were close to being defeated.

“Everyone at the peak of the grand completion stage, listen up! Come here and assist us in killing Huang Xiaolong!” Xuan Hong yelled in desperation.

Chen Yizhen did the same.

To begin with, they didn't have that many experts at the peak of the grand completion stage. The experts on Huang Xiaolong's side and the Solitary Alliance weren't useless either. The only ones who came to Xuan Hong and Chen Yizhen's aid were three miserable individuals who managed to leave the encirclement. One of them was from the Creation Palace and the other two were from the Eternal Heaven Alliance.

It was too bad they were sending themselves to their deaths. The three of them were wiped out instantly by Huang Xiaolong and he threw their dao souls into the Sun Moon Furnace.

Xuan Hong and Chen Yizhen felt a stabbing pain running through their body and they knew that the outcome of the battle had been decided.

"Leave!"

"Run!"

They gave their final order before they tried to escape.

The battle field erupted into chaos instantly as the experts of the two factions fled for their lives.

How could Huang Xiaolong allow any of them to escape? He quickly gave the order to hunt all of them down before chasing after Xuan Hong himself.

Xuan Hong snapped when he saw how Huang Xiaolong gave up chasing Chen Yizhen to hunt him down. "Huang Xiaolong, what's the meaning of this? Why don't you go for Chen Yizhen?!"

"Well, you're just unlucky. I don't like the look on your face." Huang Xiaolong chuckled.

Bad luck?! Xuan Hong nearly vomited another mouthful of blood.

As he ran for his life, he was eventually stopped by Huang Xiaolong. Like Kai Dong, he was suppressed in the Sun Moon Furnace.

By the time Huang Xiaolong returned to the Solitary Alliance, they were cleaning up the battlefield.

“Your Highness!”

Jiang Hong approached Huang Xiaolong and he bowed respectfully, “Many thanks to fellow cultivator Huang Xiaolong for saving my Solitary Alliance. Without you, we would have been exterminated! In the future, we will follow fellow cultivator Huang’s order without any questions!”

Chapter 3562: 4 Billion

Jiang Hong declared his loyalty towards Huang Xiaolong. From what he said, there was no doubt about it. The Solitary Alliance would listen to Huang Xiaolong from that moment on.

Waving his hands casually, Huang Xiaolong chuckled, “Alliance Leader Jiang Hong is taking this too seriously.”

After talking for a little longer, Wang Zaixu, Tao Shi, and the others reported the outcome of the battle.

Due to their relentless pursuit, they managed to capture eighty experts in total. One of them was at the peak of the grand completion stage!

“It’s too bad the rest escaped...” Ao Shenghai sighed.

More than three hundred of them managed to escape!

“It’s fine. We’ll kill our way over. They won’t be able to run forever.” Huang Xiaolong muttered.

After the battle, the strength of the two greatest alliances took a massive hit. Even someone at the level of Xuan Hong was captured! Even if Kun Feng worked with Chen Yizhen and Lin Tong, there was nothing for Huang Xiaolong to be afraid of.

Soon after, Huang Xiaolong ordered for all the captured experts to be brought to him.

The experts of the Creation Palace and Eternal Heaven Alliance trembled uncontrollably when they were brought over.

They saw how badly Xuan Hong was beaten up by Huang Xiaolong earlier. Even a half step Universe God was trashed to the point of despair. If he wanted to deal with them, they would suffer endlessly!

Huang Xiaolong swept his gaze across the prisoners and locked on to two of them.

There were five experts in the First Universe who possessed the Huang Long Bloodline, and the last two were kneeling before him! One of them was called Ao Fei, a God of Creation at the grand completion stage, and the other was Ao Bifeng, a God of Creation at the large completion stage!

When they saw him walking over to them, they felt despair blooming in their hearts.

“Lord... Lord... Lord Huang Xiaolong, we don’t mean any disrespect! We only fought you because we had our orders!” Ao Fei stuttered.

Ao Bifeng nodded and begged for mercy.

Without the patience to explain himself, Huang Xiaolong tossed them into the Sun Moon Furnace.

No one dared to speak up for them for fear of incurring Huang Xiaolong’s wrath.

“Relax. I won’t kill anyone who surrenders.” Huang Xiaolong spoke while looking at the others. “You only have one chance. Think carefully about the decision you’re about to make.”

“I... I am willing to submit! I will fulfill Lord Huang Xiaolong’s orders even if it costs me my life!” One of the God of Creation Realm experts from the Creation Palace yelled.

...

In the headquarters of the Eternal Heaven Alliance...

“What?! The great army formed by the experts of our faction and the Creation Palace lost?!” Lin Tong stared at Jiang Yan in disbelief.

With a complicated expression Jiang Yan continued, “Yes... The Solitary Alliance was about to be exterminated when Huang Xiaolong showed up! He saved Jiang Hong from Xuan Hong and Chen Yizhen’s combined assault.”

“Huang... Huang Xiaolong?!” Lin Tong stared at Jiang Yan with his eyes wide open.

“That’s right... We’ve been underestimating the kid all this while. He managed to create three great worlds!” Jiang Yan felt his throat going dry and he explained, “From those who escaped, we learned that Huang Xiaolong has more than 11 billion units of grand cosmos energy! In fact, it’s possible that he has already surpassed the 12 billion units mark! Moreover, he has the Star Dragon Divine Tree!”

“Xuan Hong and Alliance Leader Chen failed to deal with him even when they worked together.”

Lin Tong fell back in his chair as waves crashed against his heart. 12 billion units of grand cosmos energy?! Star Dragon Divine Tree?!

“Ao Ying and the rest were captured by Huang Xiaolong alone... He didn’t bring any hidden experts along with him.” A bitter smile formed on Jiang Yan’s face. “This time, our alliance leader managed to escape. Xuan Hong wasn’t so lucky.”

With a frown on his face, Jiang Yan muttered, “Now, only Palace Master Mei Jie can suppress Huang Xiaolong! However, he’s been missing for some time now. Not even Kun Feng can contact him.”

In other words, in the First Universe, no one could stop Huang Xiaolong!

Jiang Yan mentioned some stuff about the battle, and Lin Tong's face turned green when he heard that Tao Shi and the others had submitted to Huang Xiaolong.

"Send out our men to exterminate Tao Shi's celestial empire!" Lin Tong roared with rage.

"No!" Jiang Yan pleaded. "Alliance Leader, the most important thing is for Chen Yizhen to return. We need to form an alliance with Kun Feng immediately to resist Huang Xiaolong. Exterminating Tao Shi's celestial empire will appease your anger for now, but it's useless!"

Lin Tong's expression sank and he eventually decided to listen to Jiang Yan.

"Also, we need to call upon the Hundred Empire Alliance for support." Jiang Yan continued, "With the Creation Palace and the Hundred Empire Alliance, we won't be afraid of Huang Xiaolong!"

"But... That's easier said than done." Lin Tong frowned.

"They should have already learned about the battle in the Solitary Alliance. They should be afraid that he would move against them next, and we can use that to pull them in!"

"Alright, let's do it!" Lin Tong nodded in agreement.

It was too bad the news of the Hundred Empire Alliance's surrender came a few days later. Huang Xiaolong made his move earlier than expected. With Huang Xiaolong's strength and Wang Zaixu's assistance, the Hundred Empire Alliance quickly surrendered.

"F*CK!" Lin Tong roared with rage as he destroyed everything around him.

Huang Xiaolong didn't stop there. He brought everyone to launch a massive offensive on the Eternal Heaven Alliance. When he arrived, Lin Tong was nowhere to be seen.

“Your Highness, we discovered that Lin Tong, Chen Yizhen, and Kun Feng are currently hiding in the Creation Palace.” Ao Shenghai said. “Should we attack them right now?”

Huang Xiaolong shook his head slowly. “Not for now.”

With the grand formation left behind by Mei Jie, Huang Xiaolong wouldn’t be able to do a thing to them with 12 billion units of grand cosmos energy.

After deciding against launching an offensive, Huang Xiaolong chose to enter seclusion.

Before he did, he passed down an order to gather every single expert in the God of Creation Realm.

Other than those in the great alliances, there were close to four hundred Gods of Creation lying around. They were an extremely powerful source of strength if he could gain their support.

Huang Xiaolong entered seclusion for over two hundred thousand years. When he devoured the Huang Long Bloodline in Ao Fei and Ao Bifeng, the amount of grand cosmos energy he accumulated reached the 13.4 billion mark.

Huang Xiaolong also used the treasures Kai Dong, Xuan Hong, and the others had on them to bring the Purple Lightning Peak and Sun Moon Furnace to the high-grade cosmos artifact level.

When he emerged from his seclusion, he was shocked to discover a message delivered by Pangu.

Chapter 3563: Appearance of Meng Tian and Huang Sheng

“What?! Meng Tian actually found Huang Sheng and they formed an alliance?!” Huang Xiaolong stared at Pangu in shock.

“Yes.” Pangu sighed. “The two of them gathered more than two hundred Gods of Creation from god knows where to launch an all-out attack against the Blazing Dragon World! If not for the Star Dragon

Couple and the three Bamboo Ancestors, the Blazing Dragon World would have long since been destroyed!”

“Even with their strength, we can’t hold out for long! The other side brought too many experts over! There are more than thirty of them at the peak of the grand completion stage!”

“There are over fifty of them at the grand completion stage!” Pangu gnashed his teeth in annoyance. “Meng Tian and Huang Sheng also declared that they would destroy the Pangu World after they are done with the Blazing Dragon World! They plan to destroy everything related to you!”

Huang Xiaolong planned to deal with Kun Feng, Lin Tong, and Chen Yizhen now that he left seclusion. After hearing what Pangu said, he could only return to the Blazing Dragon Universe to deal with the two.

He had been looking for the two of them for a long time. Now that they finally appeared, Huang Xiaolong wasn’t going to let them escape. It was especially so for Huang Sheng. The moment he captured Huang Sheng, his father would be able to recover!

Pangu shook his head when he heard that Huang Xiaolong wanted to return to the Blazing Dragon Universe. “Even if you, Ao Shenghai, Ao Guang, and Wang Meiqi return, you won’t be able to do anything.”

When he rushed into the First Universe in a state of panic, he contacted Ao Shenghai immediately to look for Huang Xiaolong. He didn’t learn about anything that happened in the years that passed, and he didn’t know that his disciple had subdued countless experts.

As for the fact that Huang Xiaolong had more than 10 billion units of grand cosmos energy, it was impossible for Pangu to find out. After all, he didn’t even try!

Huang Xiaolong stared at Pangu in stunned silence for a moment before bursting out in laughter, “Master, didn’t you hear about everything that happened in the First Universe?!”

“Huh?! What are you talking about?” Pangu frowned.

“Ao Shenghai, Ao Guang, and Wang Meiqi won’t be the only ones following me back to the Blazing Dragon Universe! Now, I control half the forces in the First Universe!” Huang Xiaolong explained.

“What?!” Pangu roared as he stared at Huang Xiaolong, flabbergasted.

That wasn’t half a great world they were talking about! That was half the First Universe!

Hold up... Wasn’t there more than thirteen hundred Gods of Creation in the First Universe?!

Wouldn’t that mean...

The look in Pangu’s eyes changed when he stared at his disciple.

“I have more than eight subordinates at the God of Creation Realm now.” Huang Xiaolong snickered.

“?!” Pangu felt his tongue going stiff and a look of confusion formed on his face.

In the Blazing Dragon Universe, there were forty Gods of Creation at best.

“Yes...” Huang Xiaolong smiled. In the years he spent in seclusion, a large group of experts came to swear their loyalty to him.

Without exaggeration, Huang Xiaolong controlled the strongest faction in the First Universe. Not even the combination of the Eternal Heaven Alliance and Creation Palace could rival him! Their remaining forces numbered in the five hundred range at best.

After thinking about it for a moment, Huang Xiaolong gathered everyone and chose three hundred of them to follow him back to the Blazing Dragon Universe.

When he left, he told Wang Zaixu and the others to wait for his return. They were to guard the headquarters at all cost and they had to avoid clashing with the members of the Creation Palace.

Boarding a top-grade creation artifact-level flying ship, they left the First Universe.

The flying ship was something he managed to obtain from Xuan Hong, and it was the fastest flying ship he had in his possession.

When Pangu stared at the flying ship beneath his feet, he sighed, "Xiaolong, thanks to you, I can finally step foot on a top-grade flying ship. Hahaha!"

"You can have it when we return. Play with it however you wish." Huang Xiaolong chuckled.

Pangu stared at Huang Xiaolong in fright. "What?! I can't accept something so expensive?! Isn't this the only top-grade flying ship you have?! If I take it, what are you going to use?"

"Kun Feng has another one on him. I'll rob him later." Huang Xiaolong laughed.

"I'll definitely not take it then! If the old dragon asks me where I get it, you'll look like a bad disciple for favoring one master!"

Huang Xiaolong nodded eventually. Since Pangu didn't want it, he wouldn't force the matter.

Along the way, Huang Xiaolong didn't stop for a second. He charged straight towards the Blazing Dragon Universe. If they ran into any planets or great worlds, he would shift them to the side.

Even so, it took them several months to return. After all, the distance between two universes was too large!

Huang Xiaolong charged straight for the Blazing Dragon World the moment they returned.

When that was happening, Meng Tian and Huang Sheng were staring coldly at the Blazing Dragon Celestial Palace. They sent their disciples to bombard the grand formation endlessly.

In the time it took Huang Xiaolong to return, Meng Tian and Huang Sheng had long since destroyed the formation around the Blazing Dragon World. Now, everyone focused their defenses on the grand formation around the Blazing Dragon Celestial Empire.

“God damn it! How did Huang Xiaolong get to know the Star Dragon Couple?! If not for them we would have wiped out the old dragon a long time ago!” Meng Tian roared.

Huang Sheng sneered in response, “So what if they’re half step Universe Gods, this will end soon.”

Even though the Star Dragon Couple were strong, they only had thirty odd experts defending the Blazing Dragon Celestial Empire. Meng Tian and the others brought two hundred Gods of Creation over. They won in sheer quantity!

Half a month passed, and the barrier around the celestial palace started to tremble.

“If this keeps up, the barrier will shatter in less than an hour!” Ao Xing started to panic. Turning to Huang Long, he said, “The moment it does, I’ll cover your escape.”

With their strength, the Star Dragon Couple would be able to ensure the safety of Huang Long. However, the same couldn’t be said for the others.

“But...” Huang Long frowned.

Chapter 3564: No One Can Run

“What will happen if we leave?!” Huang Long asked.

The old dragon shook his head and sighed, “We’ll save anyone we can. The reason you were captured was because of me. If you fall into Huang Sheng’s hands again, I won’t be able to explain myself to Xiaolong!”

Huang Long stared at the old dragon and sighed.

Very quickly, half an hour passed.

The formation around the palace shattered with a massive blast and debris was flung everywhere.

The faces of the old dragon and the others changed.

They didn't expect the enemy to break their defenses so quickly!

As soon as the formation was shattered, Meng Tian and the rest charged into the palace with their creation artifacts in hand.

Roaring with laughter, Huang Sheng addressed them, "You old f*ck, we meet again!"

He turned to look at Huang Long and he continued, "Huang Long, since you chose to return, you can't blame me for what is about to happen! Huang Xiaolong won't be able to save you this time!"

Huang Long glared at Huang Sheng as killing intent flashed through his eyes, "Huang Sheng, watch yourself. One day, Xiaolong will refine your bloodline and devour your soul!"

"Devour my soul? Haha! Let's see if that little brat is capable enough." He waved his hand and ordered, "Take them down! Do not let a single one escape!"

The experts behind him nodded in unison and they pounced at Huang Long, the Blazing Dragon, and the others.

In order to stop the Star Dragon Couple, Meng Tian led twenty experts over to surround them.

They failed to break through the encirclement in a short amount of time.

As for Huang Long, he was under attack by four experts at the grand completion stage. None of them were weaker than him when he was at his peak state! Due to his injuries, he was quickly taken down.

Meng Tian and Huang Sheng rejoiced when they saw that Huang Long had fallen into their hands.

“Huang Long, this time, you should surrender to fate. I’ll devour your bloodline and dao soul this time!” Huang Sheng roared with laughter.

However, a ray of silvery light tore through the void and shot towards the giant group of attackers. Meng Tian and Huang Sheng failed to react when a horrible shriek came from one of their men.

The individual who was sent flying had a hole in his forehead by the time they looked at him.

Three more rays of light tore through the skies.

“Be careful!” Huang Sheng and Meng Tian yelled at the same time.

They were a tad too late. The three Gods of Creation who were standing beside Huang Long were sent flying.

Everyone stopped dead in their tracks when they saw the sudden change in situation.

Silence descended on the lands.

“It’s the Silver Soul Spike from the Creation Palace!” The Star Dragon Couple recognized the weapon immediately.

Creation Palace!

Silver Soul Spike!

The faces of Meng Tian and the others changed.

The Silver Soul Spike was one of the most terrifying weapons in the Creation Palace. It was said that there were only a hundred of them to begin with! Only the four palace masters were able to use them. Whenever a Silver Soul Spike was used, they would pierce directly into the target's soul! Their grand cosmos energy would be sealed immediately and they would enter a state of paralysis.

Did a palace master of the Creation Palace arrive?

The Star Dragon Couple were shocked. They didn't understand why the Creation Palace would save Huang Long.

When everyone was confused, a massive flying ship appeared in their sights.

The flying ship approached at a terrifying speed and it emitted extremely powerful waves of energy.

"This is a top-grade flying ship! It belongs to Xuan Hong of the Creation Palace!" Ao Xing was shocked.

A flying ship belonging to a palace master of the Creation Palace!

When they saw who was standing on the bow of the ship, they were shocked.

"Huang Xiaolong?!"

"Xiaolong?!"

"Your Highness!"

Meng Tian, Huang Sheng, Ao Xing, Huang Long, and everyone present yelled in unison.

Huang Xiaolong was standing beside Pangu, Ao Shenghai, Ao Guang, and Wang Meiqi as they stared at everyone standing below. The three hundred experts Huang Xiaolong brought back were nowhere to be seen.

When everyone stared at Huang Xiaolong in shock, he retrieved the ship and approached Huang Long.

“Father, Master, I’m late.”

Huang Sheng roared with laughter all of a sudden. “Huang Xiaolong, you’re right on time! Hahaha! You’re here for the best part!”

“Hold it. Be careful. It might be a trap.” Meng Tian reminded him. Huang Xiaolong’s sudden arrival made him slightly cautious. After all, why would the Creation Palace give Huang Xiaolong a top-grade flying ship? Did a palace master come with Huang Xiaolong? Where were they?

Huang Sheng nodded when he heard what Meng Tian said. He turned to Huang Xiaolong and muttered, “Huang Xiaolong, you’re pretty capable! Who would have thought that you could invite the members of the Creation Palace over to help you?” Alright, there’s no need to hide it anymore. You can bring them out now.”

Huang Xiaolong frowned. It seemed as though Huang Sheng was pretty confident in himself. He didn’t seem to look highly upon the Creation Palace at all! What could he be relying on?

Huang Xiaolong looked at Huang Sheng and Meng Tian before staring at the experts they brought over. Other than the Creation Palace and Eternal Heaven Alliance, no other alliance seemed to possess so many experts.

As for thirty over experts at the peak of the grand completion stage, not even the Creation Palace would be able to mobilize so many of them!

Where in the world did Huang Sheng and Meng Tian find them?

Huang Xiaolong summoned the experts he brought while questioning the source of Meng Tian's power.

With his summon, three hundred experts appeared in the skies.

Huang Sheng and Meng Tian looked around them in shock. They couldn't believe their eyes. "Three... Three hundred experts at the God of Creation Realm?!"

The Creation Palace only had three hundred of them at the peak of their strength. How could they send everyone to assist Huang Xiaolong?!

Huang Long, the old dragon, and the Star Dragon Couple were equally as stunned.

Huang Xiaolong turned to look at Huang Sheng and Meng Tian and returned their threats from earlier. "Huang Sheng, Meng Tian, I've been looking for you guys all these years. Who would have thought that you would jump out yourselves?! Today, none of you will escape."

Huang Sheng and Meng Tian's expression fell, but they lunged at Huang Xiaolong in unison. No one expected them to move so suddenly. They couldn't help Huang Xiaolong even if they wanted to!

Chapter 3565: Dragon Overlord

"Be careful!" Ao Xing, Huang Long, and the others yelled.

In stark contrast to the expressions on the faces of those below, Tao Shi and the others stared at Meng Tian and Huang Sheng pitifully.

Without much suspense, they were sent flying by a single kick from Huang Xiaolong.

Huang Xiaolong wouldn't pull his punches when dealing with the two of them. He used ninety percent of his strength in those kicks.

Since his foot landed directly on their faces, their skulls shattered to bits.

As their miserable shrieks pierced through the air, they were sent flying to a random corner of the Blazing Dragon Celestial Empire.

The Star Dragon Couple, the old dragon, and Huang Long stared at Huang Xiaolong in shock.

“This...” The old dragon looked at Huang Sheng and Meng Tian who were beaten into the ground. Even with his strength, he couldn’t match up to Huang Sheng! Much less Meng Tian who was stronger than that!

Despite that, the two of them were defeated by Huang Xiaolong with a single strike!

Questioning looks were thrown towards Huang Xiaolong.

Noticing the look on their faces, Huang Xiaolong chuckled, “While staying in the First Universe, I managed to accumulate more than 10 billion units of grand cosmos energy.” Pointing towards Zhu Yaowen, Yang Gang, and those who appeared in mid air, he continued, “These are my subordinates.”

10 billion units of grand cosmos energy!

Three subordinates at the God of Creation Realm!

Huang Long and the rest were at a loss for words after hearing what he said.

If they knew that the three of them were only a small part of Huang Xiaolong’s faction, who knew what they would think?!

The experts who came over with Meng Tian and Huang Sheng didn’t dare to make rash movements as they stared at Huang Xiaolong.

Taking a single step, Huang Xiaolong arrived above Meng Tian and Huang Sheng. As they were sent crashing deep into the earth, Huang Xiaolong casually waited for them to emerge. Their faces were completely disfigured. Even though he only used ninety percent of power in his kick, the two of them were far from able to resist it.

Even half step Universe Gods would be beaten to a pulp by Huang Xiaolong, much less the two of them.

However, Huang Sheng leaped into the air suddenly as a giant axe appeared in his hand. It was the top-grade creation artifact he had been nurturing and it came slashing down towards Huang Xiaolong.

“Huang Xiaolong, go to hell!”

Raising his hand casually, Huang Xiaolong blocked the axe with his bare hands.

Bang!

Huang Xiaolong’s arm was completely fine, but a nick appeared on Huang Sheng’s axe! His eyes bulged when he saw the outcome of the exchange.

He had nurtured his Dragon Axe for countless years, and he used an extraordinary amount of treasure to do so! Even if he fought with Pangu who had the Pangu Axe, there was no way his weapon would be damaged!

The Star Dragon Couple, the old dragon, and the others looked at Huang Xiaolong as though they were looking at a monster.

If he could stop a top-grade creation artifact with his own body, wouldn’t that make his physique comparable to universe treasures?! Even if it couldn’t, it wouldn’t be that far off!

When Huang Sheng was still stuck in a daze, Huang Xiaolong’s fist arrived. It pierced through Huang Sheng’s chest and blew a hole through the man’s dao heart!

Meng Tian, who had barely crawled out from his hole, was about to rush up to give Huang Xiaolong a piece of his mind too. He stopped dead in his tracks when he saw what happened to Huang Sheng.

Turning around slowly, Huang Xiaolong revealed a smile when he looked at Meng Tian.

“Why aren’t you guys doing anything?! Take him down right now!” Meng Tian roared at the experts who came along with him.

Snapping back to reality, they charged towards Huang Xiaolong.

“Open the formation! Capture them all!” Huang Xiaolong said to Zhu Yaowen.

They were busy setting up a grand formation earlier, and that was the reason they didn’t appear together with Huang Xiaolong. Even though the formation was hastily arranged, they were still able to stop Meng Tian and the others from escaping immediately. The short delay was more than enough for Huang Xiaolong to deal with them.

The moment he gave the order, the grand formation was revealed to the world. A massive barrier of light formed in the skies above, blocking off all connection to the outside world. Zhu Yaowen and the others charged at the experts Meng Tian and Huang Sheng brought. The battle reached its climax immediately.

The Star Dragon Couple, the old dragon, Huang Long, and the others charged into the fray too.

With the support Huang Xiaolong brought back with him, they could finally release all their pent up rage!

“This is amazing!” Ao Xing roared with laughter while attacking the original assailants.

After many months of living under the pressure of being attacked every day, Ao Xing could finally release all the resentment in his heart!

Huang Xiaolong was in charge of suppressing Meng Tian and Huang Sheng. Even though he could take them down instantly, he chose to play around with them. Even though he didn't use his full strength, they were still beaten black and blue.

The two of them were experts who stood at the peak of the power pyramid in their respective universes, and they had never been humiliated their entire lives! In a fit of rage, they thought of sacrificing a part of their power to bring Huang Xiaolong down with them!

Unfortunately, they were too weak to cause any serious damage to Huang Xiaolong.

Boom!

As the battle dragged on for half an hour, they were sent crashing into the ground countless times.

Crawling to their feet, they were in a terrible state. The divine armor around their bodies were in shambles, and bloodstains were everywhere.

"Huang Xiaolong, enough! We're the Dragon Overlord's subordinates!" Meng Tian glared at Huang Xiaolong and snorted, "If we fail to return, he will never forgive you! With his strength, he can eliminate half step Universe Gods as he pleases!"

Huang Sheng continued, "That's right! So what if you have 10 billion units of grand cosmos energy?! You're nothing but a speck of dust before Lord Dragon!"

Huang Xiaolong frowned and he looked at the experts who came along with them. "Are all of them subordinates of the Dragon Overlord too?"

"That's right! Humph! You can't possibly imagine how strong the Dragon Overlord is!" Huang Sheng sneered. "Huang Xiaolong, you better think twice."

The Star Dragon Couple and the rest were flabbergasted when they heard what Meng Tian said.

Dragon Overlord?!

Exterminate half step Universe Gods?!

“Is that so?” Huang Xiaolong stared at Huang Sheng with a glint of anger in his eyes. “Who the hell cares if he’s the Dragon Overlord?! He can be the Chicken Overlord for all I care! Today, none of you shall escape!”

“Alright. I had enough fun messing with you guys. It’s time to end this.” Huang Xiaolong said before appearing before the two of them once again. With a simple palm strike, he crushed them into the ground.

Chapter 3566: Depths of the Unknown Space

“Huang Xiaolong, release us immediately!”

“The Dragon Overlord will never let you off!”

Meng Tian and Huang Sheng roared desperately.

Tightening his grip, the flames emerged from his body and incinerated the two of them. Howls emerged from their lips instantly.

“We’ll talk when he comes.” Huang Xiaolong muttered before sealing their grand cosmos energy. He tossed them into the Sun Moon Furnace without a care in the world.

After dealing with the two of them, he turned to the others. It didn’t take long for all two hundred experts to be suppressed.

“Xiaolong, should we be worried about the Dragon Overlord?” Huang Long asked.

“We’ll deal with it when the time comes. Even if the Dragon Overlord comes, I’ll be there to stop him.” Huang Xiaolong sighed.

With 13.4 billion units of grand cosmos energy and the Star Dragon Divine Tree, Huang Xiaolong truly wasn’t worried that the Dragon Overlord would come. After all, he would probably reach 15 billion units of grand cosmos energy after devouring Huang Sheng.

“That’s right... Brother Huang Long, the Dragon Overlord might possess shocking strength, but Xiaolong has three great worlds! He will definitely be the strongest in the thirteen universes!” Ao Xing grinned. “It won’t be long till Huang Xiaolong unifies the thirteen universes.”

The Blazing Dragon smiled, “Now, I’m afraid even ten of me won’t be Xiaolong’s match.”

“That’s not possible, right?” Huang Long stared at the old dragon in disbelief.

However, the old dragon chuckles in amusement the next second. “Aren’t you at the peak of the grand completion stage? You should understand how strong someone is when they break through the 10 billion units mark.” The moment anyone breaks through the 10 billion units mark, they would enter a whole new realm!

Ao Meixia chuckled, “He’s right. Even if Ao Xing and I work together, we won’t be able to block a single strike from Xiaolong!”

Huang Long stared at them in shock.

The Star Dragon Couple were half step Universe Gods! Even so, they weren’t confident of taking a single hit from Huang Xiaolong!

Huang Long looked at his son, and he was greeted by an annoying smirk on the brat’s face. It seemed as though they were right. If Huang Xiaolong had barely broken through the 10 billion mark, he might have fought to a draw with the Star Dragon Couple. Now, he has 13.4 billion units of grand cosmos energy! The strength he possessed was frightening!

Huang Long felt a trace of joy when he saw Huang Xiaolong's silent admission that he could defeat the Star Dragon Couple.

...

After Huang Xiaolong gave the order for Zhu Yaowen and the others to clean up the battlefield, he returned to the imperial palace with the old dragon and the rest.

When everyone had settled down, Huang Xiaolong told them everything that happened in the First Universe.

He told them that he had more than eight hundred Gods of Creation serving under him back in the First Universe.

"In the future, I'm going to have to rely on you, you little brat!" Huang Long chuckled in amusement.

Everyone roared with laughter.

Soon after, the blazing dragon arranged for a giant banquet. It was to celebrate Huang Xiaolong's strength, and to celebrate Huang Sheng's capture.

When the banquet was over, Huang Xiaolong started to treat Huang Long's injury. He released Huang Sheng from the Sun Moon Furnace with a smirk on his face.

"Huang Xiaolong, what do you think you're doing?!" Huang Sheng could guess what they were going to do when he saw Huang Long and he started to panic.

"What am I doing?" Huang Xiaolong sneered. "Did you forget what you did to my father? I'll return the favor right now. I'll give you a taste of getting your bloodline refined!"

Obviously, it wasn't a nice feeling for one's bloodline to be refined!

When Huang Sheng was desperately struggling and yelling, Huang Xiaolong sent countless roots of the Star Dragon Divine Tree into Huang Sheng's body. He sucked out Huang Sheng's bloodline bit by bit.

He didn't take the power for himself as he transferred it to his father, Huang Long!

Sitting in the air, Huang Long circulated his secret art to receive the power. As Huang Sheng's strength came from him in the first place, it didn't take long for him to recover his strength. His injuries healed rapidly.

Eventually, he returned to his peak state.

A smile could be seen on Huang Xiaolong's face as he asked, "Father, how do you feel?"

Huang Long nodded his head as he felt his strength returning. "It's back! In fact, I'm pretty sure I grew a little stronger."

Huang Xiaolong heaved a sigh of relief. "That's great."

He finally treated Huang Long's injuries!

In order to save his father, Huang Xiaolong had been through a lot! Now, he could finally relax.

Now that Huang Long had recovered, Huang Xiaolong chose to enter the seclusion to refine Huang Sheng's remaining bloodline and his grand cosmos energy.

Huang Sheng struggled unceasingly when Huang Xiaolong devoured him, but he failed to change his fate.

Tens of thousands of years later, Huang Sheng reached the limit.

“Huang Xiaolong, I curse you! I won’t let you off even in death!” Huang Sheng screamed. “In the future, Lord Dragon will capture you and make you suffer a life worse than death! He will extract your soul”

Huang Xiaolong grabbed Huang Sheng by the neck and snorted, “Not to worry. I’ll extract your soul before that happens!”

After he spoke, he started to look through Huang Sheng’s soul.

A frown formed on his face. He planned to look for clues on the Dragon Overlord in Huang Sheng’s mind, but it seemed as though the man didn’t know much either. He only knew that the Dragon overlord was located in the depths of the Unknown Lands. He didn’t even know the Dragon Overlord’s true strength!

“Unknown Lands...” Huang Xiaolong was slightly taken aback. The Dragon Overlord was actually located at the depths of the Unknown Lands!

From what Huang Sheng knew, Huang Xiaolong learned that the Unknown Space was massive! It was connected to all thirteen universes. He could enter the Unknown Lands from the Blazing Dragon Universe, but the only problem was locating the entrance.

Huang Xiaolong became more and more interested in the Unknown Lands. The Universe Boat was located there too, and Mei Jie was somewhere within. Now, this unknown expert known as the ‘Dragon Overlord’ was there too!

What in the world did the Unknown Land contain?!

When Huang Xiaolong searched through the souls of Meng Tian and the others, he discovered that there was a powerful restriction around their memories. Even with his strength, he couldn’t break through the restriction.

Chapter 3567: Yu Long

When he realized that he wouldn't be learning anything from Meng Tian and the others, Huang Xiaolong gave up reluctantly. Regardless, he would be heading over to the Unknown Lands in the future. He would know everything after some investigation. There wasn't a need to worry about it now.

Leaving seclusion, Huang Xiaolong looked for the Star Dragon Couple and Starly before heading back to the Star Dragon Universe.

He needed to ask the Star Dragon universe something when he was back. He promised the Star Dragon Universe to kill Yu Long previously, and now, he might be unable to kill the man, but he could capture him!

"Why do you need to return to the Star Dragon Universe?" Huang Long and the others were shocked by his sudden intention to head over.

"I promised the supreme existence in the Dragon Eye Cliff to kill Yu Long." Huang Xiaolong didn't hide anything from them. "I only managed to locate the Star Dragon Divine Tree because of the supreme existence. Now, it's time for me to fulfill my promise."

"There are some questions I wish to ask the supreme existence too."

After hearing his reason, no one had a reason to stop Huang Xiaolong.

"When do you plan to head over?" Huang Long asked.

Huang Xiaolong thought about it for a moment before sighing, "I'll go in a bit. I plan to head over to the World of Departed Souls to look for Xiaofei and the rest before leaving."

He hadn't seen them in several millions years. He couldn't help thinking of them from time to time.

"Alright, I'll go back with you." Huang Long smiled.

It didn't take long before they left for the World of Departed Souls.

They arrived several days later.

...

Seeing that Huang Xiaolong had returned, everyone in the Huang Family cheered happily.

After so many million years, everyone in the Huang Family had broken through. The weakest of them had broken through to the Primal Ancestor Realm. Most of them were in the Dao Venerable Realm, but they were quite a distance away from comprehending the elements.

After spending several months with his wives, Huang Xiaolong decided to leave for the Star Dragon Universe. With the Star Dragon Couple, Starly, and the experts he brought with him from the First Universe, they headed towards their destination.

Huang Long and Pangu chose not to follow Huang Xiaolong this time. With the members of the Huang Family, they sent him off.

As for Wang Meiqi, she decided to remain behind with the Huang Family. As a God of Creation at the grand completion stage, she could guide everyone in their cultivation.

...

Several months later, Huang Xiaolong and the others finally arrived at the Star Dragon Universe.

Rushing towards the Submerged Dragon Institute in Xuan Hong's flying ship, Huang Xiaolong discovered a ton of experts going in the same direction. When he finally asked around, he discovered that the Submerged Dragon Institute would only hold their martial arts tournament every one hundred million years. Anyone under the God of Creation Realm could participate, and anyone who entered the top ten ranks would be rewarded with Yu Long's guidance and creation-level pills.

Yu Long invited the various celestial emperors and other Gods of Creation to the Submerged Dragon Institute for them to observe the competition.

“Seems like we came at a good time.” Ao Xing chuckled.

Huang Xiaolong nodded with a smile on his face. “Since it’s a martial art tournament, I guess I’ll have to exchange pointers with Yu Long.”

“Heh, if Yu Long learns about your current strength, do you think he’ll agree to the exchange?” Ao Meixia snickered.

“Well, too bad he doesn’t know.” Huang Xiaolong grinned.

As laughter rang through the air, the group traveled happily towards their destination.

Several days later, they arrived at the entrance of the Submerged Dragon Institute.

Looking at the structures around him, Huang Xiaolong sighed. When he entered the Submerged Dragon Institute with Pangu in the past, all he wanted to do was to find a way to cure his father’s injuries. Everything seemed to pass so quickly!

When Huang Xiaolong was still thinking about the past, a voice rang through the air. “The Celestial Emperor of the Zhusheng Celestial Empire has arrived! Get out of the way!”

The Zhusheng Celestial Empire was ranked in the top ten ranks in the Star Dragon Universe. The Zhisheng Celestial Emperor’s strength was comparable to Ao Wen of the Bearded Dragon Celestial Empire!

Looking at each other, everyone on Huang Xiaolong’s ship chuckled.

A mere celestial emperor wanted more than three hundred Gods of Creation to make way for him! Nothing could be more amusing.

Huang Xiaolong turned to Zhu Yaowen and muttered, “Scare them away.”

“Yes, Your Highness!” Zhu Yaowen nodded before turning around to point at the flying ship approaching them. A terrifying ray of light broke a hole through the fabric of space and it flew past the Zhusheng Celestial Empire’s flying ship.

A tear countless miles long could be seen as chaotic air spewed from within.

Perhaps they were scared off by Zhu Yaowen’s display of strength, but the flying ship from the Zhusheng Celestial Empire stopped dead in their tracks. A shaky voice emerged from their flying ship after a long time. “Zheng Cheng didn’t mean to offend Lord Creation! Please forgive me!”

Zheng Cheng was the name of the celestial emperor from the Zhusheng Celestial Empire.

“Leave.” Zhu Yaowen ordered.

“Yes, Lord Creation!”

In the blink of an eye, the Zhusheng Celestial Empire’s flying ship disappeared.

“I’ll enter alone to capture Yu Long.” Huang Xiaolong addressed Ao Xing and Ao Meixia. “If you enter the Submerged Dragon Institute, Yu Long will probably pee his pants and run away!”

“Alright. We’ll stand guard here. He won’t be able to escape.” Ao Xing chuckled.

He knew that Yu Long was extremely afraid of them.

After sending Zhu Yaowen and the others to surround the Submerged Dragon Institute, Huang Xiaolong entered alone.

When the disciples of the Submerged Dragon Institute wanted to approach him, they realized that none of them could move!

Wherever Huang Xiaolong walked, everyone would be stuck in place.

In the heart of the Submerged Dragon Institute, Yu Long was happily chatting with Xu Long and the others.

Even though there was still some time till the start of the tournament, those who were supposed to come had already arrived.

Xu Long chuckled, "Fellow Cultivator Yu Long, you became so much stronger these past few years. I'm no longer your match."

"Brother Xu Long is exaggerating. No matter how much I cultivate, I won't be your opponent."

The two of them continued to give in to each other.

When that was going down, one of the higher-ups of the institute charged into the hall. "Lord Director, someone barged into the institute! From what they say, it's the long lost Huang Xiaolong!"

Chapter 3568: How Can You Be Stronger Than The Star Dragon Couple?!

"What?! Huang Xiaolong?!"

Yu Long, Xu Long, and the others were shocked.

Huang Xiaolong's status as the Star Dragon Couple's sworn brother was no longer a secret in the Star Dragon Universe.

"Did anyone else come with him?!" Yu Long panicked.

“No. He came alone.”

Yu Long heaved a sigh of relief silently.

A light flashed in Xu Long’s eyes. When Huang Xiaolong relied on the Star Dragon Couple’s backing to capture Chu Huaihao in front of him, he was greatly embarrassed. The incident was still stinging his pride after all these years.

“Go. Bring him here.” Yu Long ordered the expert who made the report.

“Yes, Lord Director!”

Before the man could leave the hall, a voice echoed in their ears. “There’s no need for the trouble. I’m here.”

Everyone turned to stare at Huang Xiaolong who was sauntering into the hall.

A frown formed on Yu Long’s face and he growled, “Huang Xiaolong, your position in the Submerged Dragon Institute has already been stripped! How dare you come back?!”

“Do you really think that I won’t dare to do anything to you because of the Star Dragon Couple?!”

Yu Long’s voice rang through the Submerged Dragon Institute.

Huang Xiaolong ignored Yu Long as he swept his gaze across everyone in the hall. Huang Xiaolong saw Xu Long, Ao Wen, and other people he was familiar with. When he entered the Submerged Dragon Institute to look for the Star Dragon Essence, Ao Wen provided him with the news.

Ao Wen lowered her head as she was too ashamed to look at Huang Xiaolong.

Yu Long’s expression sank when he noticed how Huang Xiaolong ignored him.

“Huang Xiaolong, you’re going too far!” Yu Long roared as he shattered the table beside him.

Huang Xiaolong took a single step and appeared in the plaza outside the grand hall. “Yu Long, stop yelling like a dead dog. I’ll give you a chance to fight me!”

Everyone in the Submerged Dragon Institute was shocked.

Yu Long stared at Huang Xiaolong while questioning what he just heard. “Huang Xiaolong, did I hear that right?! Are you f*cking crazy?! Do you really think that you’re as strong as the Star Dragon Couple?!”

One of the Gods of Creation at the grand completion stage in the Submerged Dragon Institute could no longer control his rage and he leaped to his feet. “Huang Xiaolong, even if the Star Dragon Couple comes today, I’ll teach you a lesson or two! Who the f*ck do you think you are?!”

They wanted to teach Huang Xiaolong some manners!

As soon as he spoke, he flew towards Huang Xiaolong. “Get down here right now! Get to your knees and apologize to Lord Yu Long!”

A God of Creation at the grand completion stage was horrifyingly strong! The faces of those present changed, and the experts of the various factions fell to their knees.

Just as everything thought that Huang Xiaolong would be beaten to the ground by the God of Creation, he casually waved his hand to nullify the attack coming his way. The God of Creation at the grand completion stage coughed a mouthful of blood. He was sent flying into the crowd and he crashed straight into Ao Wen of the Bearded Dragon Celestial Empire!

Ao Wen failed to react in time and the blood of a God of Creation at the grand completion stage stained his body. Despite his status as a celestial emperor, he nearly fell to his knees in fright.

The experts of the various celestial empires were paralysed with shock.

They weren't the only ones. Yu Long, Xu Long, and the various Gods of Creation present couldn't believe their eyes.

After Huang Xiaolong's disappearance, many people had been trying to guess how strong he had gotten. There were some who said that Huang Xiaolong entered the God of Creation Realm and he reached the small completion stage. Others said that he might have entered the large completion stage! A minority of them thought that Huang Xiaolong reached the grand completion stage!

No one expected him to reach the peak of the grand completion stage!

From what they saw, he wasn't any weaker than Yu Long or Xu Long! Even if he hadn't reached their level, he wasn't too far off!

Huang Xiaolong ignored the God of Creation who was sent flying and he turned to Yu Long, "Yu Long, get up here. As the director of the Submerged Dragon Institute, you should behave like one. You can't let your subordinate die on your behalf."

"Of course, it doesn't matter if you come up here or not. The outcome of the battle is already decided."

His voice stabbed the dao souls of those present.

Intentionally or unintentionally, the gazes of those present drifted to Yu Long.

Reaching the limit of his patience, Yu Long roared with laughter as killing intent spewed from his eyes. "Huang Xiaolong, you're too arrogant! I'll show you the end of someone who doesn't know his place!"

"Even if I offend the Star Dragon Couple, I'll teach you a lesson!"

As soon as the words left his lips, he charged at Huang Xiaolong. It was too bad Huang Xiaolong's palm emerged from the void beside him and slapped him senseless. Yu Long was sent flying as he crashed into the body of the first expert who moved against Huang Xiaolong.

Silence descended on the lands as everyone looked at Yu Long who was defeated by a single slap!

Blood trickled down Yu Long's cheeks as his teeth scattered across the floor.

As for Ao Wen, he could no longer control himself as he fell to the ground and a wet patch stained his pants.

"Was that what you wanted to teach me?" Huang Xiaolong frowned.

Yu Long crawled to his feet as he suppressed the humiliation he felt. With fright filling his mind, he cried, "This... This isn't possible! How are you stronger than the Star Dragon Couple?! This isn't possible!"

If Huang Xiaolong was stronger than them, why would he need them to capture Chu Huaihao?!

Yu Long was stuck in a state of disbelief and so was Xu Long. No one could believe that someone would be stronger than the Star Dragon Couple!

"That's because you don't know how vast the universe is!" Huang Xiaolong sighed.

With a sudden roar, golden light emerged from Yu Long's body. It illuminated the various spaces in the Submerged Dragon Institute and a staff appeared in his hand.

The Dragon Staff was a top-grade creation artifact, and it was created from the most precious treasures in the Star Dragon Universe. There wasn't a need to mention how strong it was!

Unfortunately for him, his opponent was Huang Xiaolong. With a simple wave of his hand, he blocked the Dragon Staff that was crashing down on him.

Huang Xiaolong casually flicked his wrist and sent Yu Long flying out once again.

Chapter 3569: Meeting the Star Dragon Universe Again

Yu Long crashed into the ground before Ao Wen and the Dragon Staff clattered onto the ground close to them.

With a simple gesture, Huang Xiaolong pulled the Dragon Staff over.

“This isn’t too bad. I’ll accept it for now.” Huang Xiaolong muttered before wiping out the soul imprint on the Dragon Staff. When Yu Long saw what happened, he vomited a mouthful of fresh blood. No one knew if it was because of the damage to his soul or if it was because of the humiliation.

“Huang Xiaolong, you went too far!” Yu Long roared as he rushed towards Huang Xiaolong in desperation.

Returning to his true form, a massive dragon blocked out the skies. His claws reached towards Huang Xiaolong, but they were swatted away by Huang Xiaolong’s palm. When a punch from Huang Xiaolong landed on Yu Long’s body, he was sent crashing through countless structures.

“Going too far?” Huang Xiaolong sneered. “I don’t think so.”

Yu Long vomited mouthfuls of blood and he cursed, “Huang Xiaolong, you...”

He wasn’t someone Huang Xiaolong could bully as he pleased... He was a god! He was a god standing at the peak of the thirteen universes!

Huang Xiaolong took a single step and appeared in front of Yu Long. “I was planning to teach you a lesson. However, I was asked to kill you.”

Asked?!

Yu Long and those around stared at Huang Xiaolong in stunned silence.

“Someone asked you to kill me?! How many treasures were you given?! I’ll double it!” Yu Long panicked. “I have a top-grade universe-level spiritual vein! There are other valuable treasures in the Submerged Dragon Institute!”

Huang Xiaolong snickered, “I was indeed given a treasure. However, it’s worth more than a million top-grade universe spiritual veins!”

What?!

Worth more than a million top-grade universe-level spiritual veins?!

Huang Xiaolong didn’t bother with Yu Long any longer as he sealed the man’s grand cosmos energy. He tossed him into the Sun Moon Furnace without another word.

Turning to look at Xu Long, Xu Long’s expression changed drastically. He turned away, pretending to not know Huang Xiaolong.

“Xu Long, you must hate me for what I did, no?” Huang Xiaolong chuckled.

When Huang Xiaolong just arrived, Xu Long was indeed enraged. Now, he quickly shook his head and stuttered, “Lord... Lord Huang Xiaolong must be kidding! Chu Huaihao went against Lord Huang on his own accord! He deserved to die! I forgot about everything that happened back then, how can I possibly blame you?”

Huang Xiaolong nodded slowly before looking at the other experts present.

Heaving a sigh of relief, Xu Long thought that Huang Xiaolong was going to let the matter rest. It was too bad Huang Xiaolong’s gaze soon returned to him.

“Don’t you have several universe-level spiritual veins left?”

Xu Long’s body froze as a bitter smile appeared on his face.

“As the strongest celestial empire in the Star Dragon Universe, how can you not possess some?!” Huang Xiaolong frowned.

“No... No... Lord Huang Xiaolong, please don’t be mistaken. I used up a few of them along the way...” Xu Long explained. Retrieving whatever he had left, Xu Long handed them over to Huang Xiaolong, “Lord Huang, these are all that I have left.”

Huang Xiaolong stared at two high-grade universe spiritual veins, four mid-grade ones, and nodded. He turned to look at the other experts present. “What about you guys?”

The Gods of Creation present felt their eyelids twitching slightly.

“Relax. I’ll give you Star Dragon Scales in exchange.” Huang Xiaolong explained. He took out several dozen Star Dragon Scales after he spoke, illuminating the space with silvery starlight.

The Gods of Creation who felt like they were about to get ripped off nearly danced in excitement.

“Lord... Lord Huang, are you serious?!” One of the experts at the peak of the grand completion stage of the God of Creation Realm asked in disbelief. Just a second ago, they thought that Huang Xiaolong was about to rob them clean!

“Of course!”

The moment they received Huang Xiaolong’s promise, none of them hesitated to take out all the universe-level spiritual veins they had.

Huang Xiaolong didn’t plan to rip them off either. He gave them the Star Dragon Scales according to the exchange rate in the First Universe. He was slightly taken aback by the amount of universe-level spiritual veins the Star Dragon Universe possessed. In the end, he managed to gather sixty of them from the Gods of Creation present.

Since most of the experts in the God of Creation Realm came to the Submerged Dragon Institute's tournament, they saved Huang Xiaolong a great deal of trouble.

Xu Long felt anger surging through his heart when he saw how everyone got their fair share of Star Dragon Scales in exchange for their spiritual veins. He was the only one who didn't receive anything in return! Even so, he wouldn't dare to bring up his dissatisfaction to Huang Xiaolong.

After obtaining the spiritual veins, Huang Xiaolong no longer bothered with them. He turned around to leave.

It remained eerily silent as Huang Xiaolong left the plaza.

Entering the treasury of the Submerged Dragon Institute, Huang Xiaolong swept everything into the Sun Moon Furnace. The guarding elder of the treasury could only weep sadly at the side while watching Huang Xiaolong's merciless pillaging.

After he was done, Huang Xiaolong approached the Dragon Eye Cliff. Like how he entered before, he went to the mysterious space to look for the consciousness of the Star Dragon Universe.

Seeing Huang Xiaolong again, the Star Dragon Universe was beyond shocked.

"You... You... You have already accumulated 14.5 billion units of grand cosmos energy!" It quickly discovered Huang Xiaolong's strength.

"Yes." Huang Xiaolong chuckled in response, "Senior Star Dragon, I promised to kill Yu Long for you previously. I have already captured him." After he said his piece, he released Yu Long from the Sun Moon Furnace.

Yu Long started to panic when he saw the space he was in.

"Huang Xiaolong, where the hell is this?! What do you want?!" Yu Long roared.

“Don’t you know where this is?!” The Star Dragon Universe’s voice boomed in Yu Long’s ears.

“You... Star Dragon Universe?!” Yu Long yelped.

“It’s good that you still remember my voice.”

“Huang Xiaolong, release me, please release me!” Yu Long turned around to grab Huang Xiaolong’s legs and he pleaded.

Ignoring Yu Long, Huang Xiaolong turned to the Star Dragon Universe. “Senior Star Dragon, I wish to inquire about some other matters now that I am here.”

He asked several questions about the Unknown Lands and the thirteen universes.

The Star Dragon Universe was shocked to hear Huang Xiaolong’s question on the Unknown Lands. A sigh entered Huang Xiaolong’s ears. “I don’t know much about the Unknown Lands as I am unable to leave the Star Dragon Universe, but I can be sure of one thing...”

Chapter 3570: Giant Palm

“The Unknown Lands is definitely left behind since the ancient era!” The Star Dragon Universe explained.

“Left behind since the ancient era...” Huang Xiaolong felt his soul trembling slightly.

There were countless rumors going around in the First Universe. The Unknown Lands belonging to an ancient era was one of them. With the Star Dragon Universe’s confirmation, it seemed as though the rumors were true!

“Yes...” The Star Dragon Universe became serious. “In fact, the thirteen universes were destroyed once before.”

“What?!” Huang Xiaolong gasped.

“That’s right. Other than the universes themselves, every single living creature was destroyed. Countless Gods of Creation fell...”

“Why?” Huang Xiaolong’s confusion was summed up in a single word.

The Star Dragon Universe sighed slowly, “No one knows the reason, not even myself. It seems as though there is a power stronger than the Thirteen Universes combined...”

“Was the thirteen universes destroyed by someone?!” Huang Xiaolong was stuck in a state of disbelief. “This... Did a Universe God do this?! There shouldn’t be a Universe God born in the various universes you...”

The Star Dragon Universe muttered, “There hasn’t been a Universe God since the start of time. However, there are existences comparable to it.”

Huang Xiaolong felt his heart pounding in his chest.

Existences comparable to a Universe God?

The very concept of a Universe God was terrifying! An existence like that could control the various universes with a single thought!

“There is no need to worry. Even if an existence like that is present, he is not a true Universe God. He doesn’t have the clairvoyance and control a Universe God has. At the very most, he has the ability to control space and time at an extraordinary level. You are a miracle who created three great worlds. It’s only a matter of time before you surpass him.” The Star Dragon Universe explained.

Nodding slightly, Huang Xiaolong finally heaved a sigh of relief.

“When the thirteen universes were destroyed previously, a majority of the experts died. However, there were some terrifyingly strong ones who banded together to resist the destructive energy.”

“There were experts capable of doing that?” Huang Xiaolong gasped.

Even though they worked together, it was proof that they were extremely strong!

“The seniors who did that possessed supreme strength! They managed to reverse the yin and yang and they carved out a space for themselves. Hiding in there, they managed to avoid destruction.” The Star Dragon Universe continued.

“Is that... Is that the space located in the depths of the Unknown Lands?” Huang Xiaolong guessed.

“That is correct. However, they are unable to leave the Unknown Lands despite transcending destruction. The moment they leave, they will face the extermination tribulations.”

Huang Xiaolong felt a heavy weight lifted off his chest after hearing what the Star Dragon Universe Said.

If those experts could leave the Unknown Space, the thirteen universes would definitely be thrown into turmoil!

After all, they could resist the power meant to destroy the thirteen universes! Creating a space on their own, one could only imagine how strong they were!

Huang Xiaolong’s thoughts turned to the Dragon Overlord who was backing Meng Tian and Huang Sheng. Could he be an expert from the ancient era?!

“They might be unable to leave, but what about other experts?” Huang Xiaolong asked.

“Their descendants should be able to.”

“Senior Star Dragon, do you know how many people survived during the destruction of the thirteen universes?” Huang Xiaolong frowned.

“This... I have no idea. There might be slightly more than a dozen of them...” The Star Dragon Universe replied.

Huang Xiaolong sighed.

Every single one of them should be a monstrous freak.

Huang Xiaolong changed his line of questioning to the thirteen universes. He wanted to know if there were natural worlds or regions where he could increase his strength.

The Star Dragon Universe might have lived for a long time, but it couldn't leave! It had no idea what went on in the other universes, and Huang Xiaolong could only search for clues on his own.

Half a day later, Huang Xiaolong left the Dragon Eye Cliff.

Yu Long was naturally left behind, and with his grand cosmos energy sealed, he would never be able to leave.

Despite the very obvious grudge between the Star Dragon Universe and Yu Long, Huang Xiaolong managed to suppress his curiosity.

When he emerged from the Submerged Dragon Institute, the Star Dragon Couple approached him immediately.

“Now, you're the most famous expert in the Star Dragon Universe!” Ao Xing roared with laughter.

“Should we head over to the Bearded Dragon World to eat some Fire Bugs?” Huang Xiaolong suggested.

Jumping in excitement, Starly roared, "Alright! That's a great idea!"

The Star Dragon Couple looked at each other and chuckled in amusement.

After arriving at the Bearded Dragon World, Huang Xiaolong and the three dragons ate their fill. When they were done, Huang Xiaolong bade his farewell and returned to the First Universe.

Since Meng Tian, Huang Sheng, and Yu Long were dealt with, the only thing left was the alliance between the Creation Palace and the Eternal Heaven Alliance. Once he was done with them, he could enter seclusion in peace. He would prepare himself to enter the Unknown Lands!

The Star Dragon Couple thought of going back to the First Universe with Huang Xiaolong, but they were stopped by him. With Huang Xiaolong's strength, he could easily suppress Kun Feng, Chen Yizhen, and Lin Tong even if they worked together. With the three of them gone, their alliance was headed for destruction.

Several months later, Huang Xiaolong led Zhu Yaowen and the others back to their home base in the First Universe.

"Your Highness, you're back!" Wang Zaixu and the others cheered when he returned. Even though they were given full control over the faction, Huang Xiaolong's absence meant that their strongest expert was gone! There were lots of trouble they had to deal with!

"Did anything happen in the years I left?" Huang Xiaolong asked.

Wang Zaixu looked at Jiang Hong and they started to hesitate.

Jiang Hong eventually broke the silence, "Nothing happened thus far, but they seem to be gathering their strength now. It seems as though they found some sort of support."

Huang Xiaolong raised an eyebrow in surprise. "Oh?"

Did they receive some sort of support from the Unknown Space?

Someone paid a visit to Huang Xiaolong the very next day, and he was a God of Creation at the peak of the grand completion stage. He was called Chen Bi, and he claimed to be from the Unknown Lands.

“Your lord is inviting me over to the Creation Palace?” Huang Xiaolong asked.

Chen Bi grinned. “Our lord has arrived in the First Universe and when he heard about the misunderstanding between all of you, he decided to be the mediator. He wishes for all of you to settle your difference amicably.”
