

Conqueror 3591

Chapter 3591: Scram?!

“What?!” The faces of everyone in the hall changed. Many people gasped in fright.

There had never been a time in history when all five beast kings gathered.

It was no wonder the royal family hadn’t done a thing!

“But... Why would the Golden Bear King kill disciples of our family?!” An eminent elder asked.

That was the true question they wanted an answer to. It was also the reason behind Old Ancestor Tao De’s summons.

Tao Shengfei, the patriarch of the Tao Family, continued, “It’s said that the beasts kings occupied core disciple Tao Xinren’s store the moment they entered the city. Tao Xinren’s men didn’t verify their identities, and they led several hundred disciples over to kick the beast kings out of their territory...”

Everyone knew what happened after that.

“Why would the Golden Bear King take over their store?!” Old Ancestor Tao De was getting more confused by the minute.

With their statuses, why would they bother with such a secluded area?! They could go anywhere they wanted, including the royal palace! Who would care about the storefront of a disciple of the Tao Family?

There was no way it was a coincidence. The street they were on wasn’t even located in a good area in the city!

Tao Shengfei explained, “The beast kings were spotted with three other individuals. One of them was Tao Hang, an inner disciple of our Tao Family. Tao Hang offended Tao Xinren in the past, and he escaped in order to keep his life. All these years, Tao Hang has been hiding in the Falling Water City.”

Those in the hall were in the upper echelons of the family, and they stared at the patriarch in a daze.

Why in the f*cking world would an inner disciple of their family be traveling with the five beast kings of the Sentient Mountain Range?!

Could they be here because of Tao Hang?!

Tao Shengfei and the others felt their eyes widening as they turned to glare at Eminent Elder Tao Xian. Tao Xian was Tao Xinren's grandfather, and there was no way he had no idea what Tao Xinren did.

"This... This isn't possible..." Tao Xian felt the world crumbling around him as his face turned green.

"How in the world did Tao Hang form a connection with the beast kings?!" Old Ancestor Tao De asked.

"Tao Hang was saved by a youngster when he resided in the Falling Water City, and the beast kings seem to listen to the kid." Tao Shengfei explained.

Everyone stared at Tao Shengfei in silence.

"This... This... Is the youngster a lord from the Sentient Mountain Range?!"

"That doesn't seem to be the case. I asked around, and the kid doesn't resemble the lord from the Sentient Mountain Range at all. Grand Marshal Sun Fu has also confirmed the fact."

"If that's the case, why would the beast kings listen to him?" Another eminent elder asked.

The moment the question left his lips, the entire hall fell silent.

They held their breaths and a terrifying conclusion flashed through their mind.

Tao Shengfei muttered, "I've heard that His Majesty, the celestial emperor, sent a royal statement to the youngster stating that he would pay him a personal visit."

What?!

Even the celestial emperor wanted to pay the man a personal visit! How terrifying did the youngster have to be?!

"But... But... The youngster refused to see him." Tao Shengfei muttered.

Refused to see the celestial emperor of the Golden Sea Celestial Empire?!

The members of the Tao Family felt their hearts trembling.

"We managed to uncover the deaths of those of the Wei Family back in the Falling Water City. They were also killed by the Golden Bear King."

"It's no wonder the Wei Family refused to do anything after their disciples were killed!" Tao De muttered to himself. As the old ancestor of the family, he heard a lot more news compared to the eminent elders.

"Old Ancestor, this..." Tao Shengfei asked.

Getting to his feet, Tao De glared at Tao Xian. "Pass down my order. Summon Tao Xinren right now! Get the hell back to the manor now!"

"All of you here, we'll bring Tao Xinren to the lord! We'll give him a proper apology!" Turning to look at Tao Xian, Tao De continued, "We'll also apologize to Tao Hang!"

The entire upper echelon of the Tao Family would apologize to an inner disciple!

If the news were to spread, they would become a laughing stock of the world! Even so, Tao De still chose to give the order.

Not a single person in the hall dared to oppose the idea.

In the vicinity of the Sea of Burial...

Tao Xinren slayed a ghost corpse along with several other disciples, and they reveled in their victory. However, his transmission symbol trembled slightly, and he discovered that there was a message from his grandfather.

As an eminent elder of the family, Tao Xian was busy most of the time. Even though he doted on Tao Xinren, he wouldn't be able to send him a message most of the time. He jumped in joy, but when he was done reading the message, his expression froze.

"Get back to the Tao Family Manor?" Tao Xinren didn't believe his eyes. Why would his grandfather summon him back with such urgency?

It was an order from the old ancestor!

When that happened, the transmission symbols of the other core disciples shook. It was an order from the patriarch, and they were to capture Tao Xinren immediately! All of them were responsible for bringing him back to the manor!

Their expressions became weird when they looked at Tao Xinren.

"Brother Xinren, we received an order from the patriarch to escort you back to the manor immediately. Please forgive us." One of them spoke.

Charging towards Tao Xinren, they took him down instantly.

"You! This can't be happening! I didn't do anything wrong! Why will Lord Patriarch do this?!"

The disciples were clueless, but they had to follow the orders of the patriarch. After all, going against the patriarch's order would land them in a lot of trouble. Even though they had been hunting ghost corpses with Tao Xinren recently, they had to do as the patriarch said!

In the blink of an eye, several days passed.

After some effort, Tao Hang finally bought over the surrounding streets.

Huang Xiaolong sent the five beast kings out to build the manor immediately.

As the Black Lion King summoned a ball of black flames, he leveled everything in the plot of land. The Golden Bear King stomped on the ground and it became as hard as iron. The three other beast kings made their move, and a grand manor was soon constructed.

The material that they used to build the manor came from the Submerged Dragon Institute, and they used the worst material they could find. Even so, the quality of the manor far exceeded the grand palace.

The manor was countless times bigger than that in the Falling Water City, and Huang Xiaolong personally imprinted the mark of a blue dragon at the entrance. At the same time, he casually threw down several formations around the structure.

Chapter 3592: Assault of the Ghost Corpses

Tao Han'er's eyes were filled with stars when she walked around the manor. "Lord, is this really the place we'll be staying in from now on?"

Huang Xiaolong chuckled. "It'll do for now."

The Golden Sea City was just a small city in the First Universe. Huang Xiaolong didn't plan to stay for long, and that was the reason he only used the lowest quality material in the treasury to construct it.

As such, it was pretty much a temporary base.

When Tao Hang and Tao Han'er heard what he said, they couldn't help but stare at him in shock. The manor they were living in was more luxurious than the royal palace!

"Lord, Patriarch Wei Long sent someone to request an audience with you. He wishes to apologize for Wei Dafa's behavior, and he brought along Eminent Elder Wei Bi and Wei Dafa's master, Wei Changqing." Tao Hang reported.

"There's no need for that. Tell them to go back." Huang Xiaolong muttered.

Bowing respectfully, Tao Hang left the main hall. As soon as he left the gates of the manor, he saw the entourage from the Wei Family several hundred meters away.

When they saw Tao Hang, Wei Long ran over with an enthusiastic expression on his face. "Fellow Cultivator Tao Hang, what did he say?"

Complicated emotions welled up in Tao Hang's heart. That was the patriarch of the Wei Family! Even the patriarch of the Tao Family would have to lower his head respectfully, but the man was acting humbly in front of Tao Hang!

"My lord requested for all of you to return." Tao Hang eventually spoke.

Falling into silence for some time, a smile slowly returned to Wei Long's face. "It's alright. We'll come another time." After speaking, he left with the members of the Wei Family.

"Lord Patriarch, the youngster might not be a God of Creation!" An eminent elder of the Wei Family spoke up. "Who knows, he might just be a junior of the two lords of the Sentient Mountain Range. That's the reason behind the beast kings' loyalty."

"That's right! He might not even be a Son of Creation! For all we know, his relationship with the beast kings might be fake!"

“Even if he is a God of Creation, how dare he refuse to meet the patriarch?!” Wei Tingxian, an eminent elder of the Wei Family grumbled.

In fact, everyone from the Wei Family was angry.

Even though Wei Long didn’t say anything, his expression said it all. He was equally as pissed off.

“If he really is a God of Creation at the level of Lord Jin Hai, it won’t matter.” Wei Xiaoyue spoke up all of a sudden. “Don’t forget, he didn’t even grant the celestial emperor an audience.”

The eminent elders of the Wei Family fell silent.

“Xiaoyue, do you think that the youngster is a God of Creation at the large completion stage?! Is he really as strong as Lord Jin Hai?!” Wei Long pondered.

“It’s very possible.”

“This doesn’t seem too likely. If he really is as strong as that, we would have heard of him!” Wei Tingxian explained.

“We’ll know whether or not he’s a God of Creation as soon as Lord Jin Hai returns.” A light flashed in Wei Long’s eyes.

The moment the words left his lips, a heaven shaking blast caused the earth to shake. Rays of light surrounded the city as dao runes filled the skies.

The faces of those from the Wei Family changed.

They could tell that the trembling came from an impact far beyond their abilities of comprehension. Clearly, someone wanted to destroy the city. It only managed to remain standing because of Jin Hai’s protective formations.

“What’s going on?!”

Wei Long and everyone else opened their dao eye and they saw the giant army of ghost corpses hovering above the city. There were countless ghost corpses, and there were more pouring out from the massive black hole not too far away from the city.

“It’s the ghost corpse army!” The members of the Wei Family gasped in shock.

It was obvious that the ghost corpse army arrived through the black hole, but no one had any idea how the Sea of Burial managed to create a spatial tunnel connecting them to the Golden Sea City!

How in the world did nobody notice the change?!

When everyone saw the amount of ghost corpses pouring out of the black hole, they were struck speechless.

The ghost corpse army was nothing like the random ghost corpses that roamed about the lands. If they chose to attack as one, a nightmare would descend on the land.

“Pass down my order! Open the grand formation around the manor! Every single disciple of the Wei Family is to get ready for battle!” Wei Long roared.

As soon as they heard his order, the eminent elders stared at each other silently.

They would only activate the grand formation when the family was facing destruction!

“Lord patriarch, the city is protected by the formation laid down by Lord Jin Hai. The ghost corpse army wouldn’t be able to shatter it...” Wei Tingxian muttered.

After all, activating the formation would consume a lot of resources.

Wei Long shook his head. “Lord Jin Hai isn’t in the city right now and neither is our old ancestor. The ghost corpse army chose such a convenient time to attack and there has to be more behind it. The grand formation around the city might not be able to hold them off!”

The Wei Family finally realized that things were much worse than they thought.

In fact, Jin Hai heading over to the Sea of Burial might be part of the giant conspiracy!

“However, our grand formation wouldn’t be able to hold them back if the city’s formation shatters...” Wei Xiaoyue frowned.

If the formation laid down by Jin Hai was shattered, there was no way their grand formation could hold the assailants back!

As for the grand formations of the other great families, there was nothing else to say.

“Should we pass down the order for every disciple to vacate the city?” An eminent elder asked.

“It’s too late for that.” Wei Long sighed.

In the blink of an eye, the entire ghost corpse army had surrounded the city. Not even Dao Venerables who had comprehended all thirteen elements to the grand perfection level would be able to leave, much less disciples of their Wei Family. There were too many ghost corpses, and the marshal leading them had to be peak-level experts in the Dao Venerable Realm too!

“What should we do now? The moment the grand formation protecting the city breaks, we’ll all turn into food for the ghost corpses!”

Chapter 3593: Why Are The Five Beast Kings Here?!

When they thought about their miserable end in the hands of the ghost corpses, everyone shuddered.

No one there didn’t fear death.

All of a sudden, a giant blast sounded in the skies once again and the strike that landed on the grand formation around the city was much stronger than the previous one. The sunlight that filled the land with warmth was replaced by darkness, and corpse qi filled the skies.

The corpse qi became an everlasting smog that shrouded the lands, and it gave off a sense of pressure they never felt before.

The members of the Wei Family noticed that the grand formation protecting the city was slowly being eaten away by the corpse qi.

Their faces changed as Wei Long gasped, "This doesn't seem right, this... This..."

A massive figure appeared beyond the barrier as the words left his lips. Golden colored corpse qi surrounded his body, and he was nearly a million feet tall! Everyone could feel the terrifying corpse qi rolling off his body through the barrier.

"It's Lord Jin Shi!" The members of the Wei Family screamed.

There were two Gods of Creation in the Sentient Mountain, and there were similarly two God of Creation Realm ghost corpses in the Sea of Burial. The two of them controlled the universe source dao and they were terrifyingly strong. Lord Jin Shi was one of them, and he was at the large completion stage of the God of Creation Realm.

The moment he appeared, the entire city fell into chaos. Experts charged out of their manor and stared into the skies. People started to run around as they looked for a way to leave the city.

A ray of light emerged from the royal palace and Jin Chengguang emerged with the various marshals.

He looked at Jin Shi and roared, "Lord Jin Shi, our ancestor made an agreement with you in the past! You're not allowed to attack our city!"

The Golden Sea Celestial Empire, Sentient Mountain, and the Sea of Burial had an agreement that Gods of Creation were not allowed to take part in the battles between them.

Jin Shi roared with laughter, "Agreement? I have no idea what you're talking about."

After he spoke, another figure appeared beside him.

Jin Chengguang felt his heart dropping at the sight of the newcomer.

"Lord Qin Feng!"

Qin Feng was a God of Creation from the Qin Feng Celestial Empire. He was a God of Creation at the large completion stage, and they had always been at peace with the Golden Sea Celestial Empire. Who would have thought that he would join hands with Jin Shi!

Yet another figure appeared all of a sudden.

Lo and behold, it was another God of Creation.

He was from the White Island Celestial Empire, but his strength was a little lacking compared to the other two. He was close to the large completion stage of the God of Creation Realm, but he wasn't quite there yet.

The faces of those in the city fell into despair when they saw the three Gods of Creation standing outside the barrier.

If the three of them joined hands, not even Jin Hai would be able to stand against them! Not to mention the fact that he wasn't even there!

The three of them looked at the experts of the various families running around like headless chicken.

“Everyone in the Golden Sea City, listen up! We only wish to occupy the royal palace! Other than the members of the Jin Family, we’ll accept everyone who surrenders! If you choose to stand against us, we’ll feed you to the ghost corpses!”

The city calmed down in an instant when they heard the terms.

The old ancestors and patriarchs of the various families started to communicate among each other.

There was no one who would choose to stand with the Jin Family now that their existence was threatened.

When Jin Chengguang looked at the various families, rage filled his heart. However, he didn’t have time to care about them as the three Gods of Creation made their move! They summoned their creation artifacts as they slashed at the barrier.

Bang!

The earth shattered and the heavens trembled. The rays of light that protected the city started to dim.

Jin Chengguang and those from the royal family started to panic. If they kept that up, the formation would shatter in a matter of minutes!

“Your Majesty, leave now! We’ll hold them back with our lives! You have to live on with the various princes!” Sun Fu yelled.

“We’ll hold them back with our lives!” The marshals of the celestial empire roared in unison.

However, Jin Chengguang shook his head slowly and sighed, “The space around the city has been sealed. I have nowhere to go. It seems like heaven has forsaken our empire...”

Another blast resounded as the three of them landed another round of attacks on the barrier.

It didn't take long before the barrier cracked. The moment it did, the ghost corpse army occupied the city.

The city might be large, but the number of ghost corpses couldn't be underestimated. They swarmed the streets instantly, and the army housed in the palace were completely useless in the face of the ferocious assault.

Amidst the wretched cries, the large families chose to surrender.

Jin Shi, Qin Feng, and Bai Zhou watched on as the slaughter happened. They looked on as Jin Chengguang and the marshals fought against the endless sea of enemies.

The ghost corpse army moved unhindered in the city. They managed to occupy the entirety of the city, but when they arrived at a giant courtyard in the north, they were stopped by another barrier. The ghost corpses who approached were killed instantly, and not a single ghost corpse could approach ten thousand feet from the manor.

The manor was like a separate space compared to the chaotic city.

Qin Feng and Bai Zhou were shocked by the sight.

Roar!

All of a sudden, the three Gods of Creation saw five giant beasts charging out of the manor. They charged out like gods of war as they engaged in slaughter. Swathes of ghost corpses were killed.

"Are they the beast kings of the Sentient Mountain Range?!" Jin Shi and the others gasped.

Why in the world would the five beast kings of the Sentient Mountain Range run all the way over to the Golden Sea City?!

Chapter 3594: Don't Go Too Far

Could the two lords of Sentient Mountain Range also be in the city?

Jin Shi and the other two frowned.

Thinking about the possibility, they stopped the army from approaching the manor. Cupping their fists, they slowly approached. "Are fellow cultivators from the Sentient Mountain Range?"

The two lords of the Sentient Mountain Range were no weaklings. One of them was at the large completion stage of the God of Creation Realm, and the other was at the peak of the small completion stage. Jin Shi didn't dare to show them any disrespect.

Even so, they didn't get a reply.

Jin Shi stared at the manor in silence.

Just as Qin Feng and Bai Zhou were about to speak up, a voice came from inside the manor. "Take all the ghost corpses and scram! Oh right, leave behind all your creation-level herbs and pills. If you have universe-level spiritual veins, hand them over. Put your weapons down along with any creation pills you have before leaving."

?!

His voice was firm, and there was no denying it. He was serious.

Jin Shi and the others were slightly taken aback, but rage filled their hearts the next instant.

"Who the hell are you?! Why would you pretend to be from the Sentient Mountain Range?! Who do you think you are? How dare you ask us to leave our treasures before leaving?!" Jin Shi roared.

Initially, they wanted to be courteous to the lords of the Sentient Mountain Range. However, they didn't think that the other party would start with such an unreasonable request! The way he spoke was nothing short of disrespectful.

However, they wouldn't dare to make any rash moves as they had no idea how strong Huang Xiaolong was.

Jin Chengguang and the experts on his side noticed the abnormality, and they also heard what he said. None of them believed what they were hearing.

"What if we refuse?" Qin Feng snorted in anger.

"I strongly advise you to follow what I say. If you refuse, you won't be able to leave even if you want to." Huang Xiaolong's voice rang through the skies.

Qin Feng's temper was never great, and the axe in his hand cleaved downwards at the manor once Huang Xiaolong was done. With 3.2 billion units of grand cosmos energy powering it, the giant axe tore through the void as it appeared above the main structure. Just as it was about to break the manor in half, an ordinary looking arm appeared. He flicked his fingers once, and the giant axe was sent flying. The power behind the strike rebounded instantly.

Clang!

A clear ringing sound rang in the ears of those present in the city.

Under the gazes of Jin Chengguang, Wei Long, and the others, the axe flew through the air and Qin Feng was sent tumbling through the air like a shooting star.

No one knew how many ghost corpses he smashed into, but he created a giant crater when he finally landed.

Boom!

The city shook as various structures fell. A cloud of dust filled the air.

Everyone felt their jaws dropping in fright.

Jin Shi and Bai Zhou sucked in a long breath.

Qin Feng was the strongest among the three, and he had been in the large completion stage of the God of Creation Realm the longest. Jin Shi had barely broken through, and he had 3 billion units of grand cosmos energy. As for Bai Zhou, there wasn't much to say since he hadn't entered the large completion stage.

The strongest among them, Qin Feng, was sent flying with a single flick!

In fact, none of them knew that that was merely one ten thousandth of Huang Xiaolong's actual strength. No... That might even be an overestimation. If Huang Xiaolong used any more strength, Qin Feng would have exploded into a mist of blood.

With Huang Xiaolong's 18 billion units of grand cosmos energy, half-step Universe Gods were nothing more than trash! Not to mention a mere God of Creation at the large completion stage.

Vomiting mouthfuls of blood, Qin Feng felt his entire arm going numb. There was no feeling in his arm that held the axe, and terror assaulted his mind.

The entire city fell silent in an instant.

The ghost corpse army that was killing to their heart's content froze on the spot, and so did Jin Chengguang and the marshals. They stopped whatever they were doing and they forgot that they were surrounded by million and million of ghost corpses.

Jin Shi stuttered after some time, "I wonder which lord graced the Golden Sea City with your presence... We apologize for offending you! We'll call the army back immediately!" As soon as he spoke, he called for a full scale retreat.

Like a receding tide, the ghost corpse army left the city as quickly as they came.

Jin Chengguang and the others heaved a sigh of relief when they saw the army leaving.

Before Jin Shi and Bai Zhou could leave with their army, a figure emerged from inside the armor.

When they saw Huang Xiaolong's young appearance, they were shocked.

With his hands clasped behind his back, Huang Xiaolong looked at Jin Shi and the others. "You seem to have forgotten whatever I said."

Their expression turned completely unsightly.

As Gods of Creation, they definitely had creation pills and creation-level herbs on them. However, they only managed to obtain those treasures after a lot of effort. As for their creation artifact, it was something they would never part with.

Their creation artifact was what Gods of Creation treasured the most!

"Lord, we can give you everything other than our artifacts... After all..." Jin Shi hesitated for a moment.

Huang Xiaolong was completely expressionless and he muttered, "I gave you a chance and you refused to take it. Now, I want the treasures of your respective factions!"

Their expressions changed once again.

The treasures of their factions contained wealth accumulated after countless generations! Now, Huang Xiaolong wanted all of it!

"You're going too far!" Jin Shi raged, "Don't even think about it!"

Bai Zhou continued, "Let me tell you something, we have a great relationship with Lord Zhang Yun! Don't push us too far!"

Zhang Yun was a God of Creation at the grand completion stage in the Limitless Land, and he had 7 billion units of grand cosmos energy. He was extremely famous throughout the lands!

Chapter 3595: Meeting Lord Zhang Yun

Qin Feng sneered, "We made a great concession when we agreed to leave the creation pills and herbs. Don't think about getting anything more from us! Otherwise, you won't be able to afford the consequences of offending Lord Zhang Yun!"

Huang Xiaolong chuckled when he heard how they tried to use Zhang Yun to pressure him into backing off.

"I'm going too far? Alright. I'll show you what that actually means." Huang Xiaolong reached out with a single hand and pulled all three of them towards himself.

They were frightened when Huang Xiaolong made his move.

"We'll go all out! He might not be able to defeat all three of us when we work together!" Jin Shi yelled. After the words left his lips, golden light covered his body. The golden corpse qi he produced turned into golden corpse dragons that had sinister expressions on their faces. Corpse qi filled the air, and it was a hundred times more terrifying than the corpse qi that was once in the air.

Jin Chengguang and the others were taken aback when they felt the increase in power. He might be at the peak of the Dao Venerable Realm after comprehending thirteen elements to the grand perfection level, but he knew that the corpse qi dragons would tear him to shreds in an instant!

Jade green light emerged from Qin Feng's body and it contained the power to affect the souls of everyone present. They felt as though their dao souls had fallen into a quagmire, and it became extremely uncomfortable.

As for Bai Zhou, he summoned a ball of white light that possessed the power of a trillion suns that hung high above the city.

“Die!”

The three of them moved in unison, and they appeared before Huang Xiaolong in an instant. Jin Shi held onto an item that looked like a long bone spike. Bai Zhou used a pure white sword that could allow him to challenge Gods of Creation who just entered the large completion stage.

The white sword circled Huang Xiaolong and it sliced towards the back of his head.

His move was extremely unpredictable, and ordinary experts at the large completion stage of the God of Creation Realm might be surprised by his sneak attack.

Qin Feng’s axe slashed at Huang Xiaolong’s chest and he came with a vengeance.

Their combination was pretty great, and it was evident it wasn’t their first time working together.

Huang Xiaolong couldn’t help but laugh when he heard their assumption that they would be able to take him down when they worked together. They couldn’t even see Huang Xiaolong’s movement before they were sent flying.

By the time they landed, the entire area was a mess and their bodies were covered in rubble.

The three creation artifacts they held were stabbed straight into the walls of the city.

When Jin Chengguang and the others saw what happened to the three Gods of Creation, waves of shock battered their tiny little hearts.

Bai Zhou might not be at the large completion stage of the God of Creation Realm, but he wasn't any weaker than Jin Shi! When they worked together, the power of three God of Creation Realm experts at the large completion stage were unleashed to the maximum! Even so, they were crushed!

Huang Xiaolong didn't even attack them!

As for the marshals of the retreating ghost corpse army, they were terrified.

Huang Xiaolong ignored everyone else as he appeared in the skies above the three of them. A gust of wind swept through the lands to reveal their sorry figures in the ground below.

Blood stains covered their bodies and their faces were covered in dirt.

Fear filled their hearts when they saw Huang Xiaolong standing above their heads.

"You!" Jin Shi was afraid, but rage soon filled his heart. Huang Xiaolong's strength was far beyond his expectations!

With another wave of his hand, he dragged the three of them over.

Soon after, their spatial artifacts were taken from them and so were their creation artifacts that were stuck in the city walls.

"Who in the world are you?!" Bai Zhou roared, "Since you dare to steal our artifacts, we'll report this to Lord Zhang Yun! He'll hold you accountable for your actions!"

"Lord Zhang Yun? Never heard of him..." Huang Xiaolong muttered.

Searching through their dao souls, he discovered that there were special restrictions laid down on it. However, the restrictions were much weaker than the ones placed on the dao souls of Huang Sheng, Zhu Qiming, and the experts around Meng Tian.

Carefully studying the restrictions around their dao souls, Huang Xiaolong realized that he had the ability to shatter them safely if he put his mind to it. He could easily brand their dao souls with his own to control the three of them.

Of course, that would alert the Limitless Master as the restrictions were probably laid down by him. He might even draw the attention of the Dragon Overlord, and he decided against shattering the restrictions.

Soon after, he brought the three of them towards their factions. He swept their treasuries clean without a second word.

The three of them could only curse at Huang Xiaolong silently.

When they were done, Huang Xiaolong released the three of them.

As they stared at his leaving figure, they gnashed their teeth in anger.

“Let’s report this to Lord Zhang Yun! We’ll go to Cloud Mountain right now!” Jin Shi growled as hatred flashed in his eyes.

Qin Feng and Bai Zhou nodded.

...

When Huang Xiaolong was done, he returned to the Golden Sea City only to see the Golden Sea Army cleaning up the area.

“Lord, you’re finally back! The ancestors and patriarchs of the various families are currently kneeling outside the manor! They wish to meet you personally to thank you for saving the city.” Tao Hang reported the moment Huang Xiaolong returned.

Huang Xiaolong’s feat of defeating the three of them caused the hearts of the old ancestors to tremble.

“It’s alright. Send them back to their manors. I shall enter seclusion right now.” Huang Xiaolong instructed before telling Tao Hang and Tao Han’er to stay in the city. Before Tao Hang could react, Huang Xiaolong disappeared.

Now that he received the treasuries from the three great factions, Huang Xiaolong could power the grand formation on the Universe Boat for quite some time.

Chapter 3596: Meeting Jin Hai

A helpless smile appeared on Tao Hang’s face when he realized that Huang Xiaolong wasn’t planning on meeting those kneeling outside. He would have to play the role of the bad guy once again...

When he thought about how he would send Celestial Emperor Jin Chengguang away, Tao Hang felt his head going numb. He was a mere Primal Ancestor, but he was tasked with sending the celestial emperor away!

Moreover, there were members of the Tao Family kneeling outside! He was a mere inner disciple of the family, but he was going to send the old ancestor and patriarch of his family packing!

Turning around, Tao Hang saw Tao Han’er staring at Huang Xiaolong’s palace and he couldn’t help but ask, “Han’er, are you alright?”

Tao Han snapped back to attention and sighed, “I’m alright. Let’s go.”

When they emerged from the manor, they saw a sea of people kneeling before the entrance. At a glance, Tao Hang knew that there were thousands, if not more, waiting for Huang Xiaolong.

All of them were experts in the Golden Sea City who had comprehended ten or more elements to the perfection level. Every single existence kneeling there were old ancestors or patriarchs of the great powers.

In fact, they had been kneeling there for quite some time.

When Jin Chengguang saw Tao Hang and Tao Han'ER leaving the manor, excitement flashed in his heart and he went up hastily. "Fellow Cultivator Tao Hang, did the lord return?"

Tao Hang didn't dare to slight the celestial emperor and he quickly replied with his fists cupped together, "Yes, Your Majesty, he's back... However..."

Their hearts trembled when the words left Tao Hang's lips.

"The lord entered seclusion the moment he returned." Tao Hang could only make the report truthfully.

"That... How long will he be in seclusion?"

Tao Hang shook his head and sighed, "I have no idea. Would all of you like to return to your residences first?"

Jin Chengguang's sighed in his heart. However, he could only maintain the smile on his face as he addressed Tao Hang and Tao Han'er, "Alright. I would have to trouble you to inform me when the lord leaves seclusion. I wish to pay him a personal visit to thank him for saving the city."

"Of course." Tao Hang bowed quickly.

In the end, everyone could only return to their respective manors. Before they left, all of them bowed respectfully in the direction of Huang Xiaolong's manor.

The only people who acted differently were the members of the Tao Family. Tao De, the old ancestor of the Tao Family, went up to Tao Hang and smiled, "Fellow cultivator, I have already sent for the arrest of Tao Xinren! He will be brought back to the city soon, and you can deal with him as you please as soon as he's back."

Tao Hang paused for a second before thanking Tao De, "Many thanks, Old Ancestor..."

Tears of joy appeared in Tao De's eyes when he heard Tao Hang's address. He hastily replied, "Fellow Cultivator Tao Hang, there's no need to call me your ancestor! You can call me by my name!"

When the old ancestors of the various families heard what Tao De said, weird expressions appeared on their faces.

"This..." Tao Hang hesitated.

"Fellow cultivator Tao Hang, our Tao Family will always await your return." Passion ignited in Tao De's eyes and he continued, "As long as you return, you will be the next Tao Family Patriarch!"

?!?!

He was a mere Primal Ancestor, but the old ancestor was willing to pass him the position of the patriarch!

...

When everything went on outside, Huang Xiaolong had sealed himself in the grand formation of the Universe Boat. He retrieved the treasures from all three treasuries and threw them into the eye of the formation in order to produce universe source qi!

Looking at the millions of strands of universe source qi, Huang Xiaolong sat down happily as he circulated all three creation arts. He started to refine the qi as he comprehended the mysteries of the universe.

The three great worlds in him sucked in the universe source qi around him quickly.

Several years later...

Huang Xiaolong refined the last bit of energy in the formation and he gained quite a bit during his cultivation.

He purified his entire body during this round of cultivation. In the past, Huang Xiaolong experienced a shocking increase in strength as he devoured the power of Huang Sheng, Ao Wanshan, and the others using the power of the Star Dragon Divine Tree and four Universe Origin Fires. When that happened, there were many hidden dangers buried in his body. They reached a terrifying level, and if not for the fact that he discovered them, things might be disastrous!

If he continued to devour Huang Long Bloodlines, the hidden dangers in his body would erupt like a massive volcano! When that happened, his dao souls would shatter and his dao heart would explode!

Nothing would be able to save him then.

Luckily for him, the universe source qi in the Universe Boat and the various powers it contained managed to purify his body. As long as he continued to cultivate in the grand formation of the Universe Boat, he would be able to cleanse his body. When that happened, he would be able to enter the grand completion stage of the God of Creation Realm.

He was lucky he managed to obtain the Universe Boat. Beads of sweat dripped from his forehead when realized the consequences.

Huang Xiaolong calmed himself down before leaving his palace.

“Lord!” Tao Hang jumped in joy the moment he saw Huang Xiaolong’s figure. He didn’t expect Huang Xiaolong to emerge from cultivation so soon.

“Lord!” Tao Han’er revealed a cute little smile at the side.

Nodding slightly, Huang Xiaolong chuckled, “Han’er is growing prettier by the day.”

It was true. Perhaps it was because of her cultivation in the way of the sword, but there was a heroic aura growing around her and it accentuated her beauty.

“This...” Tao Han’er blushed and she didn’t dare to look at Huang Xiaolong in the eye.

“Lord Jin Hai and the old ancestor of the Wei Family, Wei Zhi, have returned to the city. When they learned of your actions, they requested an audience in order to thank you. They asked for me to notify them the moment you left seclusion...”

Huang Xiaolong laughed casually, “Alright, call them over.”

Tao Hang smiled when he realized that he wouldn’t have to offend the other great lords this time. “Yes, Lord!” He left the manor instantly in order to notify the experts of the celestial empire and the Wei Family.

“Lord, do you think I’ll ever be able to enter the God of Creation Realm with my talent?” Tao Han asked when she saw that Tao Hang was gone.

Staring at her in silence, Huang Xiaolong eventually smiled, “Talent is secondary. As long as you cultivate with all your heart, you will definitely enter the God of Creation Realm someday.”

With joy filling her heart, Tao Han’er nodded her head.

Chapter 3597: Top Five

It didn’t take long for Jin Hai and Wei Zhi to arrive. Even though they were Gods of Creation, they were extremely respectful when speaking to Huang Xiaolong.

In the main hall, Huang Xiaolong invited them to take a seat.

“When the ghost corpse army attacked the city in the past, you managed to save the city single-handedly. We are extremely grateful to fellow cultivator.” Jin Hai stood up and cupped his fists.

Waving his hand, Huang Xiaolong chuckled, “It’s nothing.”

Wei Zhi stood up soon after, and he bowed respectfully, “Our Jin Family and Wei Family managed to gather up several creation level pills, and creation level herbs. We have two universe-level spiritual veins, and we wish to present them to fellow cultivator for saving the city.” He handed over a spatial ring after he spoke.

Huang Xiaolong didn’t reject the gifts.

“I came to the Limitless Land not too long ago, and I’m unfamiliar with the situation here. Please enlighten me.” Huang Xiaolong smiled.

Getting to their feet, Wei Zhi and Jin Hai stood at attention. “We will answer your questions to the best of our abilities!”

Since they heard the reports, they had their guesses that Huang Xiaolong wasn’t from the Limitless Land. After all, he was too damn strong! If he hailed from the Limitless Land, his name would have long since shocked the world.

As such, they didn’t question him about the fact that he was unfamiliar with the Limitless Land.

Soon after, he asked them many questions about the current situation.

Huang Xiaolong subdued the five beast kings in the past and looked through their memories in order to gain a clearer picture about the Limitless Land. Even so, the five beast kings weren’t Gods of Creation, and the secrets of the world were hidden from them. As experts in the God of Creation Realm, Jin Hai and Wei Zhi were much more reliable when it came to information regarding the Limitless Land.

The first question Huang Xiaolong had was the strength of the Limitless Master. Since he was currently in someone else’s territory, he had to know how strong they were.

When they heard his question, the two of them were taken aback.

“The Limitless Master has two great worlds, and we are unable to estimate his strength. However, there were rumors going around that he managed to accumulate 17 to 18 billion units of grand cosmos energy.” Jin Hai frowned.

Indeed...

Huang Xiaolong snorted in his heart.

In the past, he managed to estimate the strength of the Limitless Master after looking at the restrictions in Jin Shi’s dao soul. He guessed that the man was slightly weaker than himself, and as it turned out, he was right!

He continued to ask about the various God of Creation Realm experts in the Limitless Land. There weren’t too many of them with two great worlds.

However, he was shocked by the fact that there were more than six thousand God of Creation Realm experts in the Limitless Land!

There were more than a thousand God of Creation Realm experts in the First Universe, but that was a mere fraction of those in the Limitless Land!

There were dozens of unexplored regions in the Unknown Space!

Soon after, Jin Hai and Wei Zhi revealed that there were more than forty regions in the Unknown Space, and the Limitless Land ranked somewhere in the middle.

When Huang Xiaolong asked about the strongest expert in the Unknown Space, Jin Hai and Wei Zhi paused for a second. They were shocked that Huang Xiaolong had no idea who the strongest expert was.

“I’ve been in seclusion for a long time... I emerged recently, and I have no idea who the strongest person here is.” Huang Xiaolong explained.

The two of them gasped in fright.

There weren't too many people who were like Huang Xiaolong...

"The strongest experts in the Unknown Space are the Ferocious Devil, Azure Ghost, Dragon Overlord, Zhu Chen, and the God of Death! The five of them are comparable in strength." Jin Hai explained. "They are experts who possess almost 20 billion units of grand cosmos energy. As for their combat strength, it has far exceeded their current realm."

Huang Xiaolong was slightly stunned when he heard the revelation, but it was within his expectations. They might be strong, but he had 18 billion units of grand cosmos energy. With the Star Dragon Divine Tree and Universe Boat, his combat abilities had far surpassed his level.

The only thing that shocked him was the fact that there were several people who managed to create two great worlds. Of course, there was no one with three great worlds.

Huang Xiaolong was the only God of Creation who possessed three great worlds.

As long as he had enough resources, it was a matter of time before he surpassed them!

The number of Gods of Creation might be several times that of the First Universe, but there were rarely any experts at the level of Zhu Qiming and Hao Jin!

There were many half step Universe Gods who had less than 10 billion units of grand cosmos energy.

"Have you heard of Zhu Qiming?" Huang Xiaolong asked.

"Lord Zhu Qiming?" The two of them jumped in fright when they heard his name.

"What's with your reactions?"

A bitter smile appeared on Wei Zhi's face. "Lord Zhu Qiming is extremely famous! He's the son of Lord Zhu Chen, and he's the second most talented person in the second generation of the Unknown Space! It's said that Lord Zhu Qiming has already broken through the 14 billion units mark. It's said that he'll break through the 19 billion units mark as long as he sets his mind to it!"

"However, it's unknown whether or not Lord Zhu Qiming's great worlds would experience a transformation to allow him to break through the 20 billion mark!"

When the two of them spoke of the transformation, Huang Xiaolong's heart trembled.

From the two of them, Huang Xiaolong learned about the reason behind the transformation of his great worlds.

The most important factor behind the transformation was one's cultivation realm being at the half step Universe God Realm. Of course, that wasn't the only reason behind the transformation. Only a small fraction of them would be able to transform their great worlds.

The higher the talent and grade of their secret art, the greater the possibility of transformation!

The three of them chatted for more than an hour before they stopped.

"Lord, we discovered that Jin Shi and the others went to Cloud Mountain." Wei Zhi continued, "However, Lord Zhang Yun wasn't available as he went to the Land of Death. He'll only be back after a few years."

Instead of responding to the report, Huang Xiaolong asked, "Do you know where I can find universe-level spiritual veins in the Limitless Land?"

Chapter 3598: Sleepless Sea

Jin Hai and Wei Zhi were stunned by the sudden question.

“There’s somewhere you can try.” Jin Hai muttered, “It’s called the Sleepless Sea, but it’s located in the extreme north. The Sleepless Sea is too far away from us, and we’ll have to cross half the Limitless Land in order to get there! We’ll even have to pass through the Limitless Capital!”

“Oh.” Huang Xiaolong nodded slightly.

“That’s right. It’s the Sleepless Sea!” Wei Zhi nodded. “There are said to be several universe-level spiritual veins in the Sleepless Sea, but it’s not a good place to go adventuring. It’s difficult to enter the Sleepless Sea, and even more so if you wish to explore its depths.”

Jin Hai continued, “The Sleepless Sea is a place populated by the members of the Ocean Race. You won’t be able to avoid them if you wish to enter, and they’re no Sentient Mountain or Sea of Burial. Not even the Limitless Celestial Empire dares to piss them off!”

“The Ocean King is terrifyingly strong, and even if he’s not as strong as the Limitless Master, he’s close! Moreover, he will be able to draw upon the power of the Sleepless Sea if a fight ever happens in there, and the Limitless Master wouldn’t be able to do a thing to him!”

“Oh.” Huang Xiaolong’s heart trembled slightly.

“Other than the Ocean Race, there are countless ocean beasts in there. Weird universal storms sweep across the depth of the Limitless Sea, and it contains extremely powerful elements! Not even the Ocean King dares to travel around to the dangerous regions.” Jin Hai explained.

Universal storms containing elements of the Jade Flame and Limitless Water was something feared by God of Creation Realm experts!

Of course, Huang Xiaolong didn’t really care too much about them since he had the number one treasure in the thirteen universes, the Universe Boat.

The only problem he might run into was the Ocean King. If the Limitless Master couldn’t do a thing to him, the man might prove to be troublesome.

“Other than the Sleepless Sea, is there anywhere else with universe-level spiritual veins?” Huang Xiaolong asked.

The two of them thought about it for some time before Wei Zhi spoke up, “I’ve heard that Lord Lin Qiankun of the Yin Yang Celestial Empire is looking to trade away a batch of universe-level spiritual veins.”

“A batch?” Huang Xiaolong was slightly taken aback.

Wei Zhi nodded, “Lin Qiankun is a half step Universe God, and he’s the oldest half step Universe God in the Limitless Land. His strength ranks among the top, and I’m not surprised he has a batch of universe-level spiritual veins for sale. There seems to be more than twenty spiritual veins in the batch, and two of them are top-grade spiritual veins. There are six at the mid-grade, and the others are all high-grade universe-level spiritual veins.” Wei Zhi shook his head and sighed all of a sudden, “It’s impossible to obtain the spiritual veins. He’s asking for a top-grade creation artifact, and there’s no way anyone will trade it with him!”

Universe-level spiritual veins might be special, but they were useless to God of Creation Realm experts who had crossed the 10 billion units mark. A top-grade creation artifact was different. It was useful no matter how strong one became!

After all, it was extremely useful to increase one’s combat prowess.

That was also the reason why no one wanted to trade with Lin Qiankun.

Huang Xiaolong raised an eyebrow in shock when he heard the condition. “Is that all he wants?”

Jin Hai and Wei Zhi were shocked to see the look on Huang Xiaolong’s face. Did he actually possess a top-grade creation artifact?! No... The real question was if he was planning to make the trade!

“Lord, that’s right. Any top-grade creation artifact will do.” Jin Hai replied.

“Lord, are you really planning to trade with him?” Wei Zhi asked. “It’s not worth it to trade a top-grade creation artifact for spiritual veins!”

Huang Xiaolong chuckled, but he didn’t answer the question. “Do you know of anyone else who has universe-level spiritual veins? It would be great if they’re as generous as Lin Qiankun.”

?!

A weird feeling appeared in their hearts when they heard what Huang Xiaolong said.

“Lord Zhou Chi from the Ice Mountain seems to have a lot of spiritual veins...” Jin Hai thought for a little before answering the question. “Lord Zhou Chi entered the depths of the Land of Death many times, and he obtained a ton of top-grade universe-level spiritual veins. However, his temper is extremely eccentric and he’s extremely violent. He’s even stronger than Lin Qiankun, and it won’t be easy to convince him to do a trade.”

There weren’t too many experts in the Limitless Land who managed to exceed 10 billion units of cosmos energy, but Zhou Chi was one of them.

“How strong is he?” Huang Xiaolong asked.

“He probably has 13 billion units of grand cosmos energy...” Wei Zhi frowned.

As experts of their level would rarely reveal their cultivation base, not too many people knew how strong they were! However, Wei Zhi’s estimation should be pretty much accurate.

“What about the Limitless Celestial Empire’s treasury?”

Jin Hai and Wei Zhi stared at Huang Xiaolong as their jaws dropped in fright.

“Limitless Celestial Empire?!” Jin Hai gasped.

Huang Xiaolong ignored the two of them and continued, "There should be quite a few spiritual veins in their treasury, right?"

If Lin Qiankun could bring out twenty spiritual veins, the master of the Limitless Land should possess more than that!

"We have no idea how many universe-level spiritual veins they have in the treasury... However, we can be sure they have quite a few." Jin Hai shook his head and sighed.

The two of them weren't willing to reveal too much information about the celestial empire.

Huang Xiaolong chuckled when he saw the looks on their faces. It seemed as though the influence the Limitless Master had on them was quite large.

Soon after, he asked about the situation in the surrounding regions, especially the Land of Death.

The Land of Death was located close to the Limitless Land, and in the past, the two God of Creation Realm experts of the Sentient Mountain traveled there together. Jin Hai and Wei Zhi said that Zhou Chi had entered the Land of Death in the past to obtain universe-level spiritual veins, and he became extremely curious.

When they heard his question, looks of fear formed on their faces. The expert who owned the Land of Death was the God of Death himself, one of the five strongest experts in the Unknown Space!

Not a single God of Creation dared to create a city in the Land of Death as it was shrouded in death qi. As such, there was little to no information on the region. Not many experts dared to cultivate in the Land of Death too.

Despite the absence of life in the Land of Death, the God of Death managed to nurture a giant army. They were called the Death God Army, and the weakest members were experts who had comprehended the elements! The Death God Army was the strongest force in the Unknown Space!

Chapter 3599: Yin Yang City

No one knows how many people were in the Death God Army, and not even the marshals there were privy to the information! Only the God of Death was aware of the strength his army possessed.

The faces of Jin Hai and Wei Zhi were solemn when they spoke of the Death God Army.

A light flashed in Huang Xiaolong's eyes. He knew that he would break through the 20 billion units mark soon, and when that happened, he would definitely head over to the Land of Death in order to exchange pointers with the God of Death.

One day later, Jin Hai and Wei Zhi left Huang Xiaolong's manor after bowing respectfully.

When he saw their leaving figures, Huang Xiaolong fell deep into thought. Since Lin Qiankun had a batch of universe-level spiritual veins up for grabs, he had to pay the man a visit.

It might not be worth it for others to make the trade with Lin Qiankun, but that wasn't the case for Huang Xiaolong!

He had tons of top-grade creation artifacts!

Kun Feng, Kai Dong, Hong Xuan, Chen Yizhen, and Lin Tong possessed one each. All of them belonged to him after what happened in the First Universe.

Adding on the two flying ships in the Creation Palace, he had seven top-grade creation artifacts from the First Universe alone!

There was also Huang Sheng and Yu Long. All in all, he had more than ten top-grade creation artifacts on him, and they were completely useless! He might as well trade them for some treasures.

A moment later, Huang Xiaolong summoned Tao Hang and Tao Han'er.

“Lord, are you really planning to go to the Yin Yang Celestial Empire?!” Tao Hang and Tao Han’er were taken aback by his sudden decision.

The two of them had always been afraid that Huang Xiaolong would leave the Golden Sea Celestial Empire, and it seemed that the day had come.

“That’s right. From what Jin Hai and Wei Zhi said, Lin Qiankun has a batch of universe-level spiritual veins he wishes to trade. I’ll make a trip over there in a few days.”

“We will follow you to Yin Yang City!” Tao Han’er said.

Huang Xiaolong shook his head slowly and sighed, “No. You can stay here and continue to cultivate in peace. I’ll get Golden Bear, Poison Dragon, Silver Wolf, and Black Lion to stay behind to guide you in your cultivation. After I leave, you can look for Jin Hai and Wei Zhi if you run into any trouble. I spoke to them earlier, and they will definitely solve any problem you run into.”

In fact, he didn’t have to say anything and the two of them would help Tao Hang and Tao Han’er anyway.

However, Tao Han’s eyes started to turn red as tears threatened to fall from them. “I really wish to follow you to Yin Yang City!”

Huang Xiaolong was stunned for a second and he stared at her silently.

Tao Hang quickly pulled her sleeves and he cried, “Han’er, you’ll only inconvenience the lord if you follow him over!”

Tears started to stream down her face, and Huang Xiaolong quickly waved his hands in response. “There’s nothing inconvenient about it. However, I won’t be staying there for long. In the future, I’ll head over to the Ice Mountain to meet Zhou Chi. I might even go to the Sleepless Sea! If you follow me around, your cultivation will be affected!”

“We’ll cultivate well even if we follow you around...” Tao Han’er pouted.

Falling silent for a moment, Huang Xiaolong eventually sighed, "Alright. When we arrive in Yin Yang City, you can stay there for some time to cultivate. When I go to the Ice Mountain and Sleepless Sea in the future, you won't be able to follow me anymore. It's too dangerous."

"Alright!" Tao Han'er revealed a brilliant smile after hearing what he said while complicated emotions filled Tao Hang's heart.

Several days later, Huang Xiaolong left for Yin Yang City with the two of them and the five beast kings.

Jin Hai and Wei Zhi led the experts of the various families to see him off.

When they looked at his leaving figure, Wei Zhi spoke softly to Jin Hai, "Brother Jin Hai, do you really think Lord Huang is a half step Universe God?"

Half step Universe God?! Jin Chengguang and the others nearly fainted when they heard his evaluation.

The members of the Tao Family felt their legs going soft.

"Perhaps..." Jin Hai paused for a second before answering. He wasn't sure himself.

After all, only half step Universe Gods would possess top-grade creation artifacts.

Jin Hai turned to stare at everyone and he growled, "We merely made guesses about Lord Huang's strength. None of you are allowed to spread rumors! If Lord Huang hears anything out there, he'll definitely settle the score with you!"

Jin Chengguang and the others quickly swore an oath to keep themselves in check.

Several days later, Huang Xiaolong and the others left the territory of the Golden Sea Celestial Empire.

They were still quite some way away from the Yin Yang Celestial Empire, and Huang Xiaolong decided to use the Blue Dragon Flying Ship.

Since the Blue Dragon Flying Ship had already surpassed the level of top-grade creation artifacts, it took them less than a month to arrive. As soon as they entered the territory of the Yin Yang Celestial Empire, Huang Xiaolong retrieved the flying ship.

They rode on the beast kings as they headed towards the capital.

After several days, they arrived.

As Lin Qiankun was the oldest half step Universe God in the Limitless Land, his status was something Jin Hai couldn't begin to compare to. Jin Hai barely entered the large completion stage of the God of Creation Realm, and Lin Qiankun was already a half step Universe God! Yin Yang City was several times the scale of Golden Sea City!

"It's so crowded here!" Tao Han'er couldn't help but exclaim the moment they arrived.

The two of them felt like country bumpkins now that they entered Yin Yang City.

Tao Hang and Tao Han'er gawked at the structures along the street.

Huang Xiaolong chuckled when he saw the look of excitement on Tao Han'er's face. "I've heard from Jin Hai that there's a dish called the Bathing Phoenix in the city. Let's try it later tonight."

Even though Huang Xiao Long was an expert at the large completion stage of the God of Creation Realm, he still loved to enjoy delicacies.

"Alright!" Tao Han'er jumped in joy.

As for Tao Hang, he chuckled slightly, “Back in the Golden Sea Celestial Empire, I heard many experts talking about the Bathing Phoenix. It’s said that that’s one of the tastiest dish in the Limitless Land, and it costs three million dao coins for a single serving!”

“Three million dao coins?!” Tao Han’er was stunned.

She was a mere True Saint, and ten thousand dao coins was a fortune to her! Much less three million...

Huang Xiaolong laughed, “We’ll look for Jin Hai’s manor in the city before going for dinner!”

When Jin Hai learned that Huang Xiaolong was headed there, he gave Huang Xiaolong the manor he had in the city! The manor was something he purchased a long time ago, and it had been empty since he bought it.”

Huang Xiaolong didn’t stand on ceremony as he accepted the gift. After all, a manor might be unattainable for ordinary experts, but for experts at the God of Creation Realm, purchasing a manor in a capital city was nothing special. It’ll probably cost him some spare change, nothing more.

Chapter 3600: Prince Ying Wuyou

Huang Xiaolong was in no rush as he enjoyed a stroll through the city on the back of the beast kings.

Three hours later, they arrived in front of Jin Hai’s manor.

As a God of Creation at the large completion stage and the ancestor of a celestial empire, Jin Hai’s manor was located in a pretty good spot. It might not be in the center of the city, but it was close! The manor was in no way lacking to the manor Huang Xiaolong constructed in the Golden Sea City.

A residence in the city would cost an astronomical amount to a creed as it would probably be priced at ten billion dao coins. If they wanted a manor in the heart of the city, it would probably double.

Huang Xiaolong opened the restriction around the manor and strode in.

“Golden Manor!” Two words shone brightly on the entrance of the manor.

Jin Hai personally inscribed the words on the manor, and the prestige of a God of Creation could be felt coming from it.

Huang Xiaolong casually imprinted a blue dragon beside the words before entering the main hall of the manor.

“This place is huge!” Tao Han’er gasped after they toured the manor.

Huang Xiaolong nodded to himself. The manor was comparable to the one he built in the Golden Sea City, and Jin Hai definitely remodeled it after the purchase. He used creation level treasures to strengthen the area.

Of course, Huang Xiaolong casually built his manor in the Golden Sea City as he didn’t plan to stay for long.

Huang Xiaolong didn’t do anything to the manor itself, but he chose to lay his own formations. After an afternoon of work, he completed the formations around the Golden Manor.

Leaving the manor, the three of them left for the Bathing Phoenix Pavilion.

The Bathing Phoenix Pavilion was located in the middle of the city, and it took them less than half an hour to arrive.

As soon as they did, they saw a sea of people seated in the pavilion. The main hall itself was like a mini city, as people streamed in and out of the entrance.

“How can there be so many people?! Are they all here for the Bathing Phoenix? She thought that there wouldn’t be many people due to the sky high price of the dish, but she couldn’t be more wrong.

She frowned, "There might not be any seats for us in the Bathing Phoenix Pavilion..."

Huang Xiaolong nearly broke out in laughter. "There might not be any seats on the first and second floor, but there are definitely some seats for us on the higher floors!"

There were four stories in total, and anyone could enter the first and second stories if they had enough money. As for the third floor, one would only enter if they were a powerhouse in the Limitless Land. Old ancestors and patriarchs of the large families would be able to get a seat there, and only God of Creation Realm experts of those relation to Gods of Creation would be able to enter the fourth floor.

Huang Xiaolong and the others entered the main hall. They noticed that there were ten thousand seats on the first floor, and every one of them was filled. The same could be said for the second level.

When they tried to approach the third level, the experts of the pavilion stopped Huang Xiaolong's party courteously and asked for their identity plaques.

Getting Tao Hang to show his identity plaque of the Golden Manor, the experts of the pavilion could feel the aura of a God of Creation instantly. Respectful looks appeared on their faces as they invited Huang Xiaolong's group up to the fourth floor.

The decorations on the third and fourth floor of the pavilion were completely different from that of the main hall. When the experts of the Bathing Phoenix Pavilion brought them up to the fourth floor, they were allowed to choose any seat they fancy. Top-grade tea was served immediately, and they behaved extremely respectfully.

Less than a fifth of the fourth floor was taken up as everyone there had some relationship with God of Creation Realm experts. As a Primal Ancestor and True Saint, Tao Han'er and Tao Hang, stood out immediately. No one knew how they were related to a God of Creation.

Huang Xiaolong was the worst as he looked like an ordinary mortal.

Many people stared at the group as they guessed the identity of the three newcomers.

Ignoring all of them, Huang Xiaolong spoke to the experts of the pavilion, "Send up three Bathing Phoenixes. Get us a table of your signature dishes, and bring us a jar of your best wine each."

The expert from the pavilion hesitated for a moment. "A jar of our best wine will cost you a hundred million dao coins! It's extremely expensive, and not even guests who can enjoy a table here will order them..."

"Oh. It doesn't matter." Huang Xiaolong chuckled.

The expert of the pavilion quickly left to prepare the order.

On one of the tables in the corner, a young lady was seated elegantly with two old ladies standing respectfully behind her.

The moment Huang Xiaolong appeared, the young lady had been observing him. She spoke to the two old ladies behind her, "The youngster is really interesting. He brings along his slaves in the Primal Ancestor Realm and True Saint Realm for dinner, and he even ordered them a Bathing Phoenix each."

Experts who were able to get a table in the Bathing Phoenix Pavilion definitely had attendants who had comprehended the elements, and they would be Ninth Esteem Dao Venerables at the very least. That was the first time anyone saw a Primal Ancestor and True Saint enjoying dinner on the fourth floor.

One of the old experts sniggered, "What a joke. The youngster really doesn't care about his reputation." However, her tone changed suddenly, "Princess Yi, that might be the case, but he's definitely not someone we can deal with."

The other old expert nodded, "I used a secret art to look into the youngster's strength earlier. I'm afraid he's stronger than we can imagine."

The young lady gasped softly in response, "Does that mean that the youngster is someone who had comprehended all thirteen elements to the grand perfection level?"

Both experts standing behind her were Dao Venerables who had comprehended the elements to the grand perfection level and closed in on 1.3 billion units of grand cosmos energy. If they weren't able to see through Huang Xiaolong's strength, he had to be a supreme expert.

They nodded their heads slowly.

"How do you think he compares to Ying Wuyou?" She asked all of a sudden.

They were taken aback.

"This youngster is definitely far from being able to match up to Prince Ying. However, I sent someone to investigate his identity, and the kid used the plaque of the Golden Manor in order to enter the fourth floor. Jin Hai has a lot of sons, but Jin Chengguang is the only one who has comprehended all thirteen elements to the perfection level. The young man is no Jin Chengguang."

A look of doubt formed on their faces.

Before anyone could say anything else, commotion broke out in the fourth floor of the pavilion.

"Prince Ying Wuyou has arrived!"

Everyone looked at the entrance of the fourth floor, and a youngster clad in silver robes slowly entered. There was a faint smile on his face, and he exuded a special type of pressure. The moment he arrived, he noticed Princess Yi and he made his way over.
