Chapter 3611: Ten Strongest Experts in the Limitless Land

Of course, Huang Xiaolong's words would never register in Wei Qi's mind. After all, the man couldn't be more dead.

The beauty who served Wei Qi a moment ago stared at Huang Xiaolong with a pale face.

The experts of the Ice Mountain felt an explosion going off in their minds when they saw what Huang Xiaolong did.

Wei Qi was the son of Zhou Chi's eldest disciple, and he was the only son at that! He was showered with lots of love even from the other disciples of Zhou Chi and everyone could only imagine the rage everyone would fly into when his death was discovered.

Zhou Chi was a God of Creation who had accumulated 13 billion units of grand cosmos energy! His rage could cause the Limitless Land to tremble and entire regions to quake.

When Wang Xin saw how Huang Xiaolong killed Wei Qi, he was stunned. In several breaths of time, the man who was speaking to him went ahead and killed Zhou Chi's grand disciple!

Hei Yu, the prince of the Black Flame Celestial Empire, was equally speechless.

A group of experts flew towards the Ice Mountain as everything played out and it was evident that they were there to request an audience with Zhou Chi. The person in the lead was a God of Creation at the grand completion stage.

"Your Majesty, we just received news that someone killed Zhou Chi's grand disciple, Wei Qi, at the entrance of the mountain." One of the experts flying behind him relayed the news.

"What?" The God of Creation frowned and gasped in shock.

"Who grew the b*lls to kill Wei Qi?!"

“I heard that it was someone who called himself the Blue Dragon Young Master... Apparently, he knows Lin Xian of the Yin Yang Celestial Empire.” The subordinate explained.

“Blue Dragon Young Master?”

Lin Qiankun and the others practically sealed the news the moment the battle ended in the Yin Yang City, and no one knew what happened during the exchange between Huang Xiaolong and Ying Ze. As such, no one had any news on the Blue Dragon Young Master.

“Let’s hurry...” The God of Creation increased his speed once again after a moment of thought.

“Your Majesty, this is a good thing! If Lord Zhou Chi decides to make things difficult for the Yin Yang Celestial Empire, our Glorious Celestial Empire would be able to gain a lot of benefits!” The subordinate continued.

The Glorious Celestial Empire had some beef with the Yin Yang Celestial Empire since a long time ago, and if Zhou Chi chooses to mess with Lin Qiankun because of the Blue Dragon Young Master’s act of killing Wei Qi, they would gain a ton of benefits!

The God of Creation in the lead was Celestial Emperor Rong Ying of the Glorious Celestial Empire, and his strength was comparable to Lin Xian.

Rong Ying chuckled, “You’re right. Let’s hope that this whatever dragon young master kills several more people from the Ice Mountain. When Zhou Chi rages, the Yin Yang Celestial Empire will definitely be dragged into this.”

The experts behind him roared with laughter.

It didn’t take long for their party to arrive. When they stood in the air above the plaza, they saw Wei Qi’s corpse deep in the ground.

“Is that the Blue Dragon Young Master?” Rong Ying looked at Huang Xiaolong and muttered. He frowned as he couldn’t sense Huang Xiaolong’s aura.

Several dozen figures emerged from the peak of the mountain as they charged towards the plaza as soon as Rong Ying and the others arrived.

“That’s Wei Chong!”

Wei Chong was Zhou Chi’s oldest disciple, and he was the strongest among all three disciples! He was a God of Creation at the grand completion stage, and he was close to the half step Universe God Realm.

“”Wei Chong’s aura is terrifying! I’m afraid he’s about to enter the gates of the half step Universe God Realm...” An expert behind Rong Ying sighed.

The man was one of the old ancestors of a super family in the celestial empire, and he was God of Creation at the large completion stage.

“Wei Chong is one of the strongest God of Creation at the grand completion stage in the Limitless Land! He definitely deserves the title...” Rong Ying muttered, “He challenged Lord Zhang Guoteng in the past and they fought to a draw.”

Zhang Guoteng was a half step Universe God, but Wei Chong managed to fight him to a draw!

...

Wang Xin, Hei Yu, and everyone else who stood at the entrance were forced to their knees when Wei Chong’s aura surrounded them.

Under their frightened gaze, Wei Chong appeared in the plaza where Wei Qi was killed.

Wei Chong wasn't the only one who came. Zhou Chi's second disciple, Zhao Mang, and his third disciple, Lu Shenglin, were there too. There were sixteen of them who arrived, and twelve of them were Gods of Creation.

Their expression turned dark when they saw Wei Qi's corpse.

The air around the mountain seemed to turn solid as they turned their gazes to Huang Xiaolong.

"You killed my son! You killed my only son!" Wei Chong growled.

Everyone heard the killing intent deep in his voice.

However, Huang Xiaolong couldn't be bothered with him and he casually sighed, "You're not my opponent. I'll give you a piece of advice. Call Zhou Chi out here."

Their eyes widened in shock.

"Who the h*ll is this guy?! He dares to claim that Wei Chong isn't his opponent!" One of the God of Creation Realm experts behind Rong Ying gasped.

Rong Ying was equally as surprised.

With anger filling his heart, Wei Chong glared at Huang Xiaolong.

However, Zhao Mang was the first to roar, "Brat, you're not qualified to see my master! Senior Brother, I'll kill him on your behalf!"

"No." Wei Chong stopped Zhao Mang and growled, "I'll kill him myself."

After he spoke, he started to walk towards Huang Xiaolong.

He hadn't fought seriously since his last battle with Zhang Guoteng. He had been comprehending the mysteries of the universe all this while, and his strength reached a whole new level. He felt that even if Huang Xiaolong was a half step Universe God, he would win all the same.

A pair of twin blades appeared in Wei Chong's hand as he charged towards Huang Xiaolong.

Before he could actually attack, a voice boomed through the air. "Wei Chong, fall back."

The voice was a little hoarse and a white haired old man appeared before their eyes before anyone could react. No one other than Huang Xiaolong knew how he appeared before them.

"Master!" Wei Chong and the others bowed hastily when they saw Zhou Chi standing in front of them.

Celestial Emperor Rong Ying and the others either bowed or got to their knees, and those who were of lower status prostrated themselves on the ground.

Zhou Chi, one of the ten strongest experts in the Limitless Land, had arrived!

He had 13 billion units of grand cosmos energy, and not even Chen Huanzhi, the grand marshal of the Limitless Celestial Empire would dare to slight the man.

Zhou Chi's hair might be white, but his back was ramrod straight as he stood between Huang Xiaolong and his disciples. His eyes sparkled like stars as he looked at Huang Xiaolong. "Is there a reason you came all the way here?"

Even at his level, he failed to see through Huang Xiaolong's strength. There was only a sneaking suspicion in his heart that told him that he wouldn't be able to defeat the youngster before him.

"I heard that you have a lot of universe-level spiritual veins..." Huang Xiaolong muttered.

With his expression drooping slightly, Zhou Chi narrowed his eyes, "Are you here to steal my treasury?!"

Chapter 3612: Embroidered Pillow

Wei Chong and the others flew into a rage when they heard what Huang Xiaolong said.

Lu Shenglin screamed, "Are you f*cking blind, you dumb*ss?! How dare you set your sights on our treasury?!"

"Master, you can't allow this bandit to leave!" Wei Chong glared at Huang Xiaolong and he couldn't wait to chop the man into a billion pieces.

Rong Ying and the others were surprised when they learned of Huang Xiaolong's intentions.

Raising his hand slightly, Zhou Chi stopped his disciples from doing anything rash.

Staring at Zhou Chi, Huang Xiaolong spoke slowly, "I want every single universe-level spiritual vein you have." Initially, he planned to trade a top-grade creation artifact for the treasures. However, since they were hell bent on painting him as a bandit, he didn't mind becoming one.

A cold light flashed through Zhou Chi's eyes and he growled, "You can make your move..."

Shaking his head, Huang Xiaolong sighed, "You can make the first move. Otherwise, you won't be able to show off your strength before you're defeated."

Huang Xiaolong proclaimed Zhou Chi's defeat before the battle began. That caused rage to fill Zhou Chi's heart and he snorted in anger, "Alright, let's see how capable you are!"

Circulating his grand cosmos energy, Zhou Chi released all 13 billion units. To be exact, he used all 13.1 billion units of grand cosmos energy he accumulated.

Under the pressure of his terrifyingly strong aura, the entire mountain started to shake. Cracks formed in the ground, and Rong Ying and the others stared at the trembling permafrost on the top of the mountain.

The heavens trembled under his might!

The wind started to howl as the void became unsteady.

Moreover, that was only what happened when Zhou Chi released his aura!

Retreating with haste, Rong Ying and the others knew that they didn't have the ability to get caught up in a battle among experts of Zhou Chi's level.

Even Wei Chong and the other disciples escaped.

When experts at Zhou Chi's level battled, even the shockwaves could seriously injure God of Creation Realm experts at the large completion stage.

A staff made of ice appeared in Zhou Chi's hand as he looked at Huang Xiaolong.

A ray of light emerged from the staff and the temperature in the surroundings dropped significantly. Rong Ying and the others felt like their dao souls were about to be completely frozen.

The ice staff looked unassuming, but it was a top-grade creation artifact. In fact, it was close to a universe treasure!

A universe treasure was born in the universes, and there were thirteen of them in total! No one could refine a universe treasure unless they became a Universe God. Even so, there were several supreme overlords who could create treasures that were pseudo universe treasures. Even though the power of pseudo universe treasures weren't as strong as universe treasure, it was much stronger than top-grade creation artifacts.

The ice staff in Zhou Chi's hand had reached that level.

With his grand cosmos energy pouring into the staff, rays of light emerged from the staff and it shot straight towards Huang Xiaolong.

Huang Xiaolong wasn't too bothered with the strike and he casually raised his hand to stop it. Ice started forming around his arms and it slowly formed around his entire body.

In the blink of an eye, he turned into an ice statue.

The layer of frost became thicker and thicker such that no one could see Huang Xiaolong's figure. Looking at him from afar, everyone would only see a solid block of ice.

Wei Chong and the others rejoiced when they saw what happened.

They knew how powerful their master was, and even half step Universe Gods wouldn't be able to free themselves if they were sealed up by their master.

A moment later, Zhou Chi lowered the staff in his hand.

"Congratulations, Master!" Wei Chong and the others laughed as they approached Zhou Chi.

A smile appeared on Zhou Chi's face when he heard his disciples.

When they looked at the giant ice block before them, Zhao Mang sneered, "I thought he was strong when he dared to call master out. What a dumb*ss! Even senior brother would be able to deal with him without breaking a sweat!"

"He's a weakling who can only run his mouth! What a loser! It's a pity that there's a lot of people like him in the Limitless Land." Wei Chong snorted, "We'll deal with him properly in honor of Qi'er!"

Zhou Chi nodded slightly. "We'll hang him at the entrance and slice off parts of his dao heart a piece at a time!" The ice staff in his hand trembled and he declared, "I'll seal off his grand cosmos energy right now!"

A ray of light entered the ice block in an instant.

In the distance, Rong Ying's subordinate chuckled, "Your Majesty, that brat failed to take on a single attack from Lord Zhou Chi! He really over estimated himself this time! What a joke!"

"Not even ordinary half step Universe Gods would be able to stop Lord Zhou Chi's frost origin qi! It doesn't surprise me that the youngster is defeated." Rong Ying shook his head. "I'm shocked by the fact that he couldn't even take a single strike.

He was definitely disappointed in his heart.

However, the block of ice trembled slightly before their very eyes.

Everyone was shocked.

Soon after, the trembling became more intense as cracks started to form on its surface. Gasping slightly, Zhou Chi released his frost origin qi again in an attempt to seal Huang Xiaolong. It was completely useless as the cracks became even larger.

A ray of golden light tore through the skies all of a sudden and a terrifying wave of power filled the air.

Not even Zhou Chi could withstand the blast as he was sent flying through the air. Everyone from the Ice Mountain was sent smashing into the mountain range.

Rong Ying, Wang Xin, and the others were thrown god knew how many miles away.

When they finally found their footing, the ice block was nowhere to be seen as Huang Xiaolong's figure could be seen in mid air.

Zhou Chi's eyes widened in shock and he gasped, "How could you..."

"Do you really think that you could seal me with your pitiful strength?" Huang Xiaolong muttered, "I didn't stop your attack because I wanted to see how strong you were."

Zhou Chi's expression sank.

Huang Xiaolong no longer wanted to waste his time and he appeared before Zhou Chi with a single step.

Frowning in shock, Zhou Chi wanted to defend himself with his ice staff but it was useless. Huang Xiaolong grabbed the staff with his left hand before plunging his right claw through Zhou Chi's chest.

The top-grade creation artifact armor around Zhou Chi's chest was burned to ashes with the flame surrounding Huang Xiaolong's arm.

Chapter 3613: Zhou Chi Surrenders

Celestial Emperor Rong Ying and the others stared on in shock as Huang Xiaolong's hand pierced through Zhou Chi's body.

When he smashed into the mountain below, there were fiery red holes in his chest. Smoke emerged from them as Rong Ying and the others gasped in fright.

As a peerless expert who had 13 billion units of grand cosmos energy, Zhou Chi's physical body was unbelievably strong. Even so, Huang Xiaolong pierced a hole through it along with his armor!

They could imagine how strong Huang Xiaolong's flame was!

"That..." Zhou Chi crawled to his feet and stared at Huang Xiaolong with fear in his eyes. His calm appearance was nowhere to be seen as dust decorated his once spotless beard.

"That's one of the four Universe Origin Fires..." Huang Xiaolong admitted.

There was no way ordinary flames could burn a hole through top-grade creation artifacts.

Of course, Huang Xiaolong didn't use all four origin fires when he attacked. He only used the White Tiger Origin Fire to defeat Zhou Chi.

When Zhou Chi heard Huang Xiaolong's revelation, his body trembled like a leaf in the wind. The same happened to Wei Chong, Zhao Mang, and the others.

"Four Universe Origin Fires!"

Universe treasure!

One of the thirteen universe treasures was in the hands of the Blue Dragon Young Master!

Under their frightened gaze, three other balls of light emerged from Huang Xiaolong's body. The light they emitted swallowed the land and even the space started to tremble around Huang Xiaolong. The entire mountain started to quake violently.

Under the might of the four universe origin fires, Zhou Chi and the others felt as though their dao souls were burning up.

However, the look in their eyes started to change as greed filled their hearts. That was a universe treasure! No one could remain calm when seeing a treasure as rare as that.

Seeing the heated gaze in their eyes, Huang Xiaolong casually dragged Zhou Chi over to himself.

Like an eagle grabbing at a little chick, Huang Xiaolong grabbed Zhou Chi by the neck.

When Wei Chong, Zhao Mang, Lu Shenglin, Rong Ying, and the others saw how helpless Zhou Chi was, the look of greed in their eyes vanished. That was a God of Creation who had 13 billion units of grand cosmos energy! He was one of the ten strongest experts in the Limitless Land! Even so, he couldn't so much as struggle in front of Huang Xiaolong!

A look of fear flashed through Zhou Chi's eyes when he looked at Huang Xiaolong.

Supreme Overlord?!

The same thought flashed through the eyes of everyone present.

“I came here wanting to trade a top-grade creation artifact for your universe-level spiritual veins...”
Huang Xiaolong muttered, “You forced me to change my mind...”

Regret filled their hearts when they heard what Huang Xiaolong said.

When Huang Xiaolong was speaking, Rong Ying and the experts of the Glorious Celestial Empire tried to back away quietly. When they arrived at the edge of the Ice Mountain Range, countless rays of starlight emerged from Huang Xiaolong’s body.

It formed a barrier around the entire mountain range as it stopped Rong Ying and the others from escaping.

Gasping in fright, the members of the Glorious Celestial Empire stared at the barrier of light in shock. They discovered that the rays of starlight that emerged had transformed into giant branches!

Silvery light enveloped the branches and it looked incomparably majestic.

In a state of panic, one of the Gods of Creation in the large completion stage slashed at the branch with his creation artifact. With a giant blast, he was sent flying from the backlash. Despite his strength, the branch wasn’t scratched in the slightest.

Rong Ying’s expression sank immediately as the experts of the Ice Mountain fell into despair.

“This?! Star Dragon Divine Tree?!” Zhou Chi roared in shock and his eyes widened in disbelief.

Star Dragon Divine Tree!

Another universe treasure! The Star Dragon Divine Tree ranked number second among all the universe treasures, and it was only second to the Universe Boat!

Wei Chong and the others felt the world crumbling around them.

Peak-level experts would drown the universe in blood in order to obtain a single universe treasure! Not a single person in existence could resist the temptation of obtaining a universe treasure and getting a single one was near impossible! However, the Blue Dragon Young Master standing before them had two of them!

“That’s right. This is the Star Dragon Divine Tree.” Huang Xiaolong muttered as he released the Star Dragon Divine Tree completely. Countless roots emerged from the void and covered the mountain range. The Ice Mountain Range became completely sealed off.

In the space constrained by the Star Dragon Divine Tree, pretty specks of light danced about like little fairies. With the frosty qi from the Ice Mountain Range, a picturesque scene like no other was formed, but no one in there was in the mood to enjoy the sights. The frosty qi that once filled the Ice Mountain Range seemed to seep deep into their hearts.

“Sen... Senior, we are from the Glorious Celestial Empire and we have nothing to do with the experts from the Ice Mountain.” Rong Ying started to panic. “We’re passing through the area and we mean no disrespect. Please let us go and we will swear an oath never to reveal anything that happened here.”

“Relax. As long as all of you submit to me, I won’t kill anyone.” Huang Xiaolong sighed.

Rong Ying’s expression changed.

Before anyone could react, someone slammed their head into the ground in a great kowtow and yelled, “The Yan Family of the Black Flame Celestial Empire is willing to submit to Lord Blue Dragon! We’ll listen to your every command!”

It went without saying that the only person who could represent the family was the old ancestor, and the old ancestor of the Yan Family could be seen prostrated on the ground.

The members of the Yan Family got to their knees in unison.

When that happened, Hei Yu's expression was ugly beyond comparison.

The Yan Family was the second strongest family in the Black Flame Celestial Empire and they had always been loyal to the celestial empire. Now, they were the first to submit to Huang Xiaolong! Didn't that mean that the entire Yan Family had betrayed the Black Flame Celestial Empire?!

After the Yan Family, many other families chose to submit.

The members of the Glorious Celestial Empire felt their countenance turning darker and darker as more people got to their knees.

Of course, the members of the Ice Mountain remained on their feet.

"To protect my secret of the four Universe Origin Fires and the Star Dragon Divine Tree, I'll kill everyone who refuses to submit in one minute."

The experts who were hesitating quickly fell to their knees and Hei Yu was part of that group. In the end, the only ones left standing were the members of the Glorious Celestial Empire and the Ice Mountain.

"If I lead the members of the Ice Mountain to surrender, can you promise not to kill any one of us?" Zhou Chi spoke all of a sudden.

Everyone felt their bodies trembling when they heard his voice.

"Master, you..." Wei Chong, Zhao Mang, and Lu Shenglin yelled in unison.

Zhou Chi ignored them all and looked at Huang Xiaolong silently.

"Of course." At his level, there was no need to lie to Zhou Chi.

“Alright. On behalf of my Ice Mountain, I will make the decision to surrender to Lord Blue Dragon! All of you will do the same!” Zhou Chi’s voice filled the skies.

Releasing Zhou Chi, Huang Xiaolong wasn’t afraid that the man would try anything funny.

When Huang Xiaolong loosened his grip, Zhou Chi didn’t choose to run. He bowed respectfully before ordering Wei Chong and the others to get to their knees.

The only group left were those from the Glorious Celestial Empire.

Chapter 3614: Jian Wushuang’s Granddaughter

The experts of the Ice Mountain stared at the members of the Glorious Celestial Empire. Zhou Chi locked his aura onto Celestial Empire Rong Ying.

Finding it hard to breathe, Rong Ying knew that there was no way he could talk himself out of this.

“I... I am willing to submit.” Eventually, Rong Ying sighed and fell to his knees like everyone else.

Originally, he was there to look for Zhou Chi on behalf of his father. Well, they met the man, but the situation was nothing like what he expected.

When the experts of the Glorious Celestial Empire saw their celestial emperor on his knees, none of them dared to hesitate. They quickly chose to submit.

Getting Zhou Chi, Wei Chong, Zhao Mang, Lu Shenglin, Rong Ying, and the other Gods of Creation to release their defenses on their dao soul, Huang Xiaolong branded them all.

Like before, Huang Xiaolong didn’t remove the Limitless Master’s restrictions on their dao souls. He merely covered it up with his own.

Of course, Huang Xiaolong didn't bother personally controlling those who weren't in the God of Creation Realm. He sent Zhou Chi and the others to do the dirty work for him.

After surrendering, Zhou Chi obediently handed over the treasury of the Ice Mountain over to Huang Xiaolong. Rong Ying and the others naturally had to take out everything they had.

As one of the ten strongest experts in the Limitless Land, Zhou Chi received many gifts when he went out to deal with other people's problems. The number of universe-level spiritual veins he had exceeded Huang Xiaolong's expectations.

There were sixty-one spiritual veins in total!

Even though there were many low-grade spiritual veins, there were more than thirty high-grade spiritual veins. Out of the sixty-one spiritual veins, there were five top-grade universe-level spiritual veins!

Next came Rong Ying. Even though he didn't bring too many universe-level spiritual veins with him on his trip, he had a single strand of high-level universe-level spiritual vein. It was his gift to Zhou Chi in order to request for his assistance.

Huang Xiaolong didn't ask Rong Ying about the problem. Instead, he directly ordered Zhou Chi to deal with it.

There was no way he would deal with Rong Ying's problem personally when Zhou Chi was enough. He entered seclusion immediately in Zhou Chi's grand palace.

Sitting on the eye of the first layer of formation in the Universe Boat, Huang Xiaolong threw every single universe-level spiritual vein into the formation. He started to cultivate once the universe source qi started to emerge.

By the time he was done, several hundred thousand years had passed.

His cultivation was much more effective than his previous session in the Yin Yang City. He managed to clear out a lot of the hidden impurities in his body and the grand cosmos energy in all three worlds transformed quite a bit.

When he emerged from Zhou Chi's palace, he felt much lighter than before. He broke through to the 18.9 billion units mark and he was close to reaching the next level of strength.

Summoning Zhou Chi the moment he emerged, he asked about the matter regarding the Glorious Celestial Empire.

"It's nothing much. I dealt with it." Zhou Chi replied respectfully.

It might be easy for Zhou Chi to deal with the matter, but it might be something that the Glorious Celestial Empire couldn't do no matter how hard they tried!

Rong Hua, the old ancestor of the Glorious Celestial Empire, was a half step Universe God. He was as strong as Ying Ze and a problem he couldn't solve had to be a huge one.

"Lin Qiankun and Lin Xian of the Yin Yang Celestial Empire have arrived. They wish to meet you..." Zhou Chi reported. "They arrived soon after you entered seclusion, and they remained here ever since."

Huang Xiaolong was stunned. Could something have happened? Why else would they wait for him to emerge from seclusion?

"Send them in."

It didn't take long for them to arrive. However, there was someone else with them, Tao Hang.

"What's going on?"

Lin Qiankun and Lin Xian started to hesitate.

Tao Hang was the first to speak. "Lord, it's related to Tao Han'er."

"Did something happen to her?!" Huang Xiaolong frowned.

"Yes... Not long after you left for the Ice Mountain, Han'er went out to cultivate on her own. She disappeared soon after.

The frown on Huang Xiaolong's face deepened. He turned to Lin Qiankun and Lin Xian. "How did she disappear?"

"When we learned of her disappearance, we sent everyone we could mobilize to look for her. As it turned out, she was brought away by a group of people!" Lin Qiankun replied.

"Who was it?!" Huang Xiaolong's expression sank.

"They were experts from the Jian Family in the Zhu Lan Lands..." Lin Qiankun replied.

"Jian Family?!" Zhou Chi yelled in fright.

Huang Xiaolong was equally as shocked.

The master of the Zhu Lan Lands was Zhu Chen, Zhu Qiming's father.

The Jian Family in the Zhu Lan Lands was only second to the Zhu Family, and they were a hegemon in the Unknown Lands. The old ancestor of the Jian Family might not be a Supreme Overlord at the level of Zhu Chen and the others, but he was barely weaker than them!

If Huang Xiaolong were to compare him to the Limitless Master, the old ancestor of the Jian Family would be able to trash the Limitless Master even with the help of the Limitless Grand Formation.

In the Unknown Space, the old ancestor of the Jian Family was the strongest cultivator in the way of the sword!

“Why did they take her away?” Huang Xiaolong asked.

With their identity, there was no way the Jian Family would send their men over to kidnap Tao Han.

“According to them, Han’er is Jian Wushuang’s granddaughter!” Lin Qiankun hesitated before speaking.

That was the intelligence he managed to obtain after a ton of investigation.

As the matter concerned the Jian Family, Lin Qiankun had to personally carry out the investigation. With Zhu Chen’s identity as a Supreme Overlord and the Jian Family’s reputation in the Zhu Lan Lands, no one else had the guts or ability to look into the matter.

“What?!” Huang Xiaolong gasped.

Jian Wushuang was the old ancestor of the Jian Family.

“Yes... According to something that happened in the past, they lost Han’er in the Limitless Land.” Lin Xian explained. “All these years, the Jian Family has been trying to look for her.”

One could imagine the shock Lin Qiankun and Lin Xian felt when they learned of Tao Han’er’s identity.

Huang Xiaolong fell silent for a moment.

Lin Qiankun and the others didn’t dare to say a word.

“All of you can leave if there’s nothing else.” Huang Xiaolong muttered eventually.

Bowing respectfully, Lin Qiankun and the others returned to the Yin Yang City.

Nothing else happened that night and Huang Xiaolong left the Ice Mountain with Zhou Chi leading the way. They left for the Glorious Celestial Empire..

The reason he went there was to subdue Rong Hua. Rong Ying told Huang Xiaolong that his father was in possession of a ton of universe-level spiritual veins.

Chapter 3615: Twin Dragons of the Limitless Land

As the Glorious Celestial Empire wasn't located too far away from the Ice Mountain, they managed to arrive in less than ten days.

Zhou Chi's arrival naturally alerted Rong Hua.

When he came out of his palace to personally greet Zhou Chi, he was shocked to discover the presence of a black-haired youngster. Zhou Chi was acting so respectfully that Rong Hua had no idea how to react.

"Lord Zhou Chi, he..." Rong Hua couldn't help but ask.

"This is my lord." Zhou Chi introduced.

"Lord, this..." Rong Hua was shocked and he looked at Huang Xiaolong in disbelief.

The meaning behind Zhou Chi's words weren't as simple as they seemed.

When he went to the Ice Mountain in the past, he noticed that the subordinates who had submitted under Zhou Chi's banner addressed him the same way. Now, Zhou Chi, one of the ten strongest experts of the Limitless Land with more than 13 billion units of grand cosmos energy was addressing the young man the same way!

"I am the Blue Dragon Young Master." Huang Xiaolong chuckled when he noticed Rong Hua's shock. "You didn't hear wrong, Zhou Chi is now my subordinate."

Huang Xiaolong no longer planned to hide the fact.

When Rong Hua heard Huang Xiaolong making the admission, his jaws dropped.

"In fact, your son has also submitted to me." Huang Xiaolong added.

"What?!" Rong Hua exclaimed in shock.

"Zhou Chi isn't the only one who serves me. Lin Qiankun, Chen Huanzhi, Lin Xian..." Huang Xiaolong listed out more than a dozen God of Creation Realm experts in one go.

Well, Rong Hua didn't care much about most of them, but Rong Hua felt his heart pounding when he heard that Lin Qiankun was one of Huang Xiaolong's subordinates.

Even though Chen Huanzhi wasn't as strong as Zhou Chi, he was a grand marshal of the Limitless Celestial Empire! If he submitted to Huang Xiaolong, that would mean that he had betrayed the Limitless Master!

Half a day later...

Rong Hua was no exception as he eventually kneeled to pledge his allegiance to Huang Xiaolong.

He didn't have a choice in the matter. After all, Huang Xiaolong was too damn strong. He was more than capable of forcing Rong Hua into submission with the Star Dragon Divine Tree.

After Rong Hua submitted, he handed over every single universe-level spiritual vein in the Glorious Treasury. Even though it wasn't comparable to the treasury of the Ice Mountain, there were more than twenty spiritual veins.

Huang Xiaolong entered seclusion after receiving the goods.

Now, the most important thing he had to do was to break through the 20 billion units mark!

As such, he needed as much universe spiritual qi as he could obtain! He also needed to purify the hidden dangers in his body as quickly as possible.

After cultivating for such a long time in the Universe Boat, Huang Xiaolong discovered the importance of clearing the hidden danger in his body. The longer they remained, the worse it would be for him.

Several tens of thousands of years later...

Huang Xiaolong emerged from seclusion.

He finally broke through the 19 billion units mark and was closing in on the 19.1 billion mark.

Now, he had nearly a billion more grand cosmos energy than the Limitless Master. In the Limitless Land, Huang Xiaolong was unbeatable!

He stood above the grand palace of the Glorious Celestial Empire and he stared into the skies above.

The sun was setting and a beautiful picture was painted.

"Lord..." Zhou Chi and Rong Hua stood behind Huang Xiaolong respectfully.

"Make your arrangements." Huang Xiaolong muttered. "We're going to the Limitless City in a few days."

Limitless City!

Zhou Chi and Rong Hua were stunned to learn of his intentions.

To an expert in the Limitless Land, the Limitless City was the true holy land of cultivation. Even Zhou Chi and Rong Hua respected the Limitless City deep down in their hearts.

“Inform Lin Qiankun to head over with us.” Huang Xiaolong said after thinking about it for a moment.

Zhou Chi and Rong Hua bowed respectfully.

Several days later, Huang Xiaolong, Zhou Chi. and Rong Hua left the Glorious Celestial Empire for the Yin Yang Celestial Empire. Lin Qiankun had been waiting for some time when they arrived, and they left for the Limitless City the moment Huang Xiaolong’s party arrived. They got on the Blue Dragon Flying Ship and the group made their way over.

“It seems like it’s time to refine the Blue Dragon Flying Ship again...” Huang Xiaolong thought to himself.

Even though the Blue Dragon Flying Ship has already surpassed many top-grade creation artifacts, it was still far from a pseudo universe treasure.

Nothing happened along the way.

The four of them finally arrived after one whole year.

The Limitless Land was extremely large. Even an ordinary God of Creation Realm expert at the large completion stage would need several dozen years to arrive in the Limitless Celestial Empire. They were only able to arrive so quickly due to the speed of the Blue Dragon Flying Ship.

“The Limitless City is really a good place to cultivate...” Huang Xiaolong looked at the massive city before him and sighed. Zhou Chi, Rong Hua, and Lin Qiankun stood silently behind him.

Zhou Chi replied, “Lord is right. In the past, the Limitless Master chose to build the city here because of the origin qi...”

The origin qi he referred to was the source qi produced by the universe.

Huang Xiaolong nodded his head slowly.

There were tons of people who were entering the Limitless City and Huang Xiaolong's group didn't stand out. Their gazes might linger on the four for a second longer, but no one gave them a second thought. Zhou Chi, Lin Qiankun, and Rong Hua were half step Universe Gods and they rarely appeared in public. There weren't many people who could recognize them.

When they were admiring the sights, a commotion broke out in the distance. A weirdly armored troop riding on sea dragons headed straight for the city. There were several tens of thousands of them!

"It's the Ocean Race from the Sleepless Sea!" Huang Xiaolong raised an eyebrow in surprise.

There were several experts who started discussing with each other in the distance. "I heard that the Sleepless Sea is trying to patch up the relations with our Limitless Celestial Empire. The crown prince of the Sleepless Sea came on the orders of the king in order to negotiate with our Human Race.

"The crown prince of the Sleepless Sea actually came! I heard that he's the most talented expert in the third generation of the Sleepless Sea. He entered the large completion stage of the God of Creation Realm a long time ago and I wonder if he broke through to the grand completion stage..."

"Alongside His Highness, Wu Qifeng, they're known as the twin dragons of our Limitless Land!"

Their discussions entered Huang Xiaolong's ears.

As they continued to talk among themselves, the giant army arrived before the city gates. Another impressive army rode out of the city to welcome them and they were personally led by the Limitless Crown Prince, Wu Qifeng!

"Brother Ye Jing, it's been a long time! Have you been well?" Wu Qifeng cupped his fists and a brilliant smile hung on his lips.

Ye Jing chuckled and started to exchange pleasantries with Wu Qifeng.

“My father has already prepared a banquet for all of you! Brother Ye Jing, please!” Wu Qifeng invited Ye Jing into the city after a short chat.

“Please.” Ye Jing didn’t reject the gesture of goodwill and they prepared to enter the city.

However, they stopped dead in their tracks when Wu Qifeng noticed Huang Xiaolong’s group from the corner of his eye. His gaze landed on Zhou Chi, Lin Qiankun, and Rong Hua.

Chapter 3616: Qi Wufeng’s Bow

Under the shocked gazes of everyone present, Wu Qifeng left Ye Jingyu’s side and he made his way over to Huang Xiaolong’s group.

“What’s wrong with the crown prince?!”

“Who in the world are they?! Does His Highness recognize them?”

Several old ancestors of great families in the Limitless City exclaimed.

“Your... Your Highness!” Several experts called out to him.

However, he ignored them all and he flew directly to Zhou Chi, Lin Qiankun, and Rong Hua.

“Qifeng greets Senior Zhou Chi, Lin Qiankun, and Rong Hua!” He bowed respectfully after speaking.

Those standing around felt the world spinning around them.

Senior?!

Who in the world was Wu Qifeng?! He was the crown prince of the Limitless Celestial Empire and he was a God of Creation who might be at the grand completion stage! The number of people who could get him to bow could be counted on one hand, but three of them appeared at once!

Ye Jingyu and the experts of the Sleepless Sea were equally as shocked.

“Zhou Chi?! Lin Qiankun?! Rong Hua?!” Ye Jingyu gasped.

Lin Qiankun and Rong Hua didn’t dare to act all high and mighty when they saw Wu Qifeng bowing to them. A smile appeared on their face and they nodded slightly, “Your Highness.”

Zhou Chi was the only one who nodded slightly without saying a word. After all, not even the Limitless Celestial Emperor would put on airs around him. As such, there was no need for him to fawn over Wu Qifeng.

With his gaze turning slowly towards Huang Xiaolong, he asked, “This is...”

Everyone could see how respectful the three of them were behaving towards him.

However, the three of them refused to say a word.

Wu Qifeng felt his heart palpitating when he thought of a shocking possibility.

“You can call me the Blue Dragon Young Master.”

Forcing a smile, Wu Qifeng stuttered, “So it’s Lord Blue Dragon...” He turned to the three of them and explained, “If my father knew that seniors have come, he’ll be more than happy to play host to you. Please allow me to invite you over to the palace.”

“There’s no need.” Huang Xiaolong interrupted him, “We have something to deal with now that we’re here. We won’t be going to your palace.”

Wu Qifeng's expression turned unnatural when he was stopped by Huang Xiaolong. After a slight hesitation, he turned to the three of them and smiled, "Since that's the case, I won't bother seniors. I shall take my leave." Bowing respectfully, he turned to leave.

He quickly returned to the gates before apologizing to Ye Jingyu. After he was done, they entered the city.

When they disappeared into the city, those standing around started to talk about Zhou Chi and the others.

"Senior Zhou Chi?! Could he be the Zhou Chi from the Ice Mountain?"

"If His Highness acts so respectfully, he has to be the one!"

"Lord Zhou Chi hasn't left the mountain for a long time. Now that he's here, there might be something important going on!"

Many people started to become excited when they guessed Zhou Chi's identity. After all, many celestial emperors wouldn't be able to meet the expert ordinarily!

They didn't dare to approach Zhou Chi, but that didn't stop them from getting to their knees. They kowtowed respectfully towards the three.

"Let's go." Huang Xiaolong muttered.

He didn't choose to hide his identity as he no longer had anything to be afraid of.

As such, the four of them entered the city.

Only after a long time after Huang Xiaolong's group had left did those on their knees dare to get to their feet.

Huang Xiaolong didn't look for Chen Huanzhi the moment he entered the city. Instead, he went to Zhou Chi's manor in the city. Existences at their level would definitely own several residences in the Limitless Land. Since the Limitless City was the core of the Limitless Celestial Empire, it went without saying that they all had manors in the city. Zhou Chi's Ice Manor was on another level compared to the other two and the materials used in his manor were of the universe grade.

After walking around, Huang Xiaolong chuckled happily, "Your Ice Manor is one of the nicest places I've seen."

Zhou Chi laughed and continued, "I'm glad that's the case. When I bought this residence in the past, I planned out the entire structure. However, I cooped myself up in the Ice Mountain all these years and it's been abandoned ever since."

"It's really nice." Huang Xiaolong chuckled. "I'll head out alone tonight to experience the city life, and you won't have to follow me around."

There was a night market in the Limitless City and it was also the busiest trade market around. There would be countless treasures exchanged every day, and there might also be universe-level spiritual veins.

Huang Xiaolong's goal of the trip was the night market there.

"Yes, Lord." The three of them agreed immediately.

"I'll need your help to get me an admission pass for the night market." Huang Xiaolong continued.

With how special the items traded were, not everyone could enter the night market. Only those who had a special plaque would be granted entry.

Naturally, the three of them were more than capable of obtaining a single admission pass.

When the three of them went out to look for a pass, Wu Qifeng reported everything that happened to his father, the Limitless Celestial Emperor, Wu Tianyu.

He mentioned about how he met Zhou Chi, Lin Qiankun, and Rong Hua at the gates while bringing up Huang Xiaolong's presence.

Wu Tianyu frowned. "Blue Dragon Young Master?"

He thought as hard as he could, but he failed to think of anyone who went by that title.

"Where is he now?" Wu Tianyu asked.

"He's in Lord Zhou Chi's Ice Manor." Wu Qifeng replied. "Father, should we investigate him? Perhaps Emperor Father can summon Lin Qiankun and Rong Hua to ask them about his identity..."

Wu Tianyu shook his head and sighed, "It's useless to ask the two of them now that they arrived together. Let's do our own investigation. Look into the Blue Dragon Young Master right now! I want to know everything about him!"

"Yes, Emperor Father!" Wu Qifeng replied. However, he hesitated for a moment before asking, "Should we... Should we report this to the ancestor?"

Wu Tianyu thought about it for a second and he eventually decided against it. "Let's not alert the ancestor. He was injured by the Dragon Overlord previously and he's still in the process of healing his wounds. We'll inform him when he emerges from seclusion.

The night fell soon after.

Huang Xiaolong held the plaque in his hand as he approached the night market.

Even though it was the largest trading platform in the Limitless Land, the night market only operated when the sun was down!

Chapter 3617: Zhou Chi, Lin Qiankun, Rong Hua!

When Huang Xiaolong arrived, the place was bustling with activity.

Even though not everyone had the qualifications to enter, there were many experts who had comprehended thirteen elements in the Limitless Land. There were also many celestial emperors among them and they were qualified to receive an entry plaque.

Countless flying ships or chariots could be seen all around the giant plaza.

They were all extremely rare treasures and wouldn't be seen in the outside world. However, they were like cabbages growing by the side of the street.

All of them were at the creation artifact level, and there were even several mid-grade creation artifacts among them.

There weren't many people like Huang Xiaolong who walked into the plaza.

Moreover, everyone there had tons of bodyguards surrounding them. Huang Xiaolong was a lonely expert who came all by himself.

"Which family did that kid come from? Why did he come alone?"

Huang Xiaolong's solo presence was too eye-catching. With his aura, he managed to attract the attention of many young ladies. Those who had the qualifications to enter the night market were definitely princesses of the various celestial empires or young ladies of the super families. Also, most of them had yet to marry.

Many young masters and young ladies went to the night market in order to look for a partner. After all, those there were probably of equal status.

The person who spoke previously was the sixth young lady of the Chen Family in the Limitless Celestial Empire, Chen Hui.

The old ancestor of the Chen Family was a God of Creation at the grand completion stage. That made them part of the larger families in the city. However, they were far from being a top power in the Limitless Land.

“This young man is either a supreme expert, or he’s some loser in his family. Otherwise, he wouldn’t be alone.” One of the pretty ladies beside her chuckled.

The pretty lady was Chen Hui’s second aunt, Yang Rong. She was someone important since she could marry into the Chen Family and she was the daughter of the Yang Family’s patriarch. The Yang Family was stronger than the Chen Family as the old ancestor of the Yang Family was a God of Creation closing in on the half step Universe God Realm.

Yang Rong smiled, “The Sixth Miss rejected so many young masters... Are you actually interested in that young man? I’ll look into him when we get back...”

Chen Hui pouted slightly in response, “No I’m not! Second Aunt, you can’t make fun of me!” However, her eyes darted around mischievously and she continued, “However, I think it’s a great idea to look into his identity.”

Yang Rong giggled slightly. “I knew it.”

Chen Hui’s face started to turn slightly red and she widened her eyes slightly, “I’m just slightly curious... That’s all...”

“Why don’t we say hello and shop around with him?” Yang Rong muttered.

“That... That... It’s too awkward!” Chen Hui shook her head and sighed.

Just like that, Huang Xiaolong had no idea he entered Chen Hui’s radar.

When Huang Xiaolong tried to enter the night market, a random youngster appeared before him and bowed respectfully. “Lord, I wonder if you would mind if I tagged along with you...”

Anyone with an entry plaque could bring two attendants with them into the night market.

Glancing at the youngster, Huang Xiaolong could see the look of determination in his eyes. The kid seemed like a good man and Huang Xiaolong couldn’t help but ask, “Which family are you from? Why do you wish to enter the night market?”

It went without saying that the youngster didn’t have his own entry plaque.

“I am a disciple of the Gui Family in the Limitless City... I’m called Gui Xiaoer.” The young man replied instantly. “I wish to enter the night market in order to buy a bone from an ice dragon. It’s extremely important that I get the ingredient, but I don’t have a way to enter the night market alone...”

“Gui Xiaoer?” Huang Xiaolong chuckled. “Your name is pretty unique... Alright. I’ll bring you in because you make me laugh.”

Gui Xiaoer was stunned. However, wild joy filled his heart in the next instant. He bowed to Huang Xiaolong to express his thanks. He begged many experts of other families only to face rejection at every corner. Even if they were willing to bring him in, they wanted a hundred million dao coins as compensation. The Gui Family was one of the third rate families in the city and there was no way they could find a hundred million dao coins even if they sold off everything they had.

Following behind Huang Xiaolong, Gui Xiaoer entered the night market.

When Chen Hui saw what happened, she muttered to herself, “That young man is really kind...”

Yang Rong giggled. “Let’s enter the night market. If you’re too shy to bump into him, I’ll do it for you.”

Chen Hui jumped in fright and she quickly pulled Yang Rong by her sleeves, “Second Aunt... Let’s not do that...”

“Nonsense! Everyone has the right to love. There’s nothing to be embarrassed about. After all, you’re not a married woman!” After speaking, Yang Rong pulled Chen Hui into the plaza.

After Huang Xiaolong and Gui Xiaoer entered the night market, Huang Xiaolong explained, “Your ice dragon bone should be somewhere on the first level. You can look for it yourself. I’ll be heading up to the second level.”

Those on the first floor usually dealt with ordinary herbs at the creation level. As such, Huang Xiaolong needed to go higher in order to look for universe-level spiritual veins.

“Yes. Many thanks to the lord for bringing me in.” Gui Xiaoer thanked Huang Xiaolong from the bottom of his heart. “May I please know your last name? I’ll definitely pay you back in the future.”

“There’s no need for that.” Huang Xiaolong chuckled and waved his hand slightly. He started to head up to the second floor after speaking.

However, someone called out to him before he could enter the formation to bring him up. “Young Master, please wait!”

The person who spoke was Yang Rong and she dragged Chen Hui along with her as they made their way towards Huang Xiaolong.

When they arrived, Yang Rong smiled, “We saw how you helped the disciple of the Gui Family previously. It’s rare to meet someone as nice as you and we’re wondering which family you’re from!”

She introduced herself before Huang Xiaolong could say anything. “You can call me Yang Rong. I’m from the Chen Family in the Limitless City. This is the sixth miss from the family.”

Chen Hui looked at Huang Xiaolong and she felt the words getting stuck in her throat. She lowered her head slightly and she didn’t dare to look into Huang Xiaolong’s eyes.

Chuckling slightly, Huang Xiaolong introduced himself. “As it turns out, you’re members of the Chen Family! You can call me the Blue Dragon Young Master.”

“Could you be someone from the Lan Family?” Yang Rong’s eyes lit up and she asked.

The Lan Family was one of the top tier families in the celestial empire. The old ancestor of the Lan Family was a God of Creation who was at the peak of the grand completion stage!

If Huang Xiaolong was really someone from the Lan Family, he would be more than qualified to ask for Chen Hui’s hand in marriage!

Chen Hui was no different as her eyes sparkled.

“Nope. I’m just a wandering cultivator.” Huang Xiaolong chuckled.

Wandering cultivator? Chen Hui and Yang Rong were equally stunned at the news. They couldn’t help sigh silently.

However, Yang Rong’s smile quickly returned to her face and she continued, “Are you here alone? Where are your subordinates? What about your elders?” She was evidently no longer as interested in him after learning about his background.

“My elders didn’t follow me over. However, my subordinates are somewhere in the city. I didn’t bring them along with me today.”

“How did you get your entry plaque then?” Yang Rong couldn’t help but ask.

“I got my subordinates to look for one...”

“Are your subordinates experts who have comprehended all thirteen elements?” Chen Hui, who had been standing silently at the side, asked all of a sudden.

If they were, Huang Xiaolong would definitely be someone important.

"Of course not. They're not Dao Venerables. Hahaha, even so, I think you've heard of them." A mischievous smile appeared on Huang Xiaolong's face.

"Oh? They should be pretty famous then? I wonder what their names are..." Yang Rong played along.

"Zhou Chi, Lin Qiankun, and Rong Hua." Huang Xiaolong didn't plan on hiding their identities.

Chapter 3618: Buying a Batch of Universe Spiritual Veins?!

"Zhou Chi? Lin Qiankun? Rong Hua?" Yang Rong stared at Huang Xiaolong with a frown on her face. A smile slowly appeared on her face and she continued, "Are you talking about Lord Zhou Chi from the Ice Mountain? Isn't he one of the ten strongest experts in the Limitless Land?" It was evident that she didn't believe Huang Xiaolong.

No one could blame her.

Who would believe that one of the ten strongest experts of the Limitless Land was the subordinate of a random youngster they met on the streets?

Anyone who trusted what he said was definitely a fool.

Chen Hui frowned. She looked at Huang Xiaolong slowly. Initially, he caught her eye because of his impressive aura and his kind heart. Now, she felt that he was someone who only knew how to toot his own horn. It seemed as though he wasn't the prince charming she was looking for.

However, Huang Xiaolong didn't care about their reactions. "Yeah, that's the one."

Yang Rong laughed out loud, "You're pretty funny..."

Shrugging his shoulders slightly, Huang Xiaolong didn't plan on explaining himself.

Yang Rong decided to give him some advice, “Young Master, you should avoid telling others about this. If what you say gets passed around, Lord Zhou Chi, Lin Qiankun, and Rong Hua might not care, but their disciples would definitely deal with you!”

“You might even drag your loved ones into this!” Chen Hui who was standing beside Yang Rong piped up all of a sudden.

Huang Xiaolong chuckled slightly. “Many thanks for your reminders.”

“We won’t be bothered to speak to others like this!” Yang Rong explained, “We’re doing this because of your kind actions previously!” She spoke like an elder to Huang Xiaolong.

Finding the two of them pretty interesting, Huang Xiaolong smiled, “I thank you for your advice.”

“Are you planning to buy some things on the second floor?” Yang Rong changed the topic.

“That’s right. The resources I require can only be found on the second floor.”

Of course, he didn’t tell them that he planned to buy a batch of universe-level spiritual veins. Even if he did, the two of them would think that he was exaggerating.

“We’re heading up there too!” Yang Rong giggled. “Let’s head up together.”

Huang Xiaolong didn’t reject them this time and he simply agreed.

The three of them entered the formation at the same time.

“If you see anything you fancy, I’ll buy them for you. Let’s take it as a gesture of thanks for your reminder.” Huang Xiaolong joked.

"It's alright. We wish to buy a batch of dragon marrow. They don't come cheap and we can't spend your money." Yang Rong muttered.

"Oh? Dragon marrow?" Huang Xiaolong was slightly stunned.

He refined many of them in the past. Before he entered the God of Creation Realm, he managed to obtain a ton of them in the Meng Tian Universe.

That was where he met Gu Yuan and Long Yi.

In the eyes of Dao Venerables, dragon marrow was definitely an expensive treasure. However, they were practically worth peanuts to experts in the God of Creation Realm. To the current Huang Xiaolong, they were things he could obtain at the snap of his fingers.

"That's right." Chen Hui touched her chin and continued, "We need high-grade dragon marrows and they cost more than a billion each!"

Yang Rong continued, "We need several dozen of them and we can't expect young master to pay such a huge amount..."

After all, they were talking about tens of billions of dao coins.

She wasn't looking down on Huang Xiaolong. However, tens of billions wasn't a small amount! Not even young masters of the great families would be able to bring out that much! For example, the young master of the Wei Family back in the Golden Sea Celestial Empire couldn't take out such a huge amount!

Huang Xiaolong didn't insist after what they said.

After arriving on the second floor, they could see that the entire area was built differently. The materials used were of the universe level and Yang Rong introduced, "There are high-grade dragon marrows in that shop!"

As such, the three of them headed over.

When they arrived, they quickly learned that there were nearly forty high-grade dragon marrows left. Yang Rong and Chen Hui quickly ordered them all.

“Young Master, now that we purchased what we came here for, why don’t we look for your items?” Yang Rong asked.

Huang Xiaolong nodded slightly and he looked around. When he locked on to his destination, he started to make his way over.

From Zhou Chi and the others, he heard that there were many shops on the second floor that had universe-level spiritual veins. However, the Green Spiritual Chamber of Commerce was the entity that had the most!

Many God of Creation Realm experts in the grand completion stage and above loved to trade spiritual veins for treasures.

As one of the largest chambers of commerce in the Limitless Land, the Green Spiritual Chamber of Commerce had many branches in the region. Their main mode of business was to trade universe level herbs.

As such, Huang Xiaolong went directly towards it.

When the two ladies saw where they were, they sucked in a cold breath.

“Young Master, are you really planning to purchase something in the Green Spiritual Chamber of Commerce?!” Yang Rong gasped. “The cheapest item here starts at ten billion!”

She was afraid that Huang Xiaolong had no idea what entity the Green Spiritual Chamber of Commerce was.

"I asked my subordinates and this was the place they told me." Without wasting any more time, he stepped through the entrance.

Yang Rong and Chen Hui hesitated for a moment before following him into the hall.

In fact, the two of them would enter the night market from time to time. The Green Spiritual Chamber of Commerce was somewhere they wouldn't go normally. When they entered the place, they would only look around without buying anything! After all, they couldn't afford anything there! They could only admire the treasures silently.

When they entered the main entrance, the two of them started to tread carefully. They were afraid of drawing attention to themselves. Experts in the God of Creation Realm were everywhere in the hall. Some random old man they ran into could even be a God of Creation at the grand completion stage!

Huang Xiaolong quickly went to the counter in the main hall.

The attendant stationed there was a pretty lady and her figure was extremely enchanting.

"Young Master, can I help you?"

"I wish to buy a batch of universe-level spiritual veins. How many of them do you have here?" Huang Xiaolong went straight to the point.

The attendant stared at Huang Xiaolong in disbelief.

Chen Hui and Yang Rong who were behind him felt an explosion going off in their heads.

"A batch... A batch of universe-level spiritual veins?!" Yang Rong stared at Huang Xiaolong, flabbergasted.

Chapter 3619: Are You Kidding Me?

“You... Are you joking?” Chen Hui gasped.

That was the first time in her life she ever heard of someone who wanted to purchase a batch of universe-level spiritual veins!

What concept was that?!

Who in the world had the ability to buy a batch of universe-level spiritual veins?!

The lady at the counter stared at Huang Xiaolong silently as she thought about the possibility of him being serious.

“Brat, do you know how serious the consequences are when you mess around in the Green Spiritual Chamber of Commerce?” A sneer came from behind him all of a sudden.

Yang Rong and Chen Hui’s expressions changed when they saw who it was.

It was a direct disciple of the Cao Family!

The Cao Family was a super family in the Limitless Celestial Empire. They were second only to the royal family and the old ancestor of the Cao Family was the second strongest expert in the Limitless Land! There were rumors that his strength had crossed the 16 billion units mark!

Other than the old ancestor of the Cao Family, the Cao Family Patriarch was also one of the ten strongest experts in the Limitless Land. He had 12 billion units of grand cosmos energy and he wasn’t weaker than the Limitless Celestial Emperor!

As for the God of Creation Realm experts in the Cao Family, there were probably more than a hundred of them!

There wasn’t much of a need to count those weaker than that.

That was the reason behind the Cao Family's power. Not even the Limitless Celestial Empire would dare to mess with them! Especially after the Limitless Master was injured by the Dragon Overlord! In the recent years, the Cao Family has been building up their strength openly.

Even though the Chen Family was a top-tier family in the Limitless Land, they were nothing before the Cao Family. The old ancestor of the Chen Family might be at the peak of the grand completion stage in the God of Creation Realm, but the Cao Family merely needed a single thought if they wanted the Chen Family to disappear from the face of the universe!

The lady standing behind the counter was equally as shocked.

When the young man who sneered at Huang Xiaolong approached the counter, she recognized him instantly.

"Young Master Cao Ze, welcome!"

The young man nodded and chuckled, "I heard that you managed to obtain a top-grade fire dragon attributed universe-level spiritual vein."

"That's right. Young master is really knowledgeable! We only managed to obtain it yesterday and you're already here! I'll get our director out here immediately."

There was no way ordinary disciples would be able to meet the director of the Green Spiritual Chamber of Commerce. However, Cao Ze wasn't an ordinary disciple of the Cao Family! He was the grandson of the Cao Family's old patriarch, and he was also a God of Creation at the grand completion stage!

He was more talented than Wu Qifeng and Ye Jingyu, and his strength was also on another level compared to the two of them!

When the lady behind the counter left, he turned to look at Huang Xiaolong, Chen Hui, and Yang Rong.

"Chen Family?" He muttered.

Yang Rong and Chen Hui bowed in haste and greeted, "We greet Lord Cao Ze!"

The two of them might not have seen Cao Ze in their lives, but they definitely heard of him! They knew that he was the greatest disciple in the third generation of the Cao Family. They also knew that he was a God of Creation at the grand completion stage.

Turning slightly, he looked at Huang Xiaolong and he mocked, "Did you say that you wanted to buy a batch of universe-level spiritual veins?"

"That's right. I'll be taking the one you mentioned earlier too."

Cao Ze was stunned.

Yang Rong and Chen Hui felt their legs going numb when they heard what he said.

Cao Ze had already chosen a spiritual vein, but Huang Xiaolong went ahead and told the man he would be taking it for himself. Wasn't he looking for trouble?!

Instead of flying into a rage, Cao Ze stared at Huang Xiaolong and mocked, "Interesting. This is the first time someone dares to fight me over someone I have my eyes on."

"Don't worry about it. Such is life." Huang Xiaolong muttered.

The blood drained from Yang Rong's face.

The two ladies started to regret their decision. They planned to make friends with the unique character that was Huang Xiaolong, but he went ahead and enraged Cao Ze! If he flew into a rage, the two of them would be buried alongside Huang Xiaolong!

Cao Ze looked at Huang Xiaolong with a frown on his face. "Brat, do you know who I am?!"

He felt that the only reason Huang Xiaolong dared to act so haughty was because the kid had no idea who he was.

His reputation might be large, but not every bumpkin would know of him.

Laughter broke through the skies before Huang Xiaolong could say anything else. “Young Master Cao Ze, it’s our honor to welcome you!”

The director of the Green Spiritual Chamber of Commerce, Kong Lei, appeared in the main hall and a group of Gods of Creation followed closely behind him. There were more than a dozen of them who approached.

Kong Lei was a God of Creation at the peak of the grand completion stage, but he was extremely passionate when welcoming Cao Ze.

Seeing Kong Lei, Cao Ze no longer bothered with Huang Xiaolong.

He would come to the Green Spiritual Chamber of Commerce every few years and he was pretty familiar with Kong Lei.

After a round of pleasantries, Kong Lei laughed slightly, “Before coming, I’ve already ordered someone to bring the spiritual vein over!”

One of the God of Creation Realm experts behind him brought over a spatial ring and he released the restrictions around it. Fire spiritual qi filled the hall as a fire dragon appeared behind the man. It was the top-grade universe-level spiritual vein Cao Ze had his eyes on.

“There’s no need to rush things.” Cao Ze sneered. Turning to look at Huang Xiaolong, he continued, “This brat over here said that he wanted to buy a batch of universe-level spiritual veins. He wishes to buy this strand too.”

Kong Lei and the experts of the chamber of commerce were flabbergasted. They looked at Huang Xiaolong in stunned silence. They noticed his presence when they approached, but they didn't really care about anyone else other than Cao Ze.

With a mocking smile in his eyes, Cao Ze wanted to see what Huang Xiaolong could bring out. If he failed to bring out anything, the Green Spiritual Chamber of Commerce would definitely punish him accordingly.

Kong Lei looked at the lady who was at the counter.

"Yes. This young master said that he wished to purchase a batch of universe-level spiritual veins when he entered the main hall. He even asked me for the total number we had on hand."

Kong Lei stared at Huang Xiaolong and said, "I wonder what you wish to use to trade with us."

As the director of the Green Spiritual Chamber of Commerce, he could easily see that Cao Ze had some beef with the man. As such, he could teach Huang Xiaolong a lesson if the items he brought out weren't satisfactory in an attempt to kiss up to Cao Ze.

Casually waving his hand, Huang Xiaolong released the restriction on one of his spatial rings. A blinding pillar of light emerged and blinded Cao Ze and the others for a second.

Chapter 3620: I'm Doing Great

When they finally opened their eyes, they were dumbfounded.

So were Yang Rong and Chen Hui.

"Creation... Creation artifacts!"

They had seen creation artifacts in their lives, but that was the first time they were seeing so many of them in one place!

Huang Xiaolong practically had an entire armory in his spatial ring. There were all types of creation artifacts in there and after counting, there were more than five hundred of them!

More than five hundred creation artifacts!

From low-grade creation artifacts all the way to the top-grade ones Huang Xiaolong had all of them!

There were axes, blades, swords, spears, halberds, whips, knives, spikes, hammers, and a ton more! There was even a top-grade creation-level flying ship!

In fact, Huang Xiaolong only brought out a part of the treasures he had.

After so many years, Huang Xiaolong dealt with too many Gods of Creation and he plundered their treasuries. He no longer bothered counting and he kept all the good stuff for himself. If he only counted the creation artifacts he had, he had more than a thousand! Those he brought out were those he didn't like!

However, they were more than enough to dazzle Kong Lei, Cao Ze, and the others.

A gulp could be heard in the distance as someone from the Green Spiritual Chamber of Commerce broke the silence.

"I'm sure these are more than enough to trade for all the universe-level spiritual veins you have."

Kong Lei snapped back to reality.

"Of... Of course they are!" Kong Lei forced a smile.

"I'll take everything you have, including that." Huang Xiaolong was naturally referring to the spiritual vein Cao Ze had his eyes on.

Cao Ze's expression sank.

"Brat, don't even think of scaring us off with your creation artifacts." One of the guards behind Cao Ze sneered, "Even Wu Qifeng wouldn't dare to act so arrogantly in front of our young master."

The two guards around Cao Ze weren't weak and they were at the peak of the grand completion stage of the God of Creation Realm just like Cao Ze. Both of them had more than 7 billion units of grand cosmos energy.

Huang Xiaolong casually waved his hand to send the guard who spoke flying into a giant pillar in the main hall.

The pillar turned to dust under the impact.

The Green Spiritual Chamber of Commerce trembled.

Everyone who came felt the ground beneath their feet trembling.

"What's going on?!"

"Did someone go crazy? Who in the world has the guts to make a move in the Green Spiritual Chamber of Commerce?"

Everyone turned to look at Huang Xiaolong.

When they saw Cao Ze's guard lying motionlessly in the rubble, no one dared to make a sound.

Everyone who entered the Green Spiritual Chamber of Commerce were important figures in the Limitless Land. They knew who Cao Ze was and they didn't expect someone to make a move on his subordinates!

They turned to look at Huang Xiaolong.

When Cao Ze finally processed what had happened, his expression sank. As rage filled his heart, he realized that his strength was probably comparable to his guards at best and attacking Huang Xiaolong wasn't the greatest idea. Turning to look at Kong Lei, Cao Ze hoped that he could obtain a reasonable explanation from the Green Spiritual Chamber of Commerce now that his subordinate was injured in their territory.

Kong Lei was well aware of the look in Cao Ze's eyes. Moreover, he was angry that Huang Xiaolong would make a move in the Green Spiritual Chamber of Commerce. Even though Huang Xiaolong had brought out a ton of creation artifacts, the Green Spiritual Chamber of Commerce wasn't a place he could do as he liked!

"You're going too far!" Kong Lei glared at Huang Xiaolong and roared, "My Green Spiritual Chamber of Commerce isn't a place you can run rampant!"

"So what if I do? What are you going to do about it?" Huang Xiaolong chuckled.

"Preposterous!" One of the experts standing behind Kong Lei roared and charged at Huang Xiaolong.

Qian Jun was the vice director of the branch and he wasn't weaker when compared to Kong Lei. He was a God of Creation at the peak of the grand completion stage. As his hands turned into a giant claw that reached towards Huang Xiaolong, the void around them trembled.

It was too bad his claw was held in place by an arm that appeared from nowhere before it could arrive.

The arm that extended out from the void didn't belong to Huang Xiaolong. Instead, it belonged to a slightly chubby middle aged man.

No one knew when, but three figures appeared beside Huang Xiaolong.

When Yang Rong and Chen Hui were trying to guess their identities, Kong Lei, Qian Jun, Cao Ze, and several other supreme experts in the crowd yelled, “Lord... Lord Zhou Chi, Lord Lin Qiankun, Lord Rong Hua!”

“What?!” Yang Rong and Chen Hui felt their bodies trembling as they stared at the three newcomers in disbelief.

They couldn’t help but think back to what Huang Xiaolong said.

Could they actually be...

The person who stopped Qian Jun’s claw was Rong Hua, the weakest of the three!

Rong Hua stared at Qian Jun with a cold gaze as he casually flicked his wrist. A terrifying wave of power emerged from his body and sent the man flying. He flew straight towards Kong Lei.

“Be careful!” Kong Lei’s expression changed drastically. He reached out to help Qian Jun and so did the dozens of experts around him.

It was too bad they were no match for someone at Rong Hua’s level. Despite their numbers, they were sent stumbling backwards.

They only managed to find their footing after reaching the edge of the hall.

Cracks started to form in the wall behind them as the shockwave crashed into it.

Rong Hua barely used half his strength to send all of them flying earlier. If he were to go all out, everyone in the hall would be crushed!

After all, Kong Lei and the others were merely God of Creation Realm experts at the grand completion stage. They weren’t half step Universe Gods like Rong Hua and Lin Qiankun!

Everyone in the hall who were waiting for a good show to play out stared at the sudden change in situation, flabbergasted.

Lord Zhou Chi of the Ice Mountain!

Lin Qiankun, the old ancestor of the Yin Yang Celestial Empire!

Rong Hua, the old ancestor of the Glorious Celestial Empire!

What the f*ck?! Three half step Universe Gods appeared at once!

One of the three was also one of the ten strongest experts in the Limitless Land!

When everyone was shocked by their presence, the three of them turned towards Huang Xiaolong in unison and bowed, "Lord, are you alright?"

Lord?! Kong Lei and the experts who barely managed to crawl to their feet fell back down when they heard how they addressed Huang Xiaolong.

Cao Ze's expression was the ugliest.

Yang Rong and Chen Hui's eyes widened in shock and they found it hard to breathe.

It was true!

"I'm doing great! What trouble can I be in?" Huang Xiaolong muttered.

Zhou Chi and the others heaved a sigh of relief. "Of course... We were worried for nothing."

Everyone who was present felt their throats going dry when they saw the respectful expressions on the faces of Zhou Chi and the other two. They had no idea what to do now that such a terrifying figure was standing before them.
