

Conqueror 3621

Chapter 3621: Green Spiritual Chamber of Commerce

When everyone was still stuck in a state of terror, Huang Xiaolong walked towards Kong Lei and Qian Jun.

The entire hall had already gotten to their knees.

When Kong Lei and Qian Jun saw Huang Xiaolong approaching them, their bodies trembled like leaves in the wind. It was especially so for Qian Jun who tried to make a move on Huang Xiaolong. He might be the vice director of the Green Spiritual Chamber of Commerce, but no one could be sure that Huang Xiaolong wouldn't kill him right then and there!

When he finally arrived before the two, Huang Xiaolong sighed, "I'll take all the universe-level spiritual veins you have. I'll take the one he had his eyes on too. Director Kong Lei, do you have a problem with that?"

Glancing at Cao Ze from the corner of his eye, Kong Lei started to hesitate. Eventually, a smile formed on his face and he replied, "Of course! We have always been fair when it comes to making deals! Lord is an esteemed customer and we welcome you with open arms! Why would we have a problem?"

Huang Xiaolong sneered in his heart. Fairness had always been dictated by those with the biggest fists. If he didn't show off his strength, Kong Lei would never treat him as an equal.

If he didn't reveal enough power, the Green Spiritual Chamber of Commerce would have dealt with him without a care in the world.

Their trade went exceedingly smooth. With several dozen creation artifacts with one of them at the top-grade level, he managed to trade for more than a hundred and twenty universe-level spiritual veins.

He threw all of them into the Sun Moon Furnace instantly.

"Do you have a problem with me?" Huang Xiaolong looked at Cao Ze and laughed, "Kong Lei decided to sell me the spiritual vein you had your eyes on. Don't look at me... You can talk to him if you like."

Kong Lei's expression changed instantly when the words left Huang Xiaolong's lips. When he looked at Cao Ze, he noticed the unfriendly look in the man's eyes.

Huang Xiaolong looked at Yang Rong and Chen Hui who were rooted to their spot and he chuckled, "Do you want to come with us?"

With her heart thumping, Chen Hui waved her hand and muttered, "There... There's no need."

However, Yang Rong pulled Chen Hui back instantly and bowed towards Huang Xiaolong, "We'll listen to whatever young master says." She knew that if they didn't leave with Huang Xiaolong right now, they would turn into Cao Ze's targets when he left. If he chose to take his anger out on the two of them, not even their old ancestor would be able to save them.

As such, they followed behind Huang Xiaolong as they left the second floor.

The two ladies followed closely behind. Walking behind Huang Xiaolong, they didn't dare to breathe loudly and their steps were light. They never thought that there would come a day when they would walk alongside one of the ten strongest experts in the Limitless Land.

They didn't dare to speak to Huang Xiaolong and neither did they dare to look at him.

After they arrived on the first floor, Huang Xiaolong found Gui Xiaoer.

"Did you buy what you need?" Huang Xiaolong chuckled.

Nodding his head happily, Gui Xiaoer laughed, "Yes I did! Many thanks to Lord for bringing me in!" Even though he was curious about the three new figures standing behind Huang Xiaolong, he didn't think too much into it.

"Alright. Let's go."

Gui Xiaoer nodded.

Soon after, they left the plaza.

When they emerged, Gui Xiaoer frowned. "There was a God of Creation who made a move on the second floor... I wonder who it was. They have to be crazy!"

The entire plaza felt the exchange when Rong Hua sent the members of the Green Spiritual Chamber of Commerce flying.

"Oh? It was a group of them. And they didn't just fight on the second level. They fought in the Green Spiritual Chamber of Commerce." A crafty light twinkled in Huang Xiaolong's eyes and he explained.

"Green Spiritual Chamber of Commerce?!" Gui Xiaoer exclaimed in shock.

Huang Xiaolong nodded slowly. "Yeah. Vice director Qian Jun and one of Cao Ze's guards was taught a lesson!"

"Cao... Cao Ze?!" Guo Xiaoer felt his legs going soft when he heard the name. "Are you talking about Cao Ze from the Cao Family in the Limitless City?! Is there anyone crazy enough to teach him a lesson? Could it be Lord Wu Qifeng?"

They even dealt with Qian Jun of the Green Spiritual Chamber of Commerce...

No matter who it was, they were gods in the eyes of Gui Xiaoer.

"That's the one." Huang Xiaolong laughed. "Oh. I was the one who taught them a lesson."

Gui Xiaoer stopped dead in his tracks and he stared at Huang Xiaolong in disbelief. "Lord, you shouldn't joke about things like that."

Huang Xiaolong chuckled in amusement.

Yang Rong and Chen Hui nearly squeaked when they heard what he said. They lowered their heads even more.

After walking a little further, Gui Xiaoer cupped his fists at Huang Xiaolong and spoke, "Lord, I guess we'll part ways here. I need to return to my family." Now that he obtained the Ice Dragon Bone, he wanted nothing more than to return to solve his problem.

He bowed respectfully towards Huang Xiaolong with a grateful expression plastered on his face. "Gui Xiaoer will definitely remember the Lord's grace. If you have time in the future, you can look for me in Huazhou City."

The Gui Family was a third rate family in the Limitless Land and there was no way they could find a residence in the Limitless City. Huazhou City was quite a distance away from the celestial empire.

"Alright." Huang Xiaolong nodded.

Gui Xiaoer turned to leave after hearing Huang Xiaolong's reply.

"That kid is pretty good..." Huang Xiaolong remarked as he looked at Gui Xiaoer's leaving figure.

His sincere personality was only one of the reasons behind Huang Xiaolong's praise. His talent was top notch, but it was a pity he came from a small family. If he were born in a super family and was given endless resources, he would be able to enjoy a life of glory.

When Huang Xiaolong and the others returned to the Ice Manor, the events that happened in the Green Spiritual Chamber of Commerce started to spread through the city.

The entire city trembled.

“The person who taught them a lesson is a youngster who calls himself the Blue Dragon Young Master! It’s said that Zhou Chi, Lin Qiankun, and Rong Hua are his subordinates! When the three of them appeared beside him in the Green Spiritual Chamber of Commerce, Kong Lei, Qian Jun, and Cao Ze were struck speechless!”

“What?! Why would the three of them surrender to the young man?! Who in the world is he?! Is he some supreme expert who came out of nowhere?!”

“The Blue Dragon Young Master used dozens of creation artifacts to obtain all the universe-level spiritual veins in the Green Spiritual Chamber of Commerce. The reason behind Cao Ze’s beef with him started from a fire dragon attributed top-grade universe-level spiritual vein!”

“Yeah! When Lord Zhou Chi and the others arrived, Cao Ze didn’t even dare to breathe loudly!”

When the rumors were going around, Cao Ze was standing in the main hall of the Cao Family Manor with his head hung low. He was like a kid who was wronged.

Chapter 3622: Sixth Overlord

The patriarch of the Cao Family, Cao Yixuan, frowned, “Blue Dragon Young Master?”

Anyone who could force Zhou Chi, Lin Qiankun, and Rong Hua into submission wasn’t a simple character.

It was especially so when Zhou Chi was placed into the equation. He was an expert with 13 billion units of grand cosmos energy!

“Can he be from another region?” Cao Ze muttered.

“It’s possible. Get someone to investigate the Blue Dragon Young Master. Look into how he met the three of them.”

Now that three half step Universe Gods submitted to an expert they hadn't heard of before, Cao Yixuan felt that something was off.

...

In the imperial palace of the Limitless Celestial Empire.

Wu Tianyu's frowned as a weird light flashed in his eyes. "What a pity. He should have killed Cao Ze. When that happens, the old ancestor of the Cao Family will definitely emerge from seclusion."

He was more than happy to see the Cao Family clash with an unknown power.

Wu Qifeng reported, "The Blue Dragon Young Master first appeared in the Golden Sea Celestial Empire. In the past, Jin Shi, Qin Feng, and Bai Zhou surrounded the city when the Blue Dragon Young Master was within. They were heavily injured by the Blue Dragon Young Master with a single move but he didn't choose to kill them. Instead, he robbed them clean.

"After he left, he appeared in the Yin Yang Celestial Empire. After that, we failed to discover any information."

"I suspect that the disappearance of Ying Ze and Ying Wan has something to do with him." Wu Qifeng continued.

"Oh." Wu Tianyu was slightly taken aback.

"The two of them were last seen in the Yin Yang City. The Blue Dragon Young Master was also said to be there. After a hundred thousand years, he left for the Ice Mountain." Wu Qifeng's report finally ended.

A frown appeared on Wu Tianyu's face. "Do you mean to say that they only submitted to him in the recent years?"

“Yes.” Wu Qifeng nodded. “However, I have no idea what the Blue Dragon Young Master used to tempt the three of them into serving him.”

He seemed to have thought of something and he spoke, “Emperor father, didn’t Marshal Chen Huaizhi return to the Yin Yang City with Lin Qiankun? That was when Ying Ze and Ying Wan vanished. He might know something...”

“Summon Chen Huanzhi immediately!” A solemn expression appeared on Wu Tianyu’s face. “Call him into the palace right now!”

“Yes, Imperial Father!”

...

When Huang Xiaolong returned to the Ice Manor, he sent Zhou Chi, Lin Qiankun, and Rong Hua to defend the perimeter as he entered the Universe Boat immediately.

There were four top-grade universe-level spiritual veins and more than seventy high-grade ones in the batch he obtained!

With all of them, Huang Xiaolong was confident that he could break through the 20 billion units mark!

In the Unknown Space, the only people whose combat abilities had surpassed God of Creation Realm experts who accumulated more than 20 billion units of grand cosmos energy were the Dragon Overlord, Ferocious Devil, Green Ghost, Zhu Chen, and the God of Death!

Their combat abilities might have exceeded the 20 billion units mark, but their grand cosmos energy was still stuck below the limit!

Sitting in the first layer of the Universe Boat, he took out four top-grade universe-level spiritual veins and threw them into the eye of the formation. Next, he threw in more than thirty high-grade ones.

Even though he had more than a hundred and twenty universe-level spiritual veins, the first layer of the Universe Boat was unable to convert them all at once. He needed to split them into two batches.

Very quickly, universe source qi poured into the space surrounding him. Huang Xiaolong felt as though he was sitting in an ocean of universe source qi.

Circulating the Soaring Dragon Art, Blazing Dragon Grand Art, and Pangu World Creation Art, the universe source qi poured into his body.

Looking at him from a distance, he was like a vacuum that sucked up the boundless universe source qi.

Golden light covered his body and they emitted faint traces of the mysteries of the universe.

Several hundreds of thousands of years passed...

When Huang Xiaolong refined all the universe source qi in the space within, he tossed the remaining spiritual veins into the eye of the formation.

When he was done with the second batch, another two hundred thousand years had passed.

He could feel the abundant grand cosmos energy in him. When he discovered the transformation in his dao soul and dao heart, joy filled his heart.

Before entering seclusion, he accumulated 19.1 billion units of grand cosmos energy. Now, he finally crossed the 20 billion mark! Even though he had barely broken through, 20 billion was 20 billion!

Now, he was the Sixth Supreme Overlord in the Unknown Space!

With his combat prowess long over the 20 billion units mark, his grand cosmos energy finally caught up!

A small part of the hidden impurities in his body had once again been cleared.

The only thing that disappointed him was the fact that he failed to open the second layer of restrictions.

He was close, but he wasn't quite there yet!

After emerging from the Universe Boat, Huang Xiaolong learned that the Limitless Master has already recovered completely. He had also emerged from seclusion.

"Chen Huanzhi said that the Limitless Celestial Emperor and the others have already started to suspect him. His actions are under close scrutiny." Lin Qiankun reported.

Huang Xiaolong nodded. He wasn't surprised that that happened. After all, Chen Huanzhi and Lin Qiankun were completely fine while Ying Ze and Ying Wan disappeared. There was no way for them to hide everything.

"Lord, I've also heard that an absolute treasure was born in the Sleepless Sea!" Zhou Chi continued.

"What?!" Huang Xiaolong was slightly taken aback by the news.

"Yes. It seems to be a universe treasure!" Zhou Chi nodded. "It happened several days ago and the news is still kept under wraps."

"Universe treasure..." Huang Xiaolong's heart trembled slightly.

"Yes... It's likely that it's the Three Gods Halberd!"

The Three Gods Halberd had the power to gather all the seas in the world. With a single stab, it could tear through the heavens! It possessed unimaginable might!

“Three Gods Halberd!” A light flashed in Huang Xiaolong’s eyes.

He might have the Universe Boat, Star Dragon Divine Tree, and the four Universe Origin Fires, he was missing an offensive treasure!

Now, Huang Xiaolong was no longer interested in top-tier creation artifacts or pseudo universe treasures.

The Three Gods Halberd was something Huang Xiaolong had his eyes on since learning of its power.

“Do you know the exact location of the weapon?” Huang Xiaolong asked.

Shaking his head, Zhou Chi sighed, “The Three Gods Halberd has its own spirituality. It’s able to hide itself in the endless sea. From what we uncovered, the halberd might be in the vicinity of the Bewilderment Island.

“Bewilderment Island?!” A frown formed on Huang Xiaolong’s face.

...

The Bewilderment Island was the most mysterious region in the Sleepless Sea and it was one of the ten most secretive areas in the Limitless Land.

No matter who it was, they would enter a land of illusion the moment they entered the island. Those with extremely strong willpower might be able to emerge after several years, but those who were weaker might be trapped for billions of years! There were at least ten thousand God of Creation Realm experts who tried to explore the island and more than three thousand of them had yet to emerge! There were even half step Universe Gods who had lost themselves within the island!

As such, the Bewilderment Island was a troublesome place...

Huang Xiaolong was confident in his strength, but he wasn't certain that his willpower and dao heart was as sturdy as half step Universe Gods.

Since a long time ago, Huang Xiaolong increased his strength by devouring the bloodline of other experts. The time he cultivated was too short compared to the top experts in the Limitless Land and he had to admit that he experienced far less compared to half step Universe Gods.

Whatever the case, he knew that he had to enter the island since the Three Gods Halberd made its appearance.

As the Bewilderment Island was located in the Sleepless Sea, Huang Xiaolong wanted to take the chance to look for universe-level spiritual veins. Even if he failed to obtain the halberd in the end, he would be able to get something out of it.

...

"Lord, that's right." Zhou Chi replied.

"Did the Limitless Master head over?" Another question left Huang Xiaolong's lips.

With his dao souls, he quickly discovered that the Limitless Master wasn't in the city.

"What?! The Limitless Master has already left?!" Zhou Chi and the other two exclaimed. It was obvious that they didn't discover the departure of the man.

After all, the Limitless Master was much stronger than either three of them. It wasn't surprising that they couldn't feel his presence.

"I'll enter the Sleepless Sea tomorrow." Huang Xiaolong sighed.

"Should we head over with you?" Lin Qiankun asked.

“No. The fewer people the better. The Bewilderment Island is nowhere to mess around. I’ll go alone. You three can remain here to see if the Limitless Master returns.”

When he emerged from the Bewilderment Island, he would decide whether or not to subdue the Limitless Master and the king of the Ocean Race.

When that happened, he would unify the Limitless Land!

The Limitless Master might be said to be the master of the Limitless Land, but he hadn’t unified the region. If Huang Xiaolong gained control over the Limitless Master and the king of the Ocean Race, he would be able to create a sturdy foundation for himself in the Unknown Space!

Zhou Chi and the other two bowed respectfully.

The very next day, Huang Xiaolong left the city alone.

As soon as he couldn’t be seen, he charged straight towards the Sleepless Sea.

The Sleepless Sea was in the easternmost part of the Limitless Land and he took three months to arrive. If one were to cross the Limitless Sea, they would be close to the Zhu Lan, Jin Xing, and One Essence Land.

Standing above the Sleepless Sea, Huang Xiaolong saw faint rays of jade light covering the ocean. The surface of the Sleepless Sea was still, but the calmer it was, the more mysterious it seemed.

Tearing through the surface of the Sleepless Sea, Huang Xiaolong entered its endless depths.

As soon as he did, Huang Xiaolong felt a cool sensation covering his entire body. He felt a weird energy contained in every drop of water. Due to the influence of the weird energy, those who weren’t of the Ocean Race would have their strength slightly limited.

Of course, members of the Ocean Race would be assisted by the mysterious energy.

It was no wonder the Limitless Master wouldn't be able to do a thing to the king of the Ocean Race in the Sleepless Sea!

It didn't take long for Huang Xiaolong to arrive in the largest city in the Sleepless Sea. The structures were vastly different from the cities in the human world as all the materials used were found deep in the ocean. Corals and chunks of reef were used all along the street. No matter how Huang Xiaolong looked at it, he found it a little strange.

Of course, spiritual rock and essence ores found at the bottom of the ocean was used in most of the builds. Manors and palaces found in the underwater ocean didn't lose out to those in mega cities above the surface.

Huang Xiaolong didn't bother staying as he made his way towards the Bewilderment Island immediately.

The Sleepless Sea might not be as large as the main continent of the Limitless Land, but it was nearly three quarters as large. As such, Huang Xiaolong needed some time if he wished to arrive at the Bewilderment Island.

Huang Xiaolong chose to avoid most of the islands as he traveled in the Universe Boat. In a little more than a month, he arrived in the vicinity of the island.

Huang Xiaolong retrieved the Universe Boat before heading into a nearby city.

"Jade Whale City!" The Jade Whale City belonged to the Jade Whale Race and they were the most ancient race in the Sleepless Sea. They were one of the strongest races present and their patriarch was the second strongest expert in the region! Only the king of the Ocean Race was able to suppress the Jade Whale Patriarch! Their position in the Sleepless Sea was akin to the Cao Family in the Limitless Land!

It wouldn't be an exaggeration to say that the Jade Whale Race could cause the Sleepless Sea to tremble with a stomp of their feet!

After crossing the Jade Whale Race's territory, Huang Xiaolong would be able to arrive on the island in three to four days!

When he tried to enter the city, he noticed that the security in the area was extremely tight. Everyone who wished to enter was forced into a round of stringent checks.

"Do they do this normally?" One of the merchants trying to enter the city asked an expert beside him.

"Nope. I've heard that someone went on a rampage in the city recently, killing a lot of disciples from the Jade Whale Race. That's the reason behind the increased security." Someone else said.

"Are they crazy?! Who would kill members of the Jade Whale Race?! Are they tired of living?!" Someone exclaimed in shock.

"No sh*t! It's said that the members of the Wei Ghost Race did it."

"Wei Ghost Race?!"

Those who heard the name of the culprits felt their expressions changing.

The Wei Ghost Race might not be the most ancient race in the Sleepless Sea, but they were close. They were one of the oldest races and they were part of the ten strongest races among the Ocean Race! Their grudge with the Jade Whale Race went way back.

When Huang Xiaolong was about to be checked, he casually retrieved Jin Hai's golden plaque. They allowed him to enter after ensuring that it represented the God of Creation, Jin Hai, of the Human Race.

As the Human Race and Ocean Race were no longer at war, their relationship could be said to have recovered to a certain extent. The disciples from either side would definitely respect great beings from the opposing race.

Chapter 3624: Misunderstanding

After entering the city, Huang Xiaolong started to stroll about.

Even though the Wei Ghost Race caused quite a ruckus among the Jade Whale Race, the city could be said to be bustling. Other than disciples of the Jade Whale Race, there were disciples of various other factions. Huang Xiaolong even managed to discover many experts of the Human Race.

None of the humans who dared to venture into the Sleepless Sea were weak. The weakest among them were Dao Venerables who had comprehended four elements or more to perfection level.

After all, no weaklings would be able to survive the journey there.

Of course, the experts who went to the territory of the Jade Whale Race were people of status in the Human Race. Most of them were experts from the celestial empires. There were even generals of the various celestial empires strolling about as they were sent by the empire to buy special resources that could only be found in the Jade Whale City. They came frequently to buy something called the Jade Whale Sand.

The Jade Whale Sand was one of the most precious resources in the Sleepless Sea. It could be used to refine weapons and build special structures. Everything refined with the Jade Whale Sand would contain a special water attribute. As such, experts of the Human Race were willing to pay vast sums of money for it.

When Huang Xiaolong was casually walking around the city, a commotion broke out in the crowd.

“Murder!!”

“It’s the members of the Wei Ghost Race!”

Screams filled the air.

Soon after, sounds of fighting could be heard.

As the battle progressed, it made its way closer to Huang Xiaolong.

“Hurry up and protect the young lady!” Someone cried.

It didn’t take long for Huang Xiaolong to see several ladies running towards himself. There were several experts of the Wei Ghost Race following closely behind. Casually looking at them, Huang Xiaolong noticed that the members of the Wei Ghost Race were Dao Venerables who had comprehended all thirteen elements to perfection level.

The ladies arrived before Huang Xiaolong in the blink of an eye. However, the members of the Wei Ghost Race caught up with them right as they did. The deadly spike in their hands shot towards the ladies.

As Huang Xiaolong was standing right in front of the girls, the members of the Wei Ghost Race didn’t hesitate to drag him into it.

Seeing as the spike was able to impale the ladies from the Jade Whale Race, a sinister smile could be seen on the faces of those from the Wei Ghost Race. However, their arms froze in mid air before the spikes could pierce through anyone’s body.

The ladies stared at the spike that was barely an inch away from their faces with a terrified expression.

Casually tapping the air, Huang Xiaolong sent the members of the Wei Ghost Race flying. When they slammed into the ground, all of them had lost consciousness.

“Seventh Sister!” As the ground rumbled, an army charged towards Huang Xiaolong and the ladies. The person they called out to was the young girl standing before Huang Xiaolong. Her actual name was Bi Xi.

When they heard the cry, the ladies snapped back to reality.

“Third Brother!” Bi Xi cried out in fright.

“Are you alright?!” The leader of the army asked while he came forward.

“We’re fine. We were saved by the young master standing over there.”

Cupping his fists, the leader of the army thanked Huang Xiaolong, “Many thanks for saving my sister. You can call me Bi Luo. How can I address you?”

Everyone standing around cried out in fright when they heard the young man introducing himself.

“That’s Young Master Bi Luo! I’ve heard that he’s the most talented disciple in the fourth generation of the Jade Whale Race! Some say that he’s as talented as His Highness, Ye Jingyu! His achievements in the future will be limitless!”

“I wonder if he entered the God of Creation Realm...”

Everyone standing around broke out into discussion.

“You can call me the Blue Dragon Young Master.” Huang Xiaolong casually nodded and laughed, “It’s nothing much. You don’t have to thank me.” After he spoke, he turned to leave.

Bi Luo was stunned.

He was extremely famous and everyone would try to get close to him once they heard who he was. That was the first time a reaction like Huang Xiaolong’s.

Before Huang Xiaolong could leave, an expert standing behind Bi Luo appeared to stop him. “Hold it right there.”

“Bi Haizhou, what do you think you’re doing?!” Bi Xi yelled when she noticed what was going on.

Bi Luo frowned and snapped at the man, “Haozhou, step back right now! You’re not allowed to disrespect him!”

Glaring at Huang Xiaolong, Bi Haizhou roared, “Which family did you come from?! Why did you come to my Jade Whale City?! Speak! Are you working with the members of the Wei Ghost Race?! You’re definitely working together to get close to Bi Xi!”

Bi Luo, Bi Xi, and the others frowned.

Looking at Bi Haizhou, Huang Xiaolong raised a single eyebrow in surprise. “From what I see, you’re the one working with the members of the Wei Ghost Race. You’re probably a spy hidden in the Jade Whale Race.”

“Bullsh*t!” Roaring in anger, Bi Haizhou quickly broke out into laughter, “Brat, how dare you deny the accusation?! You’re definitely trying to sow discord between members of my Jade Whale Race!”

Huang Xiaolong looked at the man in amusement. “In fact, you can’t do anything to me even if you determine that I’m working with them.

Bi Haizhou sneered, “Are you finally admitting it?! Bi Luo, you heard him. He admits that he’s a spy from the Wei Ghost Race.”

With his expression sinking, Bi Luo growled, “Enough! Get back right now!”

He revealed an apologetic expression and spoke to Huang Xiaolong, “Haizhou acted out of line. If he offended you, I apologize on his behalf.”

“I’ll kill a million of him with a single slap. Why would I be offended by an ant?” Huang Xiaolong chuckled.

Bi Luo and the others were shocked.

“You’re asking to die!” Bi Haizhou scrambled in rage and the spear in his hand shot at Huang Xiaolong.
“I’ll kill you, you f*cking spy!”

Huang Xiaolong ignored the spear completely and he slapped Bi Haizhou across the face. Like a shooting star, Bi Haizhou was sent smashing into one of the walls nearby.

Bi Luo widened his eyes in fright.

When they turned to look at Bi Haizhou, they saw that he was a sorry mess. He might still be alive, but he wasn’t close to death. Even though Bi Haizhou wasn’t as strong as Bi Luo, their strength didn’t differ by much. They were both close to the God of Creation Realm.

“I’ll spare your life this time. If you try that again, I’ll kill you.” Huang Xiaolong muttered.

When Huang Xiaolong threw the accusation that Bi Haizhou was a spy for the Wei Ghost Race, he was mucking about. However, he managed to hit the nail on the head, Bi Haizhou really was a spy for the Wei Ghost Race. He wanted to kill Huang Xiaolong as he was afraid that the truth would get out.

It seemed as though the Jade Whale Race was a mess. There were traitors in the race no matter how Huang Xiaolong looked at it. Moreover, Bi Haizhou was definitely supported by someone high up in the race. Otherwise, a fourth generation disciple like Bi Haizhou who hadn’t entered the God of Creation Realm wouldn’t dare to conspire with members of another race.

Whatever the case, Huang Xiaolong was too lazy to bother with the Jade Whale Race.

Getting ready to take his leave, someone else screamed, “Take him down right now! He crippled Captain Haizhou!”

Hearing the scream, disciples of the Jade Whale Race rushed over to surround Huang Xiaolong.

“Who dares to hurt my son?!” Someone screamed and rushed towards the group.

The person who arrived was Bi Haizhou's father, Bi Shifei. He was a grand elder in the Jade Whale Race and he was a God of Creation with 3.5 billion units of grand cosmos energy.

Huang Xiaolong clasped his hands behind his back and looked at the newcomer.

Rushing forward, Bi Luo hastily explained, "Grand Elder, this is a misunderstanding!"

Bi Shifei looked at Bi Haizhou who was stuck in the wall and killing intent filled his heart. He turned to look at Huang Xiaolong before storming over.

Chapter 3625: Entering Bewilderment Island

Bi Luo tried to hold Bi Shifei back, "Grand Elder, listen to me! Haizhou tried killing the man first!"

He was quickly interrupted by Bi Shifei, "If you try stopping me, I'll cripple you along with him."

Bi Luo's expression changed slightly.

When Bi Shifei approached Huang Xiaolong, he growled, "Even though we were ordered to avoid causing trouble with the Human Race, no one can save you today. Not even if the king of the Ocean Race comes, you'll be leaving your life behind!"

After he spoke, rays of jade-colored light surrounded his body and he started to transform into his true form as a giant blue whale.

Members of the Ocean Race could transform themselves to look like a human, but they could also return into a half-beast half-human form after activating their bloodline.

When Bi Shifei transformed, giant spikes grew out from his limbs. His mouth grew in size until it rivaled the size of an actual whale's.

"I'll use my poison spikes to tear through your dao soul and dao heart! You'll die a miserable death!" Bi Shifei snorted before rushing towards Huang Xiaolong. The spikes around his body started to glow a sinister dark blue color.

The Jade Whale Race boasted the most terrifying poison in the Sleepless Sea. There wasn't a need to speak about how scary the poison was when unleashed by a God of Creation!

Huang Xiaolong raised his hand to grab Bi Shifei's bone spike. When the inky blue poison seeped through his skin, Huang Xiaolong was completely unaffected.

Bi Shifei, Bi Luo, and Bi Xi were stunned to see that Huang Xiaolong didn't react to the poison.

Soon after, Huang Xiaolong flicked his wrist. The bone spike in his hand snapped into two as Bi Shifei was sent flying. When he crashed into the wall, another giant hole formed. However, Huang Xiaolong wasn't as light handed when it came to Bi Shifei. He didn't stop when he crashed into the wall. Instead, Bi Shifei was sent flying out of the city.

He was reduced into a pile of bloody flesh outside the city and like his son, the meridians in his body were torn to shreds. His dao heart was shattered and the great world in his body was in shambles. Huang Xiaolong crippled him completely.

"It might be a good thing to listen to other people before you try anything stupid." Huang Xiaolong sneered.

If Bi Shifei listened to Bi Luo, he might not have been reduced to a cripple.

Turning to look at the headquarters of the Jade Whale Race, Huang Xiaolong muttered, "Do you want to try shattering my dao heart?"

No one responded to his challenge.

"Seems like you don't plan to do anything." Huang Xiaolong sneered before leaving.

Crossing the city, he quickly departed.

After he left, an old expert glared into the distance with rage eating at his heart. Killing intent clouded his mind as he clenched his fists tightly together. Despite his anger, he chose to remain silent.

The old expert was Bi Haizhou's ancestor and he was a half step Universe God. He crossed the 10 billion units mark and was ranked among the top ten in the Jade Whale Race.

Bi Luo also looked at the direction where Huang Xiaolong left.

...

After leaving, Huang Xiaolong went straight towards the Bewilderment Island. He crossed several other cities, but nothing noteworthy happened. In several days, he saw the island sitting before him.

The Bewilderment Island was a massive land mass that stood at the bottom of the Sleepless Sea.

In the distance, it looked like a giant blue city that existed at the bottom of the ocean.

Faint blue rays could be seen around it. Even with his dao eye and dao souls, Huang Xiaolong couldn't tell anything that existed on the island.

Standing there silently, Huang Xiaolong eventually decided to enter the island.

As soon as he did, he noticed the entire world around him turning blue.

It was as though he entered a separate world. His dao souls felt as though they were trapped in a quagmire, unable to extend out of his body even the slightest bit. His head also started to spin.

Huang Xiaolong was shocked.

Was that the illusory restrictions contained in the Bewilderment Island?

Activating the Star Dragon Divine Tree, a pillar of starlight covered his body. With the additional help, Huang Xiaolong's dao souls finally managed to awaken.

Every single one of the thirteen universe treasures contained a mythical power. The universe origin fires had the power to refine everything while getting rid of all types of frosty qi. The Star Dragon Divine Tree had the ability to focus one's mind while strengthening one's dao soul. That was the reason Huang Xiaolong had the guts to enter the island.

Huang Xiaolong wasn't confident in his willpower. Even half step Universe Gods would be trapped within for countless years, much less himself.

When Huang Xiaolong regained his clarity, he started to fly towards the core of the island. However, he flew slowly as he observed everything that went on around him.

All of a sudden, a ray of light shot towards Huang Xiaolong.

The light was similar to the glow that covered the Bewilderment Island, but it was extremely stealthy. If ordinary God of Creation Realm experts were not careful, they wouldn't be able to discover it. Of course, Huang Xiaolong was no ordinary weakling. He noticed it instantly, and he saw a little bug in the middle of the light ray.

The tiny bug looked grotesque. It emitted a sharp cry when it was caught by Huang Xiaolong before trying to struggle free. It was too bad it was turned into dust when Huang Xiaolong pinched it slightly.

The bug was a special leech that existed in the Bewilderment Island. The poison in its body had the same effects as the formations in the island. One would hallucinate when they were bitten, and the leeches could hide in one's body. It would feed on one's grand cosmos energy, seriously affecting one's strength.

That was why the leeches were terrifying.

They could devour more than ten thousand years worth of accumulation in a single day!

After crushing the bug, Huang Xiaolong continued on his way.

Half a day later, Huang Xiaolong left the region covered in light before arriving on a green pasture.

The green was mesmerizing, but Huang Xiaolong knew that there was a more terrifying creature than the leeches located on the plains. They were called Death Locust and they were pretty terrifying.

They could feed on one's bloodline after invading one's body.

No one would be afraid of the Death Locusts if they were at their peak condition as they could get rid of the bugs whenever they liked. However, that wasn't the case if their dao soul was confused.

Unwilling to let his guard down, Huang Xiaolong used the power of the Star Dragon Divine Tree once again. He transformed the entire space into the Star Dragon Space before entering.

Chapter 3626: The End of the Island

Everything seemed normal when he looked at the plains from outside, but everything changed the moment he entered. Waves of green light emerged from the plains like an endless tide.

The green light was much more intense than anything that could be seen in the Bewilderment Island.

It was too bad the green light never managed to reach Huang Xiaolong as it was stopped by the veil of star light that enveloped Huang Xiaolong. Tiny little stars twinkled around Huang Xiaolong, protecting him from everything.

After the green light failed to harm Huang Xiaolong, Death Locusts charged out from the plains and surrounded Huang Xiaolong. The leeches in the outer region of the island would attack their prey alone, but the Death Locusts weren't as honorable as that. They would swarm their prey, overwhelming them with numbers.

Huang Xiaolong circulated his grand cosmos energy as he killed a path through the Death Locusts.

A storm of bugs flew towards Huang Xiaolong in an attempt to devour him whole. Those locusts that he killed seemed to respawn when they touched the grassy plains.

It didn't take long before Huang Xiaolong noticed someone else in the plains. The person seemed to have been swallowed by the illusory formations as he was wandering aimlessly through the plains with Death Locusts stuck on to his body.

A huge part of those who entered would fall in the green plains just like the person before him.

Soaring over, Huang Xiaolong got rid of all the Death Locusts on his body. The expert he saved was a God of Creation at the small completion stage, and he seemed to have been trapped there for countless years. The essence blood in his body was sucked dry and he was as skinny as a stick.

With a wave of his hand, a ray of star dragon qi entered the expert's glabella.

"This..." As soon as he awakened, he started to look around himself cautiously.

"This is the Bewilderment Island. We're currently in the Death Locusts Plains, and you lost yourself to the illusions." Huang Xiaolong explained.

After his reminder, the man felt his memories coming back.

"Did you save me?" With his gaze landing on Huang Xiaolong, the man widened his eyes in shock when he discovered the star dragon qi. "This... This is the Star Dragon Light?!"

"That's right." Huang Xiaolong easily noticed his burning gaze.

Suppressing his greed, the other party cupped his fists to thank Huang Xiaolong. "Many thanks for saving me. Since fellow cultivator has the Star Dragon Divine Tree, I hope you can bring me out of the Death Locusts Plains. As long as you bring me out, I will be eternally grateful."

“There’s no need to thank me. I am more than willing to bring you out. However, you’ll have to allow me to brand your soul and turn into my subordinate.”

“What?! Impossible!” The man roared with anger when he heard Huang Xiaolong’s suggestion.

Without saying anything else, Huang Xiaolong turned to leave.

In fact, Huang Xiaolong could have branded the man’s soul when he was still trapped in his illusions. He didn’t choose to do that.

Whatever the case, the man was merely a God of Creation at the small completion stage. It didn’t matter whether he agreed to serve Huang Xiaolong or not.

As such, Huang Xiaolong gave him a choice.

“You...” Seeing as Huang Xiaolong had turned away, a flash of greed appeared in his eyes. Light swirled in his palms as he lunged towards Huang Xiaolong.

As they were standing pretty close to begin with, he managed to land his strike.

A flash of joy filled his heart.

However, a terrifying wave of energy emerged from Huang Xiaolong’s body when the man was celebrating. He was sent flying in an instant, and by the time he landed, the bones in his hand had shattered into a thousand pieces.

Huang Xiaolong casually pointed at the man and a ray of Vermillion Bird Origin Fire swallowed him.

As he continued on his way, it didn’t take long before he ran into another God of Creation.

Similar to the previous expert, he was a God of Creation at the small completion stage.

This time, the man knew what was good for himself and submitted to Huang Xiaolong.

Half a month later, Huang Xiaolong emerged from the Death Locust Plains. There were nearly seventy Gods of Creation Realm following him around. There were even several of them at the peak of the large completion stage!

Of course, the strongest among them was only at that level. The Death Locust Plains might contain terrifyingly strong formations, but they weren't enough to trap a God of Creation at the grand completion stage.

Crossing the plains, Huang Xiaolong approached a world covered in flames.

Magma spewed into the air as golden colored flames emerged from time to time.

The occasional roars of beasts could be heard from time to time.

When some of the experts behind Huang Xiaolong heard the cries, their expressions changed.

That was the Flaming Mountain Range in the Bewilderment Island.

From what everyone who emerged from the island said, the Flaming Mountain Range located on the Bewilderment Island was the most dangerous one in the universe! It was dubbed the Incinerated Wasteland.

"All of you will have to follow closely behind me." Huang Xiaolong muttered.

"Yes, Lord!"

Before entering the Incinerated Wasteland, Huang Xiaolong retrieved the Star Dragon Light. He summoned the four Universe Origin Flames and the heat around them instantly lessened.

Everyone followed behind Huang Xiaolong as they entered the fiery region.

Stepping in the space above the mountain range, Huang Xiaolong could feel the terrifying heat rolling off the mountain range despite the protection of the origin fires. Like all the other regions, there were formations all around the mountain range. However, they wouldn't be activated if one didn't step foot onto the mountain.

...

Half a year passed in the blink of an eye.

The entire group emerged from the Incinerated Wasteland without suffering much.

When they did, they were greeted with a lush forest.

"Looks like we've arrived in the Bewilderment Forest." Huang Xiaolong muttered.

"Lord, that's right. This is the famous Bewilderment Forest that's said to exist on the island." One of the old experts reported.

In the past half a year, Huang Xiaolong saved nearly seven hundred other God of Creation Realm experts. The silver haired elder who spoke earlier was a half step Universe God. Even though he hadn't broken through the 10 billion mark, his strength was comparable to Lin Qiankun. He came from the Zhu Lan Land and was an ancestor of one of the celestial empires. His name was Zheng Shen

Huang Xiaolong nodded slowly.

The Bewilderment Forest was the final region he had to pass through.

Along the way, he failed to find the Three Gods Halberd. If the news Zhou Chi had was reliable, it could only be located in the forest.

However, the Bewilderment Forest was the most dangerous region on the island. Even leaders of various regions like the Limitless Master wouldn't enter for fun.

In the past, the Limitless Master and the king of the Ocean Race entered the Bewilderment Forest in order to look for something. They only emerged after working together.

"All of you can wait for me here. I'll be out in a month at most."

Zheng Shen and the others bowed respectfully.

Soon after, Huang Xiaolong entered the forest.

The moment he did, the demonic trees around him started to move. They spun around him, twisting the space they were in. The spinning was so intense that Huang Xiaolong felt himself getting a little dizzy.

Chapter 3627: Appearance of the Three God Halberd

Circulating the power of space, Huang Xiaolong tried to control the contortion around him. Instead of getting better, the world started to spin even faster around him.

Huang Xiaolong could only call out the Star Dragon Divine Tree when he discovered that he alone was powerless to stop it. With star dragon qi pouring out of the void, rays of light filled the space around him.

The star dragon light might be able to counter the illusory formations around the island, but they were completely useless in the Bewitchment Forest. The space around Huang Xiaolong continued to twist and turn, causing Huang Xiaolong to feel a little dizzy.

Signing, Huang Xiaolong didn't panic. He started to fuse with the Star Dragon Divine Tree as countless roots pierced themselves into the cracks in space.

The Bewitchment Forest finally started to lose its momentum as the roots of the Star Dragon Divine Tree clamped the space around him into place. However, the spinning didn't stop. Circulating his grand cosmos energy, a terrifying amount of star dragon qi formed a whole new world around him.

With brute force, Huang Xiaolong stopped the twisting of space.

When he was done, Huang Xiaolong heaved a sigh of relief.

If not for the Star Dragon Divine Tree, Huang Xiaolong might have to remain on the island for god knows how long!

A moment later, Huang Xiaolong used one of the branches of the Star Dragon Divine Tree to reach deep into the disneyland. It pierced through countless restrictions as it headed straight for the core of the island. Initially, Huang Xiaolong was only able to stabilize the space around him. As the branch entered deeper into the island, the entire region finally started to settle down.

?!

As the branch continued to stretch towards the core of the island, Huang Xiaolong discovered a massive lake that was within the Bewitchment Forest! It was several tens of thousands of meters wide, and the water shone a deep blue. The surface of the lake was as calm as the surface of a mirror. Looking at it from afar, Huang Xiaolong nearly mistook it as a giant piece of sapphire!

After scrutiny, Huang Xiaolong discovered something strange about the lake. No, it was more accurate to say that there was something wrong with the water. It looked like ice created from the power of absolute frost, but it also looked like it was condensed from the power of absolute poison! Regardless, Huang Xiaolong was sure of one thing. The water was higher in quality compared to either! In fact, it was superior compared to some of the universe-level spiritual veins Huang Xiaolong threw into the Universe Boat!

How could there be a lake like that in the Bewitchment Forest?!

The quality of the spiritual water had exceeded Huang Xiaolong's imaginations!

With his heart trembling slightly, Huang Xiaolong turned the branch that extended deep into the cracks of space. It became a massive pillar that silently sealed off the space around the lake. Using all his power, Huang Xiaolong created a seal that boasted unimaginable power!

The instant the space was completely sealed off, a massive explosion came from the middle of the lake. An object flew out from the depths of the lake as it smashed directly into the seal made by Huang Xiaolong using the Star Dragon Divine Tree.

Bang!

Trembling slightly, the star dragon light that formed the barrier around the lake started to fluctuate.

It was too bad Huang Xiaolong was completely prepared for any unexpected changes. After breaking through the 20 billion units mark, Huang Xiaolong was said to have reached a whole new level of strength! The object that emerged from the lake was sent flying back into the water.

When it smashed into the surface of the lake, Huang Xiaolong finally saw what it was! It was a halberd that was completely blue in color!

The giant halberd had three distinct runes carved into its body, and a terrifying light lingered on its tips.

A burst of joy filled Huang Xiaolong's heart.

Indeed.

That was where the Three Gods Halberd was!

He finally located the universe treasure!

A guess formed in his mind the moment he saw the lake. However, he didn't dare to confirm anything. Now, he was finally sure of it!

It seemed as though the Three Gods Halberd was tempering itself with the water from the mysterious lake!

Once again, the halberd charged at the seal.

A frosty light emerged from the tip of the halberd and it slammed into the light barrier above. Despite Huang Xiaolong's accumulation of more than 20 billion units of grand cosmos energy, a giant hole was blown through the barrier.

Of course, the light barrier was the only thing that suffered. The Star Dragon Divine Tree remained completely intact.

In the blink of an eye, the hole closed up.

Seeing as it was unable to break the seal, the Three Gods Halberd seemed to fly into a rage. Rays of light surrounded its body as a terrifying aura started to fill the space above the lake.

Streams of spiritual energy rose from the lake to surround the halberd as the power it wielded continued to rise.

Buzz...

Once again, it tried to shatter the barrier.

How could Huang Xiaolong allow it to do as it wished? He was unable to react the first time, and he wanted to see the extent of its strength, allowing it to attack a second time. Now, it was time to subdue the weapon. Like an extension of his arms, the branch of the Star Dragon Divine Tree shot towards the halberd.

In the blink of an eye, the branch and halberd exchanged countless blows.

Again and again, the Three Gods Halberd was flung backwards.

“Big guy, I’ll advise you to give up. This is the Star Dragon Divine Tree you’re going up against. You can’t break through its defense.” Huang Xiaolong muttered. “It might not be a bad thing for you to take me as your master.”

He summoned the four Universe Origin Fires after speaking up to this point. With four divine spirits materializing in the space above the lake, their roars caused the world to tremble.

The Three Gods Halberd was able to control the power of water while the four origin fires could control flames. With enough heat, he could easily suppress all forms of water.

“I don’t just have the Star Dragon Divine Tree. The four Universe Origin Fires have also chosen me as their master.” Huang Xiaolong continued. “If that’s not enough to convince you, I am currently refining the Universe Boat.”

After he spoke, he summoned the Universe Boat. The might of the strongest universe treasure filled the space they were in immediately. When the Three Gods Halberd felt the aura of the Universe Boat, it stopped moving completely. It was as though it was afraid of the boat.

When Huang Xiaolong thought that it was finally about to give up, a burst of light emerged from the halberd as it charged at Huang Xiaolong’s dao heart.

Even though Huang Xiaolong had already fused with the Star Dragon Divine Tree, his dao heart was indeed one of his weaknesses.

It was too bad the halberd was stopped by the Universe Boat the moment it tried to move. The Universe Boat was like a massive mountain that blocked off every single route the halberd tried to take. An even stronger burst of light emerged from the Universe Boat and it sent the halberd flying.

When the Three Gods Halberd struck the Universe Boat, it didn’t even leave a mark!

As the sturdiest treasure in the universes, nothing was able to shatter its defenses!

Several days later...

Huang Xiaolong looked at the halberd in his hand in satisfaction.

After so many days, the halberd was finally willing to submit to Huang Xiaolong. Naturally, Huang Xiaolong had to beat it into submission.

He didn't waste any time as he used the formations on the Universe Boat to crack open the defenses around the Three Gods Halberd before imprinting his dao soul brand on it.

"You're a good weapon, but your temper is really nasty..." Huang Xiaolong sighed as he suppressed the halberd in the grand formation of the Universe Boat.

Since he didn't wish to remain in the Bewilderment Island for long, he could only suppress the halberd before going back to refine it.

Chapter 3628: Treasure in the Limitless Sea!

After suppressing the halberd under the grand formation in the Universe Boat, Huang Xiaolong didn't leave as he looked at the giant lake.

Even though he had no idea what it was, he knew that it was an extremely precious treasure since the Three Gods Halberd was willing to nourish itself there.

After thinking about it, Huang Xiaolong retrieved the Sun Moon Furnace. As it trembled violently, the entire lake was sucked into the furnace.

When he was done, Huang Xiaolong continued to stroll about the forest.

If he managed to find something as special as the lake, there might be even more treasures lying about!

A month later, Huang Xiaolong finally emerged from the Bewitchment Forest.

In the month that he was there, Huang Xiaolong managed to find quite a lot of treasures. Places where the Limitless Master and the others didn't dare to venture into couldn't stop Huang Xiaolong! With the Star Dragon Divine Tree, Huang Xiaolong went wherever he liked!

Moreover, he also managed to locate four other half step Universe Gods.

All of them had crossed the 10 billion mark. The strongest of the four reached the 14 billion units mark, and she was called Yu Xiaohong. She was even stronger than Zhou Chi!

Yu Xiaohong was like Zhang Shen. They both hailed from the Zhu Lan Lands.

When Huang Xiaolong emerged from the Bewitchment Forest, he saw the look of panic on the faces of Zheng Shen and the others. They were clearly worried that he would never emerge.

"Lord!" They rushed over to welcome him the moment he appeared.

However, Zheng Shen was shocked when he saw the four people following behind Huang Xiaolong.

"Lord Yu Xiaohong!"

"Lord Qin Wei!"

As the four of them were Gods of Creation who had accumulated more than 10 billion units of grand cosmos energy, none of them were nobodies. The four of them could be said to be extremely famous. Zheng Shen and the others naturally recognized them!

"In the future, all of you will be part of the same group." Huang Xiaolong muttered.

When Zheng Shen and the others heard Huang Xiaolong, they were dumbstruck.

“Alright. Let’s leave the island before talking about this.” Huang Xiaolong said before leading the others towards the exit.

After his adventure around the Bewilderment Island, Huang Xiaolong could be said to be quite familiar with the place. It took him less than three months to emerge.

After a short rest, Huang Xiaolong brought them all towards the depths of the Sleepless Sea.

Along the way, they ran into several strong sea beasts. Their strength were comparable to half step Universe Gods, but they were no match for Yu Xiaohong and the others!

After two short months, Huang Xiaolong arrived at the entrance of the abyss of the Sleepless Sea.

“That’s Saturated Water!”

Zheng Shen pointed towards a ball of liquid and exclaimed.

When everyone looked in the direction he pointed at, they were greeted with the sight of a giant water-like ball.

The liquid looked extremely ordinary, but the faces of everyone changed when they noticed what it actually was. Even Yu Xiaohong couldn’t control her emotions.

As long as one was swallowed by the Saturated Water, even God of Creation Realm experts who had accumulated more than 10 billion units of grand cosmos energy would be hard pressed to escape. Moreover, the water wasn’t just able to trap somebody. Once they were swallowed, their dao souls would enter an eternal nightmare. They would be like an ordinary drowning mortal, and the feeling was horrifying.

As the ball of Saturated Water had its own consciousness, it was able to detect Huang Xiaolong’s group instantly.

With absurd speed, it shot towards the group.

That was one of the reasons why the ball of water was scary. Not even half step Universe Gods would be able to outrun the ball of liquid.

The presence of weird existences like that was the reason behind the Limitless Master's reluctance to enter the depths of the Sleepless Sea.

There might be a ton of universe-level spiritual veins in the depths of the Sleepless Sea, but there were also a ton of dangers lying around! Not many people would risk their lives to search for spiritual veins.

"There's no need to worry." Huang Xiaolong muttered as the Three Gods Halberd appeared in his hand.

With his grand cosmos energy pouring into the weapon, rays of blinding light emerged from the halberd. The ball of liquid was sucked into the halberd without the slightest bit of resistance. In an instant, it disappeared.

"Three... Three Gods Halberd!" Yu Xiaohong and the others exclaimed in shock.

"That's right. This is the Three Gods Halberd." With the halberd in hand, Huang Xiaolong could control all forms of water! It didn't matter if the Saturated Water had spirituality or not!

Even though Huang Xiaolong had only branded the weapon with his soul and hadn't gained complete control over it, he was more than capable of using its basic functions.

No one expected Huang Xiaolong to solve the problem so quickly.

Gulps could be heard in the surrounding when they noticed the power of the Three Gods Halberd. Was that the true power of a universe treasure?!

After dealing with the Saturated Water, Huang Xiaolong and the rest continued onwards.

They ran into a cluster of green flames before long.

Like the Saturated Water, the cluster of green flames struck fear into the hearts of half step Universe Gods. As long as one was struck by the flames, they wouldn't be able to get rid of it no matter how hard they tried!

Once again, Huang Xiaolong dealt with the danger. Summoning the four Universe Origin Flames, he devoured the burning cluster.

To others, the cluster of green flames was a terrifying existence. However, it was a great nourishment for the four origin fires.

?!?!?!?

"What the f..."

Those standing around him stared in a daze as they didn't expect him to deal with it so easily.

He brought them along as they continued to adventure around.

They met with weird universe ice storms, thunderstorms, and mudslides. However, all of them were dealt with easily.

As they traveled around the area, Huang Xiaolong collected one spiritual vein after another.

Yu Xiaohong and the others looked at Huang Xiaolong picking universe-level spiritual veins up like cabbages by the side of the street while they fell completely speechless.

Huang Xiaolong flew about the area for an entire month.

“Lord, should we return?” Yu Xiaohong looked at the area around them and suggested.

There might be lots of universe-level spiritual veins in the depths of the Sleepless Sea, but the further they ventured, the more dangerous it became. No one has ever been able to travel all the way into the deepest part of the sea and no one knew what dangers lurked within.

Huang Xiaolong looked at the peaceful region before him and he hesitated for a moment. “Alright. Let’s return for now.”

He decided to return after entering the grand completion stage of the God of Creation Realm.

He was still a little hesitant to head deeper with his current strength.

His adventure this time could be said to have yielded an extremely bountiful harvest. He obtained nearly two hundred universe-level spiritual veins and seven of them were top-grade ones.

As such, he brought them back towards the shallower region of the Sleepless Sea.

Along the way, he received a report from Zhou Chi. It was said that a peerless treasure has been born in the depths of the Sleepless Sea. Experts from all over the Limitless Land were charging over without a care in the world.

Even the Limitless Master and Limitless Celestial Emperor had entered!

Chapter 3629: Someone Barged In

“Oh? Even the Limitless Master came...” Huang Xiaolong was slightly stunned.

Whatever the case, it wasn’t a bad thing for him. He decided to subdue the king of the Ocean Race along with the Limitless Master after he returned. Since the Limitless Master had entered the Sleepless Sea, he would save the trouble of dealing with him after returning.

As such, Huang Xiaolong got Zhou Chi and the others to keep a lookout on the Limitless Master.

“Oh? Sleepless City?” Huang Xiaolong was slightly taken aback.

Was the Limitless Master looking for the king of the Ocean Race?

Were they planning to work together?

That might really be the case. After all, the two of them were the overlords of the region. If they wanted to search for the treasure, the king of the Ocean Race would be the best person to look for it. The Limitless Master was the strongest in the region, and his strength would be indispensable when fighting for the treasure.

Perhaps, the Limitless Master already knew of the presence of the Three Gods Halberd!

“Alright. We’ll head over to the Sleepless City immediately!” Huang Xiaolong spoke to Yu Xiaohong and the others.

Summoning the Blue Dragon Flying Ship, they charged towards the city.

Huang Xiaolong accelerated the ship to its limit.

Along the way, he received countless reports from Zhou Chi and the others.

“The old ancestor of the Cao Family has also entered the Sleepless City!”

“The king of the Ocean Race gathered the old ancestors of the various ancient races. The old ancestors of the Jade Whale Race, Wei Ghost Race, and the other races have gathered in the city!”

Huang Xiaolong laughed when he read the reports.

Nice!

They're all gathered in one place!

According to the reports, there were more than three thousand Gods of Creation gathered in the city.

As for those who exceeded 10 billion units of grand cosmos energy, there were nearly thirty of them!

That was basically all the top-tier experts in the Limitless Land!

When Yu Xiaohong, Qin Wei, Zheng Shen, and the others heard the number of people gathered in the Sleepless City, complicated emotions filled their hearts.

"Lord, I don't think we should head to the city..." Zheng Shen muttered. "Even though you're strong, we're lacking in manpower! Shouldn't we wait for them to split up before attacking?"

"That's right... Lord, we should deal with them when the Limitless Master and the king of the Ocean Race leave!" Qin Wei continued.

Huang Xiaolong might have the four of them who had crossed the 10 billion mark and nearly a dozen over half step Universe Gods, but they were nothing but ants before the Limitless Master and the king of the Ocean Race!

"Relax. I'll deal with it."

To reassure them, Huang Xiaolong summoned the Universe Boat.

As soon as it appeared, the power of the universe covered the area. The giant boat filled up the entire sky above them and none of them could believe what they were seeing.

“Universe... Universe Boat?!” Yu Xiaohong gapsed in fright.

They knew that Huang Xiaolong had the Star Dragon Divine Tree, four Universe Origin Fires, and the Three Gods Halberd, but the shock when they discovered that the Universe Boat was also in his possession eclipsed everything they felt in the past.

That was the universe treasure that ranked first!

“That’s right. This isn’t an illusion.” Huang Xiaolong admitted. Keeping the Blue Dragon Flying Ship, he ushered them onto the Universe Boat. Activating the grand formation, they turned into a streak of light that flew towards the Sleepless City.

The Universe Boat traveled ten times faster than the Blue Dragon Flying Ship.

As the space around them started to twist, it took them several days to arrive in the vicinity of the city.

Huang Xiaolong quickly kept the Universe Boat.

“We... We’re here?!” Zheng Shen stared at the city in disbelief.

“Yeah.” Huang Xiaolong chuckled and he started to walk towards the city. The city was on a full lockdown, and no one was allowed to enter the city. Experts of the various races patrolled the area, unwilling to let anything go wrong.

Huang Xiaolong waved his arm and deployed the Star Dragon Divine Tree immediately. He sealed off the entire space around the city.

Now that he wanted to deal with them, he wouldn’t allow anyone to escape. The Star Dragon Divine Formation was strong enough to stop anyone from escaping.

With the grand formation sealing off the space around the city, not even the Limitless Master and the king of the Ocean Race would be able to escape. After all, they weren’t stronger than Huang Xiaolong.

With rays of starlight silently covering the area, it formed a giant spider web that stretched into the space around the city. The ray of light grew stronger and stronger as the space became extremely stable.

When Huang Xiaolong was laying down his formation, there was a discussion going on in the main hall of the Sleepless Palace. The Limitless Master, Wu Xin, and the king of the Ocean Race, Ye Ye, were discussing the matter of the treasure among each other.

“We’re nearly done with our preparations.” Wu Xin said, “It’s time for us to head towards the Bewilderment Island.”

“Alright, let’s head over tomorrow! Brother Wu Xin, is that alright with you?”

“Of course.” Wu Xin laughed. “However, let’s be clear about this. The Three Gods Halberd will belong to whichever side who finds it first. We’re not allowed to come to blows over the weapon.”

“Naturally.” Ye Ye chuckled. “I’m afraid that Brother Wu Xin will go against our agreement when the treasure really appears.”

“Nonsense! You’re the master of the Sleepless Sea. I won’t be able to go against our agreement even if I wanted to!”

The two of them laughed casually.

The Three Gods Halberd might be in the Bewilderment Island, but the island itself was terrifying! Neither one of them dared to venture in alone. As such, they came to an agreement to work together in order to find the treasure!

“We must not allow news of the halberd to leave this hall...” Ye Ye warned everyone who was present.

That was what the two of them were most worried about.

Everyone might know that a treasure appeared in the Sleepless Sea, but no one knew that it was the Three Gods Halberd.

Wu Xin nodded solemnly, "Brother Ye, you can rest assured that none of us will leak the news."

He knew how serious things were. If the news that a universe treasure had appeared in the Sleepless Sea were to spread, the five supreme overlords would rush over at once! The two of them wouldn't be left with scraps! Like what happened to the Limitless Master when the Dragon Overlord came to seal his treasure map, the two of them might even be severely injured!

They were about to leave the hall when a massive explosion rang in their ears. The entire city trembled under their feet.

Every single expert in the hall was shocked. There was only one explanation for the shaking. Someone attacked the Sleepless City!

With so many experts stationed in the city, someone was crazy enough to launch an assault!

Did someone leak the news of the Three Gods Halberd?!

Wait a minute, the halberd hasn't even appeared! Why was someone attacking the city?!

One of the experts from the Sleepless City rushed into the hall. He got to his knees and made a report, "Your Majesty, someone barged into the city and wounded many experts on our side!"

Chapter 3630: Try Me

Someone barged into the Sleepless City!

Everyone in the hall stared at the messenger in shock.

“How many people attacked the city?!” Ye Ye’s expression sank.

“Just... Just one! It’s a youngster from the Human Race!”

Youngster from the Human Race?!

Everyone in the hall stared at each other as an awkward silence filled the area.

Ye Ye opened the dao mirror in the grand hall and they saw a youngster strolling into the Sleepless City. Not a single guard could stop the man, and all of them were sent flying by a formless energy when they approached.

Wu Qifeng and Ye Jingyu gaped in shock when they saw the person in the dao mirror. “It’s him!”

Their reactions caused Ye Ye and Wu Xin to stare at them in bewilderment.

“Do you know him?” Wu Xin asked Wu Qifeng when he saw the animated expression on the latter’s face.

“Lord Ancestor, that’s the Blue Dragon Young Master!” Wu Qifeng didn’t dare to hesitate as he quickly made the report.

Ye Ye was equally as confused. In the past, Ye Jingyu entered the Limitless Celestial Empire and reported the fact that Zhou Chi, Lin Qiankun, and Rong Hua had submitted to a youngster. He was curious about their relationship, but he wasn’t too concerned.

Wu Tianyu looked at Huang Xiaolong and he frowned, “What do you think he’s trying to do?”

The Blue Dragon Young Master definitely knew that there were countless experts residing in the Sleepless City. Even so, he decided to attack the city alone!

What in the world was he up to?!

Wu Tianyu and the various experts in the hall were clueless as to Huang Xiaolong's intentions.

Wu Xin looked at Ye Ye and muttered, "Brother Ye, how strong do you think he is?"

"His strength hasn't crossed the 14 billion units mark!" Ye Ye declared after observing Huang Xiaolong.

He was right. The strength Huang Xiaolong displayed hadn't crossed the 14 billion units mark. After all, he only used two great worlds.

Wu Xin nodded his head and muttered, "He probably has a little more than 13 billion units of grand cosmos energy. However, it's not possible for him to subdue Zhou Chi if that was the case..."

"Father, there might be a supreme overlord supporting the kid!" Wu Tianyu guessed. "That should be the reason behind his subordinates' obedience..."

Ye Ye frowned and looked at the patriarch of the Jade Whale Race. "Patriarch Bi Chengyin, teach him a lesson! If he doesn't know what's good for him, teach him a lesson he will never forget!"

Getting to his feet, Bi Chengyin bowed before leaving the hall.

Wu Xin looked at Bi Chengyin who was headed for Huang Xiaolong and he laughed, "Patriarch Bi has already broken through the 16 billion units mark. Brother Ye is fortunate to have such a capable general!"

Ye Ye chuckled in amusement, "Brother Wu Xin, there's no need to be envious of me. You have a ton of experts under you too..."

The two of them laughed casually.

Opening their dao eyes, the two of them decided to watch the upcoming battle.

In a few steps, Bi Chengyin arrived before Huang Xiaolong.

By the time he arrived, Huang Xiaolong had already entered the inner city.

Yu Xiaohong and the others didn't follow him during his assault on the Sleepless City as they would be nothing more than a burden to him during the final battle. They were no match for the Limitless Master or the king of the Ocean Race anyway! Huang Xiaolong felt that they would be better off supporting the formation on the outside, preventing anyone from getting away.

When Bi Chengyin stood before Huang Xiaolong, he touched his chin and growled, "Were you the one who crippled Bi Shifei?"

"That's right." Huang Xiaolong grinned. "Are you the second strongest expert of the Sleepless Sea?"

"If you cripple one of your arms now, you can leave." Bi Chengyin muttered. "The Sleepless City isn't somewhere you can come and go as you please."

"What if I refuse?" Huang Xiaolong chuckled in amusement.

"Then it won't end with you losing one of your arms. If you refuse to heed my advice, you're going to suffer a miserable death."

"Try me." Huang Xiaolong said as he took a step forward.

Under the gaze of everyone in the hall, Huang Xiaolong walked towards Bi Chengyin.

With his expression sinking, Bi Chengyin growled, "Do you really think that I'll spare you because of the courage you've shown?! I detest delusional kids like you!"

After he spoke, he made his move.

He appeared before Huang Xiaolong in the blink of an eye as he grabbed at Huang Xiaolong's arms. Since the youngster before him wasn't willing to listen to his warnings, he would cripple both his arms! It would count as a small lesson.

He managed to grab Huang Xiaolong's arms without much difficulty.

Tightening his fists, he wanted to tear Huang Xiaolong's arms off his shoulders. However, he soon discovered that he wasn't able to do a thing to the youngster before him! Huang Xiaolong's arms were like massive rods made from the strongest of universe materials! His hands actually hurt from squeezing too hard!

He stared at Huang Xiaolong as confusion filled his mind.

How in the world could someone refine their body to such a terrifying degree?!

In the main hall, Ye Ye and Wu Xin were equally dumbstruck.

"What's going on?! Did he wear some sort of pseudo universe treasure level armor?!"

As the words left his lips, Huang Xiaolong moved. The second strongest expert of the Sleepless Sea, Bi Chengyin, was sent flying when Huang Xiaolong shrugged his shoulders once. Blood sprayed out from his lips.

"What?!"

No matter who it was, they failed to contain their shock.

Wu Xin and Ye Ye leaped to their feet as their expressions changed drastically.

Staring at each other, they took a single step and appeared before Huang Xiaolong.

The experts who were in the hall followed closely behind.

“Do you have any business in my Sleepless City?” Ye Ye growled. “Who are you anyway?”

“Aren’t all of you looking for the Three Gods Halberd?” Huang Xiaolong chuckled in amusement.

Wu Xin and Ye Ye frowned.

Did someone leak the news of the universe treasure?!

“You must be mistaken.” Ye Ye explained in a low voice, “I invited Brother Wu Xin here to discuss matters between my Ocean Race and his Human Race.”

“Is that so?” Huang Xiaolong laughed and summoned the Three Gods Halberd.
