

Conqueror 3701

Chapter 3701: Huang Xiaolong in Danger

The five monster kings gathered together and stood behind the Dragon Overlord, God of Death, and Zhu Chen.

The Blood Tentacles King sneered, "Even without the Ghost Devil King, we're strong enough to fight against you." The blood qi around his body soared into the skies and turned into an ocean.

It was stopped by a formless pressure before it could swallow the Golden Qilin King.

With a smile on his face, the Golden Qilin King waved his hand. He shattered the sea of blood, causing the Blood Tentacles King to retreat slightly.

The faces of the four other monster kings changed slightly.

The Golden Qilin King mocked, "You wish to fight against me?! With you losers?"

If the Ghost Devil King came, his life might be threatened. However, there was nothing he was afraid of now. Naturally, he didn't care about the Dragon Overlord and the others.

Zhu Chen shattered his transmission symbol sneakily, but it was still noticed by the Golden Qilin King.

With a sneer on his lips, he continued, "Humph, don't even think of calling Huang Xiaolong back here to help you. He's in a much more dangerous situation than you guys. He won't make it back."

Their faces changed instantly.

"Did you draw Lord Huang Xiaolong over to the Devil Abyss on purpose?!" The Dragon Overlord's face sank.

“Looks like you’re not stupid. That’s right. We captured Mo Kun in order to draw him over! We’ll deal with him with the power of the Devil Abyss!”

The hearts of everyone in the city sank.

The Ferocious Devil and Green Ghost were missing, and Huang Xiaolong was the only hope left for the Unknown Space. If anything were to happen to him, the Unknown Space would be thrown into chaos!

“There’s no need to worry. Huang Xiaolong will follow you in the afterlife.” The Golden Qilin King roared with laughter.

The Universe First Race didn’t plan to deal with the Unknown Space so quickly. However, Huang Xiaolong’s appearance shattered their plans. They felt a sense of danger coming from the kid, and they decided to get rid of him before anything bad happened.

After all, their plan to destroy the Thirteen Universes a second time was threatened by Huang Xiaolong!

When the eight of them were still stuck in a daze, the Golden Qilin King moved. He appeared before them in an instant as his fists shot out.

Golden fists appeared in the skies as they slammed downwards. It was much stronger than his strike before!

Previously, he was hiding some of his strength. Now that there was nothing else for him to worry about, he could go all out!

The Dragon Overlord, God of Death, Zhu Chen, and the five monster kings didn’t dare to hold back. They pushed themselves to their limit as they tried to defend themselves.

As none of them had their universe treasures, their combat abilities were slightly affected.

Once again, they were sent flying.

The experts in the city couldn't help but panic when they saw their strongest experts being beaten back. Even so, they couldn't do anything to assist them! After all, the shockwaves of the battle would be more than enough to seriously injure someone like Mo Ren!

"Your Majesty, should we try to contact the old ancestor?" one of the marshals in the celestial empire whispered.

Mo Ren shook his head and sighed. "I tried that a moment ago. I can't reach him."

"Do you think that Lord Huang Xiaolong has already been..."

Mo Ren remained quiet. Since the Golden Qilin King had spoken, none of them were confident that Huang Xiaolong would be able to retreat unscathed.

...

When that went down, Huang Xiaolong casually flew through the Devil Abyss. With his heart trembling slightly, his body flashed, and he dodged a strike that came from nowhere. A sword light that struck the place he was once standing in turned the entire area into chaos space.

The sword light was formless and Huang Xiaolong knew that the only thing he could do was to dodge.

A sneer came from the void.

"Who would have thought that you would be so hard to deal with?"

The void seemed to come from the Golden Cymbals King.

As soon as his voice fell, his figure appeared from within the void. He wasn't the only one. There was another youngster beside him holding a jet-black sword. There was a sinister smile on his face.

Looking at the youngster beside the Golden Cymbals King, Huang Xiaolong felt his heart sinking.
“Heaven Devouring King!”

Out of the thirteen kings, the Golden Cymbals King ranked sixth, the Golden Qilin King ranked fifth, and the Heaven Devouring King ranked even higher than them!

He was the fourth-strongest king!

He was a monster whose combat abilities closed in on the 29 billion mark!

Moreover, his sword dao was much stronger than Jian Wushuang!

The Heaven Devouring King looked at Huang Xiaolong and chuckled, “Young man, there’s no need to be afraid. I’ve always been a very nice man. As long as you hand over your universe treasures, I’ll allow you to bring up a request. I’ll fulfill anything you desire as long as it’s within my power!”

“Alright. I’ll hand them over. My request for you is to kill yourself!” Huang Xiaolong sneered.

The faces of the two kings sank. “Brat, who do you think you’re talking to?!”

Huang Xiaolong snorted in response.

However, the Heaven Devouring King soon revealed another smile. “Well, you’ll know what happens when you try to mess with me.” The black sword in his hand disappeared the moment he spoke. Two black swords appeared behind him, and they soon split into four. In an instant, several billion swords hovered behind him.

Huang Xiaolong summoned the Star Dragon Divine Tree and miniature star dragons appeared in the skies above. They formed a star dragon world with him as its core.

The black swords behind the Heaven Devouring King shot towards Huang Xiaolong in an instant as they slammed against the Star Dragon World.

Boom!

The Star Dragon World that stood strong against the assault started to tremble, but a hole was soon punched through its surface!

Chapter 3702: Fighting For His Life

The moment the hole appeared, a torrent of swords shot towards Huang Xiaolong.

In the blink of an eye, the entire world was filled with black swords.

Huang Xiaolong sucked in a cold breath.

No one had ever been able to punch a hole through the defenses of the Star Dragon Divine Tree before!

It was evident that the other party's strength far exceeded Huang Xiaolong's own!

A snort left the Heaven Devouring King's lips when he saw the expression on Huang Xiaolong's face.
"Huang Xiaolong, do you really think that you're unbeatable because of your Star Dragon Divine Tree?! You're too naive!"

"The Star Dragon Divine Tree might be strong, but you're too weak!"

"Your cultivation is far from being able to stand against me!"

As the words left his lips, the black swords in the skies flew towards Huang Xiaolong.

Flames covered his body as Huang Xiaolong's expression sank.

The four Universe Origin Fires emerged as the divine beasts blocked off the black swords soaring towards his head.

Huang Xiaolong didn't stop there. He stepped on the Yin Yang Flame Wheel and he rushed towards the Heaven Devouring King at a shocking speed! Even though he hadn't reached the peak of the grand completion stage, his speed was terrifying! With the assistance of the Yin Yang Flame Wheel, he arrived in an instant.

The Three Gods Halberd and Reversal Sword struck at the Heaven Devouring King's chest.

Right before they could touch the man, he waved his hand and the golden swords appeared to stop the weapons.

Clang!

A resounding blast filled the Devil Abyss.

Not only did Huang Xiaolong fail to break through the curtain of black swords, but he was forced to retreat.

The Heaven Devouring King flicked his finger once and the rain of black swords continued.

Huang Xiaolong dodged left and right in order to avoid the deadly attacks.

Even with the Golden Sun Circlets, Star Dragon Divine Tree, Yin Yang Flame Wheels, Three Gods Halberd, Reversal Sword, and the four Universe Origin Fires, he was still struck once by a single strand of sword qi. Blood spurted from his wound.

Of course, it healed in an instant.

The Heaven Devouring King sneered, "The Star Dragon Divine Tree really deserves its name as the second-ranked universe treasure. Its regeneration ability is insanely powerful..."

The sword qi he summoned was no ordinary sword qi. The wound would continue to rot if one was struck by the sword qi. Despite that, the star dragon qi allowed Huang Xiaolong to recover completely. One could easily see how terrifying the star dragon qi was.

"Huang Xiaolong, who would have thought that you would grab all their weapons... with the Blade of Death you're hiding, you should have seven universe treasures, right?" The Golden Cymbals King roared with laughter.

The Heaven Devouring King continued, "Alright. We won't have to look for them one by one."

"Huang Xiaolong, hand them over! No matter how much you struggle, it's useless!"

"I laid down the Star Gathering Sword Formation around half the Devil Abyss. You won't be able to escape unless you defeat me! Do you really think that's going to happen?"

A smug expression could be seen on the Heaven Devouring King's face.

Huang Xiaolong frowned in response.

During the exchange earlier, Huang Xiaolong discovered that the Heaven Devouring King's strength had far exceeded his expectations. Even with all the treasures he had, he couldn't bridge the gap between their strength.

The Heaven Devouring King's combat strength neared the 29 billion mark. As a half-step Universe God, the Heaven Devouring King's cultivation was far higher than Huang Xiaolong's! His grand cosmos energy hadn't broken through the 27 billion mark and he was only at the grand completion stage of the God of Creation Realm! The difference between them was far too large.

Other than the Heaven Devouring King, the Golden Cymbals King was being an annoying b*stard who was waiting at the side.

Even that annoying golden-robed weirdo posed a threat to him!

Was he really going to have to expose the Universe Boat?!

The moment he used it, the Black Nether King might personally hunt him down!

Even with the Universe Boat, Huang Xiaolong was afraid that he wouldn't be able to hold up against the Black Nether King.

He might be able to gain the assistance of the Ferocious Devil, but that wouldn't be enough!

The Heaven Devouring King sneered when he saw the look on Huang Xiaolong's face. "Since you're unwilling to hand them over, I'll show you what despair feels like!" Black light revolved around his body after he spoke. Every time it grew a little wider, the entire world around them would turn a little darker.

The darkness around his body grew to fill the space within the Devil Abyss.

Huang Xiaolong's expression changed slightly.

He knew that that was the Heaven Devouring King's devouring ability.

His true form was a Heaven Devouring Beast that was born with the creation of the Thirteen Universes. He was the only creature of his race!

He had the ability to devour the entire Devil Land by himself!

That was how terrifying his ability was!

Huang Xiaolong's Yin Yang Flame Wheel moved once again as he charged towards the Heaven Devouring King. The weapons shot out at the man as the Blade of Death appeared to stab at his eye.

It was completely useless.

Before he could arrive a hundred feet away from the Heaven Devouring King, he was sent flying.

The formless black energy around the Heaven Devouring King stopped anyone from coming close.

As the dark light that filled the Devil Abyss gathered together, they quickly tried to swallow Huang Xiaolong.

He could only retreat with haste.

The only way someone could resist the devouring power was if they were stronger than the Heaven Devouring King! Otherwise, not even their bones would remain.

When he retreated, the black light surged after him. It moved as quickly as Huang Xiaolong, and he eventually arrived at the edge of the Star Gathering Sword Formation.

The power of the formation stopped Huang Xiaolong from going any further.

Watching the black light approach, Huang Xiaolong was about to summon the Universe Boat. Luckily for him, a giant arm tore through the formation to smash at the sea of darkness.

Chapter 3703: Pretty Fast

The giant arm tore through the dark light like it was nothing!

It continued on its way towards the Heaven Devouring King and the Golden Cymbals King.

Before they could react, it arrived right above their heads.

When the two kings felt the terrifying power coming from the arm, their expressions changed.

They seemed to have thought of the same person as they yelled in unison, "Ferocious Devil!"

Even though they were surprised, the Heaven Devouring King acted immediately. The black swords that filled the area gathered together and emitted twice as much power compared to the time he was attacking Huang Xiaolong.

The Golden Cymbals King didn't hold back either. He summoned his golden cymbals and sent them flying towards the crack in space.

Boom!

The tear in space that came from the strength of the arm slammed into the river of black swords ripping it apart.

It was like a bubble that popped in the air above them.

The golden cymbals that arrived were sent flying.

Seeing as their defenses were useless, they could only try again before the arm arrived.

With their heaven-shaking strength, the entire Devil Abyss trembled when they unleashed their true power.

Boom!

After countless strikes, they finally stopped the arm that was crashing down on them.

Even so, they were forced to retreat countless steps back. It was especially so for the Golden Cymbals King. He nearly fell, and he was forced into an extremely sorry state.

The Heaven Devouring King fared slightly better. His arms went completely numb at the end of it.

“Let’s go!” The Heaven Devouring King didn’t hesitate. He tore through the skies with the Golden Cymbals King and left the confines of the Star Gathering Sword Formation. The moment he did, the protective formation turned into countless layers of sword qi that protected them from further attacks.

Watching the two of them get away, a cold snort boomed through the air. A giant palm appeared once again to stop them from leaving.

The weight of a million mountains came crashing down on them.

Even with the formation to protect them, they could feel the universe-destroying might coming towards them.

Roaring with all his might, layers of black light surrounded the Heaven Devouring King.

The golden cloth that the Golden Cymbals King used against Huang Xiaolong appeared once again to turn the area around him into a sea of gold. As waves that were thousands of miles tall rose, they charged at the giant palm.

Boom!

Their attacks slammed into the giant palm as rays of light filled the abyss.

The giant palm shattered the dark light and golden sea in an instant.

The two kings were sent flying as they coughed up mouthfuls of blood.

An expression of fright appeared on their faces.

It had only been several years since they last met. How did the Ferocious Devil become so damn strong?!

They looked at each other before retrieving a talisman. They didn't hesitate to crush it and a weird light surrounded them before anyone could react. They disappeared without a trace, as though they had never existed in the first place. They left the Unknown Space using some sort of special method.

"Humph... They're pretty fast when it comes to running away..." A middle-aged man appeared in the Devil Abyss. There was an air of elegance around him and his eyes shone like stars. His eyebrows were sharp like swords but they were completely white in color.

Huang Xiaolong widened his eyes in shock. Was he the strongest expert in the Unknown Space, the Ferocious Devil?!

Huang Xiaolong flew towards him and cupped his fists respectfully. "Many thanks to fellow cultivator for saving my life."

The Ferocious Devil chuckled in amusement and stared at Huang Xiaolong with a deep gaze, "Even if I didn't do anything, you would be able to escape from his formation..."

Huang Xiaolong was slightly taken aback, but he laughed in response. "Even so, it won't be easy for me to leave the Devil Abyss. I'll have to thank you no matter what."

The Ferocious Devil no longer continued the topic. He looked in the direction they fled and sighed, "Looks like the Black Nether King is about to fully recover."

"The Black Nether King was injured?!" Huang Xiaolong gasped.

The Black Nether King was the strongest expert among the thirteen kings of the Universe First Race. Who in the world had the ability to harm him?!

Probably not even the Ferocious Devil could injure the man.

“When the Black Nether King harvested the lives of the Thirteen Universes in the past in an attempt to break through to the Universe God Realm, he failed and suffered a serious backlash from the universes. He has been in seclusion all this time in order to treat his injuries. That’s the reason behind the Universe First Race’s indifference to our presence.”

So that was the case...

Now that the Black Nether King was about to fully recover, the Universe First Race planned to deal with the Unknown Space to prevent any unknown factors from interrupting their master plan. The appearance of the Heaven Devouring King and the Golden Cymbals King was the greatest sign of that.

“We don’t have much time left.” The Ferocious Devil sighed. His worry was evident.

The moment the Black Nether King recovered, the next person to show up in the Unknown Space to take care of things might be the man himself.

If he really came, not even the Ferocious Devil would be able to stop him.

The Unknown Space would fall in an instant!

Since the Black Nether King wanted to try to break through again, the first group of people he would slaughter would be the members of the Unknown Space. After all, they were the only survivors during the destruction previously.

Huang Xiaolong’s heart sank.

“What about Mo Kun?” Huang Xiaolong spoke after some time.

“He’s alright.” The Ferocious Devil muttered, “Let’s head back.”

Leaving the Devil Abyss, they left for the city.

As soon as they returned, Huang Xiaolong learned of the invasion by the devilish creatures. The Golden Qilin King had also left, but the eight experts suffered quite a bit of injuries. The appearance of the Green Ghost saved them all.

“We were fighting toe to toe with the Golden Qilin King after Lord Ghost appeared, but he left suddenly,” The Dragon Overlord reported.

Huang Xiaolong knew exactly why. He probably received the news that the Ferocious Devil had appeared in the Devil Abyss to save Huang Xiaolong. There was no point in dragging on the battle as they wouldn’t be able to achieve anything with the Ferocious Devil’s arrival.

After the kings left, the experts of Devil Land gathered together to push the devilish creatures back.

The Ferocious Devil’s return caused Devil Land to cheer wildly.

In the main palace, there was a great feast arranged to welcome the Ferocious Devil back to his territory.

After the banquet, Huang Xiaolong returned to his old routine of comprehending the images in the Devil Mirror.

The sense of urgency in his heart burned even stronger after meeting the Heaven Devouring King. Huang Xiaolong knew that he needed to break through before anything else.

A year later, Huang Xiaolong finally understood the second set of ten thousand images.

Then came the third set and fourth...

After several hundred years, Huang Xiaolong comprehended a hundred and thirty thousand images and the Nameless Devil Mirror started to shine with a terrifying light. It rose from its original spot and fell into Huang Xiaolong's hand.

Chapter 3704: Secret of the Nameless Devil Mirror

When it landed on his hand, everyone in the surrounding stared at him in shock.

The Ferocious Devil who received the news in the imperial palace stared at the messenger for quite some time in shock.

He knew that Huang Xiaolong had been trying to comprehend the secrets regarding the mirror, but he felt that it wasn't possible.

Now, the kid actually brought away the Nameless Devil Mirror!

Wouldn't that mean that Huang Xiaolong managed to do what he couldn't?

"Did Huang Xiaolong comprehend the mysteries behind the mirror?" The Green Ghost asked.

He tried to understand the mysteries behind the mirror, but like the Ferocious Devil, he didn't understand a thing!

The Ferocious Devil hesitated for a moment and muttered, "Probably..."

He wasn't too sure what was going on.

However, if Huang Xiaolong managed to obtain the mirror, he probably understood the secrets behind it.

A light flashed in The Green Ghost's eyes.

He might not know what the Nameless Devil Mirror represented, but he knew that it wasn't ordinary! In fact, it should be an extremely special existence!

He even thought that he would be able to comprehend the mysteries of the universe the moment he understood the secrets behind the mirror!

The Ferocious Devil chuckled softly when he noticed the look in The Green Ghost's eyes. "Huang Xiaolong isn't as simple as he seems. Even I might not be able to suppress him if I made a move personally, much less you..."

The Green Ghost gasped in fright. "What?!"

He clearly didn't believe that the Ferocious Devil wasn't enough to suppress Huang Xiaolong.

The Ferocious Devil stood up and looked in the direction where the mirror once was. "He has a lot of secrets on him. Not even I can see through him. In the Thirteen Universes we lived in previously, there were only two people who gave me the same feeling."

The Green Ghost fell silent.

He knew exactly what the Ferocious Devil meant.

"In fact, it's a good thing that he managed to understand the secrets behind the mirror. After all, we're facing the same enemy!"

That was the reason behind the Ferocious Devil's generosity in handing over the mirror to the city. He wanted to find a powerful ally to fight against the Universe First Race!

The Green Ghost sucked in a cold breath and suppressed his greedy desires. "Lord Devil is right. I didn't think things through."

“Not to worry. You were merely deluded for a moment.” Chuckling slightly, the Ferocious Devil continued, “Let’s go. Huang Xiaolong is back. Let’s congratulate him.”

...

As the silvery moonlight fell on the lands, Huang Xiaolong sat in the middle of the second layer of formations on the Universe Boat and absorbed an endless amount of universe source qi.

There was an object floating in the air above him, and it was precisely the Nameless Devil Mirror he obtained that morning.

Every time it turned a single round above his head, the images that Huang Xiaolong comprehended would appear around him.

The images became clearer and clearer, as though they were corporeal.

The one hundred thirty thousand images depicted the changes of the Thirteen Universes since the start of time.

Eventually, the universes were created.

As the images of the thirteen universes revolved around him, they were like thirteen balls of light that emitted multi-colored lights.

The Star Dragon Divine Tree, Universe Origin Fires, Reversal Sword, Three Gods Halberd, Golden Sun Circlet, Blade of Death, and the Yin Yang Flame Wheels emerged from his body without warning. They started to spin around with the universes.

The three great worlds in his body appeared above his head, and they mirrored the movement of the universes.

As time trickled on, the grand cosmos energy produced by his three great worlds started to transform. They turned completely golden in color and so did the three great worlds.

Hundreds of thousands of years passed in the blink of an eye.

On one fateful day, the transformation was complete and the three great worlds produced by Huang Xiaolong, including the grand cosmos energy they produced, became completely golden in color.

Buzz...

The sounds of shattering could be heard as something in Huang Xiaolong seemed to split apart.

His body started to turn gold in color.

A terrifying might emerged from his body and the pressure collided with the might of the universe that governed the lands. His grand cosmos energy expanded like the sea and it soon filled every crevice of the second layer of restrictions.

Several years later...

The pressure that came from Huang Xiaolong's body receded like a tide and the grand cosmos energy slowly disappeared. He opened his eyes slowly as he finally broke through to the peak of the grand completion stage!

In the past, he was stuck at the limit of the grand completion stage. Now, his grand cosmos energy finally crossed the 27 billion mark!

He stretched his hand out slightly and the devil mirror fell onto it. Looking at the mirror in his hand, Huang Xiaolong fell deep into his thoughts. Even though he had no idea what the mirror was, he knew that it was an object that existed long before the creation of the Thirteen Universes.

That was because it recorded the formation of the universes!

The Nameless Devil Mirror might not be a universe treasure, but it was definitely a treasure that surpassed that grade! Universe treasures were only born by the universes long after the mirror came into existence.

It was even older than the Universe Boat!

Huang Xiaolong might be a little hesitant when breaking through to the Universe God Realm in the past. However, he gained a huge boost in confidence now that he obtained the mirror.

He comprehended the mysteries of the universe when he was cultivating, but he knew that it was merely the tip of the iceberg. When he truly comprehended the secret and mysteries of the universe, he would finally turn into a Universe God!

As the strongest universe treasure, the Universe Boat also contained the intricacies of the universe. However, it only contained the secret of the First Universe! The Nameless Devil Mirror contained the secret of all thirteen!

Chapter 3705: Laying Down the Extermination Formation

Huang Xiaolong not only managed to comprehend the mysteries of the Thirteen Universes and break through to the peak of the grand completion stage. He also managed to understand a supreme art! When he finally processed the technique in his mind, he dubbed it the Universe Transformation Art!

The Universe Transformation Art consisted of the transformation and formation of all Thirteen Universes!

Even so, Huang Xiaolong only scraped the tip of the iceberg. The Universe Transformation Art he understood wasn't complete!

He was confident that in time, he would be able to perfect the technique as his understanding of the mysteries of the universe became more solid!

Moreover, he discovered that the Universe Transformation Art could be used when he circulated all three great worlds.

Regaining his calm, Huang Xiaolong didn't leave the Universe Boat immediately. Instead, he threw even more spiritual veins into the eye of the formation to produce universe source qi. He absorbed the qi as he circulated the technique.

As he had barely broken through to the peak of the grand completion stage, his foundation wasn't solid enough. He planned to refine the universe source qi to slowly increase his power!

Even more time passed. This time, several hundred thousand years passed in the blink of an eye.

Huang Xiaolong frowned as he realized that his strength wasn't rising as quickly as before.

In the past, he would be able to increase his grand cosmos energy by several hundred million units in a hundred thousand years. Now, he only managed to increase it by a hundred million units in the same amount of time!

The higher his cultivation level went, the slower it became!

He also discovered that the speed at which he devoured universe source qi was tens of times faster when he circulated the Universe Transformation Art than when he used his three great arts previously!

He could refine several dozen strands of universe source qi in the span of a single day!

In the past, he only used a few hundred strands of universe-level spiritual qi when cultivating. Now, he used nearly twenty thousand of them!

Again, several hundred thousand years passed.

Huang Xiaolong eventually opened the third layer of restrictions.

Cultivating in the third level of restrictions, more than three million years passed.

Huang Xiaolong finally stopped as he looked at the universe source qi in the third layer. A bitter smile appeared on his face as he had no idea how many strands of universe-level spiritual veins he used. Most of them were of the peak and high-grade level and that was a monstrous amount of money.

He basically used up every single universe-level spiritual vein in the Unknown Space. The treasuries of the supreme overlords had been plundered by him, and he refined everything he could.

After three million years, he finally broke through to the 29 billion mark.

Of course, he barely crossed it.

As for the comprehension of the Nameless Devil Mirror, he managed to understand the mysteries of the Thirteen Universes to the next level. His understanding of the Universe Transformation Art was no longer as rough as it was in the past.

He understood one-tenth of the secrets behind the Thirteen Universes.

When he broke into the peak of the grand completion stage of the God of Creation Realm previously, he barely understood anything regarding the mysteries of the universe! Now, he knew a lot more!

Stepping out from the third layer of restrictions, Huang Xiaolong discovered that he underwent a terrifying change.

After learning the mysteries of the Thirteen Universes, Huang Xiaolong's strength reached a whole new level. He was no longer the Huang Xiaolong of the past!

The instant he appeared, he received a message from the Ferocious Devil. He didn't even have the time to summon the Dragon Overlord and the others when he received it.

The Ferocious Devil didn't say much in the message. He only said that he wished to discuss matters regarding the Universe First Race with him.

Stepping into the main hall, Huang Xiaolong saw that the Ferocious Devil wasn't the only one present. The Green Ghost, Dragon Overlord, God of Death, and Zhu Chen were all present.

The Dragon Overlord and the other two quickly approached Huang Xiaolong to welcome him.

"Lord!"

A look of amazement flashed through the Ferocious Devil's eyes when he saw Huang Xiaolong. Out of those present, he was the strongest individual! He was able to discover that Huang Xiaolong was completely different from before!

"Congratulations Fellow Cultivator Huang for breaking through to the peak of the grand completion stage." The Ferocious Devil cupped his fists and smiled.

The Green Ghost felt his body trembling when he heard what the Ferocious Devil said.

The Dragon Overlord and the others looked at Huang Xiaolong as surprise flashed in their eyes.

Huang Xiaolong's creation of three great worlds was nothing special to those in the grand hall. The Ferocious Devil and Green Ghost heard of it in the past from Huang Xiaolong himself. Now that he entered the peak of the grand completion stage, wouldn't it mean that his grand cosmos energy had broken through the 27 billion units mark?

"Congratulations, Lord!" The Dragon Overlord, God of Death, and Zhu Chen laughed excitedly.

"Congratulations, Lord Huang Xiaolong." The Green Ghost hesitated for a moment before changing the way he addressed Huang Xiaolong. In the past, he had always addressed Huang Xiaolong as a 'fellow cultivator'. Now, it seemed as though he had to call Huang Xiaolong properly.

Huang Xiaolong thanked them as a smile formed on his face. "I was merely lucky when breaking through..."

Even though the Ferocious Devil could see that Huang Xiaolong had entered the peak of the grand completion stage, he couldn't see that Huang Xiaolong had already broken through the 29 billion mark!

With the Universe Transformation Art, Huang Xiaolong could hide his strength easily!

After he took his seat, the Ferocious Devil spoke about the events that happened in the past millions of years.

None of the members of the Universe First Race entered the Unknown Space since the battle in the Devil Abyss. However, the Ferocious Devil could feel that the Universe First Race was cooking up something huge.

"Brother Devil, do you mean to say that the Universe First Race has already been laying down their grand formation to destroy the Thirteen Universes?" Huang Xiaolong frowned. "If they complete their formation, they would be able to destroy the Thirteen Universes once again..."

The Ferocious Devil nodded slightly as a light flashed in his eyes. "That's right. The moment they complete the formation, they would be able to destroy the Thirteen Universes for a second time! They will harvest the lives of those there like they are nothing! This time, they won't allow anyone to escape! Even our Unknown Space will be destroyed in the process!"

The hearts of everyone in the hall sank.

"How can we stop them?" Huang Xiaolong asked.

"Even though I managed to discover that they're laying down the formation, I am unable to discover which one of the thirteen kings is responsible for it..."

Chapter 3706: Fighting the Ghost Devil King

“Brother Devil, can we stop the creation of the formation if we kill the king behind the Extermination Formation?” Huang Xiaolong asked.

The Ferocious Devil nodded his head and said in a serious voice, “That’s right. Not everyone can lay down the Extermination Formation. In the past, the Black Nether King probably taught one of the kings how to do it.”

“Wouldn’t that mean that someone other than the Black Nether King is responsible for the formation? Even if we kill him, the Black Nether King will be able to take over!”

The Ferocious Devil sighed. “Of course, I know that. However, we can only choose to delay them by killing the other person setting up the formation. If we fail to do anything, the Thirteen Universes will undergo the destruction tribulation. Once it starts, we won’t be able to stop it.”

Huang Xiaolong thought about it for a moment and muttered, “I shall travel over to the Universe First Race to look for the king responsible for the formation...”

A trace of joy filled the Ferocious Devil’s heart. “That would be for the best. It’s too bad all of us are cursed by the previous destruction tribulation and won’t be able to follow you there...”

He could only travel over alone.

“It’s alright. When I arrive in the Universe First Race, I’ll definitely discover the person who laid down the formation. I’ll capture him and bring him back here.”

A serious expression appeared on the Ferocious Devil’s face. “When you arrive, you have to be careful not to expose your whereabouts...”

Even though Huang Xiaolong had already reached the peak of the grand completion stage, his fate would be sealed if his tracks were exposed.

“Of course.” Huang Xiaolong nodded.

He knew how important it was to remain untraceable in the territory of the Universe First Race.

Even at his current level, there were at least three experts in the Universe First Race no weaker than him!

The Black Nether King, White Feather King, and the Star Refining King were experts whose strength he couldn't underestimate.

The other two might not be comparable to the Black Nether King, but their combat strength had long since surpassed the 29 billion mark.

The White Feather King was comparable to the Ferocious Devil and his combat strength had reached the 29.9 billion mark.

Soon after, Huang Xiaolong asked about several matters regarding the Universe First Race. The Ferocious Devil didn't leave anything out as he told Huang Xiaolong everything he knew.

Half a day passed...

Huang Xiaolong finally made his decision. "I'll head to the eighteenth level of hell before going to the Universe First Race. I'll bring the six monster kings from the Netherworld along with me."

"Alright. The Ghost Devil King is pretty strong. He should be a good assistant to bring along."

Huang Xiaolong was shocked. The Ferocious Devil's evaluation of the Ghost Devil King's strength should mean something. Whatever the case, he should be stronger than the Huang Xiaolong of the past.

"When you go over to the Universe First Race, I won't be able to help you. Here. This is all the help I can give." The Ferocious Devil handed over a weapon. "Take my Devil Spear."

A jet-black spear appeared in the Ferocious Devil's hand and a terrifying pressure filled the hall.

That was the Crow Devil Spear that was part of the thirteen universe treasures!

The Green Ghost paused for a second when he saw what was going on, and he slowly said, "You should bring along my ghost staff too."

The moment the staff appeared, ghosts and demons seemed to fill the sky.

Huang Xiaolong wanted to reject their offers, but the Ferocious Devil interrupted him before he could say anything else. "The spear isn't of too much use to me. When you reach my level, it doesn't matter whether or not you use a universe treasure."

"I hope that Lord Huang Xiaolong will be able to use my Ghost Staff when traveling over to their territory..."

Huang Xiaolong didn't stand on ceremony as he took both weapons.

Now, he had the Universe Boat, the Star Dragon Divine Tree, Universe Origin Fires, Three Gods Halbers, Reversal Sword, Golden Sun Circlets, Yin Yang Flame Wheel, Blade of Death, Crow Devil Spear, and Ghost Staff. He gathered a total of ten universe treasures!

When he obtained the Blood Axe in the Netherworld, he would have eleven of them!

The remaining two were in the hands of the White Feather King and Star Refining King. Huang Xiaolong was really curious as to the strength he would gain after gathering all thirteen treasures!

The night passed uneventfully.

The very next day, Huang Xiaolong left the city.

As soon as he did, he summoned the Universe Boat and traveled straight towards the Netherworld.

After opening the third layer of restrictions, the speed of the Universe Boat was much faster than before.

One month later, he finally arrived in the city. He didn't bother Yin Qi as he entered the eighteenth level of the Netherworld.

He went straight towards the Naihe Bridge.

As the five monster kings followed closely behind him, no creatures dared to pounce.

Several months later, Huang Xiaolong arrived at the end of the bridge.

Just as he was about to step onto the end of the bridge, a voice boomed in his mind, "Stop right there!"

The void was cold, and it contained a shocking amount of killing intent.

Even someone at Huang Xiaolong's level felt his dao souls trembling slightly.

Ghost Devil King!

Huang Xiaolong's face turned serious. From what it seemed, the Ghost Devil King should be as strong as the Heaven Devouring King from the Universe First Race.

Looks of terror formed on the faces of the five monster kings.

"Wait here," Huang Xiaolong said as he ignored the warning to step onto the end of the bridge.

The instant he did, a wave of energy came crashing down on him.

The wave was made with ghost qi and it contained the resentment of countless spirits.

Huang Xiaolong couldn't see the end of the wave and he didn't dare to be careless. He sent a palm strike towards the wave and it pierced a massive hole all the way through.

"Huh?!" The Ghost Devil King was clearly shocked.

"Ghost Devil King, come out here, and let's fight!" Huang Xiaolong muttered.

As soon as the words left his lips, a giant figure appeared.

The ghost figure was tens of millions of feet tall, but it didn't have a corporeal body! It was a mere shadow! Despite that, the ground shook with every step it took.

Huang Xiaolong circulated the power of all three great worlds as he looked at the Ghost Devil King.

"Who are you?!" The Ghost Devil King growled as he looked at Huang Xiaolong.

"Huang Xiaolong."

A giant bloody axe appeared in the hands of the Ghost Devil King but he didn't utter a word. The axe came slashing down on Huang Xiaolong.

With the Three Gods Halberd in hand, Huang Xiaolong welcomed the attack.

Clang!

Blood rain splattered all over the ground as the Ghost Devil King took several steps back in retreat.

Chapter 3707: Meeting Pangu Again

The Ghost Devil King stared at Huang Xiaolong in shock.

He might not have a physical body, but that didn't affect his strength. His strength was said to be unmatched. Only the Ferocious Devil had the ability to force him back! How can Huang Xiaolong be as strong as the Ferocious Devil?!

When he was still stuck in a state of shock, flames covered Huang Xiaolong's body as he summoned the four Universe Origin Fires. The blood qi at the end of the Naihe Bridge was incinerated in an instant.

With the power of the Universe Origin Fires, the Ghost Devil King retreated once again. However, Huang Xiaolong didn't let up as he appeared before the Ghost Devil King before stabbing out with the Three Gods Halberd.

This time, he circulated the Universe Transformation Art. As grand cosmos energy gushed out from his body, the Three Gods Halbers seemed to transform into a streak of light as it shot straight for the Ghost Devil King's chest.

The Blood Axe in the Ghost Devil King's hand slammed into the Three Gods Halberd. Even though he managed to stop the halberd, he was sent flying as the axe soared through the skies to land in some random place.

With the power of the Universe Transformation Art, Huang Xiaolong's grand cosmos energy became stronger by nearly forty percent! There was no way the Ghost Devil King who hadn't broken through the 29 billion units mark could stop him!

After he sent the Ghost Devil King flying, Huang Xiaolong appeared above his head with no hesitation. He was in a rush to head over to the Universe First Race, and he didn't wish to waste any more time.

Right before he could say anything, the Ghost Devil King turned into a puff of black gas and flew towards Huang Xiaolong's body. His speed was shockingly fast, and he was about to fuse with Huang Xiaolong before the man could react.

The Blood Tentacle King was able to control others by controlling their dao souls and dao heart. The Ghost Devil King possessed an ability stronger than that! Even the Ferocious Devil would be hard-pressed to chase the Ghost Devil King out of his body if he succeeded.

The instant the Ghost Devil King was about to invade Huang Xiaolong's body, the Universe Origin Fires activated. It turned into a world of fire and protected Huang Xiaolong's body from any sinister attacks.

A miserable scream came from the lips of the Ghost Devil King.

There was nearly no flame in the universes that could hurt an existence at his level, but it was too bad he was up against the Universe Origin Fires!

It was a perfect counter to existences like himself!

Half a day later...

Huang Xiaolong subdued the Ghost Devil King without much fanfare.

The Ghost Devil King could have escaped after turning into the black smog. Not even the Ferocious Devil could trap him there if he wanted to leave. However, Huang Xiaolong had both the Star Dragon Divine Tree and the four Universe Origin Fires. With the combination, he managed to stop the Ghost Devil King from running.

Kneeling before Huang Xiaolong, the Ghost Devil King presented the Blood Axe to Huang Xiaolong.

Finally, he gathered eleven universe treasures.

Now, there were only those in the hands of the Universe First Race.

Huang Xiaolong didn't remain in the Netherworld after he was done. With the six monster kings following behind him, he ran straight for the Universe First Race.

Along the way, he entered the third layer of restrictions of the Universe Boat and refined the Blood Axe.

As for the Crow Devil Spear and the Ghost Staff, he had long since refined them when he traveled to the Netherworld.

Several months later, he left the Unknown Space.

The Universe First Race lived in a place called the Universe Vault.

It was the highest location in the Thirteen Universes.

Even with the speed of his Universe Boat, he needed countless years in order to arrive.

Huang Xiaolong remained in the formation as he tried to comprehend the mysteries of the Thirteen Universes from the Nameless Devil Mirror.

Even though he was no longer able to convert universe source qi, he could still use the source energy that was in the universe. Huang Xiaolong's cultivation was much faster than the Ferocious Devil.

Several years later...

As he approached the Universe Vault, Huang Xiaolong kept the Universe Boat away and hid his aura completely. His facial muscles started to constrict and his appearance changed. Huang Xiaolong ensured that not even the Golden Cymbals King would recognize him before stopping.

Soon after, he started to imitate the aura given off by the Heaven Devouring King and the Golden Cymbals King.

The Universe First Race gave off a different aura. Even their bodies were different from those of ancient races. As such, he needed to disguise himself completely.

However hard he tried, he could only imitate ninety percent of their aura.

He eventually gave up trying.

It might only be ninety percent, but not even God of Creation Realm experts in the Universe First Race would be able to tell that he wasn't one of them.

After entering the Universe Vault, Huang Xiaolong grabbed several God of Creation Realm experts, and he experimented with changing his aura to become like them.

When he was finally done, he flew deeper into the Universe Vault.

Experts of the Universe First Race stood guard near the entrance of the region. Entering would be a serious problem. They might not notice that Huang Xiaolong was not part of them, but existences who guarded the stronghold of a race like that would be existences at the level of Gui Chi or Jian Wushuang. He wouldn't be able to hide his tracks the moment they saw a new face like him.

When he thought of a way to enter the Universe Vault, his eyes drifted over and caught sight of a massive ship flying towards the entrance. From the looks of it, it was a ship that belonged to the Universe First Race.

He didn't think anymore as he flew towards the ship. Breaking through the restrictions as though they weren't there, to begin with, Huang Xiaolong hid on the ship.

"This batch of slaves are pretty good... Lord Yin Xue will definitely be satisfied with them!" A voice came from inside the ship.

"I wonder if the rumors of Lord Yin Xue's special habits are true..."

"We're not allowed to talk about that!"

Huang Xiaolong pretty much guessed what was going on after hearing their conversation. There was a batch of experts from the Thirteen Universes trapped in the ship as slaves.

They should be for someone called Yin Xue of the Universe First Race.

After thinking about it, Huang Xiaolong entered the place where the prisoners were kept. He discovered that there were more than a hundred experts on the ship, and several of them were at the peak of the grand completion stage of the God of Creation Realm!

Huang Xiaolong was shocked to see Pangu among them.

“Master!”

Turning to look at Huang Xiaolong, shock filled Pangu’s heart as he muttered, “Xiao... Xiaolong?!”

Chapter 3708: Entering the Universe Space

As Huang Xiaolong had changed his appearance before entering the ship, Pangu couldn’t recognize him immediately.

Pangu wasn’t the only one who was shocked. Huang Xiaolong didn’t expect to meet Pangu there either.

“Xiaolong, were you captured too?” That was Pangu’s first reaction when he saw Huang Xiaolong.

Despair filled his heart, and he sighed in resignation, “It’s over. If you were captured, no one would be able to save me from this place!”

Huang Xiaolong was shocked. He didn’t think that Pangu would worry about the person who would save him the moment they met.

“Master, even if I was captured, I’ll think of a way to get you out!” Huang Xiaolong laughed.

Pangu shook his head and sighed. “You have no idea. This group of people claims to be the first race born with the universes. They have several thousand half-step Universe Gods in their ranks!”

“As long as one is captured by them, we will never be able to escape!”

“They even have several experts who broke through the 20 billion units mark. Not even experts who have several hundred million units of grand cosmos energy can stand against them!”

A light flashed in Huang Xiaolong’s eyes. “Is that what they told you?”

“Yeah. We were frequently beaten up on our way here. The person in charge of the ship told us everything. No one knows if it's true. However, we are pretty sure he’s not lying from how he said it.”

Huang Xiaolong continued to ask, “Did they say how strong their Lord Yin Xue is?”

Pangu shook his head and sighed, “They didn’t say anything about him.”

“Lord Pangu, who is this?” a God of Creation at the grand completion stage asked.

All of them might come from different places, but they were prisoners who were about to suffer the same fate. As such, they formed pretty good relationships with each other.

“This is my disciple!” A proud expression could be seen on Pangu’s face when he introduced Huang Xiaolong.

“Your disciples?! Is he also a God of Creation at the peak of the grand completion stage?!” someone else asked.

Pangu finally realized the fact that Huang Xiaolong had already reached the peak of the grand completion stage. With shock in his eyes, he turned to Huang Xiaolong.

Everyone there might not know that Huang Xiaolong had three great worlds, but he knew!

How in the world could they capture him with his strength?

At the very best, the person in charge of the operation should possess 10 billion units of grand cosmos energy!

Seeing how Huang Xiaolong was winking his eyes, Pangu realized what was going on.

Huang Xiaolong waved his hand casually and laid down a brand on their souls. He controlled every single God of Creation instantly.

He discovered that the Universe First Race also laid down a brand on their souls. It was too bad their restriction was no match for Huang Xiaolong. He was able to quickly take over.

As for Pangu, Huang Xiaolong erased the soul brand completely. With his strength, the members of the Universe First Race would never be able to discover his methods.

After he was done, he controlled the members of the Universe First Race driving the boat.

The captain of the experts on the ship was an expert in his own right, but he only had 11 billion units of grand cosmos energy. No one could put up any resistance against Huang Xiaolong.

Very quickly, the flying ship arrived at the entrance of the ship. After flashing Yin Xue's plaque, they were allowed to enter. Along their way, they were checked multiple times.

When they finally entered the Universe Vault, Huang Xiaolong stood on top of the ship as he took in the sights. Pangu was beside him and the master-and-disciple duo gasped in shock.

"Is this actually real?!" Pangu muttered when he looked all around him.

There were countless stars surrounding them as fluffy clouds drifted all about. Starlight fell onto the clouds and a picturesque scene was painted.

Even though there wasn't a sun, it was bright enough. The entire space gave off a refreshing vibe, unlike anything Huang Xiaolong had seen.

"The spiritual energy here is too pure!" Pangu wiggled his nose like a husky as he cried out.

Turning to Huang Xiaolong he asked, "Why don't we stay here for some time before leaving?"

Huang Xiaolong chuckled, "Weren't you praying for me to get you out when you were captured?"

"I didn't think this would be such a nice place..."

"Alright. Just let me know when you wish to leave. I'll pick you up then."

The flying ship continued on its way deeper into the Universe Vault.

Huang Xiaolong and Pangu didn't return to the interior of the ship as they discussed the dao on the deck. He asked Pangu about everything that happened in recent years.

Huang Xiaolong hadn't been gone for long when Pangu decided to tour the universes. He had no idea how the members of the Huang Family were doing.

In the past millions of years, Pangu managed to increase his strength a little. Of course, it was far from Huang Xiaolong.

A month passed in the blink of an eye.

Pangu sighed when he spoke to Huang Xiaolong. "Right now, I can't even qualify to be your student..."

After discussing the dao with Huang Xiaolong, he discovered that his disciple's understanding of the grand dao had far surpassed his.

“Nonsense. You will always be my teacher.” Huang Xiaolong chuckled.

When Pangu saw the serious look on Huang Xiaolong’s face, he laughed, “Brat, of course, I’m your teacher! I won’t accept it if you try to take me in as your disciple!”

Laughter filled the air.

After several more months, they finally arrived in Yin Xue’s city.

The moment the flying ship stopped, the members of the Universe First Race escorted Huang Xiaolong and the others out. They caught sight of a massive city sitting in a snowy plains. The entire city was refined from a special type of frosted metal essence and it spanned countless miles.

Huang Xiaolong summoned his dao souls instantly.

From the memories of those from the Universe First Race, Yin Xue was an expert whose combat strength passed the 20 billion mark. He was the oldest disciple of the Heaven Devouring King!

Also, she was a lady!

When they arrived, they went through another round of stringent checks before they were escorted to the dungeons.

Huang Xiaolong looked around only to discover that the entire structure was made from a special type of icy metal. There were complicated formations around the area and the moment they were activated, not even someone like the Limitless Master would be able to escape.

Of course, Huang Xiaolong could leave anytime he wanted. Now, not even the Heaven Devouring King could stop him, much less his disciple.

Other than those who just arrived, there were more than a hundred people there. From the looks of it, they were captured in the past.

When they were still looking around, the prisoners started to gather around them with weird looks in their eyes.

Chapter 3709: Controlling the Snow City

A frown formed on Pangu's face as he looked at them. "What do you think you're doing?"

One of the half-step Universe Gods who was approaching said, "Let me tell you the rules governing this place."

"Rules?" Huang Xiaolong raised an eyebrow slowly.

A sneer left the lips of the half-step Universe God. "Everyone who comes in here is a slave. All of you will have to listen to my order! I am your leader and those who refuse to listen to me will be tortured until they submit!"

Huang Xiaolong looked at Pangu and a trace of amusement flashed through his eyes. Reaching out slightly, Huang Xiaolong dragged the man over. "Listen to your order? I refuse." He looked at the hundred-odd God of Creation Realm experts behind the man and asked, "What can you do to me?"

All of them stared at him in shock. The half-step Universe God who spoke earlier was the strongest among them! He could take on three to four other experts at the half-step Universe God Realm, but he was like a dead chicken in Huang Xiaolong's hand!

The half-step Universe God was equally as shocked as he stared at Huang Xiaolong in terror. He could tell that Huang Xiaolong was at the peak of the grand completion stage. How can he be so damn strong?!

"There's no need to be afraid! No matter how strong he is, he's alone! Attack! Kill him!" The half-step Universe God yelled, "I'll explain to Lord Yin Xue if anything goes wrong! Kill him now!"

Everyone charged at Huang Xiaolong when they heard what he said.

Huang Xiaolong remained completely indifferent when he looked at the number of people rushing towards him. With a wave of his arm, everyone was sent flying at the same time.

Not a single person managed to resist his strength.

When they finally slammed into the ground, miserable cries rang through the air.

The half-step Universe God stared at Huang Xiaolong in disbelief. There was a trace of fear in his eyes. How could anyone injure so many Gods of Creation at the same time?!

Wouldn't that mean that he was already...

"Do you really think that you can kill me?" Huang Xiaolong growled.

"Lord... I... I know my mistakes." The half-step Universe God felt the expression on his face turning rigid.

"You'll have to face the consequences of your actions," Huang Xiaolong muttered as he popped the half-step Universe God with a squeeze of his hand.

The hearts of everyone present turned cold when they witnessed the scene.

Throwing the dao soul of the half-step Universe God into the Sun Moon Furnace, Huang Xiaolong laid down restrictions in the souls of the others.

When he was finally done, he looked at Pangu and chuckled, "Master, shall we take a stroll around the city?"

"Alright!"

With Huang Xiaolong around, there was nothing he would be afraid of.

As such, the two of them passed through the restriction in the prison and arrived in the city above.

Before leaving, Huang Xiaolong helped Pangu to alter his appearance and aura.

The Snow City was extremely pretty.

Even though Huang Xiaolong had been to countless cities, none of them could hold a candle to Snow City they were in.

Every single structure in the Snow City was made from frosted metal essence. There wasn't a single trace of impurity around.

Huang Xiaolong discovered that everyone in the city seemed to be pretty busy.

As Snow City wasn't the capital of the Snow Continent, Yin Xue's manor wasn't situated in the city.

The Snow Continent spanned countless miles, and the highest ruler of the region was Yin Xue!

She was an expert who broke through the 20 billion barrier, and she was also the oldest disciple of the Heaven Devouring King. Her position in the Universe First Race wasn't low, and she could easily rank in the top twenties.

Of course, her strength closed in on the 22 billion mark. She wasn't an expert who barely crossed the threshold.

She was comparable to Zhu Chen of the Unknown Space!

After Huang Xiaolong scanned through the memories of those who captured Pangu, he realized that Yin Xue wasn't in the city. No one had any idea where she went.

Naturally, Huang Xiaolong wasn't in a rush. She would definitely return in the next few years. He would capture her and control her when the time came. Due to her position, he would be able to learn a lot of valuable information on the Universe First Race after he looked through her memories.

Even if she had no idea who was setting up the Extermination Formation, there should definitely be some traces of information about what was going on.

The only thing left to do was for Huang Xiaolong to gain control of the entire city before she returned.

After casually strolling about with Pangu for a little bit, they arrived in the main manor in the city. Without a word, he controlled the city lord.

As Snow City was one of the more important cities in the Snow Continent, the city lord wasn't too weak. He was an expert with 16 billion units of combat strength. It was too bad he was no weaker than an ant before Huang Xiaolong.

In the next few days, Huang Xiaolong would explore the continent when he had nothing to do. He would bring Pangu around and Huang Xiaolong would control several experts who were in important positions in Yin Xue's territory.

One fine day, Huang Xiaolong was comprehending the mysteries behind the Nameless Devil Mirror when they sent him a report. They said that Yin Xue was about to return to the city. She would be back in a month at most, but she wasn't the only one coming back. There were a bunch of experts of the Universe First Race coming along.

Huang Xiaolong frowned. "Do you know who they are?"

The experts who made the report shook their heads.

"Lord Yin Xue told us to prepare the banquet to welcome the guests," one of them said.

Huang Xiaolong asked several of them the same question and after sending them away to reply Yin Xue, he went around to lay down the Star Dragon Grand Formation.

Even though he had no idea who would be coming, he investigated the members of the Universe First Race since he entered the Universe Vault. He could guess who would be coming with her.

The people who would travel with her would probably be experts who crossed the 20 billion mark. There were thirty of such experts in the Universe First Race, but there were only so many who had a good relationship with Yin Xue.

Chapter 3710: My Men!

Several days later, Huang Xiaolong laid down the Star Dragon Grand Formation. Not content, he reinforced it several times. In total, he managed to strengthen it by three times.

This time, Huang Xiaolong wasn't going to allow any mishaps to occur. If he allowed the Heaven Devouring King to notice anything off, Huang Xiaolong could only run away from the Universe Vault with his tails tucked between his legs.

His grand cosmos energy might have broken through the 29 billion mark, but he wasn't strong enough to fight the entire Universe First Race on his own! In fact, he wasn't even an opponent for the White Feather King or the Black Nether King.

Thinking about it for some time, Huang Xiaolong used the Golden Sun Circlet to reinforce the Star Dragon Grand Formation. Even though the universe treasure was used to defend himself, it possessed pretty strong restrictive powers.

In the blink of an eye, a month passed.

Several people appeared from the void and traveled towards the city.

"Sister Yin Xue, your Snow City is the prettiest place in our Universe Vault! I never wish to leave after coming here..." A slender lady clad in crimson robes giggled at the side.

“If Little Sister Feng likes it, you can stay here for as long as you like. I’ll finally get some company.”

A young man clad in jade armor chuckled behind her, “Why don’t I stay with you?”

A soft laugh left Yin Xue’s lips. “Brother Bi Qing is too playful!”

The youngster roared with laughter.

“Actually, I miss the Enchanting Wine the most!” another man clad in gold joked.

“Relax. I got my men to prepare the wine to welcome you. Little Brother Jin Long can drink to your heart’s content.” Yin Xue smiled.

Amidst their laughter, they entered the city.

Bi Qing sighed, “The structures here are really amazing..”

“Big Brother Bi Qing, your Jade Sea Palace is the most exquisite building we’ve seen. You can’t compare it to my little Snow City...” Yin Xue giggled.

With a grin on his face, Bi Qing didn’t say anything else.

It was true. His Jade Sea Palace was much better than the Snow City!

It was something he was extremely proud of!

Naturally, his teacher had a part to play in it.

Countless experts emerged from the city in order to welcome Yin Xue and those around her.

When they arrived before Yin Xue, all of them bowed respectfully.

Allowing them to get up, she followed them into the city.

“Did anything happen when I was away?” she asked.

“Nope. Everything remained the same,” someone in the group replied.

After asking several other questions, her trusted attendants replied without allowing her to notice anything wrong with the state of the city.

Yin Xue invited Bi Qing, Chi Feng, and Jin Long into her palace where the banquet had already been prepared.

Jin Long’s eyes lit up when he saw the jars of wine placed along the table. “I’ve been thinking about the Enchanting Wine for such a long time!”

Yin Xue chuckled, “You can’t enjoy good wine without beauties by your side...” Clapping her hands, a group of pretty ladies whose bodies were barely covered in a layer of cloth entered the hall. Every one of them was an absolute beauty and their movements were bewitching.

Bi Qing looked at them and joked, “The Dazzling Flowers in younger sister Yin Xue’s palace are really famous. I finally get to meet them!”

As they took their seats, the banquet quickly reached its peak.

“Sister Yin Xue, you should know that I was sent by my master...” Bi Qing placed his cup down and muttered.

“Of course. How can I forget?” Turning to one of her attendants, Yin Xue ordered, “Bring the slaves over. Let Lord Bi Qing pick some of them out.”

Bowing slightly, the attendant left.

It didn’t take long before Huang Xiaolong and the others stood before Yin Xue, Bi Qing, Chi Feng, and Jin Long.

As Huang Xiaolong and Pangu took off their disguises, Huang Xiaolong was like a sore thumb that stood out from the crowd. All of them turned to look at him instantly.

“Huang Long Bloodline?! Big Sister, can I have this slave?” Chi Feng pointed at Huang Xiaolong as she exclaimed. “I require the bloodlines of a bunch of experts from the Dragon Race in order to refine a batch of pills!”

Jin Long chuckled, “You need his bloodline and I need his dao soul. Give me his dao soul when you’re done. I need to refine my Dragon Spear with the dao souls of those from the Dragon Race.”

“Since the two of you like him, you can have him.” Yin Xue smiled. Turning to one of her generals, she exclaimed, “Take him down. Chi Feng and Jin Long will bring him away when they leave.”

Despite giving the order, the general didn’t move.

Narrowing her eyes, Yin Xue snapped at him, “Didn’t you hear what I said?”

Even so, he didn’t respond.

Bi Qing sneered when he saw what was going on. “Looks like someone dares to ignore your order...”

As her arm shot out, she wanted to slap the general across the face. It was too bad a ray of sword light stopped her dead in her tracks.

All four of them stared at the sword light in shock.

Turning to look at the source, they saw Huang Xiaolong walking towards them.

“Did you do that?!” Yin Xue couldn’t believe what was going on.

She knew that there was no way a random slave would be able to stop her attack. Moreover, the person standing before her was an expert at the peak of the grand completion stage of the God of Creation Realm.

Ignoring her, Huang Xiaolong arrived before them. He muttered, “Yin Xue, Bi Qing, Chi Feng, Jin Long... Four of the six geniuses of the Universe First Race are here... What a pity. Heaven Tyrant and the Ninth Void aren’t here. Otherwise, I would have saved my time.”

The six geniuses of the Universe First Race were the most talented disciples of the second generation of those from the Universe First Race.

All six of them were disciples of the thirteen kings!

Yin Xue was the oldest disciple of the Heaven Devouring King, Bi Qing was the only disciple of the Star Refining King. Chi Feng was the second disciple of the Golden Cymbals King, and Jin Long was a hidden disciple of the Golden Qilin King!

Ninth Void was a disciple of the White Feathers King, and Heaven Tyrant was the disciple of the Black Nether King!

Heaven Tyrant ranked first among the six, followed by Ninth Void, Bi Qing, and Yin Xue.

“This guy is pretty interesting... Brat, looks like you managed to sneak your way in here!” Jin Long chuckled. “That’s weird. You’re just a God of Creation at the peak of the grand completion stage. Who gave you the confidence to speak to us like that? Do you really think that you’re someone special? Humph. Your sword qi is pretty impressive, I’ll give you that.”

Yin Xue waved her hand and roared at the generals behind her, "Take him down right now!"

It was too bad no one moved.

"There's no need for you to give them any more orders. They are now my men," Huang Xiaolong muttered.

After he spoke, he looked at the generals beside her and those of the Universe First Race. All of them took a step back at once, and they kneeled to face Huang Xiaolong.
