

Conqueror 3711

Chapter 3711: Suppressing Yin Xue

Yin Xue and the others looked at the experts who were kneeling along the street. They couldn't help but widen their eyes in shock.

Almost every single person who kneeled on the ground was a city lord on the Snow Continent. Yin Xue's generals and trusted aides were also among them.

All of them surrendered to a mere slave!

"Who the hell are you?!" Yin Xue leaped to her feet as a fire burned in her eyes. The gaze when she looked at Huang Xiaolong was no longer as indifferent as it once was. He had to be a true expert if he could control all of these people.

One had to know that there were two generals under Yin Xue whose combat prowess had crossed the 19 billion units mark! Even they weren't spared!

How could Huang Xiaolong be an ordinary slave?

The three other experts beside her also got to their feet.

They stared at Huang Xiaolong cautiously.

Even so, they couldn't understand how a mere God of Creation at the peak of the grand completion stage could control so many powerhouses from the Universe First Race!

"You'll find out about my identity soon," Huang Xiaolong muttered. "After all, you're going to become my slave too!"

He might have called all those who submitted to him his subordinates, but he had no mercy towards people like Yin Xue and the like.

Rage filled their hearts when they heard what Huang Xiaolong said.

Jin Long was the first to respond as he snorted with contempt, "Our Universe First Race has always been the rulers of the universe! Every single member of the Thirteen Universes is our slave! Brat, you'll die a horrible death for what you just said!" A golden spear appeared in his hand as he slowly walked towards Huang Xiaolong.

"I'll teach you the rule that existed since ancient times. Your race was destined to be slaves of our Universe First Race! You're no exception!"

After he spoke, his spear stabbed at Huang Xiaolong.

A blinding light filled the space before him.

As though it stabbed into the dao hearts of everyone present, those standing around felt a sharp pain shooting through their chest.

It was too bad he was a weakling compared to Huang Xiaolong. With his bare hands, Huang Xiaolong grabbed the spear. The spear was nothing more than a toy in Huang Xiaolong's hands.

With his expression changing drastically, Jin Long felt as though he had driven his spear through a world barrier!

When he was still stuck in a state of shock, Huang Xiaolong's palm arrived above his head.

Even though it looked like an extremely ordinary attack, Jin Long felt as though the entire universe was crashing down on him! The boundless universe contained the strength of every single being in existence and he felt like an ant before it. No matter how hard he tried, he knew that there was no escaping the frightening blow!

Not even his special techniques of traveling through space would allow him to escape!

“Save me!” Jin Long yelled at Bi Qing and the others.

Leaping at Huang Xiaolong in unison, the three of them defended Jin Long from the terrifying blow. A divine halberd appeared in Bi Qing’s hand and a snow-white sword appeared in Yin Xue’s palm. A giant flaming fan appeared before Chi Feng.

Without batting an eyelid, Huang Xiaolong casually swept the three of them away as though they were merely annoying flies blocking his way.

As he swung his arms out to shoo them away, the three of them felt their brains tingling. They couldn’t help but dodge.

It was too bad that the three of them were still struck by the powerful blow as they were sent flying. They smashed into the ground quite a distance away.

Huang Xiaolong didn’t loosen his grip on Jin Long.

When he saw the look of terror on Jin Long’s face, Huang Xiaolong muttered, “Nothing is eternal in the universe. You might be the representation of absolute power in the past, but that might change in the future. Humans might be the slaves of the Universe First Race in the past, but in the future, your race will become my slaves! You’ll be slaves of Huang Xiaolong!”

“Huang Xiaolong?! You’re Huang Xiaolong?!” Yin Xue yelled in the distance.

The faces of Bi Qing and the others changed.

When the Golden Cymbals King was defeated by Huang Xiaolong back in the Netherworld, the Universe First Race learned about it. That was the reason the Heaven Devouring King and the Golden Qilin King were dispatched to the Unknown Space in order to deal with the man! Eventually, their plan was thwarted by the appearance of the Ferocious Devil! When that happened, the higher-ups of the Universe First Race raised their caution to the maximum.

Their evaluation of Huang Xiaolong placed him as the second strongest expert in the Unknown Space.

People like Yin Xue and the others learned about it and they were extremely shocked to hear his name.

“That’s right, I’m Huang Xiaolong.” Huang Xiaolong looked at them and continued, “Today, none of you will escape.”

Shattering their transmission symbols, Yin Xue, Bi Qing, and Chi Feng wanted to send a message to their masters to rescue them. However, endless starlight fell from the void. It covered the lands as countless roots of the Star Dragon Divine Tree extended to cover the skies. The Golden Sun Circlet turned into a massive golden dragon that sealed off the continent.

They realized that their cries for help were blocked off completely.

“That’s the Star Dragon Divine Tree!” When the Golden Cymbals King returned, he said that Huang Xiaolong possessed several universe treasures when they fought. As such, they knew that Huang Xiaolong had the Star Dragon Divine Tree, Golden Sun Circlets, Universe Origin Fires, Reversal Sword, and Three Gods Halberd.

“Huang Xiaolong, if anything happens to us, our masters will learn of it immediately! Do you really think you can escape then?” Yin Xue roared.

Huang Xiaolong spoke indifferently, “There’s no need for you to worry about that. Do you really think that I’ll allow your masters to learn about this?”

Yin Xue and the others felt their hearts thumping in their chests.

When they were about to go crazy and unleash everything they had on Huang Xiaolong, Huang Xiaolong moved. He activated all three great worlds within him as 29 billion units of grand cosmos energy poured out from his body. As soon as it appeared, Yin Xue and the others felt the weight of the universe pressing down against them and they were forced to the ground.

They couldn’t help but gasp in shock.

“How... How is this possible?!” Yin Xue cried. “Don’t you only have 27 billion units of grand cosmos energy?!”

Bullsh*t! Huang Xiaolong was far stronger than they described! Not even the Heaven Devouring King was as strong as Huang Xiaolong!

“Well, that’s because your information is outdated.” Huang Xiaolong sighed.

?!

The four of them didn’t know what was going on. Just three million years ago, Huang Xiaolong was a God of Creation with less than 27 billion units of grand cosmos energy. Now, he reached the 29 billion mark!

He effortlessly suppressed all four of them and he branded their souls to control them.

When he was done, Huang Xiaolong got Yin Xue to gather all the experts of the Snow Continent. He gained complete control over the Snow Continent easily.

Chapter 3712: Meeting the Star Refining King

It was a pretty sight as night fell on the Snow Continent.

Standing in the air above the lands, Huang Xiaolong watched streaks of light flashing on the horizon.

From Bi Qing, he learned that the Star Refining King sent him over to look for a bunch of experts who were adept in the art of formations. He was to bring them back to the Jade Sea Palace to await his instructions.

Bi Qing had no idea what his master needed them for, but Huang Xiaolong was able to make the connection.

If he wasn't mistaken, the Star Refinement King wanted to use the batch of slaves to lay down the Extermination Formation!

Did the Black Nether King teach the Star Refinement King the way to lay down the grand formation?!

In the next few days, Huang Xiaolong continued to comprehend the Nameless Devil Mirror. At the same time, he wanted to collect all the universe-level spiritual veins he could.

According to the Ferocious Devil's guesses, the Black Nether King would be able to activate the Extermination Formation within a million years. He needed to break through the barrier to enter the half-step Universe God before that in order to challenge the Black Nether King!

It was too difficult for him to do anything like it! Even with the Universe Boat, he didn't even dare to dream of it! He might have the Universe Transformation Art and the universe source qi to assist him, but it was just too difficult! The only way was to obtain an endless amount of top-grade universe-level spiritual veins!

That was the only way he could break through smoothly to the half-step Universe God Realm!

Yin Xue was someone who ranked in the top twenty of the Universe First Race. The resources she owned were shocking! She had nearly everything under the sun, but Huang Xiaolong was shocked to discover that there wasn't a single universe-level spiritual vein in the treasury!

When he asked her, he discovered that several hundred thousand years ago, the Black Nether King gave the order to hand over all the universe-level spiritual veins they had!

"Other than the Snow Continent, there isn't a single spiritual vein to be found anywhere else?!" Huang Xiaolong asked.

Bi Qing and the others nodded in response.

A frown formed on Huang Xiaolong's face. He didn't think that that would happen. That would mean that he wouldn't be able to cultivate effectively and break through within a million years!

Huang Xiaolong could guess what the Black Nether King needed so many spiritual veins for. In order to activate the Extermination Formation, he would need a frightening amount of energy. As such, he planned to use the spiritual veins as an energy source for the formation.

“Did all the spiritual veins go to the Black Nether King?” Huang Xiaolong asked again.

Yin Xue shook her head and sighed, “No. Lord Black Nether King got us to hand the spiritual veins over to the Jade Sea Palace.”

“Jade Sea Palace?” Huang Xiaolong turned to look at Bi Qing.

“My master retrieved all of them after they arrived.”

A light flashed in Huang Xiaolong’s eyes.

That would basically confirm his guess. The Star Refinement King was in charge of laying down the Extermination Formation!

“Star Refinement King...” Huang Xiaolong muttered to himself.

The Star Refinement King’s combat strength has already crossed the 29 billion mark. If Huang Xiaolong didn’t use his universe treasures, he might be slightly weaker than the man. If he used everything he had, he would be able to suppress the Star Refinement King with no problems.

Suppressing was one matter, forcing the opponent to submit was another. Even if he managed to suppress the Star Refinement King, he might allow the party to escape.

If that happened, the consequences would be too serious to bear!

Huang Xiaolong’s eyebrows were locked tightly together.

Several days later...

Huang Xiaolong left the city and headed straight for the Jade Sea Palace.

When Bi Qing and Yin Xue brought the group of slaves back to the Jade Sea Palace, the Star Refinement King would have to appear to bring them away. That would be his best shot at interacting with the Star Refinement King and Huang Xiaolong didn't want to waste the chance.

No matter how he looked at it, the most important thing he had to do was to learn the secrets of the Extermination Formation. He would interrupt their plans by destroying the eye of the formation!

Bi Qing's flying ship was nowhere near the speed of the Universe Boat, and they would need several years in order to arrive at the Jade Sea Palace.

Huang Xiaolong didn't slacken off, and he continued to comprehend the mysteries of the Nameless Devil Mirror.

Several years later...

"Lord, we have arrived!" Bi Qing made a report when Huang Xiaolong was still deep in meditation.

Opening his eyes slowly, Huang Xiaolong emerged from the flying ship. He walked over to the bow of the ship and saw an endless sea that was jade green in color under them. There were countless palaces on the surface of the sea, and there were bubbles that shone with a multitude of lights hovering in the air.

One would discover countless images if one looked closely at the bubbles.

The Jade Sea had a different charm than the Snow Continent. It gave off an air of freedom that soothed the soul. It was especially so for the bubbles that existed above the sea. It was no wonder Yin Xue said that her Snow Continent was incomparable to that of the Jade Sea.

A few hours later, Huang Xiaolong and the others arrived at the palace. Bi Qing contacted his master, the Star Refinement King, and quickly got a reply.

“My master said that he is caught up with something right now, and he will only be able to return after a year,” Bi Hai said.

“One year...” Huang Xiaolong muttered. He wasn’t in a rush. He could take the time to control the experts in the region.

Soon after, he got Bi Qing to gather the experts of the Jade Sea, and he controlled them quickly.

A year later, the Star Refinement King returned.

He was a shorty, and his height didn’t even reach the 1.5 meters mark! His facial features were ordinary, and there was nothing special about him. No one would think that he was the Star Refinement King if he walked along the streets.

Huang Xiaolong followed a batch of humans, and they made their way over to the Star Refinement King.

Looking at the batch of slaves that was brought to him, the Star Refinement King looked at Bi Qing and praised, “This batch isn’t too bad.”

“Many thanks to master!”

Soon after, the Star Refinement King tested them in the art of arrays. When they finally reached his required standard, he brought them away from the palace.

Chapter 3713: Concealment

After they left, they headed north.

The Star Refinement King's flying ship was fast, but it wasn't as quick as the Universe Boat. Of course, it was fast compared to Bi Qing's ship.

Huang Xiaolong and the others were kept in one of the spaces on the ship and they weren't given a giant area either. They had a little more than a thousand square feet, and it felt a little cramped with more than four hundred people.

Huang Xiaolong felt as though they were pigs locked up in a sty.

Releasing his dao souls, he looks at the situation outside the space.

Even though the Star Refinement King personally laid down the formations around the room, they were unable to stop Huang Xiaolong in the slightest.

He didn't spy on the Star Refinement King in case he was detected.

Huang Xiaolong didn't expect that they wouldn't arrive even after two years of flying!

Initially, he could see several continents that existed in the Universe Vault. The more they flew, the more barren it became.

The flying ship only stopped after three more years.

When the Star Refinement King got his men to bring Huang Xiaolong and the others out, they were brought to a barren field. Huang Xiaolong could see that there wasn't anything else other than several mountains.

As the Star Refinement King stood on a massive platform in the skies, he stared at the group of 'slaves' below him and snorted, "All of you will have to complete your task every day! Anyone who fails to do so will be skinned and your dao soul will be punished! Do you understand?!"

He released his aura to scare the group of slaves when he was done speaking.

Nodding profusely, the group acknowledged what he said.

“I laid down countless formations in a hundred million-mile radius. Not even experts who have crossed the 20 billion units mark will be able to escape. I hope you don’t think of anything stupid,” The Star Refinement King growled. “Anyone who tries will suffer a fate worse than death!”

Soon after, he laid down several other rules.

When he was done, he turned to an expert from the Universe First Race and announced, “Give them their instructions for today.”

After speaking, he disappeared from his spot.

The expert handed all of them a slab that contained their task for the day. There was an extremely detailed instruction manual on what they had to do.

“Remember, you are not allowed to exchange your plaques. Do not let anyone else see your task.” One of the experts harrumphed, “Anyone who breaks the rule will suffer the consequences!”

“These are the resources you will need. Do not waste them. Return everything when you are done with your task.” Someone else handed them a spatial tool each.

All of them were required to inscribe some runes related to the Extermination Formation, but they were all in charge of different aspects. As such, the resources they were given were different.

It seemed as though they would be working on different parts every day.

A light flashed in Huang Xiaolong’s eyes. He could tell that the runes they were inscribing would be used to destroy the Thirteen Universes in the future!

A snort left his lips. Since that was the case, he would have to do a little something to the runes he was about to inscribe.

Even though the Star Refinement King would definitely look through the runes, Huang Xiaolong was confident that he could hide his tricks from the man!

After all, Huang Xiaolong's understanding in the art of arrays had reached a terrifying level. It was especially so after he comprehended the mysteries of the universe from the images in the Nameless Devil Mirror.

In the next few days, Huang Xiaolong inscribed the runes while laying down his soul brand on them.

Even though he was only in charge of a tiny portion of the formation, it was more than enough! When the time came, Huang Xiaolong could shatter the formation slowly with the things he did to the runes!

Huang Xiaolong had always been observing his surroundings when he inscribed the runes.

Indeed. There was a formation around the entire area laid down by the Star Refinement King. Not even experts who had broken through the 20 billion units mark could escape, but it was nothing to Huang Xiaolong.

As such, he would leave the area every day to look at the surroundings.

There were countless palaces surrounding the area, and all of them shone with a dark golden light. Huang Xiaolong discovered that every single palace housed an expert from the Universe First Race and they were also there to inscribe the runes. He could tell that they were doing the same job, just that the treatment they received was different.

Huang Xiaolong and the others weren't even given a place to rest while the members of the Universe First Race were given a palace each!

Even though the palaces were surrounded by powerful formations, they were nothing to Huang Xiaolong. He could enter wherever he wished.

Eventually, Huang Xiaolong arrived outside the largest palace.

“My master said that we have to ensure a smooth activation of the Extermination Formation! We should be able to complete it in the next eight hundred thousand years!” A voice came from inside the palace.

“Go and make a report to Lord Black Nether. Tell him that he can rest assured that I will complete the task.” The Star Refinement King sighed. “Get the rest to look for another batch of slaves from the Thirteen Universes.”

“We also need to inspect the runes inscribed by the slaves. We cannot allow for any mistakes!”

“Yes. I will personally ensure that everything is in place. I will also inspect the runes inscribed by our disciples,” The Star Refinement King muttered.

Huang Xiaolong widened his eyes slightly. From the looks of it, the Star Refinement King should be speaking to the Black Nether King’s disciple, Heaven Tyrant!

It didn’t take long for Huang Xiaolong to see a black figure disappearing into the void.

Looking at his leaving figure, Huang Xiaolong hesitated for a moment. He wanted to capture Heaven Tyrant, but he decided against it. After all, the Black Nether King wasn’t someone he could mess around with! If he controlled the Black Nether King’s disciple, he would be discovered in a heartbeat!

Huang Xiaolong sneakily returned to his task.

From the looks of it, there were countless people working on the formation elsewhere!

Huang Xiaolong continued whatever he was doing in the following days. He had already discovered that the universe-level spiritual veins were hidden in the treasury of the Star Refinement King’s palace!

Chapter 3714: 29.9 Billion

A year passed uneventfully.

Throughout the year, Huang Xiaolong had been completing his task given by the members of the Universe First Race. However, the Star Refinement King failed to leave his palace even after such a long time!

Even if he did, it was to inspect their work.

Huang Xiaolong was in no rush. The Star Refinement King got them to capture another batch of slaves, and he would have to return to the Jade Sea Palace in order to bring them over. When that happened, Huang Xiaolong would take action!

Indeed.

Several years later, Bi Qing and the others brought another batch of slaves over to the Jade Sea Palace and the Star Refinement King left.

Huang Xiaolong only made his move a few days after the Star Refinement King was gone.

Without the Star Refinement King to hold down the fort, Huang Xiaolong quickly arrived before his palace.

Those who were in charge of the slaves had long since been controlled by Huang Xiaolong.

Before the guards in the palace could react, Huang Xiaolong suppressed all of them. He used a little bit of time to tear through the formation guarding the treasury before making his way into it.

Huang Xiaolong had seen countless treasuries in the past, but even if he added everything of worth from all of them, it wouldn't compare to the Star Refinement King's treasury!

The number of treasures kept within was something that shocked even Huang Xiaolong.

Treasures that could make the world outside go crazy were stacked high like massive mountains in the space within.

The treasury was like a great world that contained many smaller worlds. Every single inch of the space was filled with precious treasures, and there were even some that Huang Xiaolong didn't recognize!

It seemed as though the treasury contained every single ingredient the Universe First Race needed to lay down the Extermination Formation.

Casually walking deeper into the treasury, Huang Xiaolong arrived at the core of the treasury. That was where the universe-level spiritual veins were held!

He was blasted by waves of universe spiritual qi when he arrived, and Huang Xiaolong felt his heart palpitating with excitement.

He could see that the area before him was larger than any holy world he had been to. The whole space was filled with the universe spiritual qi that was purer than anything Huang Xiaolong had felt before!

There were countless spiritual veins floating in the air and there were hundreds of top-grade spiritual veins drifting about!

Huang Xiaolong might have seen a lot of universe-level spiritual veins in the past, but that was the first time he was seeing hundreds of top-grade universe-level spiritual veins floating before him!

In the outside world, it would be difficult to locate even a single one!

Suppressing his excitement, Huang Xiaolong sucked in a cold breath.

The spiritual veins there were more than enough to allow him to break through to the next level!

The only thing left for him to do was to collect them all.

Even though the spiritual veins were branded by the Star Refinement King, it was only a matter of time before Huang Xiaolong wiped his soul brand away. Since it took them three years to arrive, the Star Refinement King would take six years to make a return trip! It was more than enough time for Huang Xiaolong to retrieve all the spiritual veins!

Without delay, Huang Xiaolong started on his new task.

It took him several days in order to cleanse the first one!

He was in no hurry to start on the next one. Instead, he retrieved a high-level universe-level spiritual vein from the Universe Boat and replaced it.

Even if the Star Refinement King returned, he wouldn't be able to discover the difference.

When he was done, Huang Xiaolong started on the next vein. He repeated the process and disguised the second vein before putting it back.

The spiritual veins he used were lower-leveled ones he collected. They might not have any top-grade universe-level spiritual veins on them, but they had those of lower level!

Four years later, Huang Xiaolong kept all the top-grade universe-level spiritual veins in the Universe Boat.

He nearly danced with joy when he saw his new stash. Leaving the treasury, Huang Xiaolong returned to the Snow Continent.

He planned to enter seclusion there to break through to the 29.9 billion mark! The only reason he chose to return to the Snow Continent was because of Pangu's presence. If the Star Refinement King really discovered anything off, he would be able to grab Pangu before leaving the Universe Vault.

When he arrived, he entered seclusion immediately. He ordered Bi Qing, Yin Xue, Chi Feng, and Jin Long to take note of anything unusual.

Several hundred years passed in the blink of an eye.

It seemed as though the Star Refinement King was unaware of what happened as no one made a report to him.

Finally starting on his cultivation, more than six hundred thousand years passed.

Opening his eyes slowly, Huang Xiaolong eventually left the Universe Boat. Stretching slightly, he took a deep breath.

Chapter 3715: Universe Source Stone

After his seclusion, Huang Xiaolong reached the 29.9 billion mark. In fact, he was one strand of grand cosmos energy away from reaching the 30 billion mark!

He reached his current level more than a hundred thousand years ago. However, he had been trying to break through with all his might but to no avail. It was like when he tried to break through to the peak of the grand competition stage in the past!

All these years, Huang Xiaolong might have tried to understand the mysteries of the Nameless Devil Mirror, but he only managed to comprehend thirty to forty percent of it. He was slightly lacking when it came to entering the half-step Universe God Realm.

He wanted to continue his seclusion in order to understand the mysteries behind the Thirteen Universes, but Bi Qing returned with news that the White Feather King's search for a Universe Source Stone found some headway in the past few years.

How could Huang Xiaolong not know what the Universe Source Stone was?

He heard from the Ferocious Devil that the Universe Source Stone was the core of the Extermination Formation. The first Extermination Tribulation suffered by the Thirteen Universes was extremely powerful due to the presence of the Universe Source Stone!

The Universe Source Stone was created by the Thirteen Universes during their birth. Legends had it that it was the source of the Thirteen Universes. It was the reason behind the birth of spiritual energy in all the lands.

It was extremely hard to locate even a single piece, and the Universe First Race only managed to find one after god knows how many years. Who would have thought that they would be able to locate another one?

Huang Xiaolong was unable to stop the Extermination Formation in the past, but now that he had reached his current level, he would stop them with everything he had! He couldn't allow them to obtain the piece of Universe Source Stone!

Even though he made some alterations to the runes he inscribed, the Black Nether King would be able to discover his petty tricks the moment they activated the formation. He might be able to destroy the formation once, but once they fixed it, he wouldn't be able to do it again!

As for the universe-level spiritual veins he stole, he was sure that the Universe First Race would simply use a vast quantity of lower leveled spiritual veins to activate the formation.

As such, all his tricks up to this point were pretty much useful in delaying them slightly. If he obtained the Universe Source Stone, he would really be able to impact their activation of the formation.

Without the source stone, they could only use something else for the core of their formation. That would greatly affect the power behind the formation and the tribulation would decrease in strength. If the Black Nether King wanted to use the tribulation to harvest all the lives in the Thirteen Universes, it would be much more difficult with Huang Xiaolong's presence.

If he failed this time, no one knew when the Black Nether King could try again. When that happened, Huang Xiaolong's chances of entering the Universe God Realm before him would be so much higher!

Leaving the Universe Boat, Huang Xiaolong saw Bi Qing and Yin Xue.

"Lord!" They bowed respectfully.

He asked about matters regarding the Universe Source Stone when they got up.

“The White Feather King has already left to obtain the stone,” Bi Qing mentioned.

“Do you know where he went?”

Bi Qing shook his head slowly and replied, “No one knows where he went. The last we heard, he left the Universe Vault in search of the Universe Source Stone.”

A frown formed on Huang Xiaolong’s face. It was useless if he didn’t know where the White Feather King went. There was no way he could search aimlessly. The Thirteen Universes were boundless, and even if he used several hundred million years, he might not be able to discover anything! By that time, the Universe Source Stone would have already landed in the White Feather King’s hands!

“His disciple, Ninth Void, might know where he went,” Yin Xue muttered. “The White Feather King has always doted on his disciple.”

“Ninth Void!” A light flashed in Huang Xiaolong’s eyes.

As the White Feather King’s inheritance disciple, he might really know where his master went!

“Where is Ninth Void now?” Huang Xiaolong asked.

“He left the Ninth Void Valley several months ago for the Blue Phoenix Palace.”

“Blue Phoenix Palace?”

“That’s right. Ninth Void has always been interested in Qing Luan,” Bi Qing muttered.

Qing Luan, the owner of the Blue Phoenix Palace, was the daughter of the Blood Phoenix Queen and the Titan King.

The Blood Phoenix Queen and the Titan King ranked below the Golden Cymbals King. The Golden Cymbals King was ranked sixth among the kings, and the Blood Phoenix Queen ranked seventh. The Titan King was ranked eighth, but they were the only couple among the thirteen kings.

Qing Luan, Yin Xue, and Chi Feng were the greatest beauties in the Universe First Race. However, Qing Luan was weaker than the other two in terms of talent. Her combat abilities were stuck at the 19 billion mark and she wasn't able to compete for the position of the six geniuses.

Even so, she was a goddess in the eyes of the men in the Universe First Race. Ninth Void was one of her many suitors.

When Huang Xiaolong heard that Ninth Void had left his palace, he grabbed Pangu and left.

When he fought for the Universe Source Stone, everyone in the Universe First Race would know that Pangu was his master. Since they couldn't kill Huang Xiaolong, their target would shift over to Pangu! In order to keep his master safe, Huang Xiaolong decided to bring him away from the Universe Vault.

As the Blue Phoenix Palace wasn't located too far away from the Snow Continent, Huang Xiaolong arrived in less than a month.

Releasing his dao souls, he discovered Ninth Void's presence almost immediately. Qing Luan was hosting him with a massive banquet, and there were countless experts present.

Huang Xiaolong discovered the presence of two supreme experts with close to 27 billion units of combat abilities.

There was no room for doubt. It was the Blood Phoenix Queen and the Titan King!

Even though they were both present, Huang Xiaolong wasn't worried in the slightest. He might have been afraid of them in the past, but right now, he could suppress them with a single arm!

Summoning the Star Dragon Divine Tree, Huang Xiaolong sent countless branches into the void to seal off the space around the city.

...

Qing Luan giggled slightly when she looked at Ninth Void. "I heard that Big Brother Ninth Void managed to obtain the Golden Crow Divine Tree from the Golden Crow Divine Race..."

The Golden Crow Divine Tree might not be comparable to the Star Dragon Divine Tree, but it was an absolute treasure in the Thirteen Universes!

"Little Sister Qing Luan is really well-informed!" Reaching out slightly, a tiny tree appeared in his palm. Golden flames filled the space around him and one could make out tiny golden crows if they looked closely.

Chapter 3716: Blood Phoenix Queen and the Titan King

Qing Luan's eyes lit up when she saw the divine tree in his hands.

"If Little Sister Qing Luan likes this divine tree, I'll give it to you!" Ninth Void chuckled.

A pretty smile appeared on Qing Luan's face. "Didn't Big Brother Ninth Void obtain the Golden Crow Tree after sacrificing a lot?"

One of the young men clad in golden armor sitting in the hall mocked, "Ninth Void, in order to obtain the Golden Crow Divine Tree, you massacred the entire Golden Crow Divine Race. You didn't even allow the babies to escape! The blood of billions stains the Golden Crow Divine Tree and you're planning to dirty Little Sister Qing Luan's hand with them?"

The youngster was the Star Refinement King's son, Cong Dan. He was also interested in Qing Luan, and he had always been going against Ninth Void.

A snort left Ninth Void's lips. "Aren't your hands also stained with the blood of our slaves? Practically every other year, you'll kill a batch of slaves. Most of them are females... From what I've heard, none of them died with a complete corpse. Moreover, most of them were brought out from your room!"

"You!" Cong Dan raged as Ninth Void remained completely impassive.

Before Qing Luan could speak, a figure appeared in the middle of the hall, shocking everyone present.

When they saw that the newcomer was a 'slave' from the Human Race, their eyes widened in shock.

All of them turned to look at Qing Luan as they thought that the slave belonged to her.

However, Qing Luan's expression sank as she addressed Huang Xiaolong. "Who the h*ll are you?! Are you tired of living?! You're a mere slave and you dare to intrude into my palace..."

"Slave?" Huang Xiaolong raised an eyebrow. "Relax. Very soon, your Universe First Race will turn into the slaves of my Human Race!"

Huang Xiaolong had long since made up his mind. After entering the Universe God Realm, the first thing he would do was to enslave the members of the Universe First Race.

With nearly 30 billion units of grand cosmos energy, he was no longer far from the Universe God Realm.

Huang Xiaolong believed that as long as he concentrated on the Nameless Devil Mirror, he would be able to break through in the next ten million years!

When they heard what Huang Xiaolong said, the members of the Universe First Race flew into a rage.

"Preposterous!"

"How dare you?!"

“On your knees, you slave!”

Someone leaped at Huang Xiaolong from within the crowd in an attempt to take him down.

He might not be an expert who crossed the 20 billion mark, but he was close! He was a pretty famous figure in the Universe First Race, and his attack contained the power to shatter worlds!

One could say that he was stronger than Gui Chi from the Unknown Space! The Universe First Race was said to be born with the strongest constitution in the universes, and his talent was even stronger than the likes of Gui Chi and the rest!

Despite that, Huang Xiaolong didn't bother looking at him. When the expert's palm landed on Huang Xiaolong's body, a terrifying backlash sent him flying.

When they saw the expert flying into the distance with blood spewing from his lips, Ninth Void, and the others were dumbfounded.

“What?!”

Their expressions changed.

Everyone sat up in unison as they looked at Huang Xiaolong with fear in their eyes.

“Who... Who might you be?!” Cong Dan looked at Huang Xiaolong and asked.

“Huang Xiaolong.”

“Huang Xiaolong?!”

The only person who could sneer was Ninth Void. "Humph. Huang Xiaolong, you're pretty daring to barge into my Universe Vault. Since you came, there's no need for you to return."

Qing Luan secretly contacted her parents when the exchange was going on.

There was no doubt her little actions were caught by Huang Xiaolong, but he chose to let it go. After all, he wanted to deal with the two kings too.

"Do you really think so?" Huang Xiaolong muttered. "Do you really think that the Blood Phoenix Queen and the Titan King are enough to take me down?"

"Who do you think you are?!" Two figures appeared in the hall the moment Huang Xiaolong was done speaking.

The Blood Phoenix Queen was clad in a long crimson robe and the Titan King was tens of feet tall. His muscles were like dragons that coiled around his body and he emitted a terrifying aura.

"Huang Xiaolong, the Golden Cymbals King might have lost to you, but we're no Golden Cymbals King. We might not be a match for you individually, but we'll crush the Golden Cymbals King if we work together!" The Blood Phoenix Queen sneered. A ray of red light flickered in the space between her eyebrows.

She wasn't wrong. The two of them might not be as strong as the Golden Cymbals King on their own, but they were frighteningly powerful when they worked together.

The Titan King appeared behind Huang Xiaolong before anyone could react and the Blood Phoenix Queen commenced her attack from the front.

Ninth Void and the others retreated instantly as they were afraid that they would be caught in the crossfire. The battle that was about to take place wasn't something they could take part in.

Huang Xiaolong remained completely impassive and sighed, "Alright, show me what you got."

The two of them moved in unison as flames covered the Blood Phoenix Queen's body. The Titan King locked on to Huang Xiaolong as he charged towards the puny human.

The flames around the Blood Phoenix Queen were different from the divine flames that filled the universe. The flames were red like blood but it didn't emit any sort of heat.

That was how scary it was. It might not feel hot at all, but the moment her flames came into contact with her target, they would be incinerated to nothingness!

The waves of energy around the Titan King were similar to that. They might seem harmless, but that was because the power was fully contained!

Right before their attacks could arrive, Huang Xiaolong casually swung his hand. A pressure that held the weight of the universe came crashing down on the two of them.

Chapter 3717: Location of the Universe Source Stone

When the two of them finally felt that something was wrong, they quickly summoned all their power to form a protective barrier around them.

Boom!

A wave of energy slammed into them right as they completed their defenses.

The barrier shattered in an instant and it broke into a million pieces. The two of them were sent tumbling out countless miles as they smashed through several palaces on their way.

Debris filled the land.

Only after a long while did the rumbling stop.

Ninth Void, Cong Dan, and the others looked at the two supreme experts of the Universe First Race who were sent flying by a 'slave' of the Human Race.

The Thirteen Kings were the pillars of the Universe First Race, and it had been that way since the start of time!

Now, the ranked seventh and eighth among them were easily swept away by a Human!

The scene smashed heavily into the hearts of everyone present.

“Daddy, Mommy!” Qing Luan cried out in fright when she looked at the two of them.

Standing where he was, Huang Xiaolong didn’t press the attack. He looked at the two of them and sighed, “I know that the two of you have a special combined attack called the Earth Prison where the Phoenix Waltz. Go ahead and use it.”

Dust filled the air as the two of them soared into the skies.

They stared at Huang Xiaolong, dumbfounded.

According to the Golden Cymbals King, Huang Xiaolong only managed to defeat him by drawing the battle out. He relied on the Star Dragon Divine Tree, Universe Origin Fires, Reversal Sword, and Three Gods Halberd. When he sent them flying earlier, he didn’t use a single one of them!

The strength that he displayed earlier had crossed the 27 billion mark that was described by the Golden Cymbals King!

Their expressions finally turned serious.

“Who would have thought that you would have broken through?” Blood Phoenix Queen screeched.

“Even so, we’ll be able to suppress you!” The Titan King no longer held back as he released his aura completely.

Huang Xiaolong's increase in strength might be unexpected, but the two of them were confident that they could take him down. After all, they were stronger than the Golden Cymbals King when they worked together!

Moreover, their strength increased quite a bit in recent years...

As the earthy light expanded around the Titan King, a pair of blood-red wings appeared behind the Blood Phoenix Queen. She grabbed him as they flew into the skies as their auras started to intertwine.

The fire around Blood Phoenix Queen that could incinerate everything in her path fused seamlessly with the earth aura from the Titan King.

The light that surrounded them started to transform and it burned a bright stinging yellow.

The weird light seemed to contain all the colors of the universe and in the distance, the two looked like they were dancing in mid-air! They were flying above a cage formed by the mysterious light and their power charged at Huang Xiaolong in an instant.

Their strength was far from what it was before. The combination of the two wasn't a simple addition.

Even Huang Xiaolong was slightly taken aback when faced with their powerful strike.

Ordinarily, the fire was an element that couldn't fuse perfectly with anything. Now, the two of them proved Huang Xiaolong wrong.

One had to know that such a perfect fusion was something nearly impossible. Especially, after they reached a level as high as that of the Blood Phoenix Queen and the Titan King. They were far too strong and the energies they had should be completely incompatible with each other. However, they proved the universe wrong.

When Ninth Void and the others noticed the power coming from the couple, their jaws dropped in fright.

“Can the two of them really defeat Huang Xiaolong?” Cong Dan gasped.

“My parents will definitely be able to defeat that slave!” Qing Luan snorted.

When the storm of energy arrived before Huang Xiaolong, Huang Xiaolong didn't hold back to unleash all 29.9 billion units of grand cosmos energy.

The moment he did, the world seemed to stop moving. The city trembled as the skies shook. The powerful attack from the couple stopped right before it could crash into Huang Xiaolong and it was forced to stay ten feet away from him.

The two of them looked at Huang Xiaolong with terror in their eyes.

“This...” Only one other person emitted such a frightening aura.

The Black Nether King!

They only felt this way when they faced the Black Nether King!

Could Huang Xiaolong have already reached that level?!

Ninth Void and the others couldn't believe what they were seeing and their bodies started to tremble.

Stepping into the void, every step Huang Xiaolong took seemed to resonate in the hearts of the Blood Phoenix Queen and the Titan King. They retreated step by step, but they realized that their bodies no longer listened to them.

Huang Xiaolong tore through the energy storm as he made his way towards them.

Standing before the couple, Huang Xiaolong waved his hand slightly to disperse any sort of energy surrounding them. Grabbing them by the neck, he dragged them towards himself.

...

An hour later...

Huang Xiaolong left Blue Phoenix City with Pangu.

This time, he didn't use any effort to control the Blood Phoenix Queen, Titan King, and a bunch of experts from the city.

Huang Xiaolong learned about the White Feather King's whereabouts from Ninth Void.

"White Deer Cave!"

That was where the White Feather King went towards.

The White Deer King was an existence similar to a black hole in the universes. It was an extremely mysterious land, and it was one of the places even Huang Xiaolong didn't dare to step into in the past.

It seemed as though the Universe Source Stone was located there!

Several months later, Huang Xiaolong left the Universe Vault and headed straight towards the White Deer Cave. No matter what happened, he had to locate the stone before the White Feather King!

Chapter 3718: A Fourteenth Universe Treasure?

As he made his way towards the White Deer Cave, he sent Pangu to somewhere safe. After all, Pangu's presence would make challenging the White Feather King much more difficult.

When he sent Pangu to a safe spot, he asked his master to return to the World of Departed Souls in the Blazing Dragon World. He also told him to remain there in case the Universe First Race came looking for slaves again. If Pangu traveled the world like he used to, he might be captured and sent back.

The White Deer Cave was extremely distant. Even with the Universe Boat, Huang Xiaolong took an entire year to arrive.

He was shocked to discover that there were plenty of experts charging towards the White Deer Cave. Most of them were experts from hidden ancient races.

Their races were mostly born along with the Thirteen Universes, and they were created slightly later than the Universe First Race at best.

All of them had remained in hiding all this while. Even when Huang Xiaolong toured the universes, he failed to locate their presence. He only learned of them when he spoke to the Dragon Overlord and the others in the Unknown Space.

In the past, the Universe First Race called upon the first Extermination Tribulation. The Ferocious Devil, Green Ghost, Dragon Overlord, God of Death, and Zhu Chen weren't the only ones who managed to survive. There were several hidden experts who managed to live.

The old ancestors of the races were those who had broken through the 20 billion mark!

In the past, the Ferocious Devil said that he was afraid of two supreme existences in the Thirteen Universes before it was destroyed for the first time. One of them was the Black Nether King, but the second wasn't the White Feather King! The White Feather King might be as strong as him, but he wouldn't be afraid of someone he could challenge one-on-one!

The other person was the Old Man Fortune!

He was the old ancestor of the Fortune Race, and he outclassed even the Ferocious Devil! He might not be as strong as the Black Nether King, but he was an existence who could beat the Ferocious Devil anytime he wished!

The Ferocious Devil's combat strength neared the 29.9 billion mark, and Old Man Fortune was above him! One could say that other than the Black Nether King, he was the only other person closest to the Universe God Realm!

Huang Xiaolong slowly approached the White Deer Cave despite his shock.

"Fellow Cultivator, did something happen in the White Deer Cave to draw over too many experts from the hidden races?" Huang Xiaolong asked someone in his way.

Huang Xiaolong could recognize the other party as an expert from the Yang Lightning Race due to the energy fluctuations around his body.

Like the Fortune Race, the Yang Lightning Race was one of the earliest races to exist in the Thirteen Universes.

When the person he addressed turned around to look at him, he was shocked to discover that he couldn't feel Huang Xiaolong's aura.

"Didn't you hear? An absolute treasure was born in the White Deer Cave! It's said that a universe treasure was born there."

"Universe treasure?!" Huang Xiaolong gasped. "Aren't there only thirteen universe treasures?"

"Since the creation of the Thirteen Universes, there have only been thirteen universe treasures. However, no one can say for certain that another universe treasure will never be born!"

"I heard that the fourteenth universe treasure has appeared in the White Deer Cave!"

However, he shook his head slowly and sighed, "Perhaps it's just a rumor. I personally do not believe that the fourteenth universe treasure is about to be born."

Even so, he wished to satisfy his curiosity.

Naturally, greed had a part to play in it.

Those who came to the White Deer Cave didn't do so because they were merely curious.

Everyone would want to obtain a universe treasure for themselves.

After thinking about it for some time, Huang Xiaolong made a bold guess. There might not be a fourteenth universe treasure, but they might be talking about the Universe Source Stone.

After all, it was quite impossible for another universe treasure to spawn. If there really was a chance for the fourteenth universe treasure to appear, it would have done so countless years ago.

"I am the ancient ancestor of the Yang Lightning Race, Yang Dingsheng. May I know who you are?" The expert cupped his fists and asked.

For races that were as ancient as theirs, there was another rank for experts of their race. Instead of calling them doyens, they were called ancient ancestors.

Their strength was nothing to scoff at. From what Huang Xiaolong could see, Yang Dingsheng was comparable to Wu Xin, the Limitless Master of the Unknown Space.

"I am Huang Xiaolong." Huang Xiaolong didn't plan to hide his identity.

Visible shock flashed across Yang Dingsheng's face. "You... You're the owner of the Blue Dragon Manor, Huang Xiaolong?!"

Huang Xiaolong's feat of crushing the various alliances and the Creation Palace in the First Universe had long since spread through the universes. He established the Blue Dragon Manor after, solidifying his position as the strongest in the lands! As such, his name reached the ears of many hidden races.

“That’s me. The Blue Dragon Manor is only a small existence in the universe. I can’t compare to fellow cultivator’s Yang Lightning Race...”

Yang Dingsheng chuckled, “You’re too humble.”

Even though there were countless experts in the First Universe, Huang Xiaolong was the only one who managed to cross the 10 billion units mark. As such, none of the ancient ancestors could be bothered with him. To them, he was merely an ant.

According to their investigation, Huang Xiaolong would accumulate 15 billion units of grand cosmos energy at best.

Soon after, Huang Xiaolong entered the White Deer Cave with Yang Dingsheng.

As soon as they entered, darkness enveloped the lands. However, the darkness was nothing to experts at their level.

The White Deer Cave wasn’t as barren as everyone thought. It was filled with signs of life and it slightly resembled the Universe Vault. The only difference was the feeling it gave off. The White Deer Cave seemed extremely bleak.

As the two of them flew, they chatted with each other. The two of them hit it off immediately and they seemed like old friends after half a day of traveling together.

“There’s no need for me to hide this from you. I’m not just here for the rumored universe treasure. I’m here for something else,” Yang Dingsheng sighed and said.

Even though it had only been half a day, the two of them were calling each other brothers.

“Oh? What is Brother Dingsheng looking for?” Huang Xiaolong asked.

“I’m looking for the White Deer!”

“White Deer?!”

The reason behind the name of the White Deer Cave was because of the legendary White Deer that lived in it. It was said to be born with the Rebirth Bloodline and it was created from the purest form of energy from the universes!

Its bloodline had the ability to regenerate any wound one might suffer!

However, the number of people who had seen the White Deer could probably be counted on one hand.

“That’s right...” Yang Dingsheng sighed.

Chapter 3719: Dazzling Black Race

“Why do you need to locate the White Deer?” Huang Xiaolong asked. “The White Deer isn’t a creature you can meet as you wish. Even if you did run into it, you might not be able to capture it.”

If one could find the White Deer easily, a lot more people would have seen it.

Also, there wasn’t anyone who could capture the creature.

Experts from the Universe First Race tried time and time again, only to return empty-handed every time.

Yang Dingsheng’s voice turned sullen, and he sighed, “My wife was seriously injured by someone in the past. Her physical body was shattered and her dao heart was destroyed. Not even her dao soul could remain intact.”

Huang Xiaolong sucked in a cold breath. That would make her no different from a corpse!

“All these years, I tried countless ways to save her... I heard that the bloodline of the White Deer has the ability of rebirth and I’m here to try that.”

Even though he knew that the chances of locating the White Deer were slim to none, he wanted to try his luck.

Huang Xiaolong could tell how much he loved his wife, and he clapped Yang Dingsheng's shoulder and comforted, "Brother Yang, you can rest assured that I'll follow you on your journey to locate the White Deer. We'll definitely be able to find it."

Huang Xiaolong couldn't help but think about his wives. The figures of Shi Xiaofei, Li Lu, Yao Chi, and the others flashed through his mind.

Yang Dingsheng revealed a comforted look and thanked Huang Xiaolong, "Brother Huang, I am extremely heartened by your intentions. However, looking for the White Deer won't be easy. I do not wish to distract you."

"It's alright. Even if we have to turn the White Deer Cave upside down, we'll find it. It won't take long for us to look through the entire area anyway." Huang Xiaolong waved his hands casually.

That was an exaggeration. The White Deer Cave was massive and it was comparable to the Universe Vault in size. It wouldn't be easy to look through the entire area.

Not to mention the fact that they might not locate the White Deer. The Universe First Race turned the place upside down in the past but failed to see its shadow! It wasn't an object that would remain quietly in place for someone to find it. The White Deer could escape to any corner of the White Deer Cave in order to escape detection!

The White Deer's strength was also known to the universes. It was no weakling! It was basically unbeatable as long as they remained in the White Deer Cave!

Yang Dingsheng felt a trace of hope burning in his heart after hearing what Huang Xiaolong said.

"Oh? Isn't this old man Yang Dingsheng?" A voice rang through the skies.

Even though he wasn't loud, his voice was extremely annoying to the ears.

Huang Xiaolong turned around to see three figures soaring across the skies as they rode on demonic beasts.

The demonic beasts were called Black Demons and they were extremely terrifying existences. They were born with the ability to control darkness, and their speed when traveling in the dark was faster than anyone could imagine.

Yang Dingsheng's expression changed slightly when he saw the newcomers.

"They're from the Dazzling Black Race."

The three of them quickly arrived before the duo.

"Yang Dingsheng, are you also here for the fourteenth universe treasure?" The person in the lead sneered, "The old ancestor and patriarch of your race didn't come because they know their place. You should know better as an ancient ancestor of your race! You better leave this place when you can and run back to your Yang Lightning Race... If a fight breaks out, I might cripple you with a single punch!"

The two experts behind him roared with laughter.

A frown formed on Huang Xiaolong's face but a hand held him back when he wanted to approach the three. Yang Dingsheng shook his head slowly.

"Brat, what do you think you're doing?" The middle-aged man leading the trio snorted when he noticed Huang Xiaolong's actions.

Cupping his fists, Yang Dingsheng sighed, "Brother Huang failed to recognize Brother Cao Cheng. I hope you can forgive him."

Cao Cheng tilted his head upwards and sneered, "Brat, I'll forgive you because of Yang Dingsheng. If this happens again, I'll cripple you!"

After he spoke, he tore through the air with the two experts following behind him.

After Cao Cheng had left, Yang Dingsheng heaved a sigh of relief and explained, "Brother Huang, you were too rash."

"It's just the Dazzling Black Race... They're nothing but ants." Huang Xiaolong chuckled.

A bitter smile appeared on Yang Dingsheng's face when he heard what Huang Xiaolong said. "You probably don't know them. You should know that they remained hidden for a long time. Not many people in the Thirteen Universes know about them. The ancient ancestor of the Dazzling Black Race is an expert with 25 billion units of combat strength!"

"Even if the old ancestor of our race meets the old ancestor of the Dazzling Black Race, he will have to lower his head. Cao Cheng is an expert who has broken through the 20 billion mark and I won't be able to protect you if he makes a move on you!"

Huang Xiaolong chuckled when he saw the serious look on Yang Dingsheng's face. "Is that so? If you didn't hold me back, I would have crippled him with a single punch."

With his eyes widening in shock, Yang Dingsheng shook his head. "Alright, let's go take a look. We'll go look for the White Deer. If we're lucky, we'll be able to find the treasure too!"

Huang Xiaolong nodded his head.

The two of them traveled deeper into the White Deer Cave.

Huang Xiaolong didn't remain idle. As they went deeper, Huang Xiaolong released his dao souls in order to look for the White Feather King and the Universe Source Stone.

As the Universe Source Stone was created during the formation of the universes, not even people like the Ferocious Devil or the White Feather King would be able to detect it easily. Luckily for Huang Xiaolong, he had the Universe Boat, Nameless Devil Mirror, and the Universe Transformation Art. It was much easier for him to detect traces of the Universe Source Stone.

Several dozen days passed in an instant.

The only creatures they ran into were the monsters that lived in the White Deer Cave. With their strength, they dealt with the threat easily.

Other than the creatures, they ran into several experts who were there to search for the treasure. As Yang Dingsheng knew all of them, no fights broke out. Everyone went their separate ways.

When they saw a giant continent floating in the space before them, Yang Dingsheng suggested, "Brother Huang, let's go take a look."

Huang Xiaolong nodded and the two of them flew towards the land mass. Even with his dao souls, he couldn't detect the end of it.

The moment he stepped foot onto the continent, Huang Xiaolong felt a strange feeling that came from deep within the land.

Yang Dingsheng might not be able to discover the strangeness of the continent, but Huang Xiaolong was an existence close to the Universe God Realm!

They slowly made their way forward.

"Strange... There are many fierce creatures in the other parts of the White Deer Cave. Why isn't there a single one here?" Yang Dingsheng asked.

A chuckle left Huang Xiaolong's lips. "Probably because it's the territory of some terrifying existence."

?!

Taking out a spiritual vein from the Universe Boat, Huang Xiaolong allowed it to hover in the air before him.

Chapter 3720: Appearance of the White Deer

Yang Dingsheng gasped in fright when he saw the spiritual vein Huang Xiaolong retrieved. "That... That's a Radiant Spiritual Vein of Life!"

Radiant Spiritual Vein of Life! It was a top-grade universe-level spiritual vein, and it was something that would hardly appear in the outside world! Since the start of time, it was said that the Radiant Spiritual Vein of Life had only appeared twice! With the one Huang Xiaolong had brought out, it would appear for the third time in the Thirteen Universes!

"That's right." Huang Xiaolong chuckled.

Huang Xiaolong stole hundreds of top-grade universe-level spiritual veins from the Star Refinement King previously. Even though he used a large part of it, there were nearly a hundred left. The Radiant Spiritual Vein of Life was one of the rarest of those left.

As an ancient existence, Yang Dingsheng might have been through a lot. Even so, his heart failed to remain calm when he saw the Radiant Spiritual Vein of Life. After all, the Radiant Spiritual Vein of Life was similar to the bloodline of the White Deer! It had the ability to cure any injuries!

The Radiant Spiritual Vein of Life would be equally as useful to treat his wife's injuries.

Huang Xiaolong knew what he was thinking about and muttered, "Brother Yang, even though the Radiant Spiritual Vein of Life might be useful in treating her injuries, it's not a solution."

Yang Dingsheng snapped back to reality and sighed to himself.

Huang Xiaolong was right. Even with the Radiant Spiritual Vein of Life, he wouldn't be able to completely heal her dao soul. The only way to save her was to subdue the White Deer.

Using his grand cosmos energy, Huang Xiaolong forced the Radiant Spiritual Vein of Life to emit boundless energy. The radiance that came from the spiritual vein contained the power of life and it pierced straight through the continent.

Yang Dingsheng was shocked to discover what Huang Xiaolong was doing. However, he soon managed to guess his intention. A wave of gratefulness swept through his heart.

As the power of life spread through the lands, every single inch of land glowed a faint white.

Half an hour passed quickly.

Even though the power of life spread through the lands, everything remained as silent as could be.

Yang Dingsheng slowly started to panic.

In contrast, Huang Xiaolong remained completely impassive.

An hour passed...

A frown formed on Huang Xiaolong's face as there wasn't a single reaction from the creature in the land.

Was he wrong?

Increasing the intensity of his grand cosmos energy, even stronger waves of life filled the land. A slight buzzing sound could be heard as the rays of light sank deep into the continent.

Huang Xiaolong's control of his energy was too precise. The energy waves didn't leak out from the continent to the rest of the White Deer Cave.

He didn't wish to alert the experts who came to the White Deer Cave.

Otherwise, everyone would charge over in an attempt to steal his spiritual vein!

Not too long after Huang Xiaolong increased the intensity of his grand cosmos energy, a tiny little deer appeared in the distance and it walked towards them!

It looked extremely docile, and it glowed with a faint white light.

There were two little horns on its head, and they shone with a brilliant light.

Yang Dingsheng was extremely shocked to discover its arrival. Right before he could approach the deer, Huang Xiaolong reached out to stop him.

Yang Dingsheng knew what Huang Xiaolong's intention was, and he hesitated slightly. Eventually, he chose to remain still.

The White Deer glanced at Yang Dingsheng casually, but there was an unmistakable look of contempt in its eyes. It looked at Yang Dingsheng as though he was nothing more than an ant.

Turning to look at Huang Xiaolong, a look of visible confusion appeared in its eyes. It tried to see through Huang Xiaolong and a solemn expression soon appeared on its face.

"You're pretty strong..." An enchanting voice left the White Deer's lips.

Yang Dingsheng turned to look at Huang Xiaolong in disbelief. How could someone with only 15 billion units of combat strength be considered pretty strong?

"Were you planning on capturing me by luring me all the way out here with the Radiant Spiritual Vein of Life? You might be strong, but you're dreaming if you think that you can capture me."

One had to admit that the Radiant Spiritual Vein of Life was extremely tempting even for the White Deer. Even though it knew that Huang Xiaolong was planning to lure it out, it came out nonetheless.

“That’s right. I planned to lure you out here with the Radiant Spiritual Vein of Life, but my intention isn’t to capture you,” Huang Xiaolong muttered. “I wish to make a deal with you.”

“A deal?” A ray of light flashed through the White Deer’s eyes, and it continued, “What do you propose?”

“I hope you can save someone for me. Also, I wish to know the whereabouts of the Universe Source Stone.”

Since the Universe Source Stone was located in the White Deer Cave, the White Deer probably knew its whereabouts. That was the main reason behind Huang Xiaolong’s desire to draw it out.”

“How do you know about the Universe Source Stone?!” The White Deer gasped in shock as it looked at Huang Xiaolong with a renewed sense of caution.

Yang Dingsheng was equally as surprised.

Is there really a piece of Universe Source Stone located in the White Deer Cave?!

“That’s right. As long as you agree to my conditions, I’ll give you the Radiant Spiritual Vein of Life.” Huang Xiaolong smiled.

A grin that resembled that of a human appeared on the White Deer’s face. “You’re right. I do know where the Universe Source Stone is. However, do you really think that the Radiant Spiritual Vein of Life is enough to trade for information on it?”

Huang Xiaolong wasn’t surprised at all as he retrieved another Radiant Spiritual Vein of Life from the Universe Boat. “What if I add another?”

The White Deer stared at Huang Xiaolong in shock.

Two strands of Radiant Spiritual Vein of Life!

The Radiant Spiritual Vein of Life only appeared twice in the history of the Thirteen Universes. However, the youngster standing before it brought out two other strands!

A look of disbelief could be seen on Yang Dingsheng's face when he looked at Huang Xiaolong.

After snapping back to reality, the White Deer shook its head. "No. That's still not enough."

Huang Xiaolong silently retrieved another spiritual vein from the Universe Boat.

The spiritual vein that appeared was slightly different from the Radiant Spiritual Vein of Life, but it emitted dense waves of life energy.

"White Sun Phoenix Flame Spiritual Vein!" Yang Dingsheng gasped.

The White Sun Phoenix Flame Spiritual Vein was at the same level as the Radiant Spiritual Vein of Life.
