

Conqueror 3721

Chapter 3721

The White Deer stared at Huang Xiaolong as confusion flashed through its eyes. It didn't think that Huang Xiaolong would possess so many treasures.

"That's still far from enough to trade for information on the Universe Source Stone."

Huang Xiaolong brought out another White Sun Phoenix Flame Spiritual Vein.

Yang Dingsheng felt his legs going soft.

"Another one?!"

Huang Xiaolong not only possessed two Radiant Spiritual Veins of Life. He also had two strands of White Sun Phoenix Flame Spiritual Veins! How in the world did he obtain so many of them?!

Yang Dingsheng wouldn't dare to think that Huang Xiaolong managed to grab them all by robbing the Universe First Race.

If he learned about it, he might question his whole existence.

"Nope." The White Deer sighed.

Huang Xiaolong took out two other spiritual veins.

This time, it was the Angelic Light Spiritual Vein.

"Angelic Light Spiritual Vein?!" Yang Dingsheng yelled.

Of course, it was of a similar rarity as the two spiritual veins before.

“Not enough!”

“Nine Sun Dragon Zoysia Spiritual Vein!”

“Not enough!”

...

“Heavenly Genesis Spiritual Vein!”

After Huang Xiaolong brought out more than eight spiritual veins at the same level as that of the Radiant Spiritual Vein of Life, everyone stared at him in shock.

The White Deer looked at Huang Xiaolong silently. It was obvious that it was tempted by Huang Xiaolong’s offer.

After all, those were no ordinary universe-level spiritual veins!

“How did you manage to obtain so many top-grade spiritual veins?” The White Deer asked.

“You don’t need to worry about that,” Huang Xiaolong muttered. “Saving someone is nothing but a slight inconvenience to you. I only wish to learn of the location of the Universe Source Stone. I’m not asking you to give it to me. It won’t be easy for me to obtain it either.”

Weird light flashed in the White Deer’s eyes. It was true. Obtaining the Universe Source Stone wasn’t easy! After all, it knew where the stone was. Even after all these years, it failed to obtain it.

As such, the Universe Source Stone was nothing more than decoration to the White Deer.

“Alright. I agree.”

Yang Dingsheng jumped with joy when he heard what it said. Turning to Huang Xiaolong, tears of gratitude streamed down his face. “Thank you. Thank you, Brother Huang!”

The White Deer rolled its eyes when it saw Yang Dingsheng’s reaction. “Brat, why aren’t you thanking me? Don’t forget, I’m the one doing the saving. From the looks of it, you probably wish to save someone close to you, right?”

Turning to the White Deer, Yang Dingsheng thanked profusely, “Many thanks to Senior White Deer!”

“Call me Lord White Deer!”

“Yes... I should. Many thanks to Lord White Deer.” Yang Dingsheng changed his address immediately. He knew that the White Deer was a pinnacle existence in the Thirteen Universes. He didn’t think that it was weird as monsters at their level had some weird temperament.

Huang Xiaolong watched as the White Deer retrieved the universe-level spiritual veins and said, “Since we’re done here, bring me to the Universe Source Stone.”

The Universe Source Stone was an item that could secure the future of the Thirteen Universes. It was of utmost importance that Huang Xiaolong obtained it in order to stop the destruction.

“Relax. The location of the Universe Source Stone is extremely secret. No one other than me knows of its location,” The White Deer muttered when it saw the anxious expression on Huang Xiaolong’s face. “However, you’re not allowed to resent me when you fail to obtain the Universe Source Stone. I can only tell you its location.”

“Yeah. Getting it is my problem.” Huang Xiaolong sighed, “Lead the way.”

Without wasting any more time, the White Deer brought Huang Xiaolong towards the depths of the White Deer Cave.

A month passed in the blink of an eye.

As the three of them traveled deeper and deeper into the White Deer Cave, Huang Xiaolong chatted happily with Yang Dingsheng. They were the only ones talking and when it came to Huang Xiaolong and the White Deer, the conversation became stale.

Huang Xiaolong discovered that the surroundings were getting quieter and quieter as they went deeper into the cave.

After another month, the White Deer finally stopped.

There wasn't anywhere else to go!

A giant wall stood before the trio, and it was formed completely with black ice. No one knew how thick the wall of black ice was, but it extended infinitely.

"This is a wall of Black Source Ice!" The White Deer explained.

"Universe Black Source Ice?!" Yang Dingsheng sucked in a cold breath.

The Black Source Ice was the most terrifying source of frost in the Thirteen Universes. Even if half-step Universe Gods touched a little bit of it, they would turn into a statue of ice.

"That's right. It's Black Source Ice." A complicated look could be seen on the White Deer's face.

"Is the Universe Source Stone sealed within?!" A frown formed on Huang Xiaolong's face.

"Yes. Even though I can't see it, I can tell that it's in there. As the owner of the White Deer Cave, nothing escapes from my detection." However, it shook its head soon after. "It's too bad that I can't tear open the wall of Black Source Ice..."

Even though it was the owner of the White Deer Cave and a pinnacle existence in the Thirteen Universes, it was unable to shatter the wall of Black Source Ice.

“How deep is it hidden?” Huang Xiaolong asked.

“Probably a hundred thousand miles.” The White Deer sighed.

“A hundred thousand miles?!” Yang Dingsheng gasped in fright.

There wasn’t a need to mention a hundred thousand miles. It wasn’t possible for them to break through a hundred feet!

Yang Dingsheng looked at Huang Xiaolong and shook his head, “Brother Huang, why don’t we leave it at this?”

“The Universe Origin Fires should be able to burn through the Black Source Ice, right?” Huang Xiaolong asked all of a sudden.

Both the White Deer and Yang Dingsheng stared at him in shock.

“Yeah, the Black Source Ice might be the source of all frost in the universes, but you should be able to... However, it’s not easy for you to obtain the Universe Origin Fires,” The White Deer explained.

A brilliant ball of flame emerged from Huang Xiaolong’s body as soon as the White Deer spoke.

With their jaws dropping in fright, they stared at Huang Xiaolong like they were looking at a monster.

“White Tiger Origin Fire?” The White Deer shook its head slowly. “Without the other fires, you probably won’t get far.”

Chapter 3722

The three other Universe Origin Fires emerged from Huang Xiaolong's body soon after.

The moment they appeared, a terrifying sea of flames engulfed the lands. The thick wall of Black Source Ice started to melt in the face of the Universe Origin Fires.

The liquid that came from the melted ice flooded the surroundings.

Both the White Deer and Yang Dingsheng stared at the melting ice and their eyebrows shot up in surprise.

Roaring in disbelief, the White Deer raged, "Why didn't you tell me that you had the Universe Origin Fires?!"

"You didn't tell me that the Universe Source Stone was stuck in a mountain of Black Source Ice." Huang Xiaolong chuckled in amusement.

Looking at Huang Xiaolong silently, the White Deer could only blame itself.

"Since I have the Universe Origin Fires, I should be able to obtain the Universe Source Stone, right?" Huang Xiaolong chuckled.

The White Deer stared at Huang Xiaolong with a complicated expression on its face. "You probably can..." There was a look of reluctance on its face when it saw the four Universe Origin Fires hovering around Huang Xiaolong. It had long since pined for the Universe Source Stone. There was no way it could remain calm as it watched such a precious treasure being taken away.

After all, the Universe Source Stone was equally as useful to the White Deer.

What if it made a move on Huang Xiaolong?

The notion did indeed appear in its mind.

However, the White Deer decided against it. It could tell that Huang Xiaolong was in no way weaker than it. Moreover, he had the four Universe Origin Fires. It wouldn't be possible for it to obtain it from Huang Xiaolong anyway.

After a short moment of hesitation, it asked, "I can trade you a little Universe Source Qi for the spiritual veins you handed over previously."

"I don't lack universe-level spiritual veins..."

"What do you want for some of the qi?! I have a lot of treasures from all my years of existence. Even though they aren't as precious as the Universe Source Stone, they're comparable to your spiritual veins"!

As if it was afraid that Huang Xiaolong wouldn't agree, it quickly retrieved a spatial artifact and revealed its contents. Yang Dingsheng cried out loud when he saw what was contained within.

"Golden Dragon Core!"

"Heavenly Phoenix Flower!"

...

The treasures that could hardly be found in the outside world were piled high into a mountain.

Huang Xiaolong remained completely indifferent when he looked at the pile of treasures. "I have no need for any of those. However, I can agree to give you a little universe source qi if you agree to my conditions."

"What are they?!"

"Be my mount," Huang Xiaolong explained.

“What?!” You!” A flash of rage crossed the White Deer’s eyes. It glared at Huang Xiaolong with the intention to kill the filthy human before it. After all, that request was nothing more than a way to humiliate the White Deer.

The White Deer was the master of the White Deer Cave, and it was one of the peak existences in the Thirteen Universes. Not even the Black Nether King would dare to come up with a condition like that!

Yang Dingsheng sucked in a cold breath as he didn’t think that Huang Xiaolong would bring up such an outrageous condition.

Wasn’t that a little...

“There’s no need to look at me like that,” Huang Xiaolong muttered. “You can disagree if you like. However, it’s only a matter of time before I surpass the Black Nether King.”

Huang Xiaolong used the Universe Origin Fires to melt away layers upon layers of ice after he spoke. Very quickly, he disappeared into the hole he created.

The White Deer felt its rage dissipating as it looked into the bottomless hole created by Huang Xiaolong.

As for Yang Dingsheng, he didn’t think too much about it. He spoke to the White Deer, “Lord White Deer, you can ignore whatever he said. He didn’t mean to offend you.”

The White Deer ignored him completely.

Seeing the creature’s reaction, Yang Dingsheng felt a wave of anxiousness rising in his heart.

It didn’t take long for Huang Xiaolong to penetrate several thousand feet into the ice. The deeper he went, the harder it became to melt the ice. As such, he had to slow down a little.

After half an hour, he finally reached the ten thousand feet mark.

As he traveled closer to the Universe Source Stone, a figure emerged outside the wall of ice. There was a holy aura surrounding his body, and his bloodline pulsed with the strength of the oldest bloodline in the Thirteen Universes.

“White Feather King!”

The person who came was precisely the White Feather King of the Universe First Race.

The White Deer was equally as shocked to discover his presence.

The White Feather King glanced at Yang Dingsheng before turning to look at the White Deer. He evidently didn’t expect to see the White Deer and grinned, “White Deer, are you also here for the Universe Source Stone?”

The White Deer stared at the item in the White Feather King’s hand and gasped in shock. Was that how he located the Universe Source Stone?!

Perhaps it was how the Universe First Race obtained the first piece of Universe Source Stone in the past.

Even though the White Deer had no idea what the round plate-like item in his hand was, it could tell that there was a special type of energy coming from it.

“White Feather King, your Universe First Race is bound to be disappointed this time.” The White Deer sneered, “Even if you managed to locate this place, you won’t be able to grab the Universe Source Stone.”

In the past, the Universe First Race sealed off the White Deer Cave in order to capture the White Deer and it had been holding a grudge ever since.

A frown formed on the White Feather King’s face when he saw the wall of Black Source Ice. The White Deer wasn’t any weaker than it, but it failed to shatter the Black Source Ice! There was no way he could do the same.

However, he could feel a wave of energy coming from deep within the wall of ice.

Could it be?!

Universe Origin Fire?!

There was only one treasure in the universes that could melt the Black Source Ice!

“Huang Xiaolong?!” The White Feather King guessed the identity of the person in the Black Source Ice immediately. Huang Xiaolong’s possession of the Universe Origin Fires was no secret.

When he learned who it was, a sinister laugh escaped his lips. “Little White Deer, Huang Xiaolong probably entered the wall of Black Source Ice... Looks like the heavens are helping my race! I might not be able to obtain the Universe Source Stone myself, but someone is bringing it out for me!”

According to what the White Feather King knew, Huang Xiaolong was stuck at the 27 billion mark. When Huang Xiaolong emerged with the Universe Source Stone, he would snatch it away from the kid!

As for the White Deer, he didn’t think too much about it. He brought a special treasure refined by the Black Nether King in order to suppress the White Deer. When that happened, the White Deer wouldn’t be able to stop him!

Chapter 3723

When the White Deer heard what White Feather King said, a wave of suspicion filled its heart. What the hell was he talking about? Why would Huang Xiaolong assist the Universe First Race in their quest to obtain the Universe Source Stone?! Is he someone from the Universe First Race?!

As questions raced through the White Deer’s mind, Huang Xiaolong continued to dig deeper towards the Universe Source Stone. After several days, he finally arrived.

Huang Xiaolong saw a separate space within the wall of Black Source Ice that contained the Universe Source Stone. It was the size of a fist with countless facets. Resplendent light was emitted from every single angle, and Huang Xiaolong felt as though it contained the power that fueled the universes.

Every single surface of the Universe Source Stone seemed to be a great world of its own! Huang Xiaolong felt the boundless power coursing through the stone.

Sucking in a cold breath, Huang Xiaolong tried to calm himself.

The Universe Source Stone had far surpassed any universe-level spiritual vein he knew. No matter how many top-grade universe-level spiritual veins he obtained, he would never be able to replicate the energy contained in the Universe Source Stone.

It was no wonder the Universe First Race wanted to use the Universe Source Stone as the eye of the formation. With the power contained in it, they would be truly able to activate the Extermination Formation! Only with the Universe Source Stone would they be able to destroy the Thirteen Universes and harvest all lives within!

Huang Xiaolong reached out slowly to grab the rock, but a wave of energy stopped him.

Huang Xiaolong chuckled slightly. "Are you thinking of resisting me?"

A flash of light came from inside the Universe Source Stone as though it was challenging Huang Xiaolong.

He also felt like the Universe Source Stone was looking down on him.

Huang Xiaolong roared with laughter, "Even if you do not wish to follow me, you don't have a choice! The Universe First Race was able to bring away your brother, and I'm more than capable of taking you with me today!"

Huang Xiaolong released his grand cosmos energy before reaching for the rock.

No matter how powerful the light it emitted, the Universe Source Stone realized that it wasn't able to push Huang Xiaolong away! It could only watch as Huang Xiaolong's hand arrived close to its surface. In a desperate attempt to stop Huang Xiaolong, it used everything it could, and Huang Xiaolong was forced to stop right before he could touch it.

Raising an eyebrow in surprise, Huang Xiaolong increased the amount of power he used once again. In response, the Universe Source Stone did the same.

As Huang Xiaolong increased his energy bit by bit, he was finally about to touch the Universe Source Stone when he released 29.9 billion units.

A tsunami of energy emerged from the Universe Source Stone, pushing Huang Xiaolong away.

Huang Xiaolong snickered when he realized that that was all the Universe Source Stone had. "I refuse to believe that you have much more left in you!"

As soon as he spoke, he circulated the Universe Transformation Art and 29.9999 billion units of grand cosmos energy flooded towards the rock.

Boom!

The moment he used his full power, the entire space started to shatter. The Universe Source Stone trembled where it stood.

The rays of light that came from the stone could no longer resist Huang Xiaolong, and he quickly grabbed the stone.

Tossing it into the third level of restrictions on the Universe Boat instantly, Huang Xiaolong suppressed it.

After he was done, he heaved a sigh of relief. When he returned, he would refine the Universe Source Stone slowly.

Huang Xiaolong used the Universe Origin Fires to cut a path towards the surface.

It was much faster when he left, and it took him less than a day.

When he emerged, he was greeted with the sight of the White Feather King.

Before the White Deer could say anything, the White Feather King spoke, "Huang Xiaolong, hand over the Universe Source Stone, and I'll spare your life today!"

The White Deer was shocked.

It thought that Huang Xiaolong was in cahoots with the Universe First Race, but it seemed to be mistaken.

A smile formed on Huang Xiaolong's face when he heard what the White Feather King said. "Spare my life? White Feather King, do you really think that you're strong enough to determine my fate? I remember the Golden Cymbals King saying the exact same thing back in the Netherworld of the Unknown Space, but I'm still alive and kicking. Didn't he flee with his tails tucked between his legs?"

"Golden Cymbals King? Hahaha, you must be mistaken. I'm no Golden Cymbals King!" The White Feather King looked at the White Deer and sneered, "Even if you work with this beast, you won't be able to escape."

As the words left his lips, he retrieved a Black Ghost Spike that the Black Nether King refined.

The Black Ghost Spike emitted dense rays of dark energy, and everyone could see how terrifying it was from a single glance. When they looked at it, they felt as though their souls were torn apart by horrifying beings.

The White Deer's expression changed slightly.

“The Ghost Spike is refined by the Black Nether King in order to suppress the White Deer.” The White Feather King grinned. “White Deer, you better not interfere with the matter between my race and Huang Xiaolong. Otherwise, I wouldn’t mind unleashing its full strength on you.”

A figure appeared beside the White Feather King when he spoke up to that point and in a state of shock, the White Feather King could only swing the spike out to protect himself.

Clang!

The Ghost Spike slammed into the wall that separated the White Deer Cave from the outside world and a punch landed on his chest. He was sent flying god knows how many miles away.

When he finally stabilized himself, he looked at his chest where a terrifying dent could be seen.

Turning to look at Huang Xiaolong in shock, he gasped, “You... How... How can you?!”

Yang Dingsheng was equally as stunned.

The White Feather King of the Universe First Race was sent flying by a single punch from Huang Xiaolong!

According to the information they had, wasn’t Huang Xiaolong, the master of the Blue Dragon Manor, someone with only 15 billion units of combat strength?!

“Are you curious as to my increase in strength?” Huang Xiaolong muttered. “You can go back and ask the Golden Cymbals King when you return!”

Huang Xiaolong’s figure blurred once again as he appeared before the White Feather King. His fist came crashing down.

A radiant staff appeared in the White Feather King’s hand and the power of radiance gushed out from it unceasingly.

That was one of the thirteen universe treasures, the Radiant God Staff!

The Ghost Staff appeared in Huang Xiaolong's hand as it countered the Radiant God Staff.

The White Feather King was forced to retreat once again.

Chapter 3724

Ordinarily, the Radiant God Staff was more than capable of suppressing the Ghost Staff. However, everything was as the Golden Cymbals King said when he attacked Huang Xiaolong for the first time. No matter how strong one's universe treasures were, it depended on the user! Huang Xiaolong was more than capable of suppressing the White Feather King alone, and the Ghost Staff was countless times more powerful in his hands!

Once again, the White Feather King was forced to retreat.

He felt his arms going numb as rage filled his mind.

"White Feather King, who would have thought that you would be in such a sorry state..." The White Deer mocked from the side.

It was more than happy to see the White Feather King being suppressed by Huang Xiaolong. The only thing that would make it happier was if Huang Xiaolong killed the White Feather King!

Glaring at the White Deer in anger, the White Feather King aimed his Ghost Spike at the creature before stabbing straight at it. It was too bad Huang Xiaolong's sword qi arrived the moment he made his move. He barely managed to dodge the wave of sword qi directed at him, but his hair wasn't as lucky. A huge chunk of his hair was sliced away by Huang Xiaolong.

When he got to his feet, he realized that there was a giant bald patch on his head.

The White Deer laughed happily. "White Feather King, you should change your name to the Featherless King!"

"Huang Xiaolong, you forced me to do this!" The White Feather King roared as a pair of white wings appeared behind him.

His body started to expand as white feathers formed several layers over his skin.

The feathers that covered him were no ordinary feathers. Every single one of them contained an extremely concentrated radiant energy and white flame surrounded them.

It was a flame created after the power of radiance reached a certain level.

A sea of white flames surrounded the White Feather King and it covered an area of several hundred million miles.

The White Deer's expression turned solemn when it noticed the power the White Feather King emitted. Like the White Feather King, it was able to control the power of radiance. It knew how terrifying the sea of flames was.

Yang Dingsheng escaped a long time ago. Even though his strength was comparable to the Limitless Master, he would turn to ash if he came into contact with the flames.

Huang Xiaolong didn't dare to be careless as he faced the White Feather King who had gone all out. He activated all three great worlds in him as he circulated the Universe Transformation Art.

The Reversal Sword and Three Gods Halberd appeared in his hand.

"Huang Xiaolong, eat my radiant flame!" The White Feather King swung his Radiant God Staff once again as the sea of flames funneled towards Huang Xiaolong.

A sneer left his lips as the Universe Origin Fires turned into a sea of flames that revolved around his body. The two blazing oceans crashed into each other. At the same time, Huang Xiaolong's halberd went straight for the White Feather King's chest. As the Three Gods Halberd swept outwards, the Black Source Ice that was behind him started to move.

Layers upon layers of Black Source Ice formed a massive world that slammed into the White Feather King.

Boom!

When the two fiery oceans crashed into each other, a heaven-shaking explosion rang through the air.

The Black Source Ice continued on its way towards the White Feather King.

The White Deer and Yang Dingsheng could see that the White Feather King's sea of radiant flames was completely suppressed after that one exchange.

Huang Xiaolong might not be able to destroy the sea of radiant flames with his strike with the Three Gods Halberd alone, but the Universe Origin Fires were the source of all fire in the universes! It suppressed the radiant flames and the Black Source Ice that came along with the halberd strike was more than enough to overwhelm the White Feather King!

No one could deny the frightening power the Black Source Ice possessed! Not even the White Deer could melt the layers of ice to get the Universe Source Stone after countless years!

Huang Xiaolong leaped into the air once again and the Golden Sun Circlets appeared. It turned into a streak of light that flew straight towards the White Feather King.

"Golden Sun Circlet?!" The White Feather King gasped as he twisted his body unnaturally. If he had moved a second later, he would have been struck in the chest. Even so, the circlet smashed straight into his right arm.

The white feathers might possess the strongest defense in the Thirteen Universes, but the Golden Sun Circlet was a universe treasure! A huge chunk of feathers fell from his body.

Sounds of shattering bones could be heard.

He was enraged as anger clouded his mind. He hadn't been injured in countless years! That was the first time he had suffered an injury, and it was at the hands of a mere human!

"Huang-Xiao-Long!" His eyes turned completely red, and he gnashed his teeth together.

The Radiant God Staff soared into the void above as endless radiance energy poured down towards them. As he absorbed the power of radiance, his injuries healed instantly.

Huang Xiaolong wasn't surprised at all. After all, the White Feather King was basically an existence similar to the White Deer. They could cure every single injury instantly.

However, Huang Xiaolong didn't care too much as the Yin Yang Flame Wheels appeared under his feet. He appeared before the White Feather King as the Reversal Sword chopped downwards.

As the sword slashed downwards, space and time reversed as the world seemed to return to its origin.

In a desperate attempt to defend himself, the White Feather King raised the Radiant God Staff once again. It was too bad Huang Xiaolong's sword was faster, and it went deep into his chest.

More than an hour passed...

Their battle lasted all the way, and the White Feather King had no idea how many injuries he sustained. Luckily for him, he was able to recover almost immediately after he was struck.

Other people might not be able to tell, but Huang Xiaolong and the White Deer both knew that the White Feather King's recovery speed was starting to slow down.

Even though it looked to be the same, it was unmistakably slower than it once was.

The White Feather King's ability to control the power of radiance was unparalleled, but his strength was starting to decline after such a terrifying battle.

Since the White Deer and Huang Xiaolong could tell, the White Feather King was naturally able to notice the condition of his body. He knew that if the battle carried on, it would be a matter of time before he lost.

Stopping suddenly, the White Feather King glared at Huang Xiaolong. "Huang Xiaolong, you made a wrong choice to oppose my Universe First Race! You'll die a horrible death!"

"I should be the one saying that. Your Universe First Race will regret standing against me."

Killing intent burst out from the White Feather King's eyes. "You can gloat for now, but Lord Black Nether will be out from seclusion before long. When he enters the Universe God Realm, everyone related to you will die!"

Huang Xiaolong muttered, "Without the Universe Source Stone, do you really think that he can break through to the Universe God Realm?"

The White Feather King felt the words getting stuck in his throat like a bone.

However, he soon snorted, "Even if Lord Black Nether doesn't break through, he can still kill you with a wave of his hand! He'll break through even without the Universe Source Stone! Do you really think that you can stop our plans by snatching away a mere rock?!"

Huang Xiaolong sneered in response, "Without the Universe Source Stone, the Black Nether King will only be able to break through in several billion years. When that happens, I would have long since entered the Universe God Realm! If you choose to submit to me now, I'll spare your life when the time comes!"

Chapter 3725

A mocking smile appeared on the White Feather King's face when he heard what Huang Xiaolong said. "Huang Xiaolong, do you really think that you're comparable to Lord Black Nether? What a joke! Lord Black Nether is the first sentient spirit born during the start of time! Even Old Man Fortune was born later than Lord Black Nether!"

"Lord Black Nether has thirteen supreme bloodlines, and every one of them is unparalleled in the Thirteen Universes!"

"The first and only person who will enter the Universe God Realm is Lord Black Nether!"

"How dare you sprout nonsense and challenge Lord Black Nether?!"

The White Feather King continued, "Take a piss and look at your own reflection. Do you really think that you have fourteen supreme bloodlines or something?"

Huang Xiaolong felt his heart palpitating when he heard what the White Feather King said. If that was true, the Black Nether King's bloodline was definitely unparalleled.

Huang Xiaolong had never heard of anyone who could possess thirteen supreme bloodlines before!

Not even the Ferocious Devil and the others knew about that!

The White Deer's eyes turned wide, and it was evident that it was the first time it was hearing anything of the like. There wasn't a need to mention Yang Dingsheng. He felt the world spinning around him.

"Even if he has thirteen supreme bloodlines, it doesn't mean a thing. He might have thirteen bloodlines, but that doesn't mean he's the most talented person in the Thirteen Universes." Huang Xiaolong quickly regained his calm.

Laughter boomed through the air when the White Feather King heard what Huang Xiaolong said. "Hahaha! Do you really think that you're more talented than Lord Black Nether?!"

“How long has he been cultivating for? Since the start of time, your Black Nether King has been striving to break through. However, I haven’t even lived past the one hundred million years mark.”

“What?!” The White Feather King, White Deer, and Yang Dingsheng yelled in fright.

“Not even a hundred million years?!” The White Feather King couldn’t believe his ears.

“That’s right.”

In fact, Huang Xiaolong hadn’t even cultivated for more than twenty million years!

From the time he spent in the mortal world up to his current realm, Huang Xiaolong spent slightly more than ten million years!

“That’s not possible!” The White Feather King sneered. “Huang Xiaolong, do you really think that we’ll believe your lies? It’s not possible for someone to reach your level in less than a hundred million years!”

“Hand over the Universe Source Stone to us! In the future, Lord Black Nether will allow you to become the fourteenth king of our Universe First Race!” The White Feather King sneered.

Before anyone could react, a branch of the Star Dragon Divine Tree sent him flying.

There was nowhere for him to run as the branches covered countless miles above him. After flying for countless miles, a light surrounded his body as he disappeared into thin air.

“Huang Xiaolong, in the future, Lord Black Nether will personally appear to take care of you! You’re dead!” The White Feather King’s voice descended from the void.

“I’ll be waiting,” Huang Xiaolong replied impassively.

Huang Xiaolong didn't bother chasing the man. After all, he wouldn't be able to suppress the White Feather King anyway.

Like the Golden Cymbals King and Heaven Devouring King, the Star Dragon Divine Tree couldn't stop them when they escaped.

The White Deer looked at Huang Xiaolong and sighed, "Who would have thought that the Black Nether King would possess thirteen supreme bloodlines?! He should be the first existence who would ever break into the Universe God Realm!"

When that happened, no one would be able to avoid destruction.

The White Deer's fate would be the same.

Huang Xiaolong muttered, "Relax. Since they don't have the Universe Source Stone, I'll be able to break through before the Black Nether King."

The White Deer shook its head silently when it looked at Huang Xiaolong. It was evident that it didn't believe that Huang Xiaolong would break through before the Black Nether King.

"It's not as easy as you think." The White Deer sighed. "The Black Nether King has unparalleled talent and unlimited support from the Universe First Race. Even so, he failed to break through last time."

Huang Xiaolong didn't bother with the White Deer any longer. After all, he wasn't planning to explain himself.

"Brother Yang, let's go." Huang Xiaolong spoke to Yang Dingsheng who had been stuck in a daze since the White Feather King left.

Snapping back to reality, he stuttered, "Senior... Senior Huang, I..."

“Nonsense, there’s no need to address me as your senior.” Huang Xiaolong chuckled. “Our relationship will remain the same until the end of time!”

Yang Dingsheng’s expression changed slightly, but he eventually nodded his head.

Finally, the two of them charged towards the entrance with the White Deer following closely behind. Yang Dingsheng was initially wary of Huang Xiaolong, but as the days passed, he started to open up. Like before, laughter filled the air.

“Brother Huang, I never would have thought that the White Feather King would be no match for you!” Yang Dingsheng exclaimed.

Huang Xiaolong laughed in response, “I only managed to get lucky by bringing more universe treasures with me...”

“Even if you didn’t, the White Feather King wouldn’t be a match for you...” The White Deer sneered at the side.

Huang Xiaolong chuckled, but he didn’t dismiss the fact.

“However, the distance between the Black Nether King and yourself is still infinitely large. In fact, Old Man Fortune might even be stronger than you,” The White Deer explained.

“Oh? Is Old Man Fortune really so strong?”

“Yeah. He’s extremely strong. The Black Nether King might be strong, but he’s still wary of Old Man Fortune. Old Man Fortune is the only reason the Universe First Race didn’t dare to touch the Fortune Space when they destroyed the universes the first time!”

Yang Dingsheng explained further, “The Fortune Space is the place created by Old Man Fortune. The oldest races in the Thirteen Universes reside there.”

Huang Xiaolong chuckled, "Now that you say that, I'm really looking forward to meeting Old Man Fortune."

Yang Dingsheng gasped.

The White Deer laughed. "You better get rid of that stupid idea..."

Huang Xiaolong snorted and ignored them both.

Right as they were about to leave the White Deer Cave for the Yang Lightning Race, a shocking power emerged from the depths of the White Deer Cave.

"This?!" Yang Dingsheng yelled.

The three of them noticed that a ton of experts were rushing towards the source of the fluctuations.

"Did the fourteenth universe treasure appear?" Yang Dingsheng asked.

Huang Xiaolong looked at the White Deer for an answer. After all, the White Deer was the owner of the space.

"I have no idea..."

Chapter 3726

"You don't know?!" Huang Xiaolong frowned.

The White Deer snorted in response. "I might be the owner of the White Deer Space, but do you think I'm god?! How am I supposed to know everything that happens here?"

“Should we go take a look?” Yang Dingsheng asked cautiously.

When Huang Xiaolong saw the look of anticipation on Yang Dingsheng’s face, he chuckled, “Alright... let’s go take a look.”

He knew that Yang Dingsheng was afraid that the two would break out into a massive brawl if their argument got any worse.

If that were to happen, he might not be able to save his wife!

Huang Xiaolong knew exactly how Yang Dingsheng felt.

As such, the three of them flew casually over to the source of the energy fluctuations.

After half an hour, they saw a massive continent floating in midair. The continent was comparable to the one where Huang Xiaolong found the White Deer, but there were strange white creatures growing all over the land.

The White Deer Cave was an eerie place, and everything they saw was black. There wasn’t a single speck of white throughout their journey, but an entire continent was now covered in it!

The grass was white, the stones were white, and even the river that flowed in the land was white in color!

Yang Dingsheng was equally as surprised.

Huang Xiaolong looked at the White Deer only to be greeted by a confused look. “How in the world did these things turn white?” It hadn’t left the White Deer Cave for a long time and it knew everything that happened in the lands. Such a huge change should have caught its attention!

A terrifying power emerged from the depths of the land, and it was evident that there were several experts fighting within.

Huang Xiaolong and the others flew deeper into the white continent.

As they went deeper and deeper, there was a weird holy energy that emerged from the lands.

Huang Xiaolong thought of the White Feather King when he felt the pulsating waves.

“Don’t tell me that there’s really a treasure here...” A burning gaze appeared in the White Deer’s eyes.

It could tell that the item was definitely not ordinary. The energy coming from the lands felt extremely familiar.

Huang Xiaolong also felt his heart speeding up.

The number of treasures that could excite him could probably be counted on one hand. However, there were definitely a few of them that could tempt him into fighting for them.

It was clear that the treasure that was about to appear was anything but ordinary.

Huang Xiaolong sped up after thinking about it.

The White Deer and Yang Dingsheng did the same.

“This is mine! It appeared in my White Deer Cave, and I’m the owner of the region! You can’t fight me for it!” The White Deer snapped.

“Nonsense. Didn’t the Universe Source Stone come from your territory too?” Huang Xiaolong sneered.

The White Deer snorted in annoyance.

It didn't take long for the three of them to arrive.

"It's the experts from the Dazzling Black Race..." Yang Dingsheng gasped. "Their opponents are from the Ghost Ao Race!"

The members of the Dazzling Black Race are the ones who had annoyed Huang Xiaolong previously. Even though Cao Cheng wasn't part of the battle, his subordinates were.

The Dazzling Black Race was considered one of the top races among the ancient races. The Ghost Ao Race was close to them in strength.

Those who were fighting were experts who neared the 20 billion mark.

The experts of the other races were enjoying their battle at the side, and Huang Xiaolong saw a giant lake slightly past them.

Completely white in color, the lake emitted a milky glow that contained dense radiant energy.

Huang Xiaolong could feel a strange power condensing deep in the lake, and the might it gave off was no weaker than the Universe Source Stone!

From the looks of it, the object would only be ready after several hours...

Huang Xiaolong released his dao souls in order to spy on the object, only to be disappointed. There were countless restrictions around the lake made by the universes in order to protect the object within.

It was the reason behind the massive battle that was taking place. Both parties wanted to lay claim to the item the moment it emerged.

The Dazzling Black Race ignored Huang Xiaolong's presence completely. After all, they couldn't be bothered by the 'weakling' that traveled with Yang Dingsheng. As for the White Deer, it had long since concealed itself. It hid its aura and stood beside Huang Xiaolong like an ordinary creature.

When the two parties were about to reach the climax of the battle, a massive flying ship tore through the air. It traveled towards them at a frightening speed and a giant shockwave arrived before the ship came.

Seeing the insignia on the massive ship, everyone gasped in fright.

“Golden Phoenix Race!” Yang Dingsheng yelled.

The Golden Phoenix Race was ranked among the top five out of all the ancient races!

The Dazzling Black Race and Ghost Ao Race might be strong, but they were far from comparable to the Golden Phoenix Race!

The faces of Cao Cheng and the others changed and a look of fear crossed their faces.

It didn’t take long for the flying ship to arrive. Several dozen people emerged from the ship and more than half of those who emerged were existences at the same level as Yang Dingsheng.

Their leader was a young man who had a golden flame symbol dancing between his eyebrows.

“Golden Phoenix Crown Prince!” many people yelled when they saw him.

The Golden Phoenix Crown Prince was someone whose combat strength closed in on the 22 billion mark. He was only weaker than the Fortune Prince in the younger generation of the ancient races.

As soon as he appeared, he swept his gaze across those present and sneered, “The item in the lake belongs to my Golden Phoenix Race. I’ll give all of you one minute to leave the area.”

The faces of everyone present changed, but no one dared to speak out against him.

Even so, no one took their leave.

Ordinarily, they would listen to whatever the Golden Phoenix Crown Prince said. However, the treasure under the lake was too tempting.

“Cripple anyone who doesn’t leave in a minute.” The Golden Phoenix Crown Prince said to the experts behind him.

When everyone was still stuck in a state of shock, he walked towards the giant lake.

However, a voice rang through the air as he approached. “Brat, the item under the lake is mine. If you approach the lake, I’ll cripple your legs!”

Everyone turned to stare at the person who spoke with disbelief in their eyes. To their horror, the person who spoke was Huang Xiaolong!

Cao Cheng was stunned for a second, and he didn’t understand where Huang Xiaolong found his courage from. Did he not know the Golden Phoenix Race?

The Golden Phoenix Crown Prince paused for a second before bursting into laughter. “Brat, you wish to cripple me?”

He didn’t expect anyone to counter his threat with a threat of their own!

Chapter 3727: Break His Legs

“You heard me,” Huang Xiaolong muttered.

The Golden Phoenix Crown Prince roared with laughter and pointed at Huang Xiaolong mockingly, “Did you hear that? This brat said that he plans to cripple me!”

The experts of the Golden Phoenix Race burst out laughing.

One of the experts of the Golden Phoenix Race approached the crown prince and said, "Your Highness, should we break his legs right now?"

He looked at the White Deer and Yang Dingsheng behind Huang Xiaolong and continued, "Should we break their legs too?"

The Golden Phoenix Crown Prince chuckled, "Alright, break them all. There's no need to waste time with them."

"Yes, Your Highness!" The expert laughed and started walking towards Huang Xiaolong and the others.

The expert from the Golden Phoenix Race who approached them wasn't weak. He was someone who closed in on the 20 billion mark, and his strength was stronger than the experts who were fighting earlier.

Yang Dingsheng might have known how strong Huang Xiaolong and the White Deer were, but he felt a sense of panic sweeping through his heart when he saw the expert from the Golden Phoenix Race approach. After all, the Golden Phoenix Race was known as one of the hegemonies in the Fortune Space. An existence like the Golden Phoenix Crown Prince was more than enough to scare the old ancestors of the Yang Lightning Race into submission.

A sneer formed on the crown prince's face when he saw the expression on Yang Dingsheng's face. He had long since recognized the man.

When the expert from the Golden Phoenix Race arrived before Huang Xiaolong, the White Deer, and Yang Dingsheng, a golden light surrounded his fist and he punched towards the trio.

He controlled his strength perfectly. Since the crown prince only wanted to break their legs, he would do just that. Moreover, he knew that the crown prince didn't wish for them to die so soon. He wanted to torture them as he wished later.

It was too bad his attack was stopped a hundred feet away from Huang Xiaolong and the others. The energy wave that was supposed to shatter their legs hovered in the air without dissipating.

The Golden Phoenix Crown Prince gasped in shock and so did everyone else watching the farce.

“Lord Cao Cheng, who would have thought that the youngster is an expert?!” the expert from the Dazzling Black Race who was fighting earlier exclaimed.

All of them knew how strong Yang Dingsheng was. As such, they quickly associated the person who stopped the attack with Huang Xiaolong. From how easily he stopped it, his combat strength should have crossed the 20 billion mark.

Even in the Fortune Space, he would be considered a supreme expert!

After all, very few experts crossed the 20 billion units mark in the Fortune Space.

Cao Cheng might be surprised by Huang Xiaolong’s strength, but a cold snort left his lips. “So what? After offending the Golden Phoenix Race, he’s dead anyway.”

The expert from the Golden Phoenix Race felt his expression sinking and a cold snort left his lips. Golden light surrounded his body. It was clear that he planned to go all out.

An endless amount of power poured out from his body as the golden light lit up the lands.

At the same time, a giant hammer appeared in his hand as it smashed towards Huang Xiaolong. In an instant, the skies seemed to be covered by countless mountain-sized golden hammers.

Huang Xiaolong crossed his arms behind his back as he watched the hammers getting closer.

Everyone couldn’t help but break out into discussion at the side.

“This brat is crazy! Even if he crossed the 20 billion mark, he should defend himself! He’s obviously looking down on Huang Quan!”

“When Huang Quan smashes him into a meat paste, I’ll call out in celebration!”

Several experts in the crown sneered at Huang Xiaolong’s reaction.

Seeing as the hammer was about to slam into his head, Huang Xiaolong casually raised a finger to stop it.

With a light flick, the giant hammer was shattered into countless pieces. The expert from the Golden Phoenix Race, Huang Quan, was sent smashing through god knows how many mountain peaks before landing at the edge of the continent.

The explosions that happened when he crashed through the mountains echoed through the skies.

Cao Cheng and those standing around stared at him in shock.

The faces of those from the Golden Phoenix Race changed.

Huang Xiaolong ignored all of them as he turned to look at the crown prince’s legs. “Right now, you have already crossed the mark that I’ve set.”

The crown prince of the Golden Phoenix Race never intended to listen to Huang Xiaolong. That was why he approached the lake when the exchange was going on.

Everyone thought of Huang Xiaolong’s threat and someone in the crowd gasped, “Don’t tell me he’s really going to cripple the Golden Phoenix Crown Prince?!”

That was an absurd notion! Everyone thought that Huang Xiaolong was messing around when he spoke earlier, but it seemed as though he was going to follow through with his threat!

“Even if he plans to cripple the Golden Phoenix Crown Prince, he might not be strong enough to do so.” An ancient ancestor in the crown sneered, “The crown prince has more than 22 billion units of combat strength. That brat might be strong, but he isn’t a match for His Highness!”

“That’s right! Lord Huang Ruocheng is here too. He’s someone who reached the 23 billion units mark!”

Chaos broke out as everyone chattered among themselves.

The crown prince snorted as a light of mockery flashed in his eyes. “So what if I did? Who do you think...”

Before he could complete his sentence, a ray of light shot through the skies and he felt a sharp pain shooting through his legs. In the next instant, he was sent tumbling through the air.

The Golden Phoenix Crown Prince landed on the ground and his face was covered in dust.

Everyone saw that his legs had been completely shattered.

“What?!”

The experts of the various races yelled in fright.

“Your Highness!” Huang Ruocheng of the Golden Phoenix Race gasped before running to the crown prince’s side.

When he realized what had happened, the crown prince’s heart was filled with endless rage. He glared at Huang Xiaolong and roared, “Who the f*ck are you?!”

“Huang Xiaolong.”

“Huang Xiaolong?!” Everyone looked at each other in surprise. “Could he be the owner of the Blue Dragon Manor?”

“No way... Isn’t he said to only possess 15 billion units of combat strength?”

Suppressing the hatred in his heart, the crown prince growled, “You better not come to the Fortune Space in the future. Otherwise, I’ll make sure you suffer a fate ten thousand times worse than mine!”

Unexpectedly, he ordered for the members of the Golden Phoenix Race to retreat after he laid down his threat!

Before he left, he glared at Yang Dingsheng. “Humph, Yang Dingsheng from the Yang Lightning Race...”

Chapter 3728: Item in the Lake

Yang Dingsheng’s expression changed and he turned to look at Huang Xiaolong like a pitiful kid who was wronged.

Huang Xiaolong casually sent a punch towards the flying ship.

Boom!

The punch shattered the ship completely! Whatever was left of the Golden Phoenix Flying Ship that was soaring through the skies ground to a complete halt. With a single punch, Huang Xiaolong shattered the eye of the formation powering the ship and some!

The experts of the Golden Phoenix Race came tumbling out of the ship, including ancient ancestor, Huang Ruocheng.

The faces of everyone present changed.

Initially, Huang Xiaolong shattered the crown prince's legs easily and that caused everyone's evaluation of his strength to increase. Now, they became even more wary of Huang Xiaolong.

It seemed as though he wasn't as weak as they thought!

"If you dare to harm anyone related to Yang Dingsheng when you return, I'll kill my way into your territory!" Huang Xiaolong growled. "Leave the ship. All of you can fly back on your own."

The experts of the Golden Phoenix Race glared at Huang Xiaolong in disbelief.

"How dare you?!" one of the ancient ancestors roared. However, the crown prince stopped the man and endured the humiliation. "Alright. I will remember what you said here today."

"We're leaving!"

Leaving the ship behind, they flew towards the entrance of the White Deer Cave.

In fact, Huang Xiaolong's punch destroyed the formation on the ship completely. They couldn't drive it away even if they wanted to.

Those standing around looked at each other when they saw the members of the Golden Phoenix Race leaving with their tails tucked between their legs. Many people thought of leaving, but the temptation of obtaining the item in the lake was too much!

Huang Xiaolong ignored all of them. As long as they didn't approach the lake, he was too lazy to deal with them.

He could tell that Yang Dingsheng was still troubled by the threat of the Golden Phoenix Race, and he couldn't help but sigh, "Brother Yang, there's no need to worry. I'll return to the Fortune Space with you in the future. The Golden Phoenix Crown Prince wouldn't dare to harm anyone from the Yang Lightning Race."

Heaving a sigh of relief, Yang Dingsheng thanked, "Thank you, Brother Huang..."

Huang Xiaolong patted Yang Dingsheng's shoulders several times before turning to look at the lake.

The White Deer finally piped up, "Hey, you already got the Universe Source Stone. Leave this treasure for me!"

The experts turned to stare at Huang Xiaolong with a burning gaze.

Huang Xiaolong has a piece of Universe Source Stone?!

Knowing that the White Deer did it on purpose, Huang Xiaolong couldn't be bothered by its little plans. "I was planning to give the item under the lake to you, but I changed my mind because of what you said."

"I'm definitely grabbing whatever appears."

Huang Xiaolong's voice was firm.

As an awkward expression appeared on its face, the White Deer sighed, "I... I didn't mean to reveal your secret to everyone! I..."

"Actually, I can give you whatever lies below this lake." Huang Xiaolong grinned. "As long as you become my mount, you can have it!"

"Bullsh*t!" A look of rage appeared on the White Deer's face. "If you bring this up again, you can't blame me for what I'll do..."

"What do you think you can do?" Huang Xiaolong chuckled.

The White Deer might be strong, but it was comparable to the White Feather King at best. Both of them knew what happened when Huang Xiaolong fought with the White Feather King.

As the White Deer's face turned completely red, it glared at Huang Xiaolong without saying another word.

Huang Xiaolong was right. It couldn't do anything!

"Lord Cao Cheng, if the brat really has the Universe Source Stone, this is great news!" someone whispered to Cao Cheng.

"In the future, he's going to follow Yang Dingsheng to the Fortune Space. When that happens..."

Cao Cheng felt his heart pumping in excitement.

"I wonder what's under the lake..." someone else asked. A look of greed flashed through his eyes. "If everyone gets into an all-out brawl, we might stand a chance! No matter how strong he is, he won't be able to challenge all of us!"

"All of you will play by ear. When an opportunity appears, grab the treasure!"

"Yes, Lord Cao Cheng!"

Huang Xiaolong's revelation of strength might have caused many of them to hesitate, but they were planning to fish in muddied waters. They would swarm Huang Xiaolong and win with sheer numbers.

All of them thought the same way.

Of course, Huang Xiaolong noticed everything. Too lazy to bother with them, he continued to look at the lake.

Time ticked by and the white glow above the lake became more and more intense.

The white light soon covered the entire continent.

Under the illumination, the white continent became even more vibrant.

An hour passed in the blink of an eye...

A massive blast broke the silence and a massive wall of water burst out from the middle of the lake. A white flower slowly rose towards the skies.

The white flower emitted brilliant rays of light that seemed to contain all the colors in the world. They were so interconnected that they looked completely white. When looking at it from afar, it looked like a snow-white arm!

Everyone was shocked to discover the white flower with an odd appearance.

Huang Xiaolong raised an eyebrow in shock. Every single petal seemed to contain a great world on its own. The power that was contained within reminded Huang Xiaolong of the Universe Source Stone.

When Huang Xiaolong was still confused, a figure appeared above the lake. The figure was covered in pure darkness and no one could see his appearance. The only thing they could be sure of was his strength! He was definitely stronger than the Golden Phoenix Crown Prince and Huang Ruocheng!

The moment he appeared, he reached for the white flower. However, a snow-white leg appeared and sent the expert flying.

Yelling in fright, the expert was sent crashing into the edge of the continent. The wound on his chest where the leg landed extended all the way through his back, and his bones were visible to the world. The darkness around him disappeared and his appearance was revealed to the world.

“Black Heart Old Ancestor!” Many people recognized him instantly.

The Black Heart Old Ancestor was one of the strongest and most cruel experts in the Thirteen Universes. The number of people he killed couldn't be counted, and there were rumors that his heart was pure black in color. That was how he got his title. His strength hovered around the 25 billion mark and even the old ancestor of the Dazzling Black Race would have to retreat in terror in the face of the Black Heart Old Ancestor.

Now, he was sent flying by a single kick!

When everyone turned to look at the individual who unleashed the terrifying kick, they were dumbstruck. It was the white deer that followed Huang Xiaolong around!

Those who were hoping to grab the treasure for themselves felt their blood running cold.

Before the White Deer could retrieve the White Flower, an arm reached out to stop it.

Chapter 3729: Unescapable!

A feeling of rage filled its heart when it realized that someone was in its way. However, an awkward smile soon formed on the White Deer's face when it saw that it was Huang Xiaolong's arm.

"That..."

"I told you. I'm definitely going to grab that treasure," Huang Xiaolong stated blandly.

"Do you really think that I'm afraid of you?!" The White Deer yelled.

"Well, I'm sure as hell not afraid of you," Huang Xiaolong chuckled.

Bouncing around with rage, the White Deer eventually chose to swallow its anger before negotiating with Huang Xiaolong for a part of the treasure.

After several tens of minutes, the two of them reached an agreement. Half of the petals would belong to the White Deer and the others would go to Huang Xiaolong.

In order to obtain half the petals, the White Deer chose to work for Huang Xiaolong for a hundred million years.

Of course, it was only planning to work for Huang Xiaolong. Being a mount was out of the question.

When the two of them were negotiating, the experts all around broke out into discussion. However, none of them chose to make a move. After all, the Black Heart Old Ancestor's fate was there for all of them to see. All of them saw how serious the old expert's injury was. Even if he could use universe-level spiritual veins to recover, he would take several hundreds of millions of years.

It was extremely likely that he would never return to his peak level!

Eventually, Huang Xiaolong split the treasure with the White Deer.

Soon after, Huang Xiaolong brought along the White Deer and Yang Dingsheng as they left.

The experts who were standing around only left reluctantly when Huang Xiaolong was nowhere to be seen.

"Lord, should we investigate that little brat's identity?" someone in the Dazzling Black Race asked.

Cao Cheng nodded. "Find out if he's really the owner of the Blue Dragon Manor!"

"What if he is?"

A light flashed through Cao Cheng's eyes.

After leaving the White Deer Cave, the three of them flew straight for the Fortune Space.

At the same time, the members of the Golden Phoenix Race were doing the same. They were in a sorry state as they flew back all by themselves.

When the Golden Phoenix Crown Prince thought of Huang Xiaolong, anger filled his heart. He turned to an expert beside him and growled, "Doesn't Yang Dingsheng have a son?"

"Your Highness, do you mean..."

"Capture him right now!" The Golden Phoenix Crown Prince snapped, "Cut off a piece of his flesh every day. I'll torture him to the end of time when I return!"

"As for Huang Xiaolong, go investigate his identity! If he really is the owner of the Blue Dragon Manor, get someone to kill everyone in there!"

The Golden Phoenix Crown Prince passed down several orders instantly.

He never suffered such humiliation before.

"What if Huang Xiaolong finds out? Wouldn't he..." Huang Ruocheng asked.

A snort left the crown prince's lips. "So what if he does? When I return to the Fortune Space, he won't be able to do anything to me! Does he dare to pick a fight with our Golden Phoenix Mountain? Humph! He's asking for death if he dares to come!"

The old ancestor of the Golden Phoenix Race was the third strongest expert in the Fortune Space! He was an existence whose combat strength crossed the 29 billion mark!

...

After leaving the White Deer Cave, Huang Xiaolong was too annoyed by their slow flying speed, and he quickly brought out the Universe Boat.

The White Deer and Yang Dingsheng stared at him in disbelief when they saw the ranked-number-one universe treasure.

A complicated gaze formed on the White Deer's face.

Ignoring the animal, Huang Xiaolong entered the third layer of formations and brought out his portion of the White Flower. Plucking off a single petal, he tossed it into the eye of the formation.

Sitting down, he circulated the Universe Transformation Art to devour the universe source qi.

After several moments, Huang Xiaolong realized how much better the quality of universe source qi was! The qi produced from the petal of the White Flower allowed him to comprehend the mysteries of the universe at a faster rate compared to the past!

The treasure really came at the right time!

Excitement filled his heart.

With the universe source qi produced from the petals of the White Flower, Huang Xiaolong felt that he could enter the half-step Universe God Realm in less than a hundred thousand years!

Now, the Universe First Race was several hundred thousand years away from activating their Extermination Formation. He could definitely break through before they tried anything!

When that happened, he wouldn't even be afraid of the Black Nether King!

The White Deer and Yang Dingsheng cultivated quietly on the ship. As they were unable to enter the grand formation, they couldn't see Huang Xiaolong's situation.

All of a sudden, Yang Dingsheng's transmission symbol buzzed, and his expression turned ugly to the extreme after he read the contents.

"What's wrong?" The White Deer asked.

"Lord White Deer..." Yang Dingsheng fell to his knees and bawled, "I received a report from one of my trusted friends from the race! He said that the Golden Phoenix Crown Prince ordered for my son's arrest! He plans to cut off his flesh every single day and the old ancestor of my race doesn't dare to say anything about it! Lord White Deer, please save my son!"

The White Deer was stunned for a second, but a sneer soon formed on its lips. "That dumb*ss dares to ignore Lord Huang's order... He's definitely tired of living."

Helping Yang Dingsheng up, it continued, "You're Lord Huang's friend. Not to worry, I promise to get your son out!"

Yang Dingsheng thanked the White Deer profusely.

Several months later...

Huang Xiaolong's group entered the Fortune Space and he emerged from the third layer of formations. That was when he learned that the Golden Phoenix Crown Prince captured Yang Dingsheng's son. His expression sank.

"Do you know where your son is held?" Huang Xiaolong asked.

"He's currently in the Lion King City in the Central Plains!"

"That's where we're going then." Huang Xiaolong muttered as he steered the ship towards the Central Plains.

A month later, they arrived.

"I heard that the second piece of Universe Source Stone has appeared! It should be in the hands of someone called Huang Xiaolong!"

"The Golden Phoenix Crown Prince ordered for Yang Dingsheng's son's arrest. Now, he's held in Lion King City in order to draw Huang Xiaolong out. Nearly all the patriarchs have surrounded the city in wait for Huang Xiaolong!"

It didn't take long before Huang Xiaolong overheard their secret voice transmissions.

Chapter 3730: Can't Thank You Enough

Huang Xiaolong casually swiped at the air and dragged a group of experts over to himself.

Not expecting anyone to grab them, they fell into a state of panic. When they were still dumbstruck, Huang Xiaolong searched through their memories.

He learned quite a lot about Lion King City from them.

All of them were ancient ancestors of their races, and they knew quite a bit.

"More than thirty experts who broke through the 20 billion mark..." Huang Xiaolong scoffed. "Looks like the Universe Source Stone is really tempting..."

The White Deer gasped in fright, "Are there actually so many of them?"

More than thirty experts had crossed the 20 billion mark! That was practically all the experts the Fortune Space had to offer.

Huang Xiaolong nodded his head. "Other than Old Man Fortune and several others, almost all the experts in the Fortune Space have come. The old ancestor of the Golden Phoenix Race is also lying in wait in the city.

“What?!” The White Deer’s expression turned serious. It might be strong, but the other party was also someone who crossed the 29 billion units mark.

No matter who it was, they wouldn’t dare to look down on someone at that level.

“Yeah. Other than Huang Ren, Zhou Fu, and Shi Jian are there too.”

The White Deer’s expression became a little more serious.

The two of them were also existences who crossed the 29 billion mark.

“Wouldn’t that mean that there are three experts who crossed the 29 billion mark in Lion King City?” The White Deer sucked in a cold breath and said.

“That’s right. Are you afraid?” Huang Xiaolong chuckled.

Puffing up its chest instantly, the White Deer sneered, “Nonsense! Why would I be afraid of Huang Ren and those old fogeys? There are only two people in the Thirteen Universe that can scare me. One of them is the Black Nether King and the other is Old Man Fortune! No one else is worthy of my attention!”

“Looks like I’m just another weakling in your eyes...” Huang Xiaolong joked.

An awkward smile appeared on the White Deer’s face. “I... That’s not what I meant!”

Huang Xiaolong and the White Deer continued on their way towards the city in the midst of laughter.

“Brother Huang, why don’t we forget about it...” Yang Dingsheng hesitated. “We can save him in the future!”

He didn't expect there to be so many supreme experts camping in the city! As an ancient ancestor of the Yang Lightning Race, he knew how strong they were! Any one of them could be considered a peak existence in the Fortune Space! Without Old Man Fortune, the three of them could do as they wished!"

If they stomped their feet, the Fortune Space would tremble under their might!

According to Yang Dingsheng, Huang Xiaolong, and the White Deer couldn't go against the strongest powers of the Fortune Space even if they were terrifyingly strong!

Huang Xiaolong chuckled in response, "There's no need to worry. Even if Old Man Fortune came, I'll be able to save your son."

That was true. There was only a single person in existence who could cause Huang Xiaolong to hesitate. He was confident that he could defeat Old Man Fortune if push came to shove. Even though Old Man Fortune was slightly stronger than him, he had the Star Dragon Divine Tree, Universe Boat, and other universe treasures! He would smash Old Man Fortune to oblivion with his collection of treasures!

One day later, the city came into view as the three of them stopped ten thousand miles away.

Huang Xiaolong released his dao souls only to discover those waiting in the city.

Other than those who crossed the 20 billion mark, there were more than 200 experts slightly weaker than them!

The weakest person among them had 15 billion units of combat strength!

The White Deer managed to discover their presence as well and a frown formed on its face.

"Let's go. They already discovered us." Huang Xiaolong entered the city after he spoke.

As soon as they entered, several pillars of light rose into the sky and they intertwined to form a massive light barrier.

They had laid down the trap a long time ago.

“Hehe, Huang Xiaolong, you’re finally here,” a mocking laughter rang through the air. The Golden Phoenix Crown Prince and several others approached Huang Xiaolong’s group.

Huang Xiaolong’s gaze landed on the prince, and he sneered, “Looks like you didn’t take my warning seriously.”

Previously, he said that he would kill his way into the Golden Phoenix Race if anything happened to people related to Yang Dingsheng.

Roaring with laughter, the crown prince sneered, “Huang Xiaolong, who the f*ck do you think you are? Why should I listen to you? Our old ancestor, Lord Zhou Fu, and Lord Shi Jian are currently waiting for you! You better follow me in obediently. Otherwise, we’ll capture you right here and now!”

“Follow you in to greet your ancestors? They’re not qualified...” Huang Xiaolong snorted.

The experts standing around gasped in shock.

There were countless experts of the various races who came out along with the crown prince. The strongest among them reached the 27 billion units mark, and he was the continent master! His expression sank when he heard what Huang Xiaolong said.

“They’re not qualified? Do you really think that you’re Senior Fortune?!” The Golden Phoenix Crown Prince sneered.

Huang Xiaolong casually pulled at the space before him and dragged the prince over to himself. Holding him by the neck, Huang Xiaolong asked, “Old Man Fortune?”

The experts standing around finally reacted.

“Huang Xiaolong, release him immediately! Otherwise, you’re definitely going to die here today!” The continent master raged, “You won’t be able to escape from our grand formation today!”

“Escape?” Huang Xiaolong smiled before popping the crown prince’s head like a balloon.

With his intentional use of the Universe Origin Fires, there wasn’t the slightest bit of resistance.

Miserable howls came from the crown prince as his head was blown into bits. His cries rang through the city.

Everyone who came with him was dumbfounded.

“Huang Xiaolong, you’re f*cked now!” The continent master roared and he lunged at Huang Xiaolong. “You won’t be able to pay for your sins even if you die ten thousand times over!”

The Golden Phoenix Crown Prince’s identity in the Fortune Space was clear for all to see! He was comparable to the Fortune Prince, but Huang Xiaolong killed him like it was nothing! He basically waged war against the entire Golden Phoenix Race.

Huang Xiaolong sent a casual slap flying towards the continent master.

Bang!

Smashing through countless structures, the continent master slammed into the restriction stopping Huang Xiaolong from escaping. It shook violently upon impact.

Everyone sucked in a cold breath when they saw what happened.

In an instant, countless figures appeared before Huang Xiaolong. The people in the lead were Huang Ren, Zhou Fu, and Shi Jian!
