

Conqueror 3731

Chapter 3731: Huang Ren Destroyed!

As soon as Huang Ren appeared, he stared at the puddle of blood that was once the crown prince of his race as his expression fell.

The crown prince's soul had long since been tossed into the Universe Boat by Huang Xiaolong.

Glaring at Huang Xiaolong, killing intent spewed out from his eyes. Huang Ren growled, "Originally, we would have allowed you to live after you handed over the Universe Source Stone, but now, you'll die a horrible death! You will wish you hadn't been born!"

Huang Xiaolong chuckled, "Do you think you clowns are enough to back that claim up?"

Anger filled the hearts of everyone present.

Huang Ren and the others flew into a fit of rage.

"Preposterous!"

"Hand over the Universe Source Stone!"

"Why are we wasting our breath with him? Kill him and search his soul! We'll throw him into the eye of the Fortune Furnace and we'll torture his soul for eternity!"

Several experts roared in anger.

Huang Xiaolong sneered as his figure started to blur. When he reappeared, he punched out with 29 billion units of grand cosmos energy.

The skies changed color as a boundless energy swept towards the various experts present.

When they felt the strength behind the punch, everyone felt their expressions changing. “Hurry up and flee!”

Boom!

Several ancient ancestors and patriarchs clashed with Huang Xiaolong’s phantom fist.

Miserable howls filled the air.

Huang Ren and the others wanted to make their move, but they were a tad bit too late. The experts who were struck were sent flying in an instant and their faces changed.

Was that?!

“Your combat strength reached the 29 billion units mark!” Zhou Fu gasped in surprise.

Combat strength?

Huang Xiaolong chuckled.

That was pure grand cosmos energy.

However, he didn’t wish to explain himself to this bunch of fools. Once again, a giant fist formed in the air as he circulated the Universe Transformation Art.

This time, the punch was much stronger than before.

Huang Ren yelled as golden flames surrounded his body. A burning knife appeared in his hand.

The blade was massive, and it was three times bigger than any ordinary blade. It had the power to sunder the world!

That was the inheritance treasure of the Golden Phoenix Race, a pseudo-universe treasure, the Golden Phoenix Flaming Blade!

Even though it wasn't a universe treasure, it was comparable to one!

"Phoenix Blade Sunders the Earth!"

Huang Ren circulated his energy to the limit as he greeted Huang Xiaolong's fist.

Buzz...

A terrifying blade light came slashing down towards the fist.

The blade light was god knows how many miles in length, and it was like a golden star river that came crashing down on Huang Xiaolong.

Clang!

As the two attacks clashed, a massive explosion rang through the air.

Huang Xiaolong's fist smashed through the blade completely.

The Golden Phoenix Flaming Blade let out a terrifying screech as it was flung out of Huang Ren's hand. Huang Xiaolong's fist continued on towards Huang Ren's chest.

The golden armor around Huang Ren's body was shattered immediately. He was sent tumbling through the air.

“What?!”

Zhou Fu and Shi Jian were stunned. They acted in unison as they rushed to block Huang Xiaolong’s strike.

A thunderous roar could be heard as they slammed into Huang Xiaolong’s attack.

Huang Xiaolong remained firmly in place as the other two were forced to retreat several thousand miles. They crashed through countless structures in the city before coming to a stop.

Silence fell upon the land.

Every single expert who came to snatch Huang Xiaolong’s treasure felt their limbs going cold.

Even the White Deer and Yang Dingsheng couldn’t believe what they were seeing.

Shock filled the White Deer’s heart. Did Huang Xiaolong hold back against the White Feather King back in the White Deer Cave?!

That was his true strength!

From what the White Deer could tell, Huang Xiaolong was far stronger than Old Man Fortune!

“You?!” Huang Ren tore through the skies and he glared at Huang Xiaolong in equal parts terror and rage.

“I told you. You, clowns, aren’t capable of making me regret being born,” Huang Xiaolong muttered softly.

Raising his arm, Huang Ren summoned the Golden Phoenix Flaming Blade that was flung far away. When it returned to his palm, he could see a giant mark smashed into its body. The strike from Huang Xiaolong basically deformed his blade.

Even though golden light spewed out from the blade, it had lost its overbearing presence! It was no longer the magnificent pseudo-universe treasure it once was! In fact, it looked like some golden garbage someone picked up from the side of the street!

Zhou Fu and Shi Jian appeared beside Huang Ren and their gaze revealed the shock in their hearts.

No one dared to make a move.

Initially, the plan was to bring Huang Xiaolong to the three supreme experts before forcing him to hand over the Universe Source Stone. When he handed it over, the Golden Phoenix Crown Prince would be able to do as he wished.

Who would have thought that things would go in the completely opposite direction?

No one knew what to do.

“Huang Xiaolong, no matter how strong you are, you’re going against all of us alone! I refuse to believe that you can stand against the experts of the Fortune Space all by yourself!” Huang Ren suppressed the shock in his heart and he roared.

“Brother Huang Ren is right!” Shi Jian continued, “Everyone, listen to my order! We’ll join hands and kill Huang Xiaolong!”

“We’ll split the Universe Source Stone equally!”

“With the Universe Source Stone, everyone can break through!”

“When that happens, we won’t be afraid of the Universe First Race any longer!”

Naturally, he was full of sh*t.

However, his voice rang through the city and the experts of the various races looked at each other hesitantly.

“Heed my order! Kill Huang Xiaolong right now!”

Under Huang Ren’s instructions, the various experts surrounded Huang Xiaolong in an attempt to take his life.

A snort left Huang Xiaolong’s lips as the Star Dragon Divine Tree, Blade of Death, and the Three Gods Halberd appeared. The Golden Sun Circlet appeared to protect his body as the Universe Origin Fires submerged the land in a sea of flames.

Even though he only revealed five treasures, the horrifying pressure that came along with it made it hard for anyone present to breathe.

Chapter 3732: Brute Force

Those who were charging at him a second ago jumped in fright when they noticed the five universe treasures.

Many of them stopped dead in their tracks.

“Star... Star Dragon Divine Tree!”

“Kill Huang Xiaolong and all his treasures will belong to us!” Zhou Fu yelled in excitement, “Kill! Kill him right now!”

Leaping towards Huang Xiaolong, a giant axe appeared in his hand. The axe seemed to be born from darkness as it was jet black in color. As the axe slashed towards Huang Xiaolong, a weird absorption strength emerged.

Shi Jian used a long spear that glowed an earthly yellow. It shot towards Huang Xiaolong as the earth below trembled. A shocking amount of power emerged from beneath the ground and went straight for Huang Xiaolong's legs.

Huang Ren used the deformed Golden Phoenix Flaming Blade to chop at Huang Xiaolong once again.

As for the other experts, they attacked in unison.

What would happen when over two hundred experts at their level struck at once?

The heavens shattered as the city was blasted to smithereens.

Every single structure in the city crumbled in an instant as the space around them showed signs of cracking.

It was utter annihilation.

Yang Dingsheng gasped in horror as Huang Xiaolong circulated the Universe Transformation Art.

29 billion units of grand cosmos energy poured out from his body instantly. Huang Xiaolong no longer held back.

As he revealed his full strength, a blinding ray of light emerged from the various universe treasures he revealed.

The Star Dragon Divine Tree spewed out star dragon qi endlessly as the Universe Origin Fires turned into a blazing inferno that swept towards the members of the Fortune Space. The Golden Sun Circlets turned

into a shining golden dragon as the Blade of Death emitted waves of death qi. The Three Gods Halberd drew over the power of water from all over the lands.

Die!

Huang Xiaolong didn't retreat in the slightest when faced with so many experts. The weapons in his hands swung towards the nearest few.

Rip!

The artifacts in the hands of those from the Fortune Space were torn to shreds by the Blade of Death and the Three Gods Halberd. When they were struck by the energy wave that followed, many of them were sent flying as they spat out mouthfuls of blood.

In the instant Huang Xiaolong made his move, the White Deer did the same. It rushed into the group of experts as a milky white flame covered its body. Two rays of light emerged from its horns.

The light that emerged seemed to contain the purest form of radiance energy in the Thirteen Universes!

Everyone felt as though their dao souls were trembling when the light emerged.

The faces of Huang Ren and the others changed. "Beware! That's the Light of Life!"

Light of Life!

There was only a single existence who possessed a bloodline strong enough to wield the Light of Life!

As the source of all life, the Light of Life not only had the power to give life... It could also take away whatever vitality one had!

Despite their warning, it came a little too late. One of the ancient ancestors was struck by the Light of Life.

In an instant, his divine armor and the grand cosmos energy he used to protect himself shattered.

The Light of Life didn't stop there. It continued towards someone else! It pierced through another expert before carrying on to the third.

Finally reacting, the third expert sent out a punch to stop the Light of Life but he was far too weak compared to the White Deer. The Light of Life pierced through his arm and went straight into his chest.

Zhou Fu yelled in shock, "F*ck! Don't bother fighting it! Dodge it! Unless you have a universe treasure, you won't be able to block the Light of Life!"

It was too bad the Light of Life reached the fourth expert.

When the fifth in line managed to dodge the Light of Life, he heaved a sigh of relief.

Slamming straight into the only structure left standing in Lion King City, the city walls, the Light of Life tore a massive hole through it.

"You... You're the Master of the White Deer Cave!" someone gasped in terror.

Previously, everyone had their eyes on Huang Xiaolong. No one would pay attention to an unassuming white deer that was beside him! Now, everyone felt their minds buzzing in shock when they thought of its identity.

Huang Ren, Zhou Fu, and Shi Jian were equally as shocked.

Even though they had never seen the White Deer, they knew how scary it was.

If they fought it one-on-one, none of them would be its match!

Another change happened on the battlefield as blood qi filled the skies. Six oddly shaped creatures appeared beside Huang Xiaolong.

“Are those the five monster kings from the Netherworld in the Unknown Space?!” someone screamed.

They were right. Those were indeed the monster kings from the Netherworld. However, there was something they were mistaken about. There were six of them! Not many people knew about the existence of the Ghost Devil King, but he was the strongest among the six!

“No! They are the six monster kings!” Zhou Fu yelled in fright.

No one expected Huang Xiaolong to subdue them all.

“That’s right,” Huang Xiaolong muttered. “It’s my turn now. Kill them all!”

The Blade of Death and Three Gods Halberd disappeared all of a sudden. In their place appeared a golden boat.

The golden light around the boat contained the mysteries of the Thirteen Universes, and a mysterious qi surrounded all of them.

“Could it be?!” A horrifying thought flashed through Huang Ren’s mind, and his expression changed.

The golden boat in his hand expanded by tens of thousands of times and it covered the skies above Lion King City.

Huang Xiaolong waved his hand once and sent the Universe Boat smashing into the crowd.

Not many people reacted in time and many of them were struck. When they were, they were sent flying.

The golden light around the Universe Boat wasn't for show. It contained extreme power and it shot towards Huang Ren, Zhou Fu, and Shi Jian!

"That's the Universe Boat! Hurry up and run!" Zhou Fu gasped.

It was too bad that the Universe Boat was too damn fast! No one could escape!

Seeing as there was no way out, Shi Jian screamed in a last-ditch attempt to stop Huang Xiaolong. "Die!"

He circulated all the energy he had in order to block the incoming boat.

Huang Ren and Zhou Fu did the same. When they unleashed everything they had at once, not even Old Man Fortune would dare to take the strike head-on. However, Huang Xiaolong was no Old Man Fortune and the Universe Boat was no ordinary treasure.

Huang Xiaolong commanded the boat to crash straight into them!

The instant their attacks landed on the body of the Universe Boat, they were sent flying.

Chapter 3733: Half-Step Universe God!

Once they were out of the picture, the Universe Boat's next target became those ancient ancestors and patriarchs of the various races.

The speed of the Universe Boat was terrifying, to begin with. With Huang Xiaolong's grand cosmos energy to supplement it, it didn't take long for the Universe Boat to arrive before the others.

Miserable shrieks filled the skies.

Countless experts were sent flying in an instant.

If Huang Ren and the others couldn't escape their fate of being beaten badly, there was nothing more to say about those experts.

The Universe Boat was basically an unstoppable existence. Coupled with Huang Xiaolong's unparalleled strength, it could wipe away anyone in its path! Not to mention the fact that he was using it to intentionally crash into the experts present.

In two breaths of time, nearly half of the experts were dealt with.

Soon after, Huang Xiaolong sent the Universe Boat straight into the light barrier that was supposed to keep him in the city.

Bang!

It was as though he tore a hole through the heavens as a giant gap was formed in the light barrier around the city.

Darkness could be seen in the space outside the barrier.

Huang Ren and the others felt the world crumbling around them when they saw how powerful Huang Xiaolong really was. Their hearts went cold and their legs went numb.

They used almost every single resource in their treasury to create the formation around the city. They thought that it was extremely sturdy and no one would be able to break out of it. Now, it failed to take a single strike from the Universe Boat.

When the Universe Boat was done with the formation, Huang Xiaolong turned it around and sent it towards the Huang Ren trio again.

Their expressions changed and they no longer dared to take the strike head-on. They fled in three different directions.

As soon as they disappeared from their spot, the ship smashed deep into the ground.

The entire continent was blown apart as a bottomless abyss formed.

Experts at the level of Huang Ren might have broken through the 29 billion mark, but they were terrified when they saw what happened.

It was lucky the three of them dodged, otherwise, they would have turned into meat paste.

The Universe Boat was the strongest universe treasure! It was ranked number one in terms of offensive abilities, defensive abilities, and speed!

No matter how strong their bodies were, they wouldn't be able to resist the Universe Boat!

Huang Xiaolong recalled the Universe Boat and stared at the three of them coldly. When he was about to send the Universe Boat into them once again, Zhou Fu yelled, "Brother Huang, wait a minute! We have something to tell you!"

"?" Huang Xiaolong looked at the three of them with a raised eyebrow.

"Brother Huang, we were too rash! We offended you by accident as we only wanted the Universe Source Stone to go against the Universe First Race!" Shi Jian continued, "Brother Huang, please forgive us!"

"That's right! We heard that they wanted to destroy the Thirteen Universes again. All of us wish to stop them, and our common enemy is the Universe First Race!" Huang Ren explained, "If we fight among ourselves now, they will be extremely happy to see us kill each other off!"

Huang Xiaolong sneered, "Are you sure you wish to obtain the Universe Source Stone in order to stand against the Universe First Race?"

"Yes... Of course!" Zhou Fu panicked. "However, Brother Huang is a supreme being! The Universe Source Stone will be much more useful in your hands!"

"From what you're saying, you guys don't want the Universe Source Stone any longer, is that right?" Huang Xiaolong asked.

"We don't want it anymore!" The three of them replied in unison.

"Aren't you planning to take revenge for your grandson?" Huang Xiaolong asked Huang Ren.

A stern look appeared on Huang Ren's face, and he snapped, "He went too far by offending Brother Huang! I can't blame you for his death!"

Huang Xiaolong remained silent as he looked at the three shameless b*stards standing before him.

All three of them clenched their fists tightly as they looked at Huang Xiaolong.

"Whatever the case, I haven't been able to move my muscles. Since you're able to put up a fight, let's exchange pointers!"

Their expressions changed instantly.

The Universe Boat expanded once again.

...

Half a day later...

The entire continent was turned into rubble from the battle.

Huang Ren and the others were beaten so badly that even their mothers wouldn't recognize them.

After torturing them for a little while longer, Huang Xiaolong finally let them off.

It was easy for Huang Xiaolong to defeat the three of them, but it wouldn't be possible for him to make them submit to him.

Turning around, Huang Xiaolong left.

Yang Dingsheng brought his son along as he thanked Huang Xiaolong profusely.

Allowing them to get up, he made them lead the way to the headquarters of the Yang Lightning Race. When Huang Xiaolong and the White Deer arrived, they received a shocking welcome from the race.

Even though the old ancestor of the Yang Lightning Race didn't take part in the battle, he had long since heard the outcome.

When they arrived, the White Deer didn't waste any time, and it saved Yang Dingsheng's wife immediately. In a single day, Yang Dingsheng's wife recovered completely.

Staying in the Yang Lightning Race, Huang Xiaolong entered the Universe Boat to continue his cultivation. At the same time, he learned that Old Man Fortune wasn't in the Fortune Space.

"Where can he be?" Huang Xiaolong frowned. It was no wonder the old man didn't appear during the battle.

"I heard that he left the Fortune Space several tens of thousands of years ago."

“Go look into his whereabouts,” Huang Xiaolong muttered.

“Alright!” The White Deer nodded before leaving.

Soon after, Huang Xiaolong got the White Deer to pay attention to Huang Ren, Shi Jian, and Zhou Fu before entering seclusion.

Now, he had to break into the half-step Universe God Realm as quickly as possible!

He completely refined the White Flower after several dozen thousand years, and he tossed the Universe Source Stone into the eye of the formation before comprehending the images in the Nameless Devil Mirror.

After nearly a hundred thousand years, pillars of light emerged from Huang Xiaolong’s body. It contained an endless amount of power as Huang Xiaolong experienced a complete transformation.

He finally entered the half-step Universe God Realm!

Chapter 3734: Location of the Black Nether King

Even though he broke through, Huang Xiaolong was in no rush to emerge from seclusion. He continued to comprehend the secrets behind the mirror as he devoured whatever universe source qi was in the formation.

It didn’t take long before the day arrived. It was the day the Universe First Race would activate the Extermination Formation!

Huang Xiaolong was shocked to discover that there wasn’t any movement from the Universe First Race!

As soon as he emerged from the Universe Boat, he summoned the White Deer.

“Did Huang Ren and the others do anything out of the ordinary lately?”

“Nope.” The White Deer shook its head. “Old Man Fortune hasn’t come back either. I asked many experts in the Fortune Space, and all of them said that Old Man Fortune went out to look for a fortuitous encounter to break through to the Universe God Realm. He went to a faraway land, but no one knows where that is.”

“Faraway land?” A frown formed on Huang Xiaolong’s face. “What about the Universe First Race?”

“They have remained quiet in recent years.” The White Deer shook its head. “We can only be sure that the Black Nether King isn’t currently in the Universe Vault!”

Light sparkled in Huang Xiaolong’s eyes.

It definitely wasn’t a coincidence that Old Man Fortune and the Black Nether King went missing at the same time.

According to the conversation between Heaven Tyrant and the Star Refinement King, the Extermination Formation should have been activated! However, nothing happened so far, and the Black Nether King was nowhere to be found! There had to be something going on!

Moreover, the Universe First Race was being too low profile and Huang Xiaolong felt that something was off.

Retrieving his transmission symbol, Huang Xiaolong contacted the Blood Phoenix Queen and Titan King. He soon received a reply. The Black Nether King hasn’t started the Extermination Formation and no one knows where he went.

However, they said that Heaven Tyrant might have a clue as to where the Black Nether King went.

“Heaven Tyrant...” Huang Xiaolong muttered to himself.

Huang Xiaolong asked them about the Heaven Tyrant's whereabouts.

After learning that Heaven Tyrant was staying around the Star Refinement King recently, Huang Xiaolong decided to return to the Universe Vault.

"Entering the Universe Vault?!" The White Deer gasped.

"That's right. We're leaving in a bit."

Now, Huang Xiaolong wanted nothing more than to know the Black Nether King's whereabouts.

Since he entered the half-step Universe God Realm, he was no longer afraid of the Black Nether King. He wanted to figure out what the Black Nether King planned to do exactly. After all, Huang Xiaolong felt that the Black Nether King had always been acting a little weirdly.

"We're leaving in a bit?!" The White Deer yelled. It had no idea what the rush was.

"Yes." Huang Xiaolong nodded his head. He didn't explain too much to the White Deer and quickly looked for Yang Dingsheng. Handing over countless pills and top-grade universe-level spiritual veins, Huang Xiaolong bade his farewell and left for the Universe Vault.

Along the way, Huang Xiaolong brought out the Universe Boat.

Even so, it took him an entire year to arrive. When he entered the Universe Vault, he didn't waste a second as he went straight for the Star Refinement King's palace.

After several months, Huang Xiaolong arrived.

He used his dao souls to scout his surroundings and discovered that Heaven Tyrant was really hiding in the Star Refinement King's palace.

The Star Refinement King, Golden Cymbals King, Heaven Devouring King, and the Golden Qilin King were all present!

Other than the White Feather King, every expert in the Universe Vault who crossed the 27 billion mark had arrived!

Huang Xiaolong felt a sense of excitement filling his heart.

Since they were all present, he would take care of all of them at once!

If he hadn't broken through, he couldn't be sure that he had the ability to suppress all of them at once. Now, he was absolutely certain that he could take them all down.

With a wave of his arm, the Star Dragon Divine Tree filled the skies and locked down the entire area.

When he was done, Huang Xiaolong kept the Universe Boat away. He emerged with the White Deer.

"Who?!" The moment they revealed themselves, the Star Refinement King and the others were alerted.

Charging out of the palace instantly, they were shocked to discover Huang Xiaolong.

"Huang Xiaolong?!" The Golden Cymbals King and Heaven Devouring King yelled in unison.

"Huang Xiaolong?!" The Star Refinement King scoffed, "Are you really Huang Xiaolong?!"

However, his expression changed slightly when he saw the White Deer. "Are you the master of the White Deer Cave?!"

He had sealed off the White Deer Cave in the past along with the White Feather King, and he was extremely familiar with the White Deer.

Everyone else looked at the White Deer in fright.

“Star Refinement King, are you surprised to see me?” The White Deer sneered. It looked at the palace behind them and chuckled, “That’s a nice palace. Looks like you really know how to enjoy life...”

The Golden Cymbals King shattered a transmission symbol but it was stopped by a wave of starlight. The faces of the various kings changed.

“Huang Xiaolong, how dare you intrude into our Universe Vault? You’re asking to die!” The Star Refinement King snorted, “Do you really think that you can stop the five of us with just your Star Dragon Divine Tree?”

“I can try.” Huang Xiaolong laughed.

A fan that emitted faint starlight appeared in the Star Refinement King’s hand, and he swung it towards Huang Xiaolong. A torrent of energy surged towards Huang Xiaolong.

The Star Fan was one of the thirteen universe treasures.

Remaining completely calm, Huang Xiaolong reached out a single arm to stop the energy wave.

The faces of everyone changed.

The White Feather King revealed Huang Xiaolong’s strength after returning from the White Deer Cave. Many of them were doubtful of his claims, but now, it seemed as though everything he said was true!

The Heaven Devouring King, Golden Qilin King, and Golden Cymbals King flew into the skies in unison. There were countless black swords flying towards Huang Xiaolong and the Golden Qilin King revealed his true form. Turning into a giant qilin, a golden beam shot towards Huang Xiaolong from its mouth.

As for the Golden Cymbals King, he tossed out his golden cloth once again as a golden rain fell upon the lands.

All of them went all out instantly.

Huang Xiaolong remained completely impassive as he sent a slap flying towards the three of them.

Chapter 3735: Universe Source

A single slap from Huang Xiaolong sent all three of them flying.

When they slammed into the Star Refinement King's palace below, it exploded into countless fragments.

When Huang Xiaolong met the Heaven Devouring King and Golden Cymbals King back in the Unknown Space, he was unable to stand against the Heaven Devouring King no matter how hard he tried. Now, he was able to trash them without using one-tenth of his strength.

The Star Refinement King who wanted to go in for the kill stared at the three of them in shock. His heart thumped in his chest as he swung his Star Fan once again. Countless stars fell from the void and it slammed into the Star Dragon Grand Formation.

With the endless amount of stars smashing into the formation, the light barrier became much dimmer than before.

After all, the Star Refinement King was an expert who crossed the 29 billion mark. With a universe treasure to supplement his strength, he was no walkover.

Right before he could unleash another strike, boundless star dragon qi emerged from the void. The barrier that looked a little weaker than before recovered to its peak state.

The Star Refinement King's expression changed.

He gave it his all during the strike previously, but the Star Dragon Grand Formation restored itself before he could continue! It was obvious that he wasn't going to shatter the formation.

Huang Xiaolong appeared before him with a single step. As the Star Refinement King was still stuck in a state of shock, he swung his Star Fan without a second thought. Huang Xiaolong didn't bother dodging and his punch landed squarely on the Star Refinement King's chest.

In front of everyone, Huang Xiaolong popped the Star Refinement King's heart.

The Heaven Devouring King and the others gasped in fright.

Huang Xiaolong didn't bother with the Star Refinement King any longer as he turned to look at Heaven Tyrant.

Fear could be seen deep in his eyes and just as he was about to turn to flee, Huang Xiaolong dragged him over. Too lazy to ask his question, Huang Xiaolong directly conducted a soul search.

Moments later, Huang Xiaolong learned where the Black Nether King was. However, he was shocked by his discovery. According to Heaven Tyrant's memory, Old Man Fortune left in search of the Universe Origin. When the Black Nether King heard of it, he used all the connections he had to uncover the location of the Universe Origin before heading there too.

Huang Xiaolong's heart sank.

It was no wonder Old Man Fortune didn't show up during the battle.

Similarly, the Black Nether King didn't activate the Extermination Formation on time.

As it turned out, the two of them went in search of the Universe Origin!

The Universe Origin was said to be the birthplace of the Thirteen Universes.

According to the legends, that was where all the universe treasures came from, along with all thirteen universes.

The Universe Origin was akin to the mother of all things!

According to even more rumors, there were special energies that existed in the Universe Origin. There were high-level grand dao laws and a special method to break through to the Universe God Realm.

Naturally, that was just a rumor. No one had been able to enter the Universe Origin.

“Universe Origin...” Huang Xiaolong’s eyes sparkled.

Without the Universe Source Stone, the Black Nether King would find it impossible to break through. However, he might actually find a way to do it after locating the Universe Origin!

He might even be able to locate a fortuitous encounter and enter the Universe God Realm immediately!

Huang Xiaolong was sure that the Black Nether King wouldn’t be able to break through no matter what he tried, but now that the Universe Origin was located, he wasn’t so sure anymore.

Moreover, there was the Old Man Fortune. His chances of entering the Universe God Realm might be even smaller than the Black Nether King, but nothing was set in stone!

No matter who broke through, it would spell doom for Huang Xiaolong.

As such, he had to locate the Universe Origin before any of them!

However, Heaven Tyrant might know that his master went to look for the Universe Origin, but he had no idea where it actually was!

The only question in Huang Xiaolong’s mind now was to locate the Universe Origin!

He thought about the Submerged Dragon Institution in the Star Dragon World.

Since the Star Dragon Universe was one of the most ancient existences it might know where the Universe Origin was!

If the Star Dragon Universe didn't know, Huang Xiaolong could only use all the resources available to him to look for it.

Two years later, Huang Xiaolong arrived back in the Submerged Dragon Institution.

When the Star Dragon Universe met Huang Xiaolong again, it was overjoyed! However, the Star Dragon Universe was stunned to discover his intentions.

"You wish to go to the Universe Origin?"

"Senior Star Dragon Universe, do you know where it is?" Huang Xiaolong asked anxiously.

"I do, but..."

Huang Xiaolong rejoiced in his heart. Indeed, the Star Dragon Universe knew where the Universe Origin was!

"There's no need to get excited. It is extremely difficult to get there." The Star Dragon Universe explained, "The Universe Origin exists outside the Thirteen Universes. There are countless layers of barriers standing between the two. For one to arrive at the Universe Origin, one will have to cross countless world barriers. They aren't exactly easy to overcome..."

"World barriers?" Huang Xiaolong gasped.

He didn't expect the Universe Origin to be located outside the Thirteen Universes.

“Yes. In order to arrive, you will need to break through three thousand natural world barriers.” The Star Dragon Universe continued, “The closer you get, the stronger the barrier. Without 29 billion units of combat strength, you won’t be able to enter.”

29 billion units?

Huang Xiaolong heaved a sigh of relief.

“Does that mean that anyone with more than 29 billion units of grand cosmos energy can arrive at the Universe Origin?”

“Yes.”

Circulating all three great worlds in his body at once, boundless energy emerged from Huang Xiaolong’s body.

The Star Dragon Universe stared at him in shock.

“You... You have already broken...”

It didn’t expect that in the millions of years that Huang Xiaolong was gone, he would reach the half-step Universe God Realm! It knew that Huang Xiaolong had three great worlds, and as such, his grand cosmos energy definitely reached the 30 billion mark!

“Senior Star Dragon Universe, I should be able to arrive at the Universe Origin with my strength, right?” Huang Xiaolong chuckled.

“Of... Of course...”

Chapter 3736: Locating the Universe Origin

Soon after, a ray of light fell from the void and entered the space between Huang Xiaolong's eyebrows. A memory of the Universe Origin that never existed before in Huang Xiaolong's mind appeared.

It told him everything he needed to know about the dangers of getting there.

"Many thanks to Senior Star Dragon Universe." Huang Xiaolong was extremely grateful to the Star Dragon Universe. The piece of information was too important to him. Without it, no one knew how long it would take for him to locate the Universe Origin! Now, he even knew about the dangers that would come with his journey. It made things much easier and it would shorten the time he needed to travel there!

Half an hour later, Huang Xiaolong left the institution and boarded the Universe Boat. He charged straight for the Universe Origin.

Leaving behind a terrifying tear through space, the Universe Boat soared through the air at a terrifying pace. Huang Xiaolong didn't care if anyone were to discover his presence.

Several years later, he finally arrived at the space outside the Thirteen Universes.

When he arrived, he discovered that there was nothing as far as his eyes could see. He used his dao souls in order to investigate what lay in the void, but there wasn't a single sign of life.

After getting his bearings right, Huang Xiaolong continued northwards according to the memory left behind by the Star Dragon Universe.

Half a day later, he arrived at the first layer of natural world barriers.

The barrier was like an endless wall that extended to infinity. It was several hundred meters thick!

Even though it wasn't as thick as he thought, it was incredibly sturdy! Any attacks that landed on it would be bounced back with increased power. It was nearly impossible for anyone to break a natural world barrier.

However, what might be impossible for most was definitely possible for Huang Xiaolong. With a single punch, he created a massive hole in the barrier.

Soaring forward, he quickly entered the gap he made.

The barrier might stop most half-step Universe Gods, but Huang Xiaolong stood firmly at the peak of the power spectrum in the Thirteen Universes.

Soon after, he ran into the second barrier.

Like before, he did the same thing.

After a whole month, Huang Xiaolong crossed one hundred barriers in total. After the first hundred barriers, it became a lot harder to break them. There were universe storms and black holes that would appear from time to time.

Huang Xiaolong's speed started to slow down quite a bit. He used a little more than a month to break the next hundred barriers.

Soon came the third and fourth set of barriers.

Huang Xiaolong discovered that for every hundred barriers he broke, the difficulty would increase by a lot. There would be much more dangerous regions that appeared too. For example, there were sharp ice blades and backwinds that appeared.

Saturated Water appeared in the space around him after he crossed the one-thousandth barrier.

When he broke through two thousand barriers, golden rain started to appear!

The golden rain had terrifying corrosive abilities. It was the same as the one used by the Golden Cymbals King. The golden rain around the world barriers was much more terrifying than the ones used by the Golden Cymbals King!

Several dozen years later, Huang Xiaolong arrived at the third set of thousand barriers.

He heaved a long sigh when he arrived.

The first world barrier at the three-thousandth barrier mark was several tens of thousands of meters thick!

Moreover, there were countless runes inscribed on the world barrier. They were like golden earthworms that squirmed around on the barrier and they possessed terrifying strength. Formless pressure filled the space around Huang Xiaolong.

A serious look appeared on his face.

Even though Huang Xiaolong could definitely break a hole through the barrier with his current strength, he summoned the Universe Boat to be safe.

As the strongest universe treasure, Huang Xiaolong was more than confident in its defensive capabilities.

Entering the third layer of formations on the Universe Boat, Huang Xiaolong circulated his grand cosmos energy as rays of resplendent light emerged from the Universe Boat.

Turning into a streak of golden light, he tore through the barrier.

The moment he entered the space after the three-thousandth barrier, Huang Xiaolong felt a little suffocated.

The pressure that came from the Universe Source itself tried to enter the Universe Boat, but Huang Xiaolong quickly poured a little more power into the Universe Boat to repel the weird pressure.

He traveled slowly towards the next barrier. Now, his speed was comparable to a mortal walking on the streets.

He would take several hours to finally cross the barrier.

After half a day, he crossed the world barrier and entered a world that was covered in light.

Huang Xiaolong felt as though he was thrown into an illusion when he looked at the world around him.

Reaching out to touch the light that was all over the place, he was stunned to discover that he couldn't control the power of light in the area.

Using the power of space, Huang Xiaolong locked down the entire area around the Universe Boat. However, the ball of light wasn't affected by his power.

He chose to continue onwards warily.

After a day, nothing around him changed.

...

Even after a year of traveling, the light around him didn't seem to dissipate. Other than the odd light, there was nothing else.

After thinking about it, Huang Xiaolong felt that Star Dragon Universe might have made a mistake in the location!

Even so, he continued to travel onwards.

Another year of nothingness passed.

Huang Xiaolong felt as though he was the only one left in the universe.

Countess years passed just like that.

However, he felt a wave of fluctuations coming from the Universe Origin itself, and Huang Xiaolong quickly steered the ship towards the direction of the energy waves.

It didn't take long for him to discover balls of energy hovering in the skies. Even though it was extremely pure, it was still lacking a little compared to the Universe Source Stone he obtained in the past.

Huang Xiaolong felt a sense of excitement buzzing in his heart. The Universe Origin should be close!

After all, the Universe Origin was the only place that could produce such power.

Huang Xiaolong increased his speed once again.

Chapter 3737: Origin Universe

Huang Xiaolong drove the ship between the balls of energy but countless days later, there was no change in his surroundings.

The energy balls formed dense clouds in the space and Huang Xiaolong traveled onwards carefully.

Huang Xiaolong was the only person traveling through the vast space as several years passed in the blink of an eye.

If not for there being more clouds of energy, Huang Xiaolong would have long since turned around.

After dozens of years, he saw the end.

Blinding rays of light came from the region outside the energy sea, and Huang Xiaolong steered his ship carefully into the distance.

He was shocked to discover that the light was so dense that it formed a giant curtain that hovered in the space before him.

The light curtain was endless, and it seemed to separate the space between them completely.

Huang Xiaolong had no idea how large the curtain of light was, but he had a strong suspicion that he would be able to arrive at the Universe Origin after crossing the curtain of light!

Calming himself down, Huang Xiaolong charged straight through the curtain of light.

The moment he entered, a massive blast could be heard. The light curtain seemed to drape over the Universe Boat as the entire structure trembled.

Rays of light covered the ship as Huang Xiaolong gasped in shock.

The Universe Boat was extremely sturdy. Even if experts whose combat strength crossed the 20 billion mark gave it their all, they wouldn't be able to shake the ship in the slightest. Now, the Universe Boat was rocking like a tiny boat in the ocean.

That alone proved how terrifying the light curtain was.

Retrieving a top-grade universe-level spiritual vein, Huang Xiaolong supplied the grand formation with endless energy. Only then did the shaking stop.

Huang Xiaolong continued onwards carefully.

The further he got, the stronger the light became. Now, his pace was slowed to the speed of a crawl.

Several dozen years passed once again. Finally, Huang Xiaolong crossed the barrier of light.

The moment he did, Huang Xiaolong gasped in fright. He entered another universe and signs of life were everywhere to be seen. It was as though he entered the Thirteen Universes once again.

Even so, he was extremely sure that the place before him wasn't the Thirteen Universes he came from!

The spiritual energy was even purer than that in the Thirteen Universes, and there was a special type of power contained in the air.

The laws of the universe were much stronger there than in the Thirteen Universes!

"Is this the Universe Origin?!"

He finally arrived!

A light flashed in Huang Xiaolong's eyes.

Even after taking so much time, he arrived!

A moment later, Huang Xiaolong suppressed his excitement and continued onwards.

Several days later, he saw a spatial black hole sitting in the middle of space.

Without a second thought, he entered the black hole.

When he arrived on the other side, he was greeted with a scenery greater than that in the Universe Vault.

Taking a deep breath, Huang Xiaolong felt extremely comfortable. He continued on his way onwards.

Soon, he arrived before a giant primitive forest.

Huang Xiaolong released his dao souls and even though he couldn't cover the entire area, he knew that it was larger than whatever forest he found in the Thirteen Universes.

There were ferocious beasts at the God of Creation Realm within.

Huang Xiaolong's figure started to blur as he appeared above the beast he discovered. With a swing of his arm, he pulled the beast over and invaded its soul with his own. He could feel an extremely pure energy in its body. It was a combination of grandmist energy and universe source qi.

The beast's physical body was different from that of the creatures in the Thirteen Universes. The beast was a God of Creation at the peak of the grand completion stage, and it barely broke through. However, its body was stronger than experts who had 15 billion units of combat strength back in the Thirteen Universes.

The runes that lined its body contained exquisite grand dao laws.

The beast stared at Huang Xiaolong in fear and yelled, "Senior, please spare my life!"

"Relax. I won't do anything to you." Huang Xiaolong chuckled and branded its soul.

As he came alone, he needed to find a suitable mount after entering the Universe Origin.

After controlling the beast, he looked through its memories.

Huang Xiaolong learned that the beast and everyone who lived there called the place the Origin Universe!

Creatures there were called Origin Beasts, and there were countless ancient races. Other than Humans, there were many different life forms. The Origin Universe was larger than any of the thirteen universes.

Even though the creature was a God of Creation at the peak of the grand completion stage, it had no idea how large the Origin Universe Was. It only knew that one person had ever entered the Universe Origin.

What shocked Huang Xiaolong was the fact that the beast knew the way to enter the Universe God Realm!

A massive palace would appear in a place called the Golden Valley and there was a mirror situated within. It contained the highest of laws in the Origin Universe, and legends had it that anyone who could comprehend the mysteries behind the mirror would be able to enter the Universe God Realm.

From what it seemed, the palace would appear again in several hundred thousand years!

“Is the place called the Devil Mirror Palace?!” Huang Xiaolong gasped.

Was it possible for the mirror in the palace to be similar to the one he obtained back in the Unknown Space? When Huang Xiaolong thought about the secrets contained in the Nameless Devil Mirror he realized that it was eerily similar to the mirror described in the beast’s memory!

Chapter 3738: Nine Cauldron Land

“So that’s what it is...” Huang Xiaolong felt as though a veil was lifted before him. He comprehended the mysteries behind the Nameless Devil Mirror, but he felt as though something was missing.

Now, he finally understood.

In order to break through to the Universe God Realm, it wasn't enough to only comprehend the mysteries behind the Thirteen Universes. One also had to understand the laws of the Origin Universe!

The Thirteen Universes were born from the Universe Origin, and they could be considered its child.

As such, they would only be able to reach a state of perfection when they were combined!

Huang Xiaolong heaved a sigh of relief after his discovery.

Without his Nameless Devil Mirror, it would be useless even if the Black Nether King and Old Man Fortune comprehended the mirror in the Devil Mirror Palace. Their chances of breaking through were slim to none.

However, Huang Xiaolong didn't discover anything about the Black Nether King or Old Man Fortune from the beast's memories. It seemed as though they hadn't arrived yet. Otherwise, they went into hiding the moment they did.

A light flashed in Huang Xiaolong's eyes. It was too easy to obtain news on the Devil Mirror Palace. If either of them entered the Origin Universe, they would have learned of it too. When the palace appeared, they would definitely run into each other.

The Devil Mirror Palace was split into the outer palace and the inner palace. The beast Huang Xiaolong caught had only been to the outer palace. The number of people who could enter the inner palace were peak experts in the Origin Universe.

According to what the beast knew, there were four regions surrounding them and only one expert was qualified to enter the inner palace. He was called the Heaven Sage Human Emperor.

He was an expert of the Human Race, and he was one of the ten strongest experts in the Origin Universe. He had 27 billion units of combat strength.

"Heaven Sage Human Emperor..."

As long as Huang Xiaolong found him, he would understand the situation in the inner palace. He could actually determine if the devil mirror was of the same type as his own! Moreover, comprehending the devil mirror would be much easier when he knew what was going to happen in there.

The biggest problem was locating the other party!

Huang Xiaolong leaped onto the beast and flew deeper into the continent.

The beast was called a Jade Eyed Beast and even in the Origin Universe, it was a supreme existence. It had an ancient supreme bloodline and it flew extremely quickly. It wasn't any slower than the beasts in the Thirteen Universes that had 15 billion units of combat strength. If Pangu used his full strength, he would probably be as quick as the Jade Eyed Beast!

However, Huang Xiaolong discovered a human being surrounded by two beasts on his way towards the central region. Casually saving the human, he subdued both beasts.

The man was a God of Creation at the peak of the grand completion stage. Comparable to Pangu in strength, the man wasn't weak at all! As for the two beasts, they were both Golden Lions. One of them was male and the other was female. Their strength was comparable to the Jade Eyed Beast Huang Xiaolong rode on.

Seeing as he was saved, the expert thanked Huang Xiaolong profusely, "Many thanks to senior for saving my life!"

Huang Xiaolong waved his arms casually.

Soon after, the group of them traveled out of the forest.

Along the way, Huang Xiaolong learned that the man was called Peng Xian, and he was the old ancestor of the Peng Family.

The ancestor of the Peng Family entered the Heavenly Phoenix Forest in order to look for the egg of a Heavenly Phoenix. He wanted to refine a pill using the egg of the godly creature, and he managed to accomplish his goal. It was too bad he was discovered by the lions before he could leave.

Peng Xian muttered in embarrassment, "If not for the senior's help, I wouldn't be able to leave this forest today."

It didn't take long for him to invite Huang Xiaolong to his Peng Family.

"In a few days, I will be celebrating my ten-billionth birthday. I will invite the experts in the region over, and I hope that I will get the honor of hosting an esteemed senior in my family!" Peng Xian explained.

Seeing the sincere expression on Peng Xian's face, Huang Xiaolong nodded. "Alright, since I have nowhere to go anyway."

An awkward smile formed on Peng Xian's face. "Senior definitely broke through the 10 billion combat abilities mark. How can you have nowhere to go?"

Huang Xiaolong chuckled.

Not planning to explain his strength, he spoke of his current situation. "I came to the Nine Cauldron Land not too long ago."

Peng Xian thought that Huang Xiaolong came from some other continent and asked, "Senior, are you also here to obtain the Nine Cauldrons?"

"?" Huang Xiaolong raised an eyebrow casually.

"There have been rumors that the Guardian Treasure will soon appear in the continent. Many experts have flocked over from all over the Origin Universe in order to try their luck at obtaining it," Peng Xian explained.

“So that’s the case...” Huang Xiaolong smiled.

Huang Xiaolong knew what a guardian treasure was. In the Origin Universe, every single continent had its own guardian treasure. There were some who obtained the guardian treasures of some random continent, and there were continents whose treasures remained ownerless.

The Nine Cauldrons of the Nine Cauldron Land hadn’t been claimed by anyone, and it was an opportunity for the experts in the Origin Universe!

Huang Xiaolong also knew that the strength of the guardian treasures was slightly worse than his universe treasures.

Of course, they were still stronger than pseudo-universe treasures.

Several days later, Huang Xiaolong arrived at the Peng Family Manor.

The manor was located in the Imperial Dragon City, and it was one of the largest cities in the Nine Cauldron Land. Peng Xian might be a God of Creation at the peak of the grand completion stage, but his family wasn’t considered part of the strongest few in the city.

As Peng Xian had been around for ten billion years, there were several hundred experts attending his birthday celebration even though he wasn’t the old ancestor of a peak-level family.

When Huang Xiaolong arrived, there was only a single day left until the banquet. As such, the festivities were in full swing. Several God of Creation Realm experts who arrived earlier had already entered the manor.

Peng Xian personally arranged for Huang Xiaolong’s lodgings in the manor.

Seeing as Huang Xiaolong had no other instructions, Peng Xian returned to his palace.

As soon as he did, his son, Peng Ze, could be seen waiting in the main hall.

“Father, you’re back!” Peng Ze bowed.

Seeing the look on his son’s face, Peng Xian knew that something was up. “What’s going on?”

After a slight hesitation, Peng Ze explained, “Father, I heard that Wang Kaifei from the Eastern Plains has returned...”

“What?! He’s still alive?!” Peng Xian’s expression changed slightly.

Wang Kaifei was the old ancestor of the Wang Family in the Imperial Dragon City. The Wang and Peng families had always been at odds. The Peng Family had always been weaker than them, and when the Wang Family’s old ancestor went out in search of opportunities, there were rumors saying that he died in recent years.

As such, the Peng Family started suppressing the Wang Family in recent years.

Who would have thought that Wang Kaifei would return?!

As an existence who was a half-step Universe God, Wang Kaifei’s return spelled trouble for the Peng Family.

Chapter 3739: Lord Shen An

“I heard that he didn’t return alone!” Peng Ze lowered his head and muttered.

“What do you mean?”

“He... He seemed to come back with Lord Shen An,” Peng Ze explained. His voice trembled slightly when he mentioned Shen An.

“Lord Shen An?! Which Shen An are you talking about?” Peng Xian didn’t think too much about it and snapped in irritation.

“Lord Shen An from the Heaven Sage Palace!”

“What?! Heaven Sage Palace?!” Peng Xian yelled as he jumped to his feet.

The Heaven Sage Palace was the holy land in the Nine Cauldron Land!

The person who created the Heaven Sage Palace was the Heaven Sage Human Emperor, the expert whose combat strength crossed the 27 billion mark!

To people like Peng Xian, there wasn’t even a need to mention the Heaven Sage Human Emperor! Anyone who crossed the 20 billion mark would be comparable to god in his eyes!

Once Peng Ze mentioned where Shen An came from, Peng Xian’s mind raced to connect the dots. Shen An was the direct disciple of the Heaven Sage Human Emperor!

“How can this happen?! What’s going on?!” Peng Xian yelled in shock. “How in the world did Wang Kaifei get acquainted with Lord Shen An? That’s not possible... Did you make a mistake somewhere?!”

Peng Ze knew that his father was pushing his luck, but he had to explain the situation no matter the cost. “Wang Kaifei was said to have been saved by Lord Shen An back in the Eastern Plains. Lord Shen An looked highly upon him and quickly promoted Wang Kaifei to be his right-hand man.”

Peng Xian’s expression changed drastically.

“This... This might not be true, however, it’s extremely likely that’s what happened.” Peng Ze sighed.

“Wang Kaifei returned to his manor just a moment ago, and Lord Shen An was invited in as a guest of honor,” Peng Ze continued.

The last trace of hope in Peng Xian's heart disappeared.

Falling to the ground, Peng Xian felt the world crumbling around him.

"Why... Why do the heavens wish to see my Peng Family destroyed?!"

"Why!!!"

"Did I do something to anger the heavens?!"

Peng Ze felt tears welling up in his eyes when he saw the state his father was in.

Since Huang Xiaolong remained in the inner palace, he didn't bother going out to explore the city. He spent his time comprehending the Nameless Devil Mirror.

As dawn broke the very next day, Peng Xian went over to Huang Xiaolong's palace early in the morning. He might have hidden his expressions well, but Huang Xiaolong could see that he had a lot on his mind.

Since Peng Xian didn't wish to talk about it, Huang Xiaolong didn't pry.

After all, it probably had something to do with his family.

Peng Xian quickly brought Huang Xiaolong over to the main palace.

It was Peng Xian's birthday, but he allowed Huang Xiaolong to take the seat of honor in the room. Of course, Huang Xiaolong could read the room. He didn't wish to take the limelight away from the man celebrating his ten billionth birthday and he chose a seat on the left of the main throne of the hall.

Even so, everyone was shocked to discover Peng Xian's intention.

They started to guess Huang Xiaolong's identity.

"Could he be someone invited by the Peng Family? He might be a half-step Universe God..."

"Even if he is, there's no use! Who dares to offend the Heaven Sage Palace?! Wang Kaifei threw in his lot with Lord Shen An, and he's someone under their banner now. Humph. Wang Kaifei will definitely show up later."

"If he does, we'll be in for a treat."

Several experts spoke among themselves.

Even though Peng Xian couldn't hear what they said, nothing could be hidden from an expert at Huang Xiaolong's level.

"Heaven Sage Palace?" A light flashed in Huang Xiaolong's eyes.

From their secret conversations, Huang Xiaolong could tell that the Wang Family was at loggerheads with the Peng Family. Moreover, he learned that Wang Kaifei just returned from the Eastern Plains after throwing in his lot with Shen An.

The moment Peng Xian arrived, many people came up to present their gifts. However, the festivities were broken by a shrill cry as experts of the Peng Family were thrown into the hall. All of them suffered serious injuries, and there were some whose bodies were split wide open. Some of them also had sharp spikes stabbed straight through their eye sockets.

The faces of Peng Xian and Peng Ze turned extremely ugly as the hall fell silent.

Everyone could guess what was going on.

Indeed, mocking laughter rang through the air. “Old Man Peng, it’s your birthday today and it’s weird that you didn’t invite me. I hope you don’t mind that I invited myself.” A middle-aged man clad in purple-gold battle robe strode into the hall followed by a group of experts from the Wang Family.

Peng Xian’s expression changed slightly when he saw the person who came.

It was none other than Wang Kaifei, the old ancestor of the Wang Family.

The experts of the Peng Family no longer dared to stop him after the carnage he caused. They retreated over to Peng Xian’s side and the experts who came to offer their congratulations made their way to the side of the hall.

“Wang Kaifei, what’s the meaning of this?!” Peng Xian growled as he looked at the disciples on the ground.

Even though the Wang Family was strong, they wouldn’t dare to cripple the disciples of the Peng Family in their territory, much less, core disciples!

“I don’t have any other intentions! I’m here to celebrate your birthday for you! In fact, I brought you a lavish gift!” As soon as he spoke, he gestured for someone to bring a metal case forward.

A feeling of foreboding appeared in the hearts of Peng Xian and Peng Ze.

Opening the lid, Wang Kaifei revealed the contents to everyone in the hall. It was the head of a man whose eyes were filled with indignation and hatred.

“Tao’er!” Peng Ze screamed.

That was the head of his son, Peng Tao!

In a fit of rage, he wanted to charge at the members of the Wang Family but was stopped by Peng Xian.

Staring at Wang Kaifei, Peng Xian growled, "Where is my grandson's dao soul?"

"Dao soul? Hahaha! It's in the furnace of my Wang Family! We're torturing him as we speak!"

Peng Ze roared with rage, "Wang Kaifei, the grudge between our families will never be buried!"

Killing intent filled Peng Xian's heart, and he snapped, "Wang Kaifei, aren't you afraid that I'll do the same to your son and grandson?!" Even though Wang Kaifei had been missing for a long time, the Peng Family merely suppressed their businesses. They kept their bottomline, and they didn't kill members of the Wang Family.

Wang Kaifei sneered, "Peng Xian, do you really think that you will get the chance to do anything? Today might be your birthday, but it'll be the anniversary of your Peng Family's extermination in a year!"

Several figures appeared around the manor after he spoke.

When Peng Xian recognized those who were surrounding the manor, he gasped in fright, "Heaven Sage Palace!"

The members who arrived were precisely members of the Heaven Sage Palace.

Moreover, all of them were half-step Universe Gods. They might not have broken through the 10 billion mark, but they were more than sufficient to exterminate the Peng Family.

"That's right! These four experts are Lord Shen An's subordinates!" Wang Kaifei gloated, "Today, no one in your Peng Family will be able to live!"

Chapter 3740: Control Yourself

Terror appeared in the eyes of the disciples of the Peng Family.

One of the God of Creation Realm experts who came to the banquet asked in haste, "Brother Wang, we might have come to celebrate his birthday, but we're not related to the Peng Family!"

Many other experts started to explain themselves in succession. All of them drew a clear line with the Peng Family.

Peng Xian roared with anger, "You..."

All of them were friends he made in the past. Who would have thought that they would leave the Peng Family to die in the slightest bit of trouble?

Someone in the crowd sneered, "Peng Xian, you can't blame us for this! You offended the Heaven Sage Palace on your own! You can only blame yourself!"

Wang Kaifei clapped and laughed, "Did you hear that? You can only blame yourself for your bad luck!"

Peng Xian's expression sank as he glared at Wang Kaifei.

All of a sudden, the experts of the Heaven Sage Palace released their aura and locked on to the members of the Peng Family. As long as anyone tried anything funny, they would be killed.

Wang Kaifei swept his gaze across the hall and saw a young man casually sipping on his tea and his expression turned dark. "Who would have thought that there would be a dumb*ss who doesn't know how to read the room?"

Wang Kaifei was extremely unhappy to see that Huang Xiaolong wasn't flustered at all.

Even though he had no idea who Huang Xiaolong was, he could tell that he was a guest invited by Peng Xian. According to him, Peng Xian wouldn't be able to invite anyone important. As such, he felt that everyone in the hall was merely peasants. After all, he was someone from the Heaven Sage Palace now.

Those standing around burst out laughing when they heard what Wang Kaifei said.

Huang Xiaolong raised his head and snorted coldly, "Slap him."

Slap him?!

Before Wang Kaifei could retort, a fine hand appeared in the skies and slapped him across the face. He was sent flying out of the hall and he landed heavily on the platform outside. Cracks formed in the ground.

Everyone stared at Wang Kaifei in shock.

?!

The gaze in their eyes changed when they looked at Huang Xiaolong.

The ancestors who were in the hall quickly drew their distance from Huang Xiaolong.

Despite his obvious attack, no one saw how Huang Xiaolong did it.

Peng Xian was unable to see what he did, and neither could the experts of the Heaven Sage Palace.

The four half-step Universe Gods felt their pupils shrinking when they looked at Huang Xiaolong once again.

The experts of the Wang Family felt their hearts pounding in their chests as they stood rooted in place.

Crawling to his feet, Wang Kaifei felt that his entire body was in shambles. The slap earlier caused all the teeth in his mouth to fall out.

“You!” Glaring at Huang Xiaolong, Wang Kaifei roared with rage. He was someone who served Lord Shen An of the Heaven Sage Palace. After he returned from the Eastern Plains, he had never suffered from such disrespect!

“Kneel,” Huang Xiaolong muttered.

Next, Wang Kaifei felt a formless pressure that contained the weight of the world crashing down on his shoulders. Falling to his knees, he realized that he couldn’t move a single muscle!

His knees shattered the rocks beneath his feet.

The faces of those standing around changed once again.

Silence fell on the Peng Family Manor.

One of the four experts from the Heaven Sage Palace spoke up all of a sudden. “No matter who you are, you better control yourself! Right now, Wang Kaifei is someone who works for Lord Shen An! He’s someone from our Heaven Sage Palace! You...”

Before he could finish his sentence, Huang Xiaolong sighted, “If you wish to speak to me, get down here!”

Another formless arm appeared in the skies to send the four of them slamming into the ground.

Gasps filled the air.

Peng Xian was shocked.

He thought that Huang Xiaolong might be someone who crossed the 10 billion mark, but from what it seemed, Huang Xiaolong was much stronger than he thought!

No ordinary expert who barely broke through the 10 billion mark could drive four half-step Universe Gods into the ground.

Is he someone who reached the 11 billion unit mark?

Or perhaps, 12 billion units...

Expressions of rage could be seen on their faces when they crawled to their feet.

“Who do you think you are?! Do you know what will happen if you choose to go against our Heaven Sage Palace?!” the person who spoke earlier snapped at Huang Xiaolong.

“Oh, why don’t you tell me what will happen?” Huang Xiaolong chuckled before placing his cup down on the table.

When the experts of the Heaven Sage Palace saw that, they felt as though something bad was about to happen. Hesitating slightly, he eventually snorted in irritation, “Don’t get cocky, Lord Shen An is currently in the city!”

It was true. Shen An was in the Wang Family Manor and he sent four experts to follow Wang Kaifei. From his estimates, they were more than enough to destroy the Peng Family Manor many times over.

As such, he didn’t bother showing up personally.

Shen An was the direct disciple of the Heaven Sage Human Emperor, and he was extremely famous in the region. He had 14 billion units of grand cosmos energy!

Huang Xiaolong released his dao soul and covered the entire city. Flicking his finger slightly, a hole appeared in the void and several figures came crashing down.

When the experts in the hall saw the arrival of the newcomers, they were shocked.

“Lord... Lord Shen An?!”

The people Huang Xiaolong dragged over were Shen An and his subordinates! There were five people in total, and all of them were brought over in an instant.

Just a moment ago, Shen An and the others were discussing matters about the Nine Cauldrons when they felt the space around their body tightening up. They couldn't move as the world started to spin around them. The next thing they knew, they were in the main hall of the Peng Family.

Looking around, Shen An was shocked to discover the four experts he sent over with Wang Kaifei.

“What's going...” Before Shen An could ask his question, Huang Xiaolong interrupted him. “Are you Shen An?”

Shen An spun around only to be confronted by Huang Xiaolong.

One of the experts who came with Wang Kaifei ran over hastily to tell Shen An everything that went down.

When he was done, a look of suspicion appeared in Shen An's eyes as he stared at Huang Xiaolong cautiously.
