Chapter 3762: God of the universe (the finale)

After suppressing the excitement in the heart, Huang Xiaolong called out the unknown mirror in the body. When Huang Xiaolong's nameless mirror flew out and came to the mirror of the Mirror Hall, both mirrors had the same light. Joy, like calling, like a loved one.

really!

Seeing this scene, Huang Xiaolong confirmed his previous thoughts.

At the moment, Huang Xiaolong no longer hesitates, runs the universe to evolve, controls the unknown mirror to assimilate the mirror of the mirror, now, time is tight, a few days later, the black king and the source will arrive, so Huang Xiaolong can only use this The method is to first collect the magic mirror mirror, as long as the success is collected, and then the enlightenment of the source universe and the law of the magic mirror.

Under the urging of Huang Xiaolong's cosmic evolution, the nameless mirror illuminated a lot of brilliance. These radiances rushed to the mirror of the Mirror, like the sea, and then rushed into the Mirror of the Mirror, the Temple of the Mirror The mirror does not exclude the brilliance of the nameless mirror, and absorbs it one by one.

Huang Xiaolong saw it and his heart was big.

As long as the Mirror of the Mirror does not exclude the energy of his nameless mirror, his chances of successfully assimilation of the Mirror of the Mirror are increased by a few points.

However, despite this, Huang Xiaolong did not dare to relax at the moment, and the whole **** noticed the change of the mirror of the mirror.

The day has passed.

The Mirror of the Mirror is still not a trace of change. The Mirror of the Mirror is like a bottomless abyss, constantly consuming the energy and brilliance of his nameless mirror. Huang Xiaolong can even feel the magic mirror in the attempt to assimilate. His nameless mirror!

Two days have passed.

The mirror of the mirror is still no change.

Soon, three days passed.

The Mirror of the Mirror has finally radiated a strange light. It is actually preventing the energy and light of the nameless mirror from flowing in. Huang Xiaolong's brow wrinkles, and as it goes on, it is impossible to assimilate the Mirror Hall in three days. Mirror, three days later, the Black King and the source must have come over.

Huang Xiaolong tried to call out the fragment of the mirror.

This Mirror fragment, although tens of thousands of years of enlightenment, but Huang Xiaolong did not really understand, originally, Huang Xiaolong is not going to call it out.

The Mirror fragments came to the mirror of the Mirror of the Mirror. Suddenly, the Mirror of the Mirror of the Mirror made a humming sound, and the radiance was shining, and Huang Xiaolong was wrong.

But then, the Mirror of the Mirror suddenly produced an amazing power of phagocytosis, and the eyes of Huang Xiaolong swallowed up the fragments of the Mirror!

Looking at the fragment of the mirror was swallowed by the mirror of the mirror, Huang Xiaolong stunned. This situation was unexpected. Huang Xiaolong felt it. The fragment of the mirror is indeed in the mirror of the mirror. space!

After the accident, Huang Xiaolong calmed down and his eyes flashed. Although he did not really understand the fragment of the mirror, but within the fragment of the mirror, there is a brand of his soul. If this is the case, then he will come. In the case of the outside, the nameless magic mirror

assimilated the magic mirror of the temple mirror, he can penetrate the mirror of the magic mirror to penetrate the mirror of the mirror!

Huang Xiaolong read this and tried it according to this method. Sure enough, the effect is much better than before. In just half an hour, the resistance of the Mirror of the Mirror is greatly reduced.

After half a day, the mirror of the Mirror has almost no resistance!

Huang Xiaolong was overjoyed and could not help speed up.

After another day, the magic mirror of the Mirror Hall began to soften completely.

If this continues for a few more hours, Huang Xiaolong will be able to assimilate the mirror of the mirror.

Huang Xiaolong did not dare to relax.

It is half a day.

Huang Xiaolong pays close attention to the magic mirror change of the mirror. Now it has reached the most critical moment. However, Huang Xiaolong has sensed that the black king and the source are coming here.

Huang Xiaolong even felt the power of darkness and the power of chillingness of the Black King.

However, on the way, Huang Xiaolong has arranged some bans on the formation of the law. These bans should also prevent the Black King and the source from being half an hour.

Half an hour!

Therefore, Huang Xiaolong only has half an hour.

If within half an hour, he could not successfully collect the magic mirror, when the black king and the source arrived, he would be interrupted, then it would be difficult to successfully collect it.

However, the more critical it is, Huang Xiaolong knows that the more he can not be irritated, so Huang Xiaolong's mood is more and more quiet.

Half an hour passed.

I saw two horrible breaths swept over.

It was the black king and the source side, the black prince and the source side rushed to see the unknown mirror that Huang Xiaolong sacrificed, and they could not help but wake up.

"Huang Xiaolong, you want to collect the magic mirror, do your daydream!" The black princess smiled coldly and slammed it out, and the power of darkness and the power of yin and cold rushed to Huang Xiaolong.

The source side also sacrificed a square square like the Rubik's cube, attacking Huang Xiaolong. This is the universe's treasure to the universe. The power is stronger than the boat of the universe.

The Rubik's Cube exudes a variety of radiance, dazzling, and instantly hits Huang Xiaolong.

Faced with the combination of Black Pluto and Rubik's Cube, Huang Xiaolong's body boat flew out and greeted the source's Rubik's Cube. At the same time, the star-shaped dragon tree, the star dragon tree branches continued to fall, the star dragon's gas spurted, protect Living around the body, the four universes of the original source of fire is to protect the Quartet.

Jinyang circle, the blade of death, the three gods, the yin and yang hot wheels, the black magic gun, the ghost stick and other cosmic treasures all fly out.

And Huang Xiaolong continues to collect the magic mirror.

I saw the black princess, the Jinyang circle, the blade of death, the three gods, the yin and yang hot wheels, the black magic gun, the ghost stick and other cosmic treasures were all shaken.

The black prince is in constant power. When it hits Huang Xiaolong, it collides with the sea of fire formed by the four universes. It is surprising that the fire of the four universes is actually frozen!

The four universes are the source of all the dark and chilly nemesis, but now they are frozen by the dark power of the Black King and the power of the cold!

The power of the Black Pluto is on the star dragon enchantment formed by the branches of the Star Dragon Tree. The power of the Star Dragon collapses and the Star Dragon Enchantment bursts!

Black Pluto looks awkward.

Just as the Black King's power broke through the Star Dragon enchantment, the source's Rubik's Cube collided with the ship of the universe. In the sky, the boat of the universe was shaken, and the Rubik's Cube continued to attack Huang Xiaolong, because Huang Xiaolong wanted The mirror of the Mirror is charged, so it is normal to divide only one percent of the force to control the boat of the universe, and the boat of the universe cannot block the opponent's cube.

Seeing the black Pluto and the source of the magic is convenient to hit Huang Xiaolong, suddenly, Huang Xiaolong's body shines, thirteen cosmic light and shadow appear, the black Pluto and the source of the magic square are all on the thirteen cosmic light and shadow.

Bang!

The world is shaking.

The power of the Black Pluto and the source side shattered the infinite space in the space of the Mirror.

Thirteen cosmic light and shadows were also shaken up and down.

Huang Xiaolong's mouth is bleeding.

This is the first time Huang Xiaolong was injured after a fierce battle between the unknown space and the swallowing king.

The black Pluto and the source were shocked to see the thirteen cosmic light around the body of Huang Xiaolong.

Both of them are clear about their own strength. Just a blow, no strength, no object, can they be blocked by the thirteen light groups?

"This is?!" Black King looked shocked at the universe's mystery and laws in the thirteen universe.

Just then, suddenly, the altar trembled over the sky, and the mirror of the Mirror Hall suddenly fell and fell into the hands of Huang Xiaolong.

Huang Xiaolong's heart was pleasantly surprised and finally succeeded in collecting the magic mirror!

Did not think much, Huang Xiaolong put the mirror of the mirror and the nameless mirror into the body.

The black Pluto and the source side saw each other, their body shape flashed, and they caught Huang Xiaolong in tandem.

"Yellow Xiaolong, hand over the magic mirror!" Source side ugly, said: "There is also the little magic mirror handed over, you can't escape!"

He did not expect Huang Xiaolong to be able to charge the mirror of the mirror!

The Mirror House was born many times. He tried countless methods and did not succeed.

Also, what happened to Huang Xiaolong's little magic mirror? In the universe, is there a mirror of two sizes?

Black Pluto did not open his mouth, and his body was covered in the darkness. He stared coldly at Huang Xiaolong.

Huang Xiaolong looked at the black Pluto and the source, and smiled coldly: "Black King, source, now the source of the universe has been obtained by me, I have realized the source of the universe mirror, the breakthrough of the universe is inevitable, you are now If it works for me, then I will be the **** of the universe, and naturally I will not treat you badly. If you block me now, then I will be the **** of the universe, you will die!"

The source side glimpses, and then laughs wildly: "Huang Xiaolong, you can't say anything, even if you get the source universe mirror, how do you really think that you can break through the **** of the universe? The universe has been born for countless years, no one can successfully break through the **** of the universe, Because no one can break through!"

"You don't have to be daydreaming!"

The source side taunted.

In the darkness, the voice of the Black King does not bring a trace of emotion: "Hand over the mirror of the size, otherwise, die!"

Huang Xiaolong laughed: "If that's the case, then fight!"

Even if Black Pluto and the source teamed up, why should he be afraid?

"kill!"

Huang Xiaolong called out the boat of the universe. When he first attacked the source, the source sacrificed the Rubik's Cube, and did not retreat and greet Huang Xiaolong.

Boom!

The boat of the universe and the Rubik's Cube collided again. This time, the source's cube was shaken, and the source was shaken back and forth.

Although the source side is the first master of the source universe, it is still worse than Huang Xiaolong who has learned the thirteen universes and the laws.

At this moment, suddenly, a terrorist force attacked Huang Xiaolong, but Huang Xiaolong did not look at it, but instead took a palm.

Huang Xiaolong and Black Pluto have a direct confrontation.

A cold and extremely powerful force, such as the bones of the bones, instantly surged into the palm of Huang Xiaolong, and swept Huang Xiaolong's body along the palm of Huang Xiaolong.

Huang Xiaolong was shocked and spurred the three worlds. He couldn't force this cold power for a while. Huang Xiaolong never encountered such a horrible chilling power. It's no wonder that even the fires of the four major universes were frozen.

What is the existence of Black Pluto has always been a mystery, because no one has seen its true ontology.

Just when Huang Xiaolong was shocked, the attack of the Black Pluto came again, and the black king became a group of dark light, such as the falling dark meteorite, directly hitting Huang Xiaolong.

The black Pluto attack has not yet arrived, and the horrible power of darkness and the power of chills will completely freeze the space around the body of Huang Xiaolong.

Huang Xiaolong did not dare to care, the universe evolved and ran, and the thirteen cosmic light appeared. At the same time, the left hand and the magic gun, the right hand of the universe, attacked the black prince.

At this moment, the source sacrificed the Rubik's Cube and attacked Huang Xiaolong again.

Huang Xiaolong, the black king, the source side, the three people killed, the surrounding space was smashed, and even the altar of the previous magic mirror was stunned by three people.

In addition to the altar, everything around, it has become a chaos, a void.

Under the intertwined forces of Huang Xiaolong, the cosmic storms of the horror, the darkness of the universe, and the vain light constantly appear. These cosmic storms, black scorpions, and vain light are enough to easily smash many of the 20 billion masters.

The old man, the master of ghosts, the sage of the Buddha, and the 27 billion masters have not yet arrived. As far as billions of miles away, they feel the power of Huang Xiaolong, the Black King, and the source of the three people. .

The Lord of Ghosts, the Buddha and the Emperor are not discolored.

Even the old man is also very dignified.

The weakest Tian Shengren's face is pale: "We, are we going to pass?"

When he just fell, he saw the old man who had made the old man to Huang Xiaolong, the black meditation king, and the source of the three people fluttering in the past. The Buddha saints saw it and took a deep breath: "We have eight people joining hands, what fear! Go! "I immediately flew in the direction of Huang Xiaolong, and the other people followed closely. The Emperor of Heaven had to harden his scalp."

When the Buddha and the Emperor came to the vicinity, they looked at Huang Xiaolong, the black meditation king, and the source side to kill. They all took a breath of air. They saw that Huang Xiaolong was surrounded by three people. There was no sky, no land, no space. Nothing, because under the destruction of the three forces of Huang Xiaolong, all the days, everything, everything is gone.

"What about the mirror?!" Suddenly, someone spoke.

The opening is a master named Shi Di, but it is the source of the universe and the ancestors of the universe. It is one of the top ten masters of the source universe, with a fighting power of 2.9 billion.

Listening to the emperor, the talents found that the mirror inside the mirror was gone.

"Huang Xiaolong took the magic mirror, everyone joined forces and killed Huang Xiaolong!" When everyone was in doubt, suddenly, the source shouted.

The source side said that one stone stirred up thousands of waves, and dozens of masters who came in the inner hall were not surprised, and then looked at Huang Xiaolong.

At this time, the old man's body shape flashed and attacked Huang Xiaolong.

Other masters saw each other and looked at each other. They all joined the battle group and besieged Huang Xiaolong.

Although Huang Xiaolong has three worlds, 2.9 billion fights the power of the world, and has learned the thirteen universes and the laws, but against the black king, the source, the old man, the ghost of the Lord, the Buddha of the Holy King Dozens of masters, still unable to do their best, are in a hurry and are quickly at a disadvantage.

Huang Xiaolong had to fight and retreat, and gradually retreated to the depths of the inner hall of the Mirror Hall.

This battle is a few months.

In a few months, the black king, the source side, the dozens of masters of the old man who died and bite Huang Xiaolong, if not Huang Xiaolong has thirteen cosmic light and shadow protectors, only the body has long been shattered, but even so, Huang Xiaolong was seriously injured, of course, In the past few months, dozens of high-ranking hands of Huang Xiaolong have also been smashed by Huang Xiaolong. For example, the weakest Tiansheng Emperor was beaten by Huang Xiaolong.

Now, what remains is some masters of the 290 billion fighting power.

This battle is extremely fierce.

"Yellow Xiaolong, the front is the magic light of the magic mirror hall, you can not escape! Even if I entered this magic light prison, can not support an hour!" Source side refers to Huang Xiaolong back, cold channel.

I saw behind Huang Xiaolong, there are countless magic lights from the void, these magic lights, all the arms and arms are thick, like a piece of light rain hanging down.

Although Huang Xiaolong has not yet entered, but Huang Xiaolong can feel the terrorist power contained in these magic lights, the source said, I am afraid not to be false.

"Huang Xiaolong, you have no retreat, hand over the size mirror, as long as you hand over the size mirror, I can guarantee that you will leave safely!" The cold voice of the Black King came out.

Huang Xiaolong smiled coldly, did not say anything, turned and entered the prison of magic light.

Soon, the figure of Huang Xiaolong disappeared into the rain of magic light in the prison of magic light.

Seeing that Huang Xiaolong went into the prison of magic light without hesitation, the source changed his face and wanted to stop it. He suddenly rushed into the prison of magic light, but soon, he could not bear the power of those magic lights. I just got out of the wolf.

The black king went in, and it didn't take long to retreat.

The same is true for the old people.

"Damn!" The source was angry and shouted.

The magic mirror is on Huang Xiaolong. Now Huang Xiaolong has entered the prison of magic light. After the magic mirror is left in the prison of magic light, no one can get it!

The old man is also ugly. He travels through countless spaces, and after numerous obstacles, he finally comes to the source universe, in order to break through the **** of the universe. Now, the method of breaking through the universe is interrupted by Huang Xiaolong.

"Huang Xiaolong, you **** thing!" The old man can't help but anger.

Black Pluto did not open his mouth and looked coldly at the disappearance of Huang Xiaolong.

The Buddha saints saw Huang Xiaolong enter the depths of the magic light, but he was relieved.

However, the people did not leave immediately, but remained outside. One day later, the Buddha Saint was emperor to other people: "A day has passed, Huang Xiaolong must have died inside, let us go."

After all, there are other rare children in the Temple of the Mirror, they can't always stay here. Every time they come out, the Mirror Hall is only a few years old. After a few years, it will return to the bottom of the Golden Canyon. So, in the past few years, they have to try to find other treasures.

With the departure of several emperors of the Buddha and the emperor, the emperors and other emperors also left.

In the end, there are only four black kings, the source side, the old man, and the four ghosts.

After another day, the old man, the Lord of Ghosts, left.

Until four days later, the source side said to the black meditation king: "Huang Xiaolong is already dead inside, and then wait, Huang Xiaolong can't live out." Finished, broke away.

However, Black Pluto waited for two more days before leaving.

Huang Xiaolong, who entered the magic light prison, only felt that a horrible giant mountain was on his own body. Huang Xiaolong was running the universe to evolve. The thirteen cosmic light and shadow appeared. At first, the thirteen cosmic light and shadow could block these magic lights, but for a long time, Thirteen cosmic light and shadows are floating.

The power of the destruction of these magic light far exceeds the imagination of Huang Xiaolong. Every magic light is almost comparable to the black king and the source.

Imagine that the Black King and the source team joined forces to attack and continue to blast on Huang Xiaolong. What will happen?

However, when Huang Xiaolong was going to retreat, suddenly, the deepest part of the prison of magic light produced an amazing power of devouring, and Huang Xiaolong swallowed it in the blink of an eye.

When Huang Xiaolong reacted, Huang Xiaolong discovered that he had already arrived in a world of light.

There is light everywhere, nothing else.

It's awkward, it's a bit like when he came from the universe, through the bright waterfall, but unlike the bright waterfall, the light here is a soft light, and Huang Xiaolong discovered that among these lights, there is actually let The unimaginable opportunity of life, the power of life.

It seems that the entire source universe is derived from here? !

Huang Xiaolong tried to fly out here, but found that no matter how he flies, he can't find the end.

In the end, Huang Xiaolong stopped. Since he could not leave, he would enlighten the mirror of the mirror, as long as he understood the origin of the universe and the laws, and then he broke through the **** of the universe and wanted to leave.

So, Huang Xiaolong sat down on the plate and called out the magic mirror and the nameless mirror to begin to meditate.

Blinking, years passed.

The masters who entered the Mirror Hall came out from the Mirror Hall, and the Mirror Hall returned to the bottom of the Golden Canyon.

Black Pluto, the source side, the old man, the ghost of the Lord, the Buddha saints and others looked at the mirror temple and returned to the bottom of the Golden Canyon, and eventually disappeared.

"If Huang Xiaolong does not die in the prison of magic light, he will inevitably die at the bottom of the Golden Canyon Valley. No one can live out from the bottom of the Golden Canyon!" The source side surely turned and then turned away.

The masters of the public also left.

The last one left was the Black Pluto and the old man.

Not long after, Huang Xiaolong was surrounded by the black Pluto, the source and other masters, and the news of the death of the demon in the Temple of the Magic Temple was spread.

"The prison of magic light! Even the source of the adults can not stay in it for an hour, Huang Xiaolong did not come out in the days, it is estimated that even the soul has become a residue!"

"Unfortunately, I heard that the mirror is on Huang Xiaolong. Now the mirror is brought into the prison of magic light by Huang Xiaolong. In this world, no one can get the mirror, no one hopes to break through the universe!"

Huang Xiaolong's death caused a great shock in the source universe. After all, Huang Xiaolong's scene of flying the sage of the Buddha's sage, the Emperor and the Emperor, was so shocking that the masters of the Golden Canyon's millions of creations could not be forgotten.

However, as time went by, Huang Xiaolong was gradually forgotten by the source universe.

The news of the fall of Huang Xiaolong also spread to the unknown space of the thirteen universes.

"What, Huang, Huang Xiaolong is dead?!" The demons heard the news, some did not believe.

"Yes, it is the old man who said it. I heard that Huang Xiaolong was surrounded by dozens of people from the black master and the first master of the source universe. Finally, he entered a place of magic light prison, that place, even the black prince I can't stay for an hour, and Huang Xiaolong didn't come out for a few days." The green ghost looked complicated: "It's a pity!"

The fierce face is cloudy and sunny.

Huang Xiaolong is still in his unknown space, and there are thirteen hopes for the universe. If Huang Xiaolong is dead, who will stop the cosmic family in the future?

"There is still a bad news." The green ghost hesitated a moment and said: "I heard that the Black Phantom found the source of the universe in the magic mirror hall of the source universe! And it is two!"

"What?!" The fierce face changed completely.

Black Pluto has found the source of the universe! And it's two!

"However, I heard that the cosmic family has broken out and smashed a big battle, and something went wrong. Therefore, the black prince ordered the re-refining of the catastrophe, and increased the power of the cosmic annihilation. Therefore, the black prince must operate. The universe is shattered and looted, at least millions of years," said the Green Ghost.

Something went wrong, of course, Huang Xiaolong moved his hands on the refining of the big runes.

"Millions of years." The fierce demon sighed: "So, we can only live for millions of years? Everything in the thirteen universes will be turned into nothing at all?!"

The green ghost nodded: "I heard that the old man of the creation has already made all the masters of the creation space to the black king."

For millions of years, the blink of an eye will pass.

The re-refined universe of the Black Pluto was destroyed and the refinement was completed, and its power was twice as powerful as before.

On this day, all the masters of the unknown space saw that the space in front suddenly collapsed, and the power of destruction swept through all corners of the unknown space.

The fierce demon stands above the magical capital and glares at the void: "Black King, do you think that you will push the universe to destroy and destroy all the vitality of the thirteen universes, you can break through the **** of the universe? Don't dream, you can never live forever Break through the **** of the universe!"

In the void, the black king was shrouded in the darkness, and the black prince smiled coldly: "This time, I got two cosmic source stones. The universe is twice as powerful as the catastrophe. I will definitely break through the **** of the universe. Unfortunately, the demons, you can no longer see the day I broke through the **** of the universe!"

After that, it increased the power of the universe to destroy the big squad. Suddenly, the space of the magical space collapsed, and everything in the magical capital was turned into powder, while the evil spirits, the green ghost, the dragon tyrant, the death god, Zhu Chen and others were also The universe was shattered and robbed, and finally the whole body collapsed and turned into a light source of life. Together with the soul, it was sucked into the universe.

Not long after, the sword is unparalleled, Tao Haner and others have unknown space. All the masters of the land are annihilated and swallowed clean.

"Under the black king, the unknown space has been wiped out, and we are going to destroy the first universe?" A master of the universe asked Black King.

The black king indulged and said: "I heard that Huang Xiaolong's master, his family, and his women are all in the dragon universe, right?"

"Yes, we found out that Huang Xiaolong's master, family, all his women are in the dragon universe." The cosmic master replied respectfully.

Black Pluto sneered: "In order to show respect for Huang Xiaolong, we will destroy the dragon universe first. I have to personally go through the dragon universe and pinch the women of Huang Xiaolong one by one!"

If it weren't for Huang Xiaolong, the Mirror of the Mirror may have been earned by him.

"Yes! Under the black king!"

Immediately, Black Pluto personally led the masters of the universe to the dragon universe, the universe broke and smashed, and one big world after the dragon universe was annihilated. The dragon universe fell into despair, panic, beg for mercy, crying, miserable Called in.

Finally, the Black King and the cosmic masters came before the world of burial.

In the world of burial souls, Pangu, Huanglong, Long, Huang Peng, Su Yan, Huang Jiyuan, Wang Meilan, and Shi Xiaoying, Li Wei, Yao Chi, etc. are all looking at the cosmic masters outside the world of burial.

Black Pluto said: "You think you can hide in this natural world, I can't destroy you?" After that, raising a fist, just a punch, will smash the defense of the world of burial, the whole world of burial , shaking violently. As soon as the Black Pluto stepped, he entered the world of burial souls.

The masters of the universe swarmed in.

Pangu and other people are all shocked.

The black prince held his hand and scorned Pangu, Long, Huanglong and others: "You are the master of Huang Xiaolong, father? Mother?" Finally, the eyes fell on Shi Xiaoying, Li Wei, Yao Chi and all the women: "There are Huang Xiaolong's woman?"

"Huang Xiaolong's taste is so bad, even some of the creation gods are not rubbish, they are all interested." Black King taunted.

Shi Xiaoying, Li Wei, Yao Chi, although the looks are beautiful, but even the creation of God is not, in the eyes of the Black King, it is rubbish.

Such a woman is not qualified to wash his feet under the hands of his disciples.

Pangu Zhuang said: "You are the cosmic family of the Black King? If you destroy the thirteen universes, absorb the thirteen universes, you can't break through the **** of the universe, and finally break through the **** of the universe, it must be my disciple Huang Xiaolong!"

The black Pluto heard the words and snorted: "Your disciple, Huang Xiaolong? Tell you, as long as millions of years ago, Huang Xiaolong was already dead."

"What?!" Pangu, Huanglong, Long and others have changed color.

Shi Xiaoying, Li Wei, and Yaochi are even more disappointing.

"No, impossible! The dragon can't die!" Shi Xiaozhen immediately shed tears.

"Impossible?" Black King sneered: "A few million years ago, Huang Xiaolong and I, as well as the old man, entered the source universe, and later in the source universe mirror, and we robbed the mirror, we were dozens of broken two One hundred and seven billion fighting masters were killed, and finally, Huang Xiaolong escaped into the magic mirror of the magic mirror!"

"The place where the magic light is in prison, even I can't stay in it for an hour, but Huang Xiaolong has not come out in it for a few days!"

The voice of the Black Pluto reverberates in the world of the burial soul world.

Shi Xiaoying, Li Wei, and Yaochi's daughters were swaying and swaying.

Although Huang Xiaolong did not return in these years, Huang Xiaolong has always been the day of all women.

Now, the day is gone!

"You fart!" Pangu yelled at the Black King: "The dragon can't die! He has three worlds, he is the only one in ancient times, can't die!"

The black prince saw it, sneered, and pointed at it, then he saw the Pangu burst open and turned into a golden blood fog. The black meditation king reached out and held the Pangu soul in his hand.

"Pang Gu brother!" Huang Long, Long and other people sorrow.

Black Pluto looks at the ancient soul of the Pangu, cold and cold: "Where it is against me, all will die, Huang Xiaolong is no exception, you are no exception, but killing you such a small ant is dirty my hand, if not Seeing that you are Master Huang Xiaolong, I am too lazy to look at it like a small ant like you."

After that, throw the Pangu Dao soul into the universe and destroy it.

The dragon and the dragon are in anger, and they want to fight with the black prince. However, they are all shot by the black prince, and then the soul is thrown into the universe.

The black Pluto was concocted, and Huang Peng, Su Yan, Huang Jiyan, Wang Meilan and others were pinched and killed. Finally, only Shi Xiaoying, Li Wei, and Yao Chi were left.

Black Pluto looked at Shi Xiaoying, Li Wei, and Yaochi all the girls. Suddenly said: "It's a good thing to look good. It's a pity to kill you." Then he showed a cold smile and said behind him: "Bring them all

back." The cosmos of the universe, according to the merits, they will be rewarded to the disciples of the cosmic family as a warm bed maid."

Warm bed maid!

Shi Xiaoying, Li Wei, Yao Chi, the female flowers changed greatly, and the young women wanted to blew themselves up, but found that the whole body could not move, and the body was not at their disposal.

At this time, at the bottom of the Golden Canyon Valley, in the space of the Mirror of the Mirror, Huang Xiaolong sat in the hollow of the sky, and the light rushed. The thirteen cosmic light around the body was entangled up and down, overhead, and the mirror of the size exudes radiance. At this time, Huang Xiaolong is undergoing a dramatic transformation.

The power of the big world in the three worlds of Huang Xiaolong, tumbling, roaring, and suddenly blasting, the power of the original golden world turned into a vain color!

The Xiaolong's Three Avenues of Soul also grew up. In the end, Huang Xiaolong drifted out of the body and merged with the entire Magic Mirror Hall. No, exactly, it is integrated with the whole universe!

The cosmic mystery and the law of the universe are condensed in front of Huang Xiaolong, and finally, they are condensed into a light and shadow, a light and shadow than the thirteen universe!

Source cosmic light and shadow!

A total of fourteen cosmic light and shadow!

When the fourteen cosmic light and shadow gathered, a horrible force swept the world, the space of the mirror temple vibrated, and then the entire golden valley bottom shock!

Then, the entire desert where the Golden Canyon is located is shaking!

Finally, one after another, the earth around the desert is shaking.

"What happened?!" Within the hall, the Lord of Ghosts was alarmed and flew out.

"Master, it seems to be the Golden Canyon! The Golden Canyon has an accident!" His disciple stared into the distant sky, not sure.

Golden Canyon? The Lord of Ghosts is horrified.

The vibration constantly fluctuated into the space. Soon, all the strong people in the source universe felt the shocking power of this horror.

Finally, the vibration spreads out the source universe, penetrates the three thousand natural walls, and then passes to the thirteen universes.

The thirteen universes and the powerful ones of the universe have felt this amazing vibrational power.

Finally, the vibration reached the dragon universe and passed to the world of burial.

The black king was wrong, looked up at the sky, his eyes were astonished.

"What is going on here?" The cosmic masters looked at each other and could not understand.

After a while, the vibration suddenly disappeared.

Huang Xiaolong, who was far away from the source universe, suddenly opened his eyes. Then, his body flashed and disappeared directly into the Golden Canyon. When he appeared again, he came to the Dragon Universe!

Come directly from the source universe to the dragon universe!

If the source sees it, it will be full of horror.

Huang Xiaolong came to the dragon universe, covered with souls, cold eyes and a step, and came to the world of burial.

At this time, the Black King is about to be with the masters of the universe and escorted to Xiao Xiao, Li Wei, Yao Chi, the girls left the world of burial, and the black prince turned around and suddenly found someone standing in front of him, silent, could not help but scare One jump.

"Huang Xiaolong?!" When Black Pluto saw the people in front of him, he was shocked and unbelievable, thinking that he was wrong.

Isn't Huang Xiaolong dead in the magic mirror of the magic light prison?

How come suddenly?

Shi Xiaoying, Li Wei, and Yaochi were desperate in the hearts of the women. Suddenly they heard the black screaming screaming, the whole body was shocked, and they all looked up, and then saw the familiar and long-lasting face of Huang Xiaolong.

"Huang Xiaolong!" Shi Xiaowei, Li Wei, Yaochi all the girls smiled and cried.

Black Pluto looked at Huang Xiaolong in front of him and suddenly laughed: "Huang Xiaolong, I didn't expect you to die in the magic light of the Devil's Temple, what? You want to save your woman? I originally planned to bring your woman back. I will be rewarded to the disciples of the universe!"

Although Huang Xiaolong appeared, but he did not care too much, Huang Xiaolong's strength may be better than him, but it is not much stronger.

However, at this moment, suddenly, when Huang Xiaolong reached out, he pinched the neck of the Black King in the darkness, pinched it tightly, and then squatted in front of himself.

The black Pluto eyes stood out and looked at Huang Xiaolong in horror. He was stunned for a while.

How could he be? !

He couldn't understand, how could he suddenly be pinched by Huang Xiaolong? And he can't resist? Just like he used to hold some small ants, can the little ants simply resist? !

"You, are you already?!"

The masters of the universe are even more scared.

Huang Xiaolong looked at the pale face of Black Pluto, his eyes indifferent: "You guessed it right, I have broken through the **** of the universe."

"No, impossible!" Black King eats: "It can't be you, impossible!"

He has worked hard for countless years to break through the gods of the universe. He has fantasized many times to imagine the moment he broke through the **** of the universe. Even if someone breaks through the **** of the universe, that is him!

Huang Xiaolong heard that he was too lazy to talk nonsense with the Black King. He directly grasped the black king and smashed it. He wanted to flee. He was randomly pointed by Huang Xiaolong and exploded into countless pieces.

Then, Huang Xiaolong's eyes flashed, and he saw that countless masters of the universe had turned into nothingness and dissipated between heaven and earth.

Shi Xiaoying, Li Wei, Yaochi all the women were loose, surprised, rushed to Huang Xiaolong, and put in Huang Xiaolong's arms, crying.

"Xiaolong, father, Master, they have all been killed by the black prince!" Shi Xiaoyan cried.

"Nothing." Huang Xiaolong consoled, and then took a photo of the sky, and Huang Hong, Pangu, Long, Huang Peng, Su Yan, Huang Jiyuan, Wang Meilan and other human souls were rescued from the universe, and then Huang Xiaolong breathed a sigh of relief. Then, I saw Pangu, the dragon and other people recovered, and completely recovered.

Shi Xiaoying, Li Wei, and Yao Chi are all beautiful.

"Xiaolong, you are back!" Huang Long, Pangu, Long and others recovered. Seeing Huang Xiaolong, they are all overjoyed. Just now Huang Xiaolong extinguished the Black Pluto, and they saw it clearly in the bursting of the universe.

"Father, mother, master!" Huang Xiaolong said with a smile: "I am back."

"It's good to come back, just come back!" Huang Peng laughed.

Wang Meilan glared at Huang Xiaolong: "You stinky boy, come back this time, will not leave again."

Su Yan also said: "Yes, this time, you can no longer leave, you have to Xiao Xiao, Li Wei, Yao Chi, they gave us a lot of small dolls."

Everyone laughed.

Shi Xiaowei, Li Wei, Yao Chi all women are full of shame.

"Reassured, this time, I will not leave again." Huang Xiaolong looked at Shi Xiaoying, Li Wei, Yao Chi, and looked at the unscrupulous eyes: "We will work hard tonight!"
