Chapter 3763: Finale (sequel)

Su Yan, Wang Meilan listened to Huang Xiaolong saying that she worked hard tonight, and all of them showed a smile.

"Bad boy, this is what you said." Su Yan smiled at Huang Xiaolong: "If you don't try to give us a bunch of grandchildren, we can't spare you."

Huang Xiaolong smiled and said: "Mothers are relieved, when they are young, Li Wei, Yao Chi, they have ten lives!"

Everyone, give birth to ten!

Shi Xiaowei, Li Wei, and Yaochi were shocked. They thought about how Huang Xiaolong would treat them tonight, and they could not help but blush.

At this time, I listened to Wang Meilan laughing: "Every ten people are enough, each person must have twenty!"

Shi Xiaoying, Li Wei, and Yaochi have a sense of fainting.

Huang Long, Huang Peng, Huang Jiyuan, several people smiled and smiled.

Huang Xiaolong had to laugh: "Okay, everyone, twenty!" Then gave Shi Xiaoying, Li Wei, Yaochi all the girls, even the eyelids, Shi Xiaoying, Li Wei, Yaochi women can not help but blush the neck.

"Little Dragon, Dragon Universe, in addition to the world of burial, other big worlds have been annihilated by the Black Pluto, you see?" The dragon hesitated, to Huang Xiaolong.

"Master, rest assured." Huang Xiaolong said, with a wave of his hands, I saw the vitality of the devour of the universe in the bursting of the robbery, and under the hands of Huang Xiaolong, wherever the

vitality passed, everything recovered, everything recovered, one The big world that was originally annihilated is rebuilt, one by one, and one holy place re-aggregates and generates.

The mountains and rivers, the beasts, and the people within the big world are all condensed and recovered, no different from before.

Soon, the dragon universe was fully restored.

Dragon, Huanglong, Pangu, and Shi Xiaoying, Li Wei's girls looked at this magical scene and they all widened their eyes.

"This, the realm of the universe, is too much for his mother's rebellion." Pangu could not help but say.

Huang Xiaolong smiled and said: "The next fourteen universes, I am the heavens, the fourteen universes, all born and destroyed in my mind."

Pangu swallowing: "Little dragon, if you say that, is that what we need, can you create it?"

Huang Xiaolong stunned and then smiled: "You can say that."

He dominates the fourteen universe, and what he wants to create, an idea is enough.

Huang Long, Long and others heard that they were shocked and could not speak.

Can anything be created?

Isn't that what they want, can they be realized?

Huang Xiaolong looked at Huanglong, Long, and smiled: "Father, Master, what are your wishes in the future, as long as it is not against Tianhe, I can help you."

Huang Long, the dragon is the inner madness, can Huang Xiaolong still see through other people's inner thoughts?

Huang Xiaolong smiled and smiled at Huanglong, Long, Pangu, and Shi Xiaoying, Li Wei, and Yaochi. "The unknown space was also annihilated by the Black King. I am going to an unknown space now."

Shi Xiaoying, Li Wei, Yaochi, all the women heard the words, their faces changed.

"Little dragon, you, have to leave?" Shi Xiaoyu said in a hurry.

Huang Xiaolong sees Xiao Xiao, Li Wei, Yao Chi, the female goddess, knows the thoughts of the women, smiles: "Reassured, not very long, I will come back soon, up to an hour."

Then the tone turned and smiled: "I promised my mother, they have to work hard tonight."

The next sentence of Huang Xiaolong, let Shi Xiaoying, Li Wei, Yaochi women are reddened.

Under the eyes of Shi Xiaoying, Li Wei, and Yaochi's despised eyes, Huang Xiaolong smiled and his body shape flashed. He disappeared from the dragon universe. At a moment, he had already come to the end of the first universe, the place where the space was originally unknown.

I saw the original unknown space, which has already collapsed and broken. Within the space, all the vitality dissipated, only the dead air, and the **** smell left after the annihilation of the universe.

Huang Xiaolong waved with one hand, and the ray of light shrouded from the void, and saw the broken unknown space began to pick up, repair, and finally recover.

Then, Huang Xiaolong broke the universe and the original life belongs to the fierce demon, green ghost, dragon tyrant, death god, Zhu Chen, sword unparalleled, Tao Haner and other people's vitality.

Huang Xiaolong's finger bounces, the land of the magic in the unknown space, endless earth, and Zhu Xi's land is restored one by one.

It's like changing magic, everything that disappears, returning again, recovering.

Subsequently, all the mountains above the earth, all creatures, also appeared one by one, and finally, the evil spirits, the green ghost, the dragon tyrant, the death god, the sword unparalleled, Tao Haner and others resurrected one by one.

The evil spirits, the green ghost, the dragon tyrant, the death god, the sword unparalleled, Tao Haner and all the strong people in the unknown space are resurrected, all of them are unbelievable.

"We, come alive?!" The green ghost looked up and down at his body, and left and right.

"Yes, you have come alive." A voice rang out, and everyone looked at it and saw Huang Xiaolong not knowing when it appeared in front of everyone.

The fierce demon saw Huang Xiaolong, even if he bowed his thanks: "The fierce devil thanked the **** of the universe, thank you for the resurrection of the **** of the universe!"

Green ghost, dragon tyrant, death god, sword unparalleled and so on, all come back to God, sorrowful thanks to Huang Xiaolong.

Their souls were in the bursting of the universe, and they saw Huang Xiaolong killing the Black King.

Huang Xiaolong let everyone get up.

When this [.] , Tao Haner screamed Huang Xiaolong with a sigh of relief: "Adult."

Huang Xiaolong looked at Tao Haner and suddenly smiled: "Han, wait, will you and I go to the Dragon Universe?"

Now, breaking through the **** of the universe, Huang Xiaolong has figured out a lot of things.

"Go to the dragon universe!" Tao Haner stunned, and then excited, happy, nodded.

"You are waiting for me here, I am going to a source of the universe." Huang Xiaolong saw Tao Haner nodded and promised, then laughed, and then stepped through the three thousand natural walls and returned to the source universe. In that year, he However, after numerous obstacles, it came to the source universe. Now, it is only between thoughts.

After coming to the source universe, Huang Xiaolong covered the soul, and soon found the source, the ghost of the Lord, the Buddha and the emperor and other people, cold smile, then came to the source and other people.

At this time, the source of the temple, lively and extraordinary, the source is holding a feast, feasting the source of the universe.

Millions of years ago, the Temple of the Mirror was born. The source was in the Mirror Hall. It was realized that there was no merit, and the strength of the millions of years was improved. The source only felt that the **** of the universe was hopeful. Next, so set a feast.

On the feast, the Lord of the Ghosts congratulates the source, and respectfully laughs and said: "Congratulations to the source of the adults to realize that there is no way to practice. After the source of the adults break through the universe, it is bound to unify the universe!"

The Buddha and the Emperor also stood up and raised their glasses to congratulate the source and please.

The source party laughed happily: "According to the good words of all of you, I will break through the **** of the universe in the future, and I will inevitably benefit you."

The emperor of the ancestors stood up and said: "I heard that after the black king returned, he used the two sources of the universe to arrange the universe to destroy the big squad, and to squeeze out the thirteen universes, in an attempt to break through the universe."

The source heard the words, and snorted and laughed: "The black king is stupid. These are just external forces. Even if he has exhausted thirteen universes in countless times, he will not be able to break through the **** of the universe. If he wants to break through the **** of the universe, Only like me, the enlightenment is no better, then the breakthrough."

Just in the source, suddenly, a sneer came: "Like you? Source, do you think you can break through the universe?"

The source listened to this familiar voice and was shocked. He stood up from the throne, and the Lord of Ghosts, the Buddha and the Emperor of the Buddha stood up and looked out of the hall. He saw a young man from the outside of the temple. Step by step.

It is Huang Xiaolong!

"Huang Xiaolong, you, not dead?!" The first reaction of the source is that Huang Xiaolong did not die in the prison of magic light!

"I said, you will kill me on the same day, I will break through the **** of the universe in the future, you will die!" Huang Xiaolong said indifferently.

Huang Xiaolong walked into the hall.

The source heard the words, and smiled and said: "Huang Xiaolong, listen to your tone, just like you broke through the **** of the universe?" The magic mirror hall was only a million years old, and he certainly does not believe that Huang Xiaolong has broken through the **** of the universe.

Speaking of this, he walked down the throne and walked to Huang Xiaolong: "In the temple of the Mirror, we can kill you, and today we can kill you. Even if there is no black king and old man, we can kill you too! "

His eyes showed that the Lord of Ghosts, the Buddha and the Emperor and the Emperor all surrounded Huang Xiaolong.

Then, the source side opened the big array in his hall, and the big array of light shone, completely covering Huang Xiaolong.

The source side is big.

"Huang Xiaolong." When the source wanted to open, Huang Xiaolong suddenly reached out and directly took a palm, and then took the source into the underground of the hall.

The hall collapsed.

The Lord of Ghosts, the Buddha and the Emperor, and other sources ordered the shot, and suddenly they saw the source being photographed by Huang Xiaolong into the ground, and they were all stupid.

Before Huang Xiaolong came to the hole, he looked down at the source of the underground: "What did you want to say?"

The source of the mouth is sprayed with blood, the whole body is blood, and the eyes are cracked. Just Huang Xiaolong's palm has completely broken his heart and broken the road, and even the big world has been broken.

He looked at Huang Xiaolong with fear and fear: "You, you already?!"

Huang Xiaolong is indifferent: "Just just now, Black Pluto has been destroyed by me."

The source of the whole body trembled, the Lord of the Ghosts, the Buddha and the Emperor and others were scared of their legs.

"What else do you want to say?" Huang Xiaolong looked down on the source.

The source party smiled miserly: "If you want to kill, you will kill, do you think I will ask you for mercy? Funny!"

Huang Xiaolong took a hand and printed it directly.

The whole earth is shaking.

The source was printed by Huang Xiaolong, and it was printed in the deepest part of the deepest part of the earth. The flesh, the soul, and the furniture were all blown up. As for other scum, it stayed in the deepest part of the earth forever.

"Nothing is ridiculous." Huang Xiaolong looked at the source of the source indifferently: "You feel ridiculous, I don't feel ridiculous."

The Lord of Ghosts, the Buddha and the Emperor and others saw the situation, all of them scared the urine, all crouched down.

"The **** of the universe, forgive me!"

"We are willing to work for you, we are wrong!"

The Lord of Ghosts, the masters of the Buddha and the Emperor, burst into tears, and even if they were stupid, they also guessed that Huang Xiaolong had broken through the **** of the universe.

Huang Xiaolong is indifferent: "On the same day, you are killing me, you have to **** the mirror of the size, why give me a chance?"

The Lord of Ghosts, the Buddha and the Emperor of the Buddha heard the murder of Huang Xiaolong's words, and they were scared to fly away. However, before they got up, they were taken by Huang Xiaolong and all shot into the deepest part of the earth, just like the source. The soul of the Tao, the heart of the heart, the body is gone, only some debris is left.

Solved the source side, the ghost of the Lord, the Buddha saints and others, Huang Xiaolong did not stay more, leaving the source universe, but after leaving the source universe, Huang Xiaolong did not immediately return to the dragon universe, but went to the universe After that.

Although Huang Xiaolong had killed the black prince before, but at that time Bai Yuwang, and the old man of creation was not present, Bai Yuwang and the old man of creation were in the universe.

Half an hour later, Huang Xiaolong solved the White Feather King and returned to the Dragon Universe after the creation of the old cosmic family. In the evening, in the palace of the burial soul world, the spring full hall, Huang Xiaolong exhibited the **** of the universe, the women were miserable. Calling again and again, begging for mercy...
