

Invincible Conqueror Chapter 427: Congratulations to the less master

The maid respectfully took the lead, then turned and left to go to the general manager Tan An.

Peng Zhuang sat in the hall and waited quietly.

After a while, the maid came back.

"Tan An?" Peng Zhuang saw the maid return, but did not see Tan An, could not help but ask.

The maid replied respectfully: "Returning to the city owner, Tan An is not in charge, I don't know where to go."

Peng Zhuang brow wrinkled, not? Impossible, Tan Anruo will leave the city's main government, and will definitely be clear to himself. Peng Zhuang thinks more, and the more he feels in his heart, he will come up with a message.

However, after Yufu's communication, for a long time, Tan An's reply was not seen.

There was a bad feeling in Peng Zhuang's heart. He stood up and went to Tan's residence.

"Last night, did Tan An's manager tell you where he went?" When he came to Tan's residence, Peng Zhuang asked Tan An's maid.

Tan An's side of the maid shook his head: "Returning to the city owner, no, yes, last night Li Feng came to the general manager."

"Li Feng." Peng Zhuang.

"Yes, they later drank in the backyard, as if they hadn't come out." The maid replied respectfully.

Peng Zhuang heard the words and rushed to the backyard and came to the backyard. When he came to the backyard, he saw the backyard stone pavilion collapsed. The surrounding trees were all uprooted. Pengzhuang saw the backyard wolf-like appearance and his heart sank.

Obviously, after a fierce battle, the backyard will look like this.

However, last night, the people in the city government did not feel the fluctuation of power here? ! And even a little voice didn't hear it? !

Peng Zhuang took out Yu Fu and contacted Li Feng. Sure enough, Li Feng also did not reply.

Peng Zhuang's face is gloomy as water, even if it is a pig and a beast, knowing with the ass, Tan An and Li Feng have an accident!

"Transfer orders, block the city, find suspicious people, quick report!" Peng Zhuang turned to the side of the guards roaring.

The guard has never seen the city owner so angry, scared face white, panic and respectful.

At this time, Huang Xiaolong is flying tens of thousands of miles away from Baozhou City. The speed of the figure is as fast as the sky, and there is no sound.

Because of the safety of the heart, Xiao Huanglong did not care to disturb the Quartet, and flew directly across the city.

Huang Xiaolong's move naturally attracted the attention of some strong people in the city's sanctuary. Some even wanted to go to the front to stop Huang Xiaolong, but when these Sanctuary strongmen saw the flight speed of Huang Xiaolong, they were scared far away.

Huang Xiaolong is constantly approaching the Qiankun Shenjiao headquarters.

However, the scope of the Qiankun Divine Church is too large, and the state of control alone has reached more than 200. The area of influence is about ten times that of Shuramen now.

The Qiankun Divine Headquarters is in the center of the Qiankun Divine Power Range. Therefore, Huang Xiaolong must rush from Baozhou to the Qiankun Divine Headquarters. He must pass through eleven states to get to the Qiankun Divine Headquarters.

Huang Xiaolong flew quickly, and his heart burned like a fire.

Shi Xiaoying came to the nebula mainland because of her own. If she really did something, Huang Xiaolong would regret his life and how to face the brothers and Brahma?

"Xie Hui!" Huang Xiaolong's eyes are twinkling, and his body is getting more and more intense.

If Shi Xiaoxiao had something wrong this time, he would kill him!

Let the blood of the Qiankun Divine Headquarters flow into a river!

Since Xie Chao, the teacher of Qiankun God, is not there, he has nothing to worry about.

"Xie Chao, I hope your son has not made a big mistake yet, otherwise!" Huang Xiaolong's eyes are cold, if the release of Xiaoxiao is really an accident, and that Xie Chao ruined the chastity, then he does not mind let Xie Chao and the temple elders The same, become a tonic for the poison carcass beetle!

Anyway, 13 years later, on the arrival of the Wu contest, Huang Xiaolong will have a battle with Xie Chao sooner or later. At that time, Xie Chao will not let himself go. Therefore, Huang Xiaolong has no worries now.

Ten days later, Huang Xiaolong fell down in a barren hill. After he fell down, he swallowed a dragon **** Dan directly. The life of the soul was instantly restored, and the consumption of the holy spirit quickly recovered and continued on the road.

In these ten days, Huang Xiaolong never stopped, it was night, and he also rushed through the air.

When he left the main city of Baozhou City, Xie Hui returned to the Qiankun Divine Headquarters with Shi Xiaoxiao 13 days ago. According to Huang Xiaolong's estimation, he should be able to catch up with the Qiankun Shenjiao headquarters at his full speed. Xie Hui and others returned to the headquarters of Qiankun Shenjiao.

Two more days passed.

Huang Xiaolong stopped over a sea island.

"This is Yongqinghai." Huang Xiaolong took the map of the Nebula continent and looked at it for a while. He said to himself: "After the past, it is Lingwu."

The Qiankun Divine Headquarters is located in Lingwu.

Huang Xiaolong looked at the sky, at this time, the sky was high, the moon was pouring over the earth, a piece of white, all ugly, and sin seemed to be covered up in this moonlight.

"Tomorrow morning, it should be able to arrive." Huang Xiaolong then said to himself.

tomorrow!

Huang Xiaolong's figure flashed and disappeared in the air.

Lingwuzhou is the largest and most prosperous state in the nebula continent. Of course, it is also the most famous state in the nebula continent.

Without it, because the nebula mainland's first super power Qiankun Shenjiao headquarters, is in Lingwu.

In the eastern part of Lingwu Prefecture, there is a vast plain called the Holy Land Plain.

There is an ancient legend in this plain of the Holy Land. In the ancient times, there was a **** who came to this plain. The gods came and saw the plains. The two countries fought and the blood flowed, and they stopped.

Later, no other forces dared to kill on this plain.

This plain was called the plain of the Holy Land by the descendants, and it is the holy land of the Terran, Orc, and the Yaozu.

The Grand Canal of the Qiankun Gods is located in the plain of the Holy Land, above the plain of the Holy Land, and stands a huge city. This is the Qiankun City.

At this time, in the city of Qiankun, people come and go, the lights are bright, and the noise is extremely high.

Inside the hall of the main city of Qiankun City, there was a laughter.

Above the hall, sitting on a young man wearing a platinum robes, the young man's eyebrows have a faint mysterious seal, similar to the dragon symbol of Huang Xiaolong's eyebrows. This young man is the **** of the gods. Hui.

Unlike other patriarchal gates, big family owners, and imperial emperors, Xun Chao, the **** of religion, has only one son, Xie Hui!

Xie Hui, the master of this religion, no one knows his martial arts, and no one knows its true strength, because everyone who knows is dead and died under his sword!

Xie Hui has never lost.

Therefore, it has an extremely loud name in the nebula mainland, unbeaten war god.

On both sides of the hall, sitting on the gods and gods.

"Congratulations to the less-minded master, to be married tomorrow." A white-haired old man sitting next to Xie Hui raised his toast and smiled: "There are only beautiful people like Shi Xiaoying who can deserve less education!"

This white-haired old man is Chen Xiaofeng, one of the four great guardians of Qiankun.

Another law-abiding law also laughed: "The interpretation of Xiao Xiao can marry the less-teacher, but it is the blessing of his life. It is her great fortune to be able to see her."

Everyone laughed. (To be continued. Please search for astronomical literature, the novel is better and faster!)
