

Invincible Conqueror Chapter 430:

Report less masters

Huang Xiaolong is constantly approaching the main city of Qiankun City.

However, the South Gate incident has apparently alarmed the disciples of the Qiankun gods. I saw that countless Qiankun disciples in the city of Qiankun are constantly coming from Huang Xiaolong.

Originally, in the city of Qiankun, the bustling, busy, festive, but the strong parties, civilians, pedestrians see countless Qiankun disciples, rushed in one direction, all were shocked, not surprised, soon, street empty No one.

Huang Xiaolong sensed the countless Qiankun disciples who came from all directions, and his face was indifferent. He still went straight to the main city of Qiankun City.

The main city of Qiankun City.

"What? Someone forced the South Gate? Killed more than 300 Qiankun disciples in our South Gate?!" Chen Xiaofeng couldn't believe to look at a deacon who came to report to him.

Someone dared to come to Qiankun City and kill the disciples of Qiankun!

This is the first time that Qiankun Shenjiao has been teaching this kind of thing for thousands of years!

Chen Xiaofeng is the guardian of the Qiankun gods, and his duty is to guard the Qiankun City. Therefore, this happened, and the deacon of the gods and gods first reported to him.

"Yes, protect the law, then you look at this matter, do you want to report to the lesser master?" The deacon respectfully said.

Chen Xiaofeng waved his hand and said: "Some little things, you don't have to report to the lesser masters, and disturb the lesser masters!" When it comes to this, Chen Xiaofeng's eyes are flashing in the eyes: "Someone dare to come to Qiankun City to kill

me." It's just self-destruction. Don't kill the other person, take the other person down, ask his family, Zongmen, I want to destroy his nine!"

"Yes, protect the law!" the deacon respectfully said.

However, the other party dared to come to Qiankun to teach murder, there should be some strength, Chen Xiaofeng thought about it, let the two sacred strongmen in the past look.

"Remember, be sure to take the other party down!" Chen Xiaofeng's opponents under the two Sanctuary strong channels: "If you let the other party escape, you know the consequences!"

"Please protect the adults of the law!" The two respected it.

Chen Xiaofeng waved his hand.

The two of them performed a ceremony and their body shape flashed and disappeared.

At this time, countless Qiankun disciples who had come over had left Huang Xiaolong unsettled, heaven and earth, and black.

Qiankun City is the headquarters of Qiankun Shenjiao. There are no two million and one million disciples in the city. The Qiankun disciples who can stay in Qiankun City are all innate and strong.

Millions of innate!

It can be seen that the power and strength of Qiankun Shenjiao have reached an astonishing degree!

Huang Xiaolong looked coldly at the countless disciples who had surrounded him and continued to move forward.

Suddenly, a Qiankun **** disciple flew up and smothered Huang Xiaolong with a sword. Then, the disciples around the Qiankun gods flew up and shot at Huang Xiaolong.

When Huang Xiaolong saw it, the gas of the sea was running, and the air of Shura pervaded the body. When these Qiangkang disciples approached, suddenly, the Shura gas around the body of Huang Xiaolong was like a flood hurricane, swept to the four sides, drowning, and the power of terror was directly All the disciples of the Qiankun Gods are flying around.

Numerous Qiankun disciples have fallen into the streets.

The building collapsed.

Blood stained a street.

The lanterns that were originally hung around the street were all destroyed. The body of Huang Xiaolong was centered, and within a thousand feet, all became ruins.

Tens of thousands of Qiankun gods congenital disciples, die!

When the sun was shining, there was a sudden cold wind.

Huang Xiaolong was indifferent and continued to travel to the main city of Qiankun City.

However, Huang Xiaolong had not been far behind, and he was surrounded by a group of Qiankun disciples who continued to rush.

Another burst of blood and rain.

Huang Xiaolong has already remembered how many waves of disciples and disciples have been killed.

For these Qiang Kun disciples, Huang Xiaolong is not soft.

Master has been mad at me for decades. The Qiankun gods occupy the sixteen states of Shuramen, and the Shuramen disciples who died in the hands of the disciples of the Qiankun gods, there are no million, there are millions!

Huang Xiaolong step by step and keeps approaching the main city of Qiankun City. The air of Shura is filled with air, and his eyes are red and bloody. The air of killing makes the black space around the space!

Under the hot sun, the black snow flies, this scene is extremely strange.

"The fire gun!"

"Aeolus legs!"

Just as Huang Xiaolong kept approaching the main city of Qiankun City, suddenly, an extremely fierce gunshot broke through the air. As a result, countless leg shadows swept a heavy hurricane and slammed it to Huang Xiaolong.

Two figures broke through the air

Sanctuary. Huang Xiaolong looked at the two figures that were coming from the air at a rapid speed. With a wave of his hands, countless palm prints broke out, and the other gunshots and leg shadows were scattered. Then, the figure disappeared and appeared again. Arrived in front of the other two.

In the hands of Huang Xiaolong, I don't know when, the Holy Spirit was called out, and the Halloween sacredly pierced one of the chests. Then, the Halloween squatted back and turned, and passed through the chest of another person.

Everything is so fast that the two sanctuaries of the Qiankun Divine Church simply cannot respond.

Huang Xiaolong pulled back the Halloween, and the two fell from the sky and fell to the ground.

The ground street stone cracked.

"You, who?!" One of them spoke, his eyes horrified.

Huang Xiaolong didn't open his mouth. The broken soul pointed out that he had broken through the air. With the fire of the innate true Yuan, he immediately pierced the two eyebrows. The two eyes rounded and fell.

Huang Xiaolong took the bodies of the two men into the Linglong Pagoda, let the poisonous carnivores swallow, and continued to come to the main city of Qiankun City.

At this time, the inner hall of the main city of Qiankun City, the outer hall, a commotion.

Previously, Huang Xiaolong slammed the South Gate and killed hundreds of disciples of hundreds of Qiankun gods in the South Gate. These powerful parties who came to congratulate did not know, but all the way down, Huang Xiaolong killed countless Qiankun disciples and strong power fluctuations. Finally, it caused arousal to the strong parties.

Soon, the strong players of all parties will know that there are people who have smashed the city of Kun, killing countless news of countless Qiankun disciples.

"I don't know how to live and die! I dare to come to Qiankun City to make trouble!"

"This person will die! But this person dares to come to Qiankun City to kill the disciples of the gods and gods, I must be awkward!"

"What are you doing? How can he be a master of the martial arts? I don't know which family of disciples, there are such daring disciples, the misfortune of the whole family!"

The strong parties of the parties discussed and shocked, and Qingxumen, Bai Fenglou master, how many gloating in the heart, Qiankun God teaches less marriage, but some people are strong and powerful, killing countless Qiankun disciples, no matter what the outcome, Kun Kun The prestige will be greatly reduced.

"What?! Luo Zhi and two people have been killed?!" Chen Xiaofeng heard the report, and was shocked and angry. Luo Zhi was the two sanctuaries he sent, one is the fourth step of the sanctuary, and the other is the holy In the late third stage of the field, I did not expect that the two had just left the main city of Qiankun City and it was not long before they were killed.

Chen Xiaofeng blinked and then came to Xie Hui's palace.

This matter, now, it is necessary to report to the lesser master to know. (To be continued. Please search for astronomical literature, the novel is better and faster!)
