

Invincible Conqueror IC 441: Watching the stars

Settings

With Shi Xiaoying and the three women rushing back to the Shuramen headquarters, Huang Xiaolong inevitably revealed his roasting techniques to the three women's exhibitions at night. Naturally, the three women were beautifully colored.

Even Shi Xiaoxiao did not care about the beauty of the image, both hands grabbed the pig, the beast and the meat, and ate it.

However, even if Xiao Xiaoyan's hands are holding pigs, beasts and beasts, it is extremely beautiful, especially when it is finished every time, when Xiaoxiao **** his fingers, the scene makes people think about it.

I ate a pork roast meat that was baked by Huang Xiaolong. Every night, Shi Xiaoyan would shake Huang Xiaolong's hands and ask Huang Xiaolong to barbecue.

That looks almost like the original little day.

That look, cute, holy, and a kind of temptation that is hard to resist.

More than a month later, Huang Xiaolong's four talents returned to the Shuramen headquarters.

When he returned to the Shuramen headquarters, Huang Xiaolong breathed a sigh of relief.

On this road, the work of the chef every night is not good.

Especially when the first beauty of the wind and snow mainland chef.

Huang Xiaolong just returned to the Shuramen headquarters, Xiaotian came to the Huang Xiaolong Temple, crying and said that Huang Xiaolong did not come back for a long time, is not to him!

Huang Xiaolong is sweaty.

When Huang Xiaolong left the Shuramen headquarters, Xiaotian did not know, so he stayed at the Shuramen headquarters. Otherwise, if he knew that Huang Xiaolong was going to Baozhou City, he must follow Huang Xiaolong.

"Big brother, tonight, you grilled the barbecue for me to eat, okay?" Xiaotian took Huang Xiaolong, looked at Huang Xiaolong with the black and pure eyes, begged.

Huang Xiaolong has some headaches and can only nod.

On the night of returning to Shuramen headquarters, Huang Xiaolong continued to be a chef.

Next to the bonfire in Shura Square, Huang Xiaolong, Shi Xiaoying and three women, Xiaotian, Zhao Shu, and Zhang Wei sat together and scented.

"The doorkeeper, after you rescued Miss Shi, that Xie Hui was like a mad dog, ordered that all Shuramen disciples in the sphere of influence of the Qiankun gods, and all the family disciples who tried to repair Shumenmen, all slaughtered cleanly!" Shu to Huang Xiaolong.

Huang Xiaolong nodded.

He already knows about this.

However, there are not many Shuramen disciples in the sphere of influence of Qiankun, and it is difficult for Huang Xiaolong to stop it.

"Since the doorkeeper killed the Xujiashou City Qijia family, the other 14 family patriarchs, there have been ten have invested in our Shuramen." Zhang Wei continued.

Also told Huang Xiaolong that there are four that have not been effective.

Later, Huang Xiaolong asked Zhao Shu and Zhang Wei about the recent situation of Shuramen and Wushen.

Zhao Shu and Zhang Wei reported each other one by one.

Since the First World War in Shura Square, the temple has not seen any major movements, and it seems to be much more secure in the Wushou world.

The three people talked, Xiaotian, the little guy, holding the pigs and beasts on the side of the mammoth, screaming, screaming, Huang Xiaolong left these days, the little guy was broken.

Tonight, he has to win enough to make up for the recent owed.

Compared with Xiaotian, this little guy, Shi Xiaoying and the three women are very civilized and look good.

Shi Xiaoying, while eating pig and animal meat, used Huangmei to watch Huang Xiaolong from time to time.

Under the bonfire, Huang Xiaolong's handsome face has a charm.

A few hours later, everyone began to disperse.

However, Huang Xiaolong just returned to his temple, and Xiao Xiaoyu passed.

"Yellow Big Brother, can you accompany me to see the stars?" Shi Xiaoxiao came over and said.

"Look at the stars?!" Huang Xiaolong looked at Shi Xiaoyan, a trip.

Shi Xiaoxiao was a little embarrassed to see Huang Xiaolong, and his face was red and red. Fortunately, under the moonlight, she did not see anything. She nodded: "When I was young, my mother often accompanied me to see the stars. Tonight, I suddenly wanted to see the stars. Big Brother, you, can you watch with me?"

Huang Xiaolong looked at the eyes of Shi Xiaoyu and finally nodded.

Anyway, I came back to Shuramen headquarters, and cultivation is not in a hurry.

Huang Xiaolong took the small hand of Shi Xiaoyan, flew up, and landed on the roof of the temple, then sat down.

Shi Xiaoxiao was led by Huang Xiaolong, and his heart thumped and jumped very quickly.

After sitting down, Huang Xiaolong looked up at the night sky and found that the stars were all over the night sky, and the stars were shining.

Huang Xiaolong remembers that when he was on Earth, when he was young, he often looked up at the stars.

The starry sky of the martial arts world is as refreshing as the starry sky of the earth.

After Xiao Xiaoying sat down, the heartbeat was very powerful, but when Huang Xiaolong looked at the starry sky, the heartbeat slowly recovered. She looked at the night sky with Huang Xiaolong's gaze and muttered to herself: "It's beautiful."

Huang Xiaolong came back to see him. From the side, Shi Xiaoying stared at the night sky. The beautiful eyes were fascinating, and the eyes were extremely moving. The nose and the body fragrance continued to penetrate into the nose of Huang Xiaolong.

"Your mother, I definitely love you very much." Huang Xiaolong received his mind and said.

Shi Xiaoyu turned around and smiled at Huang Xiaolong. "Yes, my mother loves me very much. However, my father is very annoying. I have been forced to practice since I was a child!"

Huang Xiaolong heard a smile: "That is your father loves you."

Wu Wujie, the weak meat and strong food, Shi Fantian forced his daughter to practice, that is to let her daughter have the strength to protect themselves.

Shi Xiaoxiao nodded: "I know." When it comes to this, she looks a bit lonely: "Yellow Brother, I am not very useless."

Huang Xiaolong glimpsed, and immediately understood that Xiao Xiaoyu refers to what was taken away by Xie Hui.

"No." Huang Xiaolong said with relief: "Your talent is very good, with your qualifications, the whole Wushou world, not higher than you, not much, your cultivation time is not long, it has broken through the sanctuary, already very Great."

What Huang Xiaolong said is the reality. How many super-families in the Wushen world, the genius of the great forces, and the hardships of the millennium, can never break through the sanctuary.

Shi Xiaoying stared at Huang Xiaolong, the beautiful eyes, softly said: "Thank you, Big Brother, I, can you rely on you?"

Shi Xiaoying's eyes, when Li Wei left, looked at Huang Xiaolong's eyes very much, very similar.

"Yeah." Huang Xiaolong nodded.

Shi Xiaoyan heard the words, slowly leaned over, leaning against the shoulders of Huang Xiaolong, smelling the smell of the special man of Huang Xiaolong, and the heartbeat of Xiao Xiaoyu accelerated, his face was very red.

The two are like this, looking at the night sky, no sound.

After a while, when Huang Xiaolong turned around, he found that Shi Xiaoxiao had actually slept on his shoulder and could not help but feel awkward.

Sleeping Xiao Xiaoying, the eyes seem to be slightly shaking, the skin is like fat, there is no awkwardness, just like the person in the painting.

Huang Xiaolong couldn't bear to wake it up. In this way, let Xiao Xiaoyu lean against it.

Night, slowly passing.

When the day was bright, Shi Xiaoxiao began to wake up. After waking up, he exclaimed. He didn't seem to think that he would fall asleep on Huang Xiaolong's shoulder.

"Yellow Big Brother, I." Shi Xiaoqi is pretty red, sorry.

"Nothing." Huang Xiaolong teased and laughed: "There can be a big beauty like you to sleep on, how many people dream of it."

The release of Xiao Xiao is pretty red. (To be continued. Please search for astronomical literature, the novel is better and faster!)

Invincible Conqueror IC 442 Refining and Tailoring Dragon

After reading the stars, Huang Xiaolong ordered Zhao Shu and Zhang Hao to start a retreat.

This time retreat, refining a Taikoo Shenlong, I do not know how long, so, Huang Xiaolong let Shi Xiaoying three women and Xiaotian nothing, try not to leave the Shuramen headquarters.

Listening to Huang Xiaolong to retreat for a long time, Xiaotian could not help but pout, and he was saddened by his heart. He had to eat barbecue for a long time.

Huang Xiaolong met and smiled. "You have to work hard to cultivate these days. When your big brother comes out, if your strength is improved, your big brother will bake a hundred pigs and beasts!"

"One hundred heads!" Xiaotian's eyes brightened and crystallized, and nodded resolutely: "Do not worry, big brother, I must work hard to cultivate."

After Huang Xiaolong ordered many things, he flew into the temple of the Sumi, and looked at the thirteen ancient dragons.

After thinking about it, Huang Xiaolong decided to refine the fire dragon among the thirteen ancient dragons.

Fire Dragon, among the thirteen ancient dragons, the strength is the weakest, and the violent energy contained in the dragon's blood is not too strong, so refining is easier.

At the moment, Huang Xiaolong is sitting in the ten Buddha array, taking out all the spirits of Shao Dongjian and Zhu Wuji's space ring, and put them in the ten Buddha array, driving the ten Buddha array.

There are nearly a thousand pieces of the soul of the two people, enough to drive the ten Buddhas for some days.

With the Buddha's power of the Ten Buddhas, it is easier for Huang Xiaolong to refine the fire dragon.

Suddenly, bursts of Buddha power from the ten Buddha array, Huang Xiaolong quickly swallowed all the eight dragons and grasses, running Shura, smashing into the fire dragon, a red-hot congenital dragon blood flow Constantly flowing out to Huang Xiaolong, and then constantly infiltrated into the body of Huang Xiaolong.

As soon as the fire dragon Jing Yuan entered the body of Huang Xiaolong, a group of horror to the extreme energy such as the tsunami rushed to every corner of Huang Xiaolong's body.

Huang Xiaolong's body suddenly shocked.

This fierce dragon is like a million years of melting in the earth. Wherever it goes, everything is burned.

heat!

The heat is at its best! It seems that the heat to the soul has been incinerated. This is the only feeling of Huang Xiaolong.

However, the body of Huang Xiaolong has been recast by Dragon Ball and the innate dragon. Therefore, this dragon is no longer horrible and can not be incinerated.

If it is the fourth-order powerhouse of the general sanctuary, I am afraid that there will be a pile of ashes between one breath, and it is estimated that there is no hair left.

Even so, from afar, Huang Xiaolong has become a fireman, and his body is constantly shining with a red glow. Even his hair and eyebrows seem to burn and become red.

Huang Xiaolong's nostrils, ear holes, constantly emitting red smoke.

Fortunately, Huang Xiaolong swallowed the dragon's grass before, neutralizing the violent energy in the dragon's essence, otherwise it is more painful.

Huang Xiaolong endured the burning heat in the body, and he ran the Shura — over and over again, and refining the dragon.

One day passed.

Two days passed.

After half a month passed, Huang Xiaolong's flaming radiance not only did not weaken, but it strengthened even more, and Huang Xiaolong's body, like red spar, reflected the radiance.

A month later, the light is getting stronger and stronger.

Huang Xiaolong seems to have become a fire crystal statue.

Half a year passed.

Huang Xiaolong's whole body shines, filling the entire temple of the Sumi.

The entire temple of the Sumi, I saw this flaming red light, I can't see the figure of Huang Xiaolong.

Suddenly, one day, in the blazing light, a fiery red shadow appeared, more and more clear, and finally, turned into a fire dragon.

Huang Xiaolong's consciousness is slowly blurred and sleepy. He feels that he has become an ancient fire dragon and is constantly swimming in a fire.

There was a little light in front of the eyes, and the light was getting bigger and bigger. When the light expanded to the whole world, Huang Xiaolong suddenly woke up, opened his eyes, and entered the eyes. It was a fiery red. Under the eyes of Huang Xiaolong, the airflow in front of the eyes instantly became a Fire flow.

Huang Xiaolong waved with his hands, and a fire dragon swam with Huang Xiaolong's hands.

Very pure fire power!

Huang Xiaolong can now clearly feel the most pure fire power hidden in the deepest part of the space. This is something that has never been seen before. Later, Huang Xiaolong's internal vision is in the air.

I saw the gas in the sea, the madness is raging, and the rushing is not only. If the sea was just a big river, then now it is the sea.

Sanctuary fifth order!

From the middle of the fourth stage of the sanctuary, Huang Xiaolong broke through to the fifth stage of the sanctuary, and it is the peak of the fifth stage!

The fifth peak of the Sanctuary!

After the Sanctuary, every time you break through the first order, the strength is completely different.

Innate, the innate fourth-order powerhouse, it is difficult to defeat the innate fifth-order, almost can not be said to be defeated, unless the genius of the super Wuhun like Huang Xiaolong.

This is even more so when it comes to the sanctuary.

Huang Xiaolong is now stronger than the retreat, and I don't know how strong it is.

"Xie Hui!" Huang Xiaolong is confident that with his current strength, even if he meets Xie Hui, the peak of the sixth stage of the Sanctuary, he can calmly fight.

Huang Xiaolong discovered that after refining the Taikoo Fire Dragon, his spiritual power has soared, six or seven times stronger than before, but the flesh is stronger, the body meridians, and the tenacity, even the dragons of the Taikoo Shenlong But so.

After clearing his own situation, Huang Xiaolong came out from the temple of Sumi.

Then, the next step is to bring the three daughters back to the Buddha Empire.

"I don't know how many dragons and gods in the treasure house of the Buddha of Heaven." Huang Xiaolong thought, if there were sixteen, then he would be able to refine two Taikoo dragons.

At that time, Huang Xiaolong's strength has once again leaped forward, so when he encounters Xie Hui again, he can easily kill it!

Although Dragon Grass is precious, if Huang Xiaolong wants it, Shi Fantian will definitely give him this younger brother. This is not worried about Huang Xiaolong.

Huang Xiaolong went out and everyone was happy.

Xiaotian, when the little guy saw Huang Xiaolong, he held Huang Xiaolong's thigh and said: "Big brother, I have been working hard for more than seven months." After that, I released my breath.

Huang Xiaolong was a small snack. Before the retreat, Xiaotian was the third-order peak of the Sanctuary. I didn't expect to break through the fourth stage now. Huang Xiaolong discovered the first time that Xiaotian's cultivation talent and the original spirit Like a purple monkey, it is terrible.

"Well, one hundred pigs and beasts are baked tonight!" Huang Xiaolong said with a smile, this little guy said, he still doesn't understand that this little guy always remembers a hundred pigs and beasts he said before the retreat.

Sure enough, Xiaotian listened, his eyes brightened, and he screamed with joy.

Shi Xiaowei, Zhao Shu and others saw Xiaotian happy, and they all laughed.

That night, the wine is fragrant, meaty, and more fragrant.

A night passed.

In the sunshine, Huang Xiaolong took the three women of Shi Xiaozhen, and under the help of Zhao Shu, Zhang Wei and other masters of Shuramen, they left the Shuramen headquarters and returned to the Heavenly Buddha Empire. Invincible Conqueror IC 443 Back to the Buddha Empire

Settings

A month after leaving the Shuramen headquarters, Huang Xiaolong and Shi Xiaoyu came to the edge of the demon forest.

As long as you pass through the monster forest, it will not take long to get to the Heavenly Buddha Empire.

However, when crossing the monster forest, I encountered some trouble.

I don't know why, the monsters of the Wicked Forest are much more violent than before. Moreover, everywhere, Huang Xiaolong tries to walk around the periphery, but still encounters a lot of monsters.

Fortunately, these monsters, monsters are generally congenital, the sanctuary is very rare, although the number is large, but there is no threat to the four Xiaolong.

However, in this way, Huang Xiaolong four people are slower.

Through the forest of the beast, it took more than a month.

The last time Huang Xiaolong passed through the demon forest to the nebula continent, it took only about 20 days.

Passing through the forest of the beast, the maid gently patted the chest and breathed a sigh of relief. "These beasts, how suddenly they made a madness, I don't know what happened."

The maid Xiaoyue said: "This time, fortunately, Huang Gongzi, otherwise, we are afraid that we can't cross the forest of the beast."

On the way, several people encountered three sacred beasts, and the strongest one was the third order of the sanctuary.

Shi Xiaoxiao thought that if there was no Huang Xiaolong and the terrible consequences of being taken by the Holy Land monsters, there would be a lingering fear.

In the past, when she did not leave the Heavenly Buddha Empire, she felt that she was able to pride herself on the world with her strength, but now she knows that it is just the idea of sitting on the ground.

This time through the demon forest, more and more determined her determination to work hard to cultivate.

Three days later, Huang Xiaolong returned to the Imperial City of Heaven and Buddha.

Entering the Imperial City of the Heavenly Buddha Empire, watching everything that the Imperial City of Heaven and Buddha is familiar with, Xiao Xiaoyan's pretty face smiles and sees the pedestrians around the streets.

Shi Xiaoyu rarely goes out. Although I go to the Temple of Heaven and Buddha once a year, there are not many people who know Shih Tzu.

The family disciples around the family have seen such a beautiful appearance, and they have a lot of color.

"Miss, I am incompetent in Xiazhu. It is a disciple of Zhu Jiaxuan." A handsome young man with a handsome appearance took two guards to the front and a jade fan in his hand. He smiled at Shi Xiaoxiao.

"Zhu Wuneng?" Shi Xiaoying immediately "snapped" a smile, laughter like a drop of jade, crisp and moving.

Zhu Wuneng? Huang Xiaolong also shook his head and smiled. This name. It is inevitable that people will think about it. Men can say anything, they can't say that they are incompetent.

Huang Xiaolong remembered Zhu Wuji, president of the Jinxuan Chamber of Commerce.

The names of the two people are only the last word is different.

Zhu Wuji and the disciples around him saw Xiao Xiao smile, but they even lost their souls.

"It turned out to be Zhu Gongzi. I don't know what Zhu Gongzi is doing?" Shi Xiaoxiao held back his smile. Asked the opening.

Zhu Jia, she also heard that it is also a big family of the Imperial City of Heaven and Buddha.

Zhu Wuneng listened to Xiao Yan's voice and returned to the soul. He smiled and said: "I don't know where the lady is going? Have you ever eaten? I know Mengyi Restaurant, the wine is excellent, I want to invite the three ladies together."

Three ladies. It is to ignore Huang Xiaolong.

This Zhu incompetent meaning is very clear, only please release the three women.

Shi Xiaoyan heard the words, but it was a smile, one pointed to Huang Xiaolong: "Zhu Gongzi, I am sorry, this Huang Gongzi has already asked me, is to go to the Buddhist restaurant."

Zhu was incompetent, and this turned to Huang Xiaolong. He believed that he was handsome, but he was compared with Huang Xiaolong. Found that I am a little pig head?

"Brother." Zhu couldn't come forward, his face was a bit bad, and he was about to speak.

At this moment, Huang Xiaolong suddenly raised his hand and pointed to a huge stone carving on the roadside. I saw that the huge stone carving suddenly turned into stone powder, floating on the ground.

The huge stone sculpture, two tall, was cast from extremely hard granite.

Zhu Wuneng looked at the huge stone carving that turned into a stone powder and floated on the ground. His face was blank and his face was pale.

The huge stone sculpture cast by this granite, even if his family elders have a full hand, can't break it into stone powder!

What's more, Huang Xiaolong is just a finger!

The disciples around him are also collectively scared.

"Let's go." Huang Xiaolong told Shi Xiaoying three women.

Because he did not want to be entangled with these family disciples, Huang Xiaolong could only show his hand and shock everyone.

Huang Xiaolong left for a long time, and Zhu incompetence still stood still.

"The son." A guard behind him called forward.

Zhu Wuneng woke up and found that the back was completely wet.

More than two hours later.

Huang Xiaolong returned to the Heavenly Buddha Palace.

The arrival of Huang Xiaolong allowed the Heavenly Buddha Palace to boil again.

Compared with the last time Huang Xiaolong passed the Tianfo Palace, the reputation of Huang Xiaolong is now several times more powerful.

In the battle of Shura Square, Li Molin and others lost, Huang Xiaolong took over as the master of Shuramen, and in the battle of Qiankun City, Huang Xiaolong was alone in Kuncheng City, and the masters of the Qiankun City were even more famous. These have already been returned. Wind and snow, the mainland's major empire.

Huang Xiaolong has even become a spring dream object of many family girls in the snowy continent, just as Shi Xiaoying became the object of the spring dream of many family genius disciples of the Tianfo Empire.

For the arrival of Huang Xiaolong, the younger brother of Shi Xiaotian, he was extremely happy. When he saw Huang Xiaolong, he patted Huang Xiaolong's shoulder and laughed loudly: "You kid, good!"

Can be regarded as such a praise of the Buddha of Heaven, Wu Wujie, I am afraid that only Huang Xiaolong!

"My baby daughter, these days, I am in trouble for you." Shi Fantian then laughed.

"Father!" Shi Xiaoxiao, aside, whispered.

Shi Fantianhehe smiled: "Look at you, I haven't said it yet, I am not happy. It seems that I will hand you over to Master Huang in the future."

There was something in the words of Brahma, and I heard a little red face and sneaked a look at Huang Xiaolong.

Later, Shi Fantian set up a feast and thanked Huang Xiaolong.

At the banquet, the two brothers and sisters talked and laughed.

When the wine was over thirty years, Huang Xiaolong put down the wine glass and said: "Senior brother, this time I sent a small donkey back to the Heavenly Buddha Empire. There is one more thing, I want to ask the brothers for something."

Shi Fantian put down his glass and smiled: "You and I need to be polite, what do you need, even though."

"Listen to Xiaoxuan, there is a dragon grass in the treasure house of the Buddha." Huang Xiaolong said.

"Do you want dragon **** grass?"

Huang Xiaolong saw the look of Brahma, and he was not in the same position as the Qin family. He was bought or sent away.

At this time, Shi Fantian went on to say: "I didn't expect the younger brother to be the dragon **** grass. I really have the treasure house of heaven. But there are not many. Now there are only 17 trees left. In the past few years, I used a few alchemy. I knew it, I will stay." When it comes to this, people will go to the treasure house and take the remaining 17 dragons and grasses to Huang Xiaolong.

Seventeen! Huang Xiaolong was overjoyed and thanked him.

Shi Fantian smiled and said: "All said, you and I don't need to be polite." Then he joked: "You really want to thank me, send me a few dragon gods."

Huang Xiaolong listened to the brothers and asked the dragon **** grass, although he knew that it was a joke of the brothers, but apart from anything else, the remaining more than 20 dragon gods in the Shulu ring, the water fire dragon Yuan Dan, and the reverse dragon Dan were all taken out.

Shi Fantian can give all the dragon **** grass in the treasure house to himself, then he can't be embarrassed.

The Brahma and the Heavenly Buddha Empire were watching more than 20 dragon gods, and the water fire dragon Yuan Dan was shocked.

"Teacher, this!" Shi Fantian was embarrassed.

Huang Xiaolong waved his hand and smiled: "The brother did not say that you, I don't need to be polite."

Shi Fantian smiled and said: "Well, the brothers will accept it." No more resignation, more than 20 dragon **** Dan, water fire dragon Yuan Dan all received.

After a while, the seventeen dragon grasses that Brahma people let people take, took them back and sent them to Huang Xiaolong. Huang Xiaolong looked at the seventeen dragon **** grasses in front of them. They were excited and no longer polite, and they all accepted them. .

Seventeen dragon **** grass!

Enough to refine and refine the two Taikoo dragons!

Huang Xiaolong took a deep breath.

The banquet continued until late at night and was full of joy.

Standing in the imperial palace where the Brahma was arranged, Huang Xiaolong suddenly rose up and practiced martial arts in the past. He used the previous martial arts, Mianzhang, and Fumoquan to practice again.

After all, here is the Heavenly Buddha Palace, Huang Xiaolong just arrived, as a guest, I am also embarrassed to carry out a long-term retreat and refine the Taikoo Shenlong in the evening. Anyway, there are seventeen dragon **** grasses, and Huang Xiaolong is not in a hurry for these two days.

After practicing a martial art for a while, Huang Xiaolong took out the Hellstone of Hell, and operated the Shura, absorbing the high energy of Hell.

These days, Huang Xiaolong's Shura has improved very quickly, and has broken through to the sixth floor, and faintly reached the middle of the sixth layer.

If Huang Xiaolong's Shura 诀 breaks through the seventh floor, then the body's temperament will be completely transformed, and the body of Shura will be transformed again.

Nothing happened overnight.

The next day, the sun was shining and Huang Xiaolong came out of the room.

When Huang Xiaolong just came out, Shi Xiaoyan passed and asked if Huang Xiaolong had time to go shopping together.

"Walk?" Huang Xiaolong stunned and looked at Shi Xiaoyu.

Shi Xiaoqi's face is low and low, saying: "I have not visited the street for more than ten years."

"Ten years?" Huang Xiaolong is speechless, and his brother is too strict with his daughter. It is no wonder that he went to the Nebula mainland at the beginning, and Xiao Xiaoyu also wanted to see it.

"Yeah." In the end, Huang Xiaolong nodded. Anyway, he was also trying to go out.

Shi Xiaoxiao was also worried that Huang Xiaolong disagreed. Now I saw Huang Xiaolong agree, the smile on his face was unfolding, and the splendid extreme, and the breakthrough heeled, he kissed the right face of Huang Xiaolong.

When Huang Xiaolong didn't respond, Wu Xiaoyu walked away with a red face: "Thank you, Big Brother, I am going to prepare."

Looking at Shi Xiaoying, some of the shadows that fled in a panic, Huang Xiaolong reacted back, shook his head and smiled, touched the place where his cheeks were kissed, and there was still a fragrance.

Huang Xiaolong couldn't help but think of Li Wei.

After a while, the prepared Xiao Xiaoying took Xiaorou and Xiaoyue two maids back and stood in front of Huang Xiaolong.

Shi Xiaoyu re-dressed a bit, and the re-dressed Shi Xiaoyan wore a light green tunic. Even if she didn't apply any powder, it was beautiful and it was difficult to remove her eyes.

"Yellow Big Brother, let's go." Shi Xiaoyan saw Huang Xiaolong look at himself in a daze, pretty face, said.

"Oh." Huang Xiaolong came back to God and immediately smiled. He said that the red face is a disaster. This is true. Women are too beautiful and not necessarily a good thing.

Huang Xiaolong can imagine that when he waits for the street, there will be a lot of troubles.

Sure enough, when the streets of four people, some of the big family disciples who think they are handsome and uncomfortable, will inevitably come forward to talk. Huang Xiaolong, the dragon god, can only be a flower protector.

After a day of strolling down, Huang Xiaolong could not remember to show his hand several times and to stun the family disciples who are handsome and handsome.

Of course, after Huang Xiaolong showed his hand, not all family disciples would be shocked.

For example, a Wujia disciple named Wuzheng.

Wu Zhengyi looked at Huang Xiaolong sneer: "Boy, you are a slave, you Miss did not speak, you open something in front of me."

Xiaorou, Xiaoyue and the two women are exaggeratingly covering their little mouths, looking at the Ukrainian justice, that look, seeing Ugly justice is inexplicable.

Shi Xiaoyan was a wrinkle, and the beautiful eyes flashed with anger. Huang Xiaolong had not yet shot, but she shot, and when she reached out and took a hollow, she immediately turned Nawu justice over a dozen laps in the air. It fell from the air.

"Yellow Big Brother, I." Shi Xiaoxiao looked at Huang Xiaolong, Huang Xiaolong was shackled because of protecting himself, and his heart was a little uneasy.

"Nothing." Huang Xiaolong shook his head and smiled.

Tianfo Palace, Shi Fantian heard the report of his men, and smiled at Lin Meng: "Our daughter is the first time for a man to shoot!"

Lin Meng smiled: "At the beginning, I am not?"

Shi Fantianqing coughed.

"I just don't know how Huang Shidi feels about Xiaoyan." Lin Meng said.

Shi Fantian smiled and said: "We don't have to go to the troubles of the two people. I can see that the younger brother should have a good impression on our baby girl. We didn't start from the good feelings that year?"

"The temple, how is it now?" Lin Meng suddenly turned his voice and said.

"There have been a lot of security recently." Shi Fantian said, but this made his heart more uneasy, this is the tranquility before the storm.

He has a hunch that when the storm will be unprecedentedly violent, sweeping the entire snowy continent, the Heavenly Buddha Empire will also be swept away.

The day passed quickly.

Sunset at dusk, the setting sun, there is a different kind of beauty.

When Huang Xiaolong, the day's flower ambassador, returned to the Heavenly Buddha Palace, it didn't take long for Shi Fantian to come over and ask Huang Xiaolong to entertain.

Shi Fantian personally came over and Huang Xiaolong refused to refuse.

At the banquet, Shi Fantian said: "The Ukrainian justice, I have let the Ukrainian family dispose of him."

Huang Xiaolong waved his hand and said nothing.

"Teacher, are you still going to the dragon **** grass?" Shi Fantian suddenly asked.

Huang Xiaolong heard the meaning of Shi Fantian's words and couldn't help but say: "Does the brothers know where there is dragon grass?"

Shi Fantian smiled and said: "Yes, hundreds of years ago, I went to the ten-party continent. The dragon **** grass in my treasure house of the heavens was found in a place called the poison dragon valley in the ten continents. I did not enter. Deep in the Poison Valley, but deep in the Poison Valley, there should be Dragon Grass."

Huang Xiaolong was very happy. He didn't expect the brothers' dragon grass to be found in the Dufang Valley.

"However, the poisonous dragon valley is extremely heavy, and the deeper it is, the stronger the poison gas is, even if it is the high-ranking strong person of the sanctuary, it can't resist it, and in the poisonous dragon valley, the poisonous insects and poisonous animals multiply, and some strengths are extremely terrifying." Shi Fantian continued: Is the younger brother really going?"

(Today's one, every Saturday, there will be a more, God sees a break) (to be continued. Please search for astronomical literature, the novel is better to update faster!)

Invincible Conqueror IC 445 Continue to refine the Taikoo Shenlong

Settings

Huang Xiaolong knows that his brother is persuading himself to be good for himself. However, since he knows that the ten-party mainland Duron Valley has dragon grass, in any case, Huang Xiaolong has to go.

Huang Xiaolong told Buddhism that "this dragon **** grass is very important to me, so I must go to the ten-party mainland Duron Valley."

Shi Fantian saw Huang Xiaolong's decision, but he was not good enough to persuade him. He immediately told Huang Xiaolong about some of the things he had entered into Duron Valley in the past, so that Huang Xiaolong had a general understanding of Duron Valley.

Huang Xiaolong is remembered in his heart.

Originally, Huang Xiaolong intended to stay in the Tianfo Palace refining and refining two ancient Tailong Shenlong, but knowing that the ten-party mainland Duron Valley had Dragon Grass, it changed the decision.

After staying in the Imperial Palace of Heaven and Buddha for two days, Huang Xiaolong left the Tianfo Empire and went to the ten-party continent.

When he left, Shi Xiaolong sent Huang Xiaolong out of the Tianfo Emperor City.

When they were separated, Shi Xiaoyan suddenly held Huang Xiaolong and said: "Yellow Brother, I will work hard to cultivate."

When Shi Xiaoyan turned around, Huang Xiaolong saw the sadness in his eyes.

Huang Xiaolong looked at Shi Xiaoyan's shadow and slowly disappeared in the sun.

For a long time, Huang Xiaolong turned and flew up, and gradually drifted away from the Tianfo Emperor City.

However, before going to the ten-party continent, Huang Xiaolong plans to go back to the bottom of the Tiger Mountain Rift Valley and see his family.

Huang Xiaolong left the Broken Tiger Mountain rift valley for some days. I don't know how my parents and my sister went back to the Wansheng Dongfu. Huang Xiaolong intends to refine two Taikoo dragons in the Wanshengdong government.

All the way to a rapid flight, five days later, Huang Xiaolong returned to the Halloween Cave House.

Huang Xiaolong returned to the Wansheng Dongfu, and the Wanshengdongfu was so busy that he laughed and laughed.

Huang Xiaolong has been away for more than a year, and everyone has changed a lot.

The younger brother Huang Xiaohai is already congenital second-order, Fei Hou broke through the congenital third-order, now is the introductory third-order peak, and Marshal Haotian has reached the innate fourth-order.

As for Yu Ming, after refining the one hundred ghost kings donated by Huang Xiaolong, the strength has reached the limit of the semi-Sacred peak. Although it is still unable to break through the sanctuary, it is possible to break through the sanctuary at any time.

Parents Huang Peng and Su Yan, because of Huang Xiaolong's medicinal herbs, elixir, are getting younger and younger, although they are still the peak of the late tenth order, but the ordinary congenital first-order, not two opponents.

My sister Huang Min and Guo Tai, the strength of the two also improved, and the scorpion Guo Xiaofan also grew a lot higher, the little guy is seven years old, Wu Hun wake up, began to cultivate vindictive.

What makes Huang Xiaolong somewhat unexpected is that the martial arts of the scorpion Guo Xiaofan is a super martial art. Although it is only a first-class eleventh, it is also very good. When there is the cultivation of Huang Xiaolong, Guo Xiaofan is still likely to break through the sanctuary.

In the village of Wanshengdong, I chatted with my family and talked about my family. Ten days later, Huang Xiaolong began to retreat and refine the Taikoo Shenlong.

This time, Huang Xiaolong wants to refine the Taikoo water dragon.

Like the Taikoo Fire Dragon, Taikoo Shuilong is the weakest of the thirteen Taikoo dragons, and it is relatively easy to refine.

Huang Xiaolong sat in the ten Buddha array, swallowed eight dragon **** grasses, Zhang mouth a suction, a light blue water dragon essence from the Taikoo water dragon body constantly flowing out, and then infiltrated into the body of Huang Xiaolong.

Suddenly, a burst of energy suddenly rushed to all corners of Huang Xiaolong's body, cool! This is the first feeling of Huang Xiaolong. Then, the coolness is getting colder and colder, such as the ice that is difficult to melt in the same group.

Huang Xiaolong's skin, hair, eyebrows, and the whole body turned blue.

Just when Huang Xiaolong was cold and unbearable, suddenly, in the body of Huang Xiaolong, a heat flow occurred. This heat flow is the ancient fire dragon essence that Huang Xiaolong had previously refining.

The heat flow continues to spread, and the coldness of all corners of the body slowly disappears. It is replaced by comfort and comfort.

Blu-ray, flaming rays are constantly trading.

The entire temple of the Sumi is completely covered by blue and fiery red, and the shape of Huang Xiaolong disappears.

Like the previous refining of the ancient fire dragon, Huang Xiaolong made a long dream. In his dream, he seemed to have become a Taikoo water dragon.

time flies.

I don't know how long it took, Huang Xiaolong suddenly woke up.

Huang Xiaolong's eyes flashed blue, and a drop of blue waterdrops suddenly appeared in the surrounding space. These blue water droplets formed a small blue ocean around the body of Huang Xiaolong.

This is the most pure water power hidden in the deepest part of the space.

Huang Xiaolong waved his hands, and these blue waterdrops became a water dragon, and they continued to swim. After a while, Huang Xiaolong stopped his hands and took a shot. The water dragon dissipated.

Refining and refining this Taikoo water dragon, Huang Xiaolong discovered that the water and fire are mixed, the yin and yang are reconciled, and the body of his own dragon has been raised several times again, and it is extremely flexible.

Huang Xiaolong is running out of vindictiveness, and suddenly his body is stretched, and his life is stretched by more than 100 meters!

No matter which direction or which part, it can be extended.

This was not possible before.

Even if it is the strongest of the tenth-order late stage of the Sanctuary, it is impossible to do it.

Huang Xiaolong didn't think that after refining this Taikoo Shuilong, there would be such a benefit.

And vindictive, Huang Xiaolong just broke through to the sixth level of the sanctuary, although it just broke through to the sixth order of the sanctuary, but the sixth order of the sanctuary and the fifth order of the sanctuary are also completely different.

In addition to vindictiveness, Huang Xiaolong is congenital and the spiritual power is greatly improved.

After a while, Huang Xiaolong began to re-seat in the ten Buddha array and continue to refine the next Taikoo Shenlong.

Next, Huang Xiaolong chose the Taikoo Black Dragon.

The Taikoo Black Dragon is among the thirteen dragons, and its strength is in the middle. The reason why Huang Xiaolong chose the black dragon is because of the black dragon martial arts among the Huang Xiaolong martial arts.

If you can refine the Taikoo Black Dragon, you should have great benefits for Huang Xiaolong Wuhun.

This time, the refining of the Taikoo Black Dragon, Huang Xiaolong swallowed the remaining nine dragons.

time flies.

Along the black dragon essence is constantly integrated into the body of Huang Xiaolong, this time refining the ancient black dragon, what Huang Xiaolong did not think is that there is no pain, Huang Xiaolong seems to have fallen into the boundless darkness.

Two months in a year.

Within the Wansheng Dongfu, Huang Peng, Su Yan and others waited for Huang Xiaolong's clearance.

Before Huang Xiaolong retired, he said to Huang Peng, Su Yan and others that the retreat time should be fourteen months. Now, it has been fourteen months.

Just when Huang Peng, Su Yan and others waited for Huang Xiaolong to go out, suddenly, the Wansheng Dongfu swayed fiercely.

Everyone's face changed.

"What happened?!" Huang Peng said.

"Huang Jiazhu, I went out to see." Yu Ming respectfully said, flying and flashing, leaving the Halloween Cave House, but, not long after, Yu Ming came back, the whole body is blood.

"Yu Ming!" "Master!" Huang Peng, Fei Hou and others were shocked and went forward.

"Huang Jiazhu, it's not good, the Wansheng Dongfu was discovered, and the people who came from Xuelongcheng!" Yu Ming gasped, and finished, the blood in his mouth was sprayed. (To be continued. Please search for astronomical literature, the novel is better and faster!)
