"Snow Dragon City!"

Everyone heard the words and his face was shocked.

Snow Dragon City, the top ten forces in the chaos!

Just when everyone was shocked, suddenly, an arrogant laugh sounded: "I didn't expect this to be under the cold spring of the tiger valley, but there is still such a cave space hidden!"

Then, a middle-aged man in a silver robes appeared in front of everyone, behind the middle-aged, followed by four old men, and it seemed to be his guard.

This middle-aged man is the big disciple of Yinlong's proud evaluation. Han Qing and Han Qing's four old men are the guardian of Xuelongcheng.

After Han Qing entered the Wansheng Dongfu, he scanned the space around the Wansheng Dongfu and nodded and smiled: "A good Taoyuan resort, this Dongfu, seems to have been left in the ancient times, very good."

Since it was left in the ancient times, then there should be a lot of good things!

Han Qing determined that this was the cave house left by the strong man in the ancient times, and he was very happy. This turned to look at Huang Peng, Su Yan and others.

"It seems that you have found this ancient cave house for a while, and take out all the treasures you have got." Han Qing slows the way.

He is not afraid of Huang Peng and others to escape.

He can see that the strongest of the other side should be the four-meter-tall giant shrouded in the black robe, followed by Yu Ming who had just been injured by himself.

Others are some small congenital mid-level, first-order.

He waved his hand.

At this time, Huang Peng stepped forward and said: "Brother, under Huang Peng."

However, Huang Peng just said this. Suddenly, Han Qing took a shot and flew out Huang Peng. Fallen to the back of the hut, the blood in the mouth is not only sprayed.

"Father!" "Home!"

The crowd exclaimed and their faces changed.

Han Qing smiled coldly: "What Huang Peng, I am asking baby, I will ask again. Take all the treasures you have received, otherwise I will be welcome! When I count, I will count every time. Kill one!"

Huang Peng was helped by everyone. I only feel that the five and six are to be shattered.

"Well, didn't you die?!" Han Qing saw Huang Peng suffer from his own hand, and he did not die. He couldn't help but feel unexpected. Even if he was congenital, he was caught in his own hand. I am sure that I am dead, but now this guy who is not a congenital person has been taken by himself and has not died!

Although he had just one hand, he did not use one-tenth of the power, but the other party could not die, enough to make him unexpected. Surprised.

"Okay, good!" Han Qing looked at Huang Peng, his eyes even again and again: "There is no death! It seems that you must have swallowed a lot of heavenly treasures, or some magical spirits, to make your body So tough!"

Heavenly treasure!

Deity!

Han Qing eyes staring at Huang Peng: "Let's say, take all the treasures you got!" After that, go to Huang Peng and others.

Just now, he can see. This Huang Peng should be the core of everyone.

"Fang Yang! Attack!" Just then, Huang Peng opened.

Then, Han Qing saw it. The giant of four meters tall shrouded in the black robe suddenly attacked him, and he did not know how to make a giant fork.

Han Qing was shocked. He waved his sword in his hand and touched the giant fork. He only felt his arm numb and could not help but retreat.

"Sanctuary ghosts!"

The five men of Han Qing sensed the ghost of the black robe giant in front of him, and he was shocked.

The giant ghost sealed Yang's voice and attacked Han Qing again.

"It turned out to be a sanctuary." Han Qing smiled coldly. He could see that although the strength of the other party was huge, the strength was not strong, but the first step of the sanctuary.

"Go, solve this ghost!" Han Qing said to an old man behind him.

"Yes, the young master." The old man respectfully should raise his hand, and then he will block the attack of the giant ghost, and then take a punch, hit the giant ghost and seal Yang, and fly the giant ghost to fly out. .

This old man is a third-order powerhouse in the sanctuary.

Although the giant ghost seal Yang is a sanctuary, the strength and defense are extremely strong, comparable to the second-order power of the sanctuary, but in the face of the third-order power of the sanctuary, it is difficult to resist.

The giant ghost seal Yang was bombarded, climbed up, his eyes were red, and a group of gray aerosols spewed out and attacked the old man again. However, it didn't take long before he was once again bombarded by the old man.

This time, the old man took full advantage of the palm of his hand and slammed the chest of the giant ghost to Yang. It was difficult to get up again for a long time.

Han Qingyi smiled and walked to Huang Peng and others.

"Let's say, where are the babies you got? All of them are taken out. I am a man who has limited patience. If I don't say it, I will kill!" Han Qing sneered.

At this time, the seven-year-old Guo Xiaofan suddenly stepped forward and pointed to Han Qing. He said: "I am a big dragon, Huang Xiaolong, you bad guys. If you dare to move us a hair, I will not let go. Yours!"

"Dragon King, Huang Xiaolong!" Han Qing was shocked.

After the big shock, Han Qing seemed to hear the big jokes. He suddenly laughed and smiled. "Little guy, I didn't expect you to be courageous. Even I dared to lie!" Peng: "Why don't you say that he is the youngest son of Huang Xiaolong?!" The voice is full of ridicule and ridicule.

Guo Xiaofan's words, he did not believe.

"You are right, he is our father!" At this time, Yu Ming coldly said: "I am the elder of Shuramen Yuming, our doorkeeper is retreating, waiting for our door to retreat, you will die!"

"Retreat?" Han Qing smiled and said: "Why don't you say that the dragon dragon Huang Xiaolong is sleeping?"

Han Qing five people laughed haha.

Han Qing suddenly reached out and handed a yellow guard to the escort. The yellow guard was photographed, fell to the ground, and died.

"Yellow!" Huang Peng screamed.

Although Huanghua is a guardian, he has been with him since he was a child. He has been like a brother for decades.

"Let's say, where is the baby? Don't say, next, I will kill him!" Han Qing pointed to Guo Tai.

Everyone's face changed dramatically.

"You are not allowed to hurt my father!" Guo Xiaofan is in front of Guo Tai.

Guo Tai was so scared that he hugged his son behind him, and he was holding it tightly with Huang Min.

"A good father and son love!" Han Qing sneered, looked at Huang Peng and others: "Don't say? If so, then !!" Speaking of this, the palms are lifted.

"Slow!" Huang Peng shouted.

Han Qing could not help but stop.

"I really, father of the dragon dragon Xiaolong!" Huang Pengdao.

Han Qing heard the words, his face was blue, and he was angry. He suddenly took a shot to Guo Tai: "Death!" He was completely angry, and he wanted to kill him.

If everyone kills, he will not believe, he will not find the baby.

Seeing Han Qing's palms hitting Guo Tai's chest, suddenly, the space flashed, a figure appeared, and with one hand, Han Qing's palm disappeared without a trace.

"Little Dragon!" "Door!" Huang Peng, Yu Ming and others saw the people who appeared, and all of them looked like a surprise.

The person who appeared was Huang Xiaolong.

Originally, Huang Xiaolong should have retired, but the black dragon is better than the water dragon, and the fire dragon is a lot stronger, so it has delayed some time.

Huang Xiaolong swept his eyes and saw Huang Jia, who was lying in the pool of blood, guarding the yellow, his face sinking.

"Oh, you finally closed out!" At this time, Guo Xiaofan ran to Huang Xiaolong, pointing to Han Qingwu: "The bad guys, he wants to kill us!"

Huang Xiaolong looked coldly at Han Qing and five people.

Han Qing's five people looked at Huang Xiaolong with a look of dignity.

Door owner?

Is this dark-haired young man really?

"How do you call it? In the snowy dragon city Han Qing, the big disciple under the silver dragon seat." Han Qingdao, although the manner is polite, but when introducing his identity, it is inevitable.

Huang Xiaolong said coldly: "Today, even if it is estimated by Yinlong, you can't save you!"

Han Qing's five faces are ugly.

"Kid, you really thought you were Huang Xiaolong!" Han Qing's face was angry and pointed to Huang Xiaolong: "With your name also called my teacher's name?" After that, the Wuhun will be called out.

Han Qingwu soul is a giant wolf, full body silver hair, there are three black lines on the forehead, it is the wolf king beast silver wolf king, the martial arts will be called out, instantly soul, Han Qing hands with claws, suddenly shot to Huang Xiaolong Come.

Just when Han Qing's two claws were photographed to Huang Xiaolong, Huang Xiaolong's record of Shura's ghost paws was printed. Suddenly, the ghosts of the sky were raging, and countless devils screamed and stunned. Han Qing's reaction did not even react, so he was treated. In the ghost claws, the whole person flew back directly.

This Han Qing strength is not weak. But it is only the second stage of the Sanctuary, how to resist the attack of Huang Xiaolong?

And Huang Xiaolong has already killed the heart, so I just did not keep it and used all my strength.

When Han Qing fell to the ground, the entire chest had been shattered by the ghosts of the Shura, and the five and six gongs were already bloody.

The Snow Dragon City protects the law and sees Han Qing's chest injury. His face changes greatly and he takes a breath.

Han Qing is the second-order late strongman of the sanctuary, and the flesh is comparable to the third-order powerhouse of the sanctuary. Extremely tough. But now it has been like this by Huang Xiaolong!

This, even if it is the seventh-order powerhouse of the Sanctuary, it is difficult to get it!

"Now, it's your turn!" Huang Xiaolong said coldly.

The Snow Dragon City guards the law and woke up.

No hesitation. Four people flew up. I have to flee.

The four people exposed by Huang Xiaolong. Let the four life can not afford a rebellious thought.

However, the four people just flew up and saw the golden Buddha. Numerous golden palm prints were printed on four people, four people were frightened, and their bodies flashed back and forth, forced to come back.

Huang Xiaolong's figure flashed, and the palm print was instantly printed on the chest of four people, and the four people flew.

The Halloween space has returned to calm.

"The big cockroach is so powerful! The big cockroach is so powerful!" Guo Xiaofan screamed and cheered.

The crowd could not help but smile.

Huang Xiaolong saw the little guy clapping his hands and cheering, but also a smile, and then Han Han and five people were included in the Linglong Pagoda, let the poison carcass beetle solve.

As for the soul of five people, it was left to the flag of Capricorn.

"Here, it is not safe, Yu Ming, you clean up, clean up, wait for us to leave." Huang Xiaolong said.

Since it has been discovered by Snow Dragon City, Huang Xiaolong can't let his parents and others stay here again, and they have to find another place.

"Yes, the door!" Yu Ming, Hao Tian, Fei Hou and others respectfully should be.

"Da, what are we going to now?" Guo Xiaofan asked.

Huang Xiaolong said: "Go to Shuramen headquarters." Think about it, or the security of Shuramen headquarters.

"Go to Shuramen headquarters?!" Huang Peng, Su Yan and others.

Shuramen headquarters, but in the nebula mainland, then they are going to the nebula continent now?

"Okay, okay, go to Shuramen headquarters!" At this time, Guo Xiaofan smirked and smiled: "Da, I heard that you are the master of Shura, is there a lot of men?" When it comes to this, Guo Xiaofan's hands are open. Big, it means a lot.

Huang Xiaolong smiled and said: "Yeah, there are a lot of people in Daxie. Afterwards, Xiaofan will try hard to cultivate, and he will be as powerful as Daxie. There will be many more people!"

Guo Xiaofan is even more cheering.

Huang Xiaolong wants to bring everyone to the Shumen headquarters, and everyone naturally has no opinions.

Originally, after Huang Xiaolong planned to retreat this time, he went directly to the ten-party mainland. But now, he can only personally \*\*\*\* his parents and others to the Shuramen headquarters, and then leave for the ten-party continent.

After all, the safety of parents and others is more important than the dragon grass.

Therefore, Huang Xiaolong escorted his parents and others all the way through the chaotic land, the demon forest, came to the nebula continent, and then came to Zhongzhou, the headquarters of Shuramen.

With Huang Xiaolong escorting, although there were some troubles on the road, they were all easily solved by Huang Xiaolong.

After refining the Taikoo Black Dragon, although Huang Xiaolong did not break through the seventh order of the Sanctuary, but also reached the peak of the sixth stage of the Sanctuary, only one step can break through the seventh order of the Sanctuary.

With the current strength of Huang Xiaolong, even if it is a single fight, the seventh stage of the Sanctuary is not the opponent of Huang Xiaolong.

After more than two months, everyone finally came to the Shuramen headquarters.

After the parents and others were escorted to the Shuramen headquarters, they settled with them for a day in Zhongzhou City. They taught the teachings of Guo Xiaofan to practice. Three days later, they set off for the ten-party continent.

From the nebula continent to the ten-party continent, although relatively close, but relatively speaking.

Huang Xiaolong rushed to the road during the day and rested and practiced at night. When he arrived at the ten-party continent, it was already two months later.

In the Wushen world, the area of the nebula continent is larger than that of the snowy continent, but the area of the ten-party continent is much larger than that of the nebula continent.

The wind and snow continent and the nebula are mainly human beings, while the ten continents are mainly demon and orc!

In addition to the Yaozu and the Orcs, there are dozens of races such as the dwarfs, the elves, the sects, and the seas. Although the ten continents are also ethnic, there are very few.

"In front, it should be the Elf Forest." Huang Xiaolong took the map out and looked at the endless forest in front of him.

This map of the ten-party continent was prepared by Zhao Shu before he came to the ten-party continent. The maps were very detailed. The ten continents and the various ethnic groups and the localities all made it very clear.

According to this map of the ten continents, Duron Valley is within the sphere of the orc family.

Huang Xiaolong got the rod of the beast \*\*\*\* in the Halloween cave house. This time he came to the ten continents. Huang Xiaolong thought of the beast palace. Since the poison dragon valley is also within the orc range, it is convenient.

However, if Huang Xiaolong wants to go to the orc family, he must go through the Elven Forest, the Dwarf Hill and the Star Treasure Canyon.

Huang Xiaolong flew and went to the Elven Forest. (To be continued.)

After a while, Huang Xiaolong fell to the Elven Forest.

When I came to the Elven Forest, Huang Xiaolong was self-sufficient, but he could not help but be careful.

The elves are extremely hostile to humans, orcs, and demons. It is said that all humans entering the Elven Forest will be surrounded by elves.

The trees in the Elven Forest are very large. Each tree has a branch and a branch. The tree is very large, but the tree is not very tall. The general tree is only a dozen meters high.

The sun shines through the branches and leaves, and the mottled and blurred.

As he marched, Huang Xiaolong unfolded his knowledge and noticed the movements around him.

After more than two hours, it was close to noon.

The high sun is shining, but within the forest, there is a cold air.

Huang Xiaolong flew up and fell down on the top of a big tree. His brow wrinkled. This road came down. The Elf Forest seemed too quiet and quiet.

And along the way, Huang Xiaolong did not even see an elf.

Did you find yourself?

Huang Xiaolong thought.

At this moment, suddenly, in all directions, countless broken sounds came, Huang Xiaolong looked, only countless figures flashed, surrounded by the big tree where Huang Xiaolong is located.

Comers are somewhat the same as humans, but they are somewhat different.

The two ears are pointed, some are long, and the eyes are blue, or green, with a tail that is not long or short.

This should be the elf family living in the Elven Forest. Huang Xiaolong thought.

The elves are really beautiful, male handsome, female beautiful. And through the beauty of nature, it is very pure.

However, let Huang Xiaolong's nosebleeds be hot. These elves are also too open to wear. I saw that these female elves are covered with thin shapes like wings, and only cover important parts and legs. The hips are exposed, even if it is covered by thin wings. It is also looming.

Any man has seen it. It's hard to avoid thinking about it.

"I didn't expect that the king of Leiren, still not dead, but dare to send people!" At this time, a beautiful elf stood up. Watching Huang Xiaolong cold.

Thunder King?

what?

Huang Xiaolong frowned. It looks like it. The other party seems to have misunderstood that he was sent by someone who is a Thunder King.

"Go, take this kid down and take it back to the land of life. Let the elders fall!" The beautiful elf spoke.

"Yes, Miss Lina!" The two male elves respected it, then flew over to Huang Xiaolong, waved his weapon and attacked Huang Xiaolong.

The strength of these two male elves is not weak, which is equivalent to the innate seventh-order strength of human beings.

However, it was not enough to watch in front of Huang Xiaolong.

Huang Xiaolong did not know how to do it. His eyes flashed blue, and he saw only the space in front of him. Numerous blue water droplets appeared. Then, he became two water dragons.

The two water dragons immediately flew back the two male elves.

After the two water dragons flew back to the two male elves, they did not disperse. Instead, they were coiled behind Huang Xiaolong and looked down at the surrounding elves.

Huang Xiaolong broke through to the peak of the sixth stage of the Sanctuary. He is more comfortable with the control of the water power in the depths of the space. As long as an idea can drive the water element deep in the space to force any kind of body to attack the enemy.

Of course, this requires a strong spiritual energy to support.

Without a strong spiritual power, these two water dragons will soon dissipate.

The hand of Huang Xiaolong shocked the surrounding elves for a while.

The four elves looked at the two water dragons behind Huang Xiaolong, and all of them were shocked, including the female elf Lina who had previously opened.

"You, is a magician?!" The female elf, Lina, was shocked and opened her mouth.

"Magician?" Huang Xiaolong stunned.

He heard Zhao Shu said that the human beings in the ten continents are practicing magic, and the profession is a magician.

"I didn't expect the King of Thunder to send a senior water magician." At this time, the female elf Lina sneered: "I have thousands of people here, I see how many magic you can cast!"

"Give me all!"

As the female elf Lina ordered, suddenly all the elves around him attacked Huang Xiaolong.

Moreover, many elves have bows and arrows in their hands, and the arrows are falling to Huang Xiaolong as rain.

Huang Xiaolong looked at the surrounding elves, and his face was calm. The two water dragons suddenly rose several times, and each one reached a hundred feet.

Then, the two water dragons and giant tails swayed, and all the arrows and rains were swept away. All the elves were also swept by two water dragons, and they bounced back like rain.

After a dozen breaths, thousands of elves or hanging branches, or squatting on the ground, or sticking to the tree, only the female elf Lina.

The female elf Lina was shocked to see the thousands of elves in various poses, and it was, just like this!

What is this magic? ! She looked at the two water dragons behind Huang Xiaolong.

She has never heard of this kind of water magic.

"You are, Sanctuary Magician!" Lina's voice was a little dizzy.

Sanctuary Magician!

This is one of the few powerful people in the ten continents.

Huang Xiaolong with one hand and two water dragons scattered, shaking his head and said: "I am not a sanctuary magician."

The sacred magician of the Ten Commandments of the Continent, comprehending the power of the law of space, the magic power of summoning is not weaker than the fighting skills of the sacred domain of the snowy continent and the nebula continent.

These, Huang Xiaolong also learned.

However, Lina listened to Huang Xiaolong saying that she was not a sanctuary magician, but she was relieved.

"And, I am not the one who sent the Thunder King, I just passed through the Elf Forest." Huang Xiaolong explained.

The elves are in the Elven Forest, and there is no competition for the world. For the Elf family, Huang Xiaolong still has a good impression, so the previous shots only let the elves not have the power to fight back, and did not kill.

"The road passes through the Elf Forest." Lina apparently did not believe that the blue eyes were full of disdain: "This kind of lies, who will believe, you human beings, we have not seen it!"

Huang Xiaolong shrugged: "Do you believe or not, it doesn't matter, please tell your elders or queens, don't bother me any more, otherwise, I am not as polite as I was!"

"Hey! A big tone!" Just as Huang Xiaolong's voice fell, suddenly, a distant cold sounded in the distance. Then, three figures came out of the air, and the eyes came to Huang Xiaolong.

The female elf Lina saw the coming person, her face was happy, and she hurriedly said: "Lina has seen three elders."

The three nodded.

"Young people, don't think that they have learned some water magic, they think they are invincible." Among the three, the tall old man said: "As long as you can win me, I will let you go!"

Huang Xiaolong shook his head: "No, you three, let's go together."

Huang Xiaolong can see that the strength of the three is not weak, but the strongest is equivalent to the seventh order of the human sanctuary, the weakest, and the fourth order of the sanctuary.

Even if the trio teamed up, Huang Xiaolong could easily defeat him.

But the three elders who came to hear the words, but they were furious. (To be continued.)

"Hurricane!" Another dwarf elf elder screamed, but took the lead.

His body flashed, and a dance in his hand, I saw countless huge ice cones falling all over the sky, blocking all the space around Huang Xiaolong, so that Huang Xiaolong could not retreat and hide.

The most hated thing for the elves is that others look down on themselves!

However, at this time, Huang Xiaolong suddenly took a shot, and countless golden circles spread. Wherever the golden circle went, all the ice cones stopped in the air.

All the elves around are big and wide.

"What is this? Is it space magic?" Lina is talking to herself.

Then, Huang Xiaolong waved his hands, and countless ice cones suddenly reversed and attacked the elves of the dwarf elves. The elves of the dwarf elves suddenly panicked.

The sound of high-altitude explosions continued to spread.

In the sprinkling of countless ice flowers, the elders of the dwarf elves were shaken back and forth by a powerful force. I did not know how many leaves were knocked down before they fell from the ground.

Quietly around.

Soon, the other two elder elders reacted and were shocked and angry. However, when the two men wanted to shoot, suddenly, a figure fluttered from the sky.

"slow!"

The sound is extremely soft, but it has awesome power.

The coming soon came to the crowd, a female elf, extremely beautiful, pure and beautiful.

"Great elders!" Two elder elders saw the arrival, was taken aback, and hurried.

The coming person is the eldest elder grandfather Celine.

The female elf Lina also rushed to salute.

Celine let everyone get up and then look at Huang Xiaolong. Said: "The son, our Majesty the Queen wants to see you, please."

Everyone was taken aback.

Their Majesty the Queen wants to see this human being? !

Huang Xiaolong shook his head: "No need."

Everyone fell to the ground again.

This human being has refused the invitation of their Majesty the Queen. Did they not hear it wrong? !

Xi Lin also looked at Huang Xiaolong with great surprise. It is important to know that even the two kings of the human beings on the ten continents may not be invited by their Majesty the Queen.

The human beings were in good shape, and they were met by their queen, but they refused.

"Farewell." Huang Xiaolong continued, finished. I have to turn and leave.

"Let's go!" The elves elders saw it. Angry, his body flashed, blocking Huang Xiaolong, a human. I dared to reject the interview of their Majesty the Queen. It's just too arrogant!

"Okay!" Just when the two are going to do it. The elder grandfather Celine said: "Let him go!"

The elves elders glimpse.

Let him go? !

In the end, the two were still allowed to let go.

Huang Xiaolong looked at the two people indifferently, and his body shape flashed. Fly away.

Xilin looked at Huang Xiaolong's body shape and disappeared. The beauty flashed. After a while, she told Lina to treat the elves around, and then turned back to return to the Queen.

Not long after, Celine returned to the Holy Land of the Elf, the land of life, and brought things back to the Queen.

It was a big surprise that the Queen of the Elf, standing next to the Holy Spring, heard that the other party had rejected her interview.

"Xi Lin, this young human, what do you think?" Kelly, the Queen of the Elf, suddenly asked.

Xilin stunned and thought about it and said: "This young human being is very good in strength and deeply aware of the power of the water system. But if he is alone, he is not the opponent of the king of the thunder and the king of the iceman, even if he is two, he Not the opponent of the King of Thunder and the King of Ice!" She finally emphasized it once again.

The Queen of the Elf, Kelly, looked at the towering tree of life in front of her, and sighed: "I have seen him feel good about the power of the water system. I want him to see if he can cure the tree of life."

The tree of life is the sacred tree of the elves, and the root of the elves' family. However, in the last two years, the elves of the elves have been fading into the life of the tree of life. She has tried many ways and cannot make life. The tree restores the breath of life.

If you go on like this, the tree of life will be completely withered without a hundred years.

The tree of life withers, then all the trees of the Elven Forest that depend on the tree of life will wither, and the Elven Forest will cease to exist.

What are the elves who have survived in the Elven Forest for generations? !

Xi Lin looked at the tree of life, and her eyes were also sad. She shook her head: "The young man, although he has a good understanding of the power of the water system, but it is impossible to cure the tree of life, unless the legendary curse There is only a glimmer of hope in the restoration of the magical life of the water system. It is impossible for the young man to display the curse magic."

This is also the reason why she let the other person leave after seeing the young man.

The two are quiet.

"Queen of Her Majesty, or else, let's put the news out, ask the strong parties to find a way." After a while, Xilin began.

Elf Queen Kelly shook her head: "This matter, let's talk about it later."

The impact of this matter is too great. If it is not final, she will not want to release the news. The situation of the tree of life is currently only known to both of them.

Huang Xiaolong went all the way to the north. After half a day, he passed through the Elf Forest. Xu was the elf queen who gave orders. Along the way, Huang Xiaolong did not encounter elves obstructing and attacking.

"In front, it is the dwarf city." Huang Xiaolong stood on a hill and looked at a small earth and stone pool in front of him, and then came to the dwarf city.

After a while, Huang Xiaolong came to the Dwarf City.

On the gate of the city, the three characters of the dwarf city are engraved. The three characters of the dwarf city should have some years, revealing the mulberry.

Although the dwarfs are adjacent to the elves, but unlike the elves, the dwarves are very friendly to humans, which is why Huang Xiaolong dared to enter the dwarf city so bravely.

Huang Xiaolong walked into the dwarf city.

The streets are still quite lively. Only one-meter-high dwarves come and go. In addition to the dwarves, there are many humans, orcs, and even elves and demons.

The entire dwarf city is made of earth and stone. The shops around the street are also earth and stone houses. Compared with the imperial city of the snowy continent and the nebula, this dwarf city is simply the land of the country.

Huang Xiaolong discovered that almost all the shops around the street were built with weapons. Otherwise, they were related to weapons. They all said

that the dwarves and their generations lived on the refiners for a generation. It seems that they are not fake.

Suddenly, Huang Xiaolong saw the people in the street running in the direction of the front. He felt strange, pulling one person and asking what was going on.

The young Dwarf replied: "Is the brother just coming to the Dwarf City? Our dwarf family has a refining contest every ten years. Today is the top ten in this refining contest."

Refining contest? Huang Xiaolong has some accidents. (To be continued.)

"Brother, where are you from?" The young man of the dwarfs then asked casually.

Huang Xiaolong came back to God: "The Elf Forest."

"Elf Forest!" The dwarf youth was taken aback, stopped and looked at Huang Xiaolong, and then smiled: "Brothers will be joking."

joke? Huang Xiaolong smiled bitterly. There is something to be joking about this. He just came from the Elven Forest.

"Brother, are you really coming from the Elf Forest?" The young people of the dwarfs saw the look of Huang Xiaolong, surprised.

Huang Xiaolong nodded.

The young people of the dwarfs looked up and down Huang Xiaolong.

"Brother, I didn't see it, you can get out of the Elf Forest!" When he said this, he lowered his voice and said, "You, haven't you been forked by those elves?"

"Fork fork?" Huang Xiaolong sweats.

The dwarf young man nodded: "All humans who entered the Elven Forest, who have not escaped from the Elven Forest, were forked by the elves and became the nourishment of the Elven Forest." When it came to this, he touched Huang Xiaolong. Laughed: "Brother, how did you escape from the Elf Forest?"

He is very curious about this.

Huang Xiaolong smiled and said: "I defeated the elders of the elves, they should be afraid of me, so let me leave."

The young people of the dwarfs stunned and then laughed aloud: "Brother, you are quite interesting." Apparently he thought that Huang Xiaolong was joking again.

The two talked while walking.

The young dwarf is called Eric.

Huang Xiaolong did not conceal his identity and said Huang Xiaolong.

Obviously, this Eric has not heard of the name of Huang Xiaolong. He has heard that Huang Xiaolong claimed to have no abnormal expression.

Although Huang Xiaolong's name is far away, he broadcasts the ten continents. But not everyone in the ten continents knows the name of Huang Xiaolong.

Originally, this Eric was going to take Huang Xiaolong to watch the game, but Huang Xiaolong didn't have any interest in this dwarf refining contest, so he shook his head and refused.

Huang Xiaolong left the dwarf city.

The dwarf Eric and Huang Xiaolong were very talkative, when Huang Xiaolong left. Inviting Huang Xiaolong to come to the Dwarf City next time, I must remember to find him. When he asked Huang Xiaolong to drink dwarf wine made by the dwarf people.

Huang Xiaolong laughed, the next time you come to the dwarfs, you will!

Leaving the Dwarf City, Huang Xiaolong went straight to the Star Treasure Canyon.

Just pass through the Star Treasure Canyon. Then, it is the orc family.

Unlike the Elven Forest, the dwarf hills, this Star Treasure Canyon is a great danger to the Ten Continent, about a hundred miles long, at night. The congenital thunder is covered over the canyon. This congenital thunder is the strongest of the sanctuary.

Even during the day, sometimes it is suddenly full of thunder.

Of course, you can also go around the Star Treasure Canyon to the Orc family, however. It takes at least half a month to travel.

When Huang Xiaolong rushed to the Xinglei Gorge, it was just noon, the sun was shining, and the clear sky was cloudless.

"It should not come across." Huang Xiaolong thought.

Although the Xinglei Gorge is about a hundred miles long, but with the speed of Huang Xiaolong, it is also a dozen times of breathing time.

More than a dozen breaths!

However, in case of prevention, Huang Xiaolong still turned out the body of Shura and called out the Devil's Wing, which will be black at the same time. Blue Shuanglong Wuhun summoned, soul.

Huang Xiaolong flew up and suddenly became a speeding light and entered the Xinglei Gorge.

wind. In the whistling.

Trees on both sides of the canyon, the flowers and plants retreat at a very fast speed.

Soon, Huang Xiaolong came to the middle of the Xinglei Gorge.

At this moment, suddenly, the sky was covered with dark clouds and the thunder was blasting. The thunderous thunder and lightning were like the mad snakes constantly tumbling over the Star Treasure Canyon.

The devastating force has been pressed from the sky above the Thunder Valley.

Looking at the sky and the gorge above the sky, the sky was over the sky. After Huang Xiaolong was shocked, he couldn't help but scream!

I am afraid what to come!

The devastating power instantly fell into the Valley of the Star Treasure.

Huang Xiaolong had no way to go before, and there was no retreat afterwards.

Suddenly, Huang Xiaolong suddenly drank and flew up. Instead, he flew to the sky. Huang Xiaolong just landed at the top of the valley, and countless devastating Thunder forces rushed to Huang Xiaolong.

Huang Xiaolong had a double fist and a pair of fists to meet, and bombarded with the falling thunder.

"Zi!" But a burst of violent sound.

Huang Xiaolong stepped back and forth, and the whole body was numb.

The surrounding trees and sandstone are all turned into powder.

Huang Xiaolong's heart was shocked. The power of nature was terrible. If he had not refining and refining three Taikoo dragons, and this body was transformed by Dragon Ball and Dragon Yuan, just now, I am afraid that I will be seriously injured.

However, this has instead aroused Huang Xiaolong's war.

At this time, a few innate thunders rushed to Huang Xiaolong.

Huang Xiaolong's eyes flashed, and he swung his fists and slammed it up again.

The thunder shot and the wind blew.

Huang Xiaolong is like an ancient war god, against a wave of innate thunder.

The mad thunder is getting more and more fierce, but Huang Xiaolong is more and more brave.

Huang Xiaolong discovered that after each attack with this mad thunder, the mad thunder washed the body, and this body was stronger.

Hundreds of miles away, on a mountain, hundreds of orcs stopped and looked at the raging innate thunder over the Thunder Valley, one by one scared and pale.

"We just fortunately listened to Budd's words and detoured. Otherwise, we crossed the Star Trek Canyon directly, and now we have no bones!" Orc Amir was shocked.

"Hey, look!" Suddenly, the orc Anton pointed to the top of the Valley of the Thunder Valley.

Everyone looked and saw that there was much more intense than other places. Moreover, they actually saw a shadow of vagueness, which seemed to be against the thunder. !

Everyone bursts!

"This, no, won't it be true?!" Amir's throat swayed.

"Definitely not, how is it possible, it can't be true, how can humans compete with Tianlei!" One shook his head: "The distance is too far, everything is plausible!"

Everyone nodded and felt that it was impossible.

Even the chiefs of their orc family did not dare to force themselves to compete against the thunder.

When everyone stared for a while, they shook their heads and moved on.

At this time, above the Xinglei Gorge, Huang Xiaolong will be smashed by a thunder, and he laughed loudly: "Shuang!" It is really cool. At first, Tianlei washed the body, Huang Xiaolong was paralyzed by electricity, and the pain was endless, but now it is long. Paralysis, the pain disappears, and it is comfortable to replace it.

Thunder splashed on him, as if he had massaged him all over again, and he was very comfortable.

Huang Xiaolong is very enjoyable and very comfortable.

After more than an hour, Thundercloud disappeared and the sky above the Thunder Valley was restored again.

Looking at the disappearing Thundercloud, Huang Xiaolong could not help but be disappointed. I did not expect this Thundercloud to disappear so quickly.
