"No, Jeremy. It's Ok. I understand. I do. You're right. I'll always be here for you. I don't need your reassurance, or little reminders. I'll always see you as the baby on my breast, the toddler holding my skirt. The little boy trying to impress me, showing off. The tween with that look of fascination, infatuation. My teen buddy, calling on the pho

She took my cock from her sister, opened her mouth and sucked me in. All of me. She pulled away slowly, and most of the mess was gone. Mom chuckled. "I tasted a dirty girl on my baby boy's cock."

Mom still held my cock. "It's still beautiful isn't it, Marie? The potential. Just knowing that with a little effort, we can make him big again, and he ca

Mom kissed me deeply. "We're going to have so much fun training her, aren't we?"

I chuckled, then felt Marie climb back on top of me. I felt her warmth envelope my cock, then she was lying on top of me, Mom scooting over to give her room. "That was naughty, Sissy," Marie whined.

Mom giggled. "He didn't think so. He loved it. And that's what counts,

Aunt Marie had gone multi-orgasmic again. She would cry out, gasping, her entire body straining underneath me. Before each one, her face would turn red, and she'd hold her breath, letting it loose explosively as the end of each orgasm. I loved being able to do that to her. Each time she'd come, I'd bite down on her neck or her shoulder, and she'd s

It had been almost two months since I'd been home. At first, I'd tried to make it every weekend. School was only forty minutes away and I knew Mom needed the support. But after seven consecutive weeks of listening to her bitching and moaning about how miserable her life was, and bad mouthing Dad, I'd had enough.

Sure Dad probably deserved most of i

Aunt Carol stood up, and I scurried back around the corner. "You know that's not what I meant." She heaved a huge sigh. "I need to go home and take three showers. You and I are going to the gym tomorrow, and I'm not going to take no for an answer."

"No, I really don't feel like it," Mom said.

"I don't care what you feel like. We're going, and that'

They'd been gone about half an hour and I was in the shower beating off when I lost it. That's all I can say. I completely lost any vestige of sanity I had. I just couldn't get my mind off of what Mom was doing. What Aunt Carol was supporting. Not to mention how risky and dangerous it was. It's warped, I know, but I thought, well, forget what I tho

When I pulled away, she whimpered pitifully.

"Stay. I have another one for you."

"Yes, sir," she answered softly.

"That was very good," I told her. "With practice, you'll be excellent."

"Thank you," she said.

"There's a bottle of water beside you. Relax."

I stepped away and took a drink of soda. I felt terrible and wonderful at the same time. I kne

She was slow to start but didn't take long to get warmed up, and soon I was getting her best. And Mom's best was mind-blowing.

I still couldn't get over what a good cock-sucker Mom was. Once again, I had to wonder what the fuck Dad's deal was.

Mom seemed eager again and was sucking like she was on a mission. I wasn't trying to hold back. So when

### Chapter 1020 Mom's Closet:Ep6

A nice morning session at our glory-hole was followed by a long walk in the park. She wanted to walk for at least an hour. I was willing enough. She was huffing and puffing after ten minutes, but I'll say this for Mom, she's no quitter.

"I'm so proud of you, Mom," I told her as she leaned against the car, catching her breath. "You can do this. I know
