Chapter 1031 The Guilty Conscience: 4

I'm sure many would think me a wimp. Perhaps I am. I enjoyed it, the access to her body, wrenching the orgasms from her shuddering flesh, pampering her, cuddling with her. I was shocked when I was included on calls with her husband, and he thanked me for taking care of her, and being a gentleman about it. Mingling with the station royalty, the people

No way out of it. I detailed the 'Vette, and put protective tarps in the minuscule trunk. The original seats were still in storage, and I had the reupholstered cloth seats installed, so I wasn't too worried if we had wet bathing suits. I wore surfing shorts and a garish Hawaiian shirt, a going away gift from 'A'amakualenalena, my u

Sue gave my arm a tug. "Gotta mingle," she told her friends. She dragged me down by the water, then turned and practically leaped on me, pulling my head down and planting a big kiss on me. "Jesus, that was hot! If I was wearing panties, they'd be soaked."

The drinks were flowing, and nobody was feeling much pain. Sue was obviously buzzed, in her party, flirting mood. I liked that. It almost always meant hot sex. I loved that. She was amazing.

"You ever sorry you gave up the old life?" Mark asked.

"Rarely," I told him. "You know most of the guys didn't last more than a year. I had a five year run. On

I drove around the block, and dealt with the local traffic for the few minutes it took me to return. She ran over and hopped in my car. "Take me for a ride."

"Where?"

"Anywhere, just drive Ok?"

Mrs. Moffit looked over and realized the problem. "Hold up a minute." Now she sorted through the papers, pulling out the three guys from the 4 girls. "You fill out these, and I'll fill out the girls," she explained. "Try to write similar but a little sloppy. It'll have to do."

I had filled in my own form, and was working on Kyle's when Mrs. Moffit

I straddled her hips, and placed my hands on her temples and massaged her slowly, until her eyes eased closed. Then I massaged the sides and back of her neck, and her shoulders. I rubbed her arms, and her chest above and beside her breasts, then down her rib cage. Sliding my hands in and up, I rubbed her breasts. I was in unknown territory here. I'

As she rocked back and forth on my cock, I first kissed, then sucked, then devoured her tits. Before long they were taken away again, and she was bouncing up and down on my stiff meat. She got up, turned around, and lowered herself again, this time her hands leaning on my knees, limiting how much I could push back, and she rode me hard again, until
