Jen obeyed and I felt her warm lips slide the rubbery head of my penis between them, sucking me in, then pushing her lips together and sliding it out to just the tip, then drawing my head back in. Jen's full lips drove me wild, and this teasing movement set my heart pumping frantically. I longed to make one, good shove and relieve the pressure she

It was late in the evening when our bus finally arrived at the hotel. Travel weary, I gathered up all of the snack wrappers, my MP3 player, water bottle and book and stood as the interior lights came on. All around me Jen's teammates from the Hellcats were doing the same, all wearing the same tired and slightly dazed look I'm sure I had on. A few r

Once inside, Jen turned around and put her arms over my shoulders and around my neck and

"Mark, could you hand me the next tile?" asked my father.

We were busily working on our hands and knees to finish putting down a new floor in our parent's bathroom.

"Sure...here you go." I said, handing him the next one in the pattern.

I was surprised. Things between my dad and I were just fine. I was expecting today to be really awkward.

Suddenly I felt her pull away from me then felt her hand on my shoulder, then on my hip, as she must have turned around and was now moving toward my cock. I felt the vibration on the tub floor as she got down on her knees, then felt her leaning in towards me, one hand on my hip and her chest beginning to press against my groin. Her other hand reach

Rolling over in my sheets, I grimaced as I heard the piercing sound of my alarm clock going off. I felt like I had only just fallen asleep, but judging by the state of my bed sheets that were all wrapped and tangled around me, I had slept well. Grudgingly, I got up and trudged over to the clock and turned it off.

Finally, the head of my dick grew white-hot and I couldn't hold myself back any longer. Jen squealed as my cum squirted out and sprayed her face. I held her tight to me and bucked, launching rope after rope of white semen at her, sticking to her mouth and eyes, dribbling down all over her chest. My balls tightened and still more cum splashed out in

By the end of the day, I had come up with no good answer. I had come up with hundreds of reasons, but none of them really fit how my heart felt about it. I was frustrated, because I didn't want to just give in and have sex with Jen and have a lingering doubt in my mind. If I did it, I wanted to make love with her honestly.

I left work just as frust
