Chapter 1421: tainted witness

After all, the door was locked. The staff in the hall were naturally shocked to see someone coming out of the door.

Especially the extremely ugly Boss Ma Hongyi, he was so scared that he even dropped his phone.

In order not to let Mr. MA notice anything, Zhao Yu didn't let manager Rao and Miao Ying come out, but pretended to stumble into the hall.

The staff didn't know if Zhao Yu was a good person or a bad person, so they didn't know what to do. But even so, the two men dressed as security guards still subconsciously held their sticks and stood in front of Mr. MA to protect him.

"Dodge!"

However, Zhao Yu walked up to them and shouted at the security guards.

They didn't know if it was because of Zhao Yu's strong aura or the security guards "guilty conscience, but they actually made way for Zhao Yu.

Then, Zhao Yu took a big step towards Mr. MA, and without saying a word, he put his arms behind his back and pressed him on the table.

"Don't move, You're Under Arrest!" After Zhao Yu gave the order, he shouted to the others, "I'm a police officer! Your boss has been arrested!"

"Aiyo ..." Mr. MA was, after all, an old man. When Zhao Yu pressed him, he suddenly screamed in pain and quickly explained, "police ... Police comrade, is there some misunderstanding? What right do you have to arrest me? Someone fired a shot from inside, you should be the one to arrest them!"

Buzz ... Buzz ...

Just as MA Hongyi was in a hurry to explain, police sirens suddenly sounded outside the door.

Zhao Yu saw that the reinforcements had arrived, so he didn't have to hold back. He immediately held MA Hongyi down and said, "I'm not arresting your boss, MA Hongyi. I'm arresting ..."

Then, Zhao Yu snapped his fingers into the distance, and Miao Ying came out of the passage with manager Rao.

"Ah!?"

Seeing that manager Rao was still alive, MA Hongyi's body trembled and his face turned pale.

"The one I want to catch," Zhao Yu said in his ear, "is the leader of the snake fang killer organization, abikula!"

"Oh ... Oh ..." MA Hongyi trembled again, then pretended to be stupid and said, "I ... I don't know what you're talking about. That man is the manager of our VIP hall!" What ... What are you trying to do?"

“Hey, let go of our boss!” Although the two security guards didn’t understand what was going on, they still rushed over to help their boss when they saw that he was being held.

However, Zhao Yu ignored the two security guards and pressed Mr. Ma’s head on the table. He said coldly, “It doesn’t matter, you can act cool however you want now! Let’s see if your lie can fool Qingqing K!”

“Ah?”

At the mention of K’s name, MA Hongyi trembled once again, and his lips trembled. Obviously, he not only knew who K was, but also what K wanted to do.

At this moment, more than a dozen fully armed police officers rushed in from the gate, led by Ran Tao and Captain li Yanxia.

“Don’t move!” Ran Tao held his gun and shouted, “this is an emergency! Anyone who dares to move will be obstructing public service! “Team leader Zhao!” After shouting, he saw Zhao Yu and rushed forward. He asked Zhao Yu if he was okay, while aiming his gun at Mr. MA.

“Handcuff him!”

At Zhao Yu’s signal, Ran Tao took out a pair of handcuffs and handcuffed Mr. MA.

In order to prevent the same thing from happening again, Zhao Yu searched MA Hongyi from head to toe again.

.....

Half an hour later, the entire Hall was under control.

The injured Xiao hang and the others were sent to the hospital for treatment, while the other related personnel were all taken to the police station for a detailed investigation.

This major incident had caused a huge sensation within the system, so more than a dozen local departments and all the police force had been sent to help the Special Investigation Group and the Secret Service to deal with this matter.

However, Zhao Yu didn’t care about the aftermath. He still had a big matter to deal with as soon as possible, so before he sent the suspect back to the police station, he interrogated manager Rao in the prison van first.

The reason why Zhao Yu wanted to interrogate him first, and not MA Hongyi, was because Zhao Yu felt that manager Rao still had a lot of things to say. He had to figure out the ins and outs of the whole matter, so that he could interrogate MA Hongyi more effectively.

“That can’t be right. Why ... Why aren’t you driving?” When manager Rao saw Zhao Yu in the prison van, she immediately pointed at her clothes that were covered in blood and urged him anxiously, “I can’t ... I really can’t!”

“Why didn’t you let me in the ambulance? I’ve been stabbed at least three times. This stab ...” He pointed to his lower abdomen. “This stab must have cut my intestines. I really ... Really can’t hold on much longer. If we don’t go to the hospital, I’ll ...”

However, Zhao Yu didn’t say a word. He just crossed his arms and waited quietly.

“Mm ... Mm ...” Manager Rao finally realized that something was wrong. She lowered her head and said reluctantly, “Sir, how about this? I have evidence of MA Hongyi’s crimes over the years, so ...”

“How about this, I’m willing to be a witness, I’ll help you testify against MA Hongyi, K, and snaketooth, I beg you...Save me, please!

“I’ve been a normal person for so many years. I ... I’ve really turned over a new leaf. Please, I’m begging you!

“Hmph!” “Hmph!” Zhao Yu snorted coldly, then said unhurriedly, “your Mandarin is much better than Liang Weiyi ‘s!”

“Um ... I ... I’ve been at Harland for more than ten years,” manager Rao said. “What do you think of my proposal? as long as you agree to it, I promise to tell you everything I know!”

“Humph ...” Zhao Yu snorted again, then said, “are you out of your mind? And a tainted witness! Alright, I can agree to help you apply, but don’t you know the stakes involved?

“First of all, the police don’t necessarily need you to testify against the killer organization and MA Hongyi. Why don’t you think about it, if we didn’t receive the news, how could we have found this place?

“Secondly, don’t forget that you are a cold-blooded killer!” He continued. Zhao Yu’s face darkened and he shouted, “based on the crimes you’ve committed in the past, even ten deaths wouldn’t be enough!

“And lastly, are you sure you’ll be so honest after coming to Harland? We’ll easily find evidence of your crimes and add to your crimes!

“So, to be honest, the probability of applying for a tainted witness is really not high!”

“Ah?” Manager Rao’s heart turned cold. “Does that mean that I ... I’m going to die?”

“Not necessarily,” Zhao Yu said. “Now, there’s an opportunity in front of you. It’s up to you to fight for it!”

“Ah? What chance?” Manager Rao’s eyes lit up. He saw hope again.

“To tell you the truth, Liang Weiwen has already given the word that in a dozen hours, he will carry out an operation with very serious consequences.

“So, if your information can help us solve this crisis, and help us capture Liang perseverance,” Zhao Yu raised his eyebrows and said, “it would mean that I have an extra bargaining chip for you, right? When the time comes to apply for a tainted witness ...”

“Oh, I understand, I understand!” Manager Rao nodded impatiently. “I’ll tell you, I’ll tell you everything!”

Chapter 1422: She's a dead person!

"My name is la Kong, I'm an Indonesian Chinese." Manager Rao told Zhao Yu honestly, "when we were young, we fled with our parents to an unremarkable Island in East Java to live. There were many mixed-bloods like us with us ...

"Later, because of life, Cai Xingwen, K, and I went to Sri Lanka to receive training from snaketooth. Later, we became assassins of the organization!

"In the beginning, snaketooth was a branch of the fierce tiger organization, which was responsible for assassination. Later, snaketooth gradually became independent. In addition to assassinations, he also engaged in kidnapping and blackmailing.

"K comes from the same background as us, but he's always quiet and unsociable." Manager Rao recalled. "However, his talent is something we can't compare to. After a few years of training, he was able to go on missions, even earlier than us!

"He was born a cold-blooded killer. He had no emotions, was fierce, and especially smart. He soon became the daunting King of Snake fangs!

"His eyes were especially fierce. Even we from the same hometown didn't dare to look him in the eye!" A trace of fear flashed across manager Rao's face, and then she said in confusion, "but ... I don't quite understand. Snake fang has been destroyed for so long, so why did K suddenly appear? and ... Why did he kill Cai Xingwen and the other two?

"We have no enmity with him, so why would he do this?"

"Then it's Boss Ma's problem?" Zhao Yu raised his eyebrows, "did your Boss Ma do something to let him down?"

"Impossible," manager Rao said with certainty. "After snaketooth was eliminated, we were all running for our lives. We couldn't even protect ourselves. Why would we offend him?"

"Besides, everyone knows that K is the King of Snake fangs. Even if Mr. MA is in the middle level of the organization, he wouldn't dare to touch K!

"If you don't believe me ..." Manager Rao pointed out of the car. "You can ask Boss Ma." I've been with him for so many years, if he really pissed K off, he wouldn't have been so comfortable all these years!"

"Oh ... There must be a reason for this ..." Zhao Yu pondered for a moment, then quickly thought of another problem and asked, "in that case, tell me about Yu zhengran!"

"Yu zhengran?" Manager Rao was stunned. "Which Yu zhengran?"

"Then ..." Zhao Yu took out Yu zhengran's photo from his mobile phone and continued to ask, "do you know about the Tianfu home?"

"Ah?" After hearing the words "Sky Mansion," manager Rao couldn't help but tremble again.

Zhao Yu was a super detective. Just from manager Rao's reaction, he could already conclude that manager Rao was definitely related to Yu zhengran's family's disappearance.

Hence, Zhao Yu grabbed manager Rao's collar and held Yu zhengran's photo in front of his face, then said fiercely, "Take a closer look, and you still say you don't know?"

"I ... I'll tell you, I'll tell you ..." After seeing the photo, manager Rao didn't want to take any chances. She immediately said with an embarrassed expression, "I forgot his real name, but I can still remember that the case at Tianfu garden was our last mission!"

"Since then, the headquarters in Sri Lanka was cleared out and snake fang declared its demise. It can't be ..." Manager Rao thought seriously and said, "it can't be because you didn't give K any money, right? But ... He's gone. We couldn't contact him, so we thought he was dead!"

"Split what money?" Zhao Yu understood what he meant, so he increased the pressure on manager Rao, making it hard for her to breathe.

"Of course ... Of course it's that rich merchant's money!" Manager Rao said, "that was ... 13 years ago. Boss Ma received news that the rich businessman who lived in the Hailan Sky Mansion home had escaped from overseas with a huge sum of money.

"It is impossible for him to clear his identity in such a short time. Therefore, it is impossible for him to transfer the huge sum of money. He can only carry it with him."

"So, you kidnapped them, robbed them of their property, and killed their entire family?" Zhao Yu's eyes flashed with a fierce light.

"No... No choice. We can't leave a single person alive for this kind of thing!" Manager Rao looked repentant as she said, "in addition to their family of five, there were four bodyguards we brought from overseas. We killed all of them!"

"Furthermore, in order to get the rich man to speak, we even ... Even used his family to do some bad things ..." Manager Rao's voice became softer and softer. "After that, we even released some false news, saying that his family died in a tsunami and so on ..."

"It's really like this!" Zhao Yu was burning with anger, and he wanted to beat up the murderer. However, in order to find out the truth as soon as possible, he suppressed his anger and continued to ask, "where are their bodies buried?"

"In the mountains, in a ravine in the old mountains, we stuffed people into one of the water caves and then sealed the entrance with stones. I ... I should be able to find it ... If you need it ..."

Manager Rao seemed to have felt Zhao Yu's anger, so she answered the questions with enthusiasm.

K is also involved in this?" Zhao Yu asked again.

"Right!" Manager Rao replied quickly, "after all, that rich businessman had four bodyguards, so Boss Ma sent five of us, including K!"

"Oh?" Zhao Yu suddenly frowned. If K was the killer, it would be hard to explain the owner of the skull ...

“Cai Xingwen, Huang Baili, Xing feiyuan, K, and I,” manager Rao continued, “the four bodyguards of the rich businessman were all taken care of by K alone! As for the murder of the rich man’s family ... All of us are involved ...”

“Then ...” Zhao Yu asked in a hurry, “the rich businessman you mentioned, does he have a granddaughter?”

“Yes,” manager Rao hurriedly replied. “His granddaughter was about 18 or 19 years old at that time. She was very beautiful. She had long black hair and big eyes. She was a very beautiful mixed-blood ...”

“Let me ask you,” Zhao Yu once again grabbed manager Rao’s collar and asked, “are you sure she was dead at that time? Who killed her?”

“I’m sure! I’m sure!” Manager Rao did not hesitate to give an affirmative answer, but after saying that, she suddenly froze. “Eh? I think ... K ... Killed him with his own hands?”

Ah?

Hearing this, Zhao Yu couldn’t help but be even more confused. If K killed Yu zhengran’s granddaughter with his own hands, then...Then the series of speculations that came after that didn’t seem to be valid, right?

Could it be that ... The owner of the skull that K cared about was not Yu zhengran’s granddaughter at all, but another relative of Yu zhengran?

Then ... Who could it be?

“Right,” manager Rao suddenly remembered something and hurriedly added, “at that time, we saw that the rich businessman’s granddaughter was very beautiful. We wanted to mess with her, but for some reason, K went up and killed her with a knife!

“Yes ...” He tried hard to recall and said with certainty, “there was no reason, and there was no discussion with us. He just went up and stabbed her. The person ... Must be dead, right?”

“If it was someone else, we might have to complain, but because it’s K, none of us dared to say anything!” Manager Rao recalled, “after K killed the person, we thought that he just wanted to finish the task as soon as possible, so we quickly stuffed the person into the water cave, then sealed the entrance and left!”

“Alright!” Zhao Yu let go of manager Rao’s collar and said to him, “you lead the way now, and we’ll find the body. I’d like to see if Yu zhengran’s granddaughter is dead or jianjia is still alive!”

Chapter 1423: soul summoning

“Yes, I am!” In the speeding police car, manager Rao told Zhao Yu, “after we finished hai Lan’s case, we received the news that snake fang’s headquarters was destroyed before we could make any adjustments!

“Sri Lanka has our information. We are all wanted by Interpol and have nowhere to go!

“So, I discussed it with Cai Xingwen and the others, and we made an extreme decision. We took the money we robbed from the rich businessmen and hid in the mountains and forests of Harland, living a life of seclusion.

“I’ve been hiding for almost two years before I left the mountains and returned.” Manager Rao said, “then, we used the money of the rich businessmen to forge our identities. From then on, we settled in Hailan and lived a normal life.

“However, although we have a new identity, we are still living in fear every day. We never show our faces, afraid that we will be targeted one day.”

“Oh ...” Zhao Yu rolled his eyes and asked, “what about Mr. MA? Where did he come from? Don’t tell me Cai Xingwen and the others don’t know Boss Ma’s identity?”

“Right!” Manager Rao nodded affirmatively. “Snaketooth has its own security system. They either have a one-way contact or an informer like me.

“So, I’m the only one who knows that Mr. MA is an important leader of snake fangs. Even K doesn’t know!” Manager Rao paused for a moment and began to recall. “As for Boss Ma, we only got in touch again eight years ago.

“Boss Ma happened to be taking refuge in Jingzhou. We met and he told me that he had already gotten the news before the purge in Sri Lanka, so he deleted his and our identities!

“Otherwise, we wouldn’t have been able to hide so safely until now.

“Of course I was very happy to hear this news, so I decided to partner up with Boss Ma to do business, and that’s how we have the Guild now.

“I thought that I would be able to grow old in peace, but I didn’t expect ... Sigh!” Manager Rao shook her head helplessly. “This is probably the legendary retribution!

“Oh, by the way,” he sighed, then thought of something and quickly added, “among the information that Boss Ma deleted, it also included K’s. Boss Ma tried to find him back then, but he couldn’t find him!”

“Oh ...” Zhao Yu nodded slightly, then said, “so, there should be no enmity between Mr. MA and K, right?” Otherwise, Mr. MA wouldn’t have deleted his message or tried to find him.

“Strange ...” Zhao Yu frowned. “If that’s the case, why did K want to use us to find Mr. MA?”

“That’s easy ...” Manager Rao said hurriedly. “Why don’t you ask Boss Ma yourself?”

Hearing this, Zhao Yu secretly looked at his phone.

At the same time, Miao Ying was in another police car interrogating MA Hongyi. However, MA Hongyi was not like manager Rao. Even though he had seen the video of manager Rao’s confession, he still gritted his teeth and refused to say a word!

From this, it seemed that it would not be easy to get MA Hongyi to speak in a short time. Therefore, he had to find out more about the situation from manager Rao.

“Officer, I’m not trying to be delicate, but I really have to remind you,” manager Rao pleaded with Zhao Yu again.”The place where we buried the bodies was deep in the mountains, and it was a long walk!

“But ... Look at my current situation ...” He pointed to his blood-stained clothes.”I might not be able to hold on until there!”

“It doesn’t matter if I die, but I don’t want to delay your important matter! “And ...” He pointed out of the window.”It’s night time now. After all, I haven’t been to that place for more than ten years. I can’t guarantee that I’ll be able to find the right way in a short time, so ... You see, the hospital ...”

“It doesn’t matter,” Zhao Yu interrupted him.”I’ll just take a gamble and see if you can survive!” If you can’t hold on and die on the road; Or if I can’t find a place to hide your body, then I’ll just find a water cave and bury you!”

“This ... What you’re saying ...” Manager Rao held her stomach and complained gloomily,”at least bandage me up ... I ... Eh?” Don ‘t, don’ t, don’t ...”

Before manager Rao could finish her sentence, Zhao Yu grabbed his head and slammed it against the car window, causing him to wail.

“I’m warning you for the last time, don’t try to play tricks with me!” Zhao Yu pressed on his head and threatened him fiercely,”you just said that you’ve been living in seclusion in the mountains for a year, and now you’re saying that you might have gotten the wrong way?

“Alright, if you really have the guts, then try to admit your mistake! Let’s see if you still have the life to be a tainted witness!”

“No, no, no... I wouldn’t dare, I wouldn’t dare ...” Manager Rao had been tormented by Zhao Yu to the point that she didn’t have any temper left. She immediately begged for mercy,”don’t worry, I’ll definitely find a good one, a good one ...”

“Let me ask you again,” Zhao Yu let go of his head and pulled up the photos of the white bone case on his mobile phone. He asked manager Rao,”take a good look at these. Are these things taught by poto?”

Then, Zhao Yu told him the whole story of the white bone case.

“Oh my God!” After hearing this, manager Rao sucked in a breath of cold air and said while trembling,”this K ... Is too crazy? Is there something wrong with his brain?”

“Oh?” Zhao Yu saw something in manager Rao’s eyes and urged her,”what do you mean?”

“That’s right, these ...” Manager Rao pointed to the photos and said,”they are all the primitive totems and sacrificial items of poto religion!

“There were many primitive people who believed in poto religion on the small island we lived on when we were young.

“In order for them to accept us, we all chose their faith and prayed with them. Gradually, we also became loyal believers.

“But ... We’re not as extreme as K! Everyone knows what the poto religion is all about. How can you take the saying of white bones summoning the soul seriously?”

“What? White bone soul summoning?” Zhao Yu frowned.

“Yes,” manager Rao replied. “Behind our backs, our elders call poto religion the white bone religion because the religion advocates white bones. It believes that after death, the soul will attach itself to the White bones!

“If ... If this was K’s doing ...” He pointed to the photo and said, “then K must have been possessed by the devil! He wanted to use other people’s bones to reconstruct the soul of the owner of the skull so that she could have the most complete body after reincarnation!

“But ...” Manager Rao grinned and shook her head. “How can we take this seriously?”

“Oh ...” Zhao Yu nodded slightly and said, “it shouldn’t just be a complete body, but a perfect body!” The people K uses to summon the soul for the skull are all models with perfect figures!”

“No way ...” Manager Rao swallowed. “K must be crazy!” To kill someone for the sake of summoning their soul, and to even take their bone, wasn’t this too crazy? Who is the owner of this skull?”

After the question, the car suddenly fell silent.

“Wait ...” Two seconds later, manager Rao finally reacted. Her lips trembled as she said, “you mentioned the rich businessman’s granddaughter just now. You are in such a hurry to see the burial site. The owner of the skull, it ... It can’t be her, right?!”

Chapter 1424: skeleton that was swapped

Five hours later, it was already two o’ clock in the morning.

Deep in the old mountain, a ditch was brightly lit, as bright as day.

As Zhao Yu had informed the relevant departments in advance, dozens of police officers, forensic scientists, and the rescue team sent by the mountain all arrived at the scene on time.

At this moment, the rescue team was moving the stones blocking the entrance of a cave. According to manager Rao, after they killed the family of the rich businessman, Yu zhengran, they hid the bodies in the cave.

“Back then,” manager Rao, who was in handcuffs, stood not far from the construction site and confessed to Zhao Yu, “this place is deep in the mountains and forests, which is very far from the city. There are no roads in a very far place.”

“Back then, we made their family walk through it ...”

“Then ... What about the other four bodyguards? Is it buried here as well?” Zhao Yu asked, his eyes never leaving the construction site.

K killed the four bodyguards in the car. ” Manager Rao said, “the car belonged to that rich businessman. In order to destroy the evidence, we tied the bodyguard’s body to the car and then sank the car into the blue River!”

“He’s really ruthless!” When Captain li Yanxia, who was standing next to the two, heard this, he couldn’t help but interrupt, “the Blue River is full of mud. If you sink the car in there, there’s no way to get it out!”

“There’s no need to. Five years ago,” manager Rao explained with a complicated expression, “Blue River transformed the river and dug out the car.

“At that time, we were worried about this for a while, but then there was no news. I don’t know how you guys handled it!”

“Oh? Is that so?” This time, it was li Yanxia’s turn to look embarrassed. “Why haven’t I heard of it before? He would have to ask the county Police station if they didn’t file a case. Did you not find the body, or can’t you find the car’s origin?”

“The four bodyguards also followed the rich businessmen here illegally,” manager Rao guessed. “I think, even if we find the bodies, there’s no way to prove their identity, right?”

“It’s opened, it’s opened ...” Just as manager Rao finished speaking, there was a sudden shout from the construction site. The rescue team had already opened the hole.

“I really don’t know what it’s like now!” Manager Rao said timidly, “back then, there was a small stream in the ravine, and water was dripping from the hole. It was a water hole!

“We think that in that kind of environment, the body might rot faster, right?”

“You assassins, you really don’t have any conscience!” Captain li Yanxia cursed indignantly, “how could you bear to do this to a family of three who can’t resist at all? They’ve already given you the money, why can’t you just let them go?”

“That rich man is not a pushover. He has a lot of power in Southeast Asia,” manager Rao said. “If we don’t kill him, he will pose a threat to us!”

“Then just kill Yu zhengran alone! There’s a woman and a child, you’re not human!” The more li Yanxia spoke, the angrier he became. He really wanted to beat up manager Rao.

Manager Rao knew that she had sinned and immediately lowered her head in shame, not daring to make a sound.

“Wow, there’s something, there’s something, look ...” Before Zhao Yu got close, he heard someone shout, “strange?” What’s that? why doesn’t it look like a human corpse?”

Hearing this, Zhao Yu quickly pushed through the crowd and came to the entrance of the cave.

The cave was really small. If a person wanted to enter, they could only crawl into it on the ground.

When Zhao Yu looked into the hole, he couldn’t help but frown, feeling incredulous.

Inside the dried-up cave, about one and a half meters away, there was a black bag. It was not a corpse!

This ...

What was going on?

Although there was still some distance between them, Zhao Yu could clearly see that the black bag was not old. It seemed to be new!

“Eh? That’s not right ...” After manager Rao saw it, she was shocked. “How is that possible?” Could it be ... Someone touched it?”

“Team leader Zhao, let me do it ...” At this time, a young man from the forensic team who came with the team requested Zhao Yu to do it. “I’m small, so I can get in!”

“Alright, be careful!” Zhao Yu agreed.

The young man put on his gloves and other equipment, easily drilled into the hole, and soon took out the bag.

However, as soon as the bag was taken out, people heard the young man say, “There’s more than one. There seem to be two bags inside!”

Ah?

Zhao Yu lowered his head and saw that there were two other bags in the depths of the cave.

At this time, Zhang Peipei rushed to the scene and said to the young man, “take them all out and see what else is inside.” Please be careful ...”

“Okay ...” After Xiao Zhang agreed, he went back into the cave.

Zhang Peipei also put on gloves and carefully checked the bag that had been taken out.

“This is a nylon moving bag,” Zhang Peipei said. “This style was only popular in recent years and is mostly used for high school or university students.

“Come on, give me some light ...” Under Zhang Peipei’s command, an assistant turned on the light and shone it on the bag.

“No fingerprints, no hair, no blood ...” Zhang Peipei checked for a long time, then looked up and asked Zhao Yu, “team leader, you can open it now!”

With Zhao Yu’s nod, Zhang Peipei finally unzipped the bag.

In the end, when the bag was opened, what was inside was a terrifying skeleton!

The atmosphere at the scene could not help but freeze in an instant. No one exclaimed, and no one spoke. The people just stared at the White bones in the bag. They were shocked, but they couldn’t express it.

“What?” However, the experienced Zhang Peipei quickly saw the problem. She immediately reached into the bag and checked the bones.

“No,” Zhang Peipei said in surprise. “There is no femur here!” “No...” She rummaged around again and said, “there shouldn’t be any lower limb bones. The entire lower limb bone is gone.”

Oh ...

Looking at this situation, Zhao Yu seemed to have finally realized something.

At this time, the young man took out the two bags in one breath and said, "No, there are only three bags inside, nothing else!"

"Oh ... I see." Zhang Peipei seemed to have realized something as well. She quickly turned back and opened the other two bags. After checking them carefully, she said excitedly, "one of them has no upper limb bones, and the other has no torso bones, but the skulls of all three skeletons are still there, which means ..."

"We have found the corpses of the three women who were killed in the White bones case!" Zhao Yu nodded and said the answer, then he thought seriously and said, "in that case, the only person who could swap the bones of the victims of the White bones case with the bones of Yu zhengran's family could only be Liang Weiyi!"

"But, hiding the bones here might make sense," Zhao Yu's brain was spinning fast, but the more he thought about it, the more confused he became. "But moving the bodies of Yu zhengran's family, what was the reason for that?"

"Yeah," li Yanxia agreed, confused. "Where did he move the bones?"

Chapter 1425: What resentment?

The next day, 8 am.

In the Special Investigation Group's temporary office at the Harland police station.

Zhao Yu was woken up by a loud noise, and he opened his sleepy eyes.

Last night's high-intensity work, coupled with the lack of a good rest, made Zhao Yu's mental state worse. He didn't know when, but he fell asleep in his seat.

However, he only slept for less than an hour before he was woken up by an argument in the office.

"I'm pretty sure about that. Just wait and see ..." Cui Lizhu said indignantly. "There must be something wrong with that killer named Rao!"

"Maybe he's in cahoots with Liang Weiyi, and they're working together! The Guildhall incident and the bodies in the mountains were all set up by Liang Weiwu. It was all his scheme!"

"In a situation like this, we have to teach that Rao a lesson. And that Boss Ma, he's not a good person either! To deal with cold-blooded killers like them, you have to be even more cold-blooded than them, and you have to use force!"

"Cui, calm down ..." Wu Xiumin, who was next to him, tried to persuade him. "Our team leader finally fell asleep. Let him have a good rest!"

"Your speculation has no basis at all. Don't forget, if it wasn't for the team leader and sister Miao, that manager Rao would have been killed long ago!"

“How could he be in cahoots with Killer K? Wu Xiumin then added,” even if they were in cahoots, they should at least have a clear purpose. It doesn’t make sense that they were just looking for the remains of the victims of the white bone case!”

“That’s right,” Zeng ke said in a low voice.”The technical team has found some human hair, rotten clothing fibers, and traces of corpse oil in the cave.

“This means that killer Rao didn’t lie. That cave was where they hid the bodies.

“However, for some reason, Liang Weiyi moved the body away and left the remains of the white bone case’s victims there!”

“Then tell me,” cui Lizhu said, still unconvinced.”Why did Liang Weiyi move the body away? He’s already caused such a big commotion. Are you still afraid that we’ll find the body and identify him as the murderer?”

“Tsk tsk ...”

Hearing cui Lizhu’s question, Wu Xiumin and Zeng ke pouted. Liang Weiyi’s actions were indeed strange, and no one could guess what he was trying to do.

“Oh ...” Zhao Yu opened his eyes and sat up from his chair.

“Aiya, boss,” cui Lizhu realized her rashness and quickly advised him,”I’m sorry to wake you up. Hurry up and sleep a little longer!” I’ll sing you a lullaby!”

Then, cui Lizhu really started humming a little song, but no matter how Zhao Yu listened to it, it sounded like she was doing something indecent ...

“Go, go, go ...” Zhao Yu pushed cui away and asked the others,”what time is it now?”

“Eight o’ clock!” Zeng ke quickly replied.

In fact, Zhao Yu had already checked his watch when he asked the question. “Liang Weiyi’s letter arrived at ten in the morning, which means that there are less than two hours left until the deadline he mentioned!”

“Yes, but ...” Cui Lizhu pouted.”How do we know what Liang will do when the time is up?” she asked.

“Mm ...” Zhao Yu thought for a moment, then asked,”after I fell asleep, did anything new happen?”

“At the entrance of the cave where the body was buried, there were traces of incense and some unlit candles,” Wu Xiumin said, looking at her information.”I suspect that Liang Weiyi had held some kind of ceremony when he was transporting the body, just like in the white bone case ...”

“And ...” Zeng ke continued,”after the urgent tests of the forensic Department, it has been confirmed that the three incomplete bodies found in the cave match the three bodies in the white bone case.

“We can already confirm the identities of the three victims. “But ...” Zeng ke shrugged helplessly,”except for the skull!”

“Two important pieces of news,” Miao Ying suddenly rushed in with a piece of information and said to everyone, “first, killer Rao did keep evidence against Mr. MA. According to this evidence, we have made MA Hongyi plead guilty!

“MA Hongyi admitted that he was the No. 4 leader of the snake fang organization, abikula! He also admitted that he was the one who arranged the assassination in the Guild Hall!

“It turned out that MA Hongyi was a cautious person. He had been secretly paying attention to manager Rao, Cai Xingwen, and the others ‘every move. When he suddenly found out that Cai Xingwen, Huang Baili, and Xing feiyuan had disappeared for no reason, he sensed that something was wrong, so he killed manager Rao to get rid of any future trouble!

“It’s just that ...” Miao Ying glanced at the crowd and said regretfully, “regarding Liang perseverance, or Killer K’s situation, he doesn’t know much.

“MA Hongyi didn’t know that K had something to do with the disappearance of Cai Xingwen and the other two! “Just like killer Rao,” Miao Ying said, “although MA Hongyi is very afraid of K, he can’t think of a reason why K would look for them!”

“Oh ...” Zhao Yu nodded and thought for a few seconds, then asked Miao Ying, “didn’t you just say that you have two important pieces of information?”

“En!” Miao Ying immediately said, “secret services sent me a message. They sent a group of people overseas and found a small island that believes in poto religion. They also learned about the situation of poto religion from the local people.

“Killer Rao was right. There’s indeed a gathering of bones to summon souls in poto’s doctrine.” Miao Ying took out a document and said, “they worship white bones and value the integrity of the bones at the burial very much!

“If a person with a physical disability dies, the family members will usually find similar animal bones or pieced together bones from other people. “So,” Miao Ying said, “the white bone case that Liang Weiyi committed was probably to summon the soul of the owner of the skull!

“But ...” Miao Ying pointed to a certain part of the information and said, “they also found out something about the soul summoning.

“When poto religion performed soul summoning on the White bones, they needed to persist in the ritual for 49 days before they could be buried. They believed that this was the only way to eliminate the resentment of the dead!”

“Oh ...” Cui Lizhu swallowed and said timidly, “that is to say, Liang Weiyi needs to perform 49 consecutive rituals for the owner of the bones before he can be buried?”

“No wonder Liang Weiwen didn’t rush to deal with it even though the bones were already pieced together!”

“Resentment ... What resentment?” Wu Xiumin pondered for a moment. “Could the resentment of the deceased be the answer that Liang Weiyi wants us to find out?”

“The point is ...” Zeng ke said. “We have to at least know who the owner of the skull is.”

"It's almost time!" However, Zhao Yu said with certainty, "if I'm not wrong, the owner of the skull is Yu zhengran's granddaughter without a doubt!"

"Ah? "But ... Why?" cui Lizhu asked, frowning. K killed her family's killer, and killer Rao saw K kill her with her own eyes. Even if she was alive, she couldn't have been with K, right? Not only is this unreasonable, but it's also not ethical, right?"

"Team leader Zhao," Miao Ying pondered, "you mean ... K didn't really kill Yu zhengran's granddaughter, but kept her alive and took her away? But ... Why would he do that?"

"I don't know," Zhao Yu said seriously. "But I know that since K spent a lot of effort to move the bodies of Yu zhengran's family, it means that the White bones case must be related to the Yu family!"

"According to the age of the skull and the DNA analysis, I can only make this deduction!" Zhao Yu continued, "if the owner of the skull is really Yu zhengran's granddaughter, then everything seems to make sense!"

"Think about it," Zhao Yu reminded her, "if you were Yu zhengran's granddaughter, what would be your biggest grudge?"

"Ah ..." Hearing this, everyone couldn't help but gasp. The smart cui Lizhu was the first to exclaim, "revenge!"

"Her resentment is to kill all the murderers who killed her family in the past to take revenge! "So ..." Cui Lizhu trembled as she said, "that's why K killed Cai Xingwen and the others! Moreover, other than the few of them, there was also the assassin Rao and Boss Ma!"

"That ... That is to say ... His purpose is ..."

Ring, ring, ring ... Ring, ring, ring ...

At such an exciting and tense moment, Zhao Yu's phone suddenly rang. As soon as it rang, Zhao Yu suddenly shivered.

This was because he had set the ringtone specifically for Liang perseverance's phone number.

In other words, the person on the phone right now was most likely Liang perseverance himself, which was the arrogant Killer K!

Chapter 1426: My gift

After Zhao Yu answered the phone, he said hello. The familiar cold voice came from the other end.

"Police, you again!"

"Yes, it's me. What about it?" Zhao Yu retorted. At the same time, he turned on the hands-free function so that everyone could listen.

"How is it?" Liang Weiyi said, "the three-day deadline I gave you is coming up soon. Have you solved the puzzle I left for you?"

“Your real name is K, and you’re an assassin from the snake fang organization.” Zhao Yu had nothing to hide now, so he asked tentatively, “thirteen years ago, you and other assassins kidnapped and killed Yu zhengran’s family in the hailand Sky Mansion, right?”

Then, Zhao Yu deliberately paused for a moment to test Liang Weiyi’s reaction.

“Hmm ...” Liang Weiyi pondered for two seconds, then said, “very good, it seems like you’ve found the person I’m looking for!” Continue ... Continue, I’m listening!”

“Alright!” Zhao Yu carefully organized his words and deliberately slowed down the pace, “you also killed four of the rich businessman’s bodyguards, tied them to the car, and then immersed the car in the Blue River ...”

“Hey, hey, hey ...” Suddenly, Liang Weiyi interrupted Zhao Yu and said, “I know you’re trying to stall for time, but if you don’t get to the point, we can’t continue our game!

“I want to hear what you think about the skeleton I made. Do you guys know who the owner of the skull was?”

Zhao Yu thought for a moment, then glanced at his colleagues, then continued, “when you were trying to silence them, you took a fancy to the rich businessman’s granddaughter and secretly saved her!”

“If I’m not wrong, the owner of the skull,” Zhao Yu said seriously, “should be her!?”

“Hmph ...” Liang Weiyi’s cold voice came from the other end of the phone. “Not bad, not bad. You’re not a simple police officer!” Continue ...”

“Then ...” Zhao Yu rolled his eyes and said, “you took her far away and lived a good life!

“But the good times didn’t last long. For some reason, the rich merchant’s granddaughter died, and it was a very tragic death. Only a skull was left!

“In order to release her soul from purgatory, you brought her skull back to hailand, back to the Yu family’s old house in the sky Mansion,” Zhao Yu said. “Then, you found three young women with perfect figures. Not only did you kill them cruelly, but you also used their bones to summon the soul of your lover. What you did was utterly heartless and outrageous!”

“I didn’t have to kill so many,” Liang Weiyi said coldly. “But I didn’t expect the model I chose to have six fingers on each of her feet!

“After Xia reincarnated, how could I let her become a deformity?”

“...” Hearing Liang weirdo’s crazy reply, everyone felt disgusted. Zhao Yu frowned and said, “in that case, two is enough, but you ...”

“Sacred Lord poto suffered three tribulations from hell and became a Buddha. Therefore, in the sacred religion, three is an auspicious number!” Liang Weiwen explained calmly.

“F * ck, pervert!!” Cui Lizhu, who was standing far away, cursed in a low voice.

Miao Ying gave Zhao Yu an “OK” sign, which meant that she had located the location where Liang perseverance had made the call.

“Those who come out to make a living will have to pay sooner or later!” Zhao Yu gritted his teeth and said fiercely, “just you wait, the three girls who lost their lives to you will definitely come after you!”

“Hmph, so what?” Liang Weiyi said evilly, “I don’t care. As long as my Xia can be reincarnated and have a body that others envy, what’s the big deal about killing a few people?”

“Police!” He said heavily, “our decryption game doesn’t seem to be over, right?”

“Alright, let’s continue then!” Zhao Yu said, “poto religion needs 49 days to eliminate the resentment of the dead souls. I’m guessing that, in addition to gathering her bones to cast a spell, you also want to eliminate her resentment through actual actions, right?”

“You called her Xia just now. I think Xia’s only resentment is to avenge his family!” Zhao Yu said seriously, “so, your purpose is to find the killer who killed the rich businessman’s family with you and kill him, right?”

“Very good, very good ...” The sound of applause came from the phone. “I like you more and more. Next, I should be able to hear the main point, right?”

“What’s the purpose of the murder puzzle I left for you?”

This time, it was Zhao Yu’s turn to sneer. “Your purpose is not complicated. You just want us to help you find the fourth killer!”

“You interrogated Cai Xingwen and the other two so that they would reveal the whereabouts of la Kong (manager Rao)!”

“But I didn’t expect that the guy would be so stubborn and didn’t say anything until his death. So, you took advantage of the situation and killed him with a borrowed knife,” Zhao Yu said, squinting his eyes. “Let us help you find him!”

“But the facts have proven that my plan succeeded!” Liang Weiyi said proudly, then asked, “how is it? Did you kill la Kong or capture him? Or ... Did he escape?”

“He ran away, he ran away ...” Cui Lizhu, who was next to him, mouthed anxiously to Zhao Yu.

“He’s been shot dead!” Zhao Yu replied.

“Hmph,” Liang Weiyi sneered, “there’s no point in lying to me. If la Kong had been killed, you wouldn’t have known so much!”

“I’m not lying,” Zhao Yu, who was an expert at lying, said. “La Kong was shot before he was arrested. After he confessed, he died!”

“Oh ... Is that so? “Hehehe ...” Liang Weiyi sneered and said, “you should know that my goal is not just lakong, right?”

“Of course,” Zhao Yu continued, “you have to take revenge until the end. Every injustice has its perpetrator, and every debt has its debtor. Your ultimate goal is to find the person who gave the order. He is the real murderer, right?”

“Right!” Upon hearing this, Liang Weiyi suddenly became excited. “Tell me, have you found him?”

“Abikula, is that the name?” Zhao Yu asked, “but it’s a pity that there was an accident during the arrest. He died earlier than la Kong!”

“Hmph, Hmph ...” Hearing Zhao Yu’s words, Liang Weiyi suddenly let out a creepy sneer. After a long time, he said forcefully, “police, since you have solved my puzzle!

“Then, Let’s Make a Deal!” He said word by word, “bring me Xia’s skull, abikula, and lakong. I’m ready to receive the gifts!”

“What the f * ck, are you deaf?” Zhao Yu scolded, “didn’t I just tell you that the two of them are dead? Eh? Hey, hey ...”

Unexpectedly, before Zhao Yu could finish his sentence, Liang Weiyi hung up the phone.

“The location is out,” Miao Ying said in a hurry. “It’s on the southern outer ring overpass, and the signal is still moving!”

Du, du, du ...

After Miao Ying finished speaking, someone suddenly knocked on the office door. Captain Li Yanxia ran in anxiously and shouted, “Team leader Zhao, team leader Miao, bad news! Something ... Something big has happened!”

Chapter 1427: chips

“What’s wrong?”

Suddenly, seeing Captain Li’s panicked expression, Zhao Yu and the others instinctively realized that the big thing he was talking about must be very serious.

“I just received the news,” Li Yanxia said impatiently. “Something happened in Yangkou!”

“Yangkou? “The capital of Qiongzhou,” Miao Ying asked. “What’s wrong? what happened?”

“Our director ... Our director has been kidnapped!” Li Yanxia said with sweat all over his head, “there are two other senior officials from the provincial Bureau with the Bureau chief!”

“Ah? Kidnapped?” Everyone was surprised.

“After the meeting, although you told us in advance, the leaders of the provincial Bureau still felt that it was necessary to meet with detective Zhao and our Special Investigation Group, so they took our director’s car and returned to Harland.

“They set off at six in the morning and planned to arrive at the Harland police station at eight, but when the Secretary tried to contact them, he found that they were all missing!

“Then, we contacted the provincial Bureau, only to receive some unfortunate news,” Captain Li said quickly. “At 7:30 this morning, the Yangkou police found a body in a garbage dump near the provincial Bureau. It has been confirmed that the body was our bureau chief’s driver, Xiao!

“Young Xiao was stabbed by a sharp weapon and died. When he was found, his uniform was gone!”

“Oh my God ...” Cui Lizhu was shocked. “What’s going on?”

“The most important thing is ... You see, we found this in the video ...” Captain Li played the video on his mobile phone and played a surveillance video for Zhao Yu and the others. “Here ... This is a video deduction that the local police found near the crime scene. They captured a suspect in the video. You see ...”

As Captain Li paused the video, everyone finally saw the suspect’s appearance.

“Ah!?”

Everyone exclaimed in unison. The suspect was none other than the suspect of the White bones case, Liang perseverance, who was also the red-faced Killer K!

“How did this happen?” Cui Lizhu exclaimed, “he ... He went to the ocean, but we’re still keeping a watch on the entire city!”

“He killed the Bureau chief’s driver,” Zeng Ke said in shock. “That also means ...”

“Yes, the person who kidnapped our director,” Captain Li said regretfully. “It should be him! This guy is cruel and merciless. Our chief is in danger!”

“Damn it!” Cui Lizhu slammed the table in anger. “It’s really impossible to guard against! We’ve done so much security work, but Liang Weiyi still managed to catch us off guard. I’m really not happy about this!”

“Oh ...” Zhao Yu suddenly understood. “No wonder Liang Weiyi was so sure that La Kong and Abikula were still alive!”

“Captain Li,” Zhao Yu asked Li Yanxia, “does your bureau chief know everything about the White bones case and the latest situation on our side?”

“Of course,” Captain Li replied. “He’s the director! Do we still dare to hide such a big thing from him?”

Zhao Yu let out a long breath and sighed heavily. “This is a brilliant move!” If we kidnap the chief, we’ll be able to understand the entire situation, and we won’t be able to fool him anymore!”

“No wonder he was so confident, but ... We still have a chance,” Miao Ying analyzed. “Next, Liang Weiyi will definitely use the Bureau chief and the others as bargaining chips to make us hand over the two people and the skull. Then, we can think of a solution!”

As he spoke, Li Yanxia’s phone rang. He quickly picked up the call and reported to Zhao Yu and the others,

“I just received news from the interrogation room. The director called them half an hour ago and asked for the interrogation materials of La Kong and Abikula!” Li Yanxia said regretfully, “you’re right. Liang Weiyi has completely understood our situation now!”

“Also,” he added, “we tracked the director’s cell phone signal and found that he has arrived at Harland. The location shows that he is on the South outer ring overpass!”

“Oh ...” Miao Ying quickly said, “it’s also on the South outer ring overpass, and it’s the same location as the phone call Liang Yiwen just called!”

“What?” Li Yanxia was shocked. “Liang perseverance ... Is calling again?”

“Yes,” Miao Ying quickly explained the situation to Captain Li, then ordered, “regardless of whether it’s Liang Weiyi’s trick or not, we must seal the overpass as soon as possible and control them!”

“Good! I’ll get it done immediately!” After speaking, Li Yanxia quickly went to work.

“We have to go too,” Miao Ying said to Zhao Yu as she adjusted her gun holster. “And, although Xiao Hang is hospitalized, we have to inform secret services as soon as possible so that they can be prepared!”

“Mm ...” Zhao Yu nodded in agreement, but he wasn’t in a hurry as he had expected. He told Miao Ying, “team leader Miao, you go with Ran Tao first. I can’t move for the time being!”

“Oh? “This ...” Miao Ying quickly asked, “why, do you think Liang Weiyi has other motives?”

“This person is quite cunning. The hostage exchange is definitely not that simple!” Zhao Yu admitted, “besides, Lakong, Abikula, and even the skull are all at the police station. I have to stay here in case anything goes wrong!”

“Hmm, that’s good!” Miao Ying agreed, “we can rest assured then.”

Then, Zhao Yu said a few more words, and Miao Ying and Ran Tao set off together.

After they left, Zhao Yu didn’t rush to assign any tasks, but instead walked over to the whiteboard that was filled with case analysis, and reviewed the entire case.

A few minutes later, Zeng Ke reported to Zhao Yu, “team leader Zhao, I have informed secret services.”

“Also, according to Captain Li’s real-time report, the Harland police have caught the suspect’s car on the overpass. It’s a special edition of the police department’s business car, bulletproof and explosion-proof.

“The vehicle is driving east along the overpass. The police have started to set up roadblocks and evacuate the traffic. The special police force has also been dispatched!”

“There’s a problem ...” Cui Lizhu, who was good at thinking, said in a hurry. “This is too blatant. Liang Yiwen must have known that we could track his signal and control his car. Why would we dare to show up in public?” she asked. “There must be something fishy about this!”

“The car is bulletproof,” Wu Xiumin said. “If we were to exchange hostages, at least our snipers wouldn’t be able to do anything ...”

“So what? even if we exchange hostages,” Cui Lizhu shook her head, “where can he run to? He should at least think of a way out, right? Eh? Hey, hey, hey ... Boss, boss, where are you going?”

Cui Lizhu suddenly saw that Zhao Yu was about to leave, so she asked him in a hurry.

“It’s okay, you guys keep an eye on this place first. If there’s any new situation, just let me know immediately,” Zhao Yu said. “I’m going out to take a break!”

“Don’t mess around,” Cui Lizhu pouted. “Do you think I don’t know you? Tell me quickly, did you come up with some brilliant idea?”

“No,” Zhao Yu shook his head and replied calmly, “I just want to take a walk in the autopsy room to see the skull ...”

Chapter 1428: negotiation

In the autopsy room of the Harland police station, the forensic doctors were busy.

They were dealing with the White bones found in the cave in a tight and orderly manner. Some were putting the bones together, some were doing laboratory analysis ...

“Eh? What are you doing here?” “What’s up?” Gao Facai, who was busy with the test equipment, suddenly saw Zhao Yu and took off his glasses. “Any new leads?”

“No...” Zhao Yu said faintly, “I just want to see the skull! Where is he?”

“Oh, here, follow me ...” Gao Facai led Zhao Yu into the office next door and said, “just in case, they brought a safe box here!”

As he spoke, he opened the safe and took out the box containing the skull.

After opening the box, the skull that he had found in the Yu family’s old house appeared in front of Zhao Yu.

Even though Zhao Yu had seen it many times before, it still felt a little different now. He felt that the color of the skull was not as white as he had imagined. Instead, it was yellow and old.

Tsk tsk ...

Zhao Yu stared at the skull seriously, as if the skull really had some kind of magic. He couldn’t help but wonder if that pitch-black Hollow skeleton could really carry a human’s soul.

“What’s wrong?” Gao Facai asked curiously, “are you worried? Don’t forget, you’ve sent a whole team of special police to guard the autopsy room. If the criminal still managed to snatch it, it would be really heaven-defying!”

“Al!” Zhao Yu stared at the skull and sighed. “It’s a pity that he didn’t come to snatch it, but wanted me to send it to him!”

“Eh? What did that mean? Send it over?” “Why?” Gao Facai asked, puzzled.

“Because ...” Zhao Yu raised his head and looked around. After making sure that there was no one else around, he pulled Gao Facai to the side and whispered, “the criminal has now kidnapped the Bureau chief and senior officials of the provincial Bureau as hostages. He wants us to exchange the skulls for the hostages!”

“Ah? How did this happen?” “What ... What should we do?” Gao Facai asked in shock.

As they were talking, Zhao Yu’s phone rang. It was Miao Ying. She spoke quickly, and the environment was noisy.

“Team leader, we’ve arrived at the scene. The suspect’s car has been forced to stop at the 5th ramp of the overpass!

“We’ve surrounded the car,” Miao Ying said. “But there are stickers in the car, so we can’t see what’s inside. Our infrared device is still on the road ...”

Before Miao Ying could finish her report, Zhao Yu suddenly heard a loud bang from the phone!

Boom ... Boom ...

“Oh ...” In the midst of the commotion, Miao Ying made an “Oh” sound, and the phone suddenly fell into a mess.

“Miao Ying?” Zhao Yu was shocked and shouted, “what ... What happened?”

“An explosion ...” Miao Ying’s answer came from the phone. “There was an explosion at the scene, team leader!”

“Ah? An explosion? Where did the explosion come from?” “A car?” Zhao Yu was shocked.

“No, no...” Miao Ying panted as she said, “before the car was forced to stop, a box was thrown out of the overpass. Just now ... The box exploded, but there should be no casualties ...”

Di di di di di ...

Just as Zhao Yu was panicking, a video call from a stranger popped up on his phone.

This ...

“Wait a minute,” Zhao Yu said to Miao Ying. “My phone is ringing. It’s a video call. Maybe it’s Liang Yili ...”

“Okay ... You can take it!” Miao Ying quickly said, “I’ve already shared it with you. You can see it!”

“Okay,” Zhao Yu said. “The bomb should be a signal, so don’t act rashly!”

After that, Zhao Yu quickly accepted the video call request.

In the end, a shaking image popped up on the screen. Someone said, “Police, did you see the appetizer I gave you? Now, let’s see the appetizing feast at the back!”

As expected, it was him!

Zhao Yu could tell that the person on the video call was Liang perseverance himself.

The next second, he was shocked to see that the video showed three people who were tied up tightly with tape around their mouths.

What was even more shocking was that there was an obvious Haotian bomb tied to the chest of the man in the middle!

At this moment, the three of them were so scared that their faces were pale and their bodies were trembling. Although the video wasn’t very clear, Zhao Yu could tell that they were in a car, and it was a very spacious business car.

This ...

Looking at this scene, Zhao Yu understood that the three people should be the hostages that Liang Weiwen had taken.

In the next second, the video on the phone finally turned around and pointed at the person holding the phone. It was the killer Liang perseverance!

It was obvious that Liang Weiyi and the hostage were in the same car, and he was sitting in the driver's seat.

"Police ..." Liang Weiyi's voice was as cold as ever. "How was it? were you satisfied with the appetizer I gave you?"

"It's okay ..." Zhao Yu said faintly. "In that case, let's talk."

As he spoke, Zhao Yu deliberately lowered the camera to capture the skull.

"Ah? Xia ... Xia ..." Liang Weiyi's exclamation came from the other end of the phone, but he quickly regained his composure and said in his usual cold voice, "okay, you know what I want. Three hostages in exchange for an equal value!

"Do you know why I stopped at the southern outer ring bridge? Because it's very close to your police station, I'll give you 20 minutes to get what I need!

"If it's too late, you know what the consequences will be!!"

"Alright!" Zhao Yu said without hesitation, "two killers and one head, this is a good deal. Deal!"

"I'm warning you, don't try to play any tricks on me," Liang Weiyi said coldly. "The Bureau chief is in my hands. You can't fool me!"

With that, Liang Weiyi finally hung up the phone.

"This guy ... He's really bold!" Gao Facai had witnessed the whole process. Seeing that the phone had been hung up, he quickly came over to remind Zhao Yu, "but, to make such a deal so blatantly, didn't he think of his own escape route? After the deal is done, how is he going to get away?"

"Of course it's not that simple!" Zhao Yu squinted his eyes and said, "let's wait and see. When the time comes, he will definitely have other requests!"

Then, Zhao Yu called Miao Ying. Before he could say anything, Miao Ying said,

"We heard everything that was said just now. "Leader," she asked seriously, "are you sure we really want to exchange hostages with him?"

"Then what do you have in mind?" Zhao Yu retorted helplessly.

"I just feel that," Miao Ying said hesitantly, "Liang Weiwen should have something else up his sleeve. It doesn't make sense for him to put himself in such a dangerous situation!"

"Of course," Zhao Yu said, smiling. "But, no matter what, this deal must be carried out. At the very least, we have to ensure the safety of the hostages!"

“Here, twenty minutes isn’t enough,” Zhao Yu said, looking at his watch. “I’m going to request for the higher-ups to send the two assassins over!”

Chapter 1429: A deal without integrity

15 minutes later, on the 5th ramp of Hailan city’s South outer ring overpass.

The police had already cordoned off the entire area. Criminal Police, special police, bomb disposal police, and even the bomb disposal team were all present. They were on high alert and surrounded a Blue Business car that was parked on the ramp.

Because there were bullets in the car, the police officers kept a certain distance from the car and didn’t dare to approach it without permission.

After all, the identity of the hostage in the car was no small matter. The police officers were all extremely nervous, afraid that the hostage would be lost.

As Miao Ying’s rank was the highest, she was in charge of all the tasks at the scene.

At this moment, Miao Ying was observing the movement in the van with a far infrared scanner, while looking down at the bridge, anxiously waiting for something.

Through the infrared scan, it could be seen that there were a total of four people in the car, one in the driver’s seat and three in the back seat.

It was obvious that the person in the driver’s seat was the killer Liang Yiwen, and the people in the back seats were all hostages.

“Tsk, tsk ... What are you waiting for, team leader? Do you want me to give him a call?” At this time, Ran Tao, who was sitting on the side, also said, “there are only a few minutes left. If we can’t bring the person here, it will be troublesome!”

“Don’t worry, I understand Zhao Yu. He knows what he’s doing!” Miao Ying said, but she was also anxious.

Before this, she had already planned several rescue plans, but none of them were ideal. At present, there was no safe way to ensure the safety of the hostage.

At this moment, she was considering whether she should send a group of snipers on the scene in case of emergency. Although the car was bulletproof and a sniper would be useless, there was no guarantee that there would be no accidents at the scene ...

However, just as she was weighing her options, police sirens suddenly sounded under the bridge. She looked down and saw more than a dozen police cars driving over.

Most of the police cars were black, and they were special police vehicles. Only the two in the middle were white.

Soon, two white police cars met up with the checkpoint under the bridge and finally drove up the ramp, heading towards the scene of the incident. They arrived in front of Miao Ying in the blink of an eye.

As the door of a nearby car opened, Cui Lizhu quickly got out of the car and ran to Miao Ying to report, "Team leader Miao, I've brought them here." Cui Lizhu pointed to the back seats of the two cars, where the two killers were handcuffed. Then, she opened the front passenger seat and took out a square box. "Here, I brought the skull too!"

"What?" Miao Ying looked around and asked, "where are the others? Where's Zhao Yu?"

"Oh ... Wu Xiumin, stay behind." Cui Lizhu pointed to the police car under the bridge and said, "boss is down there. He said that he has something to do!"

"What's the matter? is there anything more urgent than this? He couldn't have thought of something, right?" Miao Ying mumbled to herself, then turned to Cui Lizhu and said, "alright, since it's time, let's not wait for him. Let's get these two out of the car first!"

Di di ... Di di ...

Just as Miao Ying gave the order, a mobile phone in her pocket suddenly rang. She could not help but look nervous and quickly put the mobile phone in front of her eyes.

The phone was Liang Weiyi's. Because the number was synchronized with Zhao Yu's phone, Miao Ying could also hear the contents of the call.

Whoosh ...

As someone pressed the answer button, Zhao Yu's voice immediately came out of the microphone.

"Hey, I've brought you the person and the skull," Zhao Yu said to the person on the phone. "Next, it's time to exchange hostages, right?"

"Hmph, fine ..." Liang Weiyi's cold voice sounded from the other end of the phone. "Bring him to the front, I need to verify his identity!" He ordered.

"Tsk, it's just two assassins. Do you still suspect that I'm faking it?" Zhao Yu said, "alright, I'll watch it!"

When Cui Lizhu heard Zhao Yu's words, she immediately opened the doors of the two police cars. Together with the police officers on duty, they escorted the two killers, Lakong and Abikula, out.

The two of them looked dispirited and listless. Because they didn't know what was happening in front of them, they seemed a little dumbfounded.

"Hmm ..." On the other end of the phone, Liang Weiyi paused for a moment, as if he was carefully observing the hostage. After a long while, he said, "next, let me look at the skull!"

"It can't be?" Zhao Yu's usual angry voice came from the phone. "You don't think that we are using a fake skeleton to fool you, do you?"

"Putting our living person in danger for a dead person's head? You really are something! Good!" Zhao Yu said delightedly, "I'll open it for you now. Feel free to check the goods!"

After Zhao Yu said this, Cui Lizhu quickly picked up the square box, went to the van, opened the box, and took out the skull.

After all, the skull was the remains of a dead person. The police officers had never seen a dead person exchange a hostage with a dead person's remains, which made the atmosphere at the scene a little strange.

However, everyone's attention was focused on the MPV. No one noticed that in an inconspicuous corner in the distance, a police officer wearing an explosion-proof police uniform was whispering something.

The man was wearing an Anti-Riot Helmet, so others couldn't see his face clearly. Because he was far away from the others, no one could hear him whispering into the headphones on the corner of his mouth.

"Hmm ... Okay," the man said as he observed the situation around the van. He then stared at the skull in cui Lizhu's hand and said coldly, "next, we'll start exchanging hostages. You let the two of them get into the van with the skull, and then I'll release all three hostages!"

Hailan city had a tropical climate and the weather was hot. However, this person's words carried an indescribable coldness that made people shiver.

That's right, the person who was disguised as a riot police was none other than the Assassin's backbone, Liang willpower!

As it turned out, Liang Weiyi wasn't even in the car, and the person in the driver's seat was just a scapegoat that he had randomly caught.

He tied a bomb to the man's mouth and threatened him to follow his instructions, or the bomb would explode!

This was all part of Liang Weiwen's elaborate plan. From the start, he had no intention of showing his face.

The video call he had with Zhao Yu earlier was also a cover-up. He had recorded a video in advance, so that Zhao Yu would think that he and the hostage were in the MPV.

But in fact, in his video call with Zhao Yu, the video only played a recording, while the audio was his real life speech, so he was sure that Zhao Yu wouldn't see any flaws.

In this case, the police would think that he was in the van and ignore everything else.

Thus, using the remote control as a hostage, Liang Weiyi first asked the van driver to throw the box with the bomb out of the van and cause an explosion to demonstrate to the police.

Then, he threatened the driver to park the car at the designated location to draw the police over. After that, he used the explosion-proof police uniform he had prepared in advance to blend into the police team. He entered the scene without attracting anyone's attention.

During this time, he even asked the driver to make a phone call gesture to distract the police so that they would be more convinced that the person in the van was him.

Thus, this was a trade without integrity. Liang Weiwen's goal wasn't to release the hostages at all, but to slowly realize his plan.

“That won’t do.” Sure enough, after Liang Weiyi suggested exchanging the hostages, Zhao Yu immediately objected. “I’ll give you the hostages and the skulls. What if you don’t let her go?”

“Well then ...” Zhao Yu’s words were exactly what Liang Weiwen wanted. Liang Weiwen said coldly, “in that case, I’ll show my sincerity first. Let’s exchange a hostage first. You let la Kong get on the car, and I’ll release one. Then, we’ll exchange for the others!”

“Hmm ... That’s a good idea,” Zhao Yu thought for a moment, then said, “alright, we’ll do as you say. Let’s exchange one first!”

Hearing Zhao Yu’s words, Liang Weiyi’s mouth curved up slightly, showing a fierce and proud look.

Then, he reached out and pulled out a black electronic object-it was the red mist bomb’s detonator!

It turned out that Liang Weiwen had no intention of exchanging hostages. In his plan, as soon as la Kong entered the van, he would immediately detonate the red mist bomb!

Chapter 1430: ten meters tall devil

The reason why Liang Weiyi kidnapped the hostages and caused such a huge commotion was because of two things:

First, he had to take back his lover Xia’s skull.

The second was to kill la Kong and abikula to avenge Xia.

Therefore, other than the skull, he did not care about anyone else’s life.

He had already expected that Zhao Yu would not agree to the hostage exchange, so he proposed to exchange one hostage first, then catch Zhao Yu off guard to achieve his goal.

Seeing that Zhao Yu had taken the bait and had already sent someone to send la Kong to the van, he sneered. He prepared the bomb detonator with his left hand and took out a cylindrical object with his right hand. Then, he quietly retreated to the side of the fuel tank of a police car.

At this moment, something unexpected happened in the distance. The short fatty abikula seemed to have realized something was wrong and said something to la Kong.

After hearing this, la Kong’s face turned pale. He was obviously frightened, and he seemed to be hesitating.

In the end, cui Lizhu, who was in charge of escorting abikula, kicked him to the ground. Then, she explained to la Kong excitedly, who then continued to walk towards the van.

Seeing that la Kong had finally arrived at the door of the MPV, Liang Weiyi pressed his finger on the detonation button. As soon as la Kong opened the door, he would immediately detonate the bomb and start his surprise attack.

Huala ...

Although la Kong was handcuffed, his hands were not tied behind his back, so he easily opened the car door after holding it with both hands.

Whoosh ...

The moment the car door opened, Liang Weiyi pressed the trigger with all his might!

And then ...

Time seemed to have frozen for a second or two, and Liang Weiyi was dazed for a moment before he suddenly realized that the bomb in the car hadn't exploded!

But after la Kong opened the car door, he didn't say anything and got into the car directly ...

"Ah!?"

In an instant, Liang Weiyi broke out in a cold sweat. He tried to press the detonation button a few more times, but there was still no reaction from the van in the distance!

The next second, he was shocked to find that the call had been cut off! He quickly checked his communication equipment, but there was no signal at all!

Ah ...

He sucked in a breath of cold air, finally realizing that the other side had most likely used a high-power signal jamming device to block all electronic signals, which made it impossible for him to detonate the bomb remotely.

It's broken ...

In that instant, Liang Weiwen realized that his feint had been seen through. The other party might have already known that the person in the driver's seat of the business car was not him!

Thinking of this, he quietly took a few steps back, wanting to slip away.

However, it was easy to come, but hard to go. There were countless police officers behind him, and he could not retreat at all. If he did, he was more likely to be discovered!

Alright!

Now that things had come to this, he could only take a gamble.

He glanced at the box with the skull more than ten meters away. He made up his mind and gently opened the fuel cap of the car next to him. He pressed the cylindrical thing in his right hand and threw it into the fuel tank.

It turned out that the thing was a modified electronic lighter. After it was started, it would start a fire and heat up ...

After throwing the lighter, Liang Weiyi immediately made his move. He quickly and quietly left the car and went behind a team of police officers on the other side of the road.

One second, two seconds, three seconds passed, and the incinerator immediately ignited the gasoline in the tank. With a loud boom, the car exploded!

Boom ... Boom ...

In the midst of the roar, flames soared into the sky, and the powerful impact caused the car to bounce up high and fall heavily to the ground. The shockwave knocked the nearby police officers to the ground, and the scene immediately fell into chaos.

Taking advantage of this opportunity, Liang Weiyi secretly removed a smoke grenade from one of the officers' waists, removed the safety pin, and threw it into the crowd at the front.

The smoke bomb instantly exploded into a cloud of smoke, covering the entire scene. Liang Weiyi had already run to the location of the skull.

At this moment, he had already shot out a long needle from his hand. He was planning to use it to kill Abikula or any other officer who tried to stop him.

However, when he rushed to the place where the skull was, he realized that Miao Ying had already pushed Abikula to the ground, far away from the scene, and was now in a cloud of smoke.

There were no police officers blocking the place where the skull was placed.

Liang Weiyi was overjoyed to see this. He quickly picked up the box containing the skulls, turned around, and rushed into the smoke. He ran to the railing of the ramp as fast as he could.

He had already prepared his descent equipment. He fastened a buckle to the railing and then jumped down the ramp without hesitation!

As a battle-hardened assassin, Liang Weiwen was extremely familiar with this kind of rapid descent. Falling from a height of more than ten meters, when he was less than two meters from the ground, he tightened the lock in his hand, and his body immediately stopped in the air.

With the help of this force, he immediately removed the lock and released the rope. He leaped in the air and landed steadily.

The entire movement was done in one go, perfect!

However, the police had already sealed off a large area of the bridge. Just lowering the bridge did not mean that he was out of danger.

Liang Weiyi didn't dare to stay any longer. He rushed to the bottom of the bridge and arrived in front of a manhole cover. Using the barbs on the tip of his needle, he successfully moved the manhole cover away.

Then, he quickly jumped into the sewer and put the cover back in place.

Hailan city was a coastal city. Due to frequent typhoons, rivers, and rain, in order to avoid flooding, the city's drainage system was extremely developed.

When Liang Weiyi fled to the sewer, it was the regular drainage time. The torrential current in the drain was surging rapidly towards the sea.

Although most of it was dirty water, it formed a rapid water channel.

Seeing this scene, Liang Weiyi's lips curled into a sneer. He turned to the side of the well and took down the Kasaya he had been preparing for a long time!

What happened next was much simpler. After the kayaks entered the water, Liang Weiyi began to play with the current in the sewer and quickly rushed downstream.

Even though the sewers were criss-crossed and connected in all directions, Liang Weiwen had already planned his route clearly. He immediately took the kayaks and turned left and right, paddling for two to three kilometers in one breath, before finally stopping at the position he had set.

He shook off the kayaks and went ashore, then came to a manhole cover.

On the cover was a remote coastal fishing ground, where he had already prepared an agricultural tricycle.

After he got on, he would disguise himself as a fisherman and drive his tricycle to the settlement he had prepared a long time ago.

The settlement was almost isolated from the rest of the world, with all the food and equipment available. Once he reached there, no one would be able to find him.

"Xia!" Just as he was about to climb out of the sewer, Liang Weiyi finally had the time to look at the box with the skull. He said to the box with a warm and evil voice, "I've finally found you!"

"Don't worry, even though I didn't succeed this time, I will definitely fulfill your last wish. I will definitely kill those two fellows!"

"Also, give me a little more time. I'll definitely find a better body for you so that you can have the most perfect body in the world as you wish after reincarnation!"

As he spoke, he couldn't help but open the box, wanting to take a look at his lover's skull. In order to get a clearer look, he even took off his explosion-proof helmet ...

However, after the box was opened, before he could even see the skull, a white smoke came out of the box and blew directly on his face!

The White smoke was so strong that even the agile King of Assassins only struggled for a moment before he fell to the ground unconscious ...
