Inspired, John lifted his hand to Cara's clitoris. Remembering what his mother had told him about the sensitivity approaching climax, he twisted his wrist so that he had a finger on each side, brushing feather-light against Cara as she moved. She flashed him a smile, her breathing heavy now, matching his own.

John gritted his teeth, fighting the onset of his climax but the heat and wetness and wonderful snugness of his sister's pussy was too much and he groaned as he felt his seed boiling through his prick and into his sister's depths. In the throes of his climax, his reflexive thrusts, deep, hard, were the signal that Cara had been waiting for and John felt her pussy clamp down on his thrusting prick, convulsing, gripping as she shuddered her way to her own peak, a strangled moan in her throat as she collapsed across him,

"Anything you particularly want to do to me, Uncle Jack?" Sarah said with a giggle. "Apart from fuck me, that is. I hope you want that!"

"Oh, I do, Sarah, don't you worry about that." Jack smiled at his niece. "How about you? Any fantasies?"

"I think you fucking me is about my biggest. I've already fucked my brother and my cousin, I mean, what's left?"

"Your mom, maybe?"

Sarah stared at him. "I never thought of that." She giggled again. "I ate Aunt Molly out after Greg fucked her."

"Enjoy it?"

"Mmm, yes." Sarah paused. "Uncle Jack?"

"What?"

"Can I practice my cock-sucking techniques on you?"

Jack's half-hard prick twitched. He chuckled. "My prick's obviously interested, so why not?"

Sarah paused again, deep in thought. "Uncle Jack?"

"Yes?"
