Chapter 1741 Hannah's Banana's> EP2

She cupped my chin and raised my head, forcing me to look at her directly. "This is going to determine a lot, depending on what I find. I have to confess to being very curious. I've got some very strong opinions about what I should find, you know," she explained releasing my belt and unbuttoning my jeans.

I winced a little bit at her words.

She took the remainder of her the banana put it on the desk. Smiling at me, she placed her hand on it and pressed down, smashing the banana and laughing softly.

"Does that give you any ideas?" she said playfully. "Go sit down," she told me.

I shook my head. "I don't think I would enjoy that too much," I said soft

My mind raced back trying to remember the things I had written. The times when I was sure it was just a game and that I would never see her again.

The truth was, it had become something of a game to me, I would try to imagine my most embarrassing fantasy and then write it all down, imagining her reading it, trying to guess how she would respond. Over the weeks, it became more and more extreme, more and more revealing.

Chapter 1744 FemDom Between Friends> EP1

Introduction: Office friends discover their darkest secrets are compatible.

Karen and I had worked together for a number of years and had developed a close office friendship, frequently lunching together and even traveling together to the half dozen yearly trade shows requiring a company presence.

She was very pretty in that "girl next do

"Well, I've never talked to anyone about this before," she said nervously, "and it's really embarrassing, you'll think I'm super weird and it's probably going to mess this all up, but I'm hoping we can still be friends and work together."

"Karen, I have some weird ways myself." I said. This caused her to bring her eyes back up to meet mine with a curious look. Squeezing her hands I said, "I promise whatever you tell me we'll still be friends and we can still work together."

"Okay, here goes," she said, taking a deep breath and looking down again, "um... well, it's about sex. I know a lot of guys don't think women have sex fantasies, but we do. Some of us do. I do."

My heart started beating a little faster. Where was this going to go?

"I know that's true Karen. I think some guys are threatened by that but I'm not, I think fantasies are a natural thing for both women and men."

"Well, I'm glad to hear you say that Jack, but... I've had some kind of crazy ones for a long time, back to when I was a kid. And it's not like I think people have to act out every fantasy they have, Frank and I didn't. I hate to use the word but Frank and I had pretty "normal" sex, you know? And I was fine with that."

"So are you saying you have some weird fantasies?"

"Umm... yeah, and I'm not obsessed with them or anything... it's some very weird stuff I've never acted out, things I've never even thought about acting out... I really didn't think I ever would, and that's been okay! I don't think a relationship is only about sex anyway, or people have to like all the same things, but..."

"Oh God Jack... wow," she said, looking down again. She was silent for a minute and time seemed to be standing still. Finally she began to speak in a nervous voice.

"Ever since I was a little girl I've been fascinated by scenes in movies of guys getting whipped," she said slowly. "Like in Westerns... I mean, it started when I was really young and I

She put her arms around me and again we kissed passionately. Then she whispered in my ear again, "You'll see how wet I am soon Jack, I promise you're going to know up close and personal," she said.

"Mmm, that sounds good. Why don't we have one more glass of wine and then we can... start."

"Okay," she said quickly. "I'm ready if you are... I think."

"Okay," she said quickly. "I'm ready if you are... I think."

As I worked on her left foot she said, "I'm going to use you now Jack, I'm going to use you in a lot of ways. And I'm sorry but I want to hurt you."

"I know Karen," I said.

"I want to hear you say I can do anything I want to you."

"You can do anything you want to me Karen."

"Tell me your body is mine to use any way I want Jack."

"My body is yours Karen, you can use it any way you want."

She brought her foot down and stood up, my belt still in her hands. "I'm going to whip you now Jack. I'm going to whip you with your own belt, and I'm sorry but I'm afraid it's going to have to go on for a while."

"I know Baby... it's okay," I said, still on my knees, "but, uh... we started out talking about tying me up, but we don't have any rope."

"Oh, I thought about that Jack and I have a solution!" she said brightly, putting my belt down on the sofa and scampering off, returning a minute later with one of those red plastic packing tape dispensers. "This will work," she said with a smile.

"Yes, I think it will." Again I saw that hint of cruelty.

"I wish I had that strap-on right now. When I get it I'm going to have to fuck you hard Jack. I'm going to hold your hips and fuck you hard and deep," she said, increasing her pace.

"I know Karen," I said, "you can fuck me as hard as you want."

After another minute of this she pulled her fingers out. "I'm going to go wash my hands Sweetheart," she said, "and then I'm going to whip you some more."

She laid the belt down over my lower back and walked away, leaving me with my ass still stinging and knowing the worst was probably yet to come from the belt I could feel draped across me. I heard water running in the bathroom sink, and after a few minutes she was back.

"I'm going to take off the rest of my clothes now Jack," she said, "and then I'm going to make myself cum while I whip you." She seemed to instinctively know how it degraded me to not be able to see her body.

I heard the rustle of her disrobing and followed in my mind as I imagined her removing her top, bra and panties. "I'm sorry Jack but I'm so turned on... I guess this is going to hurt really bad now," she said. Then she took up the belt and the whipping began again.

She whipped my already red ass even harder than before and I was on fire. She punished my ass from top to bottom and kept moving down until she was whipping the tops of my thighs. The pro dominatrix didn't whip me this hard and my eyes began tearing up.

"You remember I said there would be a condition?"

"Anything Karen, please, what is it?"

"You can
