CRAZY PLEASURE

Chapter 1751 FemDom Between Friends> EP8

We had set the alarm clock in Keren's hotel room to go off early so we'd have plenty of time to shower, dress and get over to the Las Vegas Convention Center before the doors opened. It was the second day of the conference we were attending on behalf of the company we both worked for, and it was up to us to staff our display booth and give a presentation later in the day.

It was the second day of the conference we were attending on behalf of the company we both worked for, and it was up to us to staff our display booth and give a presentation later in the day.

I heard the alarm go off at 6:00 am, but Karen quickly switched it off and slipped out of bed while I lazily dozed off for a little extra snooze.

About 15 minutes later she gently woke me with a hand on my shoulder and a soft voice in my ear saying, "Coffee's ready Jack, time to get up." I guess you could say I woke up and smelled the coffee, opening my eyes to see her sitting on the side of the bed in a terrycloth hotel robe and two steaming cups on the nightstand. I sat up and rubbed the sleep out of my eyes.

"Now this is a surprise," I said with a smile, "After last night I didn't expect you to be serving me coffee this morning, Karen."

I put my clothes on and kissed Keren goodbye before heading to my own room to shower and dress for the conference. An hour later we met up in the hotel restaurant, both of us in now our best business attire, and set down to have a good breakfast before the full day's work ahead of us.

"Shall we go shopping before getting dinner, Jack?" Keren asked me. "I found an interesting store." She showed me the place on her phone and it looked like it filled the bill; I had known we wouldn't have much trouble finding a place in this city that had the items Keren had in mind to buy. "Looks good," I said, "let's go."

"You were telling me last night about how pain and pleasure got mixed coming from the nerve endings from your ass."

"That's right."

"What if I whipped you on your back? Wouldn't that just hurt, and not be like, yo

I suddenly realized I wouldn't be able to get a safe word out if I needed to, but Keren seemed to read my thoughts, "I read about something you could do instead of saying a safe word," she said. Then she pressed a small rubber ball into my left hand. "Just hold this and let it go if gets to be too much, okay Baby?"

I nodded my understanding and squeezed the little ball, hoping I could keep it right where it was. "I want to be naked while I whip you Jack," she announced, and proceeded to undress away from my sight. I could hear her breathing heavily as she did and grew harder knowing she was getting excited all over again just from the anticipation of whipping me.

A minute later she appeared alongside the bed, naked and holding the Scottish tawse in her right hand. She held it out so the leather straps touched me between my shoulder blades and then she trailed them down along my back and over my ass.

"I'll start slowly Jack and gradually start hitting you harder, just like last night. And I'm sorry but I guess it won't end until I'm hitting you pretty hard."

With the ball gag in my mouth I could only make an "Mmm-hmm" sound.

"Mmm," she said, "I'm inside you now Jack. I'm fucking your ass." She relaxed her full weight on my back, took my head in both of her hands and whispered in my ear, "Here's some more for you Baby," as she pushed it in even further. "Oh God," I said, "It's too much Keren, I can't take it."

She alternated between taking me in deep and pulling back to tease the head, and as her pace increased she reached up to caress my balls with her hand.
