CRAZY PLEASURE

Chapter 1771 Her Presents: EP3

Now I didn't mind wearing the cock ring around the house. That thing was single handedly responsible for turning my sex life into legend. But I was not at all sure about wearing it to work. When I suggested that it might not be appropriate Pam told me that was non-sense.

There was not a single minute that day I didn't think about my cock and about

I couldn't help but smile. I had no idea, but I knew I was going to like it.

"I'm going to watch you suck all this cum from my pussy..."

I smiled from ear to ear. "Mmm yeah baby. Do it...let me lick you clean."

I could see her face turning red and she moved up, planted a knee of each side of my head and lowered her pussy to my lips.

I ran my tongue

There was a stub sticking out and I pushed her cock onto it securely adding this new shape to her wonderful curves. The temptation to take it in my mouth was almost irresistible.

She saw the look on my face. "Not yet, my sweet. Not yet." She took my head in her hands, tilted it up slightly so that our eyes locked on each other. She then maneuvered

I traced every inch of her shaft with my tongue. Her cock could not have been more real. I paid particular attention to the tube running along the bottom, to the veins protruding its length.

I made my way to the tip once again. The place I had been so many times before. I danced my tongue over it several times, curled it around the ridge.

"You know how you love to fuck me when I'm wearing stockings?" she asked.

I shook my head yes.

"Well, now it's my turn. Put those on for me baby."

I looked down at the stockings. Oh man! I started to realize those vibrators were for me too.

With trembling fingers I nervously clipped the garter belt around my waist. It fit perfectly of course.

I moan realizing her entire cock is inside me. I was so proud I could take the whole thing. She stayed there letting me adjust. Then out of nowhere she gives a quick little thrust and I feel huge amounts of cum leaking from my cock. Did I just climax?

"Oh god!" I moaned realizing I am fully impaled on her cock.

I feel her finger running across my l

Chapter 1778 Easy First Date: EP2

I dressed casually: jeans and a nice blouse. No reason to attract too much undue attention. When I got to the pool hall, I ordered myself a bourbon sour and sat at the bar. As I sipped my drink, I looked over the pickings: two frat boys playing at the back table, the coed threesome on the left table, an old man at the bar watching the baseball game on TV, and a well-muscled man chatting up the hot bartender. I might have just finished my drink and left, but a good-looking guy walked in and asked for a table. He had sandy blond hair, a lean and trim body, and a cute face, but I wanted to watch him for a few minutes

to see if he was alone. I ordered another drink and tried to act like I was into baseball while I peeked at him. Ten minutes later, he was still alone. I decided to make my move. I needed to play it cool. No guy is going to say no to sex, but guys are skittish that any girl hitting on them is emotionally needy and acts as if she's looking for a serious boyfriend. There was a real risk of striking out. I strolled up to him and casually said:

"Here, move your legs up. Give me more access," she said, pushing my knee back into the couch. I complied and lifted my feet off the floor. I tried to rest my feet on the couch, but she grunted, "No, farther," and I moved my knees until they were nearly even with my chest. My feet were dangling in the air. She got up off her knees to kiss me. She w

Chapter 1780 Husband's Horny Ass 1

"Would you like some ass fucking?"

"Well yes," I said, "I didn't think you wanted it."

Jane gave my ass cheek a little squeeze.

"Dave, I think you've got it backwards," Jane said. "The ass fucking is for you."

"No, I don't roll that way," I answered her.

"Dave, are you sure?" Jane answered, "because someone with as horny an ass as you have should try it at least once."
