Chapter 1961 A Perilous Inheritance: 55

Zach woke up in the morning to find Susan next to him on her stomach, one of the mahogany-skinned staff steadily pumping his cock in and out of her ass.

"This is too much like dying and going to heaven, isn't it?" Susan asked when she saw Zach looking at her.

"I'll say," Zach agreed, looking past Susan to see Krista's legs wrapped around the waist of the man fucking her.

"Good morning," Olga said in her thick Russian accent, looking down at Zach, her clamshell pussy closed. "I can suck your cock?" she asked.

"We noticed that there were times when your bed was quite crowded," Mahana said. "We've never had more than a couple of people in a unit, so we're learning how to accommodate the situation. To that end, another bed will be brought for you so that there is plenty of room for everyone. Would that please you?"

"That sounds wonderful, Mahana," Krista s

Zach could not believe it when she pulled her skirt up and squatted down on his face, his tongue slithering up between her furled pussy lips into a sopping cauldron of tangy juices.

"Mahana will show you your unit and explain things, at your convenience," Raimana said. "If you have any need of me or any questions, please do not hesitate to come see

They all clambered up the ladder, Zach last after Lars, whose long cock dangling above him he couldn't ignore. Again, he felt a sort of confusion about what had happened, remembering only that he was surprised, not put off, not disgusted, but surprised. He could remember like it was just happening the sensation of Lars' cock on his tongue, pulsing, the feeling of hot cum splashing onto the back of his tongue and sliding down into his throat, how he had noticed the stronger taste than when he ate cum from a pussy.

"Oh, what a man!" Inga said when Zach finally topped the ladder to stand on the platform with them, his cock rock-hard and standing out in front of him. "You don't mind?" she asked, wrapping a hand around it.

"Not at all," Krista replied. "We'll just see what Lars can do while you're amusing yourself with Zach."

They went over to the beds in front of their unit, Krista mounting Lars while Susan sat on his face and Inga slid her pussy down onto Zach's cock, her big inner lips wrapping around the shaft of his cock as she began to fuck him. When one of the staff walked by towing a wheeled suitcase, Inga waved at him.

"Can you fuck me in the ass, please?" Inga asked.

"Well, they're certainly not wasting any time," Krista observed, looking at the younger dark-haired couple, the rake-thin woman on her back, her skinny legs locked around the waist of the staff member fucking her, while her husband lay back with one of the girls riding him.

"They'll get along great with Lars and Inga," Zach suggested, smiling.

Finally, after watching for a minute, Zach lifted his head to try to tongue Mahana's small button of a clit, all too aware of Lars' cock sliding in and out of her pussy. Wanting a better taste, he glued his lips to Mahana's clit, feeling her shudder, her juices seeping from around Lars' plunging cock as she came, slurping them from her clit.

"To where?" Krista asked.

"Someplace that I hope they won't even consider looking for us," Zach said, smiling. "Oman."

"Oman!" Krista exclaimed. "Where the hell is that?"

"It's just beneath Saudi Arabia," Zach replied.

"That sounds horrible," Krista said.

"I have no idea, but I do know that it's not a place that many western tourists visit, which will make it easier for us," Zach said. "This was a magical interlude; Oman will probably be a lot different. It's mostly a desert and mountains."

"We have certain connections to people who live...how shall I say this...outside the normal life," Rolf explained. "They could offer you the protection you need, but it would come at a cost."

"We'll pay whatever costs are necessary," Zach said.

"You have no idea what you are saying," Gretchen snorted. "You look like fine, cultured ladies. The price

"They do not need you or your money," Gretchen said with a smile. "These people are fabulously wealthy in their own right. They make a veritable fortune as smugglers; drugs, weapons, slaves, gems, rare substances such as frankincense and myrrh. But the cost that you will have trouble with is are you willing to be the sexual plaything of the tribe? They will not disrespect you, but at the same time there would be no emotional involvement. They will use your bodies for their pleasure and not give a thought to your own, though they are good, strong, competent lovers."

"You speak as though from experience," Krista observed.

"So I do," Gretchen acknowledged, smiling. "We spend 2-3 months a year with one particular tribe or another. Their way of life suits me."

"Even when we have gone to meet to negotiate business, stepping into their tents places us under their rules and ways," Rolf explained. "I have spent hours negotiating while a dozen men or more take their turns with Gretchen on the rugs right next to us. At the same time, their rules and ways also entitle me to use any of their women as an honored guest. It is even expected or the sheikh will think that you look down on his women as not good enough, an insult. Bedouin women are extremely fierce lovers. It's almost a combat experience, though an experience unlike any that you're likely to experience anywhere else."

"You laugh?" Gretchen asked as Zach wiped tears from the corners of his eyes.

"I understand how everything you've explained would put most people, especially women, off," Zach replied. "But you're describing a situation that Krista or Susan would absolutely love, even thrive in."

"I'd never have thought so, not looking at you," Rolf said, eyeing the two women more carefully.

"Any more than you thought I'd be unsuited to this life when we first came here?" Gretchen asked.

"No, no, you're right, of course," Rolf said, smiling.

The only sounds in the room were gasps and groans and the sounds of cocks plunging in and out of wet pussies. When Zach saw Krista scramble out from beneath Rolf and lean over to take his glistening, gooey cock into her mouth, her cheeks billowing as he came, he, too, lost it, pumping cum into Gretchen's pussy while Susan continued to lick and suck
