Chapter 2091 Family Fun On Island::3

After supper was done and the dishes washed, they all moved into the lounge area of the lodge and collapsed into various chairs and couches. Molly signalled to Cara.

"Ask John to come here, will you, sweetie?"

John came over still laughing at a joke Greg had told. "Yeah, Mom, what is it?"

"John, honey, I have another birthday present for you."

"Coo

Never ceasing in her self-appointed task, Molly managed to wink at John and he gave himself over to the ecstasy of the moment, feeling that incredible tension building in him as his mom's mouth moved smoothly over his glans, until he could hold on no longer. With a wordless cry he let his climax erupt, his seed jetting into his mother's throat. Mol

Greg eased back, his almost-soft prick slipping easily from Cara's juice-wet pussy. She felt empty suddenly and moved to lie beside Sarah, who reached out and took her hand, squeezing gently. Cara looked across at her cousin and smiled. Greg sat back on his heels, still breathing a little heavily.

"You're out of condition, bro," Sarah said, laughin

John was getting close, the growing sensitivity on his glans building, heralding the ecstasy.

"Mom, I'm gonna come, Mom," he said, gritting his teeth, willing his climax to delay, just those few seconds longer."

"Hold on - just - a moment - son," Molly gasped in time with his thrusts, "I'm - almost there - too."

"I can't hold on much longer, Mom."

he Morning After

Breakfast next morning was quiet as the assorted lovers took stock of their experiences. They had remained in their groupings overnight and Molly remembered fondly her son's vigorous fucking of her twice more during the night. Jack, too, had great memories of his sister's lissome body writhing in ecstasy as they fucked each other t

John turned slightly, took a deep breath and sucked his gut in. "Lovely," said Jill, and the shutter clicked, and clicked again as John took hold of his erection. Jill lowered the camera and came over to him, her face flushed.

"I think I know now why some women want to go into porn films," she said. She looked at John. "Can you set this camera on d

Eventually, she sat up, gently untangling herself. Her smile was radiant as she gazed down at her father. "That was absolutely incredible, Daddy," she whispered. Her face changed. "Oh, my god! You're still hard!"

"You came, sweetie, I didn't."

Cara's smile was the widest Jack had ever seen. "We have to do something about that."

"We will. Think you

"I think most of us could do with a nap," said Molly. "It's hot outside, and I feel the need for some shade."

"Good thinking," said Jill. "Maybe we should nap with our partner-to-be," she added with a giggle.

"Yes!" said Cara. She turned to her brother. "Come on, John, let's you and me go and nap."

As John and Cara left the room, Sarah turned to Ja

Inspired, John lifted his hand to Cara's clitoris. Remembering what his mother had told him about the sensitivity approaching climax, he twisted his wrist so that he had a finger on each side, brushing feather-light against Cara as she moved. She flashed him a smile, her breathing heavy now, matching his own.

John gritted his teeth, fighting the onset of his climax but the heat and wetness and wonderful snugness of his sister's pussy was too much and he groaned as he felt his seed boiling through his prick and into his sister's depths. In the throes of his climax, his reflexive thrusts, deep, hard, were the signal that Cara had been waiting for and John felt her pussy clamp down on his thrusting prick, convulsing, gripping as she shuddered her way to her own peak, a strangled moan in her throat as she collapsed across him, panting.

"Anything you particularly want to do to me, Uncle Jack?" Sarah said with a giggle. "Apart from fuck me, that is. I hope you want that!"

"Oh, I do, Sarah, don't you worry about that." Jack smiled at his niece. "How about you? Any fantasies?"

"I think you fucking me is about my biggest. I've already fucked my brother and my cousin, I mean, what's left?"

"Your mom, maybe?"

Sarah stared at him. "I never thought of that." She giggled again. "I ate Aunt Molly out after Greg fucked her."

"Enjoy it?"

"Mmm, yes." Sarah paused. "Uncle Jack?"

"What?"

"Can I practice my cock-sucking techniques on you?"

Jack's half-hard prick twitched. He chuckled. "My prick's obviously interested, so why not?"

Sarah paused again, deep in thought. "Uncle Jack?"

"Yes?"

Introduction: Patti's friend wants Patti's brother, and so does Patti!

Jan flipped her magazine closed and sighed. "Patti?"

"Hmm?"

"Do you think Jack's a good fuck?"

Startled, Patti stared at her friend. Where did that come from, she wondered, but there seemed only

honest curiosity in Jan's question. She shook her
