Chapter 2181 Daughters Naughty Needs: 4

Tom sat down on the bed and heaved a deep sigh after Brook left the room. Being single for as long as he had, he wasn't used to having a woman around the house, although he loved being married to Janice. But having his teenaged daughter in the house was a whole other matter. Especially one as pretty and sexy as Brook. She was a sweet girl, even if

The kiss went on for a long time and Tom's hand was running over the girl's tits through most of it. But he finally broke it off, stammering an awkward apology.

"Don't be sorry, Dad," she said. "I'm not."

He told her she was beautiful and let it go at that before turning the engine back on and continuing to drive. For the rest of the ride, Brook

Brook's pussy was dripping with wet heat, but she knew her father wasn't going to pick things back up. She wanted that more than anything while Tom was trying to act like it never even happened, except for the telltale bulge in his pants. At least he didn't try to tell her over again how it shouldn't have happened and was never going to happen again

"Getting along?" Janice snickered deviously. "Are you forgetting I know she took one of my sluttiest looking dresses to put on for her daddy?"

Tom groaned while Janice's hand kept moving up and down his cock under the water. Brook was dying to see it out in the open. She wished it was her hand stroking him. His rod felt so hot and thick back in the

Sometimes Brook wondered if Cindy's tits were too big for the rest of her body, but they weren't really that much bigger than her own. The two girls had never been shy about changing in front of each other, but it was definitely out of the ordinary for the blonde to just stand there with her boobs exposed, taking her sweet time about pulling on her

"I don't wanna stop," the blonde told her dad. "I wanna feel it get hard, Daddy. Besides, the way you keep rubbing my ass is making my pussy wet."

"Oh god."

Ray's hand only started squeezing and groping his daughter's ass even harder. He was moaning softly while Cindy kept rubbing her bare thigh over the front of his sweatpants. Brook could see t

In only her thong, Cindy looked practically naked, and she was completely engaged in her father's attention. Brook took off her T shirt and played with her own tits while she watched Ray play with Cindy's. She knew her friend was only going to urge her to do it sooner or later anyway, and besides, she really liked the way Ray kept looking at her wh

Oh my god," Tom said, nearly groaning.

His wife snickered briefly. She'd already undressed as far as her panties, while Tom was down to his briefs. Janice smiled at the look on his face, knowing he was gazing down hungrily at a younger version of herself. She reached for the bulge in his briefs and caressed it with her hand, feeling it quickly grow

Brook seemed curious about that, but her attention was much more centered on her father's cock as she stroked it. Tom pulled his hand out from under her bikini and pulled the skimpy item down her legs, leaving her just as naked as he was. She instantly spread her legs wide, giving her father all the room he wanted to feel and stroke her smooth, wet

The whole ride to the beach with her father, Kent, Taylor could barely sit still. She'd just turned eighteen a week ago, but she still got so jittery being alone with her father. It didn't seem right at her age to feel so nervous about things like wearing her new bikini in front of him for the first time. Her mother would
