I woke up as pleasantly as a man can be woken up. A throbbing, pulsating erection. Wet, warm lips were slowly and gently sliding up and down, over the head and down the shaft. As my eyes adjusted to the light, I saw shimmering blonde hair bobbing up and down. I let out a moan and Karina made eye contact with me, keeping my dick as far inside her mo

Then I entered the master bedroom and saw the door to the en-suite open. I saw the bathroom counter and visualized the last time I had been in that room, seeing Carly and Karina's naked asses, bent over and waiting to be fucked.

I took a mirror selfie and sent it off to Carly. She replied almost immediately with a picture of her and Karina making o

"I'll be busy setting up the house. Time will fly by, I'm sure," I said, taping another box down.

Carly piped up "We could help. You know, taking loads to the new house for you." She grinned like the Cheshire Cat. "Taking them to the new house, taking them at the new house, same thing, really."

"But there's no power, no lights, no Wi-Fi, no running

Karina grabbed the back of Carly's head suddenly and pressed her face into her muff, squealing in the process. I stepped back and just watched as her knees shook while she climaxed. Carly rose and stuck her tongue in my mouth, sharing Karina's nectar with me.

Karina all but shoved Carly into the shower and against the wall. As the water sprayed on

We got up and gathered our clothes. We emerged from the bedroom together and found Karina on the couch, having stripped her nightie off and was now pawing at her large tits with both hands.

"Finally, my pussy is on fire over here," she said lustfully. "I got so horny listening to you two fucking, trying to picture it all."

"That must have been quite the sight. I'm sorry I didn't get to see it," I said, running my hand over Karina's round ass.

She spoke up with a squeal as I pinched her butt. "We could recreate the scene for you."

This story involves incest.

We grew up normally, my sister and I did. There was no way to know what would happen. We had a typical suburban upbringing, with typical working parents, and had typical sibling fights. We were never particularly close, nor were we particularly distant. I am four years older than she is, so to

Mandy stumbled inside past me and collapsed on the couch, legs askew. I could see her thick thighs as her loose skirt had flipped up some. I got a glimpse of the pink panties she wore underneath and noticed that they were nearly see-through. There was no visible darker patch under them, so I assumed she was shaven. It instantly made me wonder about

After she drove off, my phone buzzed. Jackpot! A new counselor at the high school I taught at had finally agreed to have a drink with me. We set a date for Friday night. I had asked her out a few times already this semester, but she always gave me a "We'll see." I guess I wore her down. She was a bit older than I and a recent divorcee. She had just

"I'm sure that's the last thing she'd want to do tonight," I replied, trying to forget the way it felt last time. My dick betrayed me, and he got hard in a hurry. Damn him.

"Oh, I'm sure she wouldn't mind," Lisa spoke up. Mandy, she just smiled big and looked me in the eyes wordlessly. She had such a flirty smile. I couldn't tell if she was teasing
