Chapter 2441 What A Cock:>>5

Our discussion was productive, despite my wandering eyes and mind. We set a list of things she wanted exposure to, and I grabbed my tablet and began to pull up some examples. I showed her one document I had written many years ago, and she leaned in close to me to read the screen.

Whereas Bella would lean in close to me and I would feel her breasts

Chapter 2443 Her Crazy Confessions:>>1

The aroma of fresh coffee tempted me to rise from my in-laws bed. I lay back and stared at my wife recalling the lewd frenzy we'd enjoyed during the night. Julie sat on the edge of the bed looking though the window. She was thinking and choosing her words.

She suddenly got up and stretched in front of the mirror and tossed her hair from side to side

Chapter 2444 Her Crazy Confessions:>>2

It really was an erotic and blissful time. I had all I could do to stay in school and finish the year. Somehow I managed to study enough to graduate between the endless hours of sucking cock, licking pussy, and fucking both of them. There was even enough rational thought in my head to find a job when school was finished.

It's funny how great things

He knew how to fuck and he knew how to make love. From the very beginning it seemed we were doing both. He knew exactly how to make me comfortable on his lap and when I needed another kiss or a nibble. His tongue felt wonderful swirling around my nipples. He could feel my body tensing and he knew just how to make me relax and breathe as he worked me

He has a surprising time with the in-laws.

The idea of a weekend with the in-laws didn't rank high on my list of things for a fun weekend. Julie and I had been married two years and I had avoided most of those obligations. Her parents lived outside the country since her father worked overseas for most of his career. His company moved him

Seeing their photos and personal decorations gave me a new perspective on my in-laws and my wife. There are some things you never learn about your spouse unless you spend time with their family. Pictures of family skiing trips in Europe, hiking in some rain forest, and sail boating in the Mediterranean filled one wall. The photos of Elle on a beach

Elle nudged the towel up higher following the scratch running up my leg. She leaned in closer so her hair was brushing against my chest. The towel was opening and her arm brushed the bare skin of my cock. The touch was electrifying and it made my cock throb and swell. Feelings of guilty lust raced through my head. I wanted to jump up before I embar

A floorboard creaked as I moved closer for a better look. Breathless and with heart racing I froze in the darkness. Then Elle's naked form came into view. She walked alongside the bed. The fear of being

discovered swirled in my head with the confusing sight before me. Elle sat on the bed. She began stroking and touching the other woman with a vibra
