Chapter 2671: Qiankun coming true

Tap tap tap tap ...

“Tut, tut, tut ... ”

“In the hall of the underground base, gunshots were heard. Zhao Yu, Ding Lan, Lee Bencheng, and Prometheus led many enemies in white suits to fight. ”

““This ungrateful villain!”” Zhao Yu cursed, ““if I didn’t save him, his ashes would have been nowhere to be found! Repaying kindness with ingratitude, I must kill him!”” ”

““Prometheus ...”” Lee Bencheng muttered, ““this should be a code name, right? Why do I feel like I’ve heard it before?”” ”

Bang Bang Bang ...

“As a hail of bullets shot at him, Lee Bencheng quickly lowered his head and hid behind a metal sofa. ”

“At that moment, Zhao Yu and the other two were scattered in three different places in the hall, using the tables and sofa as cover. ”

“Zhao Yu had an all-purpose scope and a bullet-proof suit. Logically speaking, he should have rushed over directly, but there were too many of them, and they were all wearing bullet-proof suits. ”

“Zhao Yu only had two pistols in his hands, so it would be too reckless to rush over. ”

Zhao Yu also saw that some of the men in white suits were also holding onto the electric net.

“Therefore, he could only use cover to shoot and shoot down a few people first! ”

““Old Li!”” As Zhao Yu was shooting, he asked Lee Bencheng, ““do you see ... See amilora?”” ”

““No, I didn ‘t!”” Lee Bencheng replied, ““I’ve told you before, I should have been a dead man!”” ”

““No...”” Zhao Yu raised his hand and shot a man in a white suit in between his eyebrows. It was a headshot, and it shocked the others.””Let me ask you, that day at the concert hall ... What happened to you?”” ”

““Power grid, power grid, didn’t you see it?”” Li Bencheng said, ““this thing is too greasy! That day, you were caught in the net. I wanted to save you, but I was caught in the net too! ”

““There was electricity in the net. When I woke up, I was lying in a white room. Someone drugged me and asked me a lot of questions ... ”

““And then ... Um ...”” ”

Bang Bang Bang ...

“As the bullets flew, Ding Lan opened fire to cover them. Zhao Yu took the opportunity to blow up the heads of two men in white suits, once again scaring the enemies away. ”

“““And then, what happened?”” Zhao Yu asked,““say something? Don’t tell me you were violated?”” ”

“““Ah Xi, you can’t speak like that.”” Lee Bencheng was very anxious,““when I was being interrogated, I was tied to a very advanced chair. It was a professional interrogation chair, and there were many high-tech things ...”” ”

“““I don’t need you to introduce the product,”” Zhao Yu urged.““Just tell me, what happened after that?”” ”

“““But, just now, about 10 minutes ago? ”” As the interrogation continued ...”” Lee Bencheng said,““the interrogation chair opened by itself! And then ... I rushed out and killed my way to meet you! ”

“““Of course,”” Lee Bencheng declared again,““when I rushed out, those Men in Black fired at me. I thought I was dead! However, they did not expect that their bullets ... Seemed to be empty shells ... ”

“I don’t know what’s going on. Did someone do something to their guns, or did they let me go on purpose ... ”

“““However, the latter has been ruled out!”” ”

“““Oh ... It’s that simple?”” ”

“Zhao Yu shook his head. The reason why he asked this question, apart from wanting to understand what had happened, was because he had another important concern. ”

He was worried that li Bencheng might have defected. Was the reason why he was still alive to meet him because he had reached some kind of agreement with green?

Or was he deceived by Grimm?

“However, after listening to Lee Bencheng’s explanation, he ruled out his own guess, because Lee Bencheng could not have known about the emergency evacuation ball. ”

“Logically speaking, he should have been dead! ”

“Therefore, his sudden escape might also be part of Grimm’s plan. ”

Grimm wanted to use li Bencheng to mess up the underground base so that he could take the opportunity to evacuate.

This Grimm had actually thought of everything!

“If they became enemies in the future, they would be in big trouble ... ”

“““So, I don’t know if amiola is here as well ... Zhao Yu ...”” Lee Bencheng asked again,““how did you find this place?”” ”

“““Wahaha ...”” Zhao Yu laughed wildly.““Who am I? I quickly guessed that this matter was related to Grimm, so I came here! ”

“““I didn’t expect that in such a short time, they would actually turn this place into their base camp!”” ”

“As he spoke, Zhao Yu raised his gun and shot again. As the enemies had learned their lesson and hid their heads, Zhao Yu knew how many people’s feet he had shot! ”

Ah ...

“Several screams came from the opposite side, and the enemies who were so powerful before gradually weakened. ”

“However, there were many enemies in the underground base. Not long after, security guards with guns rushed in from the other side of the hall. ”

“Seeing this, Ding Lan quickly fired and blocked the enemies ... ”

“Just as the battle in the hall was in full swing, the bearded man known as Prometheus had already left the battlefield. He was anxiously urging his men,”” ”

“““Hurry, hurry up and get me a signal!”” He was holding a phone and said anxiously,””green killed four shareholders. He has betrayed us! If I don’t stop him now, my 100-year foundation will be destroyed in my hands!”” ”

“““Sir, a mole! We found a mole over there!”” A man in a white suit reminded and motioned for the bearded man to follow him. ”

“““Mole? okay, hurry, hurry ...”” The bearded man followed impatiently. After making a few turns in the base, they finally entered a room that looked like a communication room. ”

There was a phone on the table. Someone handed the microphone to the bearded man and indicated that the call could be connected.

“““That’s great!”” ”

“The bearded man excitedly dialed the number, and after waiting for a while, the other party finally picked up the phone! ”

“““Hey!”” The bearded man spoke excitedly into the microphone,””Saro, quick, come to the island and rescue us. Green, Grimm has betrayed us! ”

“““He and that crazy detective killed the other shareholders and tried to take over the entire company. Hurry up and take your men ... Um ...”” ”

“At this point, the bearded man suddenly realized that something was wrong. A familiar sneer came from the microphone. ”

“““Ah?”” The bearded man was so scared that he almost fell to the ground. He trembled as he said,””GE ... Green ... How ... How did this happen?”” ”

“““You’re really lucky!”” ““Prometheus, do you still not understand your situation?”” Grimm’s fierce voice came from the phone. ”

""You ... You ..."" The bearded man seemed to have realized something, and his eyes were filled with despair and fear. ""What are you doing?"" "

""According to the organization's early warning system, how do you think they will deal with such a major incident?"" Grimm said coldly. "

""Ah?"" The bearded man sat on the chair and said, ""Grimm ... You ... You devil, you ... What are you doing this for? "

""We ... We've given you so many benefits, you ... You can't do this! Hey...Hey...Hey...Hey ..."" "

"However, there was no reply from green. "

""What's wrong, boss?"" At this time, The Man in the White Suit asked, ""why is green the one who picked up the phone? He ... What is he doing?"" "

""It's over, it's over!"" The bearded man said in a daze, ""he got our identification and can now control all the emergency measures! "

""All the military forces of this country will be under his control."" The bearded man's eyes were filled with despair. ""He will raze this Island to the ground!"" "

Chapter 2672: don't leave anyone alive

A warship was parked in the southern waters of Miracle Island.

"At this moment, a speedboat gradually approached, and the sailors on the deck immediately lowered the pedals leading to the inner cabin."

"When the speedboat came close, an old man in a golf suit stepped on the pedal."

""Sir!"" At this time, a Sergeant wearing a beret hat immediately came forward. He first saluted Grimm, then reported, ""there are four speedboats coming from the northern Sea. They should be the accomplices of the group of people who came to the island before!""

""We've already intercepted them. What should we do now?""

""Hmph!"" The old man snorted and said firmly, ""do I need to explain this? They killed our shareholders and destroyed our base. I almost lost my life!""

""Oh ... I understand, I understand ..."" The sergeant Major said. ""Don't worry, we'll open fire now!""

""Also, "" Grimm took out a Blue Badge from his pocket and said, ""according to the organization's emergency plan, in this case, do you know what to do in order to avoid future trouble?""

""Oh, I know, I know!"" The sergeant Major said, ""the ammunition has been loaded and our plane is on standby, but ... Sir, are you sure we have to do this?""

“““The enemy has already reached our base,”” said Gerlin coldly.””No matter how powerful the crazy Scout is, it’s impossible for him to find this place. However, he has already arrived. This means that there is a spy within our ranks!”

“““Therefore, according to the organization’s rules, we must clean up this place and then activate the backup plan!”” Green said,””Sergeant Major, today is not the end. It represents the arrival of a new era!”

“““You will witness this painful and great moment. From now on, your position in the organization will be like the sun in the sky, and your future will be limitless!”””

“““Yes!”” After the sergeant Major heard this, he immediately gave a standard salute and said,””Sir, if we want to carry out the purge, I will need at least two codes. I wonder ...”””

“““Oh, I understand,”” Grimm said.””I’ve already inputted it into the badge. You can confirm it!”””

“““Yes!”””

“The sergeant Major’s subordinate immediately handed over a white electronic device. The sergeant Major inserted the badge into the card slot, and the green light on the electronic device quickly lit up.”

“““Alright, I’m done!”” The sergeant Major saluted green again and nodded.””The plane will take off immediately. We’ll carry out a precise bombing in five minutes. After the bombing, we’ll do a carpet cleaning to ensure that no one will leave Miracle Island alive!”””

“““Very good!”” Grimm said,””this time, although our losses are heavy, it is insignificant compared to our future development!”

“““As long as our operating mechanism is still there, everything will continue! And we will do better!”””

“““Yes!”” The sergeant Major saluted again, then pressed the communicator on his ear and issued an order to his soldiers,””authorization has been confirmed, action!!!”””

“Hearing that the order had been carried out, the corner of Grimm’s mouth raised into a smug smile.”

He took a few steps forward and stopped in front of the railing to wait while he kept the badge that the sergeant Major had returned.

“““You ...”” At this time, the sergeant first saw the blood on Grimm’s back and hurriedly asked,””are you injured?”””

“““Oh ... I was attacked,”” green said as he took off his golf suit.””Fortunately, I was wearing a bulletproof vest. Otherwise, the crazy detective would have succeeded!”””

“““This crazy detective really lives up to his reputation!”” The sergeant Major helped Grimm take off his blood-stained clothes and said,””he actually managed to find his way here. It seems that there’s a big problem with our internal department. We really need to reshuffle the cards!”””

“““It’s a pity ...”” Grimm looked at the small island in the distance and said,””my Island ... Sigh ...”””

“““Sir.”” The sergeant Major smiled.””Don’t worry. Our bombing won’t completely destroy Miracle Island. It will be rebuilt in the future and look brand new!”””

“““I understand,”” Grimm sighed,””but this place can never be a base again. It has been exposed!”””

Buzz Buzz ... Buzz Buzz ...

“Just then, Grimm’s phone suddenly rang.”

“““What?”” Gerlin was stunned for a moment before asking,””right now, haven’t we already implemented a forced silence? Why is there still a signal?”””

“““Hmm ...”” The sergeant first was also stunned. He hurriedly explained,””maybe he’s an insider on your Island?”””

“““Mm ...”””

Grimm looked at the details of the incoming call and pressed the answer button.

“Suddenly, a familiar voice came from the inside. It was the shareholder, Prometheus.”

Grimm’s eyes widened when he heard the caller’s call. His face turned gloomy.

“Before he made a sound, he gave the sergeant Major a look, and the sergeant Major quickly led his soldiers away.”

“““Hehehe ...”” Grimm sneered at the phone and said,””you’re really lucky ...”””

.....

“Ten minutes later, five fighter jets flew over from the South of Miracle Island. Just as they were about to pass over the island, the bomb pods of the five fighter jets opened at the same time and five missiles were launched from the planes, flying in all directions of the island!”

“Among them, two missiles went straight for the underground base. These air-to-ground tactical missiles were powerful and were specially used for ground bombing.”

“Although the base was underground, it would be destroyed by the two missiles. No one had a chance of surviving!”

“The missiles were strangely fast and accurate. Soon, flames rose from Miracle Island, followed by a loud boom from the sea. Even from so far away, they could still feel the powerful destructive power of the shock wave ...”

Boom! Boom! Boom!

“The island exploded, the sea trembled, and even the warship trembled.”

“Looking at the intense flames, Gerlyn put down his binoculars in satisfaction and muttered,””““We can finally say goodbye to the past!”””

“““Report ...”” At this time, a soldier came to report,””those speedboats have been sunk by us, and we are searching the sea. We will not leave anyone alive!”””

“““It doesn’t matter,”” Grimm waved his hand and said,““tell them, there’s no need to kill them all!””
The crazy Scout is dead, these people won’t be able to do anything. Just as well, someone needs to go back and report ...”””

“““Yes!”” The soldier obeyed and left.”

“““Sir,”” the sergeant Major said,““the bombing is over. Our people will land in five minutes to clean up the mess, but ... As you can see, there are no survivors in this situation!”””

“““It’s better to be safe!”” Green said,““I’ve learned a lot about detective. I have to confirm his death before I can rest assured!”””

“““Well ...”” The sergeant Major said.““Don’t worry. Even if his body has been torn into pieces, we still have a way to confirm it!”””

“After saying that, the sergeant Major turned around and gave an order to his men to carry out the ground search.”

“Grimm looked at the gradually shrinking flames in the distance. He rubbed his face with both hands, then squinted his eyes and muttered to himself,“““Crazy detective, you should be content!””

“““I gave you so many diamonds to be buried with you, so I’m not letting you down, hehe ...”” He took a look at the time on his phone and said,““now, only Miao kun is left!”””

“““Without your good son-in-law, let’s see how long you can last ...”” He said.”

Chapter 2673: I did it!

“Twenty-five minutes later, a Cobra helicopter flew at a low altitude over the sea and flew to the private airport South of Suwa. ”

“At this moment, a beautiful private plane was parked in the airport. The boarding door was already open, and the boarding ladder was ready. ”

“At the entrance of the accommodation ladder, there were two extremely beautiful flight attendants with dark skin. ”

The armed aircraft entered the private jet as if no one was there and quickly stopped beside the private jet.

“A group of fully armed soldiers jumped down from the aircraft. Then, with the help of his bodyguards, Grimm came down from the armed aircraft to the ground. ”

Grimm was holding a rectangular metal box in his hand. The metal box looked very advanced and heavy.

“Following that, under the escort of numerous soldiers, Gelin strode to the boarding gate of the private plane. ”

“““Ladies,”” Clint asked the two flight attendants,““have the cigars I asked for arrived?”” ”

“““There’s also 1997 whiskey,”” one of the air stewardesses said with a charming smile.”““It’s authentic from Yorkshire’s Red Sea winery. It’s a special reservation for you!”” ”

“““Hahaha, thanks!”” Gelin laughed heartily and stepped into the private jet. ”

“The private jet’s interior was luxurious. At this moment, many staff members in suits were already ready. ”

They were all holding laptops. They were divided into groups and sat in different positions in the cabin.

“““Alright, listen to me, everyone!”” When green saw that everyone was ready, he picked up the metal box in his hand and said,”“the five strings of confirmation codes and the secret protector are all here. Next, to prevent the outflow of funds, we need to transfer the shareholders’ reserve funds to a new account! ”

“““Here ...”” As he spoke, he opened the metal box and said,”“next, you will be divided into five groups to gather the funds at the same time and transfer them to the same account!”” ”

“““This ...”” At this time, an old man wearing glasses said worriedly,”“according to the company’s regulations, the funds can only be divided and can not be gathered. This will bring hidden dangers!”” ”

“““Mm ...”” ”

“When the old man said this, the scene fell silent. ”

“““Gus,”” at this moment, a bodyguard behind gring said,”“do you know that all five shareholders have been sacrificed? ”

“““According to the company’s emergency plan, Mr. Green is now a substitute shareholder and has the right to deal with the funds!”” ”

“““This ...”” The old man was obviously confused.”“It still seems to be against the rules?”” he asked. Shouldn’t we contact the other advisors and get everyone’s approval?”” ”

“After hearing the old man’s words, gerlyn shot a look at his bodyguard. ”

The bodyguard didn’t say anything. He took out his gun and shot the old man.

“The spear hit the old man’s forehead, and his corpse fell to the ground on the spot! ”

Ah ...

“The other staff members exclaimed in surprise at first, then they kept quiet out of fear. ”

“““Just in time!”” Gerlin dusted off the dust on his sleeves and said coldly,”“the plane hasn’t taken off yet ...”” ”

“With that, his bodyguards understood what he meant. They immediately lifted the dead body and threw it down from the door. ”

“““Listen up,”” Grimm said,”“the staff mechanism has been abolished! This time, the enemy’s infiltration has caused us to suffer heavy losses. We must try our best to recover our losses. Speed is the

most important thing in war. If we wait until the shareholders find out about the news, then there will be a very dangerous internal friction! ”

“““Only by immediately cutting off their lifelines can we completely control them! ”

“““Also,”” Gerlyn coldly scanned the crowd,””in this infiltration, I suspect that other than the aides who have defected, there are also huge problems within the shareholders! ”

“““In other words, there might be other Spies Among Us. Whoever aroused our suspicion will end up like Gus! Do you understand?”” ”

“After hearing Grimm’s threat, everyone shivered. Then, someone took out the secret protector from the metal box and began to group up. ”

“““Hmm...That’s right!”” Green said,””please remember that those who have contributed today may become shareholders in the future! ”

“““Even if you can’t become a shareholder, the company will definitely not treat you badly!”” ”

“““Yes!”” None of the staff dared to make a sound, and all of them obediently lowered their heads and worked. ”

“““In addition,”” Grimm took out another USB flash drive and said to one of the groups,””the USB flash drive contains the shareholders’ hidden assets, which also need to be re-confirmed and divided.”” So, immediately contact the local staff and ask them to find a way to freeze these hidden assets! ”

“““We’ll make plans after we stabilize the situation ...”” ”

“““Yes!”” Someone took the USB drive and quickly went to the computer to deal with it. ”

“““Hurry up!”” Green said,””our flight time is only six hours. I hope that after we get off the plane, we can solve all the problems!”” ”

“““Yes!”” After everyone heard this, they instinctively increased their speed. ”

“““Sir, this is your reservation!”” At this time, the beautiful stewardess from before presented Grimm with a cigar box and whiskey. ”

“““Thank you!”” Grimm took a few puffs of his cigar and smiled in satisfaction. ”

“““Sir!”” At this moment, one of the bodyguards asked,””where are we going now? The base has been destroyed, shouldn’t we look around?”” ”

“““Hehe, I’ve prepared all of these!”” Green smiled and said,””we’re going back to the old base in Hawaii now. The facilities and equipment there are all ready, and we won’t be affected in any way!”” ”

“““Wow,”” the bodyguard quickly flattered.””You’re really amazing. Our enemies would never have thought that we would go back and kill them!”” ”

“““No, it’s not just our enemies who can’t think of it.”” Green smiled mysteriously.””Even our colleagues and friends can’t think of it! Hehehehe ...”” ”

“After that, Grimm took another big gulp of whiskey. ”

“““By the way,”” Grimm said,””ask the sergeant Major how the search is going. Did you find detective’s body?”” ”

“““Well ...”” The bodyguard said.””According to the information just sent back, the power of the missile was too great, and it was difficult to identify the bodies!”” ”

“““That won’t do!”” Green said,””remind him again that Zhao Yu has diamonds worth hundreds of millions of pounds on him. The diamonds can’t be blown up by a bomb!”” ”

“““Finding the diamond proves that the crazy detective is dead! ”

“““Also, tell him that if he finds the diamond, the diamond will be his! Do you understand?”” ”

“““Yes!”” The bodyguard quickly said,””I’ll immediately, immediately inform him ...”” ”

“After that, the bodyguard turned around to make a call. ”

“At this moment, the air stewardess reminded everyone to fasten their seat belts as the plane was about to take off. ”

Grimm had no choice but to put down his wine glass and began to fasten his seat belt.

“Soon, the plane took off smoothly. The cabin was busy as the staff tried their best to gather the funds of the shareholders. ”

“Gerlyn even checked them one by one. After making sure that there were no mistakes, he left the normal cabin and went to the first class cabin. ”

Hmph!

“““Hmph!”” Grimm snorted coldly and thought to himself. In the past, as an advisor, he could only speak a few words to the shareholders. ”

“But today, not only did he successfully become a shareholder, but he also occupied all the seats here. ”

“The plane flew through the clouds and reached a stable high altitude. Looking out from the porthole, they could see the blue sea in the distance. ”

Hu ...

Clint stood by the window and looked at the scenery outside. He then opened his phone and pulled up a photo.

A woman with a bright smile appeared in the photo. The woman’s smile was pure and bright. She was miss Xin Jia from Ping Cheng!

“““Miss Xin Jia ...”” Grumbled Ge Lin with hidden bitterness in his eyes,””I did it! You once told me that the best thing in the world is what you think is the best! ”

“““I think the best thing is to have the power to change the world! ”

“““I really hope you can see that I actually did it! ”

“““Next, I’m going to transform this world with my own power. I’m going to purify this world and make it a better place, to become ... What you think it is ...”” ”

Chapter 2674: aerial nightmare

“45 minutes later, Grimm’s private jet was flying over the vast Pacific Ocean.”

“Glyn finished the entire glass of whiskey, but he didn’t seem to be drunk at all.”

“““Sir ...”” At this time, his bodyguard walked in and said,““the fourth transfer has been completed. In another five minutes, all the assets are in place, a total of 680 billion US dollars ...”””

“““Mm, very good! ““Now ...”” Grimm glanced at his phone.”“There are only two things left!”””

“““Um ...”” The bodyguard’s face tightened as he said,““I just contacted the sergeant Major. His men didn’t find the diamond!”””

“““Sir, the missile is so powerful. Even if diamonds are not damaged, it is not easy to find them! Let’s give them a little more time!”””

“““Oh?”” Hearing this, Grimm’s face showed doubt.”“In order to explore, I gave him more than 100 diamonds!”

“““Now, even if it’s for the diamond, they’ll find his body. Why ...”””

Grimm looked at his watch again.

“““Don’t worry, don’t worry,”” the bodyguard advised.”“The diamond is so small. We have to look carefully!”” When they heard that there were diamonds in the ruins, their eyes were all red!”””

“““Al!”” Grimm let out a sigh.”“Crazy detective, crazy detective. Do you want to leave a mystery even after you die?”””

“““You ... Hehe ...”” The bodyguard said,““is li Bencheng not important? And ... And that Prometheus who called you?”””

“““Li Bencheng? Prometheus? ““Hmph ...”” The corner of Grimm’s mouth rose, and he said contemptuously,““other than crazy detective, no one else is my match!”

“““Not to mention death, even if he’s alive, he won’t be able to do much!”””

“““You ... Just said that there are only two things left, then ...”” The bodyguard asked again,““what about the other one?”””

“““Here, this is it!”” Grimm turned on his phone, and a control software appeared on it. ““I’m thinking about the best time to detonate it ...”””

“““Ah? ““Oh ...”” The bodyguard finally understood what Grimm meant and said,““you mean, blow up those infrastructure projects! Why don’t you blow it up now?”””

""These ... Are the shareholders 'intentions,'" green said.""After blowing up the infrastructure, let the US take the blame, and then cause an international conflict to attract attention!"

""This way, we can ease the pressure on us ... But ... There are so many lives, after all. This is not quite in line with my strategic thinking ...""

""Sir!"" The bodyguard said,""I think we needed to divert our attention before, and now we need to do it even more! Blowing up wondrous ruins Island is enough to shake the world. We also need time to resolve our internal conflicts!""

""Yes ... I understand!"" Grimm nodded and said,""the lives of these people today are insignificant compared to our future! So ...""

"After saying that, Grimm no longer hesitated and finally pressed the start button!"

"However, after he pressed the button, the phone seemed to have crashed and could not be pressed again ..."

Eh?

"Grimm was surprised. He pressed a few more times, but the phone suddenly exited the program."

Eh?

What was going on?

Grimm checked his phone and found that there was no Signal!

This ...

""That's ... That's impossible!"" The bodyguard saw the problem and quickly turned around to open the door to the normal cabin. In the end, the scene that appeared in front of him made him dumbfounded!"

""What's wrong? What's wrong?""

"Grimm also realized that something was wrong and immediately stood up to take a look. At first glance, he was also dumbfounded."

"In the ordinary cabin, his subordinates who were busy working were lying on the seats or on the ground ..."

""What's going on?"" The bodyguard was shocked and quickly pulled out his pistol."

Grimm was also in disbelief. He also held the handle of his chair and came to the door.

"After the bodyguard rushed over, he first alertly searched the ordinary cabin. After making sure that there were no enemies, he then came in front of a certain someone to check."

""They ... They're all unconscious ..."" The bodyguard was confused.""What's the problem?""

""Hurry up!"" Grimm turned to the other side and said to the cockpit,""go find the captain!""

""Oh ..."" The bodyguard rushed to the driver's seat with his gun, but the door was open."

“After the bodyguard opened the cabin door, he immediately saw an even more unbelievable scene!”

“The two pilots were also unconscious in the pilot’s seat, and one of them was even foaming at the mouth ...”

““Ah!?”” Green could not believe his eyes.”“The pilot too ... Then ... Who was flying the plane just now?””

Tap tap tap tap ...

“As a result, along with Grimm’s exclamation, the plane shook violently.”

A man suddenly fell from a seat in the ordinary cabin. He was only wearing underwear and looked particularly eye-catching!

“However, in Grimm’s eyes, this person was like a demon!”

This was because the man who had just fallen to the ground was her personal bodyguard.

““Ah!?”” Grimm was dumbfounded. He quickly looked at the bodyguard standing in front of him and asked in fear,”“who ... Who are you?””

““Oh, oh, damn it!”” The bodyguard cursed,”“we actually exposed ourselves! I wanted to play for a while longer!””

“As he spoke, the bodyguard reached out and made a gesture of removing his mask. As he grabbed at the air, his face suddenly turned into another person!”

““Ah!?””

“This time, Grimm was even more shocked when he saw that the man had turned into an old acquaintance of his!”

““Hahaha ...”” Miao kun laughed wildly, then aimed his pistol at green and said,”“green, I bet you didn’t expect this.”

““You’ve spent your entire life researching disguises, but in the end, you were tricked by a rookie like me. Hahaha ...””

““Ah?”” Grimm screamed and almost fell down.”“How ... How could it be you!”” Impossible, impossible! You ... How did you do that?”

““Could it be that ... There’s a traitor ... Among my subordinates?””

“At this moment, Grimm seemed to be having a nightmare. He slapped his forehead hard, trying to wake up from the nightmare.”

“However, no matter how hard he tried, Miao kun’s ferocious and mocking face was as real as ever!”

““Are you stupid? I’m so capable, why would I need to set an ambush for you?”” Miao kun pointed at Green’s shoes and said,”“your biggest weakness is your arrogance. You always think that you can scheme against others, but others can’t!””

""Ah?""

"Grimm immediately came to his senses and quickly took off his sneakers. Only then did he see that on the heel of his shoes, there was an electronic device that was the same color as his shoes."

"Without a doubt, this electronic device was a miniature tracking device."

""You ... Oh ..."" Green tried to recall. ""Did Zhao Yu install this for me? He ... When did he ...""

""I don't know about that!"" Miao kun said, ""green, let me tell you a piece of good news. The 680 billion that you just transferred did arrive, but it was not in your account, but ... My ...""

""I think you should congratulate me, because I'm now the richest man in the Super World!!""

Chapter 2667-Who are you?

""This ... This is illogical ..."" Grimm's eyes were filled with fear. ""Female Miao, how did you do it?"" he asked. This ... This is impossible!"" "

""What's impossible?"" The corner of Grimm's mouth curled up as he coldly said, ""do you think your plan is flawless?"" "

""You ..."" Gerlyn shook his head and said, ""how did you do it? Even if ... Even if you have my location, there's no way you could have caught up to the plane. Besides ... Fighting alone is not your Female style, right?"" "

""Time is tight, I have no choice but to take the risk!"" Miao kun said, ""that's enough. Let's not make such meaningless opening remarks! "

""Let's get straight to business!"" ""Green, there are some things that I don't understand,"" Miao kun said solemnly. ""You deliberately killed the company's shareholders and wanted to monopolize the power. What exactly was your purpose? "

""Even before you started working with londee, your wealth was already comparable to that of a country! Don't tell me you're doing this for more money!"" "

""Hmph!"" ""Hmph!"" Grimm snorted coldly and said, ""how can you ordinary people understand my thoughts?"" "

""Do you understand? you spent so much effort to destroy the entire criminal empire,"" Miao kun said. ""You can't be thinking of doing charity, right?"" "

""From the way you look, you don't seem to want to donate the money to your country, do you?"" "

""Hmph! You guys are still too childish! Miao kun, let me ask you, have you ever thought about the meaning of the existence of this criminal empire?"" Grimm said, ""since they already have the wealth of a country, why do they still want to continue existing?"" "

“Tsk tsk ...” Miao kun shook his head and sighed. “Tell me the truth, then.” Why? Because other than money, there’s also supreme power?”

“Hmph,” Grimm snorted out of habit. He looked out of the window and said, “you’re just an ordinary person. You’ll never understand!”

“Hehe,” Miao kun said with a faint smile. “Did you notice? The way you speak now is really similar to londee! I think you’ve already lost your mind, haven’t you?”

“Hmph ... I’m different from londee!” Grimm said coldly, “he is just a puppet without a brain! Miao kun, I want to build an ideal home. I want to change the world and make it a better place ...”

“You ... Sigh!” Miao kun put down his gun and sat opposite Ge Lin. “Are you okay? You want to change the world? Become more beautiful?”

“You want to blow up our infrastructure projects? that’s like starting a war!”

“Yeah?” Grimm’s eyes widened. “War is a necessary sacrifice. Only by accepting the baptism of war can the world become a better place!”

“You ...” Miao kun shook his head and sighed. “Crazy! It’s a good thing I stopped you today. Otherwise, the world would be in trouble ...”

“Hmph, you won’t understand! However,” a trace of ruthlessness flashed in Green’s eyes as he said fiercely, “Miao kun, no one is piloting the plane. It will crash soon!”

“Regardless of whether I die Here today or get caught by you, according to the company’s system, there will be new shareholders and successors soon!”

“I can guarantee that the new ones will only be more radical than me. You can’t stop them!”

“And,” he pointed to the ordinary cabin, “do you think that you can shake our Foundation just because you transferred the money?”

“What’s 680 billion? Compared to the powerful empires, that was just a drop in the ocean!”

“If you dare to touch that money, you’ll have to be prepared for a storm!”

“Tsk tsk ...” Miao kun pouted and said, “you’re already in this state, and you’re still trying to act tough?” Who are you trying to fool? I don’t buy this!”

“I’m telling you, as long as you give me the identity code and the secret key, I promise I can eradicate your entire criminal group. Our strength is limited, but we can unite more people!”

“You’re finished! Hey, what are you doing?”

“As he spoke, Miao kun noticed that green had suddenly turned on his phone and was frantically tapping on it.”

“Aiyo,” Miao kun said, wiping his sweat. “You’re still not giving up, old man!” Didn’t you notice that the signal has been blocked?”

“Besides, it’s been so long. Do you think we’ll let your explosion plan succeed with our efficiency?”

““““Besides, I’ve already exposed your scheme!”” Miao kun said,““““if it really explodes, you can’t blame anyone else, can you? ”

““““The whole world will know that you’re the mastermind. What war is there to start?”” ”

““““You ... You ...”” Clint was so angry that his face and ears turned red. He clenched his fists and shouted hysterically,““““there’s a self-destruct device on the plane. You either kill me now, or I’ll make the plane self-destruct. None of us can think of living ...”” ”

““““Wahaha ...”” Miao kun laughed wildly.““““You old fox!”” You’ve finally run out of tricks! Are you trying to fool this silly boy? ”

““““What self-destruction device? What mutual destruction? if there’s really such a thing, you can just blow it up for me to see!”” ”

““““You ... You ...”” Ge Lin was so angry that he was about to vomit blood. He looked up at the sky and howled in exasperation,““““impossible! Absolutely impossible! ”

““““How do you know so many of our secrets? You ... You must have a mole, there must be!”” ”

“Miao kun shook his head and said,““““I just told you that you are very smart, but your biggest weakness is that you are too conceited!”” ”

““““Ever since the island was blown up, you’ve let down your guard,”” Miao kun said.““““You think you’re a master of disguise, but in my eyes, you’re nothing!”” ”

““““You ...”” Grimm was shocked, but his eyes suddenly revealed a look of suspicion,““““you ... Your tone of voice, no, it’s not right! Who ... Who are you?”” ”

“At this point, green stood up excitedly, ready to fight Miao kun to the death. ”

““““Who am I?”” ““““Don’t you know him?”” Miao kun asked, touching his face. ”

““““Miao kun, you’re not ... Not that powerful ...”” Green stood up with difficulty and said excitedly,““““you’re lying to me!”” ”

““““I ... I may have been tricked by you, but at least I did one thing. I killed the crazy detective, and you lost him forever ... ”

““““Haha ...”” Grimm became unusually excited.““““Without crazy detective, you’re no longer our match ... Oh ...”” ”

““““Is that so?”” ““““Then, why haven’t you found your diamond yet?”” Miao kun asked, expressionless. ”

““““Ah?”” ”

“Hearing that, green trembled. He was about to say something when he suddenly felt dizzy. He stared at Miao kun in disbelief and asked,““““ ”

““““You ... How did you do that! This is impossible, impossible ... Oh ... Oh ...”” ”

“In a short while, gerlyn pinched his forehead and sat on the sofa powerlessly. He quickly fell into a deep sleep and no longer moved ... ”

Hmph ...

“This time, it was Miao kun’s turn to sneer. He covered his face with his hands, and the next second, his face changed. When he moved his hands away, he had turned into Zhao Yu! ”

It turned out that this Miao kun was also a fake. He was just a disguise that Zhao Yu had used.

“So, the person who had sneaked into the plane, knocked out all the enemies, and transferred Grimm’s 680 billion was none other than Zhao Yu! ”

Chapter 2676: expert hacker

“Back to the underground base of Miracle Island 70 minutes ago, there was a rain of bullets and flashes of lightning. A fierce battle was still going on.”

“A large number of enemies came from a certain direction, and Ding Lan’s bullets were running out, and he was gradually unable to hold on.”

“But at that moment, Zhao Yu had gotten a few rifles from God knows where. He threw the rifles into Ding Lan’s hands.”

Ding Lan took the gun and fired at the enemy.

“However, the enemy was too strong. After Ding Lan fired, she was quickly suppressed by the enemy.”

“However, these difficulties were not worth mentioning in Zhao Yu’s eyes. With the universal scope, he stood in the middle of the hall and began his performance!”

“The rifle looked a little casual, but every time Zhao Yu fired a shot, an enemy would fall!”

“Soon, the enemies who had just rushed over realized that there were only a few of their companions left!”

“The rest of the people were quickly forced to retreat. Then, under the double attack of Ding Lan and Lee Bencheng, they had no choice but to retreat, not daring to show their faces again!”

“““you ...”” lee bencheng was dumbfounded,”” zhao yu, did you really self-study your marksmanship?”””

“““stop talking nonsense!”” zhao yu threw away the empty rifle and replaced it with a new one.”” something’s not right. those people in white suits just now have all disappeared!”””

“““Eh? It really is!”” Ding Lan looked around and asked,”” where’s that Prometheus? They ... Why did they run away?”””

“““No, that’s not right ...”” Zhao Yu had already smelled danger, so he immediately said,”” we have to follow them to find the way out!”””

“““I saw it,”” Lee Bencheng pointed in a direction and said,”” they went that way! Let’s go!”””

“““Let’s go!”””

“After making up their minds, the three of them quickly adjusted their weapons and chased after Prometheus.”

“However, less than a minute later, they suddenly heard a burst of concentrated gunfire coming from a certain direction!”

Ah?

Zhao Yu was surprised. He didn't know why there would be gunshots from somewhere else. Could it be ... Amilora?

“The three of them quickly ran in the direction of the gunshot. When they turned two corridors, they were surprised to see several dead bodies on the ground!”

““Eh? What ... What's going on?”” Ding Lan looked around and then at the bodies.”“These ... Aren't they all Prometheus 'men?’””

The dead in front of him were all enemies in white suits.

“The three of them quickly observed their surroundings, but they did not see anything special. They were all very surprised.”

““Could it be that ...”” Zhao Yu suddenly thought of something,““they had an internal conflict?””

Bang ...

Bang ...

Ding ...

“At that moment, another gunshot was heard from the depths of the corridor.”

The three of them didn't dare to delay and quickly rushed towards the source of the sound.

“In the end, when they arrived at a new hall, they were shocked by the scene in front of them.”

“One side of the hall was made of transparent tempered glass, and behind the glass was the sea.”

He could see the fish swimming at the bottom of the sea through the glass ...

This ...

The three of them looked at each other. They didn't expect the underground base to be built to the bottom of the sea!

“At this moment, the hall was in a mess. Several enemies in white suits were shooting at each other. There was really an internal strife and mutiny!”

This ...

“Looking at this situation, Zhao Yu once again realized that the situation was not right.”

“So, he, Ding Lan, and Lee Bencheng exchanged their opinions, and the three of them immediately split up into three groups, outflanking him from three different directions!”

“At this moment, these men in white suits had already been hit to the point of turning white. Many of them had been shot and were seriously injured.”

“Zhao Yu and the other two were the best of the best. They knew that the white suit had a bulletproof function, so when the three of them rushed over, they all aimed at the enemy’s head!”

Bang Bang Bang ...

“After a round of random shooting, the men in white suits fell to the ground one after another. The three of them quickly took down all the enemies, including their boss, Prometheus.”

“At this moment, Prometheus was hiding next to a cabin door, planning to open it and escape.”

“However, because he had lost his identity key, the door could not be opened no matter what.”

“Just as he was in a terrible fix, Lee Bencheng’s rifle was already pointed at his head!”

“When he stood up, he realized that none of his subordinates were left!”

“““Don’t shoot, don’t shoot!”” Prometheus was frightened and told the truth.”“This place is about to be destroyed. Only I can save you! I’m the only one ...””

“““I’ll go!””

“Zhao Yu’s intuition had always been accurate, and this time was no exception.”

“He grabbed Prometheus by the collar and asked loudly,“““What do you mean? Why did it have to be destroyed?””

“““Green is going to raze this Island to the ground,”” Prometheus said.”“Because of your invasion and the death of the shareholders, according to the organization’s emergency mechanism, no one can be left alive on the island! Do you understand?””

“““Grimm, that old bastard!””

“Zhao Yu cursed, but subconsciously looked at the system in his mind.”

The eye-catching word ‘universe’ still appeared in the center of the interface.

“Now, Zhao Yu finally understood that the ultimate meaning of his big Qian Kun hexagram was actually here!”

“““Raze it to the ground,”” Lee Bencheng asked,”“how do we raze it to the ground?””

“““It’s simple,”” Prometheus said.”“A few missiles will do. This was designed at the beginning of the construction!”

“““Green planned everything, and we were all tricked by him! He took away our identity and now he can control all the troops in Fiji ...””

“““Then ...”” Ding Lan pointed at the door behind them and asked,”“you said ... There’s a way out?””

“““Yup!”” Prometheus nodded.”“There are two lifeboats behind the door. They can be catapulted out directly from the bottom of the sea. This was also the escape plan in the original plan!”

“““Only shareholders have the right to ride ...”” He pointed at the many white suits on the ground.”““My assistant knew the truth. In order to get into the lifeboat, he leaked the secret, which caused an internal strife!”““

“““Alright, that’s enough!”““ Zhao Yu shook his head and said,”“since the lifeboat was part of your plan, green naturally knew about the existence of the lifeboat. Based on his character, how could he possibly let anyone have the chance to ride in it?”

“““I think we should find another way!”““

“““This ...”” Prometheus was speechless.”

“““Yup!”““ ““Needless to say, green must’ve launched the lifeboat a long time ago, right?”““ Ding Lan asked.”

“““No... That’s impossible!”““ Prometheus said,”“green doesn’t have the authority. If he lets the lifeboat go ahead of time, the island’s emergency alarm will be activated and he will be exposed!”

“““I promise, as long as we can open this door, the lifeboats will definitely still be there!”““

“““The key is ...”” Lee Bencheng touched the sturdy electronic lock on the metal door,”“How do I open this door?”““

“““I have the password,”“ Prometheus pressed it,”“but our secret identity key has been taken by Grimm! Without the secret key, then ... Tsk tsk ...”““

“““Alright, that’s enough!”““ Zhao Yu said,”“in that case, you can enter the password! I’ll try ...”““

“““You?”““ Ding Lan was surprised.”““Brother-in-law, do you have the secret key?”““

“““I don’t have a secret key,”“ Zhao Yu said, smiling.”““But I’m a famous and invincible hacker. I’m afraid you don’t know that yet.”““

Chapter 2677: heaven-earth destruction

“Seeing Zhao Yu open the emergency exit’s metal door so easily, everyone was once again dumbfounded! ”

“““You ...”” Prometheus swallowed hard and said in surprise,”“are you ... Are you also a shareholder of our company?”““ ”

“““Yes!”““ Lee Bencheng echoed,”“I also have my doubts! Don’t hackers need computers? Are you a human hacker?”““ ”

“““What human hacking!”““ Zhao Yu said,”“he’s just capable. You don’t have to be jealous!”““ ”

The three of them wiped their sweat.

“Zhao Yu said it casually, but he was actually very distressed. In order to open the password lock, he had spent nearly 30000 points, strengthened the universal lock-breaker, and the hacker’s command, before he could open the door. ”

“”””Alright, this is great. We’re saved!””” Prometheus pulled the door open excitedly. ”

“But, under Zhao Yu’s instructions, Lee Bencheng suddenly strangled his neck from behind. ”

“Zhao Yu immediately went forward and took out the guns from Prometheus “”waist and ankles. ”

“”””You ... You guys don ‘t!””” Prometheus thought that Zhao Yu and the others wanted to kill him, so he quickly begged for mercy,“”””I know the core secrets of the group. You ... You can’t kill me!””” ”

“”””Mm ...””” Hearing this, Zhao Yu nodded with satisfaction.“”””You’re right. I’ll let you live for now!””” ”

“Then, Zhao Yu let go of Prometheus and let him open the door. ”

Prometheus didn’t think much of it. He immediately reached out and pulled the metal door to the life capsule open.

“In fact, the reason why Zhao Yu asked Lee Bencheng to stop him was because he had found through the invisible detector that behind the door, like in the meeting room, there was a blasting fuse. ”

“As soon as the door was opened, an explosion would happen in the rescue capsule! ”

“Grimm was indeed very sinister. He had set up a double insurance here. On one hand, it prevented people from opening the door. On the other hand, even if they could open the door, they would be blown away!”

“However, the more this was the case, the more at ease Zhao Yu felt. ”

“Since Grimm attached so much importance to this place, it meant that the escape from the life capsule was really feasible. ”

“So, Zhao Yu immediately opened his device bar and wanted to use the bomb disposal device to remove the lead wire. However, to his dismay, the bomb disposal device in his device bar had been used up. ”

He had no choice but to spend more than 30000 points to buy an invisible bomb disposal from the shopping bar. Only then did he finally cut off the fuse!

“At this point, Zhao Yu didn’t care about spending points anymore. As long as he could achieve his goal, which was to help him get through this crisis, he was willing to spend all two hundred thousand points. ”

“After the metal door opened, a square-shaped Hall appeared in front of him. There were all kinds of diving equipment in the hall. ”

“”””We ... We have to hurry up!””” Prometheus urged worriedly,“”””the plane might be arriving soon. Miracle Island could be destroyed at any time!””” ”

“”””Then stop talking nonsense!””” Zhao Yu observed his surroundings and saw that there were two escape routes on both sides of the hall, leading to two escape boats. ”

“““There are a total of five shareholders,”” Prometheus explained.””So each lifeboat can seat three people! After being ejected, it could travel underwater like a submarine without being discovered by the enemy! ”

“““However, I suggest that we take precautions,”” he said in a hurry.””After the launch, it is best not to start immediately, so as not to be discovered by the underwater radar! ”

“““Grimm is a very shrewd fellow. I’m afraid he has also made preparations at sea!”” ”

“““Three people ...”” Ding Lan was worried.””Does that mean we’re going to split up?”” ”

“““It doesn’t matter!”” Lee Bencheng volunteered,””I’ll take one with this guy, you two can take one!”” ”

“““No!”” Zhao Yu rolled his eyes and said immediately,””you three take one, I’ll take the other!”” ”

“““Brother-in-law ...”” Ding Lan was worried. She naturally didn’t want to be separated from Zhao Yu. ”

“““Ding Lan, take care of yourself!”” Zhao Yu said,””let’s meet outside! If this place is really bombarded, the other party will not dare to maintain it for too long. Let’s contact each other after we get out! ”

“““Old Li,”” Zhao Yu said to li Bencheng,””take good care of my sister-in-law! If anything happens to her, I won’t let you off!”” ”

“““Don’t worry!”” Li Bencheng nodded in agreement and said at the same time,””you should be careful too! We’ll meet outside!”” ”

“““Alright! Let’s go!”” Zhao Yu pointed to one of the escape routes and said,””come, you guys go in first. I’ll wait for you to leave safely before leaving!”” ”

“““This ...”” ”

“Ding Lan was still worried, but Zhao Yu pushed her into the passage. ”

“Soon, Ding Lan and the other two entered the narrow lifeboat. Ding Lan was at the front, and Lee Bencheng was at the back. The two of them firmly controlled Prometheus in the middle. ”

“After the three of them sat down, Zhao Yu waved at them. ”

“Lee Bencheng pressed the red escape button, and the lifeboat immediately shot into the sea like an arrow. ”

“Zhao Yu stood in front of the glass for another ten seconds, until he was sure that the lifeboat had left safely. Then, he returned to the mysterious rescue Hall. ”

“In the end, just as he returned, a loud noise suddenly came from above his head! ”

Boom! Boom! Boom!

“With a loud boom, the entire underground base shook violently. Zhao Yu lost his balance and fell to the ground! ”

“Immediately after, the violent trembling did not weaken but instead became more and more serious! ”

It's broken!

Zhao Yu realized that the missile had most likely hit the underground base.

He turned pale with fright and hurriedly rushed to another escape route.

"However, under the violent shaking of the earth, he could not stand steadily and it was extremely difficult for him to move. "

"The roof of the mysterious Hall had been deformed violently, and a large piece of stone had fallen from the roof, blocking Zhao Yu's way. "

"At the same time, something even more terrifying happened. Although the tempered glass was strong, under the shock wave of the missile, it gradually shattered. Under the huge pressure of the sea, many cracks quickly appeared, and the sea water rushed in like a tidal wave! "

It's broken!

"Zhao Yu moved the stone hard and was about to rush into the escape passage, but the escape passage suddenly twisted and shook, as if it was about to tear! "

What was even more fatal was that there was a loud bang behind him. It was obvious that the enemy had more than one missile!

""Damn it!"" "

Zhao Yu turned around and looked into the depths of the base.

"In an instant, a tongue of fire appeared, and a destructive shock wave rushed towards him, not giving him any time to think! "

Boom ... Boom ...

"In the blink of an eye, Zhao Yu was enveloped in a sea of fire, and the escape Hall was instantly turned into a sea of fire! "

"However, the fire didn't last for too long. The collapse of the base caused seawater to quickly pour in, putting out the fire in an instant and drowning the entire base ... "

Hong long long ...

"Under the water, the sound of explosions continued. The sea water churned and roared. The base quickly collapsed. Everything in front of them was like the end of the world ... "

""No, no, no, no... My God!"" At that very moment, on the lifeboat ejected from the base, Ding Lan was in a state of deep anxiety. She looked at the doomsday-like scene behind her and asked Li Bencheng anxiously, ""Zhao Yu, did Zhao Yu come out!!?"" "

""He ... He should be out by now, right? I ... Why didn't I see it?"" "

Chapter 2678: Invisible flight

Wulululu ...

"In the water, Zhao Yu was suddenly woken up by the water, and he opened his eyes!"

"There was a flash of fire in front of his eyes, and there were gravel falling in the water. The sea water churned, and waves of black liquid appeared ..."

Zhao Yu quickly held his breath and stopped the salty seawater from pouring into his mouth.

"The moment he sobered up, Zhao Yu understood one thing. When he was blown up by the missile, his emergency evacuation ball should have been activated!"

"However, the impact of the shock wave was so strong that even though Zhao Yu was protected in the emergency evacuation ball, he was still knocked unconscious."

"Now, the ball had lost its effect and the seawater had poured in, waking him up."

Zhao Yu held his breath and realized that he was floating somewhere on the bottom of the sea. He couldn't go up or down to the bottom of the sea.

"The invisible breathing device was activated successfully, so at least Zhao Yu wouldn't drown in the muddy sea."

"In order to prevent any accidents from happening, Zhao Yu used the invisible helmet to protect himself from being hit by the falling debris."

"Looking into the depths of the sea, he saw that the underground base was still flickering with fire. It was obvious that the place had been blown up!"

"After he was able to breathe, Zhao Yu adjusted his breathing, then spread his arms and swam towards the surface of the sea."

"He was about 20 meters underwater. Due to the previous impact, he had to use a lot of strength to swim to the surface."

"At this moment, although the storm had stopped, the sky was still covered with dark clouds. The debris that had been blown up by the missiles were still falling from the sky."

Hu ...

Hu ...

"Zhao Yu took a few deep breaths of fresh air, and his mind cleared up."

"Only then did he remember everything that had happened before, and he began to worry about whether Ding Lan and the others had safely escaped."

Pa!

"A broken stone hit the surface of the sea next to Zhao Yu, causing a violent wave."

"At the same time, several fighter planes flew at a low altitude and shouted."

'No...'

"Zhao Yu realized that he couldn't stay here for long. Even if he wasn't hit by the rocks, he might be discovered by the enemy."

Buzz Buzz ... Buzz Buzz ...

"Just then, Zhao Yu's phone suddenly vibrated."

"He quickly took out his phone from his pocket. Fortunately, the phone was waterproof and was not damaged at all."

"Zhao Yu unlocked his phone and saw that he had received a few messages, some from Miao Ying, and some from secret services."

Oh ...

"When he saw the message on his phone, Zhao Yu suddenly understood that the shield that had covered the entire Island had disappeared."

"So, he quickly turned on his phone to call Ding Lan, but ... The moment he picked up his phone, he suddenly saw a warship driving over from the sea not far away!"

F * ck!

Was it that awesome?

Zhao Yu was speechless and quickly put down his phone. He was worried that the warship in the distance would lock onto his signal.

"No, he had to leave quickly!"

I have to ...

Hmm ...

"Zhao Yu was thinking about how to leave this dangerous place, when an idea suddenly flashed through his mind. He remembered that when he was playing golf, he had installed a locator on Grimm's ankle when he was not paying attention."

"Since the signal has been restored, should I take a look at where that old man is?"

"As a crazy detective, Zhao Yu naturally understood the principle of capturing the leader of the group. At such a critical time, only by capturing the old fox, Grimm, could he completely escape from this crisis!"

"Moreover, this was his only chance to capture Grimm!"

"Otherwise, once he took off his shoes or found the locator, they would never be able to find him!"

"Zhao Yu ignored the warship in the distance, turned on his phone again, and looked for Green's signal."

"In the end, to his surprise, Grimm's signal was actually on!"

"Moreover, the signal was still moving!"

“Moreover, the signal wasn’t too far away from him, only a dozen kilometers away.”

But ...

“Zhao Yu also realized that the situation was not good. Green’s signal was getting further and further away at a very fast speed. Even if he were to chase after it now, he might not be able to catch up.”

Alright!

“Zhao Yu first looked at his own hundred thousand points, then looked at the word “universe” in the cheating section. He then made up his mind and decided to use all his abilities to stop Ge Lin!”

“Only by stopping Grimm could he, Ding Lan, and the others escape from danger.”

“After making up his mind, Zhao Yu decided to use the invisible aircraft first. This time, he was going to fly more than ten kilometers in the air, so he naturally had to strengthen it!”

“Not only did they have to extend the time, but they also had to increase their flying speed.”

“Hence, Zhao Yu spent more than 40000 points to build a nearly perfect invisible aircraft.”

“of course, it was not enough to just fly on the water’s surface. he could not be discovered.”

“hence, zhao yu took out a series of devices, including the invisibility cloak, anti-camera, anti-infrared tracker, and so on.”

“this way, he could fly invisibly on the surface of the sea without fear!”

“when all the devices were ready, zhao yu immediately took off from the sea and flew high into the sky.”

“the enhanced aircraft was really powerful. after it rose into the air, it was as if there were thrusters under its feet like iron arm ah tongmu, and its speed was extraordinarily fast!”

“in the blink of an eye, zhao yu was flying over miracle island.”

“looking from the sky, the entire miracle island was already in a sea of fire. zhao yu was worried that the few special agents who had come to the island with him were probably already dead!”

“the next second, zhao yu saw that on the dock on the east side of the island, there were dozens of speedboats disembarking.”

“the landing soldiers were fully armed. as soon as they landed on the island, they nervously but orderly rushed in all directions of the island.”

Oh?

Zhao Yu stared at the heavily armed soldiers and understood one thing. These people must be the ground troops sent by green!

“They were in charge of cleaning up the mess, to ensure that no one was left alive on the island!”

F * ck!

“Seeing this, Zhao Yu’s hatred for green increased.”

“He cursed in his heart, you old fart, don’t let me catch you! If I catch you, I’ll make you my fan ...”

* Whoosh ... *

“Facing the wind, Zhao Yu flew over Miracle Island and went straight to the South.”

“At that moment, the sky was covered with dark clouds, and they were very low. Zhao Yu had just risen into the sky, and he slipped into the dark clouds. The dark clouds carried raindrops, and they quickly hit Zhao Yu.”

Aah...Achoo ... Achoo ...

“Zhao Yu sneezed a few times, then realized that it was really too cold to be flying like this! They didn’t fly for long before they were frozen ...”

Alright!

“Zhao Yu looked through his device bar and found a fire-resistant suit. After using it, he felt much warmer.”

“Now that the temperature had been restored, there was only one thing left to do, and that was to move forward at full speed!”

“In order to catch up with green, Zhao Yu used an invisible accelerator and set it to the maximum.”

“As he was flying, Zhao Yu also noticed a problem.”

“He used the universal browser to retrieve the electronic map of Fiji and found out that Grimm’s signal was quickly flying towards the South of Fiji’s capital, Suva.”

“Through the map, he found that there was a less eye-catching private airport in the South of Suva. Looking at Grimm’s route, he should be taking a helicopter to the airport.”

Oh ...

“Zhao Yu speculated that green must have wanted to take a big plane from the airport to leave Fiji, so ...”

Hmph Hmph Hmph ...

“While flying, Zhao Yu’s eyes flashed with a hint of slyness, and his mouth revealed a long-lost evil smile.”

Chapter 2679: complete victory

“Zhao Yu saw that there was only one luxury private jet parked at the airport, and that it was already on the runway, ready to take off. ”

“Hence, he landed near the plane and waited patiently. ”

“Soon, as Grimm’s signal was getting closer and closer, he saw a military helicopter appear above the airport.”

This further confirmed his judgment.

“Thus, he took advantage of the fact that everyone’s attention was on the arrival of the helicopter and quietly flew into the private plane’s cabin.”

“There were a lot of people in the cabin, and everyone seemed to be waiting for something. Zhao Yu had to find a quiet place to hide.”

“Although his invisibility cloak couldn’t make him completely invisible, the light in the cabin wasn’t bright. In addition, he had already spent tens of thousands of points to enhance it, so he didn’t attract anyone’s attention.”

“Then, Gelin got on the plane, and Zhao Yu was completely relieved.”

“Of course, in the face of so many enemies and the armed men outside, he could not attack rashly. He could only wait patiently in the corner for an opportunity.”

“At the same time, Zhao Yu heard the conversation between Grimm and his men and understood Grimm’s intentions.”

He also did not expect that the most urgent thing that Gelin did the moment he got on the plane was to transfer the huge assets of the shareholders.

“Thus, he observed the enemy’s every move while modifying his original plan.”

“Then, the plane took off.”

“After the plane passed through the dense dark clouds and entered a stable high altitude, Zhao Yu began to implement his plan.”

“Since he had already spent so many points, he did not mind spending more in order to make a perfect counterattack.”

“First, he took the opportunity to put invisible sleeping pills into the water dispenser and everyone’s water cups.”

“Zhao Yu didn’t have many other devices, but he had more than a hundred invisible sleeping pills, which was more than enough.”

“However, in order to make the enemy fall asleep at the same time, he still spent thousands of points to strengthen the sleeping pill. This way, he could precisely control the time when the medicine took effect.”

“About thirty minutes later, Zhao Yu made sure that everyone, except for green, had taken the sleeping pills. Only then did the medicine start to take effect, and everyone quickly fell into a deep sleep.”

“Then, as a money-grubber, how could Zhao Yu miss such a great opportunity to make a fortune?”

“He quickly spent more than 40000 points to strengthen a super hacker’s command. After using the hacker’s command on the computer, the money that the enemy transferred to Grimm was all transferred to his own account! ”

680 billion was only the funds of one of the shareholders. It would take an hour to transfer the money of the other shareholders ...

“After the transfer was done, he suddenly thought of an important question. ”

It’s broken!

“The two pilots had also taken sleeping pills, which meant that they were unconscious. The plane was unmanned! ”

It would be terrible if the plane crashed.

“At this time, Zhao Yu’s invisibility cloak was almost up. ”

“So, he simply changed into the clothes of one of Grimm’s bodyguards, and used a disguising technique and a voice changer to change his appearance to that man. ”

“Before this, Zhao Yu noticed that the bodyguard’s identity didn’t seem to be simple, as he was the one who reported a lot of things to Ge Lin. ”

“Therefore, Zhao Yu had been paying attention to this person, and he had also heard the conversation between the bodyguard and the other people. ”

“Through his call, Zhao Yu also understood some of the situation. ”

“One was that Grimm had not given him the diamond sincerely, but it would be more convenient for him to find his body after the incident! ”

“The other reason was that the bodyguards had not received any information about the lifeboats, which meant that Ding Lan and Lee Bencheng were safe, and they did not need his help for the time being. ”

“This way, Zhao Yu was even more at ease. He immediately used the bodyguard’s identity to pass through the luxury cabin where green was, and went directly to the driver’s seat. ”

Such a flawless disguise would not attract Grimm’s attention.

“Zhao Yu smoothly entered the driver’s seat and dealt with the unconscious driver. At this time, Zhao Yu’s system skills began to play a role! ”

“When he saw that the pilot was unconscious, he immediately spent more than 18000 points to purchase an advanced pilot skill. ”

“After using it, he instantly understood any operation functions of the plane. He immediately adjusted the course of the plane and flew it back to Fiji. ”

“Next, he activated the plane’s autopilot so that the plane could continue to fly smoothly. Then, he returned to the VIP cabin and started to show off with Grimm. ”

“After he was done with his act, he could have revealed his true face and given Grimm a good scare. ”

“However, on second thought, he could not!”

“If Grimm knew that he could do such an incredible thing in such a short time, it would be hard to explain in the future!”

“Therefore, he had an idea and decided to transform himself into Miao kun!”

“Even so, it still gave Grimm a big scare.”

“However, the cunning green was still able to notice through certain details that the person standing in front of him might not be Miao kun. He gradually became suspicious.”

“Seeing this, Zhao Yu didn’t want to waste any more time talking to green. He immediately activated the sleeping pills and put green to sleep.”

“Green’s sleeping pills had been arranged by Zhao Yu in advance, and had been placed in his whiskey.”

Hu ...

“Seeing that green was unconscious, Zhao Yu finally heaved a sigh of relief.”

“Because of the strengthening drug, as long as Zhao Yu wanted to, these people could sleep all day without waking up.”

“However, Zhao Yu still had a very important task to complete. After all, the whole of Fiji was under Green’s command, and his companions were still in danger.”

“So, Zhao Yu used Green’s identity to contact the sergeant Major, telling him that there was a change in the situation, and asking them to quickly evacuate from wondrous Island and return to the base to wait for orders.”

“After he was done with this, he started to contact his colleagues to deal with the follow-up matters ...”

.....

“An hour later, under the operation of Zhao Yu, the “senior pilot,” the plane returned to the private airport. At this time, a small number of colleagues had already arrived.”

““How is it?” “Did you manage to contact Ding Lan?”” Zhao Yu asked.”

““I’ve made contact!”” One of the agents replied, “we’ve found her location information and are sending someone to pick her up! I think there will be news soon!””

“Hearing this news, Zhao Yu was relieved.”

“However, there was good news and bad news. There was no news about the agents who came to the island with him. They were probably all killed by the missiles.”

“In addition, more than half of his colleagues who had rushed to support him had sacrificed themselves, and only a small number of them survived.”

“Next, Zhao Yu asked his colleagues to control all the enemies on the plane, especially Ge Lin. These people would be important witnesses to expose the criminal empire in the future, and he could not let any of them go. ”

“Of course, in addition to the witnesses and evidence, the identity key and the computer had to be dealt with carefully ... ”

“After another hour, Zhao Yu was standing at the entrance of the plane, looking into the distance anxiously. He finally saw a jeep driving over. ”

“The Jeep was still quite a distance away, but Zhao Yu could already see Ding Lan in it. Besides Ding Lan, there was also Li Bencheng and the shareholder Prometheus ... ”

Chapter 2680: initial dream

““““Hahaha, drink up, drink up ...”” On the plane, Zhao Yu introduced to Ding Lan and Lee Bencheng,““““this is 1997 whiskey, a treasure from Yorkshire’s Red Sea winery!””

““““Ordinary people can’t drink this!””””

““““Brother-in-law ... This ... This is too much, right?”” Ding Lan looked out of the window at the blue sky and the blue ocean, her face full of questions.””“How did you do it?””

““““I remember that the island was blown up by a missile as soon as our escape capsule was launched! Not only did you not die from the explosion, you even ... You even ran to the airport and single-handedly, no, captured Grimm and so many people without shedding a drop of blood. Isn’t this too heaven-defying?””

““““Are you ... Superman?””””

““““Superman Zhao Yu ... Hmm ...”” Zhao Yu muttered.””“This nickname is not very appropriate, right? I feel like I’m more capable than Superman, don’t you think?””””

““““Stop joking. Tell me, how did you do it?””” Ding Lan urged.”

“Li Bencheng, on the other hand, leisurely took a sip of whiskey, and then turned his eyes to the cigar.”

““““Li,”” Zhao Yu said,““““you see, your identity is a bit awkward now. What we’re talking about is confidential. Can you give us some privacy?””””

““““Why?””” Lee Bencheng had an innocent look on his face,““““you can’t do this to me. I also helped you a lot! Why can’t you let me know the truth?””””

““““The reason is simple. Because you’re not one of us.””” Zhao Yu said,““““unless you join us and become one of us, I can’t tell you!””””

““““F * ck ...””” Lee Bencheng couldn’t help but pick up a cigar.””“Have you forgotten that I’m already a dead man? How am I supposed to go back in this state?””””

““““Oh ... That’s true, that’s true ...”” Zhao Yu said.””““Alright! I’ll believe you then. Let’s sign a slave contract or something!””””

““““...”” Lee Bencheng was speechless. After putting down the cigar, he took a big gulp of whiskey.”

““““Actually, it’s very simple! ““““When we were playing golf, I installed a tracking device on Clint’s ankle ...”””” Zhao Yu began to act cool and told him what had happened.”

“As usual, he omitted everything related to the props. He only said that after he escaped from the water, he robbed the speedboat and the car before he arrived at the airport.”

“Then, he sneaked into the plane when the enemy wasn’t paying attention and drugged everyone. That was how he managed to make such a beautiful counterattack.”

“Of course, with so many suspicious points and so many unbelievable things, Ding Lan and Lee Bencheng naturally could not believe it.”

“But, Zhao Yu could only explain so much. Anyway, the final result was there, and they had to believe it!”

““““Then ... Next,””” Lee Bencheng asked,””““what should you ... No, what should we do?””””

““““Just do what you have to do!””” Zhao Yu said indifferently,””““the best way is to take over this evil criminal empire, and then use the secret identity keys of the shareholders, as well as the information collected by Grimm, to uproot this evil organization and completely eradicate it to avoid future trouble!””””

““““Yes, that makes sense,””” Lee Bencheng grinned and said,””““but, according to the organization’s rules, once green is captured and the shareholder is killed, a new shareholder and successor will be born soon!””

““““At that time, I’m afraid our troubles will still exist!””””

““““It doesn’t matter,””” Zhao Yu said.””““After this mutiny, they have been split up and have suffered serious injuries!”

““““Not only did we capture green, but we also captured that Prometheus, as well as the top-secret information of the other shareholders. With these things, we don’t have to worry about not killing them!””””

““““Mm ... That’s true ... But,””” Lee Bencheng suggested,””““speed is the most important thing in war. If we want to get rid of the roots, we have to act quickly! We can’t let them catch their breath!””””

““““Don’t worry!””” Zhao Yu said confidently,””““I’ve already planned this! This criminal organization has harmed so many people, and we’re not the only ones who want revenge!”

““““Next, we’ll disclose some of their information,””” Zhao Yu said with a mysterious smile.””““Because it’ll be beneficial! The governments of various countries will definitely be very active in dealing with them. We don’t have to worry too much about the rest!””””

“““Amazing, amazing ...”” Lee Bencheng gave Zhao Yu a thumbs up,“““detective, I’m completely convinced this time. I’m really glad that I didn’t make an enemy out of you before, otherwise, we would be in big trouble!”””

“““brother-in-law, i’m also so impressed by you that i’m prostrating myself in worship!”” ding lan interjected,“““you’re such a bad person. you’ve taken grimm’s money, but you’re letting someone else clean up the mess for you. you, hehe ...”””

“““come on!”” zhao yu raised his glass.““let’s have a small celebration first!”””

“after that, the three of them clinked their glasses and celebrated.”

“““brother-in-law!”” ding lan sighed.““originally, we came to the island of wondrous traces just to verify grimm’s authenticity, but we didn’t expect to have such a great harvest. it’s really beyond our expectations!”””

“““Wahahaha ...”” Zhao Yu let out a classic laugh.““This is what we call ‘planting good seeds and getting good results’! That old scoundrel Grimm schemed and schemed, but he never expected that he would have such a day!”””

“““Well ... That’s why,”” Lee Bencheng was also filled with emotions,“““people can’t do evil. Even agents like us who have a license to kill can’t kill the innocent and do whatever we want!”””

“““Right, well said!”” Zhao Yu raised his glass and clinked it with the two of them.““To complete these Special Agent missions, it’s the same as solving our usual cases!”””

“““We can’t forget our roots!”

“““Grimm kept saying that he wanted to change the world, but in fact, he had already gone mad! He forgot his original intentions, forgot his original ideals ...”””

“““Yup!”” Li Bencheng took a sip of wine and said,“““I have some friendship with him. When I was young, green was a person who hated evil and liked to fight for justice!”

“““I really didn’t expect him to reach this stage today ...”””

“““If ...”” Zhao Yu also raised his glass and said,“““back then, miss Xin Jia of Ping Cheng was not killed, perhaps everything would be different?”””

“““That’s right. It’s a pity that there aren’t that many ifs in this world!”” Ding Lan said emotionally,“““actually, miss Xinjia of Ping Cheng doesn’t want to see green in this state today, right?”””

“““Let me remind you, a starving camel is still bigger than a horse,”” Lee Bencheng reminded,“““as for green, we have to watch him closely, we can’t give him any more chances!”””

“““Yup! “““I don’t know when he’ll wake up,”” Ding Lan stood up and said to Lee Bencheng,“““Come on, let’s go and see them!”””

“““I’ll ask master Prometheus for some information while I’m at it!”””

“““Alright!”” Li Bencheng rubbed his hands and laughed,“““no one is better than me at interrogation!”””

“After that, the two left the luxury cabin and went to check on Grimm’s condition.”

Zhao Yu turned his head and looked out the window again.

“The dark clouds had long since dissipated, and the beautiful scenery of the blue sea and blue sky could be seen outside the window.”

“Then, Zhao Yu closed his eyes and took a deep breath, trying to relax.”

“However, the system in his mind suddenly reacted, reminding him that the mission had been completed.”

Zhao Yu quickly turned on the miracle System and looked at the interface.

“In the end, he was so shocked that he couldn’t close his mouth. The completion rate of this side adventure had actually reached a heaven-defying 5378%...”
