CRAZY PLEASURE

Chapter 291 Eva Started It All: EP2

After nearly an hour I thought I had finally found Amber's Elvira only to discover the girl was supposed to be Lilly Munster! She didn't let that deter her as she kissed me hard and ground our bodies together for a long time. When she finally broke our embrace she reached down and ran her fingers the entire length of my dick and asked, "Is this all

Chapter 292 Eva Started It All: EP3

I do have incredible stamina when I want to, and since I had just filled Amber's pussy with a huge load, I knew I could hold out for much longer than my sister expected her mystery man to do. I found a clock hanging on the wall and was laughing on the inside as twenty minutes passed and my sister was still doing everything she could think of to make me cum. I could tell she was frustrated that it was taking so long and I stoked the fire just a bit by gruffly saying, "Hurry up bitch! You said you'd make me cum and swallow it all! Come on, let's get to it!"

She looked up at me with desperation written all over her face as she said around my cock head, "I'm twying, honesth I yam. I'll do bedder, sthoon ou'll be clummin." She dropped back down fully onto my shaft and she was hungrily trying to drain my balls down her lovely throat. Her eyes were begging to me as she frantically jerked my shaft with both hands while she swirled her tongue rapidly around my cock head, her lips sucking hard on my bulbous head. Then she would release her hands and slam down onto me driving her nose into my abdomen hard as she bounced her face on me.

I decided to let her have my load (I had been holding it back just to torment her) and she felt it as my cock swelled even more between her lips and she groaned around me "Ummm hmmm. Ummm hmmm!" I grabbed her head and held her nose to my pubic hair as my first four blasts of cum rocketed straight into her stomach. Then I pushed her head back about six inches and held her there as the remaining five huge ropes of cum filled her mouth to over flowing time and time again. Evie's eyes bulged out as she desperately worked at swallowing everything I had to give her and I gave her a lot!

I pulled my costume bottoms back up before I bent down to Amber once more and deeply said, "I hope you are okay, I didn't want to hurt you!" She formed a weak smile on her dazed looking face and nodded to me. Then I leaned down and put my face right next to my sister's as my hand rubbed her ass and then slid up and rubbed the side of her 32D breast.

She looked like she wanted to speak but I put a finger on her lips and used my deep voice to say, "Thanks for begging me to let you suck me off and fuck you! You are one fantastic fuck ... for a bitch." Her eyes blinked when I called her that and she tried to focus on my eyes once more. Then I resumed in my deep voice but slowly reverted into my real voice as I softly said, "It's not so bad that you never saw

my face. You can always ask some pencil dicked shithead to help you out if you get horny!" Her eyes grew wider than I had ever seen them as she tried to find my face as I started to standup. My hand reached down and pushed her face back into the mattress as I whispered "See you at home, Evie!" I was gone in a flash, but not before I glanced at the clock, which now read 12:25.

Chapter 294 Eva Started It All: EP5

We rolled around on my bed, her on top, then me again, then Evie once more as she came at least three more times on my rock hard cock. I returned to the top position and began pounding her relentlessly as she stared into my eyes. I grabbed her feet and placed them onto my shoulders making her groan in pleasure before she cried out "Oh god yes, Dale. Fuck me and make me cum WITH you. Fill me with your cum, claim my pussy as yours and yours alone!"

I rose to the occasion and released my cum as it plastered the back wall of her pussy with my huge load of cream. Evie screamed and kissed me deeply as her body shook violently as she came with me. Once we had both come down I gently let her feet back down and then rolled us over to keep my weight off of her.

"Christ almighty, you are incredible! I can't believe my little brother is the best fuck ever!" She kissed me several times before laying her head on my chest and just resting. Every few moments I could feel her pussy clutching at my cock as another convulsion passed through her body. After a particularly strong one she lifted her head up and said, "I can't believe it but I just came again! Not a big one or anything like that, just a nice soft shake as my body reacted to your huge cock pulsing inside of me!" She kissed me once more and then settled back into my arms as we just enjoyed the sensation of being so incredibly close.

I thought I heard something but Evie kissed me when my cock lurched inside of her once more and I forgot about the sound. Moments later I heard Amber scream out, "OH my god Eva! Not with him! Not with your shit head brother, oh my god! Oh Jesus how could you?"

Less than two minutes later both girls bodies stiffened as they cried out in unison speaking over each other, "Oh my god, I'm cummmmmingggg! Do it, oh fuck don't stop...DON'T FUCKING STOP! Oh god it's so good, cumming so hard!"

They froze when our mom shouted "EVA JANE PARKER! HOW COULD YOU? AND IN YOUR BROTHER'S ROOM!" She took some deep breaths while the girls blushed and looked at each other and then back at her. "I know you are both adults, girls, but if you must bring home a boytoy for the two of you, at least use your own room! Just because you hate Dale is no excuse to use his room!"

Evie tried to speak, "I don't hate..." but mom cut her off angrily.

"Shut up! Everybody knows how you detest your brother! Now you two need to get off of Mr. Boytoy and send him home. Then Eva, we need to talk!"

"Mom, where's dad?" Evie asked.

"I felt tired so I took a cab home. He's trying to get some really nice items at the auction so he'll be two or three hours more, why?"

Evie nodded to Amber who slowly lifted her leaking pussy off of my face and I said, "Hi mom, I'm home!" as mom gasped hard and fell back against the wall!

"I am not! Dad is crazy if he doesn't fuck you every night!"

"Well then he is crazy because I get it about once or twice a month!"

"Bull shit!"

"Back at you son! And from now on, you are only Dale to me and I am only Robin to you! I can't deal with 'mom' and 'son' while we make love. And I said 'make love'; I don't want you to fuck me. Yet!"

I didn't say a word, just took her gently into my arms and kissed her deeply as I turned her and placed her on her back. Slowly I kissed all around her face, each eye, behind both ears and then slowly dragged my tongue down her sexy neck and into the valley between her firm perky breasts. Robin moaned in excitement as my tongue found her left nipple and licked it hard as I sucked it deeply into my mouth. My fingers found her right breast and tweaked her rock hard nipple as she groaned loudly.

As I moved from one nipple to the other several times she gasped, "Oh Dale, I love having my tits sucked! Simon (my dad) doesn't do it anymore! Oh god yesssss, don't stop!" Mom held my face tightly to her chest as my mouth and fingers worked her into a frenzy. I didn't stop teasing her tits until her body shuddered beneath me and she let out a huge sigh of satisfaction. "Oh ... Dale, that was so good, just wonderful! I haven't been made to feel like that for soooooo long, so damned long! Thank you my darling!" CRAZY PLEASURE

Chapter 297 Follod Into Bed With My Sister: EP1

There was very little traffic on the roads that Sunday morning, which was okay by me. I, my sister and her friend Melissa were on our way into the city proper.

They often invited me to their outings, though perhaps the fact that I had a car was partly responsible for that. I really did enjoy their company though. Melissa was a fun, not to mention attractive, girl and my sister and I had always gotten along well.

"Aren't we there yet?" Melissa called out from the backseat.

"What are you, a kid?" said my sister, looking back at her with a teasing smile.

"Just saying your brother could speed up a little bit. We won't have any time to look around."

"You can drive however fast you want to when it's your car and license, Melissa. Besides, the stores don't close in, like, four hours," I told her.

"Well, I need time to find the perfect outfit," she objected. "And so does Anna."

The purpose of the trip was to buy clothes for the annual April Fools party. A tradition among our friends.

"I don't care. You're the one who always takes the longest," my sister said absently, looking at her phone.

Melissa scoffed indignantly. "Sure, take your brother's side. I'm only your best friend."

Anna sighed at her friend's behavior and rolled her eyes at me.

"Fine," Melissa said, grabbing my shoulders from the seat behind me. "Maybe Sam and I can shop on our own. I was thinking of getting some new sexy lingerie..."

Afterward, she rewarded me with a cheerful embrace, fully dressed once again. It didn't seem to bother her that I'd pretty much seen her naked. In fact, the whole trip home my sister was smiling and being more affectionate than usual toward me. Perhaps getting a compliment, even from her older brother, meant that much to her. Whatever the reason; if it made her happy, it made me happy.

The day of the party, April first, was also a day for pranks. Particularly in our family. We were pretty hardcore about it.

The day started with Mom serving us orange juice for breakfast, with a thick layer of toothpaste on the bottom. The taste was... interesting. Dad did a whole thing about the car, switching it with a friend's similar one. Luckily he left my car alone.

My sister and I pulled some of our usual pranks. Nothing too extreme. All in all, it was a pretty tame April Fools' Day, by our standards.

We showed up at Melissa's house early, to help out with preparations.

"Hey guys," she greeted at the door, enthusiastically hugging both of us. "Wow, you guys look hot tonight."

Anna wore a light blue dress that ended just above her knees and was partly open in the back. I had to agree with Melissa's assessment. She did look hot. I wondered if she was wearing the black lingerie underneath.

Near the end of the evening, as people were starting to leave, I stood in the kitchen talking to Matt and Rick once again. Us three, and some girl who was barely paying attention, were discussing basketball when Melissa came up to me.

"No way, man. Mudiay is definitely the first pick," Rick assured us, gesturing wildly.

"If you say so, I just think--"

"Hey, Sam," Melissa said, interrupting me. She wrapped her arms around my waist from behind, her globes mashing up against my back.

"Oh. Hi," I answered, wriggling out of her grip so I could turn around.

"Come here," she insisted, pulling me away from the discussion.

She dragged me off into the other room, which had been abandoned as people left.

"So, what's up?" I asked.

"Nothing. I just wanted to hang out. How did you like the party? Did I do a good job?" she asked, standing close to me.

"Yeah... it was great. Um, good job," I mumbled.

She did stand very close, and looked like she was pushing out her chest as she looked up at me with a grin on her face. Her breasts, in that tightly fitting black dress and with that amount of cleavage, were very distracting.

"Um, where's Anno?" I asked.

"Asleep," she answered without missing a beat. "She was exhausted, the poor thing. You are staying over, right?"

"That's the plan," I said carefully, sensing she was up to something.

"Good. Then since you're sleeping here... I'd like it if you slept with me," she said, biting her lip expectantly.

Being around Anna got awkward after that. I tried avoiding her, but couldn't do so forever. After almost two days of avoiding each other I manned up and decided I needed to talk to her.

"Anna?" I called out, knocking on her door.

A few seconds went by before she answered.

"Come in," she called back.

She sat on her bed, wearing dark pants and a white blouse. Our eyes met for a moment before she looked away, hands held together in her lap. Her blonde hair framed her beautiful, uncertain face.

"We need to talk," I said.

"I know..." she answered, sighing. "I guess we have to."

"Look," I started. "It was a misunderstanding. Neither of us can be blamed for what we did, but I still get it if you feel disgusted by me or resent me for what happened."

Anna looked up at me with a sudden movement.

"I-I don't feel that way. I don't resent you at all. If anything, you should be disgusted by me," she exclaimed, grimacing at the last part.

"No, Sis. I'm definitely not disgusted by you," I assured her. "Let's just... put it behind us. I'm kind of missing spending time with my little sister."

"I miss it too," she admitted. "These last few days have been horrible."

I smiled at her, and she returned my smile.
