Chapter 741 Breeding For Mum: Ep40

Following Monica into our bedroom, I quickly changed to a robe while Monica put on her flimsy top. Not only see-thorough, it barely covered her growing tits. Crawling under the sheet, she spread her legs to allow enough room for someone to kneel between them to apply the ointment. I pulled out the jar of belly-butter from the nightstand and waited

Lisa pulled my lips to hers, kissing me for the first time. As soon as our eyes connected, I shoved in hard and buried my rod to the root. My balls banged against her soft ass. She shrieked in my mouth when her pussy experienced the unexpected, intense pleasure. I pulled back out and forcefully jammed my cock back in. Beads of sweat appeared on her

She smiled and murmured, "Wait here for a few minutes and come to my room. I know of a better way you can thank your horny mother."

My plan was working. Stripping off my clothes, I stroked my hardening cock in anticipation of fucking my hot mother. Less than five minutes later, she called out.

My cock bobbed when I saw her dressed in the black nigh

"Of course, Sam. Why do you think she was eager to meet Lisa at the restaurant? She wanted her to move in long before she did. She persuaded Lisa to join us. She insisted that she would be the first to witness the joining of sister and brother. In return, she agreed that I would be the one to tell you."

I croaked, "It worked out perfectly, except w

When I awakened, I felt a warm, wet cloth cleaning the dried cum off my prick. At first, I thought Lisa must have gotten up until I felt her hot body pressed to mine and her arms wrapped around my torso. The cold air hit my prick when the warm cloth no longer covered me. My hardening cock was surrounded by a sucking mouth. Recognizing Mom's techniq

I knew exactly where that idea originated. The mother-son couple in the hotel captured Mom's attention when I told her about our joining. Mom must have convinced Monica to include role-playing with her business.

When we returned to the house, Monica and my mother were in the kitchen preparing dinner. Mom and Lisa smirked at each other, silently com

More time passed before Monica emerged, dressed in a short, black nightie. Like it did with Rachel, it rode up on her bulging belly, exposing her pure-white flesh and jet-black, furry pussy. Upon seeing my beautiful wife, my prick recovered from Rachel's blowjob. Blood flowed back into my shaft when Monica's scent hit me.

Straddling my legs, she s

It was 8am on a Wednesday, and Mom and I were exercising in the basement. I religiously worked out five mornings a week, and she was always right there with me. We started with a run on our two treadmills. Mom's industrial-strength sports bra didn't completely restrain the bounce of her D-cup boobs, which I loved to watch. She didn't seem to notice

SUNDAY

The morning we were to leave for spring break, Mom kissed Dad goodbye at the door. He was going to play golf with his friends. "Thanks again for letting me go," Mom said.

"You're welcome. Have fun but don't drink too much and don't do drugs," he urged.

"We won't," she assured him. One more kiss and he left. She closed the door and turned to

MONDAY

When I woke I was spooned against Mom's back. We were still on our sides, but I must have snuggled up to her in the night. My arm was draped over her stomach, so I lifted it in embarrassment. Mom grabbed it and put it back around her. "Don't move," she twisted her head to me and whispered. "It's comforting to be with you like this. Did you s
