I was frustrated; listening to all the things you said you wanted to do with me, do to me, was driving me

I felt like she was trying to get me to come before she did. I finally pulled away, and she smiled at me, knowing she'd won. We played with her ass and pussy a while, using the butt plugs, dildos, and vibrator. On the advice of Karen I decided to screw Debbie with the string of balls in her ass, pulling them out as she came. I fucked her for at lea

"I think he's sweet. Did you see the flowers he brought? And he was going to leave when he thought he was interrupting. You'd never do that. You'd have walked in and joined us. He's considerate."

"Karen, he's a great guy. He's been my friend for ages, and I love him like a brother. I think it's wonderful that you were his first. You are perfect for

Everyone is settled in, and just when things should get easier they get more complicated. Jack, his three girls and his best friends, may be too much of a good thing.

Breakfast the next morning was a little awkward. The kitchen table was not meant for seven. The house was big, but it was already feeling a little cramped.

Her head was tucked into my shoulder as my hands held her ass and helped lift her off my cock before driving it back home again, pulling her hard against me. I nuzzled up to her ear. "Can't you just feel it?" I whispered. "On your hands and knees, my cock filling you from behind, Joe's filling your mouth. You back up as far as you can, until my fat

The table was crowded over dinner, and conversation turned to making changes to the house. We talked about adding onto the main house, for a dining room and family room downstairs, and a hall, bedroom and play area up stairs.

Jim had some experience with additions, having added a bedroom and bath onto his place. I'd helped with the renovations, an
